Completion of Dr. Hume Brown's History of Scotland

HISTORY OF SCOTLAND. By P. HUME BROWN, M.A., LL.D., Historiographer-Royal for Scotland, and Fraser Professor of Ancient (Scottish) History and Palaeography in the University of Edinburgh. In 3 volumes. Crown 8vo. Cloth, 4s. 6d. net each; Half Morocco, gilt top, 2ls. net for the set.

Vol. I. To the Accession of Mary Stewart. Pp. xx+408 with 7 maps.

Vol. II. From the Accession of Mary Stewart to the Revolution of 1689. Pp. xvi+464 with 4 maps and plan.

Vol. III. From the Revolution of 1689 to the Disruption, 1843. Pp. xii+498.

"Dr. Hume Brown's 'History of Scotland,' of which the third and final volume is now published, will be a boon to those who desire something fuller than the author's 'Short History,' and at the same time more compact than Hill Burton's eight volumes. . . . Along with the two previous volumes, it constitutes, within its limits, the most reliable and readable history of our country that we have."—*Aberdeen Free Press*

"A monument of wide learning wisely used; clear, sensible, temperate, well-arranged and well-proportioned; a real acquisition to Scottish literature."—*Scottish Historical Review*

GENERAL CHEMISTRY FOR COLLEGES.

By ALEXANDER SMITH, B.Sc., Ph.D., F.R.S.E., Professor of Chemistry and Director of General and Physical Chemistry in the University of Chicago. Author of "An Introduction to General Inorganic Chemistry," etc.

"All who have used the author's 'Introduction to General Inorganic Chemistry' will give a hearty welcome to this more elementary text-book. . . . There is no text-book of systematic and theoretical Chemistry which we would sooner place in the hands of a boy in his sixth form at school or his first year at the University."—*School World*.

New and Revised Edition. Sixth Impression. 8vo. 780 pages. 7s. 6d. net.

INTRODUCTION TO GENERAL INORGANIC CHEMISTRY.

By ALEXANDER SMITH, B.Sc., Ph.D.

Third Edition. Crown 8vo. 2s. 6d.

A LABORATORY OUTLINE OF GENERAL CHEMISTRY.

By ALEXANDER SMITH, B.Sc., Ph.D. Third Edition, revised in collaboration with WILLIAM J. HALE, Instructor in General Chemistry in the University of Michigan. 146 pages, interleaved throughout. With 20 Illustrations.

12mo. 5s.

AN INTRODUCTION TO POETRY.

By RAYMOND M. ALDEN, Assistant Professor in Stanford University; Author of "The Art of Debate" and "English Poetry."

"On the whole, it would be hard to find a book which can be placed with equal confidence in the hands of pupils, while examination of its contents will repay experts. I trust that its merits may receive due recognition."—Mr. T. S. OMOYO in the *Academy*.

8vo. 618 pages. 8s. 6d. net.

ETHICS.

By JOHN DEWEY, Professor of Philosophy in Columbia University, and JAMES H. TUFTS, Professor of Philosophy in the University of Chicago.

"From no other book would a general reader obtain in so brief a compass so wide a view of the moral work of to-day, set forth in so positive, lucid and interesting a fashion."—G. H. PALMER, *Professor in Harvard University*.

WEBSTER'S COLLEGIATE DICTIONARY.

The largest and latest Abridgement of "WEBSTER'S INTERNATIONAL DICTIONARY."

1100 pages. 1400 Illustrations. Cloth, 12s. net. Sheepskin, 16s. net.

A Special thin-paper Edition of this work is also published :

Cloth, 14s. net ; Sealskin, 21s. net.

Attention :—"Webster's Collegiate Dictionary" aims at presenting 'the most essential parts of "Webster's International Dictionary" in a compact and convenient form.' We have used the big 'Webster' for many years with growing appreciation of its soundness, and commend this condensation of it. An ingenious method of indented leaves makes it easy to turn to any letter in the 'Dictionary' immediately, and the volume includes a host of illustrations."

Full Prospectus, with Specimen Pages, on application.

GASC'S FRENCH DICTIONARIES.

GASC'S OCTAVO DICTIONARY (FRENCH-ENGLISH AND ENGLISH-FRENCH).

Tenth Edition. 960 pages, large 8vo, in treble columns, bound in half buckram.

Price 12s. 6d.

Educational Times : "Without making invidious comparisons we may at any rate say that there is no French Dictionary published in England which surpasses Gasc's for correctness, comprehensiveness, and fulness of idiom, whilst only one or two can be compared with it. There is room for many degrees of intelligence, imagination, and literary perception in the construction of a dictionary, and Mr. Gasc appears to us to display these qualities in a very true sense."

GASC'S CONCISE DICTIONARY OF THE FRENCH AND ENGLISH LANGUAGES.

Fifth Edition, Revised. Medium 16mo, treble columns, vii+941 pages. 3s. 6d.

Also in Two Parts (French-English and English-French), 2s. each.

Journal of Education : "It furnishes all that the schoolboy wants, and deserves the same popularity that the larger work has obtained. It is a thoroughly sound and scholarly dictionary."

Prospectus on application.

AN ITALIAN AND ENGLISH DICTIONARY.

With Pronunciation and brief Etymologies. By HJALMAR EDGREN, Ph.D.

Large 8vo, viii+1028 pages. 15s.

A Student's Working Dictionary, uncommonly full both in its vocabulary and in its range of meanings. The type is specially clear for so compact a volume, and the pronunciation is carefully indicated.

Prospectus on application.

Each Play edited, with an Introduction and full Notes, by WILLIAM HENRY HUDSON, Lecturer to the University Extension Board of the University of London. Crown 8vo. Price 1s. 6d. net per volume, with Complete Glossary and List of Variorum Readings.

- | | |
|-------------------------------|----------------------------------|
| 1. The Merchant of Venice. | 3. The Tragedie of Julius Cæsar. |
| 2. Loves Labour's Lost. | 4. The Winters Tale. |
| 5. A Midsommer Nights Dreame. | |

Other Volumes are in active preparation and will appear at intervals.

"Mr. Hudson's work seems to me very admirable in all ways, and the *apparatus* is unusually complete."—Dr. SIDNEY LEE.

"I have read Mr. Hudson's Introduction to *Julius Cæsar*, and after all that has been written about the play, he has interesting and suggestive things to say which make his edition one of special value. . . . The Introduction to *Loves Labour's Lost* and *The Merchant of Venice* are very thoughtful, suggestive, and interesting studies of the plays."—Prof. ED. DOWDEN.

A Prospectus containing full details of plan of text and notes, specimen pages of Text, Notes, Glossary, etc., will be sent post free to any address.

JUST READY.

BOTANICAL ALBUM?

Interleaved with Printed Schedules on Transparent Paper for protecting your Specimens, and helping you to record the interesting and characteristic features of each plant. Strongly bound in cloth, 12 $\frac{3}{4}$ by 11 $\frac{1}{2}$ ins. Worth 5s. Only 2s. 6d., post free 3s.

STUDENTS OF GEOLOGY

There is no better way to acquaint yourselves with the Geology of the country than by carrying a Geological Map of the district you are Exploring.

As Official Agents for the Government Geological Survey Sheets, we hold a complete stock, and can supply any sheet at a moment's notice.

SCOTLAND

1 inch scale, each sheet 26 by 20 ins. Prices 4s. to 6s. per sheet. Index Map free.

Recently Published.

GEOLOGICAL MAP OF BRITISH ISLES

By PROF. TEALL.

2s. in sheets; 4s. on cloth, rollers, and varnished. A magnificent map for Geologists.

STUDENTS OF MEDICINE

You can acquire readily a thorough knowledge of the Bones of the Human Body if you have beside you our

ATLAS OF BONES AND LIGAMENTS

It contains 30 accurately drawn plates printed in colours, and 23 pages of letterpress, strongly bound in cloth, size 11 $\frac{1}{4}$ by 8 inches. The plates measure 14 by 11 inches when the book is opened out. Worth 15s.; only 5s.; post free 5s. 4d.

STUDENTS of EVERY CLASS

will find our

Sectional Pads

of great assistance in making careful drawings of any subject.

These Pads may be had divided into Millimeters, also inches divided into 8ths, 10ths, 12ths, and 18ths.

In 2 sizes—100 sheets in each Pad. Size 8 $\frac{1}{2}$ by 10 $\frac{1}{2}$ in., 1s. 6d.; post free 1s. 10d. Size 8 $\frac{1}{2}$ by 5 $\frac{1}{2}$ in., 9d.; post free 1s.

W. & A. K. JOHNSTON, Ltd. (Dept. G.U.C.)

EDINA WORKS,

And 2 ST. ANDREW SQUARE, EDINBURGH.

A NEW TEXT-BOOK ON INORGANIC CHEMISTRY

BY

F. STANLEY KIPPING, Ph.D., D.Sc., F.R.S.,

Prof. of Chemistry, University College,
Nottingham.

And W. H. PERKIN, Ph.D., M.Sc., F.R.S.,

Prof. of Chemistry, Victoria University,
Manchester.*Authors of "Chambers's Organic Chemistry."*

PART I. 320 pages. 3s. 6d.

Prof. Irvine, of St. Andrews University, says—"The outstanding feature of the book is the clearness with which the fundamental theories are presented. For the student beginning the study of chemistry no simpler account of the theories and laws could be desired. I have made use of the book in my theory lectures and have found it extremely satisfactory."

Part II. in preparation.

*Prospectuses of these Works
on application to*

W. & R. CHAMBERS, Ltd., 339 High St., Edinburgh:
and London.

CHAMBERS'S STUDENT'S HISTORY OF ENGLAND

By W. J. BEES, B.Sc., Barrister-at-Law,
and J. FENWICK.

EDITED BY

D. PATRICK, LL.D., and W. WOODBURN.

772 pages. 4s. 6d.

A carefully planned system of notes relieves the text from the burden of too many explanatory details; an abundance of sketch-maps enables the reader to follow with ease the march of events; and a series of summaries and selected questions allows the student to test his knowledge for himself. A copious index permits of ready reference.

Teacher says—"An ideal text-book. This is decidedly one of the very best of students' histories that we have seen, and we very heartily commend it to the notice of teachers and students."

Sixth Edition, in Demy 8vo, 15s. cloth.

ENGLISH CONSTITUTIONAL HISTORY.

From the Teutonic Invasion to the Present Time.
Designed as a Text-book for Students and others.

By T. P. TASWELL-LANGMEAD, B.C.L., Barrister-at-Law,
And late Professor of Constitutional Law and History, University College, London.

Sixth Edition, Revised throughout, with Notes.

By PHILIP A. ASHWORTH, Barrister-at-Law,
Translator of "*Groen's History of the English Constitution.*"

"The work will continue to hold the field as the best class-book on the subject."

—*Contemporary Review.*

Fourth Edition, in 8vo, enlarged, price 6s. cloth.

Leading Cases in Constitutional Law

Briefly stated, with Introduction and Notes. By ERNEST C. THOMAS,

Barrister-at-Law, and late Scholar of the Hon. Society of Gray's Inn, late Scholar of Trinity College, Oxford.

Fourth Edition by C. L. ATTENBOROUGH, Barrister-at-Law.

Third Edition, just published in Demy 8vo, price 15s. cloth.

COBBETT'S CASES AND OPINIONS ON INTERNATIONAL LAW,

And Various Points of English Law connected therewith.

Collected and Digested from English and Foreign Reports, Official Documents, and other sources, with Notes containing the views of the Text Writers on the Topics referred to, Supplementary Cases, Treaties and Statutes. Part I., PEACE.

By PITT COBBETT, M.A., D.C.L. (Oxon.), of the University of Sydney,
New South Wales.

London: STEVENS & HAYNES, 13 Bell Yard, Temple Yard, W.C.

Boards of Studies.—1910.

In Arts. *Language and Literature.*—The Principal, the Dean of the Faculty of Arts, Professors Phillimore, Dixon, Davies, and Stevenson. Messrs. Martin, Smith, Nisbet, Rankin, Miller, Rennie, Weir, Agnoletti, Henderson, Smart, and Girvan.—Professor Phillimore, *Convener*.

Philosophy.—The Principal, the Dean of the Faculty of Arts, Professors Jones, Smart, and Dixon, Drs. R. A. Duff and Watt, and Messrs. Boyd, Scott, Bowman, J. H. Jones and Smart.—Professor Jones, *Convener*.

* Lecturers at Queen Margaret College.

Science.—The Principal, the Dean of the Faculty of Arts, Professors Ferguson, Bower, Becker, Gray, Kerr, Gregory, and Gibson, Drs. Bolam, Lawson, Patterson, Desch, Lyons, Houstoun, and Messrs. Soddy, Bell, and McArthur.—Professor Gibson, *Convener*.

History and Law.—The Principal, the Dean of the Faculty of Arts, Professors Cooper, Medley, and Dixon, Dr. McKechnie, and Messrs. Dunbar, Ramsay, and Lyttel.—Professor Cooper, *Convener*.

English (Honours).—The Principal, the Dean of the Faculty of Arts, Professors Phillimore, Dixon, Davies, and Medley, Dr. McKechnie, and Messrs. Smart, Ramsay, and Girvan.—Professor Dixon, *Convener*.

Economics (Honours).—The Principal, the Dean of the Faculty of Arts, Professors Jones, Smart, and Medley, Drs. McKechnie and Duff, and Messrs. Ramsay and J. H. Jones. Professor Smart, *Convener*.

In Science.—Professors Ferguson, Bower, Barr, Biles, Becker, Glaister, Gray, Kerr, Gregory, Paton, Latham, Bryce, and Gibson, Drs. Desch, Gemmill, Watt, Lawson, Bolam, Hutton, Patterson, Cathcart, Allan, and Houstoun, and Messrs. Bamford, Nicholson, Soddy, Bell, and McArthur.—Professor Gregory, *Convener*.

In Medicine.—Professors Ferguson, Bower, Sir William Macewen, Murdoch Cameron, Stockman, Glaister, Muir, Gray, Sir Hector C. Cameron, Gemmill, Kerr, Paton, and Bryce, Drs. Thomas Barr, Downie, Oswald, Hutton, A. M. Ramsay, Pringle, J. F. Gemmill, Bolam, Hunter, Cathcart, Patterson, Watt, Browning, Kennedy, Lawson, Gray, and Nicol.—The Dean of the Faculty of Medicine, *Convener*.

Official Advisers of Studies.

In Arts, - - - Robert A. Duff, M.A., D.Phil.

In Law, - - - Professor W. M. Gloag, K.C., B.A.

In Medicine, - Professor Robert Muir, M.A., M.D.

Examiners for Degrees.

In Divinity.—The Professors in the Faculty of Theology, assisted by the Rev. John Maclean, D.D., and the Rev. Professor James Orr, D.D.

In Law.—The Professors and Lecturers in the Faculty of Law, assisted by:—

A. A. Mitchell, LL.B.,	-	-	-	-	1908
T. Graham Robertson, LL.B.,	-	-	-	-	1908
Douglas A. Bannatyne, LL.B.,	-	-	-	-	1908
Thomas Jones, M.A.,	-	-	-	-	1910

In Medicine.—The Professors and Lecturers in the Faculty of Medicine, as specified in Section XXIV. of Ordinance No. 14, and the following Additional Examiners:—

W. H. Thompson, M.D.,	-	1907	R. B. Wild, M.Sc.,		
J. R. Green, D.Sc., F.R.S.,	1908		M.D.,	-	1909
James T. J. Morrison, M.A.,			R. T. Hewlett, M.D.,	-	1909
M.Sc., M.B.,	-	1908	Alex. Napier, M.D.,	-	1909
Samuel Sloan, M.D.,	-	1908	R. H. Parry, F.R.C.S. Ed.,	1909	
James Muir, M.A., D.Sc.,	1908		Adam Sedgwick, M.A.,		
C. O. Hawthorne, M.D.,	-	1908	F.R.S.,	-	1910
James H. Nicoll, M.B.,	-	1908	Johnson Symington, M.D.,		
John M. Thomson, LL.D.,			F.R.S.,	-	1910
F.R.S.,	-	1908			

In Arts. - The Professors and Lecturers in the Faculty of Arts, as specified in Section XIV. of Ordinance No. 13, assisted by the following Additional Examiners: -

Magnus Maclean, M.A., D.Sc.,	-	Celtic,	-	-	-	1907
J. R. Green, D.Sc., F.R.S.,	-	Botany,	-	-	-	1908

Representatives of the University Court on Charitable and other Boards.

General Medical Council—Principal Sir Donald MacAlister, K.C.B., M.D., LL.D.

Western Infirmary—Sir Matthew Arthur, Bart., and Mr. David Johnston.

Victoria Infirmary—Sir D. C. M'Vail and John Hutchison, LL.D.

Glasgow Eye Infirmary—Sir William Macewen, D.Sc. (Oxon.), M.D.

Royal Samaritan Hospital for Women—Henry E. Gordon, B.A.

West of Scotland Agricultural College—Sir D. C. M'Vail, M.B.

Highlands and Islands Educational Trust—H. P. Macmillan, LL.B., Advocate.

Stirling Educational Trust—Mr. Charles King.

West of Scotland Biological Association—Prof. Graham Kerr, M.A.

Glasgow Provincial Committee for the Training of Teachers—Sir Donald MacAlister, K.C.B., Miss Frances H. Melville, Professors Dixon and Latta, and John Hutchison, LL.D.

Glasgow Athenaeum Commercial College—William Lorimer, LL.D.

Pearce Institute, Goran—David Murray, LL.D., and Anthony S. Murray, M.A., B.L.

Wallace Hall Academy, Dumfries—Rev. J. H. Oswald, M.A.

Glasgow Veterinary College—Sir D. C. M'Vail, M.B.

Representatives of the Senate on Educational and other Boards.

Glasgow and West of Scotland Technical College—The Principal and Professor Gibson.

West of Scotland Agricultural College—Professor Gregory.

Glasgow City Educational Endowments Board—Professor Stewart.

Glasgow General Educational Endowments Board—Professors Stewart and Medley.

Glasgow School of Art—Professor Phillimore.

Hutchesons' Educational Trust—The Principal.

John Clark (Mile-End) Bursary Trust—Professor Stewart.

Scott Scholarship and Bursaries Trust—Professors Phillimore and Dixon.

Western Infirmary—Professors Jones and Paton.

Royal Infirmary—Professor Glaister.

Asylum for the Blind—Professor Murdoch Cameron.

Glasgow Convalescent Home—Professor Muir.

Baillie's Institution—Professor Ferguson.

Haldane Trust—Professor Phillimore.

Ministers' and Professors' Widows Fund—The Principal and Professor Gloag.

Glasgow Veterinary College—Professor Muir.

Glasgow Maternity and Women's Hospital—Professor Bryce.

Joint Committees of Senate and Court.

LIBRARY COMMITTEE.—*Convener*, Professor Latta.

Appointed by the Senate—Professors Cooper, Gray, Latta, Dixon, Paton, and Davies.

Appointed by the University Court—David Murray, LL.D., Sir D. C. M'Vail, M.B., and John Hutchison, LL.D.

MUSEUMS COMMITTEE.—*Convener*, The Principal.

Appointed by the Senate—The Principal and Professors Kerr, Gregory, and Bryce.

Appointed by the University Court—David Murray, LL.D., and Sir John Ure Primrose, LL.D.

OBSERVATORY AND LABORATORIES COMMITTEE.—

Convener, Professor Gray.

Appointed by the Senate—Professors Ferguson, Becker, Stockman, and Gray.

Appointed by the University Court—William Lorimer, LL.D. and Mr. James M'Farlane.

The Carnegie Trust for the Universities of Scotland.

Trustee representing Glasgow University—Professor Stewart.

Committee on External Examinations and Appointments.

The Principal and Professors Bower, Barr, Biles, Jones, Smart, Glaister, Phillimore, Gray, Medley, Sir Hector C. Cameron, Latta, Latham, Gibson, and Dr. R. A. Duff.—Professor Medley, *Convener and Secretary*.

Committee on the Training of Teachers.

The Principal (*Convener*), Professors Bower, Jones, Phillimore, Gray, Medley, and Latta.

Students' Representative Council.

Nov., 1909—Nov., 1910.

President—James Hendry, M.A., B.Sc.

Vice-Presidents—R. R. Archibald, M.A., B.Sc. and O. H. Mavor.

Secretary—Robert Gibson, M.A., B.Sc., The Union.

Treasurer—John R. Grice, M.A.

Conveners of Grand Committees—John MacLean, M.A. (Divinity); R. Percy Thomson, M.A. (Law); Joseph Graham (Medicine); Gilbert M. Bell (Science); G. L. R. Small (Arts); Elizabeth F. Stevenson, M.A., B.Sc. (Queen Margaret).

Conveners of Standing Committees—*Amusements*, Philip Figdor; *Lodgings*, Walter F. Todd, 7 Newlands Crescent, Cathcart; *Book and Gown Exchange*, John R. Couper; *Chapel*, Wm. D. Robieson.

Editor of Magazine—Walter E. Elliot.

Officers' Training Corps.

The Glasgow University Contingent of the Senior Division of the Officers' Training Corps began its work in February, 1909. The object of the O.T.C. is to enable its members to qualify for commissions in the Special Reserve of Officers or in the Territorial Force.

The contingent at present consists of three Infantry Companies and one of Engineers.

Although the greater number of the members consists of University students, gentlemen who are not students of the University are admitted to membership of the contingent under such conditions as may be laid down from time to time by the Military Committee.

The affairs, other than military, of the contingent are managed by the Military Committee of the University. This Committee is composed as follows :

From the University Court—Professor Gray, Dr. J. Hutchison.

From the Senate—The Principal, Professors Medley (Convener and Treasurer), Latta, and Graham Kerr.

Co-opted Military Members—Col. J. A. Roxburgh (comdg. 5th Bn. Scottish Rifles), Col. Patrick Hendry, Lieut.-Col. F. L. Morrison, M.A., LL.B. (5th Bn. H.L.I.), Capt. H. G. Lyons, D.Sc., F.R.S. (late R.E.); together with the Adjutant and Officers of the Contingent.

The Officers of the Contingent are as follows :

Captain W. G. Macalister, M.A., LL.B. (5th Bn. Scottish Rifles), Lieut. K. A. Brown (5th Bn. Scottish Rifles), Lieut. W. E. Agar, M.A., D.Sc. (unattd.), Lieut. E. P. Cathcart, M.D., D.Sc. (unattd.), Lieut. C. H. Martin, B.A. (unattd.), Lieut. A. A. Bowman, M.A. (unattd.), Lieut. P. D. MacFeat, B.Sc. (unattd.)

Hon. Chaplain—The Rev. Prof. Cooper, D.D., D.Litt., D.C.L.

Adjutant—Captain A. N. E. Browne, Highland Light Infantry.

Application for admission or information should be made at the Orderly Room, in the new Chemistry Buildings at the University, on any week day except Saturday, during the session, between 10 A.M. and 12 noon, or by letter to the Adjutant at the University.

I.—THE UNIVERSITY.

The University of Glasgow is a corporate body, which has always included a Chancellor, Rector, Dean of Faculties, Principal, Professors, and Students. It was originally founded, like most other ancient establishments of the same nature, by the authority of the See of Rome. Pope Nicholas V., by a bull, dated the seventh of January, 1450-1, erects and establishes in Glasgow a "*Studium Generale . . . tum in theologia ac jure canonico et civili, quam in artibus, et quavis alia licita facultate.*" He then declares that this University shall have the same power of creating Masters and Doctors as any other "*studium generale*" in Christendom, and appoints the Bishop of Glasgow and his successors, Chancellors and Rectors by his authority. In the same year a body of statutes was prepared, and the University established by the exertions of the Bishop and his Chapter. It consisted, at this time, of the Chancellor and Rector, of various Masters and Doctors in the Faculties of Theology, Canon Law, and the Arts; and, lastly, of the incorporated students in these Faculties, who might be promoted to the same degrees in each, after following out the course of study prescribed in the statutes.

The University, at this time, had received no endowments, and was possessed of no property, except a University purse, into which were put some small perquisites on conferring degrees, and the patronage of two or three small chaplainries. It continued, however, to discharge its important functions with great zeal and activity, and attracted a greater number of members than could well have been expected in that rude period of society. The University Records contain little information as to lectures delivered in the Higher Faculties, or the number of the students who attended them. But we learn that within three or four years after the establishment of the University, so many young men were matriculated in the Faculty of Arts, that it was thought expedient to provide a house in which they

might reside, and to secure a regular set of teachers for their instruction.

The house provided for the accommodation of the students in Arts was known by the name of *Pædagogium*, or the College of Arts. It is said to have been situated in the Rottenrow; but in the year 1460, James, Lord Hamilton, bequeathed to Mr. Duncan Bunch, principal Regent of the College of Arts, and his successors, Regents, for the use of the said College, a tenement in the High Street, with four acres of land adjoining. In buildings situated on this ground the classes of the University continued to meet for upwards of four hundred years.

The Reformation produced at first great disorder in the University, its members being clergymen of the Catholic persuasion, and its chief support being derived from the Church. In 1577, James VI. prescribed very particular rules with regard to the College and the form of its government, and made a considerable addition to its funds. The charter by which the king made these regulations, and gave that property, is known by the name of *Nova Erectio*.

By this charter, provision was made for the support of a Principal, who was to teach Theology and the Holy Scriptures, and was also Professor of Hebrew and Syriac, and three Regents, of whom one was to teach Greek and Rhetoric, another Dialectics, Morals, and Politics, with the Elements of Arithmetic and Geometry, and the third, who was also Sub-Principal, was to teach all the branches of Physiology and Geography, Chronology and Astrology. The Regents were to keep each by his own Profession, so that the student had a new Regent every year.¹

From this small beginning, the University continued to prosper till the era of the Restoration, having at that time, besides the Principal, two Professors of Theology, one of Medicine, four Regents or Professors of Philosophy, and one of Humanity, a Librarian, with a tolerable Library, an increased number of Bursars and of other students of all ranks. At the Restoration, however, being deprived of a great part of its revenues in consequence of the re-establishment of Episcopacy, three of the Professorships fell into abeyance, and the College was again reduced to a Principal,

¹ This system was altered in 1612, in accordance with the practice of the other Universities; but returned to after the Revolution. The four classes necessary to Graduation in Arts were called - the first, Bajan; the second, Semi; the third, Baccalour; the fourth, Magistrand.

a Professor of Theology, and four Regents. This state of matters continued till the Revolution, when the University again began to prosper after a long period of depression.¹ In the next thirty years seven Professorships were either originally founded or revived, viz. :—those of Mathematics (1691), Humanity (1706), Oriental Languages (1709), Civil Law (1712), Medicine (1712), Church History (1716), and Anatomy (1718); and to these a Professorship of Astronomy was added in 1760. The following eighteen Professorships were founded during the nineteenth century, viz. :—Natural History (1807), Surgery (1815), Midwifery (1815), Chemistry (1817), Botany (1818), Materia Medica (1831), Institutes of Medicine (1839), Forensic Medicine (1839), Civil Engineering (1840), Conveyancing (1861), English Language and Literature (1861), Divinity and Biblical Criticism (1861), Clinical Surgery (1874), Clinical Medicine (1874), Naval Architecture (1883), History (1893), Pathology (1893), Political Economy (1896). In 1903 the Chair of Geology was founded, and the Chair of Natural History became the Chair of Zoology. The Chair of Mining was founded in 1907.

UNIVERSITY BUILDINGS.

The changes in the City of Glasgow having so entirely altered the character of the district in which the University Buildings were planted in the fifteenth century as to render the locality altogether unsuitable for an Academic Institution; and the buildings themselves having become, by their limited extent and defective construction, inadequate for the modern requirements of a great educational establishment; measures were adopted for the removal of the University to more extended and commodious buildings, and for this purpose a large extent of ground was secured in the lands of Gilmorehill, in the western part of the City.

In 1846, a Bill for the sale of the College grounds and buildings to the Monklands Junction Railway Company, and the transference of the University to a new site on Woodlands, was passed by both Houses of Parliament, and received the Royal assent. But that measure failed by the inability of the Railway Company to implement their engagements; and the Senate of the University found no favourable opportunity for the renewal of the scheme till the year 1863, when a proposal

¹ See Dr. Thomas Reid's Account of the University of Glasgow.

for the purchase of the College lands and buildings was made by the City of Glasgow Union Railway Company, and a sale was accordingly effected to that Company, under their Act of Parliament, in 1864, at the price of £100,000.

The funds at the disposal of the University to carry out the scheme of removal consisted of—(1.) The produce of the sale of the old College and grounds, £100,000,—(2.) A sum of £17,500, consisting of the principal sum of £10,000, obtained by the University as compensation from the Monklands Junction Company, for non-fulfilment of their agreement, with interest since the time of payment, and—(3.) A sum of £21,400, promised by her Majesty's Government in aid of the scheme of removal, conditionally on a further sum of £24,000 being raised by public subscription, for the erection of a sick hospital in connection with the new University Buildings.

With these funds at their disposal, buildings might have been erected sufficient for the transaction of the ordinary business of instruction in the same manner as heretofore, and for the accommodation of the Library and Museum, but they must have been of the plainest design, and on a scale quite inadequate to provide for the future extension of the University.

In these circumstances, the Senate resolved to make an earnest appeal for aid to the Government and to the public. This appeal was responded to in the most generous and gratifying manner. In a short time a sum of nearly £100,000 was subscribed, chiefly in the City of Glasgow; and the Government, appreciating the importance of the work, and the public interest it had excited, announced their intention to ask Parliament for the sum of £120,000, in six annual instalments, on condition of a like amount being raised by subscription and expended on the buildings. This sum was paid out of the National Treasury, and there has been received from the public subscription for the University Buildings and the Western Infirmary and from legacies and donations the large amount of £406,203, including £45,000 from the late Marquis of Bute for the erection of the Bute Hall, £5,000 from the late Dr. J. McIntyre for the University Union Buildings, £5,000 from the Bellahouston Trustees for Medical Buildings in the Women's department, £4,274 from the late Sir William Pearce, Bart., for the removal of the old College front and the re-erection of the materials at

the north-east gateway, £5,000 bequeathed by Mr. Andrew Cunninghame, and £1,000 (less legacy duty) bequeathed by Mr. James Marshall for the completion of the tower, and special subscriptions amounting to £2,600 for building and furnishing the Gymnasium. A sum of £30,000 was allocated to the Western Infirmary. New buildings, designed by the late Sir G. Gilbert Scott, were erected on the grounds of Gilmorehill; and in these buildings the classes of the University met for the first time in session 1870-71. In 1893 the buildings and grounds were extended by the gift of North Park House and Grounds for the use of the women students of the University. Extensive additions to the buildings at Gilmorehill have recently been made, including Engineering Lecture-rooms and Laboratory, Botany Class-rooms, Museum and Herbarium, and an extension of the Anatomical Department. The cost of these additions has been defrayed from the Randolph Bequest and from funds provided by the Bellahouston Trustees (£18,500), the Trustees of the late James B. Thomson (£13,727), and other benefactors. Two other groups of buildings were completed in 1907, funds having been provided by the Carnegie Trust (£60,500), and by the late Principal's University Equipment Scheme (£40,000). The one group is for the accommodation of Natural Philosophy, and the other for Physiology, Materia Medica, and Forensic Medicine. A temporary building has also been erected for increasing the accommodation of the Chemical Department, to which the Equipment Scheme contributed £10,000.

GOVERNMENT OF THE UNIVERSITY.

Previous to the Universities Act of 1858 the whole business of the University was transacted in three distinct courts—namely, the Senate, the Faculty, and the Comitia.

The *Senate* consisted of the Rector, the Dean, the Principal, and all the Professors of the University. Meetings of the Senate were held for conferring degrees, and for the management of the libraries and other matters belonging to the University.

The *Faculty*, or College Meeting, consisted of the Principal, who presided, and the Professors of Divinity, Church History, Oriental Languages, Natural Philosophy, Moral Philosophy, Mathematics, Logic, Greek, Humanity, Civil Law, Medicine, Anatomy and Practical Astronomy. The Members of Faculty had the administration of the whole revenue and property of the College, along with the right of exercising the patronage of eight pro-

fessorships vested in the College. They also presented a Minister to the parish of Govan, and had the gift of various bursaries.

The Constituent Members of the *Comitia* were the Rector, the Dean, the Principal, the Professors, and the Matriculated Students of the University. The Rector or Vice-Rector presided in this Court, and also in the Senate. Meetings of the *Comitia* were held for the election and admission of the Rector, for hearing the inaugural discourses of the Principals and Professors previously to their admission to their respective offices, and for promulgating the laws of the University.

Besides these a court, called the *Jurisdiction Ordinaria*, consisting of the Principal, the four Regents (viz., the Professors of Greek, Logic, Ethics, and Physics), and the Professor of Humanity, with the gowned students, met occasionally, for the exercise of discipline over the junior students.

By the Scottish Universities Act, 21 and 22 Vict., chap. 83, important changes were made in the constitution and government of the University. The distinction between the Faculty and the Senate was abolished; two new bodies, called the University Court and University Council, were instituted; and Commissioners were appointed, armed with extensive powers of revision and regulation, who issued ordinances, sanctioned by Her Majesty, for the administration of the affairs of the University.

Further changes were made by the Universities (Scotland) Act, 1889. A Committee of Her Majesty's Privy Council was constituted, styled the Scottish Universities Committee of the Privy Council. An Executive Commission was created with power to repeal or modify any ordinance made under the Act of 1858. The Commissioners continued to exercise their powers till the end of 1897 and issued ordinances, *inter alia*, for Degrees in Arts, Science, Medicine, Law, and Divinity, for the instruction and graduation of Women, and for special study and research. They also issued an ordinance (No. 60) laying down regulations for the constitution of the Students' Representative Council, and regulations under which that Council is entitled to petition the *Senatus Academicus* and the University Court. After the expiration of the powers of the Commissioners the power of founding new professorships and making other ordinances according to a prescribed procedure devolved upon the University Court (see page 44).

CHANCELLOR.

The Chancellor is the head of the University, and, by himself or his deputy, has the privilege of conferring Academical Degrees upon persons found qualified by the Senate. All changes in the internal arrangements of the University required, under the Act of 1858, the sanction of the Chancellor before being carried into effect. He is elected by the General Council, of which he is president. His office is held during life. He nominates an Assessor in the University Court, and he is empowered to appoint a Vice-Chancellor to discharge his office in his absence, so far as regards conferring Degrees, but in no other respect. The office of Vice-Chancellor has usually been, and is now, held by the Principal.

RECTOR.

The Rector is elected by the matriculated students of the University, divided into four nations.¹ In the case of an

¹ The nations are constituted as follows:—

1. The Natio Glottiana consists of all matriculated students born within the County of Lanark.

2. The Natio Transforthana consists of all matriculated students born within any of the Counties of Orkney and Shetland, Caithness, Sutherland, Ross, Inverness, Cromarty, Nairn, Moray, Banff, Aberdeen, Perth, Forfar, Kincardine, Clackmannan, Fife, Kinross, Argyle, Stirling, and Dumbarton.

3. The Natio Rothseiana consists of all matriculated students born within any of the Counties of Bute, Renfrew, and Ayr.

4. The Natio Loudontiana consists of all matriculated students not included in any of the other nations.

equality of nations the Chancellor had, in accordance with the Act of 1858, the casting vote, but under the Act of 1889 the Commissioners have ordained (Ord. No. 7) that the election shall be determined by the majority of votes of all the students voting whenever the votes of the nations shall be equally divided. The Universities Commission (1858) ordained that the election should take place upon the 15th November (the 16th, if the 15th fell on a Sunday); but by Ordinance No. 139 of the Universities Commission (1889), the election is to take place on such day in the month of October or November as may be fixed by the University Court after consultation with the Senate, but the date cannot be later than the second Saturday in November in any year. The term of office is three years. The Rector is the official President of the University Court.

Rectors from 1773.

- 1773. Charles Cathcart, Lord Cathcart.
- 1775. Lord Chief Baron Montgomerie.
- 1777. Andrew Stewart, Esq. of Torrance.
- 1779. James Maitland, seventh Earl of Lauderdale.
- 1781. Right Hon. Henry Dundas.
- 1783. Right Hon. Edmund Burke.
- 1785. Robert Graham, Esq. of Gartmore.
- 1787. Adam Smith, LL.D.
- 1789. Walter Campbell, Esq. of Shawfield.
- 1791. Thomas Kennedy, Esq. of Dunure.
- 1793. William Mure, Esq. of Caldwell.
- 1795. William M'Dowall, Esq. of Garthland.
- 1797. George Oswald, Esq. of Auchincruive.
- 1799. Right Hon. Sir Hay Campbell, Lord President.
- 1801. William Craig, a Lord of Session.
- 1803. Lord Chief Baron Dundas.
- 1805. Henry Glassford, Esq. of Dugalston.
- 1807. Archibald Colquhoun, Esq. of Killermount.
- 1809. Archibald Campbell, Esq. of Blythswood.
- 1811. Lord Archibald Hamilton.
- 1813. Thomas Graham, Lord Lynedoch.
- 1815. David Boyle, Lord Justice Clerk.
- 1817. George Boyle, Earl of Glasgow.
- 1819. Kirkman Finlay, Esq., M.P.
- 1820. Francis Jeffrey, Esq., Advocate.
- 1822. Sir James Mackintosh, M.P.
- 1824. Henry Brougham, Esq., M.P.
- 1826. Thomas Campbell, LL.D.
- 1829. Henry Petty, Marquis of Lansdowne.

- 1831. Henry Cockburn, Esq., Solicitor-General.
- 1834. Lord Stanley, M.P.
- 1836. Sir Robert Peel, Bart., M.P.
- 1838. Sir J. G. R. Graham, Bart., M.P.
- 1840. John Campbell, Marquis of Breadalbane.
- 1842. Right Hon. Fox Maule, M.P.
- 1844. Andrew Rutherford, Esq.
- 1846. Lord John Russell.
- 1847. Colonel Mure of Caldwell.
- 1848. Thomas Babington Macaulay, Esq.
- 1850. Archibald Alison, Esq., Sheriff of Lanarkshire.
- 1852. Earl of Eglinton.
- 1854. Duke of Argyle.
- 1856. Sir Edward Bulwer Lytton.
- 1859. Earl of Elgin.
- 1862. Viscount Palmerston.
- 1865. John Inglis, Lord Justice Clerk.
- 1868. Lord Stanley (afterwards Earl of Derby).
- 1871. Right Hon. Benjamin Disraeli, M.P. (Earl of Beaconsfield).
- 1877. Right Hon. William Ewart Gladstone, M.P.
- 1880. Right Hon. John Bright, M.P.
- 1883. Right Hon. Henry Fawcett, M.P.
- 1884. Edmund Law Lushington, LL.D., D.C.L.
- 1887. Right Hon. Earl of Lytton, G.C.B., G.C.S.I., C.I.E.
- 1890. Right Hon. Arthur James Balfour, M.P.
- 1893. Right Hon. Sir John Eldon Gorst, M.P.
- 1896. Right Hon. Joseph Chamberlain, M.P.
- 1899. Right Hon. Earl of Rosebery, K.G., D.C.L., LL.D.
- 1902. Right Hon. George Wyndham, M.P.
- 1905. Right Hon. Herbert H. Asquith, M.P.
- 1908. RIGHT HON. BARON CURZON, G.C.S.I., G.C.I.E., F.R.S.

DEAN OF FACULTIES.

From the beginning there has been in the University an officer of dignity with the title of Dean of Faculty or Dean of Faculties. The duties of the office, as originally constituted, were to exercise a superintendence over the studies, and, in conjunction with the Masters, to judge of the qualifications of applicants for degrees. From the year 1772 it was the duty of the Dean, in concert with the Rector and the Minister of Glasgow, to examine the accounts of the administration of the Revenue, and to give advice to the Principal and Professors, when it was necessary for them to institute a judicial inquiry

into the conduct of any of their number. By the Universities Act of 1858 the Dean of Faculties was a member of the University Court, but in the enumeration of the constituent members of the new University Court in the Act of 1889 the name does not occur. The election is made annually by the Senate at the close of the winter session.

Deans from the year 1800.

- | | |
|---|--|
| 1800. James Couper, D.D. | 1843. Sir T. M'k Dougall Brisbane, Bart. |

| 1841. Lord Dunfermline. | 1904. Sir James King, Bart., LL.D. |

PRINCIPAL.

The office of Principal or Principal Regent of the College was almost coeval with the foundation of the University, and was regulated anew by James VI., in 1577. It is in the appointment of the Crown. The Principal is President of the Senatus Academicus; and is also, *ex officio*, a member of the University Court.

Principals from the year 1574.

28th Nov., 1902.	Professor Raleigh, M.A.
15th Jan., 1903.	Professor Muir, M.A., M.D.
30th Nov., 1903.	Professor Muir, M.A., M.D.
13th Oct., 1904.	Professor Jones, LL.D., Litt.D., F.B.A.
28th Nov., 1904.	Professor Gray, LL.D.
28th Nov., 1905.	Professor Stewart, D.D.
28th Nov., 1906.	PROFESSOR JONES, LL.D., Litt.D., F.B.A.
30th Nov., 1907.	PROFESSOR SIR HECTOR C. CAMERON, M.D.
28th Nov., 1908.	PROFESSOR GRAY, LL.D.
28th Nov., 1909.	PROFESSOR BOWER, Sc.D., F.R.S.

The Rector's Assessor continues in office three years, and the other Assessors four years.

Under the Universities Act, 1858, the Court has power :

1. To review all decisions of the Senate, and to be a Court of Appeal from the Senatus, except as otherwise provided in the Universities Act.

2. To effect improvements in the internal arrangements of the University, after due communication with the Senate, and with the sanction of the Chancellor : provided that all such proposed improvements be submitted to the General Council for consideration.

3. To require due attention on the part of the Professors to the Regulations as to the mode of teaching and other duties imposed on the Professors.

4. To fix and regulate, from time to time, the fees in the several Classes.

5. Upon sufficient cause shown, and after due investigation, to censure any member of Senate, or to suspend him from office, and from the emoluments thereof, in whole or in part, for any period not exceeding one year, or to require him to retire on a retiring allowance, or to deprive him of office ; and during the suspension of any Professor, to make provision for the teaching of his class : provided always, that no such sentence of censure, deprivation, etc. shall have effect until approved by His Majesty in Council.

By Section 19 any of the Rules and Ordinances enacted by the Universities Commissioners under the Act, could be altered or revoked by the University Court of the University to which they are applicable, but only with the written consent of the Chancellor, and with the approval of His Majesty in Council.

By the Universities (Scotland) Act, 1889, the University Court is a body corporate with perpetual succession and a common seal ; and all the property belonging to the University at the passing of the Act is now vested in that body.

By the same Act, the University Court, in addition to the powers conferred upon it by the Act of 1858, has power :

1. To administer the whole revenue and property of the University, including share of annual Government Grant, and bursary and other mortifications.

2. To review any decision of the Senate, appealed against by a member of Senate or other member of the University interested,¹ and to receive representations and reports from the Senate and the General Council.

¹ An appeal against any decision of the Senate must be lodged with the Secretary of the University Court within fourteen days from the date of the issue of such decision. See Ordinance No. 5.

3. To review on representation by any member of the University Court or by any member of Senate, any decision of the Senate in the exercise of its powers of regulating and superintending the teaching and discipline of the University: but decisions in matters of discipline can be reviewed only on appeal by a member of Senate or by a member of the University directly affected.

4. To appoint professors to chairs in University patronage; to appoint examiners and lecturers: and to recognise for graduation purposes the teaching of any college or individual teacher, under any regulations laid down by the Commissioners, which regulations, after the expiration of the powers of the Commissioners, may from time to time be modified or altered by the Universities Committee.

5. To define on application by any member of the Senate the nature and limits of a professor's duties under his commission, subject to appeal to the Universities Committee.¹

6. To take proceedings against a principal or professor, University lecturer, assistant, recognised teacher or examiner, or any other person employed in teaching or examining.

7. To appoint from persons not being members of Senate one third of the members of any standing committee or committees charged, by ordinance of the Commissioners, with superintendence of University libraries or museums, and to review any decision of the Senate regarding the recommendations of such committee or committees.

8. To appoint committees of its own number, consisting of not less than five members, to report on any business entrusted to them or to carry out special instructions.

9. To elect the representative of the University on the General Medical Council, under the Medical Act, 1886.

10. After the expiration of the powers of the Commission to found new professorships with the approval of the Universities Committee.² After such expiration no new professorship shall be founded otherwise.

By Section 21 of the Act of 1889 the University Court has power to make new ordinances, with the approval of His Majesty in Council:

1. With respect to the appropriation of the sum allotted to the University by the Commissioners out of the annual grant.

2. Altering or revoking any of the ordinances affecting the University which have been or may be framed and passed under the Act of 1858 or the Act of 1889, and making new ordinances: provided that such ordinances, before being submitted to His Majesty for approval, have been communicated by the University Court to the Senate, the General Council, and the University Courts of the other Universities, and have been laid for twelve weeks before both Houses of Parliament.

The Court is entrusted with the patronage of several of the Professorships, appoints the additional Examiners for Degrees, and is a court of final appeal in any dispute which may arise in

¹ Ordinance No. 144, which was issued on 29th March, 1895, and came into force immediately after the expiration of the powers of the Commissioners (1889), empowers the University Court at any time to revise and adjust the terms of the commission to be issued at the next vacancy of any chair, with regard to the number of lectures and the period of instruction.

² Ordinance No. 144 enjoins the University Court before proceeding to the foundation of any new Professorship, to ascertain that there are sufficient means for its endowment, and also to take into consideration the contingent claim which the Professor may have to a pension,

making up the Register of the General Council. Seven Members of the Court constitute a quorum. The Rector is President—in his absence, the Principal.

SENATUS ACADEMICUS.

The Senatus Academicus consists of the Principal and the whole of the Professors, and is entrusted with the regulation and superintendence of the teaching and discipline of the University. It appoints two-thirds of the members of any standing committee or committees charged by ordinance of the Commissioners with the immediate superintendence of University libraries or museums. It receives in the first instance all reports by such committee or committees, and, subject to the review of the University Court, it may confirm, modify, or reject the recommendations in such reports. The Senate continues to possess and exercise the powers possessed by it before the passing of the Act of 1889 so far as they are not modified or altered by that Act or by the Act of 1858. The Principal, as President, has a deliberative and a casting vote. One third of the Senate constitute a quorum.

FACULTIES.

The Universities Commissioners, by Ordinance No. 31, dated 5th June, 1893, as amended by the University Court Ordinances Nos. viii. and xix., settled the constitution of the several Faculties in this University, as follows:—I. The Faculty of Arts consists of the Professors of the following subjects, viz., English Language and Literature, Humanity, Greek, Hebrew and Semitic Languages, Mathematics, Natural Philosophy, Logic and Rhetoric, Moral Philosophy, History, Political Economy.¹ II. The Faculty of Science consists of the Professors of the following subjects, viz., Mathematics, Natural Philosophy, Astronomy, Chemistry, Zoology, Geology, Botany, Anatomy, Physiology, Civil Engineering and Mechanics, Naval Architecture, Mining. III. The Faculty of Medicine consists of the Professors of the following subjects, viz., Chemistry, Zoology, Botany, Anatomy, Physiology, Pathology, Materia Medica, Medicine, Surgery, Midwifery, Forensic Medicine, Clinical Medicine, Clinical Surgery.

¹ See Ordinance No. 149, Section i.

IV. The Faculty of Law consists of the Professors of the following subjects, viz., Law, Forensic Medicine, Conveyancing, Political Economy.¹ V. The Faculty of Divinity consists of the Professors of the following subjects, viz., Divinity, Divinity and Biblical Criticism, Ecclesiastical History, Hebrew and Semitic Languages. The University Court has power to transfer Chairs from one Faculty to another, and in the event of the foundation of new Chairs, to determine to which Faculty or Faculties such Chairs shall belong.

The Professors constituting each Faculty annually elect one of their number to be Dean of the Faculty.

LECTURERS.

By Ordinance No. 17² of the Universities Commission (1889), the University Court is empowered to appoint, after consultation with the Senatus, Lecturers, whose teaching shall (unless otherwise determined by the University Court) qualify for graduation. They are appointed for a period not exceeding five years, but may be re-appointed. University Assistants or Demonstrators are eligible for appointment as Lecturers and *vice versa*; and both offices may be held at the same time by the same person.

Ordinance No. 65 provides that the classes of University Lecturers shall be conducted at the seat of the University, *i.e.* in the city of Glasgow and the immediate neighbourhood thereof, that no classes conducted by Lecturers elsewhere shall qualify for graduation in any Faculty, and that University Lecturers shall be in all respects subject to the discipline of the Senatus Academicus and of the University Court.

BOARDS OF STUDIES.

By Ordinance No. 11 of the Universities Commission (1889), it is provided that the Senate shall institute Boards of Studies corresponding as nearly as may be to the departments of study for graduation in Arts. Each Board of Studies consists of the Principal, the Dean of the Faculty of Arts, and such other members of the Senate and Lecturers in the

¹ See Ordinance No. 149, Section i.

² This ordinance is printed at length in the University Calendar for 1893-94, at pp. 504, 505.

University as the Senate may from time to time select, a member of the Board being appointed Convener by the Senate. The functions of these Boards are defined in University Court Ordinance No. XXIII., sections xix. and xx.

Provision is made in Ordinance No. 42 for the institution of one or more Boards of Studies in each of the Faculties of Medicine and Science. In Medicine the constituent members of the Board or Boards are Professors in the Faculty of Medicine, together with such Professors in other Faculties whose subjects qualify for graduation in Medicine, and such Lecturers in the University as the Senate may from time to time select. The Board or Boards of Studies in Science are similarly constituted *mutatis mutandis*. The Dean of the Faculty of Medicine is Convener of each Board of Studies in Medicine; the Senate appoints the Convener of each Board of Studies in Science.

UNIVERSITY ASSISTANTS OR DEMONSTRATORS.

By Ordinance No. 17¹ of the Universities Commission (1889), the University Court is empowered to determine, after consultation with the Senatus, the number and grade of the Assistants, if any, to be assigned to each Professor. The appointments are made by the University Court on the recommendation of the Professors. The duties of each Assistant are defined by the Professor, with the approval of the Senate. The Assistants are recognized as Officers of the University, and are styled University Assistants or Demonstrators, as the University Court may determine.

The Arnott and Thomson Demonstratorship, founded in 1875, is attached to the Chair of Natural Philosophy; the Muirhead Demonstratorship, founded in 1877, to the Chair of Physiology; and the Baxter Demonstratorship in Geology, founded in 1889, to the Chair of Geology.

There is also an Assistantship to the Professor of Engineering, which was founded in 1876 by the bequest of Mrs. Black, widow of the Rev. Dr. Black, Barony Church, Glasgow, and designated, in memory of her father, the Young Assistantship. The appointment is made by the University Court in conjunction with the Professor of Engineering.

¹ See second note on page 46.

EXAMINERS FOR DEGREES.

By Ordinance No. 13, Sections xiv.—xvi., of the Universities Commission (1889), the Examiners for graduation in Arts, Science, and Medicine respectively are the Professors whose subjects qualify for graduation, together with such Lecturers in the University and such additional Examiners, appointed by the University Court, as the Court may deem necessary. In the case of Medicine, the Court is required to make such provisions as will ensure that every candidate shall be examined in each subject by at least two Examiners, one of whom shall not be a Professor or Lecturer in the University.

By Ordinances No. 39, Section vii., and No. 40, Section vii., of the Universities Commission (1889), the Examiners for graduation in Law are the Professors and Lecturers whose subjects qualify for graduation, and additional Examiners appointed by the University Court.

By Ordinance No. 63, Section ii., of the Universities Commission (1889), the Examiners for graduation in Divinity are the Professors of or Lecturers on the subjects included in the examinations, and two additional Examiners appointed by the University Court.

GENERAL COUNCIL.

The General Council as constituted by the Scottish Universities Act, 1858 (21 and 22 Vict., chap. 83), by the Representation of the People (Scotland) Act, 1868 (31 and 32 Vict., chap. 48), and by the Universities Elections Amendment (Scotland) Act, 1881 (44 and 45 Vict., chap. 40), consists of the following *ex officio* Members, viz., the Chancellor, the Members of the University Court from and after their first election, and the Professors, and also of the following persons after registration, viz., all Masters of Arts of the University, and all persons on whom the University has, after examination, conferred the Degree of Doctor of Medicine, or Doctor of Science, or Bachelor of Divinity, or Bachelor of Laws, or Bachelor of Medicine, or Bachelor of Science, or any other Degree instituted since 13th July, 1868; and also all persons who, previous to the 2nd August, 1861, had, as matriculated students, given regular attendance on the course of study in this University for four

complete sessions, or such regular attendance for three complete sessions in this University, and regular attendance for one such complete session in any other Scottish University, the attendance for at least two of such sessions having been on the course of study in the Faculty of Arts.

Members of the Council must have their names enrolled in a book kept for the purpose by the Registrar. The Register of the Council is made up annually in the month of December, for the year following, and includes the names of all members entered on the Registration Book on or before the 30th day of November in each year. The Registration Fee, which is a payment for life, is 20s.

By section 16 of the Act 44 and 45 Vict., chap. 40, it is enacted that no person shall be allowed, after examination, to graduate at any of the Universities of Scotland until he shall have paid the Registration Fee; and it is further enacted that every person who has hitherto been, or who shall in the future become, *ex officio*, a member of the General Council of any of the Universities shall, on payment of the Registration Fee, be put and continued on the Register of Members of General Council of such University during his life, and shall be entitled to all the privileges of a Member of Council. The Act also provides that no person, subject to any legal incapacity, shall be entitled to vote at any parliamentary election, or exercise any other privilege as a member of the General Council.

The corrupt payment of any Registration Fee is punishable as bribery.

The Council meets twice every year—viz., on the last Wednesday of October, and the last Wednesday of April. In addition to these statutory meetings the Council may hold special meetings at the instance of the Chancellor, who shall convene such meetings on a requisition from a quorum of members, and the Council may adjourn any meeting, and may appoint committees to investigate into and report upon any matter remitted to them, or to carry out instructions given to them by the Council. The quorum of the General Council has been fixed by the Universities Commissioners at ten for every complete thousand or fraction of a thousand on the Register, so that for the present year eighty members are requisite to constitute a quorum, there being 7660 names on the Register, but this provision does not apply to the statutory half-yearly meetings. It is competent to the Council

to take into consideration all questions affecting the well-being and prosperity of the University, and to make representations from time to time to the University Court, who shall return to the Council their deliverances thereon. The annual reports as to the statistics of attendance and as to the finances of the University, made by the University Court to the Secretary for Scotland, are to be laid by him before the General Council. To it are also to be communicated all new ordinances, or changes of existing ordinances, which may be proposed by the University Court.

The Chancellor and four of the Assessors in the University Court are elected by the Council. The manner in which these officers are elected is regulated by Ordinance No. 9 of the Universities Commission (1889). The President of the Council is the Chancellor; whom failing, the Rector; whom failing, the Principal; whom failing, the Chancellor's Assessor; whom failing, the Rector's Assessor. In the absence of all these officials, a Chairman shall be elected by the meeting; but in the election of Assessors the members of Senate may not take part.

The General Councils of the Universities of Glasgow and Aberdeen jointly return a representative to Parliament. The Vice-Chancellor of Glasgow University is the returning officer.

Members of Parliament for the Universities of Glasgow and Aberdeen.

1868. Right Hon. James Moncrieff, LL.D., Lord Advocate.

1869. Right Hon. Edward S. Gordon, LL.D., Dean of the Faculty of Advocates.

1876. Right Hon. William Watson, LL.D., Lord Advocate.

1880. Right Hon. James Alexander Campbell, LL.D.

1906. Sir Henry Craik, K.C.B., LL.D.

1910. SIR HENRY CRAIK, K.C.B., LL.D.

STUDENTS' REPRESENTATIVE COUNCIL.

The constitution and functions of the Students' Representative Council are regulated by Ordinance No. 60, the provisions of which are as follows:—

I. The Students' Representative Council in each University shall submit to the University Court for approval the regulations under which it has been formed or now exists, and these

regulations as approved, or with such alterations as may from time to time be approved by the University Court, shall form the constitution of the Students' Representative Council, and shall, subject to the provisions of this Ordinance, determine the functions thereof, and the mode of election thereto.

II. After the University Court has approved of the constitution of a Students' Representative Council in any University, alterations in the said constitution shall be of no effect unless and until they shall receive the approval of the University Court.

III. (1) The Students' Representative Council shall be entitled to petition the *Senatus Academicus* with regard to any matter affecting the teaching and discipline of the University, and the *Senatus Academicus* shall dispose of the matter of the petition, or shall, if so prayed, forward any such petition to the University Court, with such observations as it may think fit to make thereon.

(2) The Students' Representative Council shall be entitled to petition the University Court with regard to any matter affecting the students other than those falling under the immediately preceding sub-section.

(3) Nothing contained in this section shall be held to pre-judice any right of appeal which may be competent under section 6, sub-section 2, of the Universities Act, 1889, nor the powers and jurisdiction of the *Senatus Academicus* with regard to the teaching and discipline of the University.

The Council at present consists of representatives (both men and women) from the different Faculties in the University, and its aims are (1) to represent the Students in matters affecting their interests; (2) to afford a recognized means of communication between the Students and the University authorities; (3) to promote social and academic unity among the Students. A Union Committee appointed by the Council completed in Session 1889-90 the arrangements for opening the "Glasgow University Union." The Council has various Sub-Committees—an Inter-Universities Committee, a Magazine Committee, which conducts during the winter session the "Glasgow University Magazine" (published weekly), an Amusements Committee, a Lodgings Committee, a Chapel Committee, and a Book Exchange Committee.

Ordinance No. 50 of the Universities Commission (1889) requires that each student shall pay a matriculation fee of One Guinea, at the commencement of each winter session, for the

whole academical year then next ensuing; and any student desirous of attending a class or classes during a summer session, without having matriculated at the commencement of the immediately preceding winter session, shall in respect of such summer session pay a matriculation fee of half a guinea. Ordinance No. 147 contains the following regulation with regard to matriculated students:—No person shall be deemed to be a matriculated student in any University or shall enjoy any of the privileges of a matriculated student unless, in addition to paying the matriculation fee, he is enrolled as a student in attendance in one or more classes in the University, and has paid the fees entitling him to such attendance: provided that nothing herein contained shall affect the right of the University Court to exact a fee in lieu of and not exceeding the matriculation fee from any candidate for any examination or for graduation, not being at the time a matriculated student, in addition to the fee payable for such examination or graduation. The University Court is empowered in special circumstances to permit persons who have not matriculated to attend any single class in any Faculty, on payment of an Entrance Fee of Five Shillings in addition to the authorized class fee, subject to the following provisions, viz. :—(1) That attendance on any class without payment of the matriculation fee shall not qualify for graduation in any Faculty, (2) that persons who have not paid the matriculation fee shall not be entitled to a certificate of attendance on any class, and (3) that payment of such entrance fee shall not confer any University privilege other than the right of attendance on such class. Men students matriculate at the University, and women students at Queen Margaret College.

Students are entitled, after matriculation, to the privilege of admission to the University Library and to the Hunterian Museum; they are also entitled to vote for the Lord Rector. They are classified as students in Arts, Science, Medicine, Law, and Divinity, according to the nature of their studies; and they are likewise, for academical purposes, divided into Togati and Non-Togati—the students of the Humanity, Greek, Logic, Ethics, and Natural Philosophy classes being Togati or gown students, from being required to wear the ancient academical robe—a scarlet cloak.

Under the Non-Togati, or ungowned students, are compre-

hended all those who, having finished their course of instruction in Arts, are prosecuting their studies in the other Faculties, with a more immediate view to their intended professions; and it comprises also other persons resident in the city or its vicinity, who, though engaged in other avocations, are disposed to cultivate literary pursuits, or to extend their acquaintance with some favourite branches of learning or science, by attending the lectures given at the University.

A distinction is also made between Public and Private students. The former are required to undergo examinations, and to read or perform exercises on the subjects treated of in the lectures,—and they only are allowed to reckon their sessions of study as a qualification for proceeding to degrees in the several Faculties.

By Ordinance No. 18¹ of the Universities Commission (1889) the University Court was empowered to admit women to graduation, and to provide for their instruction, either by admitting them to the ordinary classes, or by instituting separate classes for their instruction. Under this ordinance women were for the first time admitted as matriculated students of this University in Session 1892-93.

Medical students have access, for the usual attendance in the wards and on the Clinical Lectures, to the Royal Infirmary situated in the Eastern part of the city, and to the Western Infirmary in the immediate vicinity of the University. In the Royal Infirmary certain wards are appropriated to the clinical instruction of women.

UNIVERSITY CHAPEL.

The University Chapel is under the management of a Committee of Senate, of which the Principal is Convener.

Public Worship is celebrated on certain Sundays during the Session at 2.30 p.m., in the Bute Hall. The services are conducted by graduates of this University and other clergymen of various denominations.

GYMNASIUM.

This building was erected by public subscription, and fitted according to the most improved models, under the superintend-

¹ This ordinance is given in full in the *University Calendar* for 1892-93, pp. 504-506.

ence of the late Mr. Maclaren of Oxford, at a total cost of £2600, and was opened in January, 1872.

Gymnastic, Physical Culture, Boxing, and Fencing classes are held during the session, and the American game of Basket Ball has been successfully introduced. Mr. James Hughes conducts the classes in Gymnastics and Fencing, and Mr. John Boyle is Instructor in Boxing. Gymnastic classes meet on three days a week, to be arranged, from 10 A.M. to 1 P.M., and from 4.30 P.M. to 5.30 P.M. Each class meets three times a week, and students may join any class which is convenient for them.

Gentlemen not connected with the University are admitted to the use of the Gymnasium, and a special evening class is formed for their benefit, which meets on Mondays and Thursdays from 8 P.M. till 10 P.M. Students may join this class, if they wish.

Fees.—Gymnastics. *For all Students:* One month, 5s.; Two months, 8s. 6d.; Three months, 12s.; Six months, 20s. *For Non-Students:* the Quarter (*i.e.* twice a-week for three months), 15s.; whole season (seven months), 35s. Fencing and Boxing: 10s. for a course of twelve lessons. Special arrangements are made for the summer session.

The Oxford Silver Medal, presented annually by the late Mr. Maclaren, for competition among the students, is continued by the Gymnasium, and, at the competition in March, 1910, was gained by E. Sommerfeldt. For the Oxford Bronze Medal, open to non-students, there were no entries this year.

A Badge presented by the Ladies of the University is awarded to the runner-up in the medal competition; in 1910 it was gained by R. N. Thomson.

In 1899 Professor Ramsay presented to the Gymnasium a Silver Challenge Cup for annual competition among teams representing the four Nations into which students are divided in voting at the Rectorial elections. In the competition held in March, 1910, the winning team was Glottiana, composed of the following members: H. A. Stewart, (Captain), C. C. Anderson, R. N. Thomson, and A. E. Perry.

Gymnastic classes for members of Queen Margaret College are also arranged.

The Gymnasium is managed by a joint-committee of professors and students.

Hon. President, Professor F. O. Bower, Sc.D., F.R.S.

Hon. Treasurer, Alan E. Clapperton, B.L., 91 West Regent Street, Glasgow.

Hon. Secretary, C. C. Anderson, 8 Westbourne Terrace, Kelvinside, Glasgow.

COMMITTEE OF THE SENATE FOR EXTERNAL EXAMINATIONS
AND APPOINTMENTS.

This Committee is appointed by the Senate for the double purpose of spreading information among students about public examinations and appointments outside the University and of acting as a nominating body in the case of candidates for appointments where such preliminary nomination is required. The following information about some of the chief examinations and appointments for which a University training is suitable must not be regarded as exhaustive, but may be useful as indicating the scope of the Committee's work.

Clerkships, Class I., in the Home Civil Service:

Civil Service of India:

*Eastern Cadetships (Ceylon, Hong Kong, Straits Settlements)
in the Colonial Service.*

About seventy posts are filled by open competition at a joint examination held annually in London in August. Names must be entered by July 1st on a prescribed form, to be obtained from the Secretary to the Civil Service Commission, Burlington Gardens, London, W.

The limit of age for candidates is 22 to 24 on August 1. An entrance fee of £6 must be paid by each competitor. There is a choice of twenty-five subjects, marked at varying values. None of these are compulsory, although it is customary for every candidate to take the English Composition—an Essay—marked at 500 maximum. The only restraint on the choice of a candidate is that the maximum number of marks which can be obtained from the subjects chosen must not exceed 6000.

All the subjects are examined up to a high honours standard, and an intending competitor should be capable of obtaining First or good Second Class Honours in at least one Honours group, or of gaining distinction in the examination for the B.Sc. degree.

Civil Service of Egypt and the Soudan.

Names are forwarded in the first instance by the appointments Boards of Universities, and candidates are selected from such nominees by a Committee appointed by the Government of Egypt. The necessary qualifications for nomination are an Honours degree, physical fitness, and (especially important) proved capacity of management in such ways as are open to schoolboys or undergraduates. Candidates should be about 22 or 23 years of age.

Indian Education Department.

Professorships in Government Colleges, Inspectorships of Schools, Headmasterships in certain Secondary Schools, Superintendentships of Schools of Arts.

The limits of age are 23 to 30. The qualifications are an Honours degree, a University diploma, experience as a teacher, knowledge of special subjects, bodily activity and proficiency in games.

Application for forms of entry must be made in the first instance to the Secretary of the Judicial and Public Department, India Office, London. The form, when filled up, should be sent with the necessary testimonials to the Convener of the University Appointments Committee. The appointments are made, as vacancies occur, by the Secretary of State for India out of the list of names forwarded by this and similar Committees.

Commissions in the Regular Forces.

Graduates of a Scottish University, either M.A. or B.Sc., are eligible for Commissions in the Army, but must prepare themselves during their student career by a course of lectures in military subjects and of practical training. The age limit for graduates is 20-25 for the British Army, 20-24 for the Indian Army.

Police Service of India, Hong Kong, Straits Settlements, and Federated Malay States.

A number of posts in the Indian Service are offered for competition every year: posts in Further India are filled up as vacancies occur. When necessary, one examination is held for both services, and candidates may sit it either in London, in which case the fee is £2, or in Edinburgh, in which case the fee is £3. Names must be entered by May 1st on a prescribed form to be obtained from the Secretary, Judicial and Public Department, India Office, London. The examination is held in June or July. The limits of age for candidates are 19-21. There is a choice of nine subjects (Mathematics counting as two), all bearing the same maximum of marks (2000). Of these English alone is compulsory. Any four other subjects may be offered. Freehand Drawing, however, is an optional additional subject, not included in the nine, and carrying 250 marks. The standard is that of Honours or of a good all-round Ordinary degree.

Colonial Appointments.

There are a large number of posts in Colonies administered by the Colonial Office, in which appointments are made directly by the Secretary of State for the Colonies. There is a steady demand for young qualified medical men: there is not much opening for lawyers or chartered accountants: a few appointments are made every year to administrative posts of various kinds. The chief openings are in Nigeria, East Africa, and Uganda, but vacancies also occur in other places. Candidates must be over 24 years of age, and application must be made to the Secretary of State for the Colonies, Downing Street, London, whose Private Secretary will supply a form to be filled up. It is essential that anyone desiring a Colonial post should interview the Private Secretary at the earliest opportunity. There is no examination; appointments are made when vacancies occur, so that applicants will be obliged to wait at least six months. The official form, when filled up, should be sent in through the Convener of the University Appointments Committee.

Examinerships in the Exchequer and Audit Departments:

Junior Appointments in the Supply and Accounting Departments of the Admiralty:

Second-class Assistant Accountants in the Army Accounts Department:

Junior Appointments in the Royal Ordnance Factories.

These are all combined, so far as there are vacancies, in one examination. The limits of age are 18 and 19½ on May 1 or November 1. There is an entrance fee of £3. The only compulsory subjects are English and Elementary Mathematics. There are a number of other subjects in which papers are set on two standards marked at 2000 and 4000 respectively. The maximum number of marks which can be obtained from the subjects chosen must not exceed 10,000. A candidate must include one language among his chosen subjects. The standard is that of a fair Ordinary degree.

Other services for which a good degree (M.A. or B.Sc.) is a suitable preparation are Student Interpreterships in the Ottoman Dominions, Persia, Greece, and Morocco, and in China, Japan, and Siam; the Consular Service; Indian Forest Service; Assistantship in special departments in the British Museum; Assistant Examinerships in the Patent Office; Junior Inspectorships in the Board of Education, Whitehall; Administrative posts in Crown Colonies. Information about these and other posts may be obtained from the Convener of the University Committee.

For graduates with a degree in Engineering there are openings as Assistant Engineers in the Indian Public Works, in the Admiralty, and in the General Post Office.

For graduates with a Medical degree information can be supplied about the Indian Medical Service, medical appointments in the Colonies and Protectorates, the Royal Army Medical Corps, and the Medical Department of the Royal Navy.

The Committee of the Senate consists of the Principal, Professors Bower, Barr, Biles, Jones, Smart, Glaister, Phillimore, Gray, Medley, Sir H. C. Cameron, Latta, Latham, Gibson, and Dr. R. A. Duff—Professor Medley, Convener.

II.—TABLE OF UNIVERSITY FEES.

I.—MATRICULATION FEES [Ord. No. 50, Sec. i.].

At the commencement of each Academical Year, which extends from 1st October to 30th September, and includes both Winter and Summer Sessions, ...	£1 1 0
At the commencement of each Summer Session, if the Student has not matriculated for the Academical Year then current,	0 10 6

II.—ENTRANCE FEES [Ord. No. 50, Sec. ii.].

On admission of persons who are not matriculated Students to any single class, <i>if permitted by the University Court in special circumstances</i> ,	0 5 0
--	-------

N.B.—Attendance under this Regulation does not qualify for Graduation, and no Certificate for such attendance is given. The Entrance Fee confers no University privileges other than the right of attendance above mentioned.

III.—ENROLMENT FEES [Ord. No. 12, Sec. v., Ord. No. 14, Sec. viii. 5, Ord. No. 23, Sec. vi., Ord. No. 134, Sec. v.].

At the commencement of each year of attendance on the lectures of Extra-Academical Teachers in Glasgow, whose Lectures are recognised for Graduation in Medicine or Science,	1 1 0
---	-------

IV.—EXAMINATION FEES.

Preliminary Examinations in Arts, Science, or Medicine —[Ord. No. 13, Sec. xii.].	
On each entry for Examination,	0 10 6
Degree of Master of Arts (M.A.)—[Ord. No. 50, Sec. iii.].	
The Fee for this Degree is	5 5 0
Payable £1 1s. on entering for Examination in each subject till £5 5s. are paid.	
Degree of Bachelor of Science (B.Sc.)—[Ord. No. 50, Secs. iv.–vii.].	
The Fee for this Degree is	6 6 0
Payable £1 1s. on entering for Examination in each subject till £6 6s. are paid.	
Diploma in Education—	
On entering for Examination,	2 2 0
Certificate in Engineering Science—	
On entering for last subject of Examination,	1 1 0
Degree of Doctor of Letters (D.Litt.)—[U.C. Ord. No. xxvi., Sec. xiv.].	
On lodging Thesis,	10 10 0
Degree of Doctor of Philosophy (D.Phil.)—[U.C. Ord. No. xxvi., Sec. xiii.].	
On lodging Thesis,	10 10 0

Degree of Doctor of Science (D.Sc.)—[U.C. Ord. No. xxvi., Sec. xii.]			
On lodging Thesis,	£10	10	0
Degrees of Bachelor of Medicine (M.B.), and Bachelor of Surgery (Ch.B.)—[Ord. No. 14, Sec. xxiii.]			
On entering for First Professional Examination, ...	6	6	0
„ Second „ „ ...	6	6	0
„ Third „ „ ...	5	5	0
„ Fourth „ „ ...	5	5	0
Degree of Doctor of Medicine (M.D.)—Old Regulations—			
On lodging Thesis,	5	5	0
Degree of Doctor of Medicine (M.D.)—New Regulations—[Ord. No. 14, Sec. xxiii.]			
On entering for Examination and lodging Thesis, ...	10	10	0
Degree of Master of Surgery (Ch.M.)—[Ord. No. 14, Sec. xxiii.]			
On entering for Examination and lodging Thesis, ...	10	10	0
Degree of Bachelor of Laws (LL.B.)—[Ord. No. 50, Sec. xii.]			
The Fee for this Degree is	6	6	0
Payable £1 ls. on entering for each subject till £6 6s. are paid.			
Degree of Bachelor of Law (B.L.)—[Ord. No. 50, Sec. xi.]			
The Fee for this Degree is	5	5	0
Payable £1 ls. on entering for each subject till £5 5s. are paid.			
Degree of Bachelor of Divinity (B.D.)—[Ord. No. 50, Sec. xiii.]			
On entering for Examination in First Department, ...	2	12	6
„ „ Second „ „ ...	2	12	6

V.—CLASS FEES (*see* pages 62—70 and 176, 177).

VI.—LIBRARY FEES [Ord. No. 64, Secs. x.—xiii.]

Each Member of the General Council, each year (commencing 1st October) in which he wishes use of Library,	0	10	6
Or,			
This may be compounded for by a single payment of ...	5	5	0
Every Matriculated Student enrolled in a Class, and every Extra-Mural Student, who wishes use of Library, a <i>deposit</i> of	1	0	0
Special Readers—each year in which the privilege is granted,	0	10	6

VII.—REGISTRATION FEE.

All Candidates proceeding to Graduation after Examination who are not already members of the General Council are required by the Act 44 and 45 Vict., Ch. 40, to pay the Registration Fee, with a view to their names being enrolled in the General Council. The Fee is	1	0	0
--	---	---	---

III.—SEPARATE FACULTIES AND CLASSES.

A. ARTS.

In the Faculty of Arts the twenty-five teaching weeks of the session are distributed over three terms as follows :

First term begins on 17th October, and ends on 23rd December, 1910.
 Second " " 10th January, " " 23rd March, 1911.
 Third " " 25th April, " " 26th May, 1911.

B. OTHER FACULTIES.

In the Faculties of Science, Medicine, and Law, the Session falls into two sections, a Winter and a Summer Session ; in the Faculty of Theology the teaching meanwhile does not extend beyond the Winter Session.

The Winter session begins on 17th Oct., 1910, and ends on 23rd Mar., 1911
 The Summer " " 25th Apr., 1911, " " 4th July, 1911.

C. CLASS-HOURS AND CLASS-FEES.

I.—ARTS.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Latin</i> ,	9 a.m.,	£4 4	
— <i>Intermediate</i> ,	1 p.m.,	4 4	} PROF. PHILLIMORE
— <i>Honours</i> ,	11 a.m.,	4 4	
— <i>Prose</i> ,	11 a.m., Thurs.,	1 1	
<i>Greek</i> ,	8 a.m.,	4 4	} PROF. DAVIES.
— <i>Intermediate</i> ,	12 noon,	4 4	
— <i>Honours</i> ,	10 a.m. (12 on Thurs.),	4 4	
— <i>Prose</i> ,	(once weekly),	1 1	
<i>English</i> ,	11 a.m.,	4 4	} PROF. DIXON.
— <i>Higher Ordinary</i> ,	11 a.m.,	4 4	
— <i>Honours</i> ,	12 noon,	4 4	
<i>English Language, Honours</i> (see p. 80),		4 4	Mr. R. Girvan.
<i>British History, Honours</i> ,	10 a.m.,	4 4	Mr. J. M. Ramsay
<i>French</i> ,	12 noon,	4 4	} M. Charles Marti
— <i>Intermediate</i> ,	11 a.m.,	4 4	
— <i>Honours</i> ,	11 a.m.,	4 4	
<i>German</i> ,	10 a.m.,	4 4	} Dr. H. Smith.
— <i>Intermediate</i> ,	9 a.m.,	4 4	
— <i>Honours</i> ,	9 a.m.,	4 4	
<i>English Language, Honours</i> (see p. 80),		4 4	Mr. R. Girvan.
<i>Italian</i> ,	2 p.m.,	4 4	} (vacant).
— <i>Honours</i> ,	3 p.m.,	4 4	
— <i>Elementary</i> ,	4 p.m. (see p. 85),	2 2	
<i>Hebrew, Junior</i> (Oct.-Mar.),	10 a.m.,	3 3	} PROF. STEVENSON
— <i>Senior</i> (Oct.-Mar.),	11 a.m. (see p. 161),	4 4	
— <i>Honours</i> ,	9 a.m., three days weekly,	4 4	
<i>Syrac</i> (Oct.-Mar.),	(see p. 161),	2 2 ¹	
<i>Hebrew, Elementary</i> (Oct.-Dec.), (see p. 161),		2 2	Mr. D. F. Robert

¹ For Students who are attending, or have attended, the Hebrew Class, the Fee is £1 1s

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Arabic</i> (Oct.-Mar.), . . .	(see p. 162), . . .	£4 4	} Mr. T. H. Weir.
— (Half Course), . . .	(see p. 162), . . .	2 2	
<i>Celtic</i> , . . .	4 p.m., . . .	4 4	} Dr. Geo. Henderson.
— <i>Honours</i> ,	4 4	
<i>Logic and Metaphysics</i> , . . .	9 a.m., . . .	4 4	} PROF. LATTA.
— <i>Higher Ordinary</i> , . . .	9 a.m., . . .	4 4	
— <i>Honours</i> , . . .	11 a.m., . . .	4 4	
<i>Experimental Psychology</i> , . . .	3-5 p.m., Mon., Thurs.,	4 4	} Dr. H. J. Watt.
<i>Moral Philosophy</i> , . . .	8 a.m., . . .	4 4	
— <i>Intermediate</i> , . . .	(see p. 89), . . .	4 4	} PROF. JONES.
— <i>Honours</i> , . . .	12 noon, . . .	4 4	
<i>Political Philosophy</i> , . . .	4 p.m. (see p. 90), . . .	3 3 ¹	} Dr. R. A. Duff.
<i>Political Economy</i> , . . .	2 p.m., . . .	4 4	
— <i>Honours</i> , . . .	3 p.m., . . .	4 4	} PROF. SMART.
<i>Social Economics</i> , . . .	4 p.m. (see p. 91), . . .	3 3 ¹	
<i>Economic History</i> , . . .	(see p. 92), . . .	3 3	Mr. R. Richards.
<i>Education</i> , . . .	4.15 p.m., . . .	4 4	Mr. W. Boyd.
<i>Mathematics</i> , . . .	8 a.m., or 12 noon, . . .	4 4	} PROF. GIBSON.
— <i>Higher Ordinary</i> , . . .	10 a.m., . . .	4 4	
— <i>Honours (Intermed.)</i> , . . .	10 a.m., . . .	4 4	
— <i>Honours (Advanced)</i> , . . .	11 a.m., . . .	4 4	
<i>Natural Philosophy (Lectures)</i> , . . .	9 a.m., . . .	4 4	} PROF. GRAY.
— (Lectures and Practical Work), . . .	(see p. 97), . . .	6 6	
— <i>Higher Class C.</i> , . . .	12 noon, Mon., Tu., Th.,	4 4	
— <i>Higher Class A.</i> , . . .	1 p.m., Mon.; and 12 noon, Wed., Fri.,	4 4	
— <i>Higher Classes A. and C. in one Session</i> ,	5 5	} PROF. BECKER.
<i>Physical Laboratory, Whole Session</i> (6 hours weekly),	6 6	
— <i>Half</i> „ (6 hours weekly),	3 3 ²	
— „ „ (10 hours weekly),	4 4 ²	} PROF. FERGUSON.
<i>Astronomy, First</i> , . . .	3 p.m., Mon., Wed., and Fri. (see p. 103), . . .	2 2	
— <i>Second</i> , . . .	3 p.m., Tues., Th., and Fri. (see p. 104), . . .	2 2	
— <i>First and Second in same Session</i> ,	4 4	
<i>Chemistry</i> , . . .	10 a.m., . . .	4 4	} PROF. KERR.
<i>Chemical Laboratory</i> , . . .	10 a.m. to 4 p.m., . . .	10 10	
— (Half Session),	5 5 ²	} PROF. BOWER.
<i>Zoology (Elementary)</i> , . . .	9 a.m., . . .	4 4	
<i>Zoological Laboratory (Elementary)</i> , . . .	11 a.m. or 3 p.m., . . .	3 3	} PROF. BOWER.
<i>Zoology, Advanced</i> (Jan.-Mar.), . . .	(see p. 121), 9 a.m., . . .	3 3 ³	
<i>Botany, Advanced</i> , . . .	10 a.m. (see p. 119), . . .	3 3 ⁴	} PROF. BOWER.
<i>Botanical Laboratory, Advanced</i> , . . .	(see p. 120), . . .	3 3 ⁴	
<i>Botany [Half Course for M.A.]</i> , . . .	(Oct.-Dec.), . . .	4 4 ⁶	} Dr. A. A. Lawson.
— . . .	(Apr.-June), . . .	3 3 ⁵⁶	

¹ Fee for Political Philosophy and Social Economics taken in a single session, £5 5s.

² The Physical Laboratory and the Chemical Laboratory may be attended also in the Summer Session (April-June). Fees same as for "Half Session."

³ See seventh note on p. 65. There is also an Advanced Zoology Class in the Summer Session (April-June).

⁴ See fourth note on page 65. Advanced Courses are given also in the Summer Session (April-June).

⁵ To be preceded for graduation purposes by the Winter Half Course (Oct.-Dec.).

⁶ In both Half Courses in Botany the class hours are: Lectures, 12 noon; Laboratory, 4 p.m.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Geology (Lectures and Practical),</i>	4.30 p.m.,	£5 5	PROF. GREGORY.
<i>Geography,</i>	11 a.m.,	4 4	} H. G. Lyons, F.R.S.
— <i>Advanced,</i>	(see p. 100),	4 4 ¹	
<i>History,</i>	10 a.m.,	4 4	
— <i>Higher Ordinary,</i>	10 a.m. (see p. 101),	4 4	} PROF. MEDLEY.
— <i>Honours,</i>	11 a.m.,	4 4	
<i>Constitutional Law and</i>	} 4.30 p.m.,	4 4	} Dr. W.S. M'Kechnie.
<i>History,</i>			
— <i>Honours,</i>	3 p.m.,	4 4	
<i>Roman Law,</i>	5.30 p.m.	4 4	Mr. W. Dunbar.

Beginning on Tuesday, 25th April, 1911.

<i>Hebrew, Senior (esp. for B.D.),</i>	9 a.m.	£2 2	} PROF. STEVENSON and Mr. D. F. Roberts.
— <i>Honours (Qual. Half-Course,)</i>	10 a.m.	2 2 ²	
<i>Syriac (Adv.) or Comparative Semitic</i>	}	1 1	} PROF. STEVENSON.
<i>Philology and Aramaic,</i>			
<i>Arabic (Elementary or Advanced),</i>		2 2	Mr. T. H. Weir.

II.—SCIENCE.³

WINTER SESSION, 1910-11.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Mathematics,</i>	8 a.m. or 12 noon,	£4 4	} PROF. GIBSON.
— <i>Higher Ordinary,</i>	10 a.m.,	4 4	
— <i>Honours (Intermed.),</i>	10 a.m.,	4 4	
— <i>Honours (Advanced),</i>	11 a.m.,	4 4	
— <i>First Course for Engineers,</i>	12 noon,	4 4	
— <i>Second Course for Engineers,</i>	11 a.m.,	4 4	
<i>Natural Philosophy (Lectures),</i>	9 a.m.,	4 4	} PROF. GRAY.
— <i>(Lectures and Practical Work),</i>	(see p. 97),	6 6	
<i>Nat. Phil., Higher Class C.,</i>	12 noon, Mon., Tu., Th.,	4 4	
<i>Nat. Phil., Higher Class A.,</i>	1 p.m., Mon.; 12 noon, Wed., Fri.,	4 4	
— <i>B. (For Engineers)</i>	12 noon, Mon., Tu., Th.,	4 4	
— <i>A. and C. or A. and B. in One Session,</i>		5 5	} Dr. G. E. Allan.
<i>Physics for Public Health (Half Session),</i>		2 2	
<i>Physical Laboratory, Whole Session</i>	(6 hours weekly),	6 6	
— <i>Half</i>	(6 hours weekly),	3 3	
— "	(10 hours weekly),	4 4	} PROF. BECKER.
<i>Electricity,</i>	12 noon, Wed. and Fri.,	3 3	
<i>Astronomy, First,</i>	3 p.m., Mon., Wed., and Fri. (see p. 103),	2 2	
— <i>Second,</i>	3 p.m., Tues., Th., and Fri. (see p. 104),	2 2	
— <i>First and Second in same Session,</i>		4 4	

¹ Fee for students who have already attended the Ordinary Class in Geography, £2 2s.

² Students who joined the Honours Hebrew Class in October are not required to pay this fee.

³ Any Graduate in Science shall be allowed to enter any Laboratory Course within the curriculum of the degree which he has taken, on payment of half the ordinary fee for such course, provided that if the course be required for further graduation he shall pay the full fee.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Chemistry</i> ,	10 a.m.,	£4 4	} PROF. FERGUSON.
<i>Chemical Laboratory</i> ,	10 a.m. to 4 p.m.,	10 10	
(<i>Half Session</i>),	5 5	
<i>Chemistry (for Students of Engineering, Mining, or Naval Architecture)</i> ,	10 a.m.,	4 4	Dr. C. H. Desch.
<i>Physical Chemistry</i> ,	9 a.m. (see p. 107),	3 3	} Mr. F. Soddy.
— <i>Practical Course</i> ,	8	
<i>Radio-activity</i> ,	(In Summer, 1911),	2 2	} Dr. T. S. Patterson.
<i>Organic Chemistry, Elem.</i> ,	(see p. 104),	1 1	
— <i>Advanced</i> ,	9 a.m. (see p. 105),	3 3	
<i>Metallurgical Chemistry</i> ,	12 noon,	4 4	} Dr. C. H. Desch.
— <i>Class A. (Oct.-Dec.) or Class B. (Jan.-Mar.)</i> ,	2 2	
<i>Metallurgical Laboratory</i> ,	10 a.m. to 4 p.m.,	5 5 ⁹	
<i>Anatomy, Junior</i> ,	11 a.m.,	4 4 ²	} PROF. BRYCE and Demonstrators.
— <i>Senior</i> ,	1 p.m.,	4 4 ²	
<i>Practical Anatomy</i> ,	9 a.m. to 4.45 p.m.,	3 3 ³	
<i>Physiology</i> ,	12 noon,	4 4 ²	} PROF. NOËL PATON and Muirhead Demonstrator.
<i>Practical Physiology</i> (see p. 126),	4 4 ² ⁶	
<i>Physiological Laboratory</i> ,	(see p. 127),	10 10	
(<i>Half Session</i>),	5 5	} Dr. E. P. Cathcart.
<i>Physiological Chemistry</i> ,	(see p. 128),	2 2	
<i>Psychology</i> ,	(see p. 128),	4 4	
<i>Zoology, Elementary</i> ,	9 a.m.,	4 4 ²	} PROF. KERR.
<i>Zoological Laboratory, Elementary</i> ,	11 a.m. or 3 p.m.,	3 3	
<i>Zoology, Advanced (Jan.-Mar.)</i> ,	9 a.m. (see p. 121),	3 3 ⁷	
<i>Botany, Advanced</i> ,	10 a.m. (see p. 119),	3 3 ⁴	} PROF. BOWER.
<i>Botanical Laboratory, Advanced</i> ,	(see p. 120),	3 3 ⁴	
<i>Geology (Public Health)</i> ,	4.30 p.m.,	3 3	
— (<i>Mining</i>), <i>Part I.</i> ,	4.30 p.m.,	3 3 ¹	} PROF. GREGORY.
— <i>Part II.</i> (see p. 109),	2 2	
— (<i>Agriculture</i>),	4.30 p.m.,	4 4 ²	
— (<i>Engineering</i>),	4.30 p.m.,	4 4 ²	
<i>Geology and Mineralogy</i> ,	4.30 p.m.,	5 5	
— (<i>Advanced</i>),	5.30 p.m.,	5 5	
<i>Practical Geology</i> ,	4.30 p.m. to 6.30 p.m.,	3 3 ⁵	

¹ If with Practical Class, £5 5s.

² Fee for a second or subsequent Session, £3 3s.

³ Students who have taken two winters and two summers of Practical Anatomy, as well as the Junior and Senior Lecture courses, may afterwards enrol in Practical Anatomy at £1 1s.

⁴ Students who have attended Lectures or Laboratory Classes in Botany and paid fees amounting to at least £13 13s., in respect of such classes, may afterwards enrol in any lecture or Laboratory Class in Botany for £1 1s.

⁵ Fee for Students who have already attended the Geology Class in the University, £2 2s.

⁶ Fee includes Histology in the following summer session.

⁷ Students who have attended Lectures or Laboratory Classes in Zoology and paid fees amounting to at least £13 13s., in respect of such classes, may afterwards enrol in any lecture or Laboratory Class in Zoology for £1 1s.

⁸ Students must be enrolled for the Chemical Laboratory.

⁹ Half-day attendance.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Public Health,</i>	12 noon, 4 days weekly,	£1 4 2	} PROF. GLAISTER and Assistants.
<i>Public Health Laboratory,</i> . .	10 a.m. to 4 p.m.,	12 12	
— (Half Session),	6 6	
<i>Engineering, Class I.,</i>	9 a.m.,	2 2	} PROF. BARR, Lec- turers and Demon- strators.
— <i>II.,</i>	10 a.m., Mon., Wed., Fri.,	2 2	
— <i>III.,</i>	10 a.m., Mon., Wed., Fri.,	2 2	
— <i>IV.,</i>	9 a.m. daily, ex. Sat.,	4 4 2	
<i>Engineering Drawing, etc.,</i> {	9 a.m. to 5 p.m. daily,		
— except Sat.,	4 4 2	
<i>Engineering Laboratory,</i> . .	9 a.m. to 5 p.m., . .	10 10	
— (Second Session),	5 5	
<i>Engineering Laboratory, Me- chanical or Electrical,</i> . . }	9 a.m. to 5 p.m., . .	3 3	
<i>Electrical Engineering, Class I.,</i>	8 a.m. Mon., Wed., Fri.,	2 2	} Mr. J. S. Nicholson.
— <i>Class II.,</i> 8 a.m. Tues., Thur., Sat.,	2 2	
<i>Mining, Class I.,</i>	3 p.m., Mon., Wed., . .	2 2	} PROF. LATHAM.
— <i>II.,</i>	3 p.m., Tues., Thurs., . .	2 2	
— <i>III.,</i>	3 p.m., Fri.,	1 1	
— <i>IV. (Practical),</i> (see p. 116),	1 1	
<i>Mine Management, Class I.,</i> . .	7.30 p.m., Mon.,	1 1	
— <i>II.,</i> 7.30 p.m., Tues.,	1 1	
— <i>III. (Practical),</i> (see p. 116),	1 1	
<i>Naval Architecture and Marine Engineering, Junior,</i> {	12 noon, Mon., Wed.,		} PROF. BILES.
— <i>Senior,</i> {	Fri.,	3 3	
— <i>Practical, Junior,</i> {	11 a.m., Mon., Tu., Th.,	3 3	
— <i>Senior,</i> {	2 to 5 p.m., Tu., Wed.,		
— {	Th., and Fri.,	3 3	
— {	2 to 5 p.m., Tu., Wed.,		
— {	Th., and Fri.,	3 3	

SUMMER SESSION, 1911.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Zoology, Advanced,</i>	9 a.m.,	£3 3 4	PROF. KERR.
<i>Botany, Elementary,</i>	8 a.m. (see p. 119), . .	4 4 2	} PROF. BOWER.
<i>Botany, Advanced,</i>	3 p.m. (see p. 120), . .	3 3 3	
<i>Botanical Laboratory,</i>	9 a.m. to 4 p.m., . .	3 3 3	
— <i>Advanced,</i> (see p. 120),	3 3 3	
<i>Physical Laboratory,</i>	(10 hours weekly), . .	4 4 4	} PROF. GRAY.
—	(6 hours weekly), . .	3 3 3	
<i>Chemical Laboratory,</i>	10 a.m. to 4 p.m., . .	5 5	PROF. FERGUSON.
<i>Organic Chemistry, Adv.,</i> . .	9 a.m. (see p. 105), . .	3 3 1	Dr. T. S. Patterson.
<i>Radio-activity,</i>	(see p. 108),	2 2	Mr. F. Soddy.
<i>Metallography,</i>	(see p. 106),	1 1	Dr. C. H. Desch.
<i>Metallurgical Laboratory,</i> . .	10 a.m. to 4 p.m., . .	5 5	Dr. C. H. Desch.

1 Students are permitted to enrol in the Summer Session for this class only by arrangement with the Lecturer. The class ordinarily begins in October.

2 Fee for a second or subsequent session, £3 3s.

3 See fourth note on page 65.

4 See seventh note on p. 65.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Practical Anatomy</i> , . . . 9 a.m. to 4 p.m., .	£2 24	} PROF. BRUCE and Demonstrators. Dr. J. F. Gemmill.	
<i>Embryology</i> , . . . 11 a.m. (see p. 125), .	2 2		
<i>Embryological Laboratory</i> , . . . 9 a.m. to 4 p.m. (see p. 125), .	3 3		
<i>Practical Anatomy and Embryology</i> , if taken together, . . .	3 3		
<i>Applied Anatomy</i> , . . . 1 p.m., (see p. 126), .	2 2	} Dr. R. Kennedy.	
<i>Practical Physiology</i> , . . . 9 to 11 a.m., (see p. 126), .	4 4 ⁵		
----- <i>Advanced</i> (see p. 127), .	4 4 ²⁶		
<i>Physiological Laboratory</i> , 10 a.m. to 4 p.m., .	5 5	} PROF. NOËL PATON and Muirhead Demonstrator.	
<i>Public Health Laboratory</i> , (see p. 133), .	6 6		PROF. GLAISTER.

III.—MEDICINE.

WINTER SESSION, 1910-11.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Zoology, Elementary</i> , . . . 9 a.m., .	£4 4 ²	} PROF. KERR.	
<i>Zoological Laboratory, Elementary</i> , . . . } 11 a.m. or 3 p.m., .	3 3		
<i>Chemistry</i> , . . . 10 a.m., .	4 4 ²		
<i>Chemical Laboratory</i> , . . . 10 a.m. to 4 p.m., .	10 10	} PROF. FERGUSON.	
----- (Half Session), . . .	5 5		
<i>Organic Chemistry, Elem.</i> , . . (see p. 104), .	1 1	} Dr. T. S. Patterson.	
<i>Anatomy, Junior</i> , . . . 11 a.m., .	4 4 ²		
----- <i>Senior</i> , . . . 1 p.m., .	4 4 ²	} PROF. BRUCE and Demonstrators.	
<i>Practical Anatomy</i> , . . . 9 a.m. to 4.45 p.m., .	3 3 ⁴		
<i>Physiology</i> , . . . 12 noon, .	4 4 ¹	} PROF. NOËL PATON and Muirhead Demonstrator.	
<i>Practical Physiology</i> , . . (see p. 126), .	4 4 ³		
<i>Physiological Laboratory</i> , . . (see p. 127), .	10 10		
----- (Half Session), . . .	5 5		
<i>Physiological Chemistry</i> (see p. 128), . . .	2 2	} Dr. E. P. Cathcart.	
<i>Psychological Physiology</i> (see p. 128), . . .	4 4		Dr. H. J. Watt.
<i>Materia Medica and Therap.</i> , 11 a.m., .	4 4 ¹	} PROF. STOCKMAN.	
<i>Pathology</i> , . . . 3 p.m., .	4 4 ¹		PROF. MUIR.
<i>Surgery</i> , . . . 12 noon, .	4 4 ¹	} PROF. SIR WM. MACEWEN.	
<i>Midwifery</i> , . . . 2 p.m., .	4 4 ¹		PROF. M. CAMERON.
<i>Practice of Medicine</i> , . . . 11 a.m., .	4 4 ¹	} PROF. GEMMELL.	
<i>Clinical Medicine</i> , . . . 9 a.m., .	3 3		PROF. ——— and PROF. GEMMELL.
<i>Clinical Surgery</i> , . . . 9.15 a.m., .	3 3	} PROF. ——— and PROF. SIR WM. MACEWEN.	

¹ Fee for a second or subsequent session, £3 3s.² Fee for a Second or subsequent Course, £3 3s.³ Fee for a second attendance, £3 3s. See also fourth note on p. 68.⁴ Students who have taken two winters and two summers of Practical Anatomy, as well as a Junior and Senior Lecture Courses, may afterwards enrol in Practical Anatomy at £1 1s.⁵ See fourth note on p. 68.⁶ The Fee covers the continuation of the course in the following Winter Session.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Public Health,</i>	12 noon, four days weekly,	4 4 ¹	} PROFESSOR GLAISTER and Assistants.
<i>Public Health Laboratory,</i>	10 a.m. to 4 p.m.,	12 12	
—————(<i>Half Session</i>),	6 6	
<i>Ear,</i>	{ 4 p.m., Wed. (University), 4 p.m., Mon. or Thurs., (Western Infirmary), }	1 1	Dr. Thomas Barr.
<i>Throat and Nose,</i> {	{ 4 p.m., Th. (University), 4 p.m., Tues. or Fri. (Western Infirmary), }	1 1	J. Walker Downie, M.B.

SUMMER SESSION, 1911.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Physics,</i>	11 a.m.,	£3 3	Dr. James G. Gray.
<i>Practical Physics,</i> 9 a.m. to 11 a.m. or 2 p.m. to 4 p.m. (see p. 99),	2 2	} PROF. GRAY.
<i>Botany,</i>	8 a.m. (see p. 119),	4 4 ¹	
<i>Botanical Laboratory,</i>	9 a.m. to 4 p.m.,	3 3 ²	PROF. BOWER.
<i>Clinical Medicine,</i>	9 a.m.,	2 2	{ PROF. ——— and PROF. GEMMELL.
<i>Clinical Surgery,</i>	9.15 a.m.,	2 2	
<i>Chemical Laboratory,</i>	10 a.m. to 4 p.m.,	5 5	PROF. FERGUSON.
<i>Practical Anatomy,</i>	9 a.m. to 4 p.m.,	2 2 ³	{ PROF. BRYCE and Demonstrators.
<i>Embryology,</i>	11 a.m. (see p. 125),	2 2	
<i>Embryological Laboratory,</i>	9 a.m. to 4 p.m. (see p. 125),	3 3	} Dr. J. F. Gemmill.
<i>Practical Anatomy and Embryology, if taken together,</i>	3 3	
<i>Applied Anatomy,</i>	1 p.m., (see p. 126),	2 2	Dr. Robert Kennedy.
<i>Practical Pharmacy,</i>	12 noon,	3 3	PROF. STOCKMAN.
<i>Practical Physiology,</i>	9 to 11 a.m. (see p. 126),	4 4 ⁴	{ PROF. NOEL PATON and Muirhead Demonstrators.
<i>Physiological Laboratory,</i>	(see p. 127),	5 5	
<i>Medical Jurisprudence and Public Health,</i>	{ 11 a.m.,	4 4 ¹	} PROF. GLAISTER.
<i>Public Health Laboratory,</i> (see p. 133),	6 6	

¹ For first or second or subsequent session, £2 3s.

² See fourth note on page 65.

³ Students who have taken two winters and two summers of Practical Anatomy, as well as the Junior and Senior Lecture Courses, may afterwards enrol in Practical Anatomy at £1.

⁴ The fee covers the whole course, viz.: I. In summer, Practical Histology; II. In winter, Practical General Physiology (Oct.-Dec.) and Practical Chemical Physiology (Jan.-Mar.). Students should take Practical Histology before attending the winter *Systematic* Class. Students who have already attended the Practical Physiology Course may enrol for £1 in any one of the three sections.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Practical Pathology</i> , ²	1 to 3 p.m. (see p. 130),	£3 3	PROF. MUIR.
<i>Operative Surgery</i> ,	{ 12 noon, with practical work at other hours as may be arranged, . . . }	3 3	PROF. SIR WM. MACEWEN.
<i>Diseases of Women</i> ,	2 p.m., Tu., Th., Fri.,	2 2	PROF. M. CAMERON.
<i>Insanity</i> ,	{ 12 noon, Wed. (University), 10 a.m., Sat. (Gartnavel), }	2 2	L. R. OSWALD, M.B.
<i>Dermatology</i> ,	(see p. 141), . . .	1 11 6	J. WYLLIE NICOL, M.B.
<i>Ear</i> ,	{ 4 p.m., Wed. (University), 4 p.m., Mon. or Thurs., (Western Infirmary), }	1 1	Dr. THOMAS BARR.
<i>Throat and Nose</i> ,	{ 4 p.m., Th. (University), 4 p.m., Tues. or Friday, (Western Infirmary), }	1 1	J. WALKER DOWNIE, M.B.

IV.—LAW.

WINTER SESSION, 1910-11.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Scots Law</i> ,	8 a.m.,	£4 4 ¹	PROF. GLOAG.
<i>Civil Law</i> ,	5.30 p.m.,	4 4 ¹	MR. WM. DUNBAR.
<i>Conveyancing</i> ,	8 a.m.,	4 4 ¹	PROF. MOIR.
<i>Constitutional Law and History</i> ,	4.30 p.m.,	4 4 ¹	} Dr. W. S. M'KECHNIE.
(Half Course),		3 3	
<i>Mercantile Law</i> ,	5.30 p.m.,	4 4 ¹	} Mr. T. G. WRIGHT.
(Half Course),		3 3	
<i>Public International Law</i> ,	(Oct.-Dec.) 9 a.m. (see page 151),	3 3	} Mr. A. H. CHARTERIS.
<i>International Private Law</i> (in Summer),

SUMMER SESSION, 1911.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Evidence and Procedure</i> ,	8.45 a.m.,	£3 3	MR. R. LAMOND.
<i>International Private Law</i> ,	8.45 a.m.,	3 3	MR. A. H. CHARTERIS.

¹ Fee for a second or subsequent session, £3 3s.² After first Lecture, the Class will meet in divisions.

V.—THEOLOGY.

MONDAY, 17TH OCTOBER, 1910.

<i>Classes.</i>	<i>Hours.</i>	<i>Class Fees.</i>	
<i>Divinity, Junior,</i>	11 a.m.,	£3 3	} PROF. REID.
<i>Senior,</i>	12 noon,	3 3	
<i>Hebrew, Junior,</i>	10 a.m.,	3 3	} PROF. STEVENSON.
<i>Senior,</i>	11 a.m. (see p. 161),	3 3	
<i>Syriac,</i>	9 a.m., twice weekly,	2 2 ¹	
<i>Hebrew, Elementary</i> (Oct.-Dec.) (see p. 161),		2 2	Mr. D. F. Roberts.
<i>Arabic (Half Course),</i>	(see p. 162),	2 2	Mr. T. H. Weir.
<i>Ecclesiastical History, Junior,</i>	12 noon,	3 3	} PROF. COOPER.
<i>Senior,</i>	11 a.m.,	3 3	
<i>Biblical Criticism,</i>	10 a.m.,	3 3	} PROF. STEWART.
<i>New Testament Greek,</i>	9 a.m., Mon., Wed., Fri.,	2 2	

¹ For Students who are attending, or have attended, the Hebrew Class, the Fee is £1 1s.

Classes in Semitic Languages beginning on Tuesday, 25th April, 1911—see page 64.

In addition to the University Courses, the following Hospitals and Dispensaries afford ample means for Practical Instruction in the various departments of Medicine and Surgery :—

WESTERN INFIRMARY.—This Hospital contains 595 beds for medical and surgical patients, including two Wards for Skin Diseases (twenty beds), and two for diseases peculiar to females. *Physicians*—Prof. Samson Gemmell, M.D.; Prof. Ralph Stockman, M.D.; William MacLennan, M.B., C.M.; J. Wyllie Nicol, M.B., C.M. (Skin Department). *Honorary Consulting Physician*—Gavin P. Tennent, M.D. *Gynaecologists*—Professor Murdoch Cameron, M.D.; J. M. M. Kerr, M.D. *Honorary Consulting Gynaecologist*—W. L. Reid, M.D. *Assistant Physicians*—R. B. Ness, M.B.; William R. Jack, M.D.; James Carslaw, M.A., M.B., C.M.; John S. McKendrick, M.D. *Surgeons*—Professor Sir Hector C. Cameron, M.D.; Professor Sir William Macewen, M.D., LL.D., F.R.S.; J. C. Renton, M.D.; Sir George T. Beatson, K.C.B., M.D.; T. K. Dalziel, M.B.; James H. Nicoll, M.B. *Honorary Consulting Ophthalmic Surgeon*—T. Reid, M.D., LL.D. *Assistant Surgeons*—Duncan Macartney, M.D.; Robert Kennedy, M.A., D.Sc., M.D.; Alfred A. Young, M.A., M.B.; George Burnside Buchanan, B.A. (Cantab.), M.B., C.M.; John Morton, M.B.; Geo. H. Edington, M.D. *Dispensary Physicians*—

Robert Fullarton, M.A., M.B., Ch.B.; John Gracie, M.B., Ch.B.; Frank J. Charteris, M.D., Ch.B.; Alexander B. Sloan, M.D., Ch.B.; Leonard Findlay, M.D.; John P. Duncan, B.Sc., M.B., Ch.B. *Extra Dispensary Physicians*—M. R. Taylor, M.B., Ch.B.; George A. Allan, M.B., Ch.B.; J. R. C. Greenlees M.B., B.C.; George H. Clark, M.B., Ch.B.; Daniel R. Kilpatrick, M.B., Ch.B. *Dispensary Gynaecologists*—Samuel J. Cameron, M.B., Ch.B.; David Dickie, M.B., F.R.C.S. *Dispensary Surgeons*—Alexander MacLennan, M.B., C.M.; Archibald Young, B.Sc., M.B., C.M.; M. Logan Taylor, M.B., Ch.B.; W. W. Christie, M.D., C.M.; C. C. Cuthbert, M.A., M.D., Ch.B.; A. H. Edwards, M.B., C.M. *Extra Dispensary Surgeons*—Robert B. Carslaw, M.A., M.B., Ch.B.; William Rankin, M.A., M.B., Ch.B.; J. M. Renton, M.B., Ch.B.; Roy F. Young, M.B., B.C. *Anaesthetists*—James P. Boyd, M.B.; R. Home Henderson, M.D.; A. Dingwall Kennedy, M.B., Ch.B.; J. W. Renton, M.B., Ch.B. *Consulting Medical Electrician*—D. J. Mackintosh, M.B., M.V.O. *Medical Electricians*—J. G. Tomkinson, M.D.; Archibald Hay, M.A., M.D.; W. F. Somerville, M.A., B.Sc., M.D. *Dispensary Surgeon for Diseases of the Ear*—Thomas Barr, M.D. *Assistant Dispensary Surgeon for Diseases of the Ear*—J. Stoddart Barr, M.B., Ch.B. *Honorary Consulting Physician for Mental Disorders*—L. R. Oswald, M.B., C.M. *Dispensary Surgeon for Diseases of the Throat and Nose*—J. Walker Downie, M.B. *Surgeon Dentist*—W. D. Woodburn, L.D.S. *Pathologist*—Professor Robert Muir, M.D. *Assistant Pathologists*—John S. Dunn, M.A., M.B., Ch.B.; Leonard Findlay, M.D. *Vaccinator*—John Lindley Carstairs, M.A., M.B., C.M. *Medical Superintendent*—Donald J. Mackintosh, M.B., M.V.O. *Matron*—Miss Helen Gregory Smith. *Secretary and Treasurer*—Henry Johnston, 87 Union Street. The hour of visit is 9 A.M. The Dispensary for Out-Patients is open daily at 2 P.M. Vaccination—Mondays and Thursdays at 12 noon. The station is recognized by the Local Government Board. Fee, £1 ls. It is recommended that when practicable students should attend the vaccination course during the winter session.

According to the present arrangement admission to the practice of this Infirmary is subject to the following regulations:—

1. No student shall be permitted to attend the Infirmary without a Ticket duly signed by the Superintendent.

2. The Fees payable shall be as follows:—

(a) Every Student shall pay a fee of £10 10s. for Hospital attendance, and this shall be kept quite separate from the Fees for Clinical Instruction.

(b) Every Student shall pay £3 3s. for each Winter Session, and £2 2s. for each Summer Session of Clinical Instruction.

(c) Students who have completed their Clinical Course elsewhere shall be permitted to enter for a six months' course of the *Hospital only*, on payment of a fee of £2 2s.

(d) There shall be two Courses of Clinical instruction, the first extending from the beginning of November to April, and the second from the beginning of May to July.

(e) At the beginning of each Course the Student shall give intimation to the Superintendent of the Clinical Teacher whose course he wishes to attend, by filling up a form which will be supplied on application to the Superintendent.

3. The fees shall be paid to the Superintendent, who shall give each Student a Ticket of Admission to the Lectures of the Physicians or Surgeons he wishes to attend. He shall also hand to each of the Clinical Lecturers a list of the Students who have taken out Tickets for their respective Courses.

GLASGOW ROYAL INFIRMARY.—Number of beds, 588. Special wards are set aside for the treatment of Venereal Diseases, Diseases of Women, Diseases of the Throat and Nose, and special beds for Diseases of the Ear. *Physicians*—George S. Middleton, M.A., M.D.; Thomas Kirkpatrick Monro, M.A., M.D.; Walter K. Hunter, M.D., D.Sc.; John M. Cowan, M.D., D.Sc.; J. B. Mackenzie Anderson, M.A., M.B. *Surgeons*—John Barlow, M.D.; James Alexander Adams, M.D.; David Newman, M.D.; Quintin M'Lennan, M.B.; James Hogarth Pringle, M.B.; Henry Rutherford, M.A., M.B.; Peter Paterson, M.B. *Assistant Physicians*—David M'Crorie, L.R.C.P.; John Henderson, M.D.; Campbell S. Marshall, M.D.; James Scott, M.A., M.B., Ch.B.; John Thomson MacLachlan, M.D.; A. W. Harrington, M.D. *Extra Assistant Physicians*—D. H. Macphail, M.B., Ch.B.; W. H. Brown, M.D.; Ernest A. Boxer, L.R.C.S., Ed. *Assistant Surgeons*—A. N. McGregor, M.D.; John Patrick, M.B.; A. G. Faulds, M.B.; John A. C. Macewen, B.Sc., M.B.; Thomas Kay, M.B.; Robert Ramsey, M.B., Ch.B. *Extra Assistant Surgeons*

—James Battersby, F.R.C.S. (Eng.); Donald Duff, F.R.C.S. (Edin.); Spencer Mort, M.B., Ch.B. *Diseases of Women*—G. Balfour Marshall, M.D. *Consulting Surgeon for Diseases of the Eye*—A. Maitland Ramsay, M.D. *Diseases of the Throat and Nose*—John Macintyre, M.B. *Pathologist and Curator of Museum*—John H. Teacher, M.A., M.D. *Assistant Pathologist*—A. M. Kennedy, M.B., Ch.B.; Robert S. Taylor, M.B., Ch.B. *Anaesthetists*—John Donald, M.D., and Robert Bruce, M.B., Ch.B. The hour of visit is 9 A.M. The hours at the dispensary for out-patients are as follows:—*Diseases of the Ear*—James Kerr Love, M.D. 3.30 P.M., Tuesday and Friday. *Diseases of the Throat and Nose*—R. Fullerton, M.D. 11 A.M., Tuesday and Friday. *Diseases of the Eye*—J. Rowan, M.B.; and H. W. Thomson, M.D. 11 A.M., Monday, Wednesday, and Friday. *Diseases of the Skin*—Alexander Morton, M.A., M.D. 11 A.M., Monday, Wednesday, and Friday. *Gynaecologists*—Peter M'Bryde, M.B., C.M.; W. D. Macfarlane, jun., M.B., C.M. 11.30 A.M., daily. *Diseases of the Teeth*—William Taylor, L.D.S. 3.30 P.M., Monday, Wednesday, and Friday. *Vaccination*—Hugh H. Borland, M.B., D.P.H., 12 noon, Monday and Thursday. The station is recognized by the Local Government Board.

The Electric Pavilion contains all the most recent apparatus for the diagnosis and treatment of disease by Electricity. *Consulting Electrician*—John Macintyre, M.B. *Medical Electrician*—James R. Riddell, L.R.C.P. etc. *Assistant Medical Electricians*—Samuel Capie, M.B.; Katharine M. Chapman, L.R.C.P. Ed.; Janie S. MacLachlan, M.B., Ch.B. *Bacteriologist*—David M'Crorie, L.R.C.P. *Assistant Bacteriologist*—J. Archibald Campbell, L.R.C.P.S. *Extra Assistant Bacteriologist*—Elizabeth T. Fraser, M.D.

Fees, which include Hospital Practice and the Clinical Lectures, for one year £10 10s., six months £6 6s., three months £4 4s. The total fee is £21. Vaccination £1 1s. The whole Vaccination fee and two-thirds of these fees will be paid by the Carnegie Trust for students who fulfil the conditions of the Trust. *Superintendent*—J. Maxtone Thom, M.B., D.P.H. *Matron*—Miss J. Melrose. *Secretary*—Peter Rintoul, C.A., 212 West George Street.

DISEASES OF THE EAR; DISEASES OF THE THROAT AND NOSE; DERMATOLOGY—see Index.

EYE INFIRMARY, 174 Berkeley Street and 80 Charlotte Street.—Hour of Visit, 1 P.M. daily. Fee for six months, £1 1s.; for twelve months, £2 2s.

OPHTHALMIC INSTITUTION, 126 West Regent Street.—Hour of Visit, 2 P.M. Fee for a qualifying course, £1 1s.

INSANITY.—During the Summer Session Dr. Oswald gives in the University a Course of Lectures on Insanity at 12 noon on Wednesdays, and Clinical Instruction at the Glasgow Royal Asylum, Gartnavel, at 10 A.M. on Saturdays. Fee for the combined Course, £2 2s.

At Gartloch Asylum, Gartcosh, Senior Medical Students may obtain appointments as Resident Clinical Clerks. These appointments are made in April and October for six months. Board and lodging with railway fare to and from Glasgow are allowed, and Classes can be attended in Glasgow in the earlier part of the day. Application should be made to the Medical Superintendent, W. A. Parker, M.B., considerably in advance.

FEVERS.—Clinical Instruction in Fevers is given at the Ruchill Hospital and the Belvidere Hospital. Fee for a course extending over ten weeks, once a week, £1 1s. Apply to Mr. James D. Borthwick, 285 George Street, Glasgow.

FACULTIES IN THE UNIVERSITY.

The whole classes of the University are arranged in five Faculties—Arts, Science, Medicine, Law, and Divinity.

I.—FACULTY OF ARTS.

The Faculty of Arts comprehends four Departments of study, viz.:—A. *Language and Literature*, embracing the classes of Humanity, Greek, English, French, German, Italian, Celtic, Hebrew and Semitic Languages; B. *Mental Philosophy*, comprising Logic and Metaphysics, Moral Philosophy, Political Economy, Education; C. *Science*, including Mathematics, Natural Philosophy, Astronomy, Chemistry, Zoology, Botany, Geology, Geography; D. *History and Law*, containing History, Constitutional Law and History, Roman Law.

A. LANGUAGE AND LITERATURE.

I. HUMANITY.

The original foundation of this Professorship is not extant; but it appears from the records of the College that it must have been instituted previous to the year 1637. The Professor is elected by the University Court.

Professors from the year 1706.

1706. Andrew Rosse.	1815. Josiah Walker, M.A.
1735. George Rosse.	1831. William Ramsay, M.A.
1754. George Muirhead.	1863. George G. Ramsay,
1773. Wm. Richardson, M.A.	M.A., LL.D., Litt.D.
1906. JOHN SWINNERTON PHILLIMORE, M.A.	

The Humanity Class consists of three classes—the *Ordinary*, the *Intermediate Honours*, and the *Second Year Honours Class*, which latter two classes all members of the Ordinary Class have the option of attending. Students who do not require a Public Certificate for the Degree or other purpose may attend any class as Private Students. Private Students are those who attend the class without taking part in the class work.

In all classes the students prepare certain work prescribed, and are liable to be examined orally every day. In the Honours Class the business is conducted partially by oral examination, but mainly by Lectures and Prelections delivered by the Professor. Exercises in Latin Prose make part of the class-work; *Unseens* are set from time to time, and Latin Verse Composition is taught to those that desire it.

ORDINARY CLASS.

The ORDINARY CLASS meets daily at 9 A.M. All students attending the Ordinary Class have the option also of attending the Honours Class from 11 A.M. to 12 noon, or the Intermediate Class from 1 to 2 P.M. One day a week the Class will meet in sections, of which one will study Roman Britain (a subject for the Degree); and the other two, Prose Composition.

INTERMEDIATE CLASS, 1 P.M.

This class is for those who take a Double Course (Intensive) and are examined on the Higher Standard for the Ordinary Degree. Students commencing in Honours also attend this class, in which chiefly prescribed Degree work is read. Honours Students of the Second Year and Ordinary Students are free to attend at 1 P.M. if they like. Students commencing in Honours are free to attend also at 11 A.M.

HONOURS CLASS, 11 A.M.

In this class more advanced work is read.

Students are allowed to attend as Private Students, *i.e.* as listeners only, without doing any of the work of the class; but in that case they do not receive tickets qualifying for the Degree. The class also meets in small sections for Private Readings.

Honours Students, wishing to do Latin Prose for the Degree or other purposes, may attend for Latin Prose only.

The subjects for the Session 1910-11 will be as follows:—

1. ORDINARY CLASS, AT 9 A.M.—Terence, *Andria* and *Adelphi*; Horace, *Epistles*; Livy, viii.; Martial: a selection; History of Literature, Antiquities, Grammar, Composition, etc.

2. HONOURS CLASS, (1) Intermediate—Cicero, *pro Sestio*; Horace, *Satires*; Propertius, i., ii.

(2) Second Year—Statius, *Silvae*; Cicero, *de Oratore* with Tacitus *Dialogue*; Lectures on Tacitus *Annals*, xi.-xiv.

II. GREEK.

This Professorship was founded by the College in or about the year 1581. The Professor is elected by the University Court.

Professors from the year 1704.

1704. A. Dunlop, LL.D.	1838. Edmund L. Lushington, LL.D.
1746. James Moor, LL.D.	1875. R. C. Jebb, D.C.L., Litt.D.,
1774. John Young, M.A.	LL.D.
1821. Sir Daniel K. Sand- ford, M.A.	1889. G. G. A. Murray, M.A., LL.D.
	1899. John S. Phillimore, M.A.
1906. GILBERT A. DAVIES, M.A.	

The Greek Class consists of three divisions, the Ordinary, the Intermediate, and the Honours. Students not requiring a Public Certificate may attend as Private Students, *i.e.* without doing the work of the class.

All students should possess the following books:—*Ancient Atlas* (the Atlas in *Everyman's Library*, published by Dent, is cheap and handy); *Greek Lexicon*, Liddell & Scott (large or intermediate edition—the small edition is not sufficient); some History or Primer of Greek Literature; *First Greek Grammar*, Rutherford (with Greek Moods and Tenses); Goodwin, for Honours work.

Senior students are recommended to get Gow's *Companion to the School Classics*, and Seyffert's *Dictionary of Classical Antiquities*, *etc.*, translated by Nettleship and Sandys; or, in place of Seyffert, Smith's two small volumes, the *Classical Dictionary* and the *Dictionary of Antiquities*.

ORDINARY CLASS.

This is the ordinary qualifying class for graduation; all members of it must have passed the Preliminary Examination in Greek on the higher standard, or an equivalent examination.

All students requiring a certificate of attendance must duly perform the work of the class; but those who do not require a certificate, or those who have not passed the Preliminary Examination, may attend as Private Students, *i.e.* without doing the work.

The class meets at 8 A.M. every week-day except Saturday.

The class hour is chiefly occupied by the Professor's lectures, but the class is liable to be examined orally or on paper every day. The work done includes the reading of Greek Authors; Greek Prose Composition; Written Exercises in translation; Greek History, Language, Antiquities, and Literature.

INTERMEDIATE CLASS.

This class is primarily intended for students taking a second year's course for the Ordinary Degree. It serves also in most cases for the second year's course (or first year's Honours course) of those who are reading for Honours in Classics without intending to take the Higher Ordinary examination, though such students may, with the sanction of the Professor,

enter the Honours class without having attended the Intermediate. The Intermediate class is a qualifying course for Honours.

The class meets at 12 noon every week-day except Saturday.

HONOURS CLASS.

The Honours Class meets at 10 a.m. on Monday, Wednesday and Friday and at 12 noon on Thursday.

Subjects for Session 1910-11.

ORDINARY.—Demosthenes, *de Falsa Legatione*; Plato, *Gorgias*, and (if time permits) Homer, *Iliad*, xxi., xxii., and Euripides, *Orestes*. On Wednesdays lectures will be given on (a) The Decline of the Athenian empire, B.C. 446-403, and (b) Life in Ancient Athens.

INTERMEDIATE.—Thucydides viii. 47-98; Andocides, *de Mysteriis* and *de Reditu*; Aristophanes, *Knights*, and (if time permits) Demosthenes, *Olynthiacs*. On Thursdays lectures will be given on (a) Early Greek Poetry and (b) the Development of Greek Prose.

HONOURS.—Pindar, *Pythians*; Plato, *Republic* vi., vii.; Theocritus; Aristotle, *Rhetoric* iii.

Students will be given private hours for Prose.

A voluntary class for Greek Verse will be formed.

The following texts and editions are recommended:

Homer, *Iliad*, Oxford text; Plato, Oxford or Teubner text; Demosthenes, Oxford text; Euripides, *Orestes*, ed. Wedd. Thucydides, Oxford text or ed. Goodhart; Andocides, ed. Marchant; Sophocles, *Philoctetes*, ed. Jebb (abridged); Aristophanes, *Knights*, ed. Merry; Pindar, Teubner text; Theocritus, ed. Wilamowitz-Moellendorf; Aristotle, *Rhetoric*, Teubner text.

III. ENGLISH LANGUAGE AND LITERATURE.

This Chair was founded by Ordinance of the Universities Commission (1858) of date 25th November, 1861, and is in the gift of the Crown.

Professors.

1862. John Nichol, LL.D.

1889. Andrew Cecil Bradley, M.A., LL.D.

1900. W. A. Raleigh, M.A.

1904. W. MACNEILE DIXON, M.A., Litt.D.

N.B.—*Students are strongly advised to take the English Literature Class, as has hitherto been the custom, in the later part of their Course. Those who, for special reasons, desire to take it early should consult the Professor before taking out their class-tickets.*

ORDINARY CLASS.—During session 1910-11 the class will meet on Mondays, Tuesdays, Wednesdays, and Thursdays, at 11 A.M.

Lectures will be given on the following subjects:—1, Chaucer; 2, Rise of the Drama; 3, Shakespere; 4, English Literature from Dryden to Swift; 5, The French Revolution in English Literature; 6, Rhetoric; 7, The History of the English Language.

The following texts are prescribed for the Degree Examination: Shakespere, *Macbeth*, *Julius Caesar*, *Richard II.*; *The English Parnassus*, Chaucer to Goldsmith (as selected in class); Palgrave's *Golden Treasury*, Bks. I.-III., Johnson, *Lives of Dryden and Pope*.

HIGHER ORDINARY CLASS.—The class will meet on Mondays, Tuesdays, Wednesdays and Thursdays at 11 A.M.

Lectures will be given on the following subjects:—1, Shakespere; 2, Later Elizabethan Drama; 3, The English Novel; 4, Nineteenth Century Poetry and Prose; 5, Literary Theory; 6, English Language.

The following texts are prescribed for the Degree Examination: Shakespere, *Hamlet*, *Romeo and Juliet*, *Othello*; Marlowe, *Dr. Faustus*; Webster, *Duchess of Malfy*; Carlyle, *Past and Present*; Arnold, *Essays in Criticism* (First Series); *The English Parnassus*, Wordsworth to Fitzgerald (as selected in class); Palgrave's *Golden Treasury*, Bk. IV.

Extra tutorial lectures will be given during part of the Session on Fridays.

A certain standard of attainment in class work will be required from students in the Ordinary Class who propose to proceed to the Higher Ordinary.

HONOURS CLASS.—The class meets at 12 noon; on Mondays and Wednesdays for the study of special authors and selected

subjects connected with the history of English Literature; on Tuesdays and Thursdays for the study of Anglo-Saxon and Middle English.

The hours for tutorial work are by special arrangement.

BRITISH HISTORY CLASS FOR HONOURS IN ENGLISH. — See page 101.

DEGREE EXAMINATIONS.—The subjects for these in October 1910 and in 1911 will be found on page 251.

Students who propose to graduate with Honours in Philosophy and English are required to take only the papers in English Literature and to write a Thesis.

ENGLISH LANGUAGE.

Lecturer.

1907. RITCHIE GIRVAN, M.A.

This department provides instruction for the M.A. degree with Honours (*a*) in English, and (*b*) in Germanic Languages. The work of the department is organised on the basis of a two years course. A certain amount of the work done is common to both departments. Students reading for Honours in English meet for the first year course on Tuesdays and Thursdays at 12 noon, and for the second year course at an hour to suit the convenience of those concerned (usually 10 o'clock). Students for Honours in Germanic languages will take advanced instruction at an hour and on days to be later determined. The latter should consult the lecturer at the earliest possible opportunity. All the advanced work in Gothic and in Germanic Philology will, in the meantime, be done in this department.

The work for session 1910-11 is as follows:

- I. FIRST YEAR.—1. Sweet: *Anglo-Saxon Reader*.
2. Morris and Skeat: *Specimens of Early English*, I. II.
3. Old English Grammar.
4. History of English Language.

And in addition for students in the Germanic group.

5. Chaucer, esp. *The Canterbury Tales*.
6. *Havelok the Dane*.
7. Lectures on Principles of Linguistics and Early English Literature.

II. SECOND YEAR.—1 and 2 as above (advanced work).

3. *Beowulf*.

4. Lectures on Metric, etc.

There will be no second year course in 1910-11 for students in Germanics.

Exercises will be held from time to time in grammar and sight translation.

For the subjects for degree see page 251. A list of text-books recommended for study will be announced in class. Advanced students will be advised privately as to their reading.

IV. FRENCH LANGUAGE AND LITERATURE.

This Lectureship was instituted by the University in 1895.

Lecturers.

1895. Alfred Mercier, L. ès L.

1898. CHARLES MARTIN, M.A. (Paris), O.A.

I. ORDINARY CLASS.—This Class meets at 12 noon on Tuesdays, Wednesdays, Thursdays, and Fridays. *It is for the most part conducted in French.*

The work of the class will comprise the following subjects:

Literature.—(a) A course of lectures on “La Société, l’idéal classique et les lettres françaises au xvii^e siècle.” Etude particulière des œuvres suivantes: Corneille, *Cinna*. Racine, *Bérénice*. Molière, *Le Bourgeois Gentilhomme*; *Les Femmes savantes*. La Fontaine, *Fables* (Edition Clément). La Bruyère, *Les Caractères* (Edition Servois et Rébelliau, Hachette).

(b) A course of lectures on “Le théâtre romantique.” Etude particulière de la Préface de *Cromwell*, *Hernani* et *Ruy Blas*, de Victor Hugo.

(c) Explication des Pages choisies de Alfred de Musset.

Language.—(a) Explication des textes indiqués ci-dessus.

(b) Leçons sur la langue française du xvii^e au xix^e siècle.

(c) Etude de quelques questions de grammaire pratique ou historique.

Cf. Brunot, *Grammaire historique de la langue française* (dernière édition).

(d) Thèmes. Compositions françaises. Exercices pratiques.

II. INTERMEDIATE CLASS.---The class will meet at 11 A.M.

A. Etude générale de la Comédie de Molière.

B. La poésie romantique.

C. Histoire générale de la littérature française du xvii^e siècle à 1850.

D. La Révolution française.

E. Histoire de la langue française. Grammaire historique (cf. Darmesteter, Grammaire historique).

F. Exercices pratiques: Thèmes, Compositions françaises, Explications de textes.

III. HONOURS CLASS.—This Class meets at 11 A.M.

A. Etude générale de la Comédie de Molière (suite).

B. La poésie à la fin du xvi^e et au commencement du xvii^e siècle.

C. La poésie romantique.

D. Leçons sur Montaigne (*Essais*, Edition Jeanroy, Hachette). Pascal (*Pensées*, Edition Brunshvieg, Hachette). Bossuet. Pages choisies, Ed^{on} Gazier (A. Colin).

E. La Révolution française.

F. Lecture avec commentaires philologiques et littéraires de textes anciens et modernes.

G. Thèmes et Compositions françaises.

H. Exposé de quelques questions de grammaire historique, de sémantique et de lexicologie.

Cf. Darmesteter, *Grammaire historique*. Brunot, *Histoire de la langue française*.

A.B.—Tutorial Classes meet frequently for the study of texts, the correction of exercises, reading, and conversation on the subject of the class lectures; they form part of the regular course of instruction in French.

A class library provided with books of reference is open to the students from 9 a.m. till 5 p.m.

Private Students may attend the lectures of the Honours Class or those of the Ordinary Class. The fee for the Literature or the Language Lectures in the Ordinary Class is £2 2s.

V. GERMAN LANGUAGE AND LITERATURE.

This Lectureship was instituted by the University in 1899.

Lecturers.

1899. Alexander Tille, Ph.D.

1900. George P. Thistlethwaite, B.A., Ph.D.

1907. HERBERT SMITH, M.A., Ph.D.

I. ORDINARY CLASS.—The German Ordinary Class meets at 10 a.m. in the Conveyancing Class Room, and the course qualifies for graduation in Arts. Students who do not intend to graduate may take either the Literature class or the Language class alone. The work will be done in German, as soon as the students are sufficiently advanced for it. The fee for one class is £2 2s.

A. *Language*.—Lectures on composition, on pronunciation, and on the history of the language. Reading of parts of the following: Schiller, *Balladen*; Eichendorff, *Aus dem Leben eines Taugenichts*; Chamisso, *Peter Schlemihl*; Lessing, *Minna von Barnhelm*; Grillparzer, *Medea*.

Weekly exercises in composition will be set, for which Buchheim's *Materials for German Prose Composition* (large edition) will be used, and three or four subjects for essays will be set during the Session.

For private reading: Goethe's Dramas.

B. *Literature*.—German Literature from 1745-1832.

Women students have the option of attending this Class.

Tutorial Classes will also be held for the practice of conversation and pronunciation.

II. INTERMEDIATE CLASS.—Students taking German for a second year will enter the Honours Class.

III. HONOURS CLASS.—This class will meet three or four times a week at 9 a.m.

The following subjects will be treated:

1. Historical German Grammar.
2. German Literature in the second half of the 19th century.
3. Old High German and Middle High German Grammar, with interpretation of texts from *Althochdeutsche Literatur* (Schauffler); Hartmann, *Der arme Heinrich*; Kudrun; Wolfram, *Parzifal*—all in the Sammlung Göschen.

4. Reading of Lessing's Dramas and *Hamburgische Dramaturgie* (Junior Honours), and Goethe, *Faust I.* (Senior Honours).

5. Prose Composition. Essays.

Tutorial Classes will also be held for the practice of conversation and the correction of essays and exercises.

Special classes will be held in Old and Middle High German for those taking the Germanic Language Group.

VI. ITALIAN LANGUAGE AND LITERATURE.

This Lectureship was instituted by the University Court in 1902.

Lecturer—(Vacant.)

ORDINARY CLASS.—This Class qualifies for graduation.

I. *First Term.* Epitome of Italian Grammar. Exercises. Main channels of development of Italian Literature.

II. *Second Term.* Modern prose-writers and poets. Foscolo, Leopardi, Carducci, Pascoli, D'Annunzio, etc.

III. *Third Term.* The Italian Theatre. Miracle Plays. Revival of the classical Tragedy. Comedy. Character-Comedy. Musical Comedy and Melodrama.

Books: I. Collodi, *Pinocchio*; Baretti, *Lettere*; V. Rossi, *Stª Letteratura Italiana*. II. Leopardi, *Prose, Canti*; Carducci, *Poesie, Discorsi*; Pascoli, *Poemi Conviviali, Canti di Castelvecchio*. III. Goldoni, *Il Bugiardo*; Metastasio, *Attilio Regolo*.

Exercises and Lectures on Language will be continued during the 2nd and 3rd term, besides the Lectures on Literature. Students who do not intend to graduate may attend the Lessons on Language alone or the Lectures on Literature alone, on payment of a fee of £2 2s.

HONOURS CLASS.—I. Period of the Origins. Literary writings by Italians in Latin, Provençal and Langue d'Oïl between the VI. and XIII. centuries A.D. Earliest documents of the Italian Vernacular. Lyrical Poetry before Dante.

II. The Lyrics of Dante and his contemporaries. *Il Paradiso*; with reference to the other works of Dante. Franciscan Literature.

III. The Italian Humanists and Artists in England. Italian influences in Milton.

Books : Monaci, *Crestomazia* ; Nannucci, *Manuale dei Primi Secoli* ; Dante, *Opere* ; *I Fioretti di San Francesco* ; Tasso, *Gerusalemme*.

General readings on Italian History will be prescribed in the Ordinary Class, while a special knowledge of the Historians of the XVI. century will be expected from candidates for the Honours Examination.

An Elementary Class (fee £2 2s.) may meet on Wednesdays and Fridays during the first twenty weeks of the Session for the convenience of graduating and non-graduating students. Language and Literature up to the Preliminary Standard.

The classes are open to both men and women.

VII. HEBREW.

(See under Faculty of Theology, p. 160.)

VIII. ARABIC.

(See under Faculty of Theology, p. 162.)

IX. CELTIC.

The late Rev. Archibald Kelly M'Callum, LL.D., by his holograph will, dated 8th March, 1881, to which were attached three codicils (the last dated 27th January, 1892), directed his Trustees, among other purposes, to devote an annual sum to a Lectureship, or a course of not fewer than fifteen Lectures, on Celtic Literature. He left detailed directions as to certain subjects which were to be among those discussed. The Lecturer was to be appointed by the University Court for a period of three years, and was to be eligible for re-election after a subsequent appointment for three years had been made. Matriculated students and others might attend the Lectures. Dr. M'Callum also directed that his library should be handed over to the University as a nucleus for a Celtic Library for the use of the Lecturers and such students as might attend the Lectures, and any others interested in Celtic Literature. The Library was to be kept separate and designated "The Celtic Lectureship Library," and the sum of £10 to be annually expended in making additions thereto.

Lecturers—1900. Professor Magnus Maclean, D.Sc.
1903. Professor Kuno Meyer, Ph.D.

This lectureship was placed on a new footing by a Provisional Order made by His Majesty's Secretary for Scotland under the provisions of the Private Legislation Procedure (Scotland) Act, 1899, and confirmed by Parliament on 4th August, 1905, by the Glasgow University Order Confirmation Act, 1905.

Lecturer—1906. GEORGE HENDERSON, M.A., Ph.D.

The course now qualifies for graduation in Arts. Any student who attends with a view to this must previously have passed a Preliminary Examination in Scottish or Irish Gaelic, or in Welsh, including translations from and into English, with grammatical, literary, and philological questions.

The course for 1910-1911 will embrace:—

A. Language. The Principles of Celtic Philology, Phonology, Grammar of the Gaelic Language; Introduction to Old Irish, Windisch's Irish Grammar (trans. by Moore); Strachan's *Paradigms and Selections from the Old Irish Glosses*; Vendryes' *Grammaire du Vieil-Irlandais* or *Handbuch des Alt-Irischen*, von R. Thurneysen (Heidelberg, 1909).

B. Literature. Windisch's *Irische Texte mit Wörterbuch*. Selections from the *Táin Bó Cúalnge* and other leading texts of Old Gaelic Saga. The Early Gaelic Life of Columcille. *The Fate of the Children of Lir* and *The Pursuit of Diarmud and Grainne* (Gill & Son, Dublin). Cameron's *Reliquiæ Celticae*. Meyer's *Early Irish Texts*; Leigheas' *Coisí O'Cein* (ed. Henderson). Comyn's *Laoidh Gisleir air Thír na n-Og*. *The Death-Tales of the Ulster Heroes*, by Kuno Meyer (Todd Lecture Series, Royal Irish Academy). Selections from the standard literature of the modern period of Scottish Gaelic, as in Mackenzie's *Beauties of Gaelic Poetry*; the M'Callum Lectures on the Literature of the Highlands; and the Literature of the Celts, by Professor Magnus Maclean; Henderson's *Norse Influence on Celtic Scotland*.

C. Palaeography. Readings from Facsimiles of Old Gaelic Texts. The class meets daily at 4 p.m.

B. MENTAL PHILOSOPHY.

I. LOGIC AND RHETORIC.

This Professorship is one of those founded in the charter of *Nova Erectio* in 1577. The Professor is elected by the University Court.

Professors from the year 1727.

1727. John Loudon.	1827 ² . Robert Buchanan, LL.D.
1751. Adam Smith, LL.D.	1864. John Veitch, LL.D.
1752. James Clow.	1895. Robert Adamson, LL.D.
1787 ¹ . George Jardine, M.A.	1902. ROBERT LATTA, D.Phil.

I. ORDINARY CLASS.—The Ordinary Class meets on three or four days of the week, from 9 to 10 A.M.

The Course of Lectures includes the following subjects:—

(a) LOGIC.—The Principles of Deductive and Inductive Logic. Special reference will be made to Mill's *Logic*, Books I., II., and III.

(b) PSYCHOLOGY.—A general account of the composition and development of Mind, with a more detailed consideration of the process of knowledge.

Students before entering the class are recommended to read some elementary work on Formal Logic, such as Jevons' *Elementary Lessons in Logic*, Fowler's *Deductive Logic*, or Mellone's *Introductory Text-book of Logic*, and also some elementary book on Psychology, such as Stout's *Groundwork of Psychology*, or Granger's *Psychology*.

II. HIGHER ORDINARY CLASS.—The Higher Ordinary Class meets on three or four days of the week, from 9 to 10 A.M.

The Course of Lectures includes:—

(a) LOGIC.—A more advanced study of the Principles of Deductive and Inductive Logic, with special reference to Mill's *Logic* and Bosanquet's *Essentials of Logic*.

(b) HISTORY OF PHILOSOPHY.—In Session 1910-11, the history of Greek Philosophy. Zeller's *Outlines of Greek Philosophy* may be used as a text-book.

Students before entering the Higher Ordinary Class are recommended to read Mill's *Logic*, Books I., II., and III., and Zeller's *Outlines of Greek Philosophy*, or Ferrier's *Lectures on Greek Philosophy*.

III. HONOURS CLASS.—In the Honours Class lectures are given on some of the subjects prescribed for Honours in Mental Philosophy. During next session this class will meet at 11 A.M., on three or four days weekly.

Students before entering the honours class are recommended to read (1) the sections on pre-Kantian philosophy in any history of Modern Philosophy, e.g. Höffding, Falckenberg, Erdmann, or Adamson, and

¹ Mr. Jardine was assistant and successor to Mr. Clow from 2nd June, 1774.

² Mr. Buchanan was assistant and successor to Mr. Jardine from 1st October, 1824.

(2) Some history of Greek Philosophy (period before Plato), as Zeller, Burnet, Erdmann, or Gomperz. Janet and Séaille's *History of the Problems of Philosophy* should also be consulted.

Students who desire to take a second course, qualifying for the Ordinary M.A. Degree, in the Department of Logic, may attend either the higher ordinary class or a class in Psychology conducted by the Lecturer in Psychology.

EXPERIMENTAL PSYCHOLOGY.

Lecturer—1908. HENRY J. WATT, M.A., Ph.D.

This course is intended to make the student familiar with the methods and results of modern psychology. Opportunity will be given for experimental observation, as far as possible, in the treatment of all subjects. These will include selected problems of sensation (cutaneous, auditory, visual, etc.), and of sensory integration (localisation, rhythm, space, etc.), sensory illusions, the perception of objects and mental images, memory, the analysis of action, especially voluntary action, and the association of ideas, ideation, feeling and the methods of experimental aesthetics, attention, and the methods of the quantitative investigations of psychology. Discussions, in which students may take a leading part, and lectures will be held occasionally to revise and extend the work already studied practically. These will centre round general problems of sensation and the development of the mind, mental integration, memory, mental activity, recent work on thought and psychological aesthetics.

The class meets for two consecutive hours twice a week during the session (Mondays and Thursdays, 3 to 5 p.m.). It may be taken as a second course in Logic (*q.v.*).

Text-books—E. B. Titchener, Vol. I., Part I., Qualitative, and Vol. I., Part II., the commentary on Part I., to be consulted after experiments; C. S. Myers, *Text-book of Experimental Psychology*.

An advanced section of the class, which will consist of students already familiar with the above work, will study in detail the quantitative investigation of a number of problems and pursue lines of investigation of special interest to students themselves, etc. For this work, E. B. Titchener, *Experimental Psychology*, Vol. II., Parts I. and II. (Quantitative).

II. MORAL PHILOSOPHY.

This Professorship was founded by the charter of *Nova Erectio* in 1577. The Professor is elected by the University Court.

Professors from the year 1727.

1727. Gerschom Carmichael.	1796 ¹ . Archd. Arthur, M.A.
1730. F. Hutcheson, LL.D.	1797. James Mylne, M.A.
1746. Thomas Craigie.	1839. William Fleming, D.D.
1752. Adam Smith, LL.D.	1866. Edward Caird, D.C.L.
1764. Thomas Reid, D.D.	LL.D.
1894. HENRY JONES, LL.D., F.B.A.	

N.B.—No student, who is proceeding to a degree, shall be allowed to attend the class of Moral Philosophy during the first session of his or her course, except by the express permission of the Professor.

The Moral Philosophy Class meets at 8 A.M.

In this class Moral Philosophy is treated both historically and systematically. In connection with the systematic part of the course lectures are given on the metaphysical and psychological implications of Morals, and in connection with the historical part the development of Morals is traced, and an account given of some of the main ethical theories of ancient and modern times.

The work of the class will further comprise the study of Plato's *Republic*, Sartor *Resartus*, and *Idealism as a Practical Creed*.

Students taking Moral Philosophy as a second course for the purpose of ordinary graduation, under the regulations for the Five or Six Subjects Degree, will attend the Intermediate Class. The lectures will deal mainly with the History of Moral Theories, and with more special reference to the ethical doctrines of Aristotle and Kant. The students will be required to study Aristotle's *Ethics*, Kant's *Metaphysics of Morals*, and Green's *Prolegomena to Ethics*.

In the Higher Moral Philosophy Class the Professor will lecture on some of the subjects prescribed for the Degree with Honours.

During next session this class will meet at 12 noon.

¹ Mr Arthur was assistant and successor to Dr. Reid from 22nd May, 1780.

EDWARD CAIRD LECTURESHIP IN POLITICAL
PHILOSOPHY.

Lecturer—ROBERT A. DUFF, D.Phil.

Under the New Regulations for graduation a combined course in Political Philosophy and Social Economics will count as a qualifying second year course for students who have already attended the Moral Philosophy or the Political Economy Class. This Class is intended also to meet the requirements, in this subject, of students preparing for the Degree of M.A. with Honours in *Mental Philosophy*, or in *Economic Science*, and for the Examinations of the Civil Service in Political Science.

The Course of Lectures will include a discussion of the main theories as to the nature and functions of the State; a critical account of the growth of institutions; and an analysis of the moral principles underlying political rights and obligations. In different years such problems as Criminology and the theory of Punishment, Local and Imperial Government, and Administration will also be dealt with.

Students will be expected to pursue during the Session a course of reading in prescribed portions of books dealing with the subjects treated of in the Lectures, and, in particular, to acquire an accurate knowledge of Rousseau's *Social Contract*, Green's *Principles of Political Obligation*, Mill's *Essay on Liberty*.

III. POLITICAL ECONOMY.

This Chair (called the Adam Smith Chair of Political Economy) was founded by Ordinance No. 149 of the Universities Commission (1889) of date 25th February, 1896, with an endowment of fifteen thousand pounds sterling, given by Mr. Andrew Stewart, merchant, Glasgow. The patronage is vested in the University Court, conjointly with one representative from time to time elected by the Merchants' House of the City of Glasgow, one representative from time to time elected by the Trades' House of the City of Glasgow, and one representative from time to time elected by the Chamber of Commerce of the City of Glasgow. The professor is a professor in the Faculties of Arts and Law.

Before the founding of the Chair, Political Economy was attached to the Chair of Moral Philosophy till 1892, when a separate lectureship was instituted by the University.

Professor.

1896. WILLIAM SMART, M.A., D.Phil., LL.D.

Senior Assistant—J. H. JONES, M.A.

Junior Assistant—ROBERT RICHARDS, B.A. (Cantab.).

The Political Economy Ordinary Class meets at 2 P.M.

The Lectures, which are partly doctrinal, partly historical, are intended to accompany the study of prescribed books. After a short introduction dealing with the evolution of industry since 1815, the first part of the course will deal with Demand and Consumption: the Agents of Production—Land, Labour, Capital, and Organization: Theory of the Equilibrium of Demand and Supply: Value, or Distribution and Exchange: Trade Unions. (Text-books: Marshall, *Elements of Economics of Industry*, third edition, 1899; Smart, *The Distribution of Income*.) Thereafter Money, Credit and Banking, and International Trade will be taken up. (Text-books: Gide, *Political Economy*, Book II.; Smart, *The Return to Protection*.) For preparatory reading students are recommended to Gide's *Political Economy* (Isbister, London, or French edition, 1909, Larose, Paris).

HONOURS CLASS. The Class meets at 3 P.M. Subject: Taxation and Public Finance, with some study of the Theory of the State as bearing thereon. Special study will be made of the activities and finance of municipalities, and of current economic problems as they present themselves.

Students are recommended to confine themselves for preparatory reading to mastering Marshall's *Principles of Economics*, Vol. I., Books V. and VI., fifth edition, 1907.

SOCIAL ECONOMICS.

Lecturer—JOHN HARRY JONES, M.A.

This Lectureship, instituted by the University Court in 1908, is intended to assist students who wish to devote special attention to contemporary social problems. The work will be closely associated with that of the classes in Political Economy and Political Philosophy. Students desiring to take a second course in Political Economy or Moral Philosophy may take a combined course of Social Economics and Political Philosophy.

The class will meet two or three times a week. During the session 1910-1911 the subject of study will be 'Social Progress during the Nineteenth Century,' with special reference to the Report on Scotland of the Poor Law Commission, 1909. The following books are recommended for preparatory reading: Toynbee, *The Industrial Revolution*; *The Poor Law Commissioners Report of 1834* (Reprinted 1905, Cd. 2728).

ECONOMIC HISTORY.

Lecturer—ROBERT RICHARDS, B.A.

SYLLABUS.—The interdependence of historical facts. Importance of the subtle but constant pressure exerted by Economic forces upon national institutions.

The Manor and Village Community. Gradual growth of Manorial System in England. The pre-Norman period. The methods of agriculture. Its Economic characteristics. Trade and handicraft. Growth of merchant and craft guilds. Theories as to their origin. Their importance in foreign trade. The Peasantry of the Feudal age.

The Transition Period. The Black Death. Its Economic significance. Decay of Town and Gilds. Economic Theories and Legislation.

Period of National Formation. The Reformation the product of the Renaissance. Growth of the sentiment of nationality. The age of Discovery. The Agrarian Revolution. Labour legislation. The Poor Law of 1601. The Mercantile System.

The Struggle for Empire. The wars of the 17th and 18th centuries. The struggle with Spain, Holland, and France. The Trading Companies.

The Beginnings of the Modern Industrial System. Influence of the Political Theorists of the 18th century. The Physiocrats and the French Revolution. A. Smith and the beginnings of Political Economy. Mechanical discoveries. Rise of Factory System. Capitalism. Enclosures. The New Poor Law. Development of Transit and of Banking. The adoption of Free Trade.

IV. EDUCATION.

This Lectureship was instituted by the University in 1894.

Lecturers.

1894. David Ross, M.A., B.Sc., LL.D.

1899. John Adams, M.A., B.Sc.

1902. John Clark, M.A.

1907. WILLIAM BOYD, M.A., B.Sc.

N.B.—Students are strongly advised to take the Education Class not earlier in their course than either the Logic Class or the Moral Philosophy Class.

The Education Class meets three days a week at 4.15 P.M.; the tutorial sections meet once a week at an hour to be fixed at the beginning of the session. The course consists of eighty lectures, which together with the tutorial work qualify for graduation in Arts.

The Course of Lectures will be as follows:

- A. A brief survey of the History of Education up to the Renaissance, to show the modern educational tradition in the making.
- B. The development of modern educational thought and practice with special reference to Rousseau, Pestalozzi, Froebel, Herbart and the Child Study Movement.

In the tutorial Classes the subjects for discussion in the first term will centre round Rousseau's *Émile*. For students who read French, the text published by Garnier Frères is recommended; for the others, the translation which appears in the International Education Series is best. In the second and third terms, some present-day educational problems will be taken up.

C. SCIENCE.

I. MATHEMATICS.

This Professorship, long suppressed for want of funds, was revived by an Act of Faculty in 1691. The Professor is appointed by the University Court. He is a member of the Faculty of Arts, and also, since 1893, of the Faculty of Science.

Professors from the year 1691.

1691. George Sinclair.	1796 ¹ . James Millar, M.A.
1699. Robert Sinclair, M.D.	1832. James Thomson, LL.D.
1711. Robert Simson, M.D.	1849. Hugh Blackburn, LL.D.
1761. James Williamson, D.D.	1879. William Jack, LL.D., D.Sc.
1909. GEORGE A. GIBSON, M.A., LL.D.	

I. Ordinary Class.

This is the qualifying Class for the Ordinary Degree of M.A. (Single Course), and for the Degree of B.Sc. in Pure Science (First Examination). Sections of the Class meet daily from 8 to 9 and from 12 to 1, the subjects of study and the examinations being the same for each Section.

The work of the Class includes: *Geometry of Similar Figures* and *Elements of Higher Geometry*; *Algebra* with

¹ Mr. Millar was assistant and successor to Dr. Williamson from 26th Feb., 1789.

graphical representation of functions; *Trigonometry*; *Elements of Co-ordinate Geometry*.

II. *Higher Ordinary Class.*

This Class meets daily from 10 to 11, and is intended for those who take a Double Course and are examined on the Higher Standard for the Ordinary Degree. Students beginning a course for the Honours Degree may, at the discretion of the professor, attend this Class instead of the Ordinary Class.

The work of the Class includes: *Higher Geometry* in continuation of the course in the Ordinary Class; *Higher Algebra* with elementary *Theory of Equations and Infinite Series*; *Higher Trigonometry*; *Elements of Co-ordinate Geometry* and *Introduction to the Calculus*.

III. *Intermediate Honours Class.*

This Class meets daily from 10 to 11; it forms the advanced course in Mathematics for candidates for the Degree of B.Sc. in Pure Science who take Mathematics as a subsidiary subject.

The work of the Class includes: *Higher Algebra and Trigonometry*; *Plane and Elements of Solid Co-ordinate Geometry*; *Differential and Integral Calculus* with elementary *Differential Equations*.

IV. *Advanced Honours Class.*

This Class meets daily from 11 to 12.

The work of the Class includes: *Infinite Series*; *Definite Integrals*; *Differential Equations*; *Analytical Geometry*; *Elements of Function Theory*.

Students reading for an Honours Degree in Mathematics should consult the professor in regard to the optional subject which they wish to select for the Honours Examination; additional meetings will, as far as possible, be arranged for, in which students may have opportunities of revising the whole work of the course, and of obtaining guidance in their study of the optional subjects.

V. *First Course for Engineers.*

This Class meets daily from 12 to 1 during the first two terms, and is intended for students who are taking any of the courses in Engineering.

The work of the Class includes: *Algebra and Trigonometry*; *Elementary Co-ordinate Geometry and Graph Tracing*; *Use of Graphic Methods*; *Introduction to the Calculus*.

VI. *Second Course for Engineers.*

This Class meets daily from 11 to 12 *during the first two terms*. Students who have not attended the First Course for Engineers may, at the discretion of the Professor, be admitted to this Class.

The work of the Class includes: *Differential and Integral Calculus* with the more important types of *Differential Equations*; *Elementary Co-ordinate Geometry of two and three Dimensions*; *Harmonic Analysis*.

For the "*Lorimer*," the "*Metcalf*," and the "*Muir*" Bursaries in Mathematics, see under Bursaries; and for the *Cunninghame Gold Medal*, see under Prizes.

II. NATURAL PHILOSOPHY.

This Professorship was founded by the Charter of *Nova Erectio* in 1577; and the Professor was confined to the department of Natural Philosophy in 1727. The Professor is elected by the University Court. He is a member of the Faculty of Arts, and also, since 1893, of the Faculty of Science.

Professors from the year 1727.

1727. Robert Dick.

1751. Robert Dick, M.D. | 1803. W. Meikleham, LL.D.

1757. John Anderson, M.A. | 1846. Lord Kelvin, D.C.L.,

1796. James Brown, LL.D. | LL.D., F.R.S.

1899. ANDREW GRAY, M.A., LL.D., F.R.S.

I. GRADUATING COURSES.—The following are the courses of attendance required for graduation in the several faculties :

M.A. (Ordinary Course).— Ordinary Lecture Class.

M.A. (Higher Course).— Ordinary Lecture Class and Higher Class C. Laboratory Course of one term of 10 hours per week.

M.A. (Honours).—Ordinary Lecture Class, and Higher Classes C. and A., with Laboratory Courses as detailed below for B.Sc. in Pure Science on Subsidiary Subject Standard.

M.A. (Provincial Committee Students).—Special Graduating Lecture and Laboratory Class.

B.Sc. (Pure Science).—(a) First Science Examination : Ordinary Lecture Class and the Ordinary Laboratory Course (one term of 10 hours per week, or two terms of 6 hours per week). (b) Final Science Examination : Higher Mathematical Classes C and A, and Advanced Laboratory Course (if Natural Philosophy is taken as a Subsidiary Subject, this advanced course consists of one term of 10 hours per week, or of 6 hours per week if the student has previously attended two terms in the Laboratory. If Natural Philosophy is taken as a Principal Subject the advanced course consists of two terms of 6 hours per week). A record of research work undertaken by the candidate will, if submitted, be taken account of as a qualification for the Degree.

B.Sc. (Eng. Sc.).—(a) First Science Examination : As for B.Sc. in Pure Science. (b) Final Science Examination : Higher Class B. The course in Electricity, Pure and Applied, is one of the Options for this Degree.

B.Sc. (Agric.).—(a) First Science Examination : Ordinary Lecture Class. (b) Final Examination : The course for Experimental Physics (optional subject) is the Ordinary Laboratory Course (one term of 10 hours per week, or two terms of 6 hours per week).

M.B., Ch.B.—First Professional Examination : Physics Lecture Class and Practical Physics. (See under Physics.)

II. ORDINARY LECTURE CLASS.—This Class meets daily at 9 A.M. The main divisions of the course are Elementary Dynamics and Properties of Matter, Sound, Heat, Light,

Magnetism and Electricity. These will be fully illustrated by experiments. A detailed programme of the course will be supplied to each student at the beginning of the session.

Tutorial Class.—Students attending the Ordinary Lecture Class are recommended to attend also the Tutorial Class, which meets on Tuesdays and Thursdays at 11 A.M. The work done in this class consists largely of numerical and other examples dealing with the subject-matter of the Ordinary Class lectures. There is no fee.

III. SPECIAL GRADUATING CLASS.—This class has been instituted to meet the wants of Teachers in Training and others who desire to become Teachers of Physics, or who may wish to obtain a practical training in the use of physical instruments. Five meetings of the class are held in each week, two of which are of two hours' duration, and are devoted to practical work performed in the Physical Laboratory. At the other meetings of the class Systematic Lectures are given, in which the principles of Natural Philosophy are explained and illustrated by experiments and examples. The class meets for lectures on Mondays, Tuesdays, and Thursdays, from 12 noon to 1 P.M. For practical work it meets in two sections, one of which attends on Tuesdays and Thursdays from 10 A.M. to 12 noon, and the other on Wednesdays and Fridays from 9 A.M. to 11 A.M.

IV. HIGHER MATHEMATICAL CLASS, A.—This class meets three hours weekly throughout the full Arts session, on Mondays from 1 to 2 P.M., and on Wednesdays and Fridays from 12 noon to 1 P.M. The work comprises the Mathematical Theories of selected special branches of Natural Philosophy. The subjects treated will be Higher Dynamics, and one or more of the following: Hydrodynamics, Sound, Elasticity, Thermodynamics, Conduction of Heat, Optics, Magnetism, and Electricity.

V. HIGHER CLASS, B.—This class meets on Mondays, Tuesdays, and Thursdays at 12 noon. The subjects treated are Dynamics, and two or more of the following: Hydrostatics and Hydrokinetics, Elasticity, Thermodynamics, and Electricity. These will be treated in such detail and with such reference to practical problems as may render the course suitable for Students of Engineering. Students are strongly advised to attend the

Intermediate Honours Class in Mathematics before taking this course.

VI. HIGHER CLASS C.—This Class meets on Mondays, Tuesdays, and Thursdays at 12 noon throughout the full Arts session. The subjects treated are Dynamics and Physics. The Class is intended to meet the requirements of students of Pure Science and of those taking a higher course for the Degree of M.A. Students are strongly advised to attend the Intermediate Honours Class in Mathematics before taking this course.

VII. ELECTRICITY, PURE AND APPLIED.—This class meets at 12 noon on Wednesdays and Fridays, if a sufficient number of students present themselves. It is very desirable that students attending this class should either be attending or have already attended a course of Practical Physics in the Physical Laboratory.

VIII. PHYSICAL LABORATORY.—The Laboratory is open daily throughout the Winter and Summer Sessions from 10 to 1 and 2 to 4.

Ordinary Course.—This course includes instruction in the use of instruments, and experiments in General Physics, Sound, Heat, Light, and Magnetism and Electricity.

Advanced Course.—This course includes a series of advanced experiments in the subjects of the Ordinary Course. It can only be taken simultaneously with or subsequent to attendance in one or other of the Higher Mathematical Classes.

Medical Courses.—(See under *Physics* below.)

Special Graduating Course.—(See above under Lecture Classes.)

Research Work.—Research work is carried on daily under the superintendence of the Professor and his Assistants. Facilities are given for candidates for the B.Sc. in Pure Science to carry out research as part of their degree course.

Research Students in 1909-10.—Robert C. Gray (Houldsworth Research Student) and Miss Margaret B. Moir, M.A., B.Sc. (Carnegie Scholar). Alexander R. Brown, Muir Burns, and Alexander M'Crorie, Thomson Experimental Scholars, are also engaged in research.

Books recommended: (1) Ordinary Lecture Class.—Gray's *Elementary Dynamics*, with Watson's *Text-Book of Physics*, or Glazebrook's *Cambridge Text-Books of Physics*; Maclean's

Exercises in Natural Philosophy; Book of Four Figure Logarithm Tables. (2) Special Graduating Class.—The above and Schuster and Lees' *Intermediate Course of Practical Physics*. (3) Higher Mathematical Class, A.—Gray's *Advanced Dynamics* or Gray's *Treatise on Physics*, Vol. I., and books recommended in connection with special subjects treated. (4) Higher Classes, B and C.—Gray's *Advanced Dynamics*. (5) Higher Class, C.—Gray's *Advanced Dynamics*, and books recommended in connection with special subjects treated. (6) Electricity, Pure and Applied.—Gray's *Absolute Measurements in Electricity and Magnetism*, and Foster and Porter's *Electricity and Magnetism*. (7) Physical Laboratory: Ordinary Course.—Glazebrook and Shaw's *Practical Physics*, and Stewart and Gee's *Elementary Practical Physics*, Vol. II. Advanced Course—Watson's *Text-book of Practical Physics*.

PHYSICS.

Lecturer—JAMES G. GRAY, D.Sc., F.R.S.E.

I. *Lectures*.—The lectures of this course are designed primarily for students proceeding to the First Professional Examination in Medicine. They are delivered daily at 11 A.M. during the Summer Session in the Natural Philosophy Department, and embrace the fundamental principles of the Dynamics of Solids, Liquids, and Gases, and the rudiments of Sound, Light, Heat, Magnetism, and Electricity. A detailed programme of the subjects of the course, containing the titles of books recommended for use by students and of works which may be consulted, is given to each student at the beginning of the course.

II. *Practical Work*.—A course of practical work in connection with this class is held during the summer session, and should be taken concurrently with the lectures. It is designed to furnish an opportunity of acquiring such a knowledge of physical instruments and experience in their manipulation as may be useful in practical Physiology and in laboratory work in Public Health. The class meets for practical work in two sections, the men students attending the Physical Laboratory on Tuesdays and Thursdays from 9 to 11 A.M., and the women students on Tuesdays and Thursdays from 2 to 4 P.M. The fee for this course is two guineas.

For the Arnott Prize in General Physics, see Index.

ELECTRICITY—PURE AND APPLIED.

Lecturer—GEORGE E. ALLAN, D.Sc.

(See p. 98.)

III. ASTRONOMY.

(See under Faculty of Science, page 102.)

IV. CHEMISTRY.

(See under Faculty of Medicine, page 121.)

V. ZOOLOGY.

(See under Faculty of Medicine, page 120.)

VI. BOTANY.

(See under Faculty of Medicine, page 119.)

VII. GEOLOGY.

(See under Faculty of Science, page 108.)

VIII. GEOGRAPHY.

This Lectureship was instituted by the University Court in 1909.

Lecturer—1909. H. G. LYONS, F.R.S.

Ordinary Class.—The course of 75 lectures, with supplementary tutorial instruction, treats of the subject generally, and qualifies for graduation in Arts. The general treatment of Mathematical Geography and Elementary Surveying, Physical Geography, Political Geography and Economic Geography; the History of Geographical Discovery; the Regional Geography of a Country (British Isles) and a Continent (Asia).

Advanced Class.—Cartography, Map Projections, and Surveying; Specialized study of Physical, Political, and Economic Geography of selected portions of the Continent of Europe, and the Atlantic Ocean, as well as a general study of the whole. History of Geography.

D. HISTORY AND LAW.

I. HISTORY.

This Chair was founded by Ordinance No. 28 of the Universities Commission (1889) of date 5th June, 1893. The Professor is appointed by the University Court.

Professors.

1894. Richard Lodge, M.A. 1899. DUDLEY J. MEDLEY, M.A.

ORDINARY CLASS.—The Class meets four times a week at 10 A.M. on such days as shall be determined from term to term by the Professor. Students attending the Class are warned not to make any permanent engagement for the class-hour on any week-day except Saturday. The course qualifies for graduation.

In session 1910-11 the Professor will lecture on the Outlines of European History, A.D. 476-1453. The prescribed books are Bryce, *Holy Roman Empire*, and *Periods of European History*, vols. I. II. III. (Rivington).

Students who desire to take a second course in History for the Ordinary Degree will attend the class of the Lecturer in History. This will consist, until further notice, of a course of lectures on two or three days a week throughout the session on British History to 1485.

HONOURS CLASS.—This Class meets twice or three times a week, at 11 A.M., on such days as shall be determined from term to term by the Professor. During session 1910-11 the Professor proposes to lecture on British History, political and constitutional, A.D. 1295-1558.

Students who intend to join this class would do well to make themselves thoroughly familiar with the outline of the history of the period. Those who desire to do further preparatory work should consult the Professor by letter.

NOTE.—*The classes recognized as Honours Classes in the Group of History are the Honours Classes held by the Professor of History, by the Lecturer in Constitutional Law and History, by the Lecturer in British History, and the Senior Class held by the Professor of Ecclesiastical History.*

BRITISH HISTORY.

Lecturer—JOHN M. RAMSAY, M.A.

This Class meets on Mondays, Wednesdays, and Fridays, at 10 A.M.; and is more particularly concerned with the periods of British History prescribed for Honours in English.

In the session 1910-11 the subject for lecture will be "The Puritan Revolution," A.D. 1558-1660.

For the classes recognized as Honours Classes in the Group of HISTORY, see the note above.

II. CONSTITUTIONAL LAW AND HISTORY.

Lecturer.

1894. WILLIAM S. McKECHNIE, M.A., LL.B., D.Phil.

ORDINARY CLASS.—This class qualifies as a full course for graduation both for the ordinary M.A. and for Honours in History. (For subjects of study, text-books, etc., see under Faculty of Law, page 150.)

HONOURS CLASS.—In session 1910-11, if candidates for Honours in History present themselves, a course of fifty lectures (qualifying *pro tanto* for graduation with Honours) will be given on the early Constitutional History of England till 1295. The class text-book will be Stubbs, *Select Charters*. The following works are suggested for the use of students before or during the session:—Stubbs, *Constitutional History*; Pollock and Maitland, *History of English Law*; McKechnie, *Magna Carta*. The class meets on Mondays, Wednesdays, and Fridays at 3 P.M.

III. ROMAN LAW.

(See under Faculty of Law, page 148.)

II.—FACULTY OF SCIENCE.

The Faculty of Science was instituted by Ordinance No. 31 of the Universities Commission (1889) of date 5th June, 1893, and at the present time embraces the classes of Mathematics, Natural Philosophy, Astronomy, Chemistry, Zoology, Geology, Botany, Anatomy, Physiology, Civil Engineering and Mechanics, Naval Architecture, and Mining. In this Faculty there are also classes in Electricity—Pure and Applied, Electrical Engineering, Optics, Physical Chemistry, Organic Chemistry, Metallurgical Chemistry, Physiological Chemistry, Psychology, and Public Health.

I. MATHEMATICS.

(See under Faculty of Arts, page 93.)

II. NATURAL PHILOSOPHY.

(See under Faculty of Arts, page 95.)

III. ASTRONOMY.

The Professorship of Practical Astronomy was founded in the year 1760, conjointly with the office of Observer in the

University of Glasgow, and is in the gift of the Crown. By Ordinance No. 31 of the Universities Commission (1889) of date 5th June, 1893, it is now called Astronomy, and the Professor is a member of the Faculty of Science, the Chair having been transferred by the Universities Commission in 1893 from the Faculty of Arts to the newly instituted Faculty of Science.

Professors.

1760. Alex. Wilson, LL.D.	1803. James Cooper, D.D.
1784 ¹ . Patrick Wilson, LL.D.	1836. John P. Nichol, LL.D.
1799. W. Meikleham, LL.D.	1859. R. Grant, LL.D., F.R.S.
1893. LUDWIG BECKER, Ph.D., F.R.A.S.	

An Observatory has always existed in connection with this Chair. The present Observatory is situated on an eminence in the vicinity of the University buildings.

Dr. Wilson, the second occupant of the Chair, bequeathed to the University the sum of one thousand pounds, upon the condition that the interest thereof should be applied to the purchase of instruments and books for the use of the Professor of Astronomy and the students attending his prelections.

The Trustees of the Bellahouston Bequest Fund made in 1894 a grant of eleven hundred pounds for the improvement of the Observatory.

The Professor of Astronomy delivers two Courses of Lectures on Astronomy at the University during the session, and gives expositions on instruments and methods of observation at the Observatory.

First Class.

Subjects: Spherical Astronomy — The celestial sphere, description and theory of instruments, determination of latitude and time, Precession, Nutation, Aberration, Figure of the Earth, Eclipses, Occultations, Determination of Orbits, Interpolation and Mechanical Quadrature.

The class meets at 3 P.M. on Mondays, Wednesdays, and during the first half of the session on Fridays. Practical Demonstrations at the Observatory on Saturdays, 10 A.M. to noon, in October and November.

Books:—*The Nautical Almanac*, 1911; Charles A. Young, *Manual of Astronomy* (Ginn & Co., Boston and London, 1902).

¹ Dr. P. Wilson was assistant to his father from 5th June, 1782.

Second Class.

Subject : Celestial Dynamics.

The students ought to be well prepared on the subjects of the Intermediate Honours Mathematical Class.

The class meets at 3 P.M. on Tuesdays and Thursdays, and during the second half of the session on Fridays.

Attendance on the two classes, either in the same session or in different sessions, counts as a full course for the Degree of M.A. The first and second classes, which may be taken in one session, with practical work at the Observatory, are a full course for the Degree of B.Sc. in Pure Science. The student has to acquire skill in observing with several instruments, to secure observations of sufficient accuracy, and to derive the results by calculation. The practical work will occupy not less than 120 hours, and must be finished before the examination, except when the student sits it at the close of the theoretical lectures. If Astronomy is taken as the principal subject additional work, theoretical and practical, will be required. If Astronomy is taken either for the Degree in Pure Science as subsidiary to any principal subject other than Mathematics or Natural Philosophy, or for the Degree in Science in Engineering, Class II. is not compulsory, but additional practical work has to be undertaken.

IV. CHEMISTRY.

(See under Faculty of Medicine, page 121.)

ORGANIC CHEMISTRY.¹

This Lectureship was instituted by the University Court in 1902.

Lecturer—T. S. PATTERSON, D.Sc., Ph.D.

Three courses of Lectures on Organic Chemistry are given :

1. An elementary course of 25 lectures during the latter part of the winter session.

This course is suitable for students taking the First Science Examination, for medical students, or for others who wish to attend a systematic course in Organic Chemistry without working up to the standard of the Final B.Sc. Examination.

The lectures are fully illustrated by experiments, and deal with the following subjects :—Methods of Analysis, Deduction

¹ Courses in Organic Chemistry were given from 1898 to 1900 by William R. Lan D.Sc., F.C.S., and from 1901 to 1904 by Matthew A. Parker, B.Sc.

of Formulae, Classification of Organic Compounds, and the Chemistry of the following classes of substances:—Alcohols, alkyl halides, ethers, hydrocarbons, aldehydes, ketones, acids, acid chlorides, acid anhydrides, esters, amines, amides, and some of the more common aromatic compounds.

2. An advanced course of 40 lectures is delivered during the academic year. This class, which counts as a half course, must be taken by all offering Chemistry as a principal subject, or Organic Chemistry as a subsidiary subject for the Final Science Examination.

The class will meet alternately with the class in Physical Chemistry at 9 A.M.

In the course, the chemistry of the aliphatic compounds is sketched, important subjects such as the carbohydrates, aceto-acetic ester and malonic ester syntheses, stereoisomerism, the ureides, etc., being treated in some detail. Thereafter the chemistry of the carbo-cyclic, and of a few of the more important hetero-cyclic compounds, is fully described, special attention being devoted throughout to the results of recent research. The lectures are illustrated by experiments, but since students taking the class are advised to take a laboratory course at the same time, when they may themselves carry out the more important operations described and prepare specimens of typical organic compounds, these experiments will only be such as are of a somewhat special character, and not suitable for general laboratory work.

3. A special course of about 12 lectures will be delivered during the summer session on certain selected chapters in Organic Chemistry with particular reference to the results of recent investigation. This class will be open without fee to all who wish to attend, but some previous acquaintance with the subject is desirable.

Books recommended:—A. F. Hollemann, *Text-book of Organic Chemistry*; J. B. Cohen, *Theoretical Organic Chemistry*; A. Bernthsen, *A Text-book of Organic Chemistry*. V. Meyer and P. Jacobson, *Lehrbuch der Organischen Chemie*. J. B. Cohen, *Practical Organic Chemistry for Advanced Students*; L. Gattermann, *Practical Methods of Organic Chemistry*; J. B. Cohen, *Organic Chemistry for Advanced Students*, Arnold, 21s.

METALLURGICAL CHEMISTRY.

This Lectureship was instituted by the University in 1899 and an endowment was provided in 1908 (see p. 174).

Lecturer.—CECIL H. DESCH, D.Sc., Ph.D.

Lectures are given thrice weekly throughout the Winter Session. For convenience the course is divided into two parts: Class A, October to December; and Class B, January to March. Students may enrol for a half-course on payment of half the fee for the full course. Metallurgical Chemistry is one of the qualifying subjects for the Degree of B.Sc. in Engineering and for the Certificate of Proficiency in Engineering. This class is also the qualifying graduation course in Metallurgy for students taking the B.Sc. Degree or the Certificate of Proficiency in Mining Engineering. Under the new regulations for the Final B.Sc. Examination in Pure Science Metallurgical Chemistry may be taken as a subsidiary subject; Metallurgical Chemistry also enters into the Final Examination when Chemistry is the student's principal subject.

SUBJECTS, Class A.—Occurrence, Preparation, Properties and Testing of Fuels and Refractory Materials, Types of Furnaces, Extraction of Metals from their Ores (including Electro-metallurgy).

Class B.—The Thermal and Microscopical study of Metals and Alloys; their physical and mechanical properties, and the effect of heat treatment. The Constitution of Cast Iron, Steel, and Copper Alloys. Methods of Analysis.

Laboratory Course.—Students should attend two and a half hours daily during the Winter Session.

Excursions are arranged throughout the session.

Text-Books.—Roberts-Austen, *Introduction to the Study of Metallurgy*; Schriabel and Louis, *Handbook of Metallurgy*; Stansbie, *Iron and Steel*; Desch, *Metallography*; Macfarlane, *Laboratory Notes on Practical Metallurgy*; Beringer, *A Text-Book of Assaying*.

METALLOGRAPHY.

A practical class in metallography is held during the Summer Session. The work of the class includes the microscopical examination of iron, steel, and alloys, thermal analysis, and the study of flaws, fractures, and corrosion in engineering materials.

PHYSICAL CHEMISTRY (INCLUDING RADIO-ACTIVITY).

This Lectureship was instituted by the University Court in 1904.

Lecturer.

1904. FREDERICK SODDY, M.A.

I. PHYSICAL CHEMISTRY.

This class, together with practical work in the Physical Chemistry laboratory, must have been taken by all offering chemistry for the Final Science Examination. It will be held during the Winter Session at 9 A.M., and will comprise 40 lectures. Days will be arranged to alternate with the corresponding class in Organic Chemistry at the same hour.

Syllabus.—Historical development of chemical theory; the relations between matter and energy; the atomic and molecular theories; conservation of energy and the laws of thermodynamics; detailed study of gases; the relations between the gaseous and liquid states; the methods of liquefaction of gases and of refrigeration; chemical change and chemical dynamics; equilibrium and balanced actions; dissociation, explosion, tautomerism; solutions and osmotic pressure; molecular weight of dissolved substances; relations between liquids and solids; eutectics and cryohydrates; phase rule; laws of thermochemistry; electro-chemistry; electrolysis; theory of electrolytic dissociation of solutions; electro-motive force of chemical change; electro-technical chemical processes; recent advances and methods of inorganic chemistry, including some selected researches.

Books recommended:—Walker's *Introduction to Physical Chemistry*, or Ostwald's *Outlines of General Chemistry*, *Text-Books of Physical Chemistry*, edited by Sir William Ramsay.

In conjunction with these lectures a practical class will be held during the latter half of the Winter Session. The Physical Chemistry Laboratory will be open daily for this purpose, and Class Certificates will not be given until the Practical Course has been taken.

Syllabus.—Determination of molecular weights by vapour density, freezing point and boiling point methods; conductivity of electrolytes; electro-chemical equivalents; measurement of single potential differences; electro-chemical analysis of metals; electrolytic and electric furnace chemical preparations; use of

refractometer, polarimeter, and spectroscope in chemistry; determination of reaction velocity; gas manipulation and gas analysis; radio-active measurement, and analysis of radio-active constituents in minerals.

II. RADIO-ACTIVITY.

A course of fifteen lectures in this subject will be held once every two years. The course will be given in 1910-11 during the Summer Session. It is designed to cover the important developments of recent years following on the discoveries of new types of radiation.

Syllabus.—Historical. Radio-activity a new atomic property of matter. Methods of measurement and investigation. The radio-active elements, uranium, thorium, radium, actinium, polonium, etc. The α -, β -, and γ - rays and the determination of their constants and nature. Radio-active change. Theory of atomic disintegration. Determination of the law and rate of disintegration. Radio-active equilibrium. Period of average life of the radio-elements. The disintegration series as at present elucidated. The parent of radium. Connection of helium with the α - particle. Energetic aspect of radio-active change. Internal energy of elements. Problem of artificial transmutation. Radio-activity of the earth and atmosphere. Geological bearing of radio-activity.

In connection with the class a special course on Radio-active Measurements will be given in the laboratory to those enrolled for the chemical laboratory, if a sufficient number signify their intention of taking the class. Books recommended:—E. Rutherford, *Radio-activity* (Camb. Univ. Press, 2nd edition); F. Soddy, *Radio-activity, an Elementary Treatise* (Electrician Publishing Co.).

V. GEOLOGY.

This Chair was founded by the University Court Ordinance No. VIII.¹ (Glasgow, No. 3) issued on 12th February, 1903, and approved by His Majesty in Council on 11th August, 1903, an endowment of fifteen thousand pounds sterling having been provided by the Carnegie Trust, the Bellahouston Trust, and other Donors. The Professor is appointed by the University Court, and is a Professor in the Faculty of Science.

¹ The text of this Ordinance was printed in full in the *University Calendar* for 1904-5, pp. 795-779.

In 1876 the late Mrs. Honyman Gillespie of Torbanehill endowed a Lectureship in Geology, to be called the Honyman Gillespie Lectureship, in memory of her husband, W. Honyman Gillespie, Esq. The Lectureship was attached by the Deed of Foundation to the Chair of Natural History, but power was given to the Trustees to withdraw it from that chair and to attach the income to the Chair of Geology when founded. The Trustees have agreed to exercise that power and pay over the annual income of the Honyman Gillespie Lectureship to the University Court to augment the salary of the Professor of Geology.

Professor.

1904. JOHN WALTER GREGORY, D.Sc., F.R.S.

Geology is a subject of study for the Degrees of M.A., B.Sc. in Pure Science, B.Sc. in Engineering, B.Sc. in Mining, B.Sc. in Agriculture, and B.Sc. in Public Health. For the Degree in Arts there will be one hundred meetings of the class, including Laboratory and Field Work; for the B.Sc. in Public Health fifty-two meetings, including Laboratory and Field Work; for the B.Sc. in Agriculture eighty meetings, including Laboratory and Field Work; for the B.Sc. in Engineering eighty meetings, including Laboratory and Field Work. The course for the B.Sc. in Pure Science is divided into two parts: in Part I. the course consists of one hundred meetings, of which fifty are lectures; Part II. consists of one hundred meetings, of which fifty are lectures. Before admission to Part II. a student must produce a certificate showing that he has done the work required in Part I. The course in Geology for B.Sc. in Mining Engineering comprises a course of fifty lectures and fifty meetings for practical work in the second year, and a course of fifty meetings taken after Christmas in the third year.

VI. ZOOLOGY.

(See under Faculty of Medicine, page 120.)

VII. BOTANY.

(See under Faculty of Medicine, page 119.)

VIII. ANATOMY.

(See under Faculty of Medicine, page 124.)

IX. PHYSIOLOGY.

(See under Faculty of Medicine, page 126.)

X. CIVIL ENGINEERING AND MECHANICS.

The Professorship of Civil Engineering and Mechanics was instituted by Queen Victoria in 1840, and is in the gift of the Crown. The emoluments of the Chair were increased in 1872 by a supplemental endowment¹ by the late Mrs. Elder, widow of Mr. John Elder, engineer and shipbuilder, Glasgow; and more recently, in 1876, an Assistantship was founded by bequest of Mrs. Black, widow of the Rev. Dr. Black, Barony Church, Glasgow.² The University Court instituted a lectureship on Electrical Engineering in 1898, and one on Engineering Drawing and Design in 1901.

Professors.

1840. Lewis D. B. Gordon, C.E.
 1855. William J. Macquorn Rankine, C.E., LL.D.
 1873. James Thomson, M.A., C.E., LL.D., D.Sc., F.R.S.
 1889. ARCHIBALD BARR, D.Sc., M.Inst.C.E., M.I.Mech.E.

Lecturer on Electrical Engineering.

John S. Nicholson, B.Sc., Whit. Sch., A.M.I.E.E.

Lecturer on Engineering Drawing and Design.

Harry Bamford, M.Sc., A.M.Inst.C.E.

Assistants.

Thomas B. Morley, B.Sc.
 David Thomson, B.Sc. (Young Foundation).

Demonstrators.

Bernard P. Haigh, B.Sc.
 Robert M. Brown, B.Sc.
 Peter D. MacFeat, B.Sc.

The courses in Engineering extend throughout the winter session, that is, from 17th October till 23rd March. They comprise Lectures on Engineering Principles and Practice, Instruction in Geometrical Drawing and in Engineering Drawing and Design, Laboratory Practice, and visits to Engineering Works and Manufactories.

These courses are designed primarily to suit students who intend to devote themselves to Civil, Mechanical, Electrical, or Mining Engineering; but the work of the classes will be found of direct practical utility to architects and to men who are engaged in any occupations connected with manufactures.

¹ The annual income of a sum of £5000.

² The salary for the Young Assistantship thus founded is now £147.

The work of the classes is not intended in any way to supersede the usual requirements of pupilage or apprenticeship in Engineering, but to enable the Engineer to gain such a knowledge of the principles underlying his profession or trade as he cannot acquire by only working in the office, in the field, or in the workshop. The classes may be attended either before or after pupilage or apprenticeship, or concurrently therewith. In most cases the students spend the summer six months in works or offices and thus get their scientific and practical training on the "sandwich" system.

CLASS I.—THE MATERIALS OF CONSTRUCTION AND THE ELEMENTS OF APPLIED MECHANICS.—Daily at 9 A.M. Subjects: Preparation, Properties and Uses of the Chief Constructive Materials, especially of Cast Iron, Wrought Iron, Brass and other Alloys, Timber, Building Stones, Cements and Concrete; Graphics; Steam, Gas, and Oil Engines, and other Prime Movers; and the more Elementary Principles of Mechanics in their application to problems connected with Engineering Structures and Machines.

CLASS II.—SURVEYING, LEVELLING, AND SETTING-OUT OF WORKS.—Mondays, Wednesdays, and Fridays, at 10 A.M.—Subjects:—Surveying with the Chain and with Angular Instruments; Telemetry; Levelling; the Optical and Mechanical Principles, Tests, and Adjustments of Surveying and Levelling Instruments; Setting-out of Works, especially Setting-out of Railways; Mensuration of Areas of Land and of Volumes in Earth Works; the Execution of Civil Engineering Works. The Lectures will treat for the most part of those portions of the subject which are not readily learned in ordinary field and office practice.

CLASS III.—PRIME MOVERS AND THE MECHANICS OF MACHINERY.—Mondays, Wednesdays, and Fridays at 10 A.M. The Lectures treat of the Sources of Energy; Fuels; the Theory of Steam, Gas, and other Heat Engines; the structural details of Boilers and Engines; the Mechanics of Machinery; the Elements of Machine Design; the Transmission of Power; and Friction and Lubrication in Machines. Attendance on this class should be preceded by attendance on Class I. in the case of students entering with little knowledge of Applied Mechanics.

CLASS IV.—HIGHER APPLIED MECHANICS AND HYDRAULICS.—Daily, except Saturday, at 9 A.M. The Lectures treat

of the Strength and Elasticity of Materials; the Strength and Stiffness of Beams, Girders, Columns, Framed Structures, Shafts, etc.; Hydraulics and Hydraulic Appliances, including the Gauging of Water, the Flow of Water in Pipes, and the Principles of Water Wheels, Turbines, and Centrifugal Pumps.

ENGINEERING DRAWING AND DESIGN.—The drawing classroom is open daily, except Saturday, from 9 A.M. till 5 P.M. Each student will be required to attend six hours per week (at times to be arranged at the beginning of the session), and will be expected to devote extra time to the performance of work. The work of the classes will comprise Lectures and Practice in Civil and Mechanical Engineering Drawing; Lectures and Practice in Design of Structures; Descriptive Geometry, Graphical Statics, and the Kinematics of machinery; and the performance of graphical work and calculations in connection with the lecture courses.

ENGINEERING LABORATORIES.—The James Watt Engineering Laboratories, which have been erected and equipped at a total cost of about £40,000, are now complete. The equipment includes a steam boiler for 100 horse power, steam, gas, oil, petrol, and hot-air engines; a 50 horse power steam turbine; a refrigerating plant; 100-ton and 10-ton testing machines arranged for tests in tension, compression, bending, and torsion, and fitted with autographic stress and strain recorders; cement testing appliances; a variety of water turbines; apparatus for experiments on the flow of water through orifices and pipes, and other apparatus for investigations bearing upon Engineering Science and Practice. (See also under Electrical Engineering, p. 113.)

The Laboratories are open daily; each student is required to attend at least six hours per week (at times to be arranged at the beginning of the session).

For the purposes of Ordinance No. 23, Section IX. (see page 272), Class IV., together with Laboratory practice, counts as one whole course; any two of the other Lecture Classes (I., II., III., Electrical Engineering I., II.), together with Laboratory practice, count as the other whole course. Candidates taking the second option under Section IX., *i.e.* candidates for the Degree of B.Sc. on the side of Naval Architecture, are required to take Class IV. together with Laboratory practice.

ELECTRICAL ENGINEERING.

A Lectureship in Electrical Engineering was instituted by the University Court in 1898.

Lecturers.

1898. John Dewar Cormack, B.Sc.

1901. James Blacklock Henderson, D.Sc.

1905. JOHN STEEL NICHOLSON, B.Sc., Whit. Sch.

Two classes are held during the Winter Session. For the purposes of Ordinance No. 23, Section IX., 5, 6 (see page 272), Class I., along with Laboratory practice, or Class II., with Laboratory practice, counts as a half course, while both classes, along with Laboratory practice, constitute a full course. Class I. and Class II. are also qualifying classes under Ordinance No. 23, Section IX., 9 (*h*).

The Electrical Laboratory is part of the new James Watt Engineering Laboratories, and is open daily, except Saturdays, for experimental and research work.

Class I.—Mondays, Wednesdays, and Fridays at 8 A.M. This course is arranged to cover a wide field suitable for the needs of civil, mechanical, and mining engineers as well as for those who intend to specialise in electrical engineering. Subjects :—Practical units of current, quantity, E.M.F., resistance, power, and energy; Ammeters, voltmeters, ohmmeters, wattmeters, and energymeters; Winding of resistances. Cells and the calculation of E.M.Forces; Secondary cells and their chemical reactions; Electro-chemical processes. Carbon and metallic filament and arc lamps. Magnetic properties of iron and steel and their measurement; the magnetic circuit; Hysteresis and hysteresis losses. Electro-magnetic induction and the production of E.M.F.; Development of the dynamo; Winding of armatures and field magnets. Characteristic curves; armature reaction and conditions for sparkless commutation. Losses, efficiency and methods of testing dynamos and motors. Modern direct current machinery; motor starters, tramway, lift and crane controllers. Direct current distribution; Kelvin's law of economy. Alternating E.M.Forces and currents; relation between mean, maximum and effective values; measurement of alternating currents; E.M.Forces and power; power factors. Alternators.

Text-books: Crapper, *Electric and Magnetic Circuits*; Thomälen, *Electrical Engineering* (translated by G. W. O. Howe); James Barr, *Electrical Engineering*.

Book of reference: Hawkins and Wallis, *The Dynamo*.

Class II.—Tuesdays, Thursdays, and Saturdays, at 8 A.M.
Subjects:—Armature reaction and commutation in continuous current machines. Distribution of power and distribution losses. Electromagnetic induction. Alternate current phenomena; single and polyphase currents; mathematical and graphical treatment of alternating current problems. Transformers and alternators; theory, regulation, losses and efficiency. The working of alternators singly and in parallel; methods of paralleling; armature reaction in polyphase machines and rotary converters. Induction motors, single and polyphase; methods of starting; singlephase commutator motors; compensated asynchronous and synchronous motors and generators. Testing of alternators and motors; compounding of alternators.

Text-book: Steinmetz, *Elements of Electrical Engineering*.

Books of reference: Steinmetz, *Alternating Current Phenomena*; Hawkins and Wallis, *The Dynamo*; Kapp, *Transformers*; C. G. Lamb, *Alternating Currents*.

Electrical Engineering Drawing and Design.—General principles underlying the design and calculation of electrical machinery, with special reference to some particular type. See under "Engineering Drawing and Design."

Laboratory Course.—The equipment of the Electrical Laboratories includes a 30 K.W. three-phase generator, and a 7 K.W. two-phase generator, both motor driven, two 9 K.W. rotary converters, two tramway motors mounted for experimental work, a 5 K.W. continuous current motor generator or booster, a 5 K.W. balancer set, and motors of various kinds for continuous and alternating current. The electrical plant in other parts of the James Watt Laboratories also provides subjects for experiment. These include a 34 K.W. de Laval steam turbine dynamo, a 30 K.W. high speed engine and dynamo, a 35 H.P. Eddy current brake, an electrically driven lift, and motor-driven fan, air pump and centrifugal pumps. The instrument room is equipped with the most modern measuring instruments.

As to the Degrees of B.Sc. and D.Sc. in Engineering Science, see Index.

As to the Certificate of Proficiency in Engineering Science, see Index.

As to the Muir Bursaries, the Metcalfe Bursaries, the John Oliphant Bursary, the Dr. Strang Bursaries, the George Young Bursary, the Walker Prizes, the George Harvey Prize, the James Watt Scholarship, and the Lindsay Burnet Medal in the Department of Civil Engineering and Mechanics, see Index.

XI. MINING.

THEORY AND PRACTICE OF MINING.

On 26th March, 1902, James S. Dixon, LL.D., Fairleigh, Bothwell, recognising the want of a means of teaching the higher branches of the Theory and Practice of Mining, and the desire for acquiring such knowledge displayed by many young men connected with mining, made an offer of £10,000 to found a Chair or Lectureship of Mining in the University of Glasgow. The University Court accepted the offer, and a Lectureship was accordingly founded. In 1907 Dr. Dixon increased the foundation by the sum of £6,500, and the University Court, by University Court Ordinance, No. XIX. (Glasgow, No. 5),¹ converted the Lectureship into a Chair. The Professor is appointed by a special body consisting of (1) the members of the Court, (2) the President of the Mining Institute of Scotland, (3) His Majesty's Inspector of Mines for the Western District of Scotland, (4) His Majesty's Inspector of Mines for the Eastern District of Scotland, (5) the President of the Lanarkshire Coalmasters' Association, and (6) the Donor during his life or till his resignation.

Lecturer—1902. Charles Latham, M.Inst.M.E.

Professor—1907. CHARLES LATHAM, M.Inst.M.E.

The courses in mining extend throughout the winter session. Arrangements have been made for a limited number of students to obtain practical experience, during the summer months, at some of the largest and best equipped collieries in Scotland.

Under the Coal Mines Regulation Act (1887) Amendment Act (1903), both the Degree of B.Sc., and Certificate of Proficiency, in Mining Engineering are now recognised by the

¹The text of this Ordinance was printed in the *University Calendar* for 1908-9, see pp. 760, 761.

Home Office as equivalent to two of the five years practical training necessary to qualify as a mine manager.

MINING ENGINEERING.

CLASS I.—Mondays and Wednesdays at 3 P.M. Subjects:—Prospecting, Boring, Sinking, Winding and Ventilation.

CLASS II.—Tuesdays and Thursdays at 3 P.M. Subjects:—Explosives, Haulage, Pumping, Lighting, Timbering, and Coal Cutting Machinery.

CLASS III.—Fridays at 3 P.M. Subjects:—Methods of working Coal and Metalliferous Mines, surface arrangements for dressing and cleaning coal and other minerals.

CLASS IV.—The designing and testing of Mining Plant. For this class the Mining Laboratory is open daily; each student will be required to attend at least one hour a week.

As to the degree of B.Sc. in Mining Engineering, and the Certificate of Proficiency in Mining Engineering, see Index.

EVENING CLASSES.

MINE MANAGEMENT.

For the benefit of those students who do not wish to take the degree, and yet desire to qualify themselves as Mine Managers under the Coal Mines Regulation Act, a course of evening lectures, extending over two years, will be given as follows: Class I., Mondays at 7.30 P.M.; Class II., Tuesdays at 7.30 P.M. *Practical Laboratory Class.*—Wednesdays and Thursdays at 7.30 P.M.

Class I.—Boring, Sinking, Explosives, Winding and Ventilation.

Class II.—Haulage, Pumping, Lighting, Timbering, Coal Cutting Machinery, Methods of Working, and Surface Arrangements.

Laboratory Class.—The Laboratory is fully equipped with apparatus for the testing and analysis of coal, oils, and mine air, together with various forms of rescue appliances for use in irrespirable atmospheres. There is also a complete ventilating and pumping plant, together with experimental gallery, etc., for determining the efficiency of such plant under various conditions.

The course will consist of instructions in the methods of testing and using these, the students afterwards performing the experiments themselves.

XII. NAVAL ARCHITECTURE, INCLUDING MARINE ENGINEERING.

The John Elder Chair of Naval Architecture was founded by the University in 1883. An endowment of £12,500 was provided by the late Mrs. Elder, widow of Mr. John Elder, engineer and shipbuilder, Glasgow. The Professor is appointed by the University Court.

Professors.

1883. Francis Elgar, LL.D. | 1886. Philip Jenkins.

1891. JOHN HARVARD BILES, LL.D., D.Sc.

The courses of the Professor comprise a Junior Course of Lectures and Examinations upon Naval Architecture and Marine Engine and Boiler Design, and a Senior Course of Lectures and Examinations upon Naval Architecture and Marine Engine Design; also a Junior and a Senior Course of Instruction in Ship Drawing and Calculations and Marine Engine Drawing and Design. The Junior Course of Lectures and Examinations may be taken in either the first or the second year of the regular curriculum, and the classes will meet on Mondays, Wednesdays, and Fridays at 12 noon, or at any other hour that may be found convenient. The classes of the Senior Course will be held on Mondays, Tuesdays, and Thursdays from 11 A.M. to 12 noon, or at any other hour that may be found convenient.

The Junior Course of Instruction in Ship Drawing and Calculations and Marine Engine Drawing and Design is expected to be taken by students in the first year of the regular curriculum; and the classes will be held on Tuesdays, Wednesdays, Thursdays, and Fridays from 2 P.M. to 5 P.M., or at any hour that may be found convenient. The classes of the Senior Course will be held on Tuesdays, Wednesdays, Thursdays, and Fridays from 2 P.M. to 5 P.M., or at any other hour that may be found convenient.

As to the Degree of B.Sc. on the side of Naval Architecture and Marine Engineering, see Index.

As to the Lloyd's Register Scholarship, and the Kirk Memorial Prize, see Index.

XIII. PUBLIC HEALTH.

(See under Faculty of Medicine, p. 132).

III.—FACULTY OF MEDICINE.

The Faculty of Medicine embraces the Classes of Botany, Zoology, Physics, Chemistry, Anatomy, Embryology, Physiology, Materia Medica, Pathology, Forensic Medicine, Surgery, Clinical Surgery, Practice of Medicine, Clinical Medicine, Midwifery, Insanity, Diseases of the Eye, Diseases of the Ear, Diseases of the Throat and Nose, Diseases of the Skin, and Diseases of Children.

ORDER OF STUDY RECOMMENDED.

It is advantageous that the Student should commence his studies in Summer. Candidates are advised not to go up for examination in Chemistry and Zoology till the Autumn before the Second Winter.

1ST SUMMER.—Physics, Botany.

1ST WINTER.—Chemistry, Junior Anatomy, Zoology. Practical Zoology may also be taken. Practical Chemistry in Laboratory may also be taken if desired.

2ND SUMMER.—Practical Anatomy, Embryology, Practical Histology. Practical Chemistry may be taken if not already attended.

2ND WINTER.—Senior Anatomy, Physiology, Practical Physiology, Practical Anatomy.

3RD SUMMER.—Practical Anatomy, Practical Pharmacy, Clinical Surgery and Hospital.

3RD WINTER.—Surgery, Materia Medica, Clinical Surgery, Hospital and Dispensary Practice.

4TH SUMMER.—Practical Pathology, Medical Jurisprudence and Public Health, Operative Surgery, Clinical Medicine and Hospital.

4TH WINTER.—Pathology, Practice of Medicine, Midwifery, Also Clinical Class and Hospital.

5TH SUMMER.—Insanity, Diseases of Women, the Skin, the Eye, the Ear, the Throat and Nose, Vaccination, Hospital, Fevers.

5TH WINTER.—Hospital, Midwifery Practice, and Specialities of Practice not previously attended to.

A. The subjects of the *First Professional Examination* for the Degrees of Bachelor of Medicine and Bachelor of Surgery are taught in the following classes:—

I. BOTANY.

The subject of Botany was from 1718 conjoined with Anatomy. The combination being found unsuitable, a separate Lectureship on Botany was instituted, and ultimately, in 1818, the Professorship was founded. The appointment is vested in the Crown. (See p. 216, as to Botanic Garden.)

Professors.

1818. Robert Graham, M.D.	1845. G. A. Walker-Arnott, LL.D.
1820. Sir W. J. Hooker, LL.D.	1868. Alexander Dickson, M.D.
1841. John H. Balfour, M.D.	1879. I. B. Balfour, M.D., D.Sc.
1885. FREDERICK O. BOWER, Sc.D., F.R.S.	

The elementary course in Botany for students in Medicine and Science¹ is held in the University during the summer session. Lectures are given every Tuesday, Wednesday, Thursday, Friday, and Saturday at 8 A.M. On certain Saturdays during the summer session microscopic demonstrations are given in the Laboratory.

Elementary practical classes for students in Medicine meet during the summer session from 9 A.M. to 11 A.M. or from 1 P.M. to 3 P.M., on Mondays, Wednesdays, and Fridays. Students for first B.Sc. attend also on Tuesdays and Thursdays, when additional lecture instruction and practical work will be given.¹

The course in Botany for the degree of M.A. consists of two qualifying half courses. The first, treating of the lower forms, is given in the first term (from October to December), and consists of twenty lectures and thirty meetings for practical work. The second half-course (which can only be taken by students who have already passed through the first half-course) treats of flowering plants, consists of thirty lectures and twenty meetings for practical work, and is held in the third term (from April to June).

Courses of advanced instruction designed for candidates for Final B.Sc. are arranged in both winter and summer sessions. A course of fifty lectures is given in the winter session on Mondays, Wednesdays, and Fridays, at 10 A.M.; in winter, 1910-11, they will deal specially with the Phanerogams.

In the summer session thirty advanced lectures are given on Physiological Anatomy, and twenty advanced floral demon-

¹ Students who take Botany as a subject of their First Science Examination are advised to attend the M.A. Course in Botany given by Dr. A. A. Lawson. The Degree Examination is the same.

strations. The demonstrations are open without fee to students who have already attended either the course qualifying for first B.Sc. or the full qualifying course for M.A.

A practical course, dealing in the winter of 1910-11 with the Phaeerogams, will be arranged in the Advanced Laboratory from October to March, meeting on Mondays, Wednesdays, and Fridays, from 11 A.M. onwards. The Laboratory will be open every day for work from 9 A.M. to 4 P.M.

A practical course will be arranged in the Advanced Laboratory in the summer session, dealing with Physiological Anatomy and Floral Morphology. It is in connection with this that thirty lectures will be given on Physiological Anatomy, at 3 P.M. on Mondays, Wednesdays, and Fridays, during the summer session, and twenty Floral Demonstrations, from 3 P.M. to 4 P.M., on Tuesdays and Thursdays.

The University Herbarium may be consulted by students on applying to the Professor.

Students in the Botanical Class may obtain, by applying to the Professor, specimens of plants from the Botanic Garden for private study.

For the "Dobbie Smith" Gold Medal, see under "Prizes."

II. ZOOLOGY.

This Professorship, under the name of Natural History, was founded by George III. in 1807. It originally comprehended both Zoology and Geology, but when the Chair of Geology was founded in 1903 by the University Court Ordinance No. VIII., it was provided that the Chair of Natural History should thenceforth be called the Chair of Zoology. The Professor is appointed by the Crown.

Professors.

1807. Lockhart Muirhead, LL.D.		1857. Henry D. Rogers, LL.D.
1829. Wm. Couper, M.D.		1866. John Young, M.D.
1902. J. GRAHAM KERR, M.A., F.R.S.		

Senior Assistant—W. E. AGAR, D.Sc., M.A.

Lectures on Zoology, including Comparative Morphology, are given daily at 9 A.M. throughout the Academical year.

The first 50 Lectures of the Course are introductory in their nature. In these Protozoology is treated in considerable detail while the more important groups above the Protozoa are treated

in outline, special attention being devoted to such as are of general zoological interest, and to such as are, from their parasitic habits or otherwise, of special importance to the Student of Medicine. Details of the anatomy of the higher Vertebrates are not dealt with.

In connection with this part of the Course, a Laboratory Class in Elementary Practical Zoology will be held daily from 11 A.M. to 1 P.M., and, if necessary, repeated in the afternoon from 3 P.M. to 5 P.M. In this class Students will examine for themselves examples of the main groups treated of in the systematic lectures.

During the latter half of the Winter and during the Summer Session certain portions of the subject will be treated more fully—in Summer the Comparative Anatomy and Embryology of the Vertebrata, and in Winter the more general problems of Zoology (such as Evolution Theory) together with the special Zoology of one or more of the Phyla of the Invertebrata. Practical work will be arranged from 11 A.M. to 1 P.M. to illustrate the Lectures, and that during the Summer Session will be of such a nature as to give Students an introduction to the methods of Laboratory technique.

The Zoological collections in the Hunterian Museum, though as yet only partially adapted to teaching purposes, are open free to students.

Text-books: (1) Elementary—Shipley & MacBride, *Zoology*; Marshall & Hurst, *Practical Zoology*. (2) More advanced—Sedgwick, *Textbook of Zoology*.

III. PHYSICS.

(See under Natural Philosophy in Faculty of Arts, p. 99.)

IV. CHEMISTRY.

This Professorship was founded by George III. in 1817, previous to which time (from 1747) there were Lecturers on Chemistry appointed by the University. The Professor is appointed by the Crown.

Lecturers.

1747. William Cullen, M.D.	1769. William Irvine, M.D.
1756. Joseph Black, M.D.	1787. Thomas C. Hope, M.D.
1766. John Robison, LL.D.	1791. Robert Cleghorn, M.D.

Professors.

1818. Thomas Thomson, M.D. | 1852. Thomas Anderson, M.D.
 1874. JOHN FERGUSON, M.A., LL.D., F.S.A.

Assistants.

James Roberts, F.C.S. | Andrew Henderson, M.A., B.Sc.
 Robert Scott, M.A.

SYSTEMATIC CHEMISTRY.—The Lectures are delivered daily at 10 A.M. during the winter session. They treat of the general principles of Chemical Philosophy and the preparation and properties of the Non-Metallic and the principal metallic elements and their compounds.

Attendance on this course qualifies for Degrees in Arts and Medicine and for the First Examination for Degrees in Science.

Tutorial Classes.—Students desiring to obtain a qualifying certificate for Degrees in connection with the systematic course are advised to give attendance if possible at one of the Tutorial Classes, each of which meets once a week. The teaching in these classes is supplementary to that given in the systematic lecture course, and is given partly by means of oral examination and written exercises in Chemical Arithmetic.

Written examinations of the whole class are held at intervals during the session. By the ordinances attendance at these examinations and attainment of the required standard are compulsory.

**B.SC. DEGREE IN ENGINEERING AND CERTIFICATE OF
 PROFICIENCY IN ENGINEERING.**

In Winter Session 1910-11 and thereafter a qualifying course of Chemistry (60 meetings), to be attended by students of Engineering, Mining, or Naval Architecture, will be given by Dr. C. H. Desch. The class hour is 10 a.m. See also "Chemical Laboratories" below.

HIGHER COURSES.—Courses on Metallurgical Chemistry and Metallography, on Physical and on Organic Chemistry are given during the winter and summer sessions, and to meet the requirements of Ordinance No. 12, Section IX. (4), a higher course will be delivered as required. It will deal with the Rare Elements, Theories of Chemistry, and the History of Chemistry.

CHEMICAL LABORATORIES.—The Laboratories are open daily (except Saturday) from 10 A.M. to 4 P.M. Junior students

go through a course of inorganic preparations and qualitative analysis suitable for those proceeding to degrees in Medicine and Arts and to the First Examination for Degrees in Science. Medical students are required to spend at least two and a half hours a day at practical work. Those intending to proceed to the degree in Arts or to the first examination for a degree in Science are recommended to attend for $3-3\frac{1}{2}$ hours per day during a half session or to take a full session course.

Students of Mining take their course in the Chemical Laboratory during the first half of the Winter Session. Students of Engineering and Naval Architecture who select the Chemical Laboratory under Ordinance No. 23, Section IX., 4, also take the course in the first half of the Winter Session.

Senior students go through a course consisting of quantitative analysis including the analysis of gases, exercises in physical and electrochemistry, and organic analysis and preparations. One whole session (or two half sessions) of attendance at the laboratory, after completion of the qualifying course for the first B.Sc. Examination, is required of candidates proceeding to the Final Examination in Chemistry for B.Sc., but students are strongly advised to spend a further period before attempting the Examination.

POST-GRADUATE STUDY AND RESEARCH.—Arrangements are made for graduates and others engaging in original investigation in Organic, Physical, and Metallurgical Chemistry. Particulars regarding scholarships, fellowships and bursaries tenable in the chemical laboratories may be obtained from the *Calendar* under these headings. Those intending to take advantage of the arrangements during next session should make timely application to the Professor.

ORGANIC CHEMISTRY.

(See Faculty of Science, p. 104.)

METALLURGICAL CHEMISTRY.

(See Faculty of Science, p. 106.)

PHYSICAL CHEMISTRY.

(See Faculty of Science, p. 107.)

B. The subjects of the *Second Professional Examination* for the Degrees of Bachelor of Medicine and Bachelor of Surgery are taught in the following classes :—

I. ANATOMY.

This Professorship, with which Botany was at first associated, was founded in 1718 by the Crown and University jointly. After 1818 the province of the Chair was restricted to Anatomy.

Professors.

1720. Thomas Brisbane, M.D.	1781. William Hamilton, M.D.
1742. Robert Hamilton, M.D.	1790. James Jeffray, M.D.
1756. Joseph Black, M.D.	1848. Allen Thomson, M.D.,
1757. Thos. Hamilton, M.D.	LL.D., F.R.S.
1877. John Cleland, M.D., LL.D. (St. A. and Ed.), D.Sc., F.R.S.	
1909. THOMAS H. BRYCE, M.A., M.D.	

Senior Demonstrator.

Matthew Young, M.B., Ch.B.

Other Demonstrators.

Robert B. Forbes M'Kail, M.B., Ch.B.

Donald Fisher, M.B., Ch.B.

Arthur Turnbull, M.A., B.Sc., M.B., Ch.B.

Alex. J. Cooper, M.B., Ch.B.

1. **SYSTEMATIC LECTURES.**—This Class meets on five days weekly, during the winter session, from 11 A.M. to 12 noon. The Lectures and Demonstrations are devoted to a systematic exposition of the structure of the human body. The Class is divided into four sections, which meet twice weekly for tutorial instruction on Osteology and Myology, of which the principles only are expounded in the Lectures.

2. **TOPOGRAPHICAL DEMONSTRATIONS AND ADVANCED LECTURES.**—This course comprehends—(1) Systematic Demonstrations on Regional Anatomy, and (2) lectures dealing in greater detail, and on an advanced level, with certain parts of the subject, more especially the nervous system and sense organs.

3. **PRACTICAL ANATOMY.**—This Class is under the superintendence of the Professor and Senior Demonstrator. The Dissecting Room is open, during the winter session, from 9 A.M.

to 4.45 P.M. daily, except on Saturdays, when it is closed at mid-day; during the summer session, from 9 A.M. to 4 P.M. daily.

Text-books.—For the ordinary work of the Systematic Class the Manuals of either Gray or Cunningham. For advanced work, certain parts of Quain's *Elements of Anatomy*, 11th edition. For the work of the Practical Class, Cleland and Mackay's *Directory of Dissection* is a useful guide, along with Cunningham's *Manual of Practical Anatomy*.

EMBRYOLOGY.

A Lectureship on Embryology was instituted by the University Court in 1894, but the first Lecturer, Dr. John Yule Mackay, having resigned before the beginning of the second session, temporary arrangements were made for carrying on the work of the class in 1895 and 1896.

Lecturers.

1894. John Yule Mackay, M.D.

1897. JAMES F. GEMMILL, M.A., M.D.

The *Systematic Class* meets in the Anatomy Class-room at 11 A.M. on Mondays, Tuesdays, Thursdays, and Fridays of the summer session. The course deals with Vertebrate, and specially with Human Development, a certain amount of General Embryology being also included in the earlier lectures.

A *Practical Class* in Embryology is also held in the Summer Session. The course includes:—

I. Instruction in methods.

II. Practical Study of:—(a) Maturation, fertilisation, segmentation etc. (Echinoderm material most suitable). (b) The development of one or more of the following types,—(1) Cartilaginous fish, (2) Amphibian, (3) Chick. (c) Mammalian development with reference to the foetal membranes, placenta and uterus, especially in the human subject.

III. Such advanced lectures as may from time to time be necessary in order to illustrate the bearing of any part of the practical work on Comparative Embryology.

Competent workers will be given facilities for carrying out any special study or research, alike during the Winter and the Summer Session.

The Laboratory will be open from 9 A.M. till 4 P.M. except on Saturdays when the hour of closing is 12 noon.

APPLIED ANATOMY.

This Lectureship was instituted by the University Court in 1906.

Lecturer.

1906. Robert Kennedy, M.A., M.D., D.Sc.

The course consists of lectures on and demonstrations of those portions of anatomy which are essential for the understanding of practical medicine and surgery.

The teaching having reference entirely to the practical applications of anatomy to medicine and surgery, the Class is therefore intended for those who are already students of clinical work.

The Class meets on Mondays, Tuesdays, Thursdays, and Fridays in the Summer Session, at 1 p.m., in the Anatomical Class Room.

II. PHYSIOLOGY.

This Professorship was founded by Her Majesty, Queen Victoria, in the year 1839, under the name of Theory of Physic. It was subsequently known as Institutes of Medicine, and is now, in accordance with Ordinance No. 31 of date 5th June, 1893, designated Physiology.

Professors.

1839. Andrew Buchanan, M.D.

1876. John Gray M'Kendrick, M.D., LL.D., F.R.S.,
F.R.S.E., F.R.C.P.E.

1906. DIARMID NOËL PATON, M.D., B.Sc., F.R.C.P.Ed.

I. SYSTEMATIC LECTURES.

The Lectures and Demonstrations of this course are given at 12 noon during the winter session. They are devoted to an exposition of the main principles and facts of the Physiology of Man.

Examinations are held during the session.

II. PRACTICAL PHYSIOLOGY.

This class consists of three parts :

- (a) Practical Histology.
- (b) Practical General Physiology.
- (c) Practical Chemical Physiology.

(a) Practical Histology is taught during the *summer session*, each section of the class meeting two or three times a week from 9 A.M. to 11 A.M.

This course includes instruction in the use of the microscope, in the microscopical examination of the various tissues and organs, and in the methods of hardening, staining, cutting, and mounting preparations.

(b) Practical General Physiology is taken between October and Christmas, each section meeting twice a week from 2 P.M. to 4 P.M. The ordinary experimental methods of physiology are studied practically.

(c) Practical Chemical Physiology is taken after Christmas, each section meeting twice a week from 2 P.M. to 4 P.M. The methods of chemical examination of the fluid and solid constituents of the body are dealt with.

Practical Histology should be taken in the summer before the Lectures, and Practical General Physiology and Chemical Physiology in the winter along with the Lectures.

III. ADVANCED CLASS OF PRACTICAL PHYSIOLOGY.

This Class is intended to meet the requirements of candidates for the Degree of B.Sc. It meets during the winter and summer sessions at suitable hours, on two days weekly. The course comprises about forty meetings, each of at least two hours duration in winter, and about twenty meetings of two hours each in summer. The course embraces (a) the more advanced methods of Physiological Chemistry, (b) special methods in advanced Histology, and (c) the more advanced methods of experimental investigation. It is wholly practical, and is designed to supplement the instruction given in the ordinary class of Practical Physiology, which must have been previously attended. Candidates for the Degree of B.Sc. in Pure Science who have specialised in one or more of the branches of the subject enumerated on p. 267 engage in practical work in the Laboratory upon their selected branch for at least one term.

IV. THE LABORATORY.

The Laboratories are open daily, under the superintendence of the Professor, the Lecturers on Physiological Chemistry and on Experimental Psychology, and the Assistants. Application should be made to the Professor by those who may wish to pursue original investigation.

Text-books: Noël Paton, *Essentials of Human Physiology*; Howell, *Text-book of Physiology*; Noël Paton and Cathcart, *Practical Course of Chemical Physiology*; Noël Paton and G. H. Clark, *A Practical Course of General Physiology for Medical Students*; Noël Paton and G. H. Clark, *Guide to the Practical Study of Histology*; and for the advanced classes such books as may be recommended from time to time.

V. GRIEVE LECTURESHIP ON PHYSIOLOGICAL CHEMISTRY.

Lecturer.—1905. Edward P. Cathcart, M.D., D.Sc.

The course of lectures delivered under this foundation is on the higher aspects of chemical physiology with special reference to the chemistry of the various metabolic processes. Each year some special subject is chosen for more thorough treatment. During the winter session 1910-11 the special subject discussed will be the metabolism of the Carbohydrates.

This course may be regarded as an extension of the physiological chemistry taught in the advanced practical class. The lectures will be illustrated, as far as possible, by means of experiments.

The laboratory for physiological chemistry will be available during both the winter and the summer session for special research.

As to the Muirhead Demonstratorship of Physiology, see p. 167. As to the Grieve Lectureship in Physiological Chemistry, see p. 168.

VI. LECTURESHIP ON PSYCHOLOGY.

Lecturer.—1908. Henry J. Watt, M.A., Ph.D.

A course of lectures in Psychological Physiology suitable for those intending to take the B.Sc. Examination in Physiology will be given during the winter session.

This course will deal more closely with the special senses, the elaboration of sense-experience, memory, association, various types of action, especially voluntary action, feeling, etc. It will include experimental practice whenever possible.

The psychological laboratory will be available for special research.

III. MATERIA MEDICA.

A Lectureship on this subject was founded by the College in 1766, and a Professorship created by the Crown in 1831.

Lecturers.

- | | |
|----------------------------|-----------------------------|
| 1766. William Irvine, M.D. | 1788. Robert Cleghorn, M.D. |
| 1787. Thomas C. Hope, M.D. | 1791. Richard Millar, M.D. |

Professors.

- | | |
|----------------------------|-------------------------------|
| 1831. Richard Millar, M.D. | 1865. John B. Cowan, M.D. |
| 1833. John Couper, M.D. | 1880. Matthew Charteris, M.D. |
| 1855. John A. Easton, M.D. | 1897. RALPH STOCKMAN, M.D. |

In the courses of instruction and in the scheme of professional examinations prescribed by Ordinance No. 14, the subjects included in the province of this chair comprise the two branches of *Materia Medica* and *Therapeutics*. In the summer course of *Practical Pharmacy*, which it is advisable to take before the winter course, attendance at twenty-five meetings of the class is required. Instruction is given in compounding official preparations, in writing prescriptions, and in dispensing, supplemented by demonstrations of the more important substances in the *British Pharmacopœia*. The winter course is devoted to *Pharmacology* and *Therapeutics*, the official drugs of the *British Pharmacopœia* being systematically considered in relation to their actions, and applications in disease. In addition, lectures are given on the therapeutical aspects of *Dietetics*, *Mineral Waters* and *Baths*, *Climate*, *Electricity*, *Massage*, etc.

Text-books.—The manuals of *Pharmacology* by Dr. W. E. Dixon, and of *Materia Medica and Therapeutics* by Dr. Hale White, Dr. Mitchell Bruce, and Sir William Whitla; *Text-Book of Materia Medica* by Dr. C. R. Marshall; *Practice of Medicine*, by Dr. Charteris. More advanced books are: *Therapeutics*, by Dr. H. C. Wood; *Text-book of Pharmacology and Therapeutics*, edited by Dr. Hale White; and *Text-book of Pharmacology*, by Dr. A. R. Cushny.

C. The subjects of the *Third Professional Examination* for the Degrees of Bachelor of Medicine and Bachelor of Surgery are taught in the following classes :—

I. PATHOLOGY.

This Chair was founded by Ordinance No. 29 of the Universities Commission (1889) of date 5th June, 1893. The

patronage is vested in seven Curators, of whom four are nominated by the University Court and three by the Directors of the Western Infirmary. By agreement with the Western Infirmary, full accommodation and facilities for teaching are provided for the University in the Pathological Institute at the Western Infirmary. By mutual arrangement the Professor is the Pathologist to the Infirmary, and the whole material of that institution is available for teaching purposes.

Before the founding of the Chair, Pathology had been taught by Dr. Joseph Coats, who was appointed Lecturer in 1890, and who also held the office of Pathologist to the Western Infirmary.

Professors.

1894. Joseph Coats, M.D.

1899. ROBERT MUIR, M.A., M.D.

First Assistant—John Shaw Dunn, M.A., M.B., Ch.B.

Second Assistant—John Cruickshank, M.B., Ch.B.

The course in Pathology and Practical Pathology extends over a summer and winter session. Students are requested to observe that the course starts in summer, and are recommended not to commence their pathological studies in winter.

In the summer session the class meets for two hours on four days each week. About fifteen lectures of an hour each are given on those subjects of General Pathology which can be conveniently illustrated by histological work, *e.g.*, the degenerations, inflammation, the processes of repair, tumours, etc., and the students thereafter prepare and examine sections of tissue illustrating the subjects of the lectures. The Special Pathology of one or two systems, *e.g.*, the circulatory and respiratory, is treated in a corresponding manner. Demonstrations of Pathological Anatomy are also given. The methods of Bacteriology are taught in small classes of about twenty students.

In the winter session the class meets for an hour daily. There will be (*a*) lectures with demonstrations on general pathology, including the disturbances of the circulation, the general pathology of infection, fevers, etc., (*b*) Meetings for practical work in special histology and bacteriology. Of these there will be about thirty. Tutorial classes are also held during the Session.

The Museum of the Western Infirmary is open to all Infirmary students, and a printed catalogue is provided. The post-mortem examinations, which are conducted from 10 A.M. onwards, are also open to the students. Each student during his curriculum must attend at least twenty post-mortems, and must produce evidence that he has received instruction in the methods of post-mortem examination.

Post-graduate or Laboratory Courses in Practical Pathology and Bacteriology begin annually in October. These courses are open also to senior students. Particulars may be obtained from the Professor.

Text-books.—A *Manual of Pathology* by Dr. Joseph Coats, A *Manual of Pathology* by Beattie and Dickson, or a *Text-book of Pathology* by Hektoen and Riesman; *Practical Pathology* by Dr. G. Sims Woodhead; and a *Manual of Bacteriology* by Drs. Muir and Ritchie.

The following works are also recommended: Cohnheim, *Lectures on General Pathology*; Thoma, *Handbook of General Pathology*; and Metchnikoff, *Comparative Pathology of Inflammation*.

II. FORENSIC MEDICINE.

This Professorship was created by the Crown in 1839.

Professors.

1839. Robert Cowan, M.D. | 1841. Harry Rainy, M.D.
1872. Pierce Adolphus Simpson, M.A. (Cantab.), M.D.
1898. JOHN GLAISTER, M.D., D.P.H. (Camb.), F.C.S., F.R.S.E.

This class meets daily from 11 A.M. to 12 noon during the summer session.

The Lectures on Forensic Medicine will, as far as possible, elucidate the application of every branch of Medical Science to the purposes of the law.

In the department of Public Health special attention will be given to the subjects of Air, Ventilation and Heating, Water, Injurious Trades, Law respecting Infectious Diseases, Disinfection, Disposal of Sewage and Refuse, and Sanitation in general.

During the session students will have an opportunity of visiting, along with the Professor or his assistants, the most important public institutions and works in the district dealing with Disposal of Sewage and Refuse, Disinfection, Ventilation, etc.

Demonstrations, macroscopic and microscopic, will be given frequently during the session, illustrating, as far as possible, the whole range of Forensic Medicine and Public Health.

Written and oral examinations (attendance at which is compulsory) will be held at intervals.

In addition, facilities will be given for studying Practical Toxicology in the Medico-Legal Laboratory at the University.

Text-books (for Class of Medical Jurisprudence and Public Health).—Guy and Ferrier, *Principles of Forensic Medicine*; Dixon Mann, *Manual of Medical Jurisprudence*; Hofmann, *Atlas of Legal Medicine* (English edition, 1898); Glaister, *Text-book of Forensic Medicine, Toxicology, and Public Health* (2nd edition; 1910); Glaister, *Manual of Public Health for Students, etc.* (2nd edition, 1905).

PUBLIC HEALTH.

This class will meet four days weekly during the winter session at 12 noon. The lectures will deal with the Sanitation of Dwellings, Medicine in its relation to Public Health, Vital Statistics and Statistical methods, Sanitary Law, etc. (see Ordinance for Degrees in Public Health, p. 284). The subjects under consideration will, as far as possible, be illustrated by demonstrations, visits to public institutions and public health works in Glasgow and neighbourhood, and by other means. The number of meetings of the class is seventy-five. The class is open, after matriculation and payment of the class fee, to Candidates for the Diplomas in Public Health of the Universities of Cambridge, Oxford, and Durham, and of the English, Scottish, and Irish Colleges. According to the Regulations of the General Medical Council, attendance thereat will be accepted in lieu of the second three months' attendance at the office of a recognised Medical Officer of Health for Practical Sanitation.

Text-books—Balfour and Lewis, *Manual of Hygiene and Public Health*; Parkes and Kenwood, *Manual of Hygiene and Public Health*; Glaister, *Text-book of Forensic Medicine and Public Health*, vol. ii.; Robertson and Porter, *Sanitary Law and Practice*; Hime, *Sanitary Law*; Local Government Board for Scotland, *Instructions, Forms, etc., to Local Authorities*.

LABORATORY INSTRUCTION IN PUBLIC HEALTH.—The Public Health Laboratory is under the personal supervision of Professor Glaister and his assistants, and is open from 10 A.M. to 4 P.M., daily, for practical instruction in the methods of analysis of air, water, soils, foods, and the detection of adulterations; and for instruction in practical meteorology, sanitary appliances, physics, and practical bacteriology, in relation to public health.

Air.—Estimation of carbonic acid, by Pettenkofer's and other methods; detection and examination of gaseous impurities; estimation of organic impurity by ammonia and Carnelly's process; microscopic examination of matters in suspension; estimation of humidity, dew-point, and tension of vapour.

Water.—Qualitative and quantitative analysis; microscopical examination of sediments; physical and biological examination; comparison and estimation of value of filtering media and filters; mineral and medicinal waters.

Sewage.—Effects of purification processes; analysis of raw sewage and sewage effluents.

Soils.—Chemical and physical examination.

Foods.—Analysis and detection of adulterants; microscopic examination of food-stuffs; physical, microscopical, and chemical examination of milk; analysis of milk, cream, butter, cheese, and oils used as foods; microscopical examination and chemical analysis of starchy foods, sugars, tea, coffee, cocoa, pepper, etc.; examination of preserved foods and detection of their adulterations.

Disinfectants.—Their valuation and comparison; examination of pigments in articles of attire, wall-papers, and those used in trade.

Bacteriology.—Methods of investigation, cultivation, and transmission; preparation of culture media; bacteriological examination of air, water, foods, blood, earth, etc.; microphotographic processes.

Microscopy.—Examination of food substances; parasites—animal and vegetable; crystalline deposits; micro-organisms.

Meteorological Instruments.—Barometer, thermometers, different kinds; rain gauges; anemometers and manometers; hygrometers, and the different forms of these instruments.

The Laboratory is furnished with all the necessary chemical apparatus, etc., required for analysis, and each worker is

furnished with a set of apparatus for personally doing the work, and for which he is held personally responsible.

In the Departmental Museum there is a complete collection of model sanitary appliances, including traps; soil stacks; soil pipes; ventilators; meteorological instruments; and an abundant collection of drawings, diagrams, and illustrative tables.

The Laboratory also possesses a large collection of microscopic specimens illustrative of parasites—animal and vegetable—food characteristics, of bacteriology and of tropical diseases.

Visits will be made, as arranged, during the Session, to view and inspect modes of disposal of refuse, sewage disposal, unhealthy trades, etc.

The Laboratory instruction is recognised for the Diplomas in Public Health of the Triple Scotch Colleges, of the English Colleges, and of the Universities of Cambridge, Oxford, and Durham, under the new regulations.

Text-books (for Public Health Laboratory).—Lehmann, *Methods of Practical Hygiene* (English edition), 2 vols.; Parkes, *Public Health Laboratory Work*; Pakes, *Public Health Laboratory Work*; Hewlett, *Manual of Bacteriology*, 1898; Muir and Ritchie, *Manual of Bacteriology*, 1907; Slater and Spitta, *Atlas of Bacteriology*, 1898.

N.B.—(See under Faculty of Law, p. 148.)

D. The subjects of the *Final Professional Examination* for the Degrees of Bachelor of Medicine and Bachelor of Surgery are taught in the following classes:—

I. SURGERY.

This Professorship was founded in 1815, and is in the gift of the Crown.

Professors.

1815. John Burns, M.D.	1860. Joseph Lister, M.B., F.R.S.
1850. James A. Lawrie, M.D.	1869. Sir George H. B. Macleod, M.D., LL.D., F.R.S.E.
1892. SIR WILLIAM MACEWEN, F.R.S.	

First Assistant—John A. C. Macewen, B.Sc., M.B., C.M.

Second Assistant—P. H. Robertson, M.B., Ch.B.

The Professor delivers during winter a course consisting of systematic lectures, illustrated by diagrams, casts, and pathological preparations, and of frequent demonstrations. There are three written examinations. The following is a general outline of the course :—Anaesthesia, on which a Special Examination is held early in the session ; wounds and their varieties ; haemorrhage and its arrest ; the phenomena of destruction and repair of tissues ; inflammation ; surgical bacteriology ; infective processes and diseases dependent upon bacteria and their products ; neoplasms ; injuries, including fractures and dislocations ; Regional Surgery.

During summer Operative Surgery is conducted daily, and consists of descriptive instruction by the Professor in the principal operations, and the performance of recognised operations by the students under supervision.

In the course of Clinical Surgery which the Professor conducts both winter and summer at the Western Infirmary, as part of the regular Clinical Instruction given to University students, practical instruction is given in the methods of clinical observation, surgical diagnosis and treatment. The Professor also takes occasion, as far as the material is available, to draw the attention of the students to the points illustrative of the principles taught in the systematic course.

Students who hold the certificate for theoretical instruction in Anaesthetics are allowed, under supervision, to administer anaesthetics, and, on satisfactorily completing the course, are granted the full Anaesthetic Certificate.

II. CLINICAL SURGERY.

This Professorship was founded by the University in May, 1874. The Professor is appointed by the University Court.

Professors.

1874. George Buchanan, M.A., M.D., LL.D.

1900. SIR HECTOR C. CAMERON, M.D., C.M.

1910. ——— ———

The Professor teaches Clinical Surgery by "Lectures and other instruction" on the cases of patients affected with injuries, diseases, etc., requiring Surgical treatment.

The class meets daily at 9.15 A.M., both in the summer and winter session, in the Western Infirmary—Wards XXIX. and XXX. (new wing).

III. PRACTICE OF MEDICINE.

This Professorship, created in 1637, but long suppressed for want of revenue, was revived by the College in 1712, and endowed by Queen Anne in the following year. It is in the gift of the Crown.

Professors.

1714. John Johnstoun, M.D.	1841. William Thomson, M.D.
1751. William Cullen, M.D.	1852. John M'Farlane, M.D.
1756. Robert Hamilton, M.D.	1862. Sir W. T. Gairdner,
1757. Joseph Black, M.D.	K.C.B., M.D., LL.D., F.R.S.
1766. Alex. Stevenson, M.D.	1900. Sir Thomas M'Call
1789. Thomas C. Hope, M.D.	Anderson, M.D.
1796. Robert Freer, M.D.	1908. SAMSON GEMMELL, M.D.
1827. Charles Badham, M.D.	

The course is directed to the exposition of the Healing Art in its more practical aspects, having regard to the immensely wide range of diseases usually assigned to the physician and the general practitioner, as opposed to the surgeon and the specialist. The general principles and doctrines which are available at the bedside of the sick are each year carefully and thoroughly considered in connection with such a number and variety of illustrative instances as may be expected to leave a lasting and vivid impression of the essentials of Diagnosis, Prognosis, and Treatment, in so far as these can be advantageously delivered in the form of lectures guided by a systematic plan, conveying not only the opinions of the Professor, but also references to the general history of opinion, and the steps by which the existing knowledge of disease has been built up. Thus, a broad and sufficient basis is obtained for conveying an insight into what may now be regarded as settled medical doctrine, and also, as regards points which cannot be so considered, suggestions as to the direction in which we may reasonably look for guidance in the future. But no attempt is made to give a complete synopsis annually of the details of practice in all departments; for this, the student is of necessity referred to one or other of the current text-books. In summer there is a tutorial class

twice a week, open, without fee, to those who have attended the Practice of Medicine class in a previous winter session.

The Professor conducts at the Western Infirmary, both in winter and in summer, part of the regular Clinical Instruction given to the Medical Students of the University.

Tutorial Instruction is carried out by the University Assistants twice a week in the University and several written examinations are held in the course of the winter session. Medals and certificates of distinction are determined upon the basis of these examinations.

A portrait-medal of Sir William T. Gairdner, K.C.B., is awarded to the most distinguished student in the class of Practice of Medicine. The dies for this medal were presented to the University along with a Portrait of the Professor by his former students, on 28th January, 1893.

Text-books.—One of the following is recommended for general use:—Frederick Taylor, *Manual of the Practice of Medicine*; Osler, *Principles and Practice of Medicine*; *A Text-book of Practice of Medicine*, by Fred. T. Roberts; Hilton Fagge's *Principles and Practice of Medicine* is a larger work of great excellence, specially adapted for senior students. Finlayson's *Clinical Manual* is in very general use for hospital work.

IV. CLINICAL MEDICINE.

This Professorship was founded by the University in May, 1874. The Professor is appointed by the University Court.

Professors.

1874. Thomas M'Call Anderson, M.D.

1900. Samson Gemmell, M.D.

1908. ——— ———

The class meets five days a week during the winter and summer sessions, and three or four written examinations are held. On Mondays and Thursdays the Professor gives demonstrations of cases in the wards; and on Wednesdays there is a clinical lecture in the theatre on cases under observation. The clinical tutors meet the class (in sections) on Tuesdays and Fridays for instruction in the investigation of cases and in the use of instruments and apparatus. A ward visit is made by the Professor every day at the close of the regular instruction.

V. MIDWIFERY.

This subject was originally taught as part of the course in Anatomy, but in 1790 the Faculty of the College appointed Mr. James Towers to be Lecturer in Midwifery, and in 1792 assigned him a salary out of the Walton Fund. In 1815 the Chair was founded by George III., and Mr. Towers became the first Professor. The Crown is the Patron.

Professors.

1815. James Towers, O.M.	1834. William Cummin, M.D.
1820. John Towers, O.M.	1840. John M. Pagan, M.D.
1833. Robert Lee, M.D.	1868. William Leishman, M.D.
1894. MURDOCH CAMERON, M.D.	

The Lectures embrace the Theory and Practice of Midwifery and the Diseases of Children. The Professor was Physician to the University Lying-in Hospital and Dispensary, an institution which was many years ago established in the neighbourhood of the old College. The altered circumstances of the school having, however, rendered this situation unavailable for Clinical instruction, other arrangements have now been made by which the Managers of the Western Infirmary have placed a ward for the Diseases of Women under the charge of the Professor. Ample opportunity is afforded for Clinical instruction in Midwifery at the Glasgow Maternity Hospital, to which the Professor holds the appointment of Senior Obstetric Physician.

A course of lectures on the Diseases of Women is delivered in summer.

E. Candidates for the Degrees of Bachelor of Medicine and Bachelor of Surgery are required also to attend the following courses :—

I. INSANITY.

This Lectureship was instituted by the University in 1880. Great advantages are offered to students for the study of this subject, the Lecturer being Physician Superintendent to the Royal Asylum, Gartnavel, and Physician to the Department for nervous and mental disorders at the Dispensary of the Western Infirmary.

Lecturers.

1880. David Yellowlees, M.D., LL.D.

1905. LANDEL R. OSWALD, M.B., C.M.

A course of Lectures is given in the University at 12 noon on Wednesdays during the summer session, and Clinical Instruction at the Asylum, Gartnavel, at 10 A.M. on Saturdays.

For the Mackintosh Mental Science Bursary in connection with this class see "Bursaries."

II. OPHTHALMOLOGY.

The practical course of instruction in Ophthalmology must consist of not less than twenty meetings, of which six may be class-room lectures, and the others shall be for clinical instruction. Such courses are available in the Glasgow Eye Infirmary (174 Berkeley Street and 80 Charlotte Street), and in the Glasgow Ophthalmic Institution (126 West Regent Street). In the Berkeley Street branch of the Eye Infirmary attendance is given daily at 1 P.M. and students may attend twice a week the lectures and the clinique of any of the three surgeons. The same rule holds in the Charlotte Street branch. At the Ophthalmic Institution lectures are delivered during the winter and the summer session every Tuesday at 4 P.M., and practical instruction is given daily as may be arranged. In the case of women students lectures are delivered in the summer session by Dr. A. Maitland Ramsay every Tuesday (Ophthalmic Institution) and Friday (Q. M. College) at 4 P.M., and practical instruction is given at the Ophthalmic Institution every Monday, Wednesday and Thursday at 2 P.M.

III. FEVERS.

The course of Clinical Instruction in Fevers must consist of at least ten meetings in a hospital for infectious diseases containing not less than fifty beds. Such instruction is given in the City of Glasgow Fever Hospitals, Belvidere and Ruchill. Each student must, before commencing attendance at the Hospital, obtain at the office of Mr. James D. Borthwick, Treasurer, Police Department, 285 George Street, an admission card—Fee, £1 1s.

F. Candidates for the Degrees of Bachelor of Medicine and Bachelor of Surgery are also recommended to attend the following courses :—

I. DISEASES OF THE EAR.

This Lectureship was instituted by the University Court in 1895.

Lecturer.

1895. THOMAS BARR, M.D.

Short courses on Diseases of the Ear are conducted in winter and summer. They are largely of a practical character, and arrangements are made so that each student who takes the course may, in accordance with the recommendation of the Senate under Ordinance No. 14, Section VII., 10 B, attend at least ten meetings for practical instruction. At these meetings the students are taught how to examine and treat the ear, while illustrative cases are regularly demonstrated. In connection with each course a weekly lecture is delivered in the University, and illustrated by means of lantern slides, diagrams, specimens, and demonstrations of methods of examination and treatment. The practical work is carried on at the Aural department of the Western Infirmary or at the Glasgow Ear Hospital on days and hours to suit as far as possible the convenience of students. As it is not considered desirable that a complete course of systematic lectures be given on this subject, it is understood that a suitable book on Diseases of the Ear should be studied by the student while attending the practical course. It will be arranged that those who are desirous of pursuing the subject further may receive more advanced practical instruction in a second course.

Prizes are awarded to the most proficient students as tested by clinical examination.

Text-books.—*Manual of Diseases of the Ear* (4th Edition, 1909), by Thomas Barr, M.D., and J. Stoddart Barr, M.B.; also, by the same authors, *Guide to the examination of the Ear and Hearing* (1908).

II. DISEASES OF THE THROAT AND NOSE.

This Lectureship was instituted by the University Court in 1895.

Lecturer.

1895. JAMES WALKER DOWNIE, M.B., F.R.F.P. and S.G.

The course of instruction on Diseases of the Throat and Nose is clinical in character, and is conducted in conformity with the recommendation of the Senate under Ordinance No. 14, Section VII., Sub-section 10 B, according to which candidates for graduation in Medicine are recommended to attend a short practical course of ten meetings on this subject. To permit of the necessary sub-division of the class for purposes of practical instruction there is a winter and a summer course, each having about the same number of meetings.

At the beginning of each session, the class meets as a whole at the University on Thursdays at 4 P.M. There the methods of examining the throat and nose, and the apparatus necessary for this purpose, are described and explained: the appearance of the parts in health and as altered by disease is described, as are also the means of treatment, etc.

The class is then divided into sections for practical instruction. These sectional meetings are held at the Western Infirmary (Throat and Nose Department)—one section on Tuesdays, another on Fridays, at 4 P.M. At these meetings each student is afforded every facility for examining the various patients for himself under the supervision of the Lecturer.

In the Lectures at the University fuller instruction than can be communicated in the presence of the patient regarding pathological conditions seen at the Infirmary is given, and these lectures are illustrated by casts and diagrams, stereoscopic photographs and lantern slides, instruments, anatomical and pathological specimens, etc. While regular attendance on the practical instruction at the Infirmary is necessary to obtain a certificate, all members of the class are strongly recommended also to attend the meetings at the University with regularity.

Text-books.—*Clinical Manual of Diseases of the Throat* (2nd Edition, 1909), by J. Walker Downie, M.B.; *A Handbook of Diseases of the Nose*, by James B. Ball, M.D.

III. THE M'CALL ANDERSON MEMORIAL LECTURESHIP IN DERMATOLOGY.

Lecturer.

1909. JOHN WYLLIE NICOL, M.B., C.M.

The Glasgow Hospital for Diseases of the Skin, latterly situated in Elmbank Street, was founded in 1861, and ten

years later wards for Skin Diseases were provided in the Western Infirmary. From its foundation till 1908 Professor Sir Thomas M'Call Anderson (till 1905 Dr. M'Call Anderson), in whose memory the Lectureship has been instituted, was connected with the Hospital as Physician.

In terms of the Glasgow Hospital for Skin Diseases Order, 1909, the Hospital as a separate institution was discontinued, and a transference effected of its work to the Western Infirmary. An endowment Fund for the Lectureship was provided by the Hospital. The Lecturer, Dr. Nicol, was for a number of years associated in the work of the Hospital with Sir Thomas M'Call Anderson.

The course of instruction on Diseases of the Skin is of a thoroughly practical character, and is usually conducted during the summer session. Many years ago arrangements were made to supply short practical courses in accordance with the recommendation of the Senate under Ordinance No. 14, Section VII., Sub-section 10.

IV. DISEASES OF CHILDREN.

Arrangements will be made for enabling students to carry out the recommendation of the Senate, that each candidate for Degrees in Medicine should attend a short practical course on this subject.

IV.—FACULTY OF LAW.

The Faculty of Law embraces the Chairs of Law and Conveyancing, and also the Chairs of Forensic Medicine and Political Economy. In this Faculty there are also Lectureships on Civil or Roman Law, Constitutional Law and History, Jurisprudence, Public International Law, International Private Law, Mercantile Law, and Evidence and Procedure.

For the information of students proposing to enter the legal profession, whether as Advocates or as Law Agents, it may be stated that by the regulations of the Faculty of Advocates every intrant to the Faculty is required to produce evidence of being duly qualified (1) in General Scholarship, and (2) in Law. In General Scholarship the possession of any one of certain University degrees, including the degree of M.A. from a

Scottish University, is deemed a sufficient qualification. If the intrant does not hold a qualifying degree he is required to undergo an examination in certain specified branches of General Scholarship as to which information may be obtained on application to the Clerk of Intrants to the Faculty. On the expiration of a year after the intrant has been found qualified in General Scholarship, his examination in Law may be proceeded with, subject to these conditions: (1) That he shall not during the year before such examination have engaged in any trade, business, or profession, either on his own account, or as assistant to or in the employment of another; and (2) that he shall produce evidence of attendance, such as is required for admission to examination for a Law degree, in a class of Scots Law and a class of Conveyancing, in a Scottish University, and evidence of the like attendance in a class of (a) Civil Law, (b) Philosophy of Law and International Law, Public or Private, (c) Constitutional Law and History in a Scottish University, or such attendance in another University or School of Law as may seem to the Dean and his Council to be equivalent thereto, and (d) Medical Jurisprudence, in a University, or in a School recognised as qualifying for University Degrees. On the production by the intrant of evidence of his having attended the necessary classes (which he may attend in any order he thinks fit), he is examined on (1) Civil Law, (2) Philosophy of Law and International Law, Public or Private, (3) Constitutional Law and History, (4) Medical Jurisprudence, (5) Scots Law, Civil and Criminal, including Procedure, (6) Conveyancing. Information as to the books prescribed may be obtained from the Clerk of Intrants. If, however, the intrant has obtained the degree of LL.B. from a Scottish University after examination in all the subjects above prescribed for examination in Law, and also produces evidence that he has passed an examination in Procedure, he is held qualified in General Scholarship and Law without examination or other evidence of qualification, subject to the conditions that during the year immediately before presenting his diploma to the Examiners, he shall not have been engaged in any trade, business, or profession, as above set forth, and that he shall have duly presented his petition for admission and appeared before the Examiners prior to the commencement of such year. If the intrant has obtained said degree of LL.B. after passing

examinations in one or more of the said subjects he is exempt from examination in these subjects. He must pass in at least two of the subjects at one time. The regulations regarding the "Public Examination," which all intrants, whether graduates or not, must undergo, require that the intrant shall write a Thesis on a Title of the Pandects assigned to him by the Dean, and shall defend it on its being impugned. The question as to the intrant's admission is then decided by the Faculty voting by ballot.

Admission to the profession of a Law Agent is regulated by the Law Agents Act, 1873, and by the Law Agents and Notaries Public Act, 1891, and relative Acts of Sederunt of the Court of Session, prescribing rules as to subjects of examination and certain conditions of admission. Information as to the subjects of examination may be obtained from the Clerk to the Examiners. The former Act requires in general that every applicant for admission must have served an apprenticeship of five years with a practising law-agent or with a sheriff-clerk in office at the passing of the Act, which apprenticeship, if entered upon after the passing of the Act, must be served under indenture, recorded and intimated as the Act requires. In certain cases, however, an apprenticeship for three years is allowed as sufficient, the excepted cases including that of a person holding a degree in Law or in Arts of a University in Great Britain or Ireland granted after examination.

The Act of Sederunt of 18th March, 1893, institutes two examinations in General Knowledge, and prescribes the subjects of these examinations and of the examination in Law. By the Act of Sederunt of 21st November, 1902, in any subject to which the certificates or passes apply a Higher or Lower Grade Leaving Certificate issued prior to 1st June, 1902, or a Leaving Certificate or an Intermediate Certificate issued subsequent to that date, or a Pass in either Higher or Lower Grade granted as a step towards a Leaving Certificate, exempts from the first examination in General Knowledge; and a Higher Grade Leaving Certificate issued prior to 1st June, 1902, or a Leaving Certificate issued subsequent to that date, so far as obtained by passing on the Higher Grade, or a Pass in the Higher Grade granted as a step towards a Leaving Certificate, exempts from the second

examination. Higher or Lower Certificates of the Oxford and Cambridge Schools Examination Board afford similar exemptions to Higher or Lower Grade Leaving Certificates. Higher Standard Certificates in the Preliminary Examination for M.A. under Ordinance No. 11 exempt from both of these examinations, but an examination in Book-keeping must be passed. A Lower Standard Certificate in the Preliminary Examination for M.A. under Ordinance No. 11 exempts from the first examination in General Knowledge in any subject to which that Certificate applies, and a Higher Standard Certificate exempts similarly from the second examination in General Knowledge. Certificates entitling to exemption from the first examination must be presented to the Clerk of the Board of Examiners of Law Agents before the commencement of apprenticeship. A candidate for admission as Law Agent is exempted from any examination in General Knowledge, including book-keeping, if (*inter alia*) he hold a Degree of any University in the United Kingdom granted after examination. By Act of Sederunt, 18th March, 1893, a candidate who holds the degree of LL.B. or B.L. of any Scottish University is exempted from any examination in Law, excepting only on Forms of Process, Civil and Criminal. But an Act of Sederunt of 23rd December, 1904, provides that a candidate who holds the Degree of LL.B. or B.L. of any Scottish University who has not passed in the Law of Scotland and Conveyancing, or either of them, for his Degree shall be required to pass a qualifying examination in the omitted subject or subjects to the satisfaction of the Examiners of Law Agents.

The Act of Sederunt dated 11th July, 1899, provides *inter alia*:—(1) The first examination in general knowledge shall be taken before the commencement of apprenticeship, and no person shall be admitted as apprentice under indenture to a Law Agent until he shall have passed the said first examination. (2) The second examination in general knowledge may be taken at any time after the candidate has passed the first examination. (3) A candidate who fails to pass the first or second examination may again offer himself for examination, and shall be re-examined in all the subjects, or such part thereof as the examiners may determine. It shall be in the power of the examiners to fix a time before which a

candidate who has failed to pass any examination shall not present himself again for examination. (4) No candidate shall be examined in Law until he has passed the second examination in General Knowledge.

For Regulations as to Graduation in Law, see Index.

LAW.

This Professorship is in the gift of the Crown. After being long in abeyance for want of revenue, it was revived by the College in 1712, and endowed by Queen Anne in the following year.

Professors.

1714. Wm. Forbes, Advocate.	1855. Geo. Skene, Advocate.
1746. Wm. Cross, Advocate.	1867. Robert Berry, M.A., LL.D., Advocate.
1750. Hercules Lindsay, LL.D.	1887. Alex. Moody Stuart, LL.D., Advocate.
1761. John Millar, Advocate.	1905. WILLIAM M. GLOAG, K.C., B.A., Advocate.
1801. R. Davidson, Advocate.	
1842. Allan A. Maconochie, Advocate.	

SCOTS LAW.—The course extends to about 100 Lectures, embracing as full a course of Scots Law in each session as the time will permit, and including, so far as practicable, Lectures on the following subjects:—Sources and Development of the Law of Scotland; Law of Personal and Domestic relations—Marriage—Parent and Child—Succession—Trusts; Law of Property—Landownership—Patents—Copyright; the Law of Obligations and Contracts generally, their Constitution and Extinction, Legality and Illegality—the Law of Sale—Retention and Lien—Loan; Deposit—Pledge—Hiring, and the Law of Master and Servant—Agency—Workmen's Compensation Act—Partnership—Cautionary Obligations; Law of Landlord and Tenant; Law of Reparation—Personal injury—Defamation; Law of Diligence and Bankruptcy; Criminal Law, etc.

The text-book recommended to students is Erskine's *Principles of the Law of Scotland* (twentieth edition).

The class meets five days a week—viz., every day except Monday, from 8 A.M. to 9 A.M. At intervals throughout the session the hour is devoted to the ordinary class examinations, which are conducted in writing.

Three Prizes are given by the University for proficiency in the class examinations; and the "Robert Ross Prize," being the free annual income of a sum of £500 bequeathed by the late Robert Ross, Esq., writer, Glasgow, is awarded in equal portions to the head students of the year in this class and in the class of Conveyancing. Prizes are also given by the Faculty of Procurators, generally for distinction in a special written examination towards the end of the session.

As to the Andrew Cunninghame Bursary and the Robert Macfarlane Bursary, see Index.

CONVEYANCING.

This Chair was instituted by ordinance of the Universities Commission (1858) of date 15th June, 1861, which was approved by Her Majesty Queen Victoria in Council on 11th October, 1861. The right of appointment to the Chair is vested in the Dean and Council of the Faculty of Procurators, Glasgow.

Professors.

1862. Anderson Kirkwood, LL.D.

1867. Sir James Robertson, LL.D.

1889. JAMES MOIR, LL.D., Member of the Faculty of Procurators, Glasgow.

The course extends to about 100 Lectures, and during the session there are both oral and written examinations. As full a course of Conveyancing is given each session as the time permits. The subjects treated will be selected from the following list, viz.: (1) Introductory and Preliminary Lectures. (2) The Feudal and Burgage System, the constitution of Feudal and Burgage Rights, and the transmission thereof by Deeds *inter vivos*, or by Judicial Acts. (3) Heritable Securities. (4) Leases. (5) Marriage Contracts, Bonds of Provision, Testamentary Deeds and Deeds of Entail. (6) The completion of Titles, in case of death, to Heritable and Moveable Estate.

The class meets every day, except Monday, from 8 A.M. to 9 A.M.

The text-books recommended are Duff's *Feudal Rights*, with Supplement; *Lectures on Conveyancing*, by Menzies; *Lectures on Conveyancing*, by A. M. Bell; and Craigie's *Statutes*.

Prizes are given for eminence in the class examinations during the session. Prizes are also given by the Faculty of Procurators for distinction in a written examination held towards the end of the session on some of the subjects of the course; and the "Robert Ross Prize," being the free annual income of a sum of £500 bequeathed by the late Robert Ross, Esq., writer, Glasgow, is awarded in equal portions to the head students of the year in this class and in the class of Scots Law.

As to the Andrew Cunninghame Bursary and the Robert Macfarlane Bursary, see Index.

FORENSIC MEDICINE.

This Professorship was created by the Crown in 1839.

Professors.

1839. Robert Cowan, M.D. | 1841. Harry Rainy, M.D.

· 1872. Pierce Adolphus Simpson, M.A. (Cantab.), M.D.

1898. JOHN GLAISTER, M.D., D.P.H. (Camb.), F.C.S., F.R.S.E.

This course, qualifying for graduation in Law (B.L. and LL.B.), will be delivered during the winter session at 9 A.M., after the Christmas vacation.

Text-books.—Guy and Ferrier, *Principles of Forensic Medicine*; Dixon Mann, *Manual of Medical Jurisprudence*; Glaister, *Text-book of Forensic Medicine*, etc., 1902.

(See under Faculty of Medicine, p. 131.)

POLITICAL ECONOMY.

(See under Faculty of Arts, p. 90.)

CIVIL LAW.

The study of Civil Law in Glasgow is coeval with the establishment of the University. In the University Annals it is recorded that, in 1460, lectures on the Civil Law were delivered in the Chapter-House of the Friars Predicators by Master William of Levenax (Lennox). After being for a considerable period in abeyance, the study of the subject was revived in 1712.

In the middle of the eighteenth century the lectures were for the first time delivered in English; up to that time the prelections were in Latin. For some years during last century the lectures were once more in abeyance, but in session 1873-74 a class was again formed, and was taught in alternate sessions by the Professor of Law. In 1894 the University Court, carrying out a recommendation of the Universities Commission (1876), instituted a separate Lectureship in the subject.

Lecturers.

1895. J. M. Irvine, LL.B., Advocate.

1907. Hugh R. Buchanan, LL.B.

1909. William Dunbar, M.A. (Edin. and Oxon.),
LL.B., Advocate.

The course extends to at least eighty lectures. The opening lectures will deal with the Constitutional History of Rome and the history of the development of the law. This part is intended to serve as an introduction to the study of the special departments of the law. The remainder of the course will be devoted to a systematic exposition, in detail, of the various departments of the law, on the basis of Justinian's treatment in the *Institutes*. The class meets during the winter session, from 5.30 to 6.30 P.M. in the Faculty Hall, St. George's Place. Attendance at the class is required of all candidates for Degrees in Law (LL.B. and B.L.); it also qualifies for the Degree of M.A.

Text-book.—*Institutes of Justinian*; Ed., Moyle or Sandars. Reference is also frequently made to *Institutes of Gaius*; Ed., Poste, or Muirhead.

CONSTITUTIONAL LAW AND HISTORY.

This Lectureship was instituted by the University in 1878, and the class was taught in alternate years during the summer session, the course extending to forty lectures. In 1894 the University Court, to meet the requirements of the Ordinances for Graduation in Law, placed the Lectureship upon a new footing. The course was extended to eighty lectures, and the class was made a Winter Class, meeting every year. In April, 1900, arrangements were made for extending the course to a hundred meetings for Arts students, and the extended course

was recognised as a full course in Arts, qualifying for graduation for the ordinary Degree of M.A., and also for the Degree of M.A. with Honours in History. Attendance on the first eighty lectures of the course is required of all candidates for the Degree of Bachelor of Laws (LL.B.). Attendance on the first fifty lectures of the course qualifies for the Degree of B.L., subject to the conditions laid down in Ordinance No. 40.

Lecturers.

1878. Charles S. Dickson, M.A., Advocate.

1878. Alex. Ure, LL.B., Advocate.

1889. Robert T. Younger, LL.B., Advocate.

1894. WILLIAM S. McKECHNIE, LL.B., D.Phil.

ORDINARY CLASS.—The course will be partly historical and partly analytical. The historical lectures will trace in outline the development of the Constitution from the Anglo-Saxon migrations to the present reign. The analytical lectures will treat (1) of the safeguards of the rights of individuals, and (2) of the separate parts of the Constitution and the distribution of power in the State.

The text-books are Taswell-Langmead, *Constitutional History*; Dicey, *Law of the Constitution*; and Thomas, *Leading Cases in Constitutional Law*. In addition, students are recommended to refer to Anson, *Law and Custom of the Constitution*; McKechnie, *Magna Carta*; and Bagehot, *English Constitution*.

The hour for the meeting of the class is 4.30 P.M.

HONOURS CLASS.—(See under Faculty of Arts, p. 102.)

GENERAL OR COMPARATIVE JURISPRUDENCE.

This Lectureship was instituted by the University in 1893, under the title Philosophy of Law. The subject was at an early date treated as an integral part of the course of Moral Philosophy, under the name of Natural Jurisprudence. From 1878 it was treated by the Lecturer on Public Law as introductory to that subject.

Lecturers.

1893. William Galbraith Miller, LL.B.

1904. JAMES A. M'CALLUM, LL.B.

The course is given on Mondays, Wednesdays, and Fridays during the winter session. The lectures for 1910-11 will be mainly devoted to the analysis of fundamental legal conceptions and legal classification, the development of law and legal conceptions, and the metaphysic of law. Written exercises will be prescribed.

The class meets at 4.30 P.M. in the Faculty Hall, St. George's Place.

Text-books.—Holland, *Jurisprudence*; Maine, *Ancient Law*; Kant, *Philosophy of Law* (Hastie's translation).

THE LAW OF NATIONS, OR PUBLIC INTERNATIONAL LAW.

In 1878 the University instituted a Lectureship on Public Law. In 1894 the University Court, to meet the requirements of the ordinances for graduation in Law, created separate courses for International Private Law and for Jurisprudence.

Lecturers.

1878. William Galbraith Miller, LL.B.

1904. A. H. CHARTERIS, LL.B.

The course for 1910-11 will deal with the relations of States in peace, and in greater detail with their relations in war, including the subject of neutrality. Written exercises will be prescribed. Students are expected to be acquainted with the elements of the Civil Law, and to have a general acquaintance with Modern European History.

Text-books.—Hall, *International Law* (5th ed.), or Lawrence, *International Law*, and *The Second International Peace Conference* (U.S.A. Senate Department No. 444, 1908). Students may consult Pearce Higgins, *The Hague Conferences and other International Documents*. The cases referred to in the lectures should be studied in the collections edited by Pitt Cobbett or Scott.

The class will meet in the University Buildings at 9 A.M. during the first half of Winter Session 1910-11. In 1911-12 and thereafter the class will meet during the first half of the session at 8.45 A.M. in the Faculty Hall, St. George's Place.

INTERNATIONAL PRIVATE LAW.

From 1878 this subject was treated as part of the course of Public Law. In 1894 the University Court, to meet the requirements of the ordinances for graduation in Law, instituted a Lectureship on International Private Law.

Lecturers.

1894. William Galbraith Miller, LL.B.

1904. A. H. CHARTERIS, LL.B.

This course is given in the summer session. The lectures discuss the principal doctrines as developed in the decisions of the British Courts compared with the results of Continental Jurisprudence. The subjects comprise History, General Principles, Comity, Public Interest, Nationality and Domicil; and in different sessions some of the following in detail: (1) Marriage, Divorce, Guardianship, and Family Law; (2) Contract, Delict, and Mercantile Law, including Bankruptcy; (3) Succession and Trust Law, Conveyancing and Heritable Rights; (4) Copyright, Trademarks, etc.; (5) Procedure and Evidence; (6) Criminal Law and Extradition; the other subjects being sketched in outline. Students are expected to be familiar with the leading doctrines of the Civil Law and of Scots Law. The class meets five days a week at 8.45 A.M. in the Faculty Hall, St. George's Place.

Text-book.—Rattigan, *Private International Law*. Students are expected to study the Statutes referred to, and certain leading cases prescribed, of which useful collections will be found in Nelson's *Private International Law*, Beale's *Cases on the Conflict of Laws*, and Lorenzen's *Cases on Conflict of Laws*. Dickey's *Conflict of Laws* (2nd ed.) and Westlake's *Private International Law* (4th ed.), will be found useful for reference.

MERCANTILE LAW.

This Lectureship was instituted by the University in 1894.

Lecturers.

1894. James Mackenzie, Member of the Faculty of Procurators, Glasgow.

1900. William Shaw, Member of the Faculty of Procurators, Glasgow.

1907. THOMAS G. WRIGHT, LL.B., Member of the Faculty of Procurators, Glasgow.

This course will extend to eighty lectures. The first half course treats of the Constitution, Transmission and Extinction of Commercial Rights, and includes such subjects as Contract, Agency, Securities, Bills of Exchange, Diligence, and Bankruptcy. The second half course deals with special branches of Commercial Law, such as Partnership, Companies, Banking, Patents and Trade Marks, Carriage, and Insurance. Attendance on the whole course may, subject to the conditions laid down in Ordinance No. 39, be reckoned as qualifying for the Degree of LL.B.; and attendance on forty lectures, constituting a half course, may, subject to the conditions laid down in Ordinance No. 40, be reckoned as qualifying for the Degree of B.L. The majority of the subjects dealt with are suitable for the requirements of students intending to follow the profession of Accountants or Bankers. The class meets at 5.30 P.M. in the Accountants' Hall, 218 St. Vincent Street.

EVIDENCE AND PROCEDURE.

This Lectureship was instituted by the University in 1905.

Lecturer—ROBERT LAMOND, LL.B., Member of the Faculty of Procurators, Glasgow.

The course of forty lectures will describe the principles of the Law of Evidence and the relevancy and kinds of evidence. It will also include a description of the various Courts, the nature of their civil and criminal jurisdiction, the actions and proceedings competent in each and the Procedure followed.

The lectures are delivered on four or five days of the week at 8.45 A.M. during the Summer Session in the Faculty Hall, St. George's Place.

Text-books.—Mackay, *Manual of Court of Session Practice*; *The Sheriff Courts (Scotland) Act, 1907*; Dickson on *Evidence*. Reference will also be made to Statutes and leading cases bearing on the subjects dealt with.

FACULTY OF THEOLOGY.

The Faculty of Theology embraces the four classes of Divinity, Hebrew and Semitic Languages, Ecclesiastical History, and Divinity and Biblical Criticism.

The following regulations are applicable to students preparing for the ministry of the Church of Scotland. Under the Act of General Assembly, 1883, consolidating the Acts presently in force in regard to the study of Divinity, all candidates for the ministry are required to attend at the Divinity Hall either three full and regular sessions, or two full and regular sessions and three partial sessions; and to give at least two full sessions of regular attendance on the classes of Church History, Hebrew, and Biblical Criticism.

The following conspectus shows the order in which the classes should be taken :

FIRST YEAR.

9 a.m.,	Mon., Wed., Fri.,	-	-	New Testament Greek.
10 a.m.,	daily,	-	-	Junior Hebrew.
11 a.m.,	daily,	-	-	Junior Divinity.
12 noon,	daily,	-	-	Junior Church History.

SECOND YEAR.

9 a.m.,	three days weekly,	-	-	Honours Hebrew.
10 a.m.,	daily,	-	-	Biblical Criticism.
11 a.m.,	daily,	-	-	Senior Hebrew.
12 noon,	daily,	-	-	Senior Divinity.

THIRD YEAR.

9 a.m.,	Mon., Wed., Fri.,	-	-	Honours Hebrew.
10 a.m.,	daily,	-	-	Biblical Criticism.
11 a.m.,	daily,	-	-	Senior Church History.
12 noon,	daily,	-	-	Senior Divinity.

Each student, in order to be enrolled *for the first year* of his attendance, must present to the Professor of Divinity, *first*, a certificate from the Presbytery within the bounds of which he usually resides, and by which he has been examined on his knowledge of the Holy Scriptures according to the authorized version, and of the Catechetical Standards of the Church; *secondly*, a certificate signed by the Convener or Vice-Convener of the Examining Board appointed by the General Assembly to conduct the examination of students previous to their entering the Divinity Hall.¹ In order to be

¹ The following are the subjects of examination for October, 1910: LATIN—Livy, Book XXV.; Virgil, *Æneid* XII.; Prose Composition and translation of unseen

admitted to this examination he must, in accordance with the Act of Assembly, 1896, produce, in addition to the certificate from the Presbytery recommending him, either (a) the diploma of a Master of Arts of a Scottish University, or the diploma of a Bachelor of Arts after an undergraduate course at any British or Irish University, or at any Colonial University at which the course is equivalent to that of a Scottish University, and which shall be approved by the General Assembly on a report from the Committee on the admission of ministers and the status of students of Divinity, or evidence that he has passed the examinations for, and is entitled to receive, such diploma of Master or Bachelor of Arts; or (b) evidence that he has passed the Preliminary Examination required of those proceeding to the Degree of Master of Arts in a Scottish University, or such examination as the University authorities recognize as equivalent thereto, and that he has attended some one of the courses required¹ for that degree, and has not only attended the classes of the course, but has duly performed the work of each of them. Students who produce certificates of having passed in any subject with a view to the degree of M.A. at a Scottish University, will be exempted from examination in that subject. All students—graduates as well as non-graduates—will be examined in Scripture Knowledge and New Testament Greek, and those whose certificates in their progress to a degree do not cover Greek, Latin, Moral Philosophy, and Hebrew will, in addition, be examined in any or all of those subjects not included. Students who began their Arts course before 1896 are requested to communicate with the Rev. Dr. Smith, Partick.

passages. GREEK—Xenophon, *Cyropaedia*, Book II.; St. John's Gospel; translation of unseen passages and Prose Composition. HEBREW—The Grammar—Davidson's *Hebrew Grammar*, Sections 1—31. Genesis, Chapters I. and II., with grammatical questions limited to the sections in the Grammar prescribed. MORAL PHILOSOPHY—Mackenzie's *Manual of Ethics*, 4th ed., pp. 1-273. SCRIPTURE KNOWLEDGE—Knowledge of English Bible—the following books specially prescribed: Genesis, Joshua, Isaiah xl-lxvi, St. Matthew, Hebrews.—Shorter Catechism. The examination at Glasgow will take place at the University, 5th and 6th October, 1910, at 10 a.m. each day.

The following are the subjects for October, 1911: LATIN—Livy, Book XXII.; Virgil, *Aeneid* II.; Prose Composition and translation of unseen passages. GREEK—Xenophon, *Cyropaedia*, Book III.; St. Mark's Gospel; Translation of unseen passages and Prose Composition. HEBREW, MORAL PHILOSOPHY, SCRIPTURE KNOWLEDGE—all as above.

For further information and for forms of application apply to the Rev. John Smith, D.D., Manse, Partick.

¹ Any student who has gone through a curriculum in Arts, but who has not graduated, may on application obtain, at the end of his course, a certificate to that effect at the Matriculation Office on production of his Preliminary Examination Certificate and the necessary Class-tickets duly signed.

The student, in order to his enrolment *for each subsequent session* of his course, is required to present to the Professor of Divinity (*a*) a certificate from the Presbytery within whose bounds he chiefly resides, of his having been examined by them on the progress made by him in his studies, and of their satisfaction with the same, as well as (*b*) a certificate from the minister of his parish, or, during a vacancy in the parish, from the moderator of the kirk-session, bearing that he is of good character, and has been engaged in some practical Church work during the year.

At the close of each session every student is required to take with him to the Presbytery certificates from the several Professors, under whom he has studied, of his good conduct and proficiency.

Candidates for licence who have finished a regular course of study in Theology shall be examined as soon as it can conveniently be done after the close of the Divinity session by the Examining Board. "The following shall be the heads of subjects of examination :—(i.) Apologetics, including Natural Theology ; (ii.) Church History ; (iii.) Old Testament Introduction and Exegesis ; (iv.) New Testament Introduction and Exegesis ; (v.) Christian Doctrine ; (vi.) Scripture Knowledge." "Students who have passed for the Degree of B.D., and who satisfy the Committee that they have done so, shall be exempted from examination in the subjects covered by the Degree of B.D." The Exit Examination for 1911 will be held at the University on 25th and 26th April.

The subjects of examination will be

I. *Apologetics.* Flint's *Theism*.

II. *Church History*.—1. To A.D. 325. 2. Scottish Church History, from Revolution Settlement to present day.

III. *Old Testament Introduction and Exegesis*.—1. Isaiah xlv.-li. 2. Psalms cviii.-cxviii.

IV. *New Testament Introduction and Exegesis*.—1. First Corinthians. 2. Greek New Testament *ad aperturam*.

V. *Christian Doctrine*.—1. Doctrine of the Holy Spirit. 2. The Theology of the Epistle to the Galatians. 3. Confession of Faith.

VI. *Scripture Knowledge*.—General Knowledge of the English Bible; special attention to be devoted to the following books: First and Second Samuel, First and Second Kings, Hosea to Micah inclusive, St. John's Gospel, Acts, First and Second Timothy, Titus; Shorter Catechism.

Those who have passed for the degree of B.D. will be examined in I., IV. 2, V. 3, and VI. only.

The Convener of the Board is the Rev. David Paul, LL.D., 53 Fountainhall Road, Edinburgh; and the Vice-Convener, the Rev. John Smith, D.D., Partick.

By Act VII. of the General Assembly, 1883, students are required to study the art of public reading and speaking under some competent teacher approved by the Faculty of Theology,¹ during at least one hour a week in each of two sessions, the attendance extending in every case over at least sixteen weeks of the session, and to produce, before being taken on trials, due evidence of such attendance.

By Act IX. of the General Assembly, 1895, it is enacted—"that every student before being taken on trial for licence shall produce evidence of having regularly attended two courses of the Pastoral Lectures provided by the Home Mission Committee."

Each student is required during his curriculum to deliver *six* discourses—viz., an **ESSAY** on some head in Divinity, a **HOMILY** in English, a **CRITICAL EXERCISE** on some portion of the original text of the Old Testament, an **EXERCISE** and **ADDITION** on some portion of the original text of the New Testament, a **LECTURE** on some portion of Scripture, and a **POPULAR SERMON**, with such other exercises as the Professors may think fit to prescribe. No student can be taken on trials for licence by any Presbytery until he has produced,

¹ For the purposes of the Act of Assembly, and to qualify for the competition for the Downhill Prizes, the following teachers are recognised:—Mr. Thomas Harrower, 282 Bath Street; Mr. John Forsyth, Dellburn, Giffnock; Mr. David B. Johnstone, A.Mus., 11 Granby Terrace, Hillhead; Mr. J. Bruce Alston, Albany Chambers, Charing Cross; Mr. Graham Price, 22 Charing Cross Mansions; Mr. A. F. Roxburgh, F.E.I.S., 7 Caird Drive, Partickhill; Mr. J. Crombie Saunders, M.A., 402 Sauchiehall Street; and Miss D. Mordue, 141 Bath Street, Glasgow. The minimum fee to be charged by each teacher is one guinea when the students are taught in classes. The Faculty of Theology, deeming it desirable that this list should contain the names of those only who are actually engaged in training Divinity students, hereby give notice that the name of any teacher having no students for two successive years will be dropped from the list and not reinstated without a special application to the Senate.

along with class certificates from the Professors of Church History, Hebrew, and Biblical Criticism, a certificate from the Professor of Divinity that the discourses so prescribed have been sustained.

The Faculty of Theology have adopted the following regulations as to the delivery of these discourses:—(1) That the Homily shall be given in to the Professor of Church History at such time as he shall appoint in the *first* session of the student's course; (2) that the Essay on some head in Divinity shall be given in to the Professor of Divinity, and the Lecture to the Professor of Biblical Criticism, in the *second* year of the student's course, at such times as shall be appointed by these Professors respectively; and (3) that the Popular Sermon shall be given in to the Professor of Divinity, the Hebrew Critical Exercise to the Professor of Hebrew and Semitic Languages, and the Exercise and Addition to the Professor of Biblical Criticism, in the *third* session of the course, at such times as shall be appointed by the several Professors. The subjects of the Discourses will be prescribed by the Professors to whom they are severally to be given in.

DIVINITY.

This Professorship was founded in 1640, and the foundation ratified in Parliament. The Professor is appointed by the University Court.

Professors.

1640-50. David Dickson.	1761. Robert Trail, D.D.
1642-61. Robert Baillie.	1775. James Baillie, D.D.
1653. John Young.	1778. William Wight, D.D.
1669. Gilbert Burnet, D.D.	1782. Robert Findlay, D.D.
1674. David Liddell.	1814. Stevenson Macgill, D.D.
1682. Alexander Ross, D.D.	1840. Alexander Hill, D.D.
1688. James Wemyss, D.D.	1862. John Caird, D.D.
1692. James Wodrow.	1873. William Purdie Dickson, D.D., LL.D.
1708. John Simson.	1895. William Hastie, D.D.
1740. Michael Potter.	
1744. William Leechman, D.D.	
1903. HENRY MARTYN BECKWITH REID, D.D.	

The Classes meet on five days of the week, the Senior Class (for all but first-year men) at 12 noon, and the Junior (confined to first-year men) at 11 A.M. Reading of Holy Scripture and offering of prayer are entrusted every Monday in the Senior Class to third-year men in rotation; and every Friday after Christmas is devoted to reading of sermons by third-year men in that Class, and to criticism of the sermons by the Professor, along with general homiletic and liturgic instruction.

The subjects treated in the First Session are as follows :

FIRST SESSION.—Theological Encyclopaedia and Methodology: Philosophy of Religion; Apologetics (chiefly the History of Apologetics, ancient, mediaeval, and modern); History of Religion (Comparative Religion); New Testament Theology (*on Fridays*).

Books which may be used.—Davies' *Theological Encyclopaedia*; Caird's *Introduction to the Philosophy of Religion*; Schultz's *Outline of Christian Apologetics*; Jordan's *Comparative Religion*; Adeney's *Theology of the New Testament*.

The subjects which will be treated in the Senior Class in Session 1910-11 are as follows :

SENIOR CLASS (SECOND AND THIRD SESSION).—Doctrine of Revelation, and Doctrine of God; The Pauline Theology; Christian Ethics.

Books which may be used.—Marcus Dods' *The Bible: its Origin and Nature*; Ladd's *Doctrine of Sacred Scripture*; Illingworth's *Doctrine of the Trinity*; Stevens' *Pauline Theology*; Newman Smyth's *Christian Ethics*.

DISCOURSES.—The exercises prescribed are two, viz., in the second session, an essay on some head in Divinity, and in the third session a Popular Sermon (*i.e.* a sermon designed for ordinary public worship).

There will hereafter be *two* class examinations, one before and the other after Christmas.

PRACTICAL TRAINING.

Students of the second and third years are now required by the General Assembly to present to the Professor of Divinity a certificate from some parish minister bearing, in addition to

the usual statements, that the student has been engaged in some practical Church work during the past year.

By appointment of the General Assembly, the Home Mission Committee provides a course of six lectures on Pastoral Theology, attendance on which is obligatory for students of the second and third year. The lecturer last year was the Rev. Andrew Benvie, B.D., Minister of St. Aidan's, Edinburgh.

HEBREW AND SEMITIC LANGUAGES.

This Professorship was founded by Queen Anne, 1709, under the title Oriental Languages. It is now designated Hebrew and Semitic Languages, in accordance with Ordinance No. 31 of the Universities Commission (1889) of date 5th June, 1893. The Professor is appointed by the University Court. He is a member of the Faculty of Divinity, and also, since 1893, of the Faculty of Arts.

Professors.

1709. Charles Morthland.	1820. ¹ Gavin Gibb, D.D.
1745. Alexander Dunlop, M.A.	1831. William Fleming, D.D.
1751. William Rouet.	1839. George Grey, D.D.
1753. George Muirhead.	1850. Duncan H. Weir, D.D.
1755. John Anderson, M.A.	1877. James Robertson, D.D.
1757. James Buchanan, M.A.	1907. WILLIAM B. STEVENSON,
1761. Robert Trail, D.D.	D.Litt.
1761. Patrick Cummin, LL.D.	

Hebrew and Arabic are included among the departments of study for graduation in Arts, and "Semitic Language and Literature" among those for graduation with Honours. Intensive courses will be provided by a combination of ordinary and honours classes. On this subject students should consult the Professor. Both Hebrew and Arabic are two-term subjects (*i.e.* attendance in the classes during the Divinity session will qualify for graduation in Arts). But classes continue to meet in the summer term (see p. 161).

The existing regulations of the Church of Scotland require all students of Divinity to give attendance on Hebrew for two sessions.

¹ Dr. Gibb was assistant and successor to Dr. Cummin from 10th October, 1814.

The following are the arrangements for session 1910-11 :—

I.—*Junior Hebrew Class*, meeting five days in the week at 10 A.M.¹ The course includes (1) Davidson's *Hebrew Grammar*, with the Exercises; (2) Readings from the easier books of Scripture; (3) Lectures on Old Testament Literature or Hebrew Archaeology.

Students presenting themselves for the Arts Preliminary Examination will be expected to know as much as is implied in the work of the Junior Hebrew Class, and will be examined in grammar, and in translation both from Hebrew into English and from English into Hebrew.

II.—*Senior Hebrew Class*, meeting five days in the week at 11 A.M., and two days at 9 A.M. The Course includes (1) Reading of Old Testament books, including some of those prescribed for the degrees of M.A. and B.D.; (2) Exercises in unpointed texts and translations into Hebrew; (3) Revisal and extended study of grammar, including syntax and accents; (4) Lectures on History and Introduction.

The Senior Hebrew is appointed as the qualifying class for graduation in Arts. During the summer term a continuation class, especially intended for B.D. students, will meet five days weekly, at 9 A.M., till the end of May.

III.—*Honours Hebrew Class*, meeting in winter three days weekly at 9 A.M. or some other convenient hour. The course includes lectures on the History and Literature of the Hebrews; reading of some of the books prescribed for the degree examinations; and written exercises in composition. During the summer term an Honours Class will meet five or six times weekly down to the end of May (qualifying half course). In it special attention will be given to post-Biblical Hebrew.

IV.—A class for *Syriac*, to meet two days in the week at 9 A.M., will be formed, if students offer. In the summer term a class, meeting four times a week, for the study of advanced Syriac or of *Comparative Semitic Philology* and *Aramaic*, including the Targums, Old Testament Aramaic, and the Aramaic of the Egyptian papyri, may also be formed.

V.—For *Arabic Classes* see below.

¹ Those who join this Class are expected to have done already an equivalent of Sections 1-30 in Davidson's *Grammar*. If a sufficient number of students present themselves an elementary class will be formed, meeting four or five times weekly, during the first term only.

ARABIC LANGUAGE AND LITERATURE.

This Lectureship was instituted by the University Court in 1902.

Lecturer—THOMAS H. WEIR, B.D., M.R.A.S.

I.—An Elementary Class meets three days a week in winter and daily in summer at any hour that may be found suitable. The work includes study of the grammar with progressive written exercises, and translation from and into Arabic. Text-book: Socin, *Arabic Grammar*. If sufficient students offer, a class will be formed for Persian or for Assyriology.

II. *Ordinary Class*.—This class qualifies for graduation in Arts, and may be taken either in one full course or in two half courses. The subjects of study comprise Grammar and Syntax, selected surahs of the Koran, selections from classical historians and poets, and history of the Arabs and their literature. Text-books: Nallino, *Chrestomathia Korani Arabica*; Thornton and Nicholson's *Arabic Reading Books*; Noeldeke, *Delectus Veterum Carminum Arabicorum*; Sale, *Koran*.

III.—An *Intermediate Class* will be formed for students who take a double course in Arabic and are examined on a higher standard for the Ordinary Degree. The work will be similar to that of the Ordinary Class, but more advanced.

IV. *Honours Class*.—The subjects of study will be the Koran with commentary, the *Makamat* of Hariri and Hamadani, Arabic Grammar, selections from the early poets. Text-books: Baidawi, *Commentary*, Hariri, *Makamat*, *Majani 'l Adab*, vol. vi., *Al Fakhri* (Derenbourg's Edition); Hamadani, *Makamat*; Wright, *Arabic Grammar*.

V.—*Modern Arabic*.—Instruction will also be given, if required, in modern and colloquial Arabic. Text-books: Green, *Practical Arabic Grammar*; Voller, *Modern Egyptian Dialect of Arabic*; Willmore, *Spoken Arabic of Egypt*; Crow, *Arabic Manual*.

NOTE.—Semitic Languages are prescribed in the examinations for the Black Theological Fellowship (October, 1910 and 1914), the John Clark (Mile-end) Scholarship (1910), and for the Lanfane Bursary (April, 1911). For the Oriental Society's Prize in Arabic, see under Prizes.

ECCLESIASTICAL HISTORY.

The Professorship of Ecclesiastical History was founded by George I. (out of the revenues of the Archbishopric of Glasgow), in the year 1716, but no appointment was made to the Chair till the year 1720.¹ The Professor is appointed by the Crown.

Professors.

1721. William Anderson.	1841. Jas. Seaton Reid, D.D.
1752. William Rouet.	1851. Thos. T. Jackson, D.D.
1762. William Wight, D.D.	1874. William Lee, D.D.
1778. Hugh M'Leod, D.D.	1886. Robert Herbert Story,
1809 ² . William M'Turk, D.D.	D.D., LL.D.
1898. JAMES COOPER, D.D., Hon. D.Litt., Trin. Coll., Dublin, D.C.L., Durham.	

The course extends over two sessions, and embraces two series of lectures as well as written examinations and essays. The Junior and Senior Classes meet at separate hours, the Junior from 12 noon to 1 P.M., the Senior from 11 A.M. to 12 noon.

The subjects treated in the Lectures during the two sessions will be :

I. JUNIOR CLASS.—The History of the Church Catholic from the Day of Pentecost to the close of the Fourth General Council. Books recommended—Mosheim, *Institutes of Ecclesiastical History* (edited by Stubbs); the *Church Histories* of Moeller, Kurtz, Neander, Gieseler, Schaff, and Canon Robertson (the parts covering the period above indicated); Duchesne, *The Early History of the Church*; Harnack, *History of Dogma and Expansion of Christianity in the First Three Centuries* (trans. Moffatt); Eusebius, *Ecclesiastical History* (ed. Bright, Oxford, 1881; translation by M'Giffert); *The Teaching of the Twelve*; *The Apostolic Fathers* (ed. Lightfoot); The Library of Ante-Nicene Fathers; Ramsay, *The Church in the Roman Empire before A.D. 170*, *S. Paul the Traveller and Roman Citizen*, and *The Letters to the Seven Churches*; Pullan, *History of Early Christianity*,

¹ Ecclesiastical History had been previously taught as well as practicable, and there are notices of its having been dealt with by Melville, Baillie, and others. The blind scholar, William Jameson, who had been appointed lecturer in "Civil and Ecclesiastical History" in 1692, devoted much attention to Church History, in which he was specially learned; and it has been suggested that the delay in appointing a professor was due to the wish not to disturb him in his old age. He died in 1720.

² Dr. M'Turk was assistant and successor to Dr. M'Leod from 6th March, 1797.

and *The Church of the Fathers*; Wordsworth, *The Ministry of Grace*; Puller, *The Primitive Saints and the See of Rome*; Rainy, *The Ancient Catholic Church*; Kelly, *A History of the Church of Christ*; Bright, *Waymarks of Church History* and *The Age of the Fathers*; Mason, *Historic Martyrs of the Primitive Church*; Hefele, *History of the Church Councils*; Percival, *The Seven Occumenical Councils* (the first Four); Newman, *Arians of the Fourth Century*; Gibbon, *The Decline and Fall of the Roman Empire* (ed. Bury); Hodgkin, *Italy and her Invaders*, vols. I. and II. P. Allard, *Histoire de persécutions* and *Le Christianisme et l'empire romain de Néron à Théodose*.

II. SENIOR CLASS.—(1) The History of the Church of Scotland; (2) The History of the Church of England; (3) Some Important Epochs in the History of the Church. (N.B.—The special subject taken up in Session 1910-11 will be Ecclesiastical History from the Coronation of Charles the Great to the death of Pope Boniface VIII. (A.D. 800-1303).

Books recommended—Grub, Cunningham, and Stephen, on the Ecclesiastical History of Scotland; Skene, *Celtic Scotland*; Dowden, *The Celtic Church in Scotland*; Macgregor, *Saint Columba*; Adamnan, *Saint Columba* (tr. Huyshe); The Chronicles of the Picts and Scots; the series "The Historians of Scotland"; W. M. Mackenzie, *Outline of Scottish History*; Joseph Robertson, *Statuta Ecclesiae Scoticanæ*; *Booke of the Universal Kirk of Scotland* (4 vol. edition); John Knox, *History of the Reformation in Scotland* (ed. Laing); Spottiswood; Calderwood; Baillie; Cook; M'Crie, *Knox*; William Robertson, *History of Scotland*; Hume Brown, *History of Scotland* and *John Knox*; Andrew Lang, *History of Scotland*; D. W. Rannie, *A Student's History of Scotland*; W. L. Mathieson, *Politics and Religion in Scotland, 1550-1695*; Haddan and Stubbs, *Councils of Great Britain and Ireland*; Wilkins, *Concilia Magnæ Britanniae*; Bede, *Ecclesiastical History of England*; Fuller, *Church History of Britain*; Collier, *Ecclesiastical History of Great Britain*; Abbey and Overton, *English Church in the Eighteenth Century*; J. R. Stoughton, *Religion in England*; Stubbs, *Constitutional History of England*; Hume, Lingard, Macaulay, Froude, and S. R. Gardiner, *Histories of England*; Wakeman, *History of the Church of England*; A History of the English Church, edited by Stephens and Hunt;

Dixon, *History of the Church of England*; Burnet, *History of the Reformation*; and the books recommended at page 323 for those studying for the Degree of B.D.

The following subjects have been prescribed for *Essays, which must be given in before Nov. 30th, 1910*: (1) Testimonies from Gnostic and other heretics prior to A.D. 300 to (a) the Church's acceptance of the Books of the New Testament, and (β) to her belief in the articles of the Apostles' Creed; (2) S. Ambrose, *De Officiis Ministrorum* and *De Fuga Saeculi*; (3) S. Dominic and his Order; (4) Latin Hymns, Eleventh, Twelfth, and Thirteenth Centuries, with original translations in verse from Adam of S. Victor, Hildebert, S. Bernard, Jacobus de Benedictis (or de Todi, or Jacopone), Bonaventura, and Thomas Aquinas; (5) Historical Gleanings from the Letters of Lanfranc and S. Anselm; (6) the *Irenicum* of Dr. John Forbes of Corse; and (7) the Ecclesiastical History and Ecclesiology of any Parish in Scotland in which the student has resided. Marks, up to 100, according to merit, will be assigned (session 1910-11) to the writers of *one* of those essays.

A written examination of the Senior Class (session 1910-1911) will be held not later than 30th Nov., 1910, on Venerable Bede's *Ecclesiastical History of England* and S. Adamnan's *Saint Columba* (which may be read in translations), for which marks up to 100 may be obtained. The marks obtained both for the essay and for this examination will count for the Prize List.

The subjects for Essays to be given in by 30th Nov., 1911, are: (1) Wycliffe's Treatises, *De dominis Divino*, *De Eucharistia tractatus major*, *Tractatus de Eucharistia et Poenitentia, sive de Confessione*; (2) The Scottish Church under James I. and James II., Kings of Scotland; (3) S. Catherine of Sienna; (4) The Council of Constance; (5) Pope Nicholas V.; (6) Efforts for Reunion of the Greek and Latin Churches between 1303 and 1455, and the causes and results of their failure; (7) The Ecclesiology and Ecclesiastical History of any Parish in Scotland in which the student has resided.

DIVINITY AND BIBLICAL CRITICISM.

This Professorship was founded by ordinance of the Universities Commission (1858) of date 25th November, 1861. The Professor is appointed by the Crown.

Professors.

1863. William P. Dickson, D.D.

1873. WILLIAM STEWART, D.D.

This class will meet on five days of the week at 10 A.M.

The course of lectures is arranged to extend over two sessions; and the class should accordingly be attended in two *consecutive* years. It is usually taken in the second and third years of the Divinity course. For due performance of the work of the class a knowledge of Greek, at least of New Testament Greek, is indispensable. (See below.)

The lectures in 1910-11 will treat of the principles of Interpretation, and of some portions of New Testament Introduction.

The practical application of the principles of Criticism and Hermeneutics will be illustrated in Exegetical Lectures, and by the reading of portions of the Greek New Testament.

Essays on subjects suggested by the work of the class are prescribed at intervals during the session, and the progress of the students is further tested by examinations, partly oral and partly written.

Class of New Testament Greek.—Those who have not included Greek in their Arts course, or who have not succeeded in making themselves familiar with New Testament Greek, should not fail to attend this tutorial class in the first session of their Divinity course, that they may be in a position to profit by the prelections and exercises in the Biblical Criticism Class during the two succeeding years. The class will meet on three days of the week, viz., Monday, Wednesday, and Friday at 9 A.M. The hour has been fixed to suit the convenience of Students in the first year of the Divinity course. (See time-table on p. 154.)

IV.—ENDOWED DEMONSTRATORSHIPS, ETC.

THE ARNOTT AND THOMSON DEMONSTRATORSHIP IN EXPERIMENTAL PHYSICS.

This Demonstratorship was founded in 1875 by the liberality of Sir William Thomson and Mrs. Arnott, widow of Dr. Neil Arnott, founder of the Arnott Prizes, who invested respectively £2,000 and £1,000 for the purpose of encouraging the study

of Experimental Physics in the University of Glasgow. The Demonstratorship is in connection with the Physical Laboratory of the University. The holder is appointed annually by the Professor of Natural Philosophy, subject to the approval of the University Court, and his duties are to perform, and direct in the performance of, experimental researches in the Physical Laboratory, in connection with, and under the direction of, the Professor of Natural Philosophy, to give practical laboratory courses suitable for Medical and Engineering students, and to take part in the teaching of the Natural Philosophy Class, if required by the Professor, and in such way and at such times as may be appointed by the Senatus Academicus of the University.

Demonstrators.

1875. James Thomson Bottomley, M.A., D.Sc., F.R.S.

1899. James W. Peck, M.A.

1903. James Muir, D.Sc., M.A.

1906. James G. Gray, B.Sc.

1908. GEORGE E. ALLAN, D.Sc.

THE MUIRHEAD DEMONSTRATORSHIP OF PHYSIOLOGY.

In January, 1877, the late Dr. Henry Muirhead of Longdales, Bothwell Parish, and afterwards of Cambuslang, presented to the University the sum of £2,100, and in November, 1879, a further sum of £400, to endow a Demonstratorship of Physiology in connection with the Chair of Institutes of Medicine—the main object being the promotion of medical science by the training of young men of suitable capacity to become teachers and investigators of Physiology. The regulations with reference to the appointment are as follows:—

1. That the title of the appointment be “The Muirhead Demonstrator of Physiology.”

2. That the holder of the office shall act as an assistant to the Professor of Institutes of Medicine in teaching the classes of Systematic and Practical Physiology and in original investigation.

3. That he shall also be expected and encouraged to engage in independent scientific investigation under the direction of the Professor.

4. That he will not be entitled to conduct any class on his own account without the consent of the Professor.

5. That the incumbent will be expected to devote his entire time to the duties of the appointment.

6. That the appointment be made annually by the Senatus Academicus, with the consent of the University Court, on the recommendation of the Professor of the Institutes of Medicine, who shall furnish evidence to the Senatus of the suitability of the person recommended by him.

Present Demonstrator.

JAMES HENDRY BROWN, M.A., B.Sc.

GRIEVE LECTURESHIP ON PHYSIOLOGICAL CHEMISTRY.

The late John Grieve, M.A., M.D., who died at Glasgow on 16th April, 1896, directed his Trustees to hand over to the University the sum of £8000 (less legacy duty) for the foundation of a Lectureship on some subject selected by them after consultation with certain Professors. The subject selected was Physiological Chemistry, and the following scheme prepared by the Senate was approved by the University Court on 9th February, 1905.

1. The bequest of the late Dr. John Grieve shall be applied to the foundation of a Lectureship on Physiological Chemistry in the University of Glasgow, to be called the "Grieve Lectureship on Physiological Chemistry."

2. The capital sum of the bequest shall be invested by the University Court, and the annual revenue shall be the salary of the holder of the lectureship for the time being.

3. The appointment to the lectureship shall be made by the University Court.

4. The appointment shall be for a term of five years, but the lecturer may be re-elected in the discretion of the University Court.

5. The lectureship shall be in connection with the Physiological Department of the University, and accommodation for the lecturer shall be provided in that Department by arrangement with the Professor of Physiology.

6. The lecturer shall not engage in medical or surgical practice during his tenure of office.

7. The duties of the Lecturer shall be as follows :

(1) He shall deliver annually such a course of lectures or give such demonstrations in Physiological Chemistry, on

the more advanced aspects of the subject, in its relation to the phenomena of Plant and Animal life, as may from time to time be arranged by the Senate, with the approval of the University Court.

(2) He shall take charge of the laboratory for Physiological Chemistry in the Physiological Department of the new buildings, under the control of the Professor, in terms of Ordinance No. 17, General No. 10; he shall supervise the chemical work of students of physiology preparing for the degree of Bachelor of Science; and generally he shall give assistance to students or others who may be engaged in researches in Physiological Chemistry.

(3) He shall make arrangements, under the control of the Professor, for the teaching of elementary Physiological Chemistry to students of science and medicine, in terms of the above Ordinance.

(4) He shall prosecute original research in Physiological Chemistry.

Lecturer.—1905. EDWARD P. CATHCART, M.D., D.Sc.

THE WILLIAM BAXTER DEMONSTRATORSHIP IN GEOLOGY.

This Demonstratorship was founded by the Trust Disposition and Settlement of Mr. William Baxter, Hillhead, Glasgow, who died on 20th November, 1888, and bequeathed to the Senate the sum of £2,500, free of legacy duty, the annual income of which, less the cost of management, he directed should be paid half-yearly to the Demonstrator on the joint certificate of the Clerk of Senate and the teacher of Geology for the time being. The Senate are the patrons of the Demonstratorship.

The following Regulations having been drawn by the Senate, were approved by the University Court on 16th June, 1908:—

1. The Demonstratorship shall be held for three years, and shall be open to the candidate who during the period intervening since the preceding appointment was made shall have passed the Degree of B.Sc. with special distinction in Geology, in the Final Science Examination, or, in the event of several candidates obtaining such special distinction, to the candidate whose aggregate marks for the whole subjects of the said degree are the highest; but in the event of no candidate attaining to special distinction in Geology in the Final Science Examination,

the Senate may, if they see fit, award the Demonstratorship to the candidate who shall stand highest in the list, but any candidate who fails to obtain at least 60 per cent. of marks in the Department of Geology shall *eo ipso* be disqualified to hold the Demonstratorship.

2. The three years' tenure of office shall be subject to the condition that the incumbent discharges the duties of the office to the satisfaction of the Senate, who have power "to deprive any Demonstrator of his stipend, or a part thereof, should they at any time become dissatisfied with his conduct or his ability to carry out the duties of his office, or with the discharge of his duties, or for any other reason they may consider sufficient," the Demonstrator having the right of appeal to the University Court in the event of such deprivation.

3. The duties of the Demonstrator shall be :—

(1) To act as Demonstrator in the laboratory classes of the Geological School of the University.

(2) To assist in the field work of the Geological School of the University, and to collect geological materials for the University Collection.

(3) To give at least two evening lectures or demonstrations to members of the Geological Society of Glasgow during each winter session of his Demonstratorship.

(4) To devote during the session three hours a day on such days as there are not excursions or laboratory classes to the arrangement of the Geological Museum and teaching collections, or, should the Professor of Geology prefer, to undertake research work on material in the Hunterian Museum or on any subject connected with West Scottish Geology approved by the Professor of Geology, and to give a course of lectures or other teaching in the summer session.

4. These lectures may be attended (*a*) by matriculated students of Geology, free; (*b*) by any matriculated student not a member of the class of Geology, on payment to the Demonstrator of a fee of £1 1s. for each course, or such higher fee as the University Court may fix; (*c*) by any member of the Geological Society of Glasgow on payment of five shillings in lieu of matriculation fee for the winter or summer session, in addition to the authorized class fee.

5. In the event of no appointment being made, or of the Demonstrator resigning, retiring, or being deprived, the revenue accruing during the period of vacancy shall be added to the capital, and the annual income thereof to the stipend payable to the Demonstrators.

Demonstrator—1908. DAVID P. MACDONALD, M.A., B.Sc.

WALTONIAN MEDICAL LECTURESHIP.

This Lectureship was founded in 1788 by the Rev. Dr. William Walton, Rector of Upton, in the County of Huntingdon, who bequeathed to the Senate for its support the sum of £1000, increased by subsequent accumulations to £2850. The lecturer is required to take for his subject that branch of Medicine or Science connected with Medicine which may be assigned to him by the Governing Body of the University. From 1792 a salary was provided out of the Walton Fund for a lecturer on Midwifery till 1815, when the Chair of Midwifery was founded. From 1816 provision was made in like manner for the teaching of *Materia Medica* till a Chair in that subject was founded in 1831. After 1831 the lectureship was devoted to the subject of Ophthalmology, but, on the resignation of Dr. Thomas Reid in the end of 1900, the University Court, taking into account that the requirements of Ophthalmology under the new Ordinances were met by the training afforded to students in the Glasgow Eye Infirmary and the Glasgow Ophthalmic Institution, resolved to devote the proceeds of the Foundation to the teaching of some other subject. In 1908 the Carnegie Trust provided £2500 towards the endowment of a Lectureship in Organic Chemistry, and the University Court conjoined with the income of this endowment the revenue of the Waltonian Fund. Hence the holder of both is styled the Waltonian Lecturer and Lecturer on Organic Chemistry.

Lecturers.

Midwifery—1792-1815. James Towers, C.M.

Materia Medica—1816-1831. Richard Millar, M.D.

Ophthalmology—1831-1868. William M'Kenzie, M.D.

Ophthalmology—1871-1900. Thomas Reid, M.D., LL.D.

Organic Chemistry—1908. Thomas S. Patterson, Ph.D., D.Sc.

GIFFORD LECTURESHIP ON NATURAL THEOLOGY.

This Lectureship, as well as similar Lectureships in the other Scottish Universities, was founded in 1887 in accordance with the Trust Disposition and Settlement of the late Adam Gifford, sometime one of the Senators of the College of Justice, Scotland. Lord Gifford directed his Trustees to pay over to the *Senatus Academicus* of the University of Glasgow the sum of Twenty Thousand Pounds for the purpose of establishing a Lectureship or Popular Chair for promoting, advancing, and diffusing the study of Natural Theology, in the widest sense of that term—in other words, “the Knowledge of God, the Infinite, the All, the First and Only Cause, the One and the Sole Substance, the Sole Being, the Sole Reality, and the Sole Existence, the Knowledge of his Nature and Attributes, the Knowledge of the Relations which men and the whole universe bear to Him, the Knowledge of the Nature and Foundation of Ethics or Morals, and of all Obligations and Duties thence arising.” The Senate are the Patrons. The Lecturer is appointed for a period of two years and no longer, but the same Lecturer may be reappointed for other two periods of two years each, provided that no one person shall hold the office of Lecturer in this University for more than six years in all. The Lecturer is subjected to no test of any kind, and he is not required to take any oath, or to emit or subscribe any declaration of belief, or to make any promise of any kind. The Founder expressed a wish that the subject should be treated as a strictly natural science, like astronomy or chemistry. Matriculated students and others may attend the Lectures.

1888. Professor Max Müller.

1892. Principal Caird, D.D., LL.D.

1893. Professor William Wallace, M.A.

1895. Principal Caird, D.D., LL.D.

1896. Professor Alexander B. Bruce, D.D.

1900. Edward Caird, D.C.L., LL.D., Master of Balliol.

1903. Professor Émile Boutroux.

1906. Professor A. C. Bradley, LL.D.

1910. PROFESSOR JOHN WATSON, M.A., LL.D.

ALEXANDER ROBERTSON LECTURESHIP.

The Rev. Alexander Robertson, a probationer of the Free Church of Scotland, who died at Glasgow on 3rd August, 1899,

left the residue of his estate, amounting to £2500, for the endowment of a Lectureship in defence of the Christian Religion. The regulations drawn up by his Trustees—Mr. James Lymburn, formerly Librarian to the University, and the late Rev. James B. Dalgety, Paisley—received the sanction of the University Court on 14th November, 1901, and are as follows :

1. The Lectureship shall be called the Alexander Robertson Lectures.

2. The course shall be held not oftener than once in every two years, and shall consist of not fewer than five lectures.

3. Out of the revenue of the Lectureship Fund the lecturer shall be paid the sum of £100 when the lectures have been delivered, and a further sum of £50, provided he shall have published his lectures within one year of their delivery, and shall have furnished to the Library of the University of Glasgow fifty copies for distribution.

4. The Lecturer shall be appointed by the University Court on the nomination of a Committee consisting of the Principal of the University and of the Professors in the Faculty of Theology ; and it shall be in the power of the Committee to nominate, if they see fit, a member of the Faculty of Theology.

5. It shall be the duty of the Court, at least twelve months before the income of the Lectureship Fund shall have reached the sum necessary to pay the remuneration of the Lecturer and the grant for publication of the lectures, to send intimation to that effect to the Dean of the Faculty of Theology, and should the aforesaid Committee fail to nominate any one within six months after receiving the said intimation, it shall be in the power of the Court to proceed of itself to the selection and appointment of a Lecturer.

6. The lectures shall be delivered at such times and in such place or places as the said Committee may appoint. Admission to the course shall not be restricted to matriculated students, but shall be freely open to the general public.

7. All surplus revenue and any balance accruing from the non-publication of the lectures or otherwise shall be added to the capital fund of the Lectureship. But should at any time the biennial income of the fund reach a larger sum than £150, two-thirds of the balance over that amount shall go to augment the emolument of the Lecturer, and one-third to increase the grant for the publication of the lectures.

Lecturers.

1904. John Morrison, D.D. 1906. Ernest F. Scott, M.A.
 1908. ANDREW MILLER, M.A.
-

GRAHAM YOUNG LECTURESHIP IN METALLURGICAL
 CHEMISTRY.

In 1899 the University Court instituted a Lectureship in Metallurgical Chemistry, and in 1908 the Trustees of the late T. Graham Young, Esq., provided £5000 for its endowment.

Lecturers.

1899. William Carrick Anderson, M.A., D.Sc.
 1905. Charles Edward Fawsitt, Ph.D., D.Sc.
 1908. CECIL H. DESCH, D.Sc., Ph.D.
-

THE HASTIE LECTURESHIP.

The friends of the late Rev. William Hastie, D.D., Professor of Divinity in the University, having subscribed the sum of £1000 to perpetuate his memory, resolved on 24th November, 1905, that the fund should be vested in six Trustees, divided into three official and three elected Trustees. The official Trustees are the Principal, the Dean of the Faculty of Theology, and the Professor of Divinity. Should the Professor of Divinity be also Dean, then the third official Trustee is a Professor in the Faculty of Theology, nominated by the Faculty. The other Trustees were elected by the donors from amongst themselves. In certain contingencies vacancies in the elected Trustees are filled up by the Presbytery of Glasgow and the Senate alternately. The subscribers further resolved that a Lectureship to be called the Hastie Lectureship should be founded, its object being to encourage the study of Theology amongst the Ministers of the Church of Scotland. The Lecturer is appointed by the Trustees and holds office for three years, delivering not less than four or more than six lectures, in Glasgow University or elsewhere as the Trustees may determine. Admission to the lectures is free to all. The Lecturer receives the free proceeds of the Fund, and he is bound to publish at least 500 copies of his lectures at his own expense and to present to the Trustees ten copies for distribution.

Lecturers.

1906. Rev. Donald M'Millan, D.D.
 1909. REV. JAMES H. MACKAY, M.A.

*V.—WOMEN'S DEPARTMENT.**QUEEN MARGARET COLLEGE.*

In February, 1892, the Universities Commission issued an Ordinance (No. 18), empowering the Scottish University Courts to make provision within the Universities for the instruction of women, either by admitting them to the ordinary classes, or by instituting separate classes for their instruction. The Council of Queen Margaret College, having considered the provisions of this ordinance, came to the conclusion that the purpose for which the College had been instituted would be best served by making over their work to the University of Glasgow. They accordingly, with the concurrence of the late Mrs. Elder, the proprietrix of the buildings and grounds hitherto occupied by the College, offered to transfer to the University Court these buildings and grounds, and the endowments (present and prospective), on condition that these should be devoted to the establishment and maintenance of University Classes for women exclusively. The University Court, after consultation with the Senate, having resolved to exercise the power conferred by Ordinance No. 18, and to provide University instruction for women mainly by the institution of separate classes, agreed to accept the offer made by Queen Margaret College, and remitted to a Committee to take the necessary steps for completing the transfer. In virtue of this arrangement the teachers in Queen Margaret College were appointed by the University Court, and the students in session 1892-3 were admitted matriculated students of the University. In 1893 the College was dissolved, and the funds were handed over to the University Court, but the name "Queen Margaret College" survives as designating the part of the University buildings and grounds which is devoted exclusively to the education of women.

ALL women students are required to matriculate and to pay their Class Fees and Examination Fees at Queen Margaret College.

The classes in Queen Margaret College will meet as follows :

NOTE.—For information as to the periods of teaching in the several Faculties and as to Arts Classes additional to those named in the subjoined list, see p. 62-64.

I.—ARTS.

HOSPITALS.—Royal Infirmary—First year, £10 10s. ; Second year, £10 10s. ; six months, £6 6s. ; three months, £4 4s. Royal Hospital for Sick Children—twelve months, £1 1s. Glasgow Maternity Hospital—£3 3s. Belvidere and Ruchill Fever Hospitals, £1 1s.

SCIENCE CLASSES.—Of the subjects above enumerated the following are also in the Faculty of Science, viz.:—Mathematics, Natural Philosophy, Chemistry, Botany, Zoology, Anatomy, Physiology, and attendance upon the lectures and in the practical classes qualifies for graduation in Science.

The Higher and Honours Classes in Arts and the Higher Classes in Science at the University are open to women.

¹ Fee for a second or subsequent session, £3 3s.

² Students who are taking no class but Botany may take the Practical Class from 9 to 11 a.m., if notice of their wish to do so is given at the beginning of the session.

³ Students who have taken two winters and two summers of Practical Anatomy, as well as the Junior and Senior Lecture courses, may afterwards enrol in Practical Anatomy at £1 1s.

⁴ For students who have already attended the class the fee for any one of the three sections is £1 1s. See page 68, footnote.

The arrangements for the classes in Queen Margaret College are similar to those of the classes for men, with the exception of English, French, German, and Logic, the arrangements for which are as follows:—

ENGLISH LANGUAGE AND LITERATURE.

Professor—W. M. DIXON, M.A., Litt.D., LL.B.

Lecturer—John S. Smart, M.A.

Assistants—Robert Dewar, M.A., and Miss Janet Spens, M.A., D.Litt.

The class will meet daily, except on Fridays and Saturdays, at 3 P.M.

I. Lectures will be given during the session on the following subjects—1. The Rise of the Drama. 2. Chaucer. 3. Shakespeare. 4. English Literature from Dryden to Swift. 5. The Literature of the Revolution Period and the Early Nineteenth Century. 6. English Language.

II. The books and poems set for study will be:—

Chaucer, *Prologue*; Shakespeare, *Macbeth*, *Julius Caesar*, *Richard II.*; *The English Parnassus*, from Chaucer to Goldsmith, as selected in class; Johnson's *Lives of Dryden and Pope*; Palgrave, *Golden Treasury* (Bks. I.-III.).

Students who have already taken the ordinary class are permitted to attend lectures on Monday, Wednesday, and Thursday for a fee of £2 2s. Such attendance cannot be reckoned towards graduation.

For the Higher Ordinary and Honours Classes, see p. 79. *For the Nichol Memorial Prize, see Index.*

FRENCH LANGUAGE AND LITERATURE.

Lecturers.

1895. Alfred Mercier, L.ès-L.

1898. CHARLES MARTIN, M.A. (Paris), O.A.

Assistant—Léon Pitoy, L.ès-L. Phil., B.Sc. (Paris).

The class meets on Tuesdays, Wednesdays, Thursdays, and Fridays at 9.45 A.M. *It is for the most part conducted in French.* The work of the class includes the subjects stated in the syllabus of the class of French Language and Literature at

page 81. A tutorial class meets for the improvement of pronunciation and the correction of exercises and essays.

A class library well provided with books of reference is open to students from 9 a.m. till 5 p.m.

Students who take French for purposes of graduation must attend both classes, but students who do not intend to graduate may take the Language Class alone or the Literature Class alone. The fee for the Language Class alone or the Literature Class alone is £2 2s.

INTERMEDIATE CLASS.—See p. 82.

HONOURS CLASS.—See p. 82.

GERMAN LANGUAGE AND LITERATURE.

Lecturer—HERBERT SMITH, M.A., Ph.D.

Assistant—FRIEDRICH BROECKER.

ORDINARY CLASS.—This class meets at 11.15 A.M., and qualifies for graduation in Arts. The work of the class includes the subjects stated in the syllabus of the class of German Language and Literature at page 83.

Students who do not intend to graduate may take either the Literature Class or the Language Class alone. The fee for one class alone is £2 2s.

INTERMEDIATE CLASS.—See p. 83.

HONOURS CLASS.—See p. 83.

LOGIC.

Lecturer—J. B. PAYNE, B.A.

This class meets at 12.15 P.M., and the course qualifies for graduation in Arts.

The work of the class includes the subjects stated in the syllabus of the class of Logic and Rhetoric at page 87.

VI.—SPECIAL STUDY AND RESEARCH.

In Ordinance No. 61, the Universities Commission (1889) made the following regulations for the encouragement of special study and research, and for the appointment of Research Fellows :—

I. It shall be in the power of the *Senatus Academicus* in each University, with the approval of the University Court, to make regulations under which graduates of Scottish Universities or of other Universities recognized by the University Court for the purposes of this ordinance, or other persons who have given satisfactory proof of general education and of fitness to engage in some special study or research, may be admitted to prosecute such study or research in the University.

II. It shall be the duty of the *Senatus Academicus* in each University—(1) To receive and decide upon all applications for admission to prosecute special study or research ; (2) To prepare a list of all persons so admitted (hereinafter referred to as Research Students) ; (3) To make regulations for the supervision of their work ; (4) To satisfy themselves from time to time that the Research Students are carrying on their work in the University in a satisfactory manner ; (5) To suspend or exclude from any course any student whose conduct or progress is unsatisfactory.

III. Every applicant for admission must send in to the *Senatus Academicus* a written application stating any degree or other distinction which he has already obtained, the line of study or research which he wishes to prosecute and the probable period of its duration, together with evidence as to his character, capacity, and general qualifications.

IV. Any application for admission shall be in the first instance referred by the *Senatus Academicus* to the appropriate Faculty, or to a Committee appointed by the *Senatus* ; one member of the Committee shall always be a Professor or Lecturer within whose department the proposed line of study or research falls. No applicant shall be recommended by the Faculty or the Committee who has not satisfied them by examination or otherwise that he is qualified to prosecute the proposed line of study or research, and further—(a) That his proposed line of study or research is a fit and proper one ; (b) That he possesses a good general education ; (c) That he is of good character ; (d) That he proposes to prosecute his studies or research during a period to be approved by the *Senatus Academicus*. The Faculty or the Committee shall make a report to the *Senatus Academicus* upon each application. It shall also be their duty, subject to the regulations of

the *Senatus Academicus*, to provide for the supervision of the Research Student's work, and to report at least once a year to the *Senatus* as to his progress and conduct. The *Senatus* shall then determine whether he shall remain a Research Student.

V. Every Research Student shall be required to matriculate each year, paying the ordinary fee.

VI. Research Students shall have access to and the use of the University Laboratories and Museums, under such conditions as to payment and otherwise as the University Court, after consultation with the *Senatus Academicus*, may determine.

Under this section the following regulations have been made:—1. In each laboratory each Research Student shall make payment of a sum which is estimated by the Professor as sufficient to cover the ordinary expenses incident to the Research Student's work. Apparatus and material beyond what is included in the ordinary operations of the laboratory shall be charged to the Student, unless the Professor judges that such apparatus and material will be a useful addition to the laboratory. But it shall be in the power of each Professor to propose to the University Court in any particular case that these payments may be remitted in whole or in part. 2. In all matters of discipline the Research Student shall be under the control of the Professor in whose laboratory he works. 3. All papers arising out of work done in a laboratory shall be submitted to the Professor before publication, and in all such publications a due recognition of the laboratory shall be inserted.

VII. The title of Research Fellow may be conferred by the *Senatus Academicus*, with the approval of the University Court, on Research Students who have shown special distinction. Such title shall not of itself confer any right to stipend, but it shall be in the power of the University Court to provide a stipend of such amount and for such period as it may think fit to any Research Fellow under the powers of Ordinance No. 25, Section XI., sub-section 8.

VIII. (1) The Research Fellows shall be appointed as aforesaid after consideration of the report or reports submitted in terms of Section IV. hereof.

(2) The title of Research Fellow may be conferred either at the commencement of the Research Student's course of

study or research, or at any time during its progress, as the *Senatus Academicus* may determine.

- (3) Research Fellows shall retain their title and stipend, if any, for the period during which they are engaged in special study or research in the University, and no longer.
- (4) Research Students who have been appointed Research Fellows shall continue to be subject to the conditions above prescribed as to the supervision of their work and the reports to be made thereon.

IX. Nothing herein contained shall prejudice the right of Research Students to such Fellowships, Scholarships, or Prizes as may be open to them by Ordinance or Deed of Foundation.

X. The University Court may, subject to the provisions of Ordinance No. 25, Section XI., sub-section 8, provide such sums as it may think fit in aid of the expenses of special study or research.

RESEARCH WORK IN 1909-10.

Research Students.

Annie Louise McIlroy, M.D.—The development of the Mammalian Ovary; the causation of cystic conditions of the Ovary; the Nerve Supply of the Ovary.

Anstruther A. Lawson, M.Sc. (California), Ph.D. (Chicago).—The Evolutionary History of the Gymnosperms.

Robert C. Gray.—The Magnetism of Aluminium and Manganese-Tin Bronzes; the effects of Thermal Treatment on the Magnetic Properties of various Steels.

Alexander S. Russell, M.A., B.Sc.—The Radio-activity of Uranium; the γ -rays of the Radio-Elements.

George H. Edington, M.D.—Visceral Malformations.

Arthur J. Berry, B.A. (Cantab.).—The adsorption of Radio-active and other Substances.

Ruth Pirret, B.Sc.—Physical Chemistry; Radio-activity.

Edward V. A. Willett, B.Sc.—The Resistance of the Air to the passage of Aeroplanes; Aerial Propellers and Windmills.

William F. Mackenzie, M.B., Ch.B.—The early development of the Molar Teeth in the Human Subject, with special reference to the mode and time of separation of their germs.

Margaret B. Moir, M.A., B.Sc.—The Magnetic and other Properties of Substances at Low Temperatures.

Alfred J. A. Woodcock, M.Sc. (Durham).—The Life Histories of Clyde Hydrozoa.

SPECIAL TEACHING BY SCHOLARS AND FELLOWS IN 1909-10.

Bryce K. N. Wyllie, M.A. (*G. A. Clark Scholar*)—Tutorial work in Intermediate Latin and in Greek.

Archibald A. Bowman, M.A. (*G. A. Clark Scholar*)—Course of lectures on Kant to the Logic Honours Class.

John M'Whan, M.A. (*G. A. Clark Scholar*)—Tutorial work in Mathematics; Course of fifteen lectures to the Natural Philosophy Honours Class on "The Differential Equations of Physics."

William D. Taylor, M.A. (*G. A. Clark Scholar*)—Short course of lectures to the English Honours Class on the influence of French literature on that of England during the 18th century.

David Millar, M.A. (*Eglinton Fellow*)—Series of Translation Papers for the Latin Honours Class.

John A. Hodge, M.A. (*Eglinton Fellow*)—Tutorial work in Mathematics.

David A. Shepherd, M.A. (*Ewing Fellow*)—Tutorial work in Latin (a division of the Ordinary Class) and in Greek.

Hector J. W. Hetherington, M.A. (*Ewing Fellow*)—Course of seven lectures to the Logic Class on "Berkeley's Principles of Human Knowledge."

John S. Anderson, M.A., B.Sc. (*Ewing Fellow*)—Tutorial work in Mathematics.

Alexander S. Small, M.A., B.Sc. (*Metcalf Fellow*)—Tutorial work in Mathematics.

Hugh A. Reyburn, M.A. (*Scott Scholar*)—Tutorial work on Aristotle's *Metaphysics* with the Moral Philosophy Honours Class.

BLACK THEOLOGICAL FELLOWSHIP.

The Rev. Andrew C. Baird, B.D., B.Sc. (*Black Theological Fellow*), gave a course of fifteen lectures, with lantern illustrations, on "The Civilization of Ancient Babylon and Assyria." The lectures were open to the public.

SESSION 1910-11.

Mr. John B. Black, M.A. (*Laure Fellow*, 1907-10) will give a short course of lectures to the English Class on Shakespeare and the Modern Drama.

VII.—THE CARNEGIE TRUST FOR THE UNIVERSITIES OF SCOTLAND.

This Trust was created by Mr. Andrew Carnegie of New York, and of Skibo in the County of Sutherland. By a trust-deed dated 7th June, 1901, Mr. Carnegie conveyed to Trustees \$10,000,000 Bonds by the United States Steel Corporation, bearing interest at 5 per cent., and directed that one-half of the net income should be applied towards the improvement and expansion of the Universities of Scotland in the Faculties of Science and Medicine, also for improving and extending the opportunities for scientific study and research, and for increasing the facilities for acquiring a knowledge of History, Economics, English Literature, and Modern Languages, and such other subjects cognate to a technical or commercial education as can be brought within the scope of the University curriculum, by the erection and maintenance of buildings, laboratories, class-rooms, museums or libraries, the providing of efficient apparatus, books, and equipment, the institution and endowment of Professorships and Lectureships, including post-graduate Lectureships and Scholarships, more especially Scholarships for the purpose of encouraging research, or in such other manner as the Executive Committee of the Trustees might from time to time decide.

It is directed that the other half of the income, or such part thereof as in each year may be found requisite, shall be devoted to the payment of the whole or part of the ordinary class fees exigible by the Universities from students of Scottish birth

or extraction, and of 16 years of age or upwards, or scholars who have given two years' attendance after the age of 14 years at such schools and institutions in Scotland as are under inspection by the Scotch Education Department. They must have passed the examination qualifying for admission to the classes for which payment of fees is to be made by the Trust. Applications for the payment of fees must be made in the form prescribed by the Committee. The decision of the Committee in all questions of qualification shall be final, and the fees of all applicants declared to be eligible shall in each case be paid by the Committee as they become due to the factors or authorised officers of the Universities. The Committee shall also have power to withhold payment of fees from any student who is guilty of misconduct, or who fails within a reasonable time to pass the ordinary examinations of the University or any of them. Any surplus remaining in any year from the income applicable to this head of expenditure shall be applied to the first head of expenditure. Extra-mural Colleges, Schools, or classes in Scotland, attendance at which is recognised as qualifying or assisting to qualify for graduation shall, on application, be entitled to participate under the first head of expenditure to such an extent as the Committee may from time to time determine, and the students thereof shall be admitted to the privileges of the second half. In the case of schools or institutions in Scotland established to provide technical or commercial education, the Committee may recognise classes which, though outside the present range of the University curriculum, can be accepted as doing work of a University level, and may allow them and the students thereof to participate under both heads of expenditure to such an extent as the Committee may from time to time determine.

Any surplus income which may remain after satisfying the preceding requirements is to be at the disposal of the Committee, who may expend it (1) in establishing or assisting to establish courses of lectures in convenient centres by Professors or Lecturers of the Universities or Extra-mural Colleges or Schools, in Science and the subjects before-mentioned; or (2) for the benefit of evening classes of students engaged in industrial or professional occupations during the day; or (3) in any other way the Trustees may think proper towards furthering the usefulness of the Universities in connection

with the purposes expressed in the trust-deed and constitution. The benefits of the Trust are available to students of both sexes.

The Trustees are partly nominated, and there are also *ex officio* and elected members. The following are the nominated members :

The Right Hon. the Earl of Elgin and Kincardine, K.G., P.C., G.C.S.I., G.C.I.E., D.C.L., LL.D., *Chairman*.

The Right Hon. the Earl of Rosebery, K.G., P.C., K.T., D.C.L., LL.D., F.R.S.

The Right Hon. Lord Balfour of Burleigh, P.C., K.T., LL.D.

The Right Hon. Lord Kinnear of Spurness, one of the Senators of the College of Justice.

The Right Hon. Lord Reay of Reay, G.C.I.E., G.C.S.I., D.C.L., LL.D.

The Right Hon. Arthur James Balfour, M.P., D.C.L., LL.D.

The Right Hon. James Bryce, D.C.L., LL.D.

The Right Hon. Lord Morley, D.C.L., LL.D., F.R.S.

Sir Robert Pullar.

Sir Henry Enfield Roscoe, D.C.L., LL.D., F.R.S.

The Right Hon. Richard Burdon Haldane, P.C., K.C., M.P., LL.D.

The Right Hon. Lord Shaw of Dunfermline, P.C., LL.D.

Sir Arthur W. Rücker, D.Sc., LL.D., F.R.S.

The Right Hon. Herbert Henry Asquith, M.P., D.C.L.

The following are the *ex officio* members :

His Majesty's Secretary for Scotland.

The Lord Provost of Edinburgh.

The Lord Provost of Glasgow.

The Provost of Dunfermline.

The elected members are four in number, one chosen by the University Court of each of the four Scottish Universities. They hold office for periods of four years, and are at present Principal Sir James Donaldson (St. Andrews), Professor Stewart (Glasgow), Professor Hay (Aberdeen), and Principal Sir William Turner (Edinburgh).

The administration of the Trust is conducted by an Executive Committee of nine members, one of whom is the Chairman of the Trust. Two of the four Trustees elected by the Universities are members of the Executive Committee for the first two years, the other two for the next two years, and so on.

The Executive Committee for the Academic year 1910-11 is as follows :

The Earl of Elgin and Kincardine, K.G., P.C., *Chairman*.

Lord Balfour of Burleigh, P.C., K.T.

Lord Kinnear of Spurness, K.C., LL.D.

Sir Arthur William Rucker, D.Sc., LL.D., F.R.S.

Lord Shaw of Dunfermline, P.C., LL.D.

The Lord Provost of Edinburgh, or an assessor nominated by him, after consultation and with the consent of the Trustees.

The Lord Provost of Glasgow, or an assessor nominated by him, after consultation and with the consent of the Trustees.

Professor Hay, M.D., Aberdeen.

Principal Sir William Turner, K.C.B., M.D., LL.D., Edinburgh.

The offices of the Trust are at the Merchants' Hall, Hanover Street, Edinburgh. *Secretary*, Dr. W. S. M'Cormick ; *Treasurer*, Dr. John Ross. All applications should be addressed to the Secretary of the Trust.

The following excerpt from a letter written by Dr. Carnegie to the Earl of Elgin, Chairman of the Trust, explains the intention of the founder :—

“London, 7th June, 1901.

“My Dear Lord Elgin,

“As your Lordship is aware, my desire throughout has been that no capable student should be debarred from attending the University on account of the payment of fees. I believe that the conditions of application ensure a sufficient standard of merit, and I hope that the honest pride for which my countrymen are distinguished will prevent claims from those who do not require assistance, and that the invidious task of enquiring into the circumstances of each candidate need not be imposed upon the Trustees. But, to further mark my personal belief and hope in this matter, I have made provision in the Trust Deed that the Trustees may receive funds from others to be administered along with the funds placed by me. I consider this a valuable clause, believing, from my own experience with young men, that some students in after life may value the privilege of repaying advances received from the Trustees,

although these are free gifts. I hope the Trustees will gladly welcome such repayments, if offered, as this will enable such students as prefer to do so to consider the payments made on their account merely as advances which they resolve to repay if ever in a position to do so, and that this will protect and foster the spirit of manly independence so dear to the Scot.

Very truly yours,

ANDREW CARNEGIE."

PAYMENT OF CLASS FEES.

The following are the regulations for beneficiaries of the Trust under its provisions for the payment of Class Fees :

I. AGE.—An applicant must be over sixteen years of age.

II. NATIONALITY.—An applicant must be of Scottish birth or extraction, or must have given two years' attendance after the age of fourteen at a school or institution under inspection of the Scotch Education Department.

∴ The Executive Committee admit the claim of Scottish extraction in the case of an applicant who can give evidence of Scottish birth of one or other of his parents or grandparents.

III. PRELIMINARY EDUCATION.—Applicants qualified under the two previous Regulations will be eligible for payment of Class Fees if they have obtained the Leaving Certificate of the Scotch Education Department, provided that it bears evidence of such preliminary education as is required by the Universities for their respective graduating curricula.

∴ Applicants who have not obtained the aforesaid Leaving Certificate may be considered eligible upon production of evidence of a preliminary education of equivalent standard. But no applicant will be considered eligible who has to pass any further preliminary examination before completing his graduating curriculum.

IV. COURSE OF STUDY.—Applicants must have had their course of study for each academic year approved by the University Adviser of Studies, or, in Faculties where no Adviser of Studies has been appointed, by the Executive Committee of the Trust.

∴ The Executive Committee reserve the right, after consideration of the special circumstances of each case, to make such further conditions as in their opinion will best secure the educational interests of the applicant in question.

V. ORDINARY CLASSES.—An applicant shall not be eligible for payment of fees of classes belonging to a further stage of his curriculum until he has passed the graduation examinations belonging to a previous stage.

∴ *In the Faculty of Medicine the Executive Committee will make exceptional provision for cases where observance of this regulation is practically impossible.*

VI. EXTRA-ORDINARY CLASSES.—An applicant shall not be eligible for payment of fees of other than ordinary qualifying classes until he has passed the ordinary graduation examination in the relative subject.

∴ *Special application forms for fees of advanced and honours classes will be supplied by the Secretary to applicants qualified under this regulation.*

VII. REPORTS ON ATTENDANCE AND WORK.—A beneficiary comes under an obligation to submit to the Executive Committee at the end of each session particulars as to his attendance and work, any distinctions he may have gained, and any graduation examinations he may have passed.

VIII. CLASS CERTIFICATES.—A beneficiary also comes under an obligation to refund the fee of any class in which he has failed to obtain a certificate that he has given regular attendance and duly performed the work of the class during the session.

∴ *No payment will be made of fees of classes in which such certificates are not issued by the teacher.*

NOTE.—Applicants, in writing to the Secretary of the Trust for Application Forms, must name the University and Faculty in which they intend to study, and must state whether they have or have not previously obtained the benefits of the Trust.

POST-GRADUATE STUDY AND RESEARCH.

An important part of the Trust's operations concerns the endowment of Post-Graduate Study and Research, and the Executive Committee have issued certain Regulations defining the purposes for which Scholarships, Fellowships, and Grants in aid of Research are offered, and setting forth the conditions under which they may be held. Nominations for Scholarships and Applications for Fellowships and Grants must be lodged with the Secretary *not later than 1st April in any year.* The final award of the Executive Committee will be announced in

due course ; and all Scholarships, Fellowships, and Grants awarded in any year shall date from 1st October, unless expressly stated otherwise.

A student who intends to graduate at the close of the summer session or opening of the winter session may be nominated for a Scholarship, or may apply for a Research Grant on or before the 1st April preceding ; but he shall not be eligible to receive either until he has graduated.

The following are the regulations :—

I. SCHOLARSHIPS.

(a) *In Science and Medicine.*

The Executive Committee are prepared to consider applications for Carnegie Scholarships in Science and Medicine on the following conditions :

I. A Scholar must be a graduate of a Scottish University who desires to devote himself to higher study and research in some department of science or medicine.

II. A Scholarship shall be of the annual value of £100, payable by quarterly instalments in advance, the second and subsequent instalments being payable on the receipt of a satisfactory report by the Scholar and a certificate from the authority under whose supervision the Scholar has been working. The Executive Committee reserve power to suspend or withhold payment, if not satisfied with the progress or conduct of the Scholar.

A Scholarship shall not be held along with any other scholarship or position of emolument, except with the sanction of the Executive Committee.

In the event of a candidate holding or obtaining any other scholarship or position of emolument, the Executive Committee may, in place of granting or continuing to grant a Carnegie Scholarship, supplement the amount of such scholarship or emolument so as to bring the income up to at least £100, the candidate thereby ranking, and coming under the same regulations, as a Carnegie Scholar.

III. A Scholar shall ordinarily be expected to devote his whole time to the purpose for which the Scholarship is awarded. If he proposes to undertake other work during his tenure of the Scholarship, he must define such work precisely, and obtain the sanction of the Executive Committee.

IV. A Scholarship shall ordinarily be tenable for one year ; but it may be renewed for a second year, if the Executive Committee deem this expedient.

V. A candidate must be nominated by a Professor or Lecturer in a Scottish University, or by a Teacher in Scotland recognised for the purpose of graduation by a Scottish University, under whose supervision, unless other supervision be approved by the Executive Committee, he shall work during his tenure of the Scholarship.

The Nomination Form, to be signed by the nominator and the candidate, must contain information on the following points, all of which will be taken into consideration in estimating the relative claims of candidates :

(1) The age of the candidate, his career as a student, and his knowledge of modern languages.

(2) His special fitness for the work proposed.

(3) His programme of study and research during his tenure of the Scholarship, and where and under whose supervision he proposes to work.

(4) Whether the candidate proposes to undertake other work during his tenure of the Scholarship ; and, if so, the character of the work proposed, and the demand on his time which it will involve.

(5) Whether the candidate holds, or expects to hold, any other scholarship or position of emolument ; and if so, particulars of the amount and duration of such scholarship or emolument.

(6) The names of two or more authorities, other than the nominator, to whom the Executive Committee may refer as to the qualifications of the candidate.

The nominator must, if required, satisfy the Executive Committee that the candidate, if appointed to a Scholarship, will be provided with the facilities and supervision necessary for carrying out his programme of study and research, and that such information will be furnished on his progress and conduct as may seem expedient to the Executive Committee.

VI. By accepting a Scholarship a Scholar comes under an obligation to submit such reports on the progress of his work as the Executive Committee may require.

VII. Nomination Forms may be had from the Secretary to the Carnegie Trust, The Merchants' Hall, Hanover Street, Edinburgh, to whom all communications must be addressed.

(b) In History, Economics, and Modern Languages and Literature.

The Executive Committee are prepared to consider applications for Carnegie Scholarships in History, Economics, and Modern Languages and Literature on the following conditions:

I. A Scholar must be a graduate of a Scottish University, preferably with Honours in at least one of the Groups: History, Economic Science, English, Modern Languages and Literature, who desires at home or abroad to devote himself to higher study and investigation within the scope of these groups of study.

II. A Scholarship shall be of the annual value of £100, payable by quarterly instalments in advance, the second and subsequent instalments being payable on the receipt of a satisfactory report by the Scholar and a certificate from the authority under whose supervision the Scholar has been working. The Executive Committee reserve power to suspend or withhold payment, if not satisfied with the progress or conduct of the Scholar.

A Scholarship shall not be held along with any other scholarship or position of emolument, except with the sanction of the Executive Committee.

In the event of a candidate holding or obtaining any other scholarship or position of emolument, the Executive Committee may, in place of granting or continuing to grant a Carnegie Scholarship, supplement the amount of such scholarship or emolument so as to bring the income up to at least £100, the candidate thereby ranking, and coming under the same regulations, as a Carnegie Scholar.

III. A Scholar shall ordinarily be expected to devote his whole time to the purpose for which the Scholarship is awarded. If he proposes to undertake other work during his tenure of the Scholarship, he must define such work precisely, and obtain the sanction of the Executive Committee.

IV. A Scholarship shall ordinarily be tenable for one year;

but it may be renewed for a second year, if the Executive Committee deem this expedient.

V. A candidate must be nominated by a Professor or Lecturer in a Scottish University, under whose supervision, unless other supervision be approved by the Executive Committee, he shall work during his tenure of the Scholarship.

The Nomination Form, to be signed by the nominator and the candidate, must contain information on the following points, all of which will be taken into consideration in estimating the relative claims of candidates :

(1) The age of the candidate, and his career as a student, including particulars as to his general culture and his knowledge of modern languages.

(2) His special fitness for the work proposed.

(3) His programme of study and investigation during his tenure of the Scholarship, and where and under whose supervision he proposes to work.

(4) Whether the candidate proposes to undertake other work during his tenure of the Scholarship ; and, if so, the character of the work proposed, and the demand on his time which it will involve.

(5) Whether the candidate holds, or expects to hold, any other scholarship or position of emolument ; and if so, particulars of the amount and duration of such scholarship or emolument.

(6) The names of two or more authorities, other than the nominator, to whom the Executive Committee may refer as to the qualifications of the candidate.

The nominator must, if required, satisfy the Executive Committee that the candidate, if appointed to a Scholarship, will be provided with the facilities and supervision necessary for carrying out his programme of study and investigation, and that such information will be furnished on his progress and conduct as may seem expedient to the Executive Committee.

VI. By accepting a Scholarship a Scholar comes under an obligation to submit such reports on the progress of his work as the Executive Committee may require.

VII. Nomination Forms may be had from the Secretary to the Carnegie Trust, The Merchants' Hall, Hanover Street, Edinburgh, to whom all communications must be addressed.

II. FELLOWSHIPS.

(a) In Science and Medicine.

The Executive Committee are prepared to consider applications for Carnegie Fellowships in Science and Medicine on the following conditions :

I. A Fellow must be a graduate of a Scottish University who has given evidence, preferably by work already published, of capability to advance science or medicine by original research, and who desires to devote himself further to this work.

II. A Fellowship shall be of the annual value of £150, exclusive of such special expenses in connection with his research as the Executive Committee may allow. Payment shall be made by half-yearly instalments in advance ; but the Executive Committee reserve power to suspend or withhold payment, if not satisfied with the progress or conduct of the Fellow.

A Fellowship shall not be held along with any other fellowship or position of emolument, except with the sanction of the Executive Committee.

In the event of a candidate holding or obtaining any other fellowship or position of emolument, the Executive Committee may, in place of granting or continuing to grant a Carnegie Fellowship, supplement the amount of such fellowship or emolument so as to bring the income up to at least £150, the candidate thereby ranking, and coming under the same regulations, as a Carnegie Fellow.

III. A Fellow shall ordinarily be expected to devote his whole time to the purpose for which the Fellowship is awarded. If he proposes to undertake other work during his tenure of the Fellowship, he must define such work precisely, and obtain the sanction of the Executive Committee.

IV. A Fellowship shall ordinarily be tenable for two years, the extension to a second year being dependent on the receipt of a satisfactory report by the Fellow on his work during the first year ; but it may be renewed for a third year, if the Executive Committee deem this expedient.

V. A candidate must furnish the Executive Committee with information on the following points, all of which will be taken

into consideration in estimating the relative claims of candidates :—

(1) His age, his career as a student, and his knowledge of modern languages.

(2) His special fitness to conduct the research proposed, and his previous experience, along with any published accounts of work already done.

(3) His programme of research during his tenure of the Fellowship ; where he proposes to work ; and whether he proposes to work independently or in collaboration.

(4) Whether he proposes to undertake other work during his tenure of the Fellowship ; and, if so, the character of the work proposed, and the demand on his time which it will involve.

(5) Whether he holds, or expects to hold, any other fellowship or position of emolument ; and if so, particulars of the amount and duration of such fellowship or emolument.

(6) The names of two or more authorities to whom the Executive Committee may refer as to his qualifications.

(7) An estimate, as detailed as is possible, of special expenses, if any, required in connection with the research he proposes to undertake.

VI. By accepting a Fellowship a Fellow comes under an obligation to submit such reports on the progress of his work as the Executive Committee may require.

The publication, in some form, of an account of the results of his research will be expected in all cases.

VII. Application Forms may be had from the Secretary to the Carnegie Trust, The Merchants' Hall, Hanover Street, Edinburgh, to whom all communications must be addressed.

(b) *In History, Economics, and Modern Languages and Literature.*

The Executive Committee are prepared to consider applications for Carnegie Fellowships in History, Economics, and Modern Languages and Literature on the following conditions :

I. A Fellow must be a graduate of a Scottish University, preferably with Honours in at least one of the Groups : History, Economic Science, English, Modern Languages and Literature, who desires to investigate at first-hand, at home or

abroad, some historical, social, economic, or educational problem or factor of modern civilisation, and who can give evidence by his previous career and general culture, and also preferably by work already published, of capability to advance knowledge by his proposed investigation.

II. A Fellowship shall be of the annual value of £150, exclusive of such special expenses in connection with his investigation as the Executive Committee may allow. Payment shall be made by half-yearly instalments in advance; but the Executive Committee reserve power to suspend or withhold payment, if not satisfied with the progress or conduct of the Fellow.

A Fellowship shall not be held along with any other fellowship or position of emolument, except with the sanction of the Executive Committee.

In the event of a candidate holding or obtaining any other fellowship or position of emolument, the Executive Committee may, in place of granting or continuing to grant a Carnegie Fellowship, supplement the amount of such fellowship or emolument so as to bring the income up to at least £150, the candidate thereby ranking, and coming under the same regulations, as a Carnegie Fellow.

III. A Fellow shall ordinarily be expected to devote his whole time to the purpose for which the Fellowship is awarded. If he proposes to undertake other work during his tenure of the Fellowship, he must define such work precisely, and obtain the sanction of the Executive Committee.

IV. A Fellowship shall ordinarily be tenable for two years, the extension to a second year being dependent on the receipt of a satisfactory report by the Fellow on his work during the first year; but it may be renewed for a third year, if the Executive Committee deem this expedient.

V. A candidate must furnish the Executive Committee with information on the following points, all of which will be taken into consideration in estimating the relative claims of candidates:—

(1) His age, and his career as a student, including particulars as to his general culture and his proficiency in the above-named groups of study.

(2) His special fitness to conduct the investigation proposed, and his previous experience, along with any published accounts of work already done.

(3) His programme of investigation during his tenure of the Fellowship; where he proposes to work; and whether he proposes to work independently or in collaboration.

(4) Whether he proposes to undertake other work during his tenure of the Fellowship; and, if so, the character of the work proposed, and the demand on his time which it will involve.

(5) Whether he holds, or expects to hold, any other fellowship or position of emolument; and if so, particulars of the amount and duration of such fellowship or emolument.

(6) The names of two or more authorities to whom the Executive Committee may refer as to his qualifications.

(7) An estimate, as detailed as is possible, of special expenses, if any, required in connection with the investigation he proposes to undertake.

VI. By accepting a Fellowship a Fellow comes under an obligation to submit such reports on the progress of his work as the Executive Committee may require.

A Fellow will be expected to submit for publication a thesis or memoir upon the results of his investigation.

VII. Application Forms may be had from the Secretary to the Carnegie Trust, The Merchants' Hall, Hanover Street, Edinburgh, to whom all communications must be addressed.

III. GRANTS IN AID OF RESEARCH.

The Executive Committee are prepared to consider applications for Grants in aid of Research on the following conditions:—

I. An applicant for a Research Grant must be a Professor, Lecturer, or Assistant in a Scottish University, a Teacher in Scotland recognised for the purpose of graduation by a Scottish University, or a Scottish University Graduate resident in Scotland.

II. A Research Grant is not intended to take the place of such provision as the University Courts may make out of the Grants for Permanent Equipment under the Scheme of "Grants for five years to the four Universities of Scotland."

III. An applicant must furnish the Executive Committee with information on the following points, all of which will be taken into consideration in estimating the relative claims of applicants:—

(1) His experience in research, with copies of or references to any published papers, or, if he has no papers to offer, with references to two or more authorities who are acquainted with his qualifications.

(2) The nature of the research in which he desires to engage, and the results expected to follow therefrom.

(3) The period over which the proposed research is likely to extend, and the approximate amount of time which he expects to be able to devote to it.

(4) A statement of special requirements for the proposed research, with a detailed estimate of the cost.

(5) Whether he has received, or is receiving, any grant from any other source for the same object; and if so, what results have already ensued from his investigations.

IV. By accepting a Grant an applicant comes under an obligation to send to the Executive Committee, when required, a report containing—(a) a brief statement (not necessarily for publication) showing the results arrived at, or the stage which the inquiry has reached; (b) a statement of the expenditure incurred; and (c) copies of or references to any papers in which results of the research have been printed.

The publication, in some form, of an account of the results of the research will be expected in all cases. In the publication of any work for which financial assistance has been received from the Trust, due acknowledgment of such assistance shall be made, and Scholars and Fellows under this Scheme shall use the title “Carnegie Research Scholar” and “Carnegie Research Fellow” respectively.

V. Instruments of permanent value purchased by means of the grant shall, at the conclusion of the research or at such other time as the Executive Committee may determine, be placed under the care and at the disposal of the institution in which the research has been conducted, provided that the Executive Committee may, if they see fit, request their return.

All apparatus of permanent value provided by the Trust for purposes of research shall be labelled and catalogued as be-

longing to the Trust, and an account of such apparatus shall be sent annually to the Executive Committee.

VI. An application for a Grant to two or more collaborators in the same research must be signed by each; but they shall appoint one of their number who shall be responsible for furnishing the report, for receiving and disbursing the money, and in general for the conduct of the research.

VII. Application Forms may be had from the Secretary to the Carnegie Trust, The Merchants' Hall, Hanover Street, Edinburgh, to whom all communications must be addressed.

The following Graduates of Glasgow University have been appointed to Carnegie Scholarships and Fellowships:—

Scholars:—1903—Thomas B. Morley, B.Sc. (Physical); Alexander Matheson, M.A., B.Sc., M.B., Ch.B. (Pathological); M. Logan Taylor, M.B., Ch.B. (Pathological). 1904—Robert T. Leiper, M.B., Ch.B. (Biological); Janie H. M'Ilroy, M.A., B.Sc., M.B., Ch.B. (Pathological); William G. Rodger, M.B., Ch.B. (Pathological). 1905—Thomas D. Mackenzie, B.Sc. (Chemical); Robert D. Watt, M.A., B.Sc. (Agricultural); Muriel Robertson, M.A. (Biological); Janie H. M'Ilroy, M.A., B.Sc., M.B., Ch.B. (Pathological); Ivy M'Kenzie, M.A., B.Sc., M.B., Ch.B. (Pathological); Constance H. M. Archibald, M.A. (Economical). 1906—Neil M'Arthur, M.A., B.Sc. (Physical); Thomas D. MacKenzie, B.Sc. (Chemical); David Thomson, M.A., B.Sc. (Chemical); Muriel Robertson, M.A. (Biological); Robert D. Watt, M.A., B.Sc. (Agricultural); Ivy M'Kenzie, M.A., B.Sc., M.B., Ch.B. (Pathological); William P. M'Pherson, B.Sc. (Pharmacological); W. Blair M. Martin, M.B., Ch.B. (Pathological); Elizabeth T. Talbert, M.B., Ch.B. (Physiological); George S. Gordon, M.A. (Historical). 1907—James Barr, B.Sc. (Engineering); Andrew M'Millan, M.A., B.Sc. (Chemical); Daisy A. M. Clark, B.Sc., M.B., Ch.B. (Pathological). 1908—James Barr, B.Sc. (Engineering); John Malcolm, B.Sc. (Naval Engineering); Murray Macgregor, M.A., B.Sc. (Geological); Dorothy E. Lindsay, B.Sc. (Physiological); George H. Wilson, M.B., Ch.B. (Pathological); John A. Falconer, M.A. (Historical). 1909—Margaret B. Moir, M.A., B.Sc. (Physical); Robert Boyd, B.Sc. (Chemical); Maggie M. J. Sutherland, B.Sc. (Chemical); Alex. S. Russell, M.A., B.Sc. (Chemical); Dorothy E. Lindsay, B.Sc.

(Physiological); William J. Logie, M.B., Ch.B. (Pathological); James Cunnison, M.A. (Economical); William Kennedy, M.A. (Economical); John A. Falconer, M.A. (Mod. Lang. and Lit.); Margaret M. Gray, M.A. (Mod. Lang. and Lit.).

Fellows:—1904—Dougald B. McQuistan, M.A., B.Sc. (Physical). 1905—Carl H. Browning, M.B., Ch.B. (Pathological); Dougald B. McQuistan, M.A., B.Sc. (Physical); Alfred Walter Stewart, B.Sc. (Chemical). 1906—Alfred Walter Stewart, B.Sc. (Chemical); Carl H. Browning, M.B., Ch.B. (Pathological); Constance H. M. Archibald, M.A. (Economical). 1907—Alfred Walter Stewart, D.Sc. (Chemical); Muriel Robertson, M.A. (Biological); Ivy McKenzie, M.A., B.Sc., M.B., Ch.B. (Pathological); W. B. Martin, M.B., Ch.B. (Pathological); Constance H. M. Archibald, M.A. (Economical). 1908—Muriel Robertson, M.A. (Biological); Ivy McKenzie, M.A., B.Sc., M.B., Ch.B. (Pathological); W. B. M. Martin, M.B., Ch.B. (Pathological). 1909—John Dougall, M.A., D.Sc. (Physical); Muriel Robertson, M.A. (Biological); Ivy MacKenzie, M.A., B.Sc., M.B., Ch.B. (Pathological); W. B. M. Martin, M.B., Ch.B. (Pathological); George H. Wilson, M.B., Ch.B. (Pathological); Constance H. M. Archibald, M.A. (Economical).

The following members of the Teaching Staff and Graduates of Glasgow University resident in Scotland received Grants in aid of Research:—

IN PHYSICS.

John S. Nicholson, B.Sc., 1903-4.
James B. Henderson, D.Sc., 1904-5.
Robert A. Houston, M.A., Ph.D., D.Sc., 1907-8, 1909-10.
Alexander D. Ross, M.A., B.Sc., 1908-9, 1909-10.
Robert Jack, M.A., B.Sc., 1908-9.

IN CHEMISTRY.

W. Carrick Anderson, M.A., D.Sc., 1903-4.
G. G. Henderson, M.A., D.Sc., 1903-4, 1904-5, 1908-9, 1909-10.
Thomas S. Patterson, D.Sc., Ph.D., 1906-7, 1907-8.
Frederick Soddy, M.A., 1906-7, 1908-9.

IN GEOLOGY AND PALAEONTOLOGY.

George W. Tyrrell, A.R.C.S., 1907-8, 1909-10.
David T. Gwynne-Vaughan, M.A., 1907-8, 1908-9.

IN ZOOLOGY.

Edward J. Bles, B.A., B.Sc., 1905-6.
 Professor Graham Kerr, 1906-7, 1909-10.

IN EMBRYOLOGY.

Thomas H. Bryce, M.A., M.D., 1905-6, 1906-7, 1908-9.

IN ANATOMY.

Albert A. Gray, M.D., 1907-8.
 Agnes Picken, M.A., M.B., Ch.B., 1909-10.

IN PHYSIOLOGY.

Walter K. Hunter, M.D., D.Sc., 1903-4.
 Alexander MacLennan, M.B., C.M., 1903-4.
 Edward P. Cathcart, M.D., D.Sc., 1906-7, 1907-8, 1908-9, 1909-10.
 Professor Noël Paton, 1907-8, 1908-9, 1909-10.
 Thomas G. Brown, B.Sc., M.B., Ch.B., 1907-8, 1908-9, 1909-10.
 George H. Clark, M.B., Ch.B., 1907-8, 1908-9, 1909-10.
 Annie Louise M'Iroy, M.D., 1907-8, 1908-9.
 Jane H. M'Iroy, M.A., B.Sc., M.B., Ch.B., 1909-10.

IN PATHOLOGY.

Professor Muir, 1903-4, 1904-5, 1906-7, 1907-8, 1909-10.
 Carl H. Browning, M.D., 1908-9, 1909-10.
 Alexander G. Banks, M.D., 1908-9.
 W. B. Inglis Pollock, M.D., 1904-5, 1905-6, 1906-7.
 James K. Love, M.D., 1903-4, 1904-5, 1905-6, 1906-7.
 Leonard Findlay, M.D., 1909-10.
 Annie Louise M'Iroy, M.D., 1909-10.

IN PHARMACOLOGY.

Professor Stockman, 1904-5, 1909-10.

IN ENGINEERING.

James Barr, B.Sc., 1909-10.
 Thomas B. Morley, B.Sc., 1909-10.

IN HISTORY AND LITERATURE.

Rev. P. H. Aitken, B.D., B.Sc., D.Litt., 1907-8, 1908-9.
 George Macdonald, M.A., LL.D., 1907-8.
 Rev. George Henderson, M.A., B.Litt., Ph.D., 1907-8, 1908-9.
 Rev. William Stevenson, M.A., 1908-9.
 Robert Jackson, M.A., 1909-10.

VIII.—LIBRARIES, MUSEUM, BOTANIC GARDEN.

UNIVERSITY LIBRARY.

The University Library was founded in the fifteenth century. It contains an extensive and valuable collection of books. The Librarian is appointed by the University Court. The Library is under the immediate superintendence of a Committee consisting of three members of the University or others, not being members of Senate, appointed by the University Court, and of six members of Senate appointed by the Senate. All reports by this Committee are, in the first instance, received by the Senate, and the Senate has power, subject to the review of the University Court, to confirm, modify, or reject the recommendations in such reports.

The Library is always increasing by donations and by a grant of £707 per annum, formerly paid by the Treasury, as compensation for the loss of the Stationers' Hall privilege, and now received from the University Court. It receives also a grant of £100 annually for scientific periodicals from the Bellahouston Trustees. The Carnegie Trust has allocated to the library a grant of £1000 for each of the five years from 1st October, 1908.

During recent years the Library has acquired several valuable collections. Amongst these the most important are the following:—

The Collection bequeathed to the University by the late W. EUING, Esq., amounting to about 15,000 volumes. It contains many books printed in the fifteenth and sixteenth centuries, illustrated books, English literature, Classics, above 2,000 Bibles, and a very large number of Psalm and Hymn books.

The library of the late SIR WILLIAM HAMILTON, Professor of Logic in the University of Edinburgh, amounting to about 8,000 volumes. This collection, which consists principally of Classics, editions of Aristotle, and treatises on Logic and Metaphysics, was purchased by private subscription and presented to the University. A list of the subscribers was inserted in the *Calendar* for 1879-80.

The WALKER-ARNOTT Botanical library of 970 volumes.

The Musical library of the late THOMAS L. STILLIE, Esq., numbering 760 volumes. It contains the works of the chief

composers, many of them in score, and an extensive series of modern operatic compositions, continental and English.

The collection of books on Palestine, which belonged to the late DR. A. B. M'GRIGOR, consisting of 655 volumes of works, illustrating the natural and civil history, topography, and antiquities of Jerusalem and the Holy Land. This collection was presented along with 83 volumes, containing about 1,000 pamphlets, by Alexander M'Grigor, Esq.

The library of the REV. A. K. MACCALLUM, LL.D., containing over 3,000 volumes, bequeathed to the University—along with an annual sum of £10 to be spent on its increase—as the nucleus of a Celtic library.

A collection of works, numbering over 600 volumes, relating to Mediaeval Philosophy, which formed part of the library of the late PROFESSOR VEITCH—presented by Mrs. Veitch.

A selection, consisting mainly of theological works and amounting to about 3,800 volumes, from the library of the late REV. ALEXANDER ROBERTSON, who also left the residue of his means to found a lectureship in the University in defence of the Christian religion; 800 volumes of general literature from the library of the late F. A. ECK, Esq.; over 1,000 volumes—selected from the library of the late JAMES HOTSON, merchant—presented by DR. THOMAS REID; 700 volumes, including extensive histories of the Netherlands, books on universities and schools, and many theological works, presented by Professor J. E. B. MAYOR, D.D.; a complete copy of Migne's *Patrologia* in 388 volumes, presented along with an oak book-case by the subscribers as a memorial of the late Dr. W. P. DICKSON, Curator of the Library; about 500 volumes from the library of the late Professor HASTIE, D.D.; and 771 Volumes (including 84 Volumes containing 1556 Pamphlets) published at the University Press—presented by Mr. JAMES MACLEHOSE, M.A., F.S.A.

The custody and management of the Library are regulated by Ordinance No. 64, and by the rules framed under that Ordinance and approved by the University Court on 14th November, 1895. The following are the principal regulations relative to the use of the Library:—

Books shall not be given out except to the borrower in person, or to some one having written authority from him.

It shall be in the power of the Librarian at any time to withdraw any work from circulation, subject to appeal to the Library Committee;

and to call in any book from any borrower after the lapse of the period for which such borrower is entitled to retain it, upon receiving a written request to do so from any person entitled to the use of the Library. In the notice of recall a period of not less than three clear days shall be allowed for making the return, and the penalties leviable for neglect shall be specified in the notice.

The following classes of work, viz.:—Manuscripts, rare books or books in any way difficult to be replaced, works of reference, separate maps or plates, unbound music or parts of works, pamphlets or books not sufficiently protected by the binding, shall not be given out except on an order of, and under conditions to be fixed by, either (a) the Senate, (b) the Library Committee, or (c) three Members of the Library Committee, according as, in the discretion of the Librarian, the special circumstances of each case may require.

Each member of the following classes of readers shall be allowed to borrow, and to have in his, or her, possession at one time the under-mentioned number of volumes, but not more :—

Each Member of the *Senatus Academicus*, thirty volumes.

Each University Lecturer, twenty volumes.

Each Assistant and Examiner, and each holder of a Teaching Fellowship, fifteen volumes.

The Librarian, ten volumes; and each Assistant-Librarian, five volumes.

Each Extra-Academical Teacher, recognized by the University Court, in the town in which the University is situated, ten volumes.

Each retired Principal or Professor, ten volumes.

Each Member of the University Court, during his tenure of office, ten volumes.

Each Member of the General Council of any Scottish University (and each Graduate under the age of twenty-one years) in each year in which he, or she, shall have paid a subscription to the Library of ten shillings and sixpence, six volumes.

Provided that no Member of the University Court or of the General Council shall be entitled to obtain from the University Library books required by the teachers or students of the University in the prosecution of academic work and research, and that it shall be in the discretion of the Librarian, subject to appeal to the Library Committee, to decide from time to time what books are so required.

Any Member of the General Council of any Scottish University shall be allowed to compound for the Library subscription by a single payment of Five Guineas, which shall secure to him, or her, for life the same privileges as would accrue from the annual payments.

It shall be in the power of the Library Committee from time to time to grant the use of the Library to persons who may not be Members of the University, for purposes of literary research, and the names of those privileged readers shall be reported annually to the University Court. All grants under this section shall terminate with the close of the reading year, but shall be renewable if again applied for. Each special

reader shall pay an annual subscription of ten shillings and sixpence, and shall be entitled to borrow six volumes at one time, but not more.

Subject always to the provision as to the return of books for the annual inspection, all persons entitled to the use of the Library under the foregoing regulations shall have the right to retain each book borrowed during the winter session for one month, and each book borrowed during the summer session for two months, from the date of borrowing; and may further retain each book until it shall have been recalled by the Librarian.

Every Matriculated student, or other Student admitted by ordinance to the use of the Library, shall be entitled to have in his, or her, possession at one time, during the winter session, four volumes but not more, and during the summer session and vacation, six volumes but not more. Every student shall have the right—subject to the return of books for the inspection—to retain any book during the winter session for two weeks, and during the summer session for four weeks, from the date of borrowing, and may further retain each book until it shall have been recalled by the Librarian. But no student shall be permitted to borrow any book from the Library until he, or she, shall have lodged with the Librarian a deposit of £1 in security for the due return of the books and the payment of any fines which may be incurred.

During the winter session such students only as are attending the English Literature classes shall be allowed to borrow works of fiction in English, and then only to the extent of two volumes at one time. During the summer session and vacation students may borrow three volumes of fiction at one time, but not more.

The reading term for Students, Members of General Council, and Special Readers, shall begin with the commencement of the winter session in each year, and terminate with the close of the autumn vacation following.

Readers shall not be allowed to borrow books in more than one capacity.

A general inspection of the Library shall take place in April, beginning with the seventh, and continuing for eight lawful days thereafter.

All works whatever, and by whomsoever borrowed, shall be returned to the Library before the beginning of the period of the annual inspection under the penalties hereinafter mentioned. The Library shall be wholly closed during the time of the inspection.

If any person shall retain any volume after the commencement of the period of the annual inspection, such person shall incur a fine of one shilling for each volume; and in the event of any volume not being returned before the close of one week after the last day of the inspection, the fine shall be repeated from week to week until the volume is returned, or until the total amount of the fine shall have reached the sum of ten shillings.

If any person, when required by the Librarian to return a book, shall fail to do so before the expiry of the time specified in the notice, such person shall incur a fine of one shilling for each volume, and thereafter a further penalty of sixpence per day so long as the volume is not returned, or until the total amount of the fine shall have reached the sum of ten shillings.

The Librarian is instructed forthwith to report to the Library Committee all cases in which he shall find that books have been mutilated, disfigured by writing on the margin, or otherwise injured, while in the possession of readers; and persons guilty of such offences shall be liable to replace the injured books, and shall be fined or suspended from the privileges of the Library at the discretion of the Committee.

So long as any Library subscription or any fine incurred remains unpaid, and so long as any person continues in possession of a book which he is not entitled to retain, the right of the defaulter to the use of the Library shall be suspended and remain in abeyance.

All readers borrowing books from the Library must obtain them from, and return them to, the Assistant-Librarians in the ante-room on the days and during the hours when the Library is open.

Persons other than students who wish to consult books in the Library will be accommodated in the First Bay of the Lower Hall.

Visitors on giving their names will be conducted over the Library by an attendant.

The Library is open for the borrowing and return of books on Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays from 10 till 5 o'clock, except during the months of July and August when it is open from 10 till 2. On Saturdays it is open from 10 till 1, except in the months of July and August when it is wholly closed. The Library is closed during the time of the Annual Inspection in April. During the Christmas holidays it is open from 10 till 3 o'clock, except on Christmas and New Year's Days and on Saturdays.

Additional Regulations approved by the University Court, viz. Nos. 1, 2, 3, 4 on 1st October, 1903, and No. 5 on 2nd November, 1905:—

1. The members of the Court, the Library Committee and the Teaching Staff and all readers (other than matriculated students) entitled to borrow books without payment of subscription, shall have the privilege of free access to the open shelves and to the recent numbers of current periodicals, during the hours when the Library is open.

2. Similar free access shall also be given to matriculated Research Students and to such Carnegie Scholars and Fellows as become members of the University, provided in all cases that they shall have first become readers in the Library and made the usual deposit.

3. The same privileges may be granted to a limited number of matriculated Students who shall be specially recommended to the Library Committee as likely to make a good use of them, on the following conditions:

- (a) The recommendation shall be in writing. It must be signed by a University Professor or Lecturer and bear that it is based on personal knowledge. All recommendations shall cease to be valid at the end of the Autumn Vacation.
- (b) No recommended Student shall be admitted to free access unless he is a member of the Library, and has made the usual deposit.

4. Members of the Library Committee and readers under the second of these Additional Regulations shall be allowed to borrow ten volumes at one time, but not more.

5. The privilege of free access to the interior of the Library may be granted by the Library Committee to a limited number of members of the General Council, who are readers in the Library, provided they have satisfied the Convener that they are engaged in such special study as would make the use of the privilege an important advantage to them. The grant in this case shall not expire with the close of the autumn vacation.

The following regulations made by the Library Committee in regard to borrowing books from the Simson and the Hamilton collection, were reported to the Senate on 1st December, 1904 :—

Subject to the general restrictions upon, and regulations regarding, the borrowing of books from time to time in force—

(1) No book shall be lent out of the Simson Collection without an express order, in writing, of the Library Committee.

(2) Any Professor, Lecturer, or University Assistant in the Department of Mental Philosophy in the University shall be entitled to borrow from the Hamilton Collection, on presenting a requisition in writing to the Librarian for the book or books wanted.

CATALOGUES.

The General Alphabetical Catalogue may be consulted in the Catalogue Room by Readers, on application to the Librarian.

Students and Graduates who are engaged in special research may, on similar application, have access to the Classified Catalogues. These catalogues were arranged by the late Professor Dickson, who held the office of Curator of the Library, and the expenses incurred by him in connection with their preparation were defrayed by the late Dr. A. B. McGrigor.

READING-ROOM.

In connection with the Library, a Reading-Room, provided with a special collection of books of reference for the use of Matriculated Students, is open for readers, holidays excepted, during the winter session from 9 A.M. till 4.15 P.M. (Saturdays 9—12), and during the summer session from 9 A.M. till 2 P.M. (Saturdays 9—12).

The Room is primarily intended for readers consulting the books of the Special Collection ; but, so far as the accommodation will allow, students may make use of it for individual private study. The following are the principal rules applicable to the Room :—

Every Matriculated Student who shall at the beginning of the session or thereafter record (in a book kept by the Librarian) his desire to use the Reading-Room in accordance with the rules for consulting of books or private study, will receive a voucher entitling him to admission. No student will be admitted to the use of the Room without possessing a voucher.

All readers are required to abstain from talking, whispering, or any other form of distracting or disturbing others, and to enter and leave the Room (and Vestibule) with as little noise as possible. Readers shall exhibit their vouchers when asked ; and shall at once give their names and matriculation numbers, if they shall be requested to do so.

Each student, desirous of borrowing books from the Special Collection in the Vestibule, is required to fill up one of the receipt papers with his name, matriculation number, and the title of the book or books wanted, and to present it to the Assistant-Librarian in charge. Students are not permitted to have the use of more than two volumes at one time. The books received are to be used only in the Reading-Room, and are to be returned by the receiver himself into the hands of the Assistant-Librarian. The return of books by those who have to leave the room at the end of any hour is to be made not later than five minutes before that time, and during that interval no books will be given out.

Books of reference not included in the Special Collection, but contained in the General Library, may be obtained for consultation in the Reading-Room on presenting a paper with the name and matriculation number of the reader making the request, and the title of the book wanted, to one of the Assistant-Librarians in the Library.

The Assistant-Librarian in charge, Mr. William G. Macdonald, is instructed to report at once to the Library Committee the name of any student transgressing the rules.

Donations to the University Library.

List of Donations from 1st March, 1909, to 28th February, 1910.

Lady Kelvin. 20 volumes and 551 pamphlets in scientific literature ; 992 parts and 20 volumes of scientific Periodicals.

Mrs. John Lindsay Steven. Thomæ Sydenham Opera medica, 2 tomi ; and 16 other volumes of medical works.

Mr. Adolphus A. Jack, M.A. 54 volumes of editions of the Latin and Greek classical writers from the library of the late Professor John Nichol ; interleaved, with MS. notes by Professor Nichol. Roberts, University extension.

- Mr. James MacLehose, M.A.—32 volumes and 1 pamphlet for the University Press Collection.—Olschki, *Collection des livres à figures des XV^e. et XVI^e. siècles.*—Alexander, *A short history of philosophy.*—Dupont, *Le Mont Saint-Michel et les pays étrangers.*—Griffin, *Writings on American history, 1907.*—*Annual of the British School at Athens.* XIV.
- Mr. David Murray, LL.D.—*Paulus de Castro, Super prima et secunda Infortiati, 1502.*—*Repertorium Antonii de Butrio super jus civile, scriptum 1427; and 14 other volumes.*
- The Principal.—10 volumes, 22 pamphlets, and the current parts of 10 Periodicals.
- Professor Bower, F.R.S.—1 pamphlet, 21 parts, and 3 volumes of Periodicals.
- Emeritus-Professor Cleland, M.D.—8 volumes of medical works.
- Rev. Professor Cooper, D.D.—4 volumes and 16 pamphlets; 1 part and 1 volume of Periodicals.
- Professor Ferguson, LL.D.—*Der Universität Leipzig zur Feier ihres fünfhundert-jährigen Bestehens im Jahre 1909. Festschrift.* 4 Bände.
- Professor Gibson, LL.D.—*The methods of mathematics.*
- Professor Gregory, F.R.S.—*The Canada Year Book, 1907.*
- Emeritus-Professor Jack, LL.D.—*Roberti Boyle Opera varia; and 4 other volumes of mathematical works.* *Proceedings of the London Mathematical Society for 1909-10.*
- Professor Kerr, F.R.S.—*'Nature' for 1909-10.*
- Emeritus-Professor M'Kendrick, F.R.S.—*Scalpeti armamentarium chirurgicum.*—Rowntree and Sherwell, *The taxation of the liquor trade; abridged. The gramophone as a phonautograph; and 28 pamphlets.*
- Emeritus-Professor Ramsay, LL.D.—*Annals of Tacitus, XI-XVI. An English translation by George Gilbert Ramsay.*
- Dr. C. H. Desch.—Harrison, *The philosophy of common-sense; Harrison, The creed of a layman.*—Comte, *A discourse on the positive spirit, translated by Beesley-Laflitte; Comte, The positive science of morals, translated by Hall.*
- Dr. J. Walker Downie.—*Clinical manual of diseases of the throat. Second edition.*
- Rev. George Henderson, Ph.D.—*The Norse influence on Celtic Scotland.*
- Captain H. G. Lyons, F.R.S.—*A catalogue of the Egyptian antiquities in the possession of F. G. Hilton Price.*—Ward, *Greek coins and their parent cities.*—Maspero, *Notice biographique sur Auguste Mariette (1871-1881).*—Sanitary, Maritime and Quarantine Council of Egypt. *Scientific reports by members of the Medical Staff.*—*Congrès international d'archéologie classique, 2^{me} session.*—Ahmed Bey Kannā, *Kitāb al-Durr-al-Matenuz.*—5 parts and 2 volumes of the publications of the Department of Antiquities of Egypt, numerous parts of the publications of the Survey and Statistical Departments of Egypt, and 3 pamphlets.
- Mr. Charles Martin, M.A.—*Inauguration du médaillon destiné à perpétuer le souvenir d'Alexandre Beljame.*
- Dr. T. K. Monro.—*A case of ship beri-beri.*
- Mr. Daniel Rankin, B.A.—Tytler, *The history of Scotland, 2 vols. 1892.*
- Mr. Frederick Soddy, M.A., F.R.S.—*The interpretation of radium.*
- Mr. J. R. M'Lagan Wedderburn, W.S., Edinburgh.—*The MacLagan Collection of Gaelic MSS., embracing specimens of Gaelic poetry mostly of the eighteenth century.*
- Mr. James W. Allan, M.B., Glasgow.—*A short note on "verruca peruana."—Some notes on "puna" or "soroche."*
- Professor H. B. Allen, M.D., Melbourne, Australia.—*Syphilis.*
- Baroness Amherst of Hackney.—Pinches, *The Amherst Tablets. Part I.*
- M. Auguste Angellier.—*Dans la lumière antique; les épisodes, seconde partie.*
- Anonymous.—*Colquhoun, 1912? Germany and sea power.*
- The Baird Trust.—Muir, *Modern substitutes for Christianity.* 2 copies.
- Mr. Henry J. Barker, London.—*King Edward the Martyr, and other poems.*
- M. Lazare Belléli, London.—*Interprétations erronées et faux monuments.*
- Capitano G. Borredon, Naples.—*L'Equilibrio ed il moto perpetuo della terra girante intorno al sole.*
- Dr. John Brownlee, Ruchill Hospital. *Mémoires et plaidoyers de M. Linguet.*
- Rev. John Brownlie, D.D., Portpatrick.—*Hymns of the Apostolic Church.* 11 tomes.

- Rev. W. S. Bruce, D.D., Banff.—The ethics of the Old Testament. Second edition.
- Mr. E. A. Wallis Budge, British Museum, London. Houblon, The Houblon Family: its story and times. 2 vols.
- Mr. Jno. Bunte, Portsmouth, Virginia.—Gyroscopic theory of the mechanical part of nature.
- Professor Carslaw, Sydney, Australia.—Plane trigonometry.
- Herr B. Cassirer, Berlin.—Arnoldt, Gesammelte Schriften, V., VI.; Arnoldt, Nachlass III.
- Mr. E. J. Chincock, LL.D., London.—A few notes on Julian, and a translation of his Public Letters.
- Rev. Andrew Clark, LL.D., Chelmsford.—Tables of succession in the Warner and Snell Exhibitions at Balliol College, Oxford. [In MS.]
- Dr. J. Clark, Cairo.—Théorie générale des abaques d'alignement de tout ordre.
- Mr. R. T. Clark, Perth.—The Characters of Theophrastus. Translated.

Publications of the following Societies, Institutions and Municipalities have been received: Académie des Sciences, Paris; Académie des Sciences de St. Pétersbourg; Académie hongroise des Sciences; Académie royale de Belgique; Adyar Library; Agricultural Research Association; Akademie der Wissenschaften zu Wien; Allegheny Observatory; Alliance of Reformed Churches; American Academy of Arts and Sciences; American Osteopathic Association; American Philosophical Society; Ann Arbor Art Association; Art Commission of the City of New York; Asiatic Society of Bengal; Associazione elettrotecnica italiana; Australasian Association for the Advancement of Science; Australasian Medical Congress; Baillie's Institution, Glasgow; Batavia, Magnetisch en Meteorologisch Observatorium; Berwickshire Naturalist's Club; Bibliothèque National de France, Paris; Bibliothèque Royale de Belgique; Birmingham Natural History and Philosophical Society; Bombay Observatory; Boston Public Library; Botanical Society of Edinburgh; Brazil, Serviço Geológico e Mineralógico; British Museum; Brooklyn Institute of Arts and Sciences; Cambridge Philosophical Society; Canadian Institute; Canadian Society of Civil Engineers; Cape Observatory; Carnegie Foundation for the Advancement of Teaching; Carnegie Institution; Ceylon, Royal Botanic Gardens; Chemical Society of London; Church of Scotland, General Committee; Clydesdale Horse Society; Colombo Museum, Ceylon; Columbia Institute for the Deaf and Dumb, Washington, U.S.A.; Commission internationale pour la publication de la Carte géologique de l'Europe; Congrès international des Orientalistes; Connecticut Historical Society; Co-operative Wholesale Society; Congress Library, U.S.A.; Copenhagen, Det Kongelige Danske Videnskabernes Selskab; County Borough of St. Helens; County Councils of Dumarton, Fife, Lanark, Renfrew, Ross and Cromarty, and Stirling; Craevie, Académie des Sciences; Edinburgh Mathematical Society; Engineering Standards Committee; Faculty of Procurators, Glasgow; Fairmount Park Art Association; Finske Vetenskaps Selskabet; First Church of Christ, Scientist, Glasgow; Glasgow Archaeological Society; Glasgow Corporation; Glasgow, Medico-Chirurgical Society; Glasgow, Philosophical Society; Glasgow School Board; Govan Cottage Nurses Training Home; Homes for Inebriates Association; Hornsey Public Libraries; Institute of Accountants and Actuaries; Institute of Marine Engineers; Institute of Metals; Institute of Civil Engineers; Institution of Naval Architects; Institution of Mechanical Engineers; James Murray Royal Asylum, Perth; John Cramer Library; John Rylands Library; Johns Hopkins Hospital; Junior Institution of Engineers; Koninklijke Akademie van Wetenschappen te Amsterdam; Leeds Public Library; Livingstonia Mission; Lloyd's Register of British Shipping; London Corporation; London County Council; Malay States Institute for Medical Research; Manchester Education Committee; Manchester Libraries Committee; Manchester Literary and Philosophical Society; Manchester Steam Users' Association; Massachusetts General Hospital; Michigan Association for the Prevention of Tuberculosis; Mining Institute of Scotland; Mocatta Library, University

College, London; Montrose Public Library; Musical Association, London; Napoli, Accademia delle Scienze; National Electric Light Association; National Liberal Club; Newberry Library; New York Public Library; North-East Coast Institution of Engineers and Shipbuilders; North London University College Hospital; North Sea Fisheries Investigation Committee; Padova, Museo Civico; Pathological Society of London; Peace Society, London; Physical Society of London; Public Library, Museum and Art Gallery, South Australia; Reale Accademia dei Lincei, Rome; Reale Accademia Virgiliana, Mantova; Reale Istituto Lombardo; Reform Club; Rensselaer Polytechnic Institute, Troy, N.Y.; Rhodesia, Chamber of Mines; Royal Academy of Medicine in Ireland; Royal Astronomical Society; Royal Dublin Society; Royal Geographical Society of London; Royal Institute of British Architects; Royal Institute of Public Health; Royal Institution of Great Britain; Royal Irish Academy; Royal Observatory, Greenwich; Royal Physical Society of Edinburgh; Royal Society of Canada; Royal Society of Edinburgh; Royal Society of London; Royal Society of New South Wales; Royal Society of Victoria; Rymour Club, Edinburgh; St. Bartholomew's Hospital; St. Louis Public Library; Smithsonian Institution; Societa scientifica "Antonio Alzate"; Société des Bollandistes, Bruxelles; Société des Sciences de Bucarest; Société des Naturalistes de Moscow; Société française de Physique; Société hollandaise des Sciences; Society of Antiquaries of Scotland; Society of Chemical Industry; South Wales Institute of Engineers; Stirling's and Glasgow Public Library; Vancouver, Board of Trade; Wales, National Museum; Washington, Philosophical Society; Wellcome Research Laboratories; West Kent Medico-Chirurgical Society; West of Scotland Iron and Steel Institute; West of Scotland Marine Biological Association.

From the Proprietors of the following Periodicals the current numbers of their respective publications: The Academic Gazette, The Agricultural Economist and Horticultural Review, The American Journal of Mathematics, The Analyst, The Anti Slavery Reporter, The Australasian Medical Gazette, The Auto-Motor Journal, Bollettino delle Pubblicazioni italiane, The British Food Journal, The British Journal of Inebriety, The British Medical Journal, The British Messenger, The Caledonian Medical Journal, The Canadian Gazette, The Canadian Scotsman, The Colliery Guardian, Co-partnership, The Electron, Ferro-Concrete, The General Practitioner, India, The Herald of the Cross, The Herald of the Golden Age, The Liberty Review, Linotype Notes and Printing Machinery Record, The Medical Press, The Medical Officer, The Medical Temperance Review, The Mineralogical Magazine, The Model Engineer and Electrician, The New Church Magazine, The Optician, Pathologica, The Positivist Review, The Post Graduate, The Presbyterian Churchman, Progress, Riscossa Latina, Revue de Médecine Tchèque, The Shipping World, The State Correspondent.

DIVINITY HALL LIBRARY.

This Library is set apart for the special use of students in Divinity. It contains an extensive collection of Theological works. It is supported chiefly by an annual grant from the University Court of Seven Shillings for each student attending the Divinity classes.

The Librarian is elected annually by the students attending the Hall.

HUNTERIAN MUSEUM.

This Museum was founded by the eminent William Hunter, M.D., who was born in 1718, at Cantieswell or at Long Calder-

wood, in the Parish of East Kilbride, Lanarkshire. (See *William Hunter: Physician, Anatomist, Founder of the Hunterian Museum*, by Professor John Young, M.D.) By his will, dated 1783, he bequeathed to the Principal and Professors of the College, and their successors in office, his valuable collection of books, manuscripts, coins, paintings, anatomical preparations, zoological and mineral specimens, and archaeological relics, and also a sum of £8,000, the greater part of which was spent on the erection of a building for their reception and preservation.

This building, erected in 1804, became the property of the Union Railway Company, as explained at page 34. But accommodation has been provided for the collections in the new buildings at Gilmorehill. The Museum occupies the north side of the eastern quadrangle, and consists mainly of two halls, the upper of which is galleried. With Dr. Hunter's collections there are incorporated the University collection of Roman inscriptions from the Antonine Vallum, and many important donations that have from time to time been received from friends of the University. Conspicuous among such additions are the Eck collection of minerals and precious stones, the minerals and antiquities presented by Miss Brown of Lanfine, and the contents of the Zoological and Ethnological Museum formerly attached to the Andersonian University.

The Museum contains:—(1) Medical Preparations, (2) Zoological Specimens, (3) Mineral Specimens, (4) Books, Manuscripts, Coins, Paintings, and Archaeological Objects.

The following catalogues of portions of the collections have been published:

1. *Stevenson Catalogue of Greek Coins*. 3 vols. By Geo. Macdonald, M.A. With 102 plates. Price £9 9s.
2. *Tituli Hunteriani: Catalogue of Roman Stones*. By James Macdonald, LL.D. Price 10s. 6d.
3. *Bellahouston Catalogue of Anatomical and Pathological Preparations*. By J. H. Teacher, M.B., C.M. 2 vols. 8vo. Price to students, 2s.
4. *Young Memorial Catalogue of the Manuscripts*. By John Young, M.D., and P. H. Aitken, D.Litt.

The late James Stevenson, Esq., of Hailie, defrayed the cost of the Catalogue of Greek Coins, and the Bellahouston Trustees

that of the Anatomical Catalogue. The Catalogue of the Printed Books is completed in Manuscript.

The whole Museum is under the immediate superintendence of the Museums Committee, consisting of two members of the University or others, not being members of Senate, appointed by the University Court, and of four members of Senate, appointed by the Senate. All reports by this Committee are, in the first instance, received by the Senate, and the Senate has power, subject to the review of the University Court, to confirm, modify, or reject the recommendations in such reports.

The Museum is open to the public, free of charge, every week-day from 10 A.M. to 4 P.M. in winter, 10 A.M. to 5 P.M. in summer.

Donations to University Collections.

The following donors have contributed to the collections during the past year :—

Mr. A. Patience.—Collection of local Malacostraca for the "Local Fauna" collection.

Mr. W. F. Lanchester.—Fine Specimen of *Peritellum cynomorium*.

Dr. Barr.—Collection of Bird Skins from Eastern Asia.

Dr. A. Brauer.—Eggs and Embryos of *Hoplocophis*.

Dr. W. E. Agar.—*Microgaster Chacoensis*.

Mr. E. E. Austin.—Collection of Blood-sucking Diptera.

Mr. M. McNeill.—Lesser Grebe.

Capt. A. N. E. Browne.—Collection of Shells.

Principal Sir Donald MacAlister, K.C.B.—Victoria Commemorative Medal; Portrait of the Principal, by William Strang, A.R.A., LL.D.

Professor Ferguson.—Two Medals commemorating the Five Hundredth Anniversary of the foundation of Leipzig University.

Mr. Byron Andrews, Washington, D.C.—Four stone implements and fragment of pottery from shell heaps, Lake Worth, Florida, U.S.A.

BOTANIC GARDEN.

A piece of ground adjoining the old College was for many years set apart as a Botanic Garden, for the use of the Lecturer on Botany; but the great increase of manufactories and other buildings in its vicinity having rendered it unfit for such a purpose, the University, in 1817, agreed to subscribe £2000 towards the formation of a new Botanic Garden then projected by the citizens of Glasgow, on condition that a Lecture-Room should be erected within it for the exclusive use of the Professor of Botany and his pupils—that every facility should be

given them in prosecuting the study of Botany—and that three Directors of the Institution should be annually appointed by the Faculty of the College, to represent and protect the interests of the University. The Garden to which this agreement referred was completed and opened to the public in 1819. A Lecture-Room, in which the Professor of Botany delivered an annual course of Lectures during the summer months, was built; and the collection of plants, from the zeal and ability of the Superintendent, and the favourable situation of Glasgow, had become one of the richest and most valuable in the island. The extension of the town again compelled the removal of the Garden to its present site in Hillhead, at a greater distance from the old College, so that the Professor, while he continued to give in it the practical portions of the course (*Demonstrations*), found it more convenient to deliver his Lectures at the University. The removal of the University to Gilmorehill brought it nearer the Botanic Garden, but the Lecture-Room in the Garden being inadequate for the students attending the course of Elementary Lectures on Botany, and there being no Laboratory, Museum, or Herbarium-Room in the Garden, the Professor has continued to deliver his Lectures and to have his Laboratory at the University. Suitable buildings for the Botanical department have now been erected within the University grounds, and include Lecture Room, Museum, Herbarium, Laboratories, and other rooms.

MARINE BIOLOGICAL ASSOCIATION OF THE WEST OF SCOTLAND.

The station of the Association is situated near Keppel Pier, in the island of Cumbrae, and was opened in May, 1897. A constitution was adopted at a meeting of the Association held on 15th January, 1901. The chief object which the promoters have in view is to afford opportunities for the investigation of the Marine Fauna and Flora of the district known as the Clyde Sea Area, or of other parts of the West Coast of Scotland. A practical laboratory has been provided and equipped, and one of the tables in it, for which the University Court subscribes, is called the University

Table. The nomination of students to the privilege of working at this table is made by the Senate on the report of the Professors of Zoology and Botany. Applications should be addressed to the Clerk of Senate.

In 1898 the Committee of Management, in consideration of a donation of £500 to the building fund by Thomas Reid, M.D., LL.D., Waltonian Lecturer and Lecturer on the Eye in the University from 1871 till 1900, reserved a table, free of charge, for his use or for the use of any person to whom he might allow the same, and called it the Reid Table. Dr. Reid has intimated his desire that this table should be used by senior students of the University. Applications for the use of the Reid Table should also be addressed to the Clerk of Senate.

IX.—GRADUATION IN THE SEVERAL FACULTIES.

EXAMINERS.

Preliminary Examinations in Arts, Science, and Medicine.

The University Court of each University annually appoints as Examiners such number of Professors or Lecturers in the Faculty of Arts in that University, and such additional Examiners as may be deemed necessary. The Preliminary Examinations in Arts, Science, and Medicine are conducted by these Examiners, under the control and supervision of a Joint-Board appointed in January of each year by the several University Courts from among the Examiners, according to a scheme of rotation prescribed in Ordinance No. 13, Section IV., as supplemented by Ordinance No. 43, Section I.

The Joint-Board holds office from the first day of February to the thirty-first day of January in the succeeding year, and sits at each University in rotation in the following order:—Edinburgh (1909-10), Glasgow (1910-11), Aberdeen (1911-12), St. Andrews (1912-13). It consists of eight Professors or Lecturers and eight additional Examiners, two Professors or Lecturers and two additional Examiners being appointed by the University Court of each University, according to the scheme printed on p. 219. In the case of a candidate at a Preliminary Examination who is permitted to offer himself for examination in any language not included in the Preliminary Examination, each University makes special arrangements for the examination of its own candidates.

[illegible]

Degrees in Arts.

The Examiners for Degrees in Arts are the Professors whose subjects qualify for Graduation in Arts, together with such Lecturers in the University and such additional Examiners appointed by the University Court as the University Court may deem necessary.

Degrees in Science.

The Examiners for Degrees in Science are the Professors whose subjects qualify for Graduation in Science, together with such Lecturers in the University and such additional Examiners appointed by the University Court as the University Court may deem necessary.

Degrees in Medicine.

The Examiners for Graduation in Medicine are the Professors whose subjects qualify for Graduation in Medicine, together with such Lecturers in the University and such additional Examiners appointed by the University Court as the University Court may deem necessary, such provision being made as will ensure that every candidate shall be examined in each subject by at least two Examiners, one of whom shall not be a Professor or Lecturer in the University.

No person is eligible for appointment to the office of additional Examiner, whether for Preliminary Examination or for Degrees in Arts, Science, or Medicine, who is a Professor, Lecturer, or University Assistant or Demonstrator in any Scottish University, and the appointment of any additional Examiner during the currency of his term of office to a Professorship, Lectureship, or to the office of University Assistant or Demonstrator in any Scottish University is held to vacate his office of Examiner. The periods of appointment of additional Examiners are so adjusted as to secure that all the Examiners shall not vacate their office at the same time; but no Examiner can be appointed for a longer period than four years, and no person who has held the office of Examiner for a period of three or four years is eligible for reappointment to the office of Examiner in the same University until he has ceased to hold the office of Examiner in such University for not less than one year.

In the event of a vacancy in the office of a member of the Joint-Board, or of an Examiner or additional Examiner in Arts, Science, or Medicine, occurring otherwise than by expiration of his term of office, the person appointed in his room is appointed for the remainder of such term only.

Degrees in Law.

The Examiners for the Degree of Bachelor of Laws are the Professors of or Lecturers on the subjects included in the examinations for the said degree, and additional Examiners appointed by the University Court.

The Examiners for the Degree of Bachelor of Law are the Professors of or Lecturers on the subjects included in the examinations

for the said degree, and additional examiners appointed by the University Court.

Degrees in Divinity.

The Examiners for the Degree of Bachelor of Divinity are the Professors of or Lecturers on the subjects included in the examinations, and two additional Examiners appointed by the University Court.

REGULATIONS FOR GRANTING DEGREES.

1. GRADUATION IN ARTS.

The conditions on which the Degree of Master of Arts is conferred are regulated by the University Court Ordinance No. XXIII. (Glasgow No. 6), the principal provisions of which are the following:—

ACADEMICAL YEAR.

I. The academical year shall commence on the first day of October. In each academical year there shall be one session, which shall include not less than twenty-five teaching weeks. The session shall commence within the first seven days of October, and shall be divided into three terms. The days on which classes shall open and close in each term shall be determined by the Senatus, with the approval of the University Court. For the purpose of reckoning the duration of study in any subject, the Senatus, with the approval of the University Court, shall have power to determine that attendance during one session shall be constituted by attendance during at least two terms of the session.

II. The Curriculum for the Degree of Master of Arts (M.A.) shall extend over not less than three sessions.

PRELIMINARY EXAMINATION.¹

III. (1) Before entering on the Curriculum (subject to the proviso contained in Section IV., Sub-section 1) each student shall pass a Preliminary Examination in the following subjects:—

1. English.
2. Latin or Greek.
3. Mathematics.
4. One of the following:—Latin or Greek (if not already taken), French, German, Italian (or such other language² as the Senatus Academicus may approve), Dynamics.

¹ Supplementary Regulations issued by the Joint Board on 31st January, 1910, have been inserted in smaller type at the points in the ordinances to which they relate.

² The Joint Board has directed that all examinations in languages approved by the Senatus under this sub-section shall consist of two papers, each of two hours' duration, and shall be drawn up, so far as possible, in accordance with the regulations given on page 223 as regards French and German.

[The Society of Incorporated Accountants and Auditors, 50 Gresham Street, London, E.C., accept the Preliminary Examination of the Joint Board in lieu of their own Preliminary Examination.]

Under this sub-section the Senate has approved of (1) Japanese, (2) Spanish, (3) Danish, (4) any of the Celtic languages. Any candidate who proposes to be examined in Japanese or Spanish or in any other language than the six mentioned in the Ordinance is required to make intimation to the Senate before 1st Feb. or 1st July for the Spring and Autumn Examinations respectively.¹

(2) The examination must be passed in the matters and on the standards hereinafter defined; but there shall be a higher and a lower standard in Latin and in Greek, and a higher, an intermediate, and a lower standard in Mathematics.

Candidates must pass on the higher standard in at least one of these three subjects, and may pass on the lower standard in either or both of the remaining two; subject always to the conditions relative to attendance contained in Section IV. of this Ordinance.

(3) English shall comprise Grammar and Composition, and the outlines of Geography and British History, and the standard shall not be lower than that adopted at the date of the approval of this Ordinance for a pass on the Higher Grade standard at the Leaving Certificate Examination of the Scotch Education Department.

In the case of a student, whose native language is other than English, the standard required in English in the Preliminary Examination shall be such as the Joint-Board of Examiners may deem sufficient.

The Joint-Board has issued the following directions showing the character of the papers to be set in English:—

English will include (a) Grammar, (b) Composition, (c) Literature, (d) History, and (e) Geography.

(a) Grammar will include Analysis, Parsing, Derivation, and Correction of Sentences.

(b) Composition will include an Essay and Paraphrasing. In place of a paraphrase proper, the interpretation or discussion of one or more passages in prose or verse may be required.

(c) Literature will comprise a knowledge of certain prescribed books of two or three writers. Questions requiring a general knowledge of the life and works of the greater writers will not be set; but one or two questions may be set, giving an opportunity to candidates who have read widely in English Literature to show their knowledge. The prescribed books will be:—For 1910, Shakespeare, *Twelfth Night*; Milton, *Comus*; Scott, *The Fortunes of Nigel*. For 1911, Shakespeare, *Macbeth*; Tennyson, *The Princess*; Scott, *Old Mortality*.

The first paper in English will consist of—1, Essay; 2, a question in the paraphrasing or the interpretation or the discussion of a passage or some passages in prose or verse; 3, 4, 5, 6, Questions in Grammars as explained above.

(d) History. There will be no prescribed period, but the paper will contain general questions on the history of Britain from B.C. 55.

(e) Geography will include a general knowledge of the Geography of the World, and a special knowledge of the Geography of the British Empire.

(4) Latin and Greek shall comprise grammatical questions, translation into English from Latin or Greek authors not previously prescribed, and translation of plain passages or easy sentences from English into Latin or Greek. The higher standard shall not be lower than that adopted at the date of the approval of this Ordinance for a pass on the Higher

¹ Each applicant for examination in a special subject in the Preliminary Examination shall pay, in addition to the statutory fee for Preliminary Examination, the sum of One Guinea, and should the applicant be successful in passing the examination in the special subject he shall be entitled to recover the sum of One Guinea when he has become a matriculated student of the University, i.e., has entered his name in the Matriculation Album, and has been enrolled in at least one University Class.

Grade standard at the Leaving Certificate Examination of the Scotch Education Department, and the lower standard shall not be lower than that adopted at the said date for a pass on the Lower Grade standard at the Leaving Certificate Examination of the said Department.

In the case of a student whose native language is other than European, the Senatus may accept, as an alternative to Latin or Greek, any other classical language, for example, Sanskrit or Arabic, provided always that the standard of the examination therein shall be as nearly as possible equivalent to the higher standard in Latin or Greek.

In any classical language accepted as an alternative for Latin and Greek, the arrangement of the papers set and the allocation of marks to the different questions will be the same as for the papers in Latin and Greek. The examination, if upon the higher standard, will consist of two papers of two hours each.

The Latin examination on the higher standard will include Translation, Prose Composition, Grammar, and Sentences.

The Greek examination on the higher standard will include Translation, Sentences (or an easy passage of continuous English Prose, set either as an alternative or as a substitute), and Grammar.

The passages for translation both from Greek and Latin will include Prose and Verse.

The Latin examination on the lower standard will include Translation and Parsing, Prose Composition, Grammar, and Sentences.

The Greek examination on the lower standard will include Translation, Sentences, and Grammar.

In the Latin and the Greek papers both on the higher and lower standards, candidates are required to satisfy the Examiners both in Composition and in Translation.

The attention of Candidates in Classics is called to the fact that the Board has discontinued the practice of granting a Lower Pass on the Higher Greek and Latin Papers. The Lower Paper also must be taken by those who wish to obtain a Lower Pass in the event of failure for a Higher.

(5) French, German, and Italian shall comprise grammatical, literary, and easy philological questions, translation into English from French, German, or Italian authors not previously prescribed, and translation from English into French, German, or Italian; and the standard shall not be lower than that adopted at the date of the approval of this Ordinance for a pass on the Higher Grade standard at the Leaving Certificate Examination of the Scotch Education Department.

Two papers will be set in French and two in German, two hours being allowed for each; the first paper to contain a passage for translation from English into French or German, and a test in free composition on some easy subject; the second paper to contain two unseen translations into English (one in prose, one in verse), three grammatical, one philological, and one literary question. Of these five questions the candidates will be allowed to choose three.

Literature will comprise a general knowledge of the life and works of at least one of four standard writers (for French literature, two at least from the 19th century, and one at least from the 17th century), with special reference to one particular work by each of them. Two of the authors will be changed from year to year.

The authors prescribed for literary questions (in 1910) will be as follow:—

FRENCH.—Molière, *L'Avare*; Mérimée, *Colomba*; George Sand, *La Petite Fadette*; Beaumarchais, *Barbier de Séville*.

GERMAN.—Buchheim, *Deutsche Balladen*; Schiller, *Maria Stuart*; Seidel, *Der recht Hühnchen*; Keller, *Fähnlein der sieben Aufrechten*.

And in 1911:—

FRENCH.—Beaumarchais, *Barbier de Séville*; George Sand, *La Petite Fadette*; Corneille, *Le Cid*; Halévy, *L'Abbé Constantin* (the novel).

GERMAN.—Seidel, *Der recht Hühnchen*; Keller, *Fähnlein der sieben Aufrechten*; Lessing, *Nathan der Weise*; Schiller, *Wilhelm Tell*.

(6) Mathematics on the lower standard shall comprise—(a) Arithmetic, including Vulgar and Decimal Fractions, Proportion, Percentage, Square Root, Simple Interest; (b) Algebra, including Fractions, Factors, Square Root, Equations of the First Degree, Simultaneous Equations of the First Degree, Easy Quadratic Equations, Problems leading to the above Equations; (c) Geometry: Euclid, Books I., II., and III. (or their equivalents), with easy deductions. Demonstrations other than Euclid's will be accepted if they assume no propositions which in Euclid's order are subsequent to the proposition under consideration.

(7) Mathematics on the intermediate standard shall, in addition to the subjects comprised in the lower standard, comprise—(a) Euclid: Book VI., Propositions 1—19, or Geometry equivalent thereto. (b) Algebra: Quadratic Equations, Ratio and Proportion. (c) The Trigonometry of Right-angled Triangles.

No candidate can pass on the intermediate standard who either does not, at the same time, pass on the lower standard, or has not previously passed on the lower standard.

(8) Mathematics on the higher standard shall, in addition to the subjects comprised in the lower standard, comprise Euclid, Books IV., VI., and the first twenty-one propositions of Book XI. (or their equivalents), with Deductions, Quadratic Equations, Trigonometry to the Solution of Triangles inclusive, and the use of Logarithmic Tables.

In the examination in Mathematics on the higher and intermediate and on the lower standards each question in Geometry will consist of two parts, of which one will be an easy deduction or illustrative exercise on the proposition set as bookwork.

There will be two papers in Mathematics on the higher and on the intermediate standard. The first paper will consist of questions on Geometry, and on Trigonometry, in the proportion of four-fifths Geometry and one-fifth Trigonometry. The second paper will consist of questions on Algebra (including Arithmetic), and on Trigonometry, in the proportion of four-fifths Algebra and one-fifth Trigonometry, and shall contain two or more questions on Arithmetic, of which one at least shall be taken by all candidates.

Candidates for the higher standard may obtain full marks by doing correctly about two-thirds of the questions set in each subject; but the Examiners will be entitled to reject a candidate who makes in any subject less than a certain minimum of the marks allotted to that subject.

The pass-mark for candidates on the intermediate standard is fixed with reference to the total number of marks assigned to questions which fall under the syllabus of the intermediate standard; but such candidates will receive credit for any question they may answer.

The paper in Mathematics on the lower standard will be devoted to the various subjects comprised in as nearly as possible the following proportions: four-ninths to Geometry, three-ninths to Algebra, and two-ninths to Arithmetic.

Candidates may obtain full marks by doing correctly about two-thirds of the questions set in each subject; but the Examiners will be entitled to reject a candidate who makes in any subject less than a certain minimum of the marks allotted to that subject.

(9) Dynamics shall mean the Elementary Statics and Kinetics of Solids, Liquids, and Gases.

The paper on Dynamics will be directed to test the candidate's knowledge of the fundamental principles of the subjects included in it as defined above. Questions may be set which involve the Trigonometry of right-angled triangles.

Candidates may obtain full marks by doing correctly about two-thirds of the questions set in each section of the paper.

(10) A candidate shall be obliged to pass in all the required subjects at one or not more than two examinations; provided that he may offer himself for re-examination as often as may be necessary to satisfy this condition.

IV. (1) Attendance on any course shall not qualify for graduation, unless the whole Preliminary Examination has been previously passed. But any student who has passed in Latin, Greek, or Mathematics on the higher standard may attend a qualifying course in such subject or subjects without having passed in the other subjects of the Preliminary Examination, provided always that (*a*) no candidate shall be allowed to present himself for a Degree Examination in any subject until he has passed the whole Preliminary Examination; and (*b*) no student shall be admitted to a degree in Arts unless he has attended qualifying courses in this University, or partly in this University and partly in another Scottish University (or other University specially recognised by the University Court, after consultation with the Senatus, as provided by Section XXIII. hereof), for three sessions after he has completed his Preliminary Examination.

(2) Attendance on a course in any language included in the Preliminary Examination shall not qualify for graduation, unless the candidate has previously passed the Preliminary Examination in that subject, and on the higher standard where more than one standard is provided. He may, for that purpose, attend any Preliminary Examination held during the course of his study, taking only the paper set in that subject; provided always that the provisions of sub-section (1) immediately preceding shall have been satisfied.

(3) Attendance on a course in any language not included in the Preliminary Examination shall not qualify for graduation, unless the candidate has previously passed an examination in that language on a standard as nearly as possible equivalent to the higher standard of the languages included in the Preliminary Examination.

(4) Attendance on a course of Mathematics or Natural Philosophy shall not qualify for graduation unless the candidate has previously passed in Mathematics on the higher standard or on the intermediate standard.

(5) If a student, before passing the Preliminary Examination, has attended a course qualifying for graduation, the Senatus may, on special cause shown, permit him to count such course as qualifying for graduation, on condition of his passing the full Preliminary Examination within such time thereafter as the Senatus may appoint; and in every such case the Senatus shall make a report to the University Court setting forth the reasons for the relaxation.

V. (1) The Preliminary Examination shall be held not oftener than twice in each year,¹ under such regulations as the Senatus, with the approval of the University Court, shall from time to time determine, and shall be conducted in writing; but the regulations may prescribe that with respect to any of the subjects the written examination shall be supplemented by an oral or a practical examination.

(2) The Joint-Board of Examiners appointed under the provisions of Ordinance No. 13, General No. 8 (Regulations as to Examinations) shall have power to accept a Pass on the Higher Grade standard at the Leaving Certificate Examination of the Scotch Education Department

¹ For dates of Preliminary Examinations see Table on page 226.

TABLE OF PRELIMINARY EXAMINATIONS FOR DEGREES IN ARTS, SCIENCE, AND MEDICINE, TO BE HELD DURING SESSION 1910-11.

I. ARTS AND SCIENCE.

Fees.	Names to be given in and Fees paid to (Assessor Clerk) (Matriculation Office).	Subject.	Dates of Examinations and Hours at which the various Papers will be set.	
			September, 1910.	March, 1911.
10s. 6d. 18s. 6d.	1st & 2nd August or 1st March.	English (1st Paper), Higher Latin (1st Paper).	Friday, 9th September, 9 to 11 a.m.	Friday, 24th March, 9 to 11 a.m.
		Lower Latin.	Friday, 9th September, 12 noon to 2 p.m.	Friday, 24th March, 12 noon to 2 p.m.
		English (2nd Paper).	Friday, 9th September, 3 to 6 p.m.	Friday, 24th March, 3 to 6 p.m.

1 For Women Students, Miss Melville, Queen Margaret College.

2 For Women Students, in a special notice on page 999.

in any subject as an equivalent for the Preliminary Examination in that subject; to accept a pass in Science at the Leaving Certificate Examination of the said Department as an equivalent for the Preliminary Examination in the subject of Dynamics; and to accept a pass on the Lower Grade standard at the Leaving Certificate Examination of the said Department as an equivalent for the Preliminary Examination on the lower standard in Latin, Greek, and Mathematics; provided they are satisfied that the standard of the examination, at which the said certificates were granted, is not lower than that required by this ordinance.

Under this sub-section the Joint Board of Examiners has resolved as follows:—For the Preliminary Examination in Arts and Science, Passes in the Higher and Honours Grade of the Leaving Certificate Examinations of the Scotch Education Department in Latin, Greek, and Mathematics will be accepted as equivalent to the higher standard in each of these subjects, as prescribed by the Arts Ordinance, and Passes in the Lower Grade or Intermediate Certificate Examinations to the lower standard;¹ Passes in the Higher and Honours Grade in English, in Modern Languages, and in Dynamics, will be accepted as equivalent to the standard prescribed for each of these subjects by the Arts Ordinance; a Pass in the Leaving Certificate in Science will be accepted as equivalent to the examination in the subject of Dynamics. The Regulation that all the subjects of the examination shall be passed at one or not more than two examinations shall not be held to apply to the Leaving Certificate Examinations.

(3) The Joint-Board of Examiners shall have power to determine what examinations, if any, other than the Leaving Certificate Examinations of the Scotch Education Department, may be accepted as equivalent to the Preliminary Examination in whole or in part, provided they are satisfied that such other examinations are in fact equivalent thereto.²

Under this sub-section the Joint-Board have agreed to accept the following Examinations as exempting from the Preliminary Examination in Arts and Science, either wholly or in part:—

(a) A Degree in Arts or in Science, not being an Honorary Degree, in any of the Universities of the United Kingdom, shall exempt from the Preliminary Examination in Arts or in Science, as the case may be.

(b) A Certificate of having passed in the Honours or First Division in English in the London University Matriculation Examination will be accepted as equivalent to English in the Arts and Science Preliminary Examination; and the Joint-Board also accepts, for the Preliminary Arts and Science Examination, (1) London University Matriculation Mathematics, as equivalent to Lower Mathematics; (2) London University Matriculation Mechanics as equivalent to Dynamics; and (3) London University Intermediate Mathematics as equivalent to Intermediate and Higher Mathematics.

¹ Passes in individual subjects in the Intermediate Examination are accepted only where the Scotch Education Department have notified to the Clerk of Senatus or Joint Board that a sufficient standard had been reached in such subjects.

² Applications for exemption on the ground of having passed examinations not included in the following list should be addressed to the Convener of the Board. As several Universities have to be consulted, a decision on a new case cannot be guaranteed in less time than from two to three weeks.

(c) Oxford and Cambridge Schools Examination Board. Exemption will be granted as follows :—

A Pass in *Latin or Greek* for the Lower Certificate, or for the 'School' or 'Leaving Certificate,' will be accepted for Lower Latin or Lower Greek.

A Pass in *Latin or Greek* for the Higher Certificate will be accepted for Higher Latin or Higher Greek.

A Pass in *French or German* for the Higher Certificate will be accepted for the Arts and Science Pass in these subjects respectively.

In *Mathematics*,

Elementary Mathematics of the 'School' or 'Leaving Certificate.'	} Will be accepted for Lower Mathematics.
Elementary Mathematics of the Higher Certificate.	

Additional Mathematics of the 'School' or 'Leaving Certificate,' if endorsed with Trigonometry.	} Will be accepted for Higher Mathematics.
Additional Mathematics of the Higher Certificate.	

Of these two, the former if not endorsed with Trigonometry will be accepted for Lower Mathematics only.

Natural Philosophy (Mechanical Division) of the Higher Certificate will be accepted for Dynamics.

In *English*,

The Higher Certificate with English.

The Higher Certificate with Essay and with History or Geography.	} Will be accepted for the Arts and Science Pass in English.
The 'Leaving Certificate,' with 'English History and Geography' (the combined subject).	

(d) Oxford University Local Examinations :—

(i.) Junior Local Examination :—Distinction in Mathematics (if the Candidate has passed both in Algebra and Geometry), with a Pass in Arithmetic, will exempt from Lower Mathematics.

A Pass in Higher Mathematics, if it includes Algebra and Geometry with a Pass in Arithmetic, will exempt from Lower Mathematics.

(ii.) Senior Local Examination :—A Pass in Latin will exempt from Lower Latin ; a Pass in Greek will exempt from Lower Greek ; Distinction in Latin will exempt from Higher Latin ; Distinction in Greek will exempt from Higher Greek ; Distinction in French or German will exempt from French or German respectively ; a Pass in Mathematics, including Algebra and Geometry, with Arithmetic, will exempt from Lower Mathematics ; a Pass in Higher Mathematics, including Algebra, Geometry, and Trigonometry, will exempt from Higher Mathematics ; a Pass in English Language and Literature, History, and Geography (with Distinction in the first of the three) will exempt from English.

(iii.) Higher Local Examination :—This will be accepted *pro tanto*.

(e) Cambridge University Local Examinations :—

(i.) Junior Local Examination :—Distinction in Mathematics will exempt from Lower Mathematics, provided it includes a Pass in both Algebra and Geometry.

(ii.) Senior Local Examination:—A Pass in Latin will exempt from Lower Latin; a Pass in Greek will exempt from Lower Greek; Distinction in Latin will exempt from Higher Latin; Distinction in Greek will exempt from Higher Greek; Distinction in French or German will exempt from French or German respectively; a Pass in Algebra and Geometry will exempt from Lower Mathematics; a Pass in Mathematics, including a Pass in Algebra, Geometry, and Trigonometry, will exempt from Higher Mathematics; a Pass in English Language and Literature, History, and Geography (with Distinction in the first of the three) will exempt from English.

(iii.) Higher Local Examination:—This will be accepted *pro tanto*.

(f) University of Birmingham Matriculation Examination:—

Candidates who have passed the Birmingham University Matriculation Examination and have been placed in Class I. will be exempted in any or all of the subjects of English, Higher Latin, Higher Greek, Higher Mathematics, French, German, provided the subject (or subjects) has been included in the examination in question. Candidates who have obtained a 'Pass' only, will be exempted in the Lower Standard in Latin, Greek, and Mathematics.

(g) British Colonies and Possessions:—

Candidates from British Colonies and Possessions who present evidence that they have passed examinations which would admit them to Universities or to Technical Colleges affiliated to a University in their home country will be exempted, provided (1) that the evidence shows that they possess a knowledge of English sufficient to enable them to follow the Lectures with profit; (2) that before attending any class in English, any other Language, Mathematics or Natural Philosophy they shall produce evidence that they have fulfilled the conditions specified in Section IV. (2), (3), (4), of this Ordinance (p. 225); and (3) that candidates for degrees in Engineering shall produce evidence of a knowledge of Mathematics equivalent to the Standard of Higher Mathematics in the Preliminary Examination.

(h) St. John's University, Shanghai, China:—

Examinations comprised in the Arts Curriculum of the St. John's University, Shanghai, taken and passed by Graduates in Arts (B.A.) of that University.

(i) College of Science, Poona (Engineering College affiliated to the University of Bombay):—

Final Examination for Degree in Engineering will be accepted as exempting from the Science Preliminary Examination (Engineering).

(j) University of Buenos Aires:—

Argentine Certificates giving admission to the University of Buenos Aires.

(k) Continental Countries.—Abiturienten-Examen giving admission to German Universities, and corresponding Examinations in other Countries.

By *pro tanto* is here meant that a certificate of having passed in the Examination referred to, in any subject required for the Arts and Science Preliminary Examination, shall, as regards that subject, exempt from further examination in the said Preliminary Examination, provided that all the required subjects shall be passed at one or not more than two examinations.

ORDINARY DEGREE.

VI. The Curriculum for the Ordinary Degree of Master of Arts shall consist either of five or of six subjects, which shall be studied by attendance on qualifying courses therein.

When a Curriculum of five subjects is chosen, two of these subjects shall each be studied by attendance during two sessions on qualifying courses therein, and the Degree Examinations in these two subjects shall be on a higher standard than the Degree Examinations in the other three subjects.

When a Curriculum of six subjects is chosen, one of the subjects shall be studied by attendance during two sessions on qualifying courses therein, and the Degree Examination in that subject shall be on a higher standard than the Degree Examinations in the other five subjects: and of these five subjects two shall be cognate subjects, and shall be studied by attendance in separate sessions on qualifying courses therein.

The Senate has directed that the names of the subjects which under this section can be studied by attendance during two sessions should be printed in CAPITALS in Section VIII.

The Senate has further directed that for the purposes of this section the following shall be deemed Cognate Subjects:—

Latin and Greek.	
Latin and French.	
Latin and Italian.	
Latin and Celtic.	
Latin and Roman Law.	
French and Italian.	
French and German.	
Hebrew and Arabic.	
Mathematics,	} any two.
Natural Philosophy,	
Chemistry,	
Mathematics and Astronomy.	
Botany,	} any two.
Zoology,	
Geology,	
Geography,	
Logic,	} any two.
Moral Philosophy,	
Education,	
Logic,	} any two.
Moral Philosophy,	
English,	
Logic and Political Economy.	
Moral Philosophy and Political Economy.	
History and English.	
History and Constitutional Law and History.	
History and Political Economy.	
History and Geography.	

No combination of subjects, other than the above-mentioned, shall be recognised as cognate, unless the Senatus shall in the case of any particular candidate, and on special cause shown, have permitted the selection of a different combination; and in every such case the Senatus shall make a report to the University Court setting forth the reasons for such permission.

VII. (1) A qualifying course in each subject shall consist of not less than 75 meetings of the full class on separate days, with additional meetings for tutorial or other supplementary instruction; except in cases (a) where the Senatus, with the approval of the University Court, shall have sanctioned half-courses of not less than 40 meetings of the full class on separate days, with additional meetings for tutorial or other supplementary instruction; or (b) where the Senatus, with the approval of the University Court, having regard to the nature of the subject, shall have sanctioned qualifying courses of less than 75 meetings of the full class, or half-courses of less than 40 meetings of the full class, respectively, with additional meetings for tutorial or other supplementary instruction.

(2) Two half-courses so sanctioned, either in one subject or in two cognate subjects, or a qualifying Honours Course as hereinafter defined, shall be held to be equivalent to a qualifying course in such cases as the Senatus, with the approval of the University Court, may determine, and under such regulations as may from time to time be made for that purpose by the same authority.

(3) Where a subject is taught in a practical class, as well as in a systematic class, the Senatus, with the approval of the University Court, shall regulate the course of study and determine the relative proportion of lectures and laboratory or practical work.

VIII. The Departments of Study for graduation in Arts shall include the following subjects, with such additions thereto or modifications therein as may hereafter be made by the Senatus, with the approval of the University Court; provided always that no subject shall be included unless a qualifying course shall have been established therein :—

1. LANGUAGE AND LITERATURE.

LATIN.	FRENCH.	HEBREW.
GREEK.	GERMAN.	ARABIC.
ENGLISH.	ITALIAN.	CELTIC.

2. SCIENCE.

MATHEMATICS.	Zoology.
NATURAL PHILOSOPHY.	Botany.
Astronomy.	Geology.
Chemistry.	Geography.

3. MENTAL PHILOSOPHY.

LOGIC AND METAPHYSICS.	POLITICAL ECONOMY.
MORAL PHILOSOPHY.	Education.

4. HISTORY AND LAW.

HISTORY. | CONSTITUTIONAL LAW AND HISTORY. | Roman Law.

N.B.—The New Arts Ordinance reproduced the list of Subjects contained in Ord. No. 11. The list given above is a modification made by the Senate in 1909.

IX. The Senatus, with the approval of the University Court, shall have power to make from time to time Regulations regarding the definition and grouping of the subjects in the several Departments of Study, their selection for the Curriculum, their classification as cognate, and the order in which they are to be studied, and also regarding the standards of the Degree Examinations and the conditions of admission thereto.

The Senate has made the following regulations in regard to Curricula and the Order of Study :—

CURRICULUM.

I. Every candidate for a Degree in Arts shall select one of the following curricula—

(1) One subject from each of the following pairs—

Latin or Greek.

Mathematics or Natural Philosophy.

Logic or Moral Philosophy.

Apart from these limitations the student may select his remaining subjects from those enumerated in Section VIII.

or (2) Both Mathematics and Natural Philosophy, together with one subject from each of the following groups—

Logic or Moral Philosophy.

French or German or Italian or Hebrew or Arabic or Celtic.

Apart from these limitations the student may select his remaining subject or subjects from those enumerated in Section VIII.

or (3) Any two of the following languages—Latin, Greek, French, German, Italian, Hebrew, Arabic, Celtic, together with one subject from each of the following groups—

Logic or Moral Philosophy.

Chemistry or Zoology or Botany or Geology or Geography.

Apart from these limitations the student may select his remaining subject or subjects from those enumerated in Section VIII.

II. Not more than three languages other than English, and not more than two double courses or three single courses in the department of Science are to be included in any Curriculum.

ORDER OF STUDY.

The following rules shall be observed—

1. Roman Law shall be preceded by at least one course in Latin.
2. Education shall be preceded by or taken concurrently with a course in either Logic or Moral Philosophy.
3. Astronomy shall be preceded by at least one course in Mathematics.

X. The University Court shall communicate to the General Council all additions and modifications relating to the Departments of Study, and all Regulations, made by the Senatus in pursuance of Sections VIII. or IX. hereof; and any representation made thereon by the General Council within two months from the date of such communication shall be taken into consideration by the University Court before any such addition, modification, or Regulation is approved.

XI. Candidates who produce certificates that they have satisfied all the conditions prescribed by this Ordinance, and who have passed the necessary Examinations and paid the required fees, shall be entitled to receive the ordinary Degree of Master of Arts.

XII. For the ordinary Degree of Master of Arts the graduate shall receive a Diploma, wherein shall be set forth the subjects in which he has passed.

DEGREE WITH HONOURS.

XIII. (1) The Degree of Master of Arts may be taken with Honours in one or more recognised Groups of subjects.

(2) The recognised Groups of subjects for graduation in Arts with Honours shall be the following, with such additions thereto or modifications therein as may hereafter be made by the Senatus, with the approval of the University Court; provided always that no Group shall be recognised unless qualifying Honours courses, conducted by separate Professors or Lecturers, shall have been established in at least two of the subjects thereof:

(a) Classics [*i.e.* Latin and Greek with optional subjects such as Comparative Philology, Ancient Philosophy, Ancient History, and Classical Archaeology].

(b) Philosophy [*i.e.* Logic, Moral Philosophy, English Literature: any two of these].

(c) Mathematics and Natural Philosophy [*i.e.* Pure Mathematics, Natural Philosophy, Astronomy: any two of these].

(d) English [*i.e.* English Literature, with Language and History as subsidiary subjects].

(e) History [*i.e.* General European History and British History, Constitutional and Political].

(f) Economics [*i.e.* Political Economy, with *either* Logic, *or* Moral Philosophy, *or* History].¹

¹The Ordinary and the Honours Class of Constitutional Law and History are among the qualifying courses in "History" for Honours in Economics (Political Economy, with History).

- (g) French and German (Language and Literature).
- (h) French, Italian, Latin (Language and Literature) : any two of these.
- (i) Germanic Language [*i.e.* German Language and Literature, with English Language].
- (j) Celtic Language and Literature [*i.e.* Ancient and Modern Celtic, with Latin].
- (k) Semitic Language and Literature [*i.e.* Hebrew and Arabic].

N.B. The new Arts Ordinance reproduced the list of Groups contained in Ord. No. 11. The list given above is a modification made by the Senate in 1909.

(3) The Senatus, with the approval of the University Court, shall have power to make from time to time Regulations regarding the definition and grouping of the subjects in the several recognised Groups, their selection for the Curriculum, their classification as cognate, and the order in which they are to be studied, and also regarding the standard of the Honours Examinations and the conditions of admission thereto; provided always that the following conditions are observed :

(a) That a candidate for Honours in one Group shall be required to attend four qualifying courses in the subjects of his Group (of which two shall be Honours courses conducted by separate Professors or Lecturers), and also to attend qualifying courses in two subjects other than those of his Group ;

(b) That a candidate for Honours in two Groups which include a subject common to both shall not be required to attend qualifying courses in more than one subject other than those of his Groups ;

(c) That a candidate for Honours in two Groups which include no subject common to both shall not be required to attend qualifying courses in any subject other than those of his Groups.

(4) The Degree Examinations in the subjects included in the candidate's Group or Groups shall be of the Honours standard, and in the other subjects or subject (if any) shall be of the standard required for the ordinary Degree.

Under this Section XIII. the Senate in 1909, besides modifying the Groups, made the following Regulations :

A. A candidate may present himself for the Honours Examination in any group at any time after he has attended the required courses of study in the subjects of his group, whether he has already graduated in Arts or not ; but he shall not present himself a second time for examination in the same group except with leave of the Senatus on special cause shown.

B. No combination of subjects, other than the above-mentioned groups, shall be recognised as an Honours Group, unless the Senatus shall in the case of any particular candidate, and on special cause shown, have permitted the selection of a different combination ; and in every such case the Senatus shall make a report to the University Court setting forth the reasons for such permission.

C. The subjects, other than those of his group, in which a candidate is required to attend qualifying courses, may be selected from any of the departments of study for graduation in Arts: provided that a candidate for Honours in group (c) shall be required to select those subjects from a department or departments other than that of Science.

D. TEMPORARY PROVISION.

Any Graduate of the University who graduated before the first day of October, 1909, may, with the permission of the Senatus, be admitted to examination in one or more of the subjects of an Honours Group; and should he attain therein the standard required of candidates for Honours, he shall be entitled to receive a Certificate of Proficiency in that subject or subjects, but his name shall not be placed in any Class.

XIV. (1) A qualifying Honours course in each subject shall consist of not less than 50 meetings of the full class, to be held on separate days during two or more terms.

(2) The Senatus, with the approval of the University Court, shall have power to sanction half-courses for Honours in any subject. A half-course shall consist of not less than 25 meetings of the full class, to be held on separate days during one or more terms; and two half-courses so sanctioned, either in one subject or in two cognate subjects, shall be held to be equivalent to a qualifying Honours course in such cases as the Senatus, with the approval of the University Court, may determine, and under such regulations as may from time to time be made for that purpose by the same authority.

(3) Where a subject is taught in a practical class, as well as in a systematic class, the Senatus, with the approval of the University Court, shall regulate the course of study and determine the relative proportion of lectures and laboratory or practical work.

XV. The University Court shall communicate to the General Council all additions and modifications relating to the recognised groups of subjects for Honours, and all regulations, made by the Senatus in pursuance of Section XIII. subsections (2) and (3) hereof; and any representation made thereon by the General Council within two months of the date of such communication shall be taken into consideration by the University Court before any such addition, modification, or regulation is approved.

XVI. (1) In each Group there shall be three grades of Honours, to be denominated respectively the First, the Second, and the Third Class. The names of the candidates entitled to Honours in each class shall be arranged in alphabetical order.

(2) For the Degree of Master of Arts with Honours, the graduate shall receive a Diploma wherein shall be set forth the subjects in which he has passed with Honours, and those (if any) in which he has passed on the standard required for the ordinary Degree.

(3) A candidate for the Degree of Master of Arts with Honours who has failed to be placed in any Class shall, provided that in the

opinion of the Examiners he has given evidence of sufficient attainments in any subject for the ordinary Degree of Master of Arts, receive from them a certificate that he has passed in such subject, which certificate shall entitle him to exemption *pro tanto* from the corresponding part of the Examination required for the ordinary Degree of Master of Arts.

BOARDS OF STUDIES.

XVII. The Senatus shall from time to time institute Boards of Studies corresponding in general to the several Departments of Study, or to any two or more of such Departments.

XVIII. Each Board of Studies shall consist of such Members of the Senatus and Lecturers in the University as the Senatus may from time to time select, and the Senatus shall appoint one of the Members of the Board to be Convener thereof.

XIX. Before the end of each session each Professor and Lecturer in each of the several Departments of Study shall submit to the proper Board of Studies for its approval a syllabus of the subjects and books proposed for the work of his classes and also a syllabus of the subjects and books to be prescribed for the Examinations for the ordinary Degree in the next academical year, and a syllabus of the subjects and books to be prescribed for the Examinations for the Honours Degree in the academical year next but one. As soon as such approval has been given, each syllabus shall be transmitted to the Faculty of Arts for its consideration. Each syllabus, with such observations as the Faculty of Arts may see fit to make thereon, shall then be transmitted to the Senatus for its sanction.

XX. Before the end of each session each Board of Studies shall prepare a scheme defining, for the academical year next but one following, the courses which shall be recognised as Honours courses, and the subjects and courses of reading for Honours in its Department or Departments, and shall report the same to the Faculty of Arts for its consideration. Each scheme, with such observations as the Faculty of Arts may see fit to make thereon, shall then be transmitted to the Senatus for its sanction.

XXI. The Principal and the Dean of the Faculty of Arts shall be *ex officio* Members of each Board of Studies. The Convener shall preside if present, and in his absence each meeting shall appoint its own Chairman; and the Convener or Chairman, as the case may be, shall have a deliberative and, in cases of equality, a casting vote.

GENERAL.

XXII. A candidate for the Degree of Master of Arts shall not be deemed to have attended a qualifying course as part of the Curriculum for that Degree who does not present a certificate bearing not only that he has regularly attended the class, but also that he has duly performed the work thereof.

XXIII. A student, who has given attendance at courses recognised as qualifying for graduation during one or more sessions in any one or more of the Scottish Universities, may complete his

Curriculum by giving attendance during the remainder of his course in the University of Glasgow, and may proceed to a Degree in that University in the same way, in all respects, as if the previous part of his Curriculum had been taken therein: provided always that no such student shall be admitted to a Degree in the University of Glasgow unless he has given attendance on qualifying courses therein during the last session of his Curriculum. Further, the Senatus may accept, under such conditions as they may from time to time prescribe, attendance given and Examinations passed at other Universities specially recognised by the University Court, after consultation with the Senatus; provided always that every student, whose attendance or Examinations are thus accepted, shall attend qualifying courses for at least two sessions¹ in the University of Glasgow, and shall pass the Degree Examinations of the University in the subjects so studied.

XXIV. The Degree of Master of Arts shall in no case be conferred on students who have not satisfied the conditions hereinbefore set forth, and shall not be conferred *honoris causâ tantum*.

But the Senatus shall have power to admit (*ad eundem gradum*) to the Degree of Master of Arts, and to all the privileges thereof, any person who has already received that degree from another University, provided that he is of distinguished merit or has been appointed to an academic office in the University of Glasgow.

XXV. Students may attend any classes without having passed the Preliminary Examination within the meaning of this Ordinance, but such attendance shall not qualify for graduation.

XXVI. From and after the date at which this Ordinance comes into operation Ordinances numbered 12, 14, 18 and 69 of the Commissioners under the Universities (Scotland) Act, 1858, as altered under the provisions of the said Act, and Ordinances numbered 11, 44, 148, 160, and 168, all of the Commissioners appointed under the Universities (Scotland) Act, 1889, and Ordinance General No. 1 of the University Courts of the Scottish Universities are hereby repealed as regards the University of Glasgow in so far as they are inconsistent with this Ordinance, and any references made in existing Ordinances applicable to the University of Glasgow to the said repealed Ordinances shall be deemed to refer to this Ordinance and the corresponding sections and subsections thereof; provided always that a student who, at the date at which this Ordinance comes into operation, has already commenced his course of study with a view to graduation in Arts in the University of Glasgow under the regulations in force at the time in that University, may complete his course and become a candidate for the Degree of Master of Arts, with or without Honours, in conformity with such regulations.

XXVII. This Ordinance shall come into operation at the beginning of the academical year next following that in which it is approved by His Majesty in Council.

[Approved on 5th May, 1908.]

¹ Defined by the Senate on 3rd June, 1909, to mean that the Candidate must attend not fewer than two courses in each of the two sessions in the University of Glasgow.

SYLLABUS OF EXAMINATIONS FOR THE ORDINARY DEGREE OF MASTER OF ARTS ACCORDING AS THE CANDIDATES HAVE STUDIED A SUBJECT FOR ONE OR TWO SESSIONS.

IN	SINGLE-COURSE STUDENTS.	TWO-COURSE STUDENTS.

Selected traditional lays read in Class. Translations from English into Modern Gaelic, and from Gaelic authors not prescribed.</p> <p><i>History and Literature.</i> The M'Callum Lectures by Professor Magnus Maclean. More minute study of the literary bearings of the works prescribed.</p>	<p>1910 and thereafter till further notice.</p> <p>Strachan's Selections from the <i>Tàin Bò Cuailgne</i>; <i>Thesaurus Palaeohibernicus</i> (the portions read in Class); the <i>Early Gaelic Life of Columcille</i> from the <i>Ladder Book</i>; <i>Serglige Conculcain</i>; Carnewell's <i>Book of Concan Order in Gaelic</i>; <i>Book of Dean of Lismore</i>; the Fernalg MS.; the <i>Book of Clarendon</i>; the old version of the <i>Tragedy of the Sons of Usnech</i> as in Cameron's <i>Reliquiae Celticae</i>; Meyer's <i>Early Irish Tacts</i> of old lyric poetry. Knowledge of Literature, History, and Grammar bearing on the works prescribed.</p>
LOGIC	<p>The Class Lectures. Berkeley's <i>Principles of Human Knowledge</i> (in Fraser's <i>Selections from Berkeley</i>).</p>	<p>1910 and thereafter until further notice.</p> <p>Candidates who have taken a second course in Logic will, in addition, be examined on either (a) the subjects, authors, or periods discussed in the lectures of the Higher Ordinary Class during the session in which the candidate has attended that class, or (b) the Class-Lectures and the books prescribed in Experimental Psychology.</p>

IN	SINGLE-COURSE STUDENTS.	DOUBLE-COURSE STUDENTS.
MORAL PHILOSOPHY	<p>The Professor's Lectures during the session in which the student examined has attended the Moral Philosophy Class, the <i>Republic</i> of Plato (translated by Davies and Vaughan), <i>Socratic Resartus</i> and <i>Idealism as a Practical Creed</i>.</p>	<p>1910 and thereafter until further notice.</p> <p>The subjects included in the student's single course, together with either (a) the Lectures in the Intermediate Class and the following books, viz., Aristotle's <i>Ethics</i>, Kant's <i>Metaphysics of Morals</i>, and Green's <i>Principles to Ethics</i>, or (b) the Lectures in the combined class of Political Philosophy and Social Economics and the text-books prescribed for study in the class,</p>
POLITICAL ECONOMY	<p>The Lectures and Text-books of the session in which the student has attended the class.</p>	<p>1910 and thereafter till further notice.</p> <p>The Lectures in the combined class of Political Philosophy and Social Economics and the Text-books prescribed for study in the class.</p>

IN	SINGLE-COURSE STUDENTS.	DOUBLE-COURSE STUDENTS.
EDUCATION	<p>The Class Lectures; the educational doctrine of Plato's <i>Republic</i>, I.—VII. (as indicated, <i>supra</i>), in Nettleship's <i>Lectures on Plato's Republic</i>, V., VIII., XII.); Rousseau, <i>Emile</i>, I.—IV.</p>	
MATHEMATICS	<p>Geometry of Similar Figures and Elements of Higher Geometry. Algebra with graphical representation of functions. Trigonometry. Elements of Coordinate Geometry as treated in class.</p>	<p>(In addition to the single-course subjects.) More advanced Geometry and Algebra, including Elementary Theory of Equations and Infinite Series. Complex Numbers and De Moivre's Theorem. Elementary Coordinate Geometry and Calculus.</p>
NATURAL PHILOSOPHY	<p>The subjects explained in the Ordinary Class. Dynamics, Acoustics, Heat, Light, Magnetism, and Electricity.</p>	<p>The subjects taught in the Ordinary Class, and in Higher Class C. Questions may be set to test the candidate's knowledge of laboratory processes.</p>
ASTRONOMY	<p>The Professor's Lectures during the session or sessions in which the student has attended the class, and Popular Astronomy.</p>	

IN	SINGLE-COURSE STUDENTS.	DOUBLE-COURSE STUDENTS.
CHEMISTRY	<p>Theory: Principles of Chemistry, Chemistry of the Non-Metallic and the Principal Metallic Elements. Outlines of Organic Chemistry.</p> <p>Practical: Inorganic preparations. Qualitative analysis, including mixtures.</p> <p>Text-books: Newth's <i>Inorganic Chemistry</i> or Bloxam's <i>Chemistry</i> or Richter's <i>Inorganic Chemistry</i>; Ramsay's <i>Modern Chemistry</i>; Perkin and Kipping's <i>Organic Chemistry</i> or Remsen's <i>Organic Chemistry</i>.</p>	
ZOOLOGY	<p>The Elementary Lectures and Practical Work, together with one course of more advanced instruction.</p> <p>Text-books by Shipley & MacBride or Sedgwick; Marshall & Hurst; Jordan and Kellogg, <i>Evolution and Animal Life</i>; Weismann's <i>Evolution Theory</i>.</p>	
BOTANY	<p>The syllabus of work in the course of Botany for M.A. (from April, 1908, till further notice) may be obtained at the Matriculation Office.</p> <p>Books recommended: Strasburger, <i>Text-Book of Botany</i>. For description of types—Scott, <i>Structural Botany</i>; L. Flowering Plants; H. Flowerless Plants. Flora—Hooker, <i>Student's Flora</i>.</p> <p>There will be one three-hour paper, and a practical and oral examination.</p>	
GEOLOGY ¹	<p>The Materials of the Earth's Crust and Elementary Mineralogy; Physical and Structural Geology; Stratigraphy; Elementary Palaeontology; Economic Geology, including the study of Soils, Water Supply, Building Stones, and geological questions connected with Public health; General Geology of Scotland, with especial reference to the Glasgow district.</p>	

¹ The examination in this and the three preceding subjects will be oral and practical, as well as by written papers.

IN	SINGLE-COURSE STUDENTS.	DOUBLE-COURSE STUDENTS.
HISTORY	<p>Outlines of European (including British) History, A.D. 476-1453.</p>	<p>1910 and thereafter till further notice. For information apply to the Professor.</p>
CONSTITUTIONAL LAW AND HISTORY	<p>The Class Lectures with Taswell-Langmead's <i>English Constitutional History</i> and Dicey's <i>Law of the Constitution</i>.</p>	<p>1910 and thereafter till further notice. For information apply to the Lecturer.</p>
ROMAN LAW	<p>Institutes of Justinian (ed. Moyle or Sandars), and the Class Lectures. <i>Note.</i>—Candidates who aim at a degree in Law are recommended, in addition to the above, to profess <i>Dig.</i>, Lib. XVIII, Tit. I. The title is translated and annotated by Mackintosh—Roman Law of Sale.</p>	

ENGLISH.

1910.

The subjects of examination in English [*i.e.* English Literature, with Language and History as subsidiary subjects] will be as follows :

I. LITERATURE.—(1) General History of English Literature. Two papers will be set, of which the first will deal more particularly with Chaucer, Spenser, and the rise of the Drama. (2) One author to be selected by the candidate and approved by the Professor. (3) Shakespeare. (4) A Dissertation on some subject approved by the Professor; the dissertation to be sent in to the Clerk of Senate not less than a month before the first day of the examination at which the candidate presents himself.

II. LANGUAGE.—See “English Language, A.”

III. HISTORY.—“The Puritan Revolution (1558-1660).” The books prescribed as texts are: *The Life of Lord Herbert of Cherbury*; Clarendon's *History of the Rebellion*, Books I, II, III to section 66 (the reference is to the Oxford edition of 1888); Milton's *Areopagitica*; and a general knowledge of Carlyle's *Letters and Speeches of Cromwell* will be required.

1911.

A paper on Literary Theory will form part of the examination in Literature in 1911 and thereafter.

Note. Students who wish to graduate with Honours in Moral Philosophy *or* Logic with English, are required to take the Literature papers alone, and to write a thesis in connexion with English *or* Moral Philosophy *or* Logic.

ENGLISH LANGUAGE.

A. HONOURS IN ENGLISH.

- (1) General History of the English Language, with special reference to the Development of Standard English.
- (2) The Grammar of Old and Middle English.
- (3) Translation and Interpretation of specified and unspecified texts (see note).
- (4) Early English Literature (to the middle of the 14th century), Metric, and Literary Criticism.

Note.—The prescribed texts for October, 1910, and till further notice, are: (i.) Sweet's *Anglo-Saxon Reader*, (ii.) Morris and Skeat's *Specimens of Early English*, I, II., (iii.) *Beowulf*.

B. HONOURS IN GERMANIC LANGUAGES.

- (1) The Principles of Germanic Philology, with special reference to the languages studied for this examination.
- (2) Gothic (for texts see note).
- (3) History of English from the origins to the present day.
- (4) Translation and Interpretation of specified and unspecified texts (see note).
- (5) Early English Literature, Metric, Institutions, and allied subjects.

Note.—The prescribed texts are, till further notice:—(a) Gothic—1. The Gospel of St. Mark; 2. Epistles to the Corinthians. (b) English—1. *Beowulf*; 2. Chaucer; 3. one prose text and one verse text in both Old English and Middle English, selected from the following list, or approved beforehand by the lecturer: Alfred's *Boethius*, the O.E. *Bede*, *Exodus*, *Elene*, *Harlok the Dane*, *Gutharne and the Greene Knight*, *Ancen Ruele*, Dan Michel's *Aymbite of Inwyrt*.

FRENCH.¹

1910.

I. Translations from Old French and from English into Modern French. Translations into English.

II. Questions on the language and versification of old texts, the History of the French Language and Historical French Grammar.

III. Questions on the General History of French Literature.

IV. Essay in French on a subject taken from *one* of the following periods: (1) The Middle Ages; (2) The 16th and 17th centuries; (3) The 18th and 19th centuries.

V. Oral Examination.—(a) Reading, Translation, and Explanation of a text selected from one of the following books: Gaston Paris, *Chanson de Roland*, *Chrestomathie du Moyen Age*, *Extraits des Chroniqueurs français*; Jeanroy, *Montaigne's Essais*; Pellissier, *Extraits des poètes français du XVI^e siècle*; Du Bellay, *Défense et Illustration de la Langue française*; H. Estienne, *De la précellence du Langage français*; Rabelais, *Pages choisies* (A. Colin); (b) Explanation of a text of modern French; (c) A question to be answered on a subject or author, selected by the candidate, and approved by the Lecturer at least a month before the Examination takes place; (d) French History in the 19th century.

1911.

I., II., III., and IV. (All as above.)

V. Oral Examination (a) Explanation of texts selected from the following: *La Chanson de Roland*, *Chrestomathie du Moyen Age* (edn. Gaston Paris); *Les Chroniqueurs français* (edn. Gaston Paris et Jeanroy); *Pages Choiesies de Rabelais* (edn. Huguet); *Les Essais de Montaigne* (edn. Jeanroy); Du Bellay, *Défense et Illustration de la Langue française*; H. Estienne, *De la précellence du Langage français*. (b) Explanation of a text of modern French. (c) A question to be answered on a subject or author, selected by the candidate, and approved by the lecturer, at least one month before the examination takes place. (d) A question on French History.

GERMAN.¹

A. HONOURS IN MODERN LANGUAGES.

1910.

I. Translation from English into German and German into English.

II. (a) Old High German: *Althochdeutsche Literatur* (Schauffler, Goschen); (b) Middle High German: (1) *Walther von der Vogelweide* (Günter, Goschen), (2) *Das Nibelungenlied* (I. V.); (c) Historical German Grammar.

III. General Outline of German Literature.

IV. Special knowledge of 19th century literature, with critical knowledge of classics of this period.

V. Oral examination.

¹ In French, or German, or Italian, instead of Paper III. (General History of Literature), candidates are allowed to offer a dissertation written in the foreign language on some question dealing with the history of literature, the subject to be approved by the Lecturer, and the dissertation to be lodged with the Clerk of Senate not less than one month before the first day of the examination at which the candidate presents himself (or herself).

1911.

I. Translation from English into German and German into English.

II. (a) Old High German : *Althochdeutsche Literatur* (Schauffler, Göschen); (b) Middle High German : (1) Hartmann, *Der arme Heinrich*; *Kudrun* (Göschen); (c) *Die deutsche Heldensage* (Göschen); (d) Historical German Grammar.

III. General Outline of German Literature and German History.¹

IV. Special knowledge of German Literature in 17th and 19th centuries, with critical knowledge of the classics of these periods.

V. Oral examination.

1912.

I. (As above.)

II. (a) Old High German ; *Althochdeutsche Literatur* (Schauffler, Göschen); (b) Middle High German : *Kudrun* (Göschen); Wolfram, *Parzival* 1—5 (Göschen); (c) Historical German Grammar.

III. (As above.)

IV. Special knowledge of German Literature from 1745 to the present day, with a first-hand knowledge of Schiller's, Lessing's, and Goethe's Dramas, and of such works as may be prescribed in the lectures on German Literature given during the session.

V. Oral Examination.

B. HONOURS IN GERMANIC LANGUAGES.

1911 and 1912.

I. (a) Principles of Germanic Philology; (b) Gothic. (See under "English Language," B.)

II. (1) Old High German Grammar and Literature, and Braune's *Althochdeutsches Lesebuch*, V., XVI., XXIII., XXVIII.—XXXI., XXXII., 1—2.

(2) Middle High German Grammar and Literature, and *Des Minnesangs Frühling* I.—IX.; *Nibelungenlied* I.—VII.; Wolfram, *Parzival* III.

III. General knowledge of German Literature.

IV. Special knowledge of German Literature from 1745 to the present day, with a first-hand knowledge of Schiller's, Lessing's, and Goethe's Dramas, and of such works as may be prescribed in the lectures on German Literature.

V. Oral Examination.

ITALIAN.¹

1910.

I. Translations from Old Texts and from English into Italian.

II. Essay in English on Italian Philology.

III. Essay in Italian on general Italian History and Literature.

IV. Essay on Dante's *Purgatorio*.

V. Essay on Petrarca. Questions on sixteenth-century Literature.

VI. Oral Examination on Class work and on readings at home. (See Calendar, pp. 84, 85.)

¹ Same footnote as on previous page.

1911.

- I. (As above.)
- II. (As above.)
- III. Essay on the Historians of the Sixteenth Century.
- IV. Essay on one of the subjects of class work during the second term (see Calendar, pp. 84, 85).
- V. Essay on one of the subjects of class work during the third term (see Calendar, pp. 84, 85).
- VI. Oral Examination chiefly on Language and Philology with the aid of unseen texts.

HEBREW.

- Proverbs, Job, and Ezekiel.
 Petermann's Selections from the Targums.
 The treatise *Aboda Zara*.
 Brody and Albrecht's *New Hebrew School of Poets*, numbers 32-39 and 74-87 inclusive.
 History and Antiquities of Israel.
 History of Literature to the close of the Talmud.
 Composition and unseen Translation.
 Comparative Grammar of the Semitic Languages.

ARABIC.

The Korān : Baidawi's Commentary on selected chapters ; Hariri, *Makamat*, VII, IX, XIII, and XXV ; *El Fekheri* ; Majani's *Adab*, Vol. VI, pp. 113-119, 184-209, together with the selections from Abul Ala and Mutanabbi. Selections from Tabari and Ibn Khaldun in the Semitic Studies Series ; History of Mohammadan Dynasties (Lane Poole), and of Crusades (Stevenson) ; Arabic Literature (Huart) ; Prose Composition and Comparative Grammar.

CELTIC.

For information apply to the Lecturer.

LOGIC.

(a) Logic and Psychology : the subjects of the Class Lectures, Ordinary and Advanced. Candidates will be expected to have read some of the larger modern treatises on Logic, such as Mill, Venn, Sigwart, or Bosanquet, and a treatise on Psychology such as Stout's *Analytic Psychology* or James's *Principles of Psychology*.

(b) Metaphysics : (1) Kant's *Kritik of Pure Reason*. (2) Two of the following subjects, one to be a subject in Greek Philosophy and one in Modern Philosophy : (i.) History of Greek Philosophy up to Aristotle ; (ii.) Aristotle and the Post-Aristotelian systems (exclusive of Neo-Platonism) ; (iii.) Descartes and Cartesianism, Spinoza and Leibniz ; (iv.) Locke, Berkeley and Hume ; (v.) Hegel's smaller *Logic* (Wallace's translation).

MORAL PHILOSOPHY.

Candidates for Honours will be examined in : (1) The Professor's Lectures ; (2) Aristotle's *Ethics* (omitting Books VII and VIII), Aristotle's *Politics*, Books I-IV, and, in connection therewith, the History of Ethical Thought in Greece previous to Aristotle ; (3) Spinoza's *Ethics* ; (4) The Ethical Theory

of Kant, together with Caird's *Philosophy of Kant*, Books II, III, IV, and Green's *Prolegomena to Ethics*; (5) the general history of Modern Hedonism; (6) The history of Political Theories from Hobbes to Rousseau.

Candidates are, in addition, expected to offer for examination some book, subject, author, or period; or to submit a thesis on a subject in Philosophy, either in Logic or in Moral Philosophy or in English, such thesis to be lodged by the candidate when entering his name for examination.

ECONOMIC SCIENCE.

I. POLITICAL ECONOMY.—The subjects of the Class Lectures, Ordinary and Advanced. Prescribed books: Bosanquet, *Philosophical Theory of the State*; Marshall, *Principles of Economics*; Bastable, *Public Finance*; Seligman, *Essays in Taxation*; Ingram, *History of Political Economy*; Nicholson, *Money and Monetary Problems*; Warner, *Landmarks of English Industrial History*; Cannan, *Theories of Production and Distribution*; *Memoranda on Classification and Incidence of Imperial and Local Taxes* (Blue book), pp. 66–175; Report of the Royal Commission on the Poor Laws. [Cd. 4199.] Candidates will be required to submit a thesis on some subject to be approved by the Professor.

II. Either (a) LOGIC—see the regulations for Honours in Logic *ut supra*.

Or (b) MORAL PHILOSOPHY—see the regulations for Honours in Moral Philosophy *ut supra*.

Or (c) HISTORY.—The Course by the Lecturer on British History, or the Honours Class of the Professor of History. British Economic History to be studied in Cunningham, *Growth of English Industry and Commerce*; and Ashley, *Economic History*.

MATHEMATICS.

In addition to the subjects prescribed for the Ordinary Degree, Plane and Spherical Trigonometry; Analytical Geometry of two and three Dimensions; Differential and Integral Calculus; Differential Equations; Elements of the Theory of Functions. Candidates are also expected to profess a subject such as Harmonic Analysis, or Bessel Functions, or Elliptic Functions, or Algebra of Invariants, or Theory of Groups, etc., and will be examined on the more important aspects of the subject professed.

NATURAL PHILOSOPHY.

The subjects for Honours are grouped as follows:

Group I.—Higher Dynamics (Statics and Kinetics of a particle and of a rigid body, including attractions).

Group II.—(1) Hydrodynamics, including Sound; (2) Elasticity; (3) Thermodynamics and Conduction of Heat.

Group III.—(1) Geometric Optics; (2) Physical Optics; (3) Electromagnetism and Electromagnetic Theory of Light; (4) the Theory of Alternating Currents.

Note carefully—Every candidate must choose Group I., and at least one subject from each of the other groups. Ordinarily the first paper will be set on Group I., the second on Group II., and the third on Group III.

Candidates for Honours must be prepared to answer general questions outside their profession, to apply their knowledge of principles to the solution of unseen problems, and to discuss questions other than those dealt with in the class.

ASTRONOMY.

For information, apply to the Professor.

HISTORY.

Candidates will be examined in the following subjects: (1) British History to 1880. This subject includes the History of England and Scotland, the History of Ireland from the reign of Henry II., and the History of the Colonial Empire of Great Britain. (2) The General History of the English Constitution. (3) The Constitutional Law and Custom of Great Britain and the United States of America. Prescribed books: Dicey, *Law of the Constitution*; Anson, *Law and Custom of the Constitution*; Bryce, *American Commonwealth*. (4) The growth of the English Constitution to the close of the reign of Edward I. Prescribed book: Stubbs, *Select Charters*. (5) Outlines of European History, A.D. 476-1453.

Candidates may, *in addition*, submit through the Professor of History a thesis on some subject of British or Foreign History to be approved by the Board of Examiners for Honours in History. This should, as far as possible, be based on the leading original authorities on the subject of which it treats. Such thesis, when offered, will be considered as forming an integral part of the examination.

TABLE OF EXAMINATIONS FOR THE DEGREE OF M.A., TO BE HELD DURING SESSION 1910-11.

DATES OF EXAMINATIONS FOR MASTER OF ARTS.

¹ For Women Students, Miss Melville, Queen Margaret College.² When names are not given in, and fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be admitted to examination. A candidate is not held to be entered for the examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

2.—GRADUATION IN SCIENCE.

The Scottish University Commissioners (1889) have ordained that two Degrees in Science may be conferred by each of the Universities of Scotland—viz., Bachelor of Science (B.Sc.) and Doctor of Science (D.Sc.). These Degrees may be given in Pure Science and in Applied Science.

Degrees in Pure Science.

The following are the provisions of Ordinances No. 12¹, No. 42, No. 44, and No. 155 as they apply to this University:—

I. Two Degrees in Science may be conferred by the University of Glasgow—viz., Bachelor of Science (B.Sc.) and Doctor of Science (D.Sc.).

II. Every candidate for the Degree of Bachelor of Science must pass the Preliminary Examination² prescribed by the Arts Ordinance (Regulations for Degrees in Arts); and the conditions with respect thereto imposed by that ordinance (see pp. 221—229 and 236, 237) are applicable in all respects to candidates for the Degree of Bachelor of Science, except as follows:—(1) French or German may be substituted for Latin or Greek [See also top of p. 223]; (2) Mathematics must be passed on the higher standard;³ (3) a degree in Arts (not being a degree *honoris causa tantum*) in any of the Universities of the United Kingdom, or in any Colonial or Foreign University specially recognised for the purpose by the University Court after consultation with the Senatus, exempts from the Preliminary Examination.

III. (1) Candidates for the Degree of Bachelor of Science must, in the course of not less than three academical years, attend at least seven courses of instruction, in subjects prescribed for examination under Sections VIII. and IX. below.

(2) Three of these courses must be in subjects prescribed for the First Science Examination under Section VIII.; and four must be in subjects prescribed for the Final Science Examination under Section IX.

¹ This ordinance was printed in full in the *University Calendar* for 1892-93, pp. 485-488, and the modifications made by Ordinance No. 42 were indicated, by means of square brackets, in the *University Calendar* for 1894-95.

² Each applicant for examination in a special subject in the Preliminary Examination shall pay, in addition to the statutory fee for Preliminary Examination, the sum of One Guinea, and should the applicant be successful in passing the examination in the special subject he shall be entitled to recover the sum of One Guinea when he has become a matriculated student of the University, *etc.*, has entered his name in the Matriculation Album, and has been enrolled in at least one University Class.

³ A student who, having passed the Arts Preliminary Examination in accordance with the provisions of the Arts Ordinance, has thereafter obtained a certificate of attendance on a qualifying class of Mathematics, shall not be required to pass any further examination in Mathematics as a condition of entering on the course of study for graduation in Science under the provisions of Ordinance No. 12. See Ordinance No. 44, Section V. Candidates for the Degree of B.Sc. in Pure Science may offer themselves for examination in Mathematics on the intermediate instead of on the higher standard; provided that in addition to the ancient or modern language already taken they also offer themselves for examination in a modern language as a fifth subject, such further examination to be on the standard prescribed by the Joint Board for the Medical Preliminary. Notwithstanding these provisions, candidates shall not be entitled to profess at the Final Science Examination Mathematics, Natural Philosophy, or Astronomy, unless they have passed the Preliminary Examination in Mathematics on the higher standard. See Ordinance No. 155, Section I.

IV. (1) Four of the seven courses must be taken in this University.

(2) Three may be taken in other Universities or Institutions approved by the University Court, or under teachers recognised by the University Court for purposes of graduation in Science: Provided that the fees for attendance at an approved Institution or under a recognised teacher in Glasgow shall not be less than the fees exigible for the corresponding courses in the University.

V. All candidates, not matriculated students of the University, availing themselves of the permission to attend lectures at approved Institutions or by recognised teachers in Glasgow, shall at the commencement of each year of such attendance enrol their names in a book to be kept for that purpose in the University, paying a fee of the same amount as the Matriculation Fee paid by students of the University, and having in respect of such payment a right to the use of the Library of the University.

VI. (1) After receiving through the Faculty of Science the opinion of the Board of Studies, the Senatus determines from time to time the number of meetings of which a full course in any subject shall consist, and reports its determination to the University Court for its approval.

(2) After receiving through the Faculty of Science the opinion of the Board of Studies, the Senatus, with the approval of the University Court, may sanction half courses of not less than half the number of meetings which constitute a full course in the subject; but two half courses shall be held to be equivalent to a full course in such cases as the Senatus, with the approval of the University Court, may determine, and under such regulations as may from time to time be made for that purpose.

(3) It is the duty of each Professor and Lecturer annually at the end of each winter session to submit to the Board of Studies a scheme specifying what proportion of the courses shall be devoted to lectures, practical demonstrations, examinations, and tutorial work respectively. The Board of Studies shall transmit the schemes to the Faculty of Science, who shall submit them to the Senate with such observations as they may think fit to make thereon. The Senatus transmits such schemes, with such observations as it may think fit to make thereon, to the University Court for its approval.

(4) It is the duty of the Professors and Lecturers annually at the end of each winter session to submit to the Faculty of Science, for its consideration, a syllabus of the subjects and books proposed for the work of their classes during the next academical year. The Faculty of Science transmits such syllabus, with such observations as it may think fit to make thereon, to the Senatus for its approval.

VII. The provisions of the preceding section do not apply to approved institutions or recognised teachers outside Glasgow; but the University Court shall not grant or continue recognition to any institutions or teachers unless they shall be satisfied that their courses of instruction are equivalent to the courses sanctioned in the Universities of Scotland.

VIII. (1) There is a First Science Examination¹ in the three following subjects—viz., (1) Mathematics or Biology (*i.e.* Zoology and Botany);² (2) Natural Philosophy; (3) Chemistry.

¹This examination includes practical work in the subjects admitting of, or requiring it.

²Students are advised to attend the M.A. Course in Botany. See p. 119.

(2) The examination in all these subjects is the same as the examination in these subjects for the Ordinary Degree of Master of Arts.

(3) Candidates may present themselves in any one or more of these subjects at any examination held after they have attended a full course in the subject or subjects professed.

IX. (1) There is a Final Science Examination¹ on a higher standard in any three or more of the following subjects:—

- | | |
|---|--|
| 1. Mathematics. | 6. Physiology. |
| 2. Natural Philosophy. | 7. Geology, including Mineralogy. ² |
| 3. Astronomy. | 8. Zoology, including Comparative Anatomy. |
| 4. Chemistry. | 9. Botany, including Vegetable Physiology. |
| 5. Human Anatomy, including Anthropology. | |

(2) The standard of this examination shall be as nearly as possible equivalent to that of the examination for the Degree of Master of Arts with Honours, where the subjects are different; and where the subjects are the same the examination shall be identical.

(3) A subject already taken under the preceding section for the First Science Examination may be taken also under this section for the Final Science Examination.

(4) Candidates presenting themselves for this examination must have attended four full courses of higher instruction, including practical or laboratory work, in the subjects professed, subject always to the provisions of Sections VI. and VII. hereof.

(5) The Final Science Examination shall be taken not less than one year after the candidate has passed the First Science Examination.

The Senate, with the approval of the University Court, has framed the following regulations for the Final Science Examination, viz.:

(a) A candidate shall be allowed the option of presenting himself in any one subject for the Final Science Examination, or in two, or in three or more at one time.

(b) One of the subjects taken by each candidate shall be chosen by him to be the principal subject in his examination, and the remaining two or more shall be considered to be subsidiary subjects.

(c) A candidate having selected his principal subject should consult the Professor of that subject, and determine which are to be his subsidiary subjects. After deciding upon the choice and scope of the subsidiary subjects to be offered a statement embodying this decision must be submitted to the Senate for approval.

(d) The subsidiary subjects must be, in part at least, cognate to the principal subject, and the examination in them shall also be upon an Honours standard, but shall have special regard to those parts of the subjects which are cognate to the principal subject.

The following list has been drawn up by the Faculty of Science for the guidance of students in choosing a suitable combination of subjects:

¹This examination includes practical work in the subjects admitting of, or requiring it.

²The higher course in Geology, including Mineralogy, consists of fifty lectures together with practical Laboratory work.

PRINCIPAL SUBJECT.	SUBSIDIARY SUBJECTS.
1. Mathematics.	Natural Philosophy; Astronomy; Chemistry; Geology.
2. Natural Philosophy.	Mathematics; Astronomy; Chemistry; Geology.
3. Astronomy.	Mathematics; Natural Philosophy; Geology; Chemistry.
4. Chemistry.	Mathematics; Natural Philosophy; Physiology; Geology; Zoology; Botany.
5. Human Anatomy, including Anthropology.	Physiology; Zoology; Botany.
6. Physiology.	Chemistry; Human Anatomy; Zoology; Botany.
7. Geology, including Mineralogy.	Chemistry; Zoology; Botany; Mathematics; Natural Philosophy.
8. Zoology, including Comparative Anatomy.	Human Anatomy; Physiology; Geology; Botany.
9. Botany, including Vegetable Physiology.	Chemistry; Physiology; Geology; Zoology.

(e) Candidates shall be required to state at the time they enter for the final examination in each subject whether they desire it to be regarded as their principal subject or as a subsidiary subject, and in the event of the latter being the case they shall be required to state which subject they propose to take as their principal subject.

(f) In estimating the attainments of the various candidates in any subject the Examiners may take into account the duly attested records of their practical work.

X. If a student, before passing the Preliminary Examination, has attended a class qualifying for graduation, the Senatus may, on special cause shown, permit him to count such class for graduation, on condition of his passing the full Preliminary Examination within such time thereafter as the Senatus may appoint, and in every case the Senatus shall make a report to the University Court setting forth the reasons for the relaxation.

XI. A candidate for the degree of Bachelor of Science shall not be deemed to have attended a class as part of the curriculum for that degree who does not present a certificate bearing not only that he has given regular attendance, but also that he has duly performed the work of the class.

XII. It is competent to the Examiners for the degree of Bachelor of Science to report that a candidate has passed with special distinction in one or more of the subjects professed by him; and in such a case a diploma shall be given setting forth the subjects in respect of which the degree has been granted, and the subject or subjects in which special distinction has been obtained.¹

¹The following deliberation of the Faculty of Science was approved by the Senate on 14th October, 1890:—It is optional for a candidate to present himself for examination in more than one subject in the full scope of each subject, and in that case it is competent to the Examiners to report that the candidate has passed with special

DEGREE IN APPLIED SCIENCE.

XIII. Degrees in Applied Science may be instituted and conferred according to regulations to be laid down in special Ordinances applicable to each University by the Commissioners under the Universities (Scotland) Act, 1889; or after the expiry of their powers by the University Court in each University.

XIV. The provisions of Sections II. to VIII. of this Ordinance inclusive, in so far as they relate to the Preliminary and First Science Examinations, shall be applicable in all respects to degrees in Applied Science instituted as aforesaid, except where special provision is made to the contrary in the special Ordinances aforesaid.

DOCTORATE OF SCIENCE.

XV. Graduates of any University who have held the degree of Bachelor of Science for a term of five years, may offer themselves for the degree of Doctor of Science in the same University.

XVI. A candidate for the Degree of Doctor of Science shall present a thesis or a published memoir or work¹ to be approved by the Senatus (on the recommendation of the Faculty of Science when duly constituted): Provided that, if required by the Senatus, the candidate shall also be bound to pass such an examination as may from time to time be determined. [This examination is to be conducted by Examiners appointed under University Court Ordinance No. XXVI., Section X. See p. 295.]

The thesis shall be a record of original research undertaken by the candidate, and shall be accompanied by a declaration, signed by him, that the work has been done and the thesis composed by himself.²

GENERAL.

XVII. A student who, at the time when this ordinance shall come into operation, shall have completed a part of his course of study with a view to graduation in Science in any of the Scottish Universities under regulations in force at the time in such University, and shall thereafter complete his course of study and pass the necessary examinations in conformity with such regulations,³ or with the provisions of this ordinance, may become a candidate for the Degree of Bachelor of Science.

XVIII. The Degrees of Bachelor and Doctor of Science shall in no case be conferred on persons who have not complied with the conditions hereinbefore set forth, and shall not be conferred *honoris causa tantum*.

XIX. This ordinance came into force on 1st October, 1892.

distinction in one or more of the subjects professed by him; but distinction shall not be awarded in a subsidiary subject to a candidate whose examination therein has been confined to a limited part of the subject.

¹ The Thesis must be lodged on or before 14th January.

² Each successful Candidate for the Degree of D.Sc. is required to furnish to the University a certain number of copies of his Thesis, either printed or satisfactorily multiplied from a type-written copy, the number of copies in each case to be fixed by the Senate.

³ Students who began their course previous to 1890 may qualify themselves for the Degree of B.Sc. under the old regulations, which are given in the *University Calendar* for 1884-85; those who began in 1890, or 1891, or 1892 may qualify under the regulations contained in the *Calendar* for 1892-93.

OUTLINE OF EXAMINATIONS FOR B.Sc. IN PURE SCIENCE.

First Examination.

MATHEMATICS—see p. 247. ZOOLOGY—see p. 248.

BOTANY—see p. 248. NATURAL PHILOSOPHY—see p. 247.

CHEMISTRY—see p. 248.

Final Examination.

MATHEMATICS—see p. 255 (Honours in Arts).

NATURAL PHILOSOPHY—see p. 255 (Honours in Arts).

ASTRONOMY.

The examination is partly written and partly practical. In the written examination the candidate has to show thorough knowledge of Spherical Astronomy as treated in the Junior course of the Professor's lectures and of Popular Astronomy, and comprehension of the principles developed in the Senior course of lectures on Celestial Dynamics. The practical examination embraces calculation of the ephemeris of a planet (which can be made at any time at home), and the determination of time, azimuth, and latitude by transit instrument, theodolite, and sextant. Also see page 104.

CHEMISTRY.

The examination is partly written and oral, and partly practical. Principles and Theories of Chemistry; general inorganic and organic Chemistry; Elements of metallurgical and physical Chemistry. The practical examination embraces inorganic quantitative analysis, physical determinations such as molecular weight, organic analysis and preparations.

Books recommended:—Bloxam, *Chemistry*; or Thorpe, *Inorganic Chemistry*; or Richter, *Inorganic Chemistry*; Perkin & Kipping, *Organic Chemistry*; and Gatterman, *Practical Methods of Organic Chemistry*; Roberts-Austen, *Introduction to Metallurgy*; Walker, *Introduction to Physical Chemistry*.

HUMAN ANATOMY.

Candidates for the final B.Sc. in Anatomy will be required to show a sound practical knowledge of Human Anatomy. When the subject is proposed as a *Principal Subject* the candidate will be expected to show, in addition, a competent knowledge of Human Embryology and Morphology and of Physical Anthropology, and a fuller knowledge of one or other branch. When the subject is taken as a *Subsidiary Subject* the candidate will be required to pass on an honours standard in some branch of Anatomy cognate with his principal subject.

The Professor should be consulted as to the course of study to be followed, and the books to be read in each individual case.

PHYSIOLOGY.

Candidates for the final B.Sc. in Physiology will be expected to show a sound knowledge of General Physiology, and in addition a candidate must specialise on one or more of the following branches of the subject:

(1) Physiological Chemistry. (2) Digestion and Metabolism. (3) Circulation and Respiration. (4) The Neuro-muscular System. (5) The Special Senses and Experimental Psychology. (6) Histology and Embryology from the physiological aspect. The Professor should be consulted as to the books to be read upon each branch of the subject.

Candidates are expected to have a full knowledge of the special department chosen.

The Examination consists of written papers and of practical and oral examinations. The duly attested laboratory note-books of the candidate and any records of original work presented will be considered.

The practical examination will embrace (a) Physiological Chemistry, (b) Histology, and (c) Experimental work on General Physiology, such as is overtaken in the Advanced Practical Class, and will have special reference to the particular branch of the subject selected by the candidate.

GEOLOGY.

Candidates for the final B.Sc. in Geology will be required to show somewhat fuller knowledge of the subjects enumerated at p. 248 of *Cal.*, and in addition a more advanced knowledge of the principles and methods of petrography; the methods of palaeontology, as illustrated by the study of one special group of fossils; the stratigraphy of Scotland with especial reference to Western Scotland and a knowledge of the principles of mining geology, including the study of ores and the chief economic mineral deposits, theories of Ore Deposition, the classification of ores, and the characters of some leading mining fields.

The essential laboratory text-book is *Cole's Aids in Practical Geology*, but candidates are expected to have read selected chapters from advanced text-books, general treatises and special memoirs, of which a list is supplied at the beginning of each session.

ZOOLOGY, INCLUDING COMPARATIVE ANATOMY.

As "Principal Subject."

Candidates are expected to show a general knowledge of the classification of the Animal Kingdom and of the structural, developmental, and other features characteristic of its subdivisions.

The Examination is such as to test the general attainments of the candidate in Zoology while special stress is laid on such parts of the subject as have been dealt with in the advanced courses of instruction during the preceding two years.

There is a Practical Examination, part of which is *viva voce*, in which in addition to their general knowledge of the subject candidates are expected to show skill in dissection and other methods of laboratory technique.

Candidates will also be expected to show a knowledge of the more general problems of Zoology, *e.g.* Evolutionary Theory, the principles of Zoogeography, the main data regarding the processes of maturation and conjugation of the germ cells, etc. Special lectures will be arranged so far as possible to deal with such general portions of the subject.

As a "Subsidiary Subject."

In addition to an elementary knowledge of the subject generally, candidates are expected to display knowledge on an Honours standard of some restricted part of the subject, chosen with due regard to the nature of the Candidate's principal subject and after consultation with the Professors concerned.

The following text-books are recommended in addition to those used by the elementary class:—

Text-book of Zoology by A. Sedgwick. *Comparative Anatomy of Vertebrates* by Wiedersheim.

For reference in regard to special groups, Korschelt & Heider's *Invertebrate Embryology*, Hertwig's *Embryology of Vertebrates*, *The Cambridge Natural History*, Lankester's *Zoology*.

Students are further recommended to read Weismann's *Evolution Theory*, and Darwin's *Origin of Species*.

BOTANY.

Candidates for the Final B.Sc. Examination in Botany will be expected to show an adequate knowledge of the External Morphology, Anatomy, and Physiology of Plants, and of the leading features in their Geological History. Also a general knowledge of the leading types, and classification of the main groups of Algae, Fungi, Bryophyta, and Pteridophyta.

The syllabus of work in the course for B.Sc. (from April 1908 till further notice) may be obtained at the Matriculation Office.

The following books are suggested:—As a general text-book, Strasburger's *Textbook of Botany*, 3rd Engl. Ed. For more detailed information, especially of the Algae and Fungi, Warming's *Systematic Botany*. For use in the garden, especially for flowering plants, Willis' *Flowering Plants and Ferns*, 2nd Edn. For field work, Hooker's *Students' Flora of the British Islands*.

The reading of Candidates should also extend to more special treatises; such as Scott's *Studies in Fossil Botany*; Schimper's *Plant Geography*; Bower's *Origin of a Land Flora*; Campbell's *Mosses and Ferns*, etc., as well as to original papers, such as are referred to in the bibliography of Strasburger's *Textbook*.

There will be two three-hour papers, and two practical examinations [three hours each].

Candidates will also be examined orally.

TABLE OF EXAMINATIONS FOR DEGREE OF B.Sc. IN PURE SCIENCE DURING SESSION 1910-11.

Names to be given in and Fees paid to Assistant-Clerk ¹ (Matriculation Office). Date. ²	FEE.	DATES OF WRITTEN EXAMINATIONS AND HOURS AT WHICH THE DIFFERENT PAPERS WILL BE SET.	
		The Oral Examinations in Science follow the Written at dates to be arranged.	
6th September, 1910.		Mathematics (Ord. and Hon.), -	Friday, 30th Sept., 9-12 noon and 2-5 p.m.
		Astronomy, -	Saturday, 1st Oct., 9-12 noon.
		Botany, -	Monday, 3rd Oct., 9-12 noon.
		Chemistry, -	Do., do., 2-5 p.m.
		Anatomy, -	Tuesday, 4th Oct., 9-11 a.m.
		Zoology, -	Do., do., 9-12 noon.
		Physiology, -	Do., do., 12-3 p.m.
		Mathematics (Hon.), -	Wednesday, 5th Oct., 9-11 a.m.
		Astronomy, -	Do., do., 2-5 p.m.
		Natural Philosophy (Ord. and Hon.), -	Saturday, 8th Oct., 9-12 noon and 2-5 p.m.
6th March, 1911.		Natural Philosophy (Hon.), -	Monday, 10th Oct., 9-12 noon.
		Geology, Paper I., -	Tuesday, 11th Oct., 9-12 noon.
		Geology, Paper II., -	Wed., 12th Oct., 9-12 noon.
		Geology, Practical, -	Do., do., 2-5 p.m.
		Astronomy, -	Saturday, 25th March, 9-12 noon.
		Zoology, -	Monday, 27th March, 9-12 noon.
		Chemistry, -	Do., do., 2-5 p.m.
		Anatomy, -	Tuesday, 28th March, 9-11 a.m.
		Physiology, -	Do., do., 9-12 noon.
		Astronomy, -	Do., do., 12-3 p.m.
12th May, 1911		Geology, Paper I., -	Do., do., 2-5 p.m.
		Geology, Practical, -	Saturday, 1st April, 9-12 noon.
		Geology, Paper II., -	Do., do., 2-5 p.m.
		Mathematics (Ord.), -	Monday, 3rd April, 9-12 noon.
		Natural Philosophy (Ord.), -	Tuesday, 30th May, 9-12 noon and 2-5 p.m.
			Wed., 31st May,

£1 IS. FOR EACH SUBJECT UNTIL 6s. SHALL HAVE BEEN PAID.

¹ For Women students, Miss Melville, Queen Margaret College.

² When Names are not given in and Fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be admitted to examination. A candidate is not held to be entered for the examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

For Dates in regard to Science Preliminary Examination see page 256.

Degrees in Science in Engineering.

The following are the provisions of Ordinance No. 23, Glasgow No. 2:—

I. Two Degrees in Science in Engineering may be conferred by the University of Glasgow, viz., Bachelor of Science in Engineering¹ and Doctor of Science in Engineering.

II. Every candidate for the degree of Bachelor of Science in Engineering must pass the Preliminary Examination² prescribed by the Arts Ordinance (Regulations for degrees in Arts), and the conditions with respect thereto imposed by the said ordinance (see pp. 221—229 and 236, 237) are applicable in all respects to this ordinance except as follows:— (1) French or German may be substituted for Latin or Greek [see also top of page 223]; (2) *Mathematics must be passed on the higher standard*; (3) a degree in Arts (not being a degree *honoris causa tantum*) in any of the Universities of the United Kingdom, or in any Colonial or Foreign University specially recognised for the purpose by the University Court after consultation with the Senatus Academicus, exempts from the Preliminary Examination; (4) the *Preliminary Examination must be passed before the candidate presents himself for any part of the First Science Examination, but not necessarily before the candidate enters on his curriculum.*

III. Candidates must in the course of not less than three academical years attend at least the nine courses of instruction prescribed under Section IX.

IV. (1) Five of the nine courses must be taken in this University. One of these courses must be a course in Engineering.

(2) Four may be taken in other Universities or institutions approved by the University Court, or under teachers recognised by the University Court for purposes of graduation in Science in Engineering: Provided that the fees for attendance at an approved institution in Glasgow or under a recognised teacher there shall not be less than the fees exigible for the corresponding courses in the University of Glasgow.

V. It is competent to the University Court to admit to the examinations for the degree of Bachelor of Science in Engineering, and to graduation, any candidate who presents the diploma of the Glasgow and West of Scotland Technical College, and who has passed the Preliminary Examination hereinbefore appointed: Provided that before such candidate shall be admitted to the Final Science Examination prescribed under Section XI. hereof:—

¹ By order of the Council of the Institution of Civil Engineers the possession of the Degree of B.Sc. in Engineering, taken after Midsummer, 1913, will exempt graduates applying for election into the Institution as Associate Members from passing the examination prescribed by the Council, provided that the candidate's Preliminary Examination includes Dynamics and has been passed in the University, at one sitting, before entry upon any course of study which forms part of the degree course. Recipients of Preliminary Science Certificates obtained after Midsummer, 1910, as exempting from the Institution Studentship Examination, is also subject to fulfilment of this condition.

² As to the fee payable for examination in a special subject, see footnote on page 261

- (1) He shall, after having received the said diploma, have attended in this University at least three full courses, during at least one academical year; and of these courses one at least shall be in Engineering, *including Laboratory Practice*.^{1 2}
- (2) He shall, after having received the said diploma, have attended in this University such courses as will, along with the classes taken at the said College for the said diploma, be equivalent to the whole courses for the curriculum hereinafter instituted.

VI. The University Court may make regulations to enable candidates not matriculated students of the University availing themselves of the permission to attend Lectures at approved institutions or by recognised teachers in Glasgow, to obtain on payment of a fee not exceeding in amount the Matriculation Fee paid by the students of the University, a right to the use of the Library of the University.

VII. (1) The Senatus determines from time to time the number of meetings of which a full course in any subject shall consist, and reports its determination to the University Court for its approval.

(2) The Senatus, with the approval of the University Court, may sanction half courses of not less than half the number of meetings which constitute a full course in the subject; and two half courses shall be held to be equivalent to a full course in such cases as the Senatus, with the approval of the University Court, may determine, and under such regulations as may from time to time be made for that purpose.

(3) It is the duty of the Professors and Lecturers annually at the end of each winter session to submit to the Senatus a scheme specifying what proportion of the courses shall be devoted to lectures, practical demonstrations, examinations, and tutorial work respectively. The Senatus shall transmit such scheme, with such observations as it may think fit to make thereon, to the University Court for its approval.

(4) It is the duty of the Professors and Lecturers annually at the end of each winter session to submit to the Faculty of Science, for its consideration, a syllabus of the subjects and books proposed for the work of their classes during the next academical year. The Faculty of Science shall transmit such syllabus, with such observations as it may think fit to make thereon, to the Senatus for its approval.

VIII. The provisions of the preceding section do not apply to approved institutions or recognised teachers outside Glasgow; but the University Court shall not grant or continue recognition to any institutions or teachers unless it shall be satisfied that their courses of instruction are equivalent to the courses sanctioned in the University of Glasgow.

¹ See first note on page 272.

² Candidates for the Degree of B.Sc. in Mining Engineering, who possess the Diploma of the Glasgow Technical College, may attend in the University, as their course in "Engineering, including Laboratory Practice," the Mining Classes I., II., III., and the Mining Laboratory (Mining Class IV.).

IX. The subjects of study¹ shall be as follows:—

1. Mathematics, including Analytical Geometry, and Differential and Integral Calculus.
2. Natural Philosophy, including Applied Higher Mathematics.
3. Chemistry.
4. A course in the Physical Laboratory,² or in the Chemical Laboratory,³ or of Practical Chemistry.

and either:—

- 5, 6. Two courses in Engineering,² including Laboratory Practice.
- 7, 8. Two courses of practical work in Drawing.
9. A course in one of the following:—

- (a) Astronomy and Geodesy.
- (b) Geology and Mineralogy.
- (c) Naval Architecture.
- (d) Engineering Laboratory, Mechanical or Electrical (Special Course). [This laboratory course cannot be taken concurrently with either of the laboratory courses specified under 5, 6.]
- (e) Electricity—Pure and Applied.
- (f) *Mining Engineering* (Class I. or Class II.).
- (g) *Metallurgical Chemistry*.
- (h) *Any half-course of lectures in Engineering not already taken under 5, 6.*

or:—

- 5, 6. Two courses in Naval Architecture with Marine Engineering.
- 7, 8. Two courses of practical work in Ship and Engineering Drawing.
9. A course in Engineering, including Laboratory Practice.

Provided that during the three years immediately subsequent to the date on which this ordinance shall come into force, the courses in Engineering herein prescribed shall not necessarily include Laboratory Practice.

IXA.⁴ *The following is the curriculum for the Degree of B.Sc. in Mining Engineering:—*

¹ The words in *italics* in this and other sections are modifications which the University Court, on representations by the Senate, made by virtue of the power conferred upon the Court by Section XIV. of this Ordinance.

² The Physical Laboratory must have been taken previously by those who take Electrical Engineering under 5, 6.

³ During the first half of the Winter Session, in the case of students who select the Chemical Laboratory.

⁴ This curriculum, having been arranged by the Senate, was sanctioned by the University Court on 18th June, 1903, in virtue of the power belonging to the Court according to Section XIV. of this Ordinance.

FIRST YEAR: *Mathematics (Ordinary); Natural Philosophy (Ordinary); Chemistry; Chemical Laboratory;*¹ *Mining, Class I. (50 meetings).*

SECOND YEAR: *Engineering, Class I.; Engineering, Class II. or III.; Mining, Class II. (50 meetings); Drawing; Geology and Mineralogy.*

THIRD YEAR: *Electrical Engineering, Class I.; Metallurgy; Metallurgical Laboratory; Mining, Class III. (25 meetings); Mining (Practical), Class IV. (25 meetings);*² *Engineering Laboratory; Mining Geology (50 meetings).*³

*Provided that practical work in a mine shall be required of every candidate for the Degree of B.Sc. in Mining Engineering to such an extent and under such regulations as the Senate, with the approval of the University Court, may from time to time appoint.*⁴

Under this proviso, the following regulations, proposed by the Senate, were approved by the University Court:

1. Practical work in a mine shall be required for two periods of three months each, and the candidate must not be under sixteen years of age at the time of commencing this practical work.

2. The candidate must produce evidence satisfactory to the Senate that he has fulfilled this requirement.⁵

X. (1) There shall be a First Science Examination⁶ in subjects 1, 2, 3, and 4 of the section immediately preceding.

(2) The examination in (1) Mathematics and (2) Natural Philosophy shall include the higher branches of Mathematics specified under Mathematics and the higher Mathematics included under Natural Philosophy in the section immediately preceding;⁶ but it shall be optional to candidates to pass the same examination in either or both of these subjects as that required for the Ordinary Degree of Master of Arts: Provided that in that case they shall be required before graduation to pass a subsequent examination in the remainder of the subject or subjects.

(3) Candidates may present themselves in any one or more of the subjects of the First Science Examination at any examination held after they have attended a full course in the subject or subjects professed.

¹ During the first half of the Winter Session.

² These six words were added by the University Court on 9th April, 1908.

³ The last four words were added by the University Court on 11th April, 1907.

⁴ This amending paragraph was added by the University Court on 21st July, 1904.

⁵ The Secretary of State for the Home Department, on 29th September, 1904, approved of the University of Glasgow in respect of the Degree of B.Sc. in Mining Engineering and of the Certificate of Proficiency in Mining Engineering for the purposes of the Coal Mines Regulation Act (1887) Amendment Act, 1903.

⁶ The Senate has authorised the Examiners in Mathematics and Natural Philosophy to return as having passed in the elementary part of either or both of these subjects any candidate who has attempted the examination in the higher branches of either or both and has failed to pass, provided that in the opinion of the Examiners the candidate has attained a standard equivalent to that required for the ordinary Degree of M.A.

XI. (1) There shall be a Final Science Examination¹ in subjects 5, 6, 7, 8, and 9 of Section IX. hereof; and, if required, in the higher branches of Mathematics as provided in Section X., Sub-section 2 hereof.

(2) Candidates may present themselves in any one or more of these subjects at any examination held after they have passed the First Science Examination and have attended the required courses in the subject or subjects professed: Provided that for this purpose subjects 5, 6, 7, and 8, specified in Section IX. hereof shall be deemed one subject.

XI.A.² *The following is the Scheme of Examinations for the Degree of B.Sc. in Mining Engineering:—*

(1) *There shall be a First Science Examination in Mathematics (Ordinary), Natural Philosophy (Ordinary), Chemistry, and Chemical Laboratory, and a Final Science Examination in all the other subjects.*

(2) *Candidates may present themselves in any one or more of the subjects of the First Science Examination at any examination held after they have attended a full course in the subject or subjects professed; and in any one or more of the subjects of the Final Science Examination at any examination held after they have passed the First Science Examination, and have attended the required course or courses in the subject or subjects professed: provided that for this purpose Mining I., II., and III. shall be deemed one subject.*

The examination in the course of "Geology and Mineralogy" taken in the second year will include one written paper and a paper of practical questions: the examination in "Mining Geology" dealing with the course taken in the third year will include one written paper and a paper of practical questions.

XII. A candidate for the degree of Bachelor of Science in Engineering shall not be deemed to have attended a class as part of the curriculum for that degree who does not present a certificate bearing not only that he has given regular attendance, but also that he has duly performed the work of the class.

XIII. It is competent to the Examiners for the degree of Bachelor of Science in Engineering to report that a candidate has passed with special distinction in one or more of the subjects professed by him; and in such a case a diploma shall be given setting forth the subjects in respect of which the degree has been granted, and the subject or subjects in which special distinction has been obtained.

XIV. It is competent to the University Court of the University of Glasgow to modify from time to time the provisions as to curriculum hereinbefore contained, in case such modification shall be rendered desirable by the development of Engineering science, or in consequence of further provisions having been made within or without the University

¹ This examination includes practical work in the subjects admitting of, or requiring it: Provided that, in the case of Engineering Students, a practical examination shall be passed in Chemistry or Physics according as the Chemical or the Physical Laboratory Course has been chosen as part of the qualifying curriculum.

² This amending section was added by the University Court on 8th April, 1909.

for the study of any special branch of the said Science : Provided that in no case shall the number of full courses of study required be less than the number required for the Degree of Bachelor of Science in Pure Science, as specified in Ordinance No. 12.

DOCTORATE OF SCIENCE IN ENGINEERING.

XV. Graduates of the University of Glasgow who have held the degree of Bachelor of Science in Engineering for a term of five years may offer themselves for the degree of Doctor of Science in Engineering in the said University.

XVI. A candidate for the Degree of Doctor of Science in Engineering shall present a thesis or a published memoir or work¹ to be approved by the Senatus (on the recommendation of the Faculty of Science when duly constituted) : Provided that, if required by the Senatus, the candidate shall be bound to pass such an examination as may from time to time be determined.

The thesis shall be a record of original research undertaken by the candidate, or of important engineering work designed by himself, and actually carried out, and shall be accompanied by a declaration, signed by him, that these conditions have been satisfied.²

GENERAL.

XVII. Candidates who produce certificates that they have satisfied all the conditions prescribed by this ordinance, and who have passed the necessary examinations, shall be entitled to receive the degrees of Bachelor of Science in Engineering and Doctor of Science in Engineering, as the case may be, on payment of the fees required.

XVIII. A student who, at the time when this ordinance shall come into operation, shall have completed a part of his course of study with a view to graduation in Science in Engineering in the University of Glasgow, under regulations in force at the time therein, and shall thereafter complete his course of study and pass the necessary examinations in conformity with such regulations,³ or with the provisions of this Ordinance, may become a candidate for the degree of Bachelor of Science in Engineering.

XIX. The degrees of Bachelor and Doctor of Science in Engineering shall in no case be conferred on persons who have not complied with the conditions hereinbefore set forth, and shall not be conferred *honoris causâ tantum*.

XX. This Ordinance came into force from and after the date on which it was approved by Her Majesty in Council, viz., 26th June, 1893.

¹ The Thesis must be lodged on or before 14th January.

² See second note on page 265.

³ Students who began their course previous to 1890 may qualify themselves for the Degree of B.Sc. under the old regulations, which are given in the *University Calendar* for 1884-85 ; those who began in 1890, or 1891, or 1892 may qualify under the regulations contained in the *Calendar* for 1892-93.

TABLE OF EXAMINATIONS FOR DEGREE OF B.SC. IN ENGINEERING DURING SESSION 1910-11.

DATES OF WRITTEN EXAMINATIONS AND HOURS AT WHICH THE DIFFERENT PAPERS WILL BE SET.

The Oral Examinations in Science follow the Written at dates to be arranged.

SEPTEMBER OCTOBER, 1910.

Mathematics.	-	-	-	Friday, 30th Sept., 9-12 noon and 2-5 p.m.
Mathematics (Special for Engineering).	-	-	-	Do., do., 9-12 noon.
Astronomy.	-	-	-	Saturday, 1st Oct., 9-12 noon.
Chemistry.	-	-	-	Monday, 3rd Oct., 2-5 p.m.
Engineering, Paper III.	-	-	-	Tuesday, 4th Oct., 9-11 a.m.
Electrical Engineering, Paper II.	-	-	-	Do., do., 9-12 noon.
Engineering Laboratory.	-	-	-	Wednesday, 5th Oct., 9-12 noon.
Astronomy.	-	-	-	Do., do., 2-5 p.m.
Electrical Engineering, Paper I.	-	-	-	Do., do., 2-5 p.m.
Naval Architecture.	-	-	-	Thursday, 6th Oct., 9-11 a.m.
Engineering Drawing.	-	-	-	Do., do., 9-12 noon and 2-5 p.m.
Ship Drawing, etc.	-	-	-	Do., do., 2-5 p.m.
Engineering, Paper I.	-	-	-	Friday, 7th Oct., 9-11 a.m.
Engineering, Paper II.	-	-	-	Do., do., 3-5 p.m.
Natural Philosophy.	-	-	-	Saturday, 8th Oct., 9-12 noon and 2-5 p.m.
Natural Philosophy (Special for Engineering).	-	-	-	Do., do., 9-12 noon.
Mining III.	-	-	-	Do., do., 9-12 noon.
Mining Laboratory.	-	-	-	Do., do., 2-4 p.m.
Engineering, Paper IV.	-	-	-	Monday, 10th Oct., 9-12 noon.
Mining II.	-	-	-	Do., do., 9-12 noon.
Mining I.	-	-	-	Do., do., 2-5 p.m.
Geology, Paper I.	-	-	-	Tuesday, 11th Oct., 9-12 noon.
Metallurgical Chemistry.	-	-	-	Do., do., 2-5 p.m.
Geology, Paper II.	-	-	-	Wednesday, 12th Oct., 9-12 noon.
Geology, Practical.	-	-	-	Do., do., 2-5 p.m.
Physical Laboratory.	-	-	-	Thursday, 13th Oct., 9 a.m.
Electricity (Pure and Applied).	-	-	-	Do., do., 9-12 noon.

When names are not given in and Fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be admitted to examination. A candidate is not held to be entered for the examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

For Dates of the Preliminary Examinations see page 226.

Names to be given in and Fees paid to Assistant-Clerk (Matriculation Office) Date, 1

£1 IS. FOR EACH SUBJECT UNTIL £6 6S. SHALL HAVE BEEN PAID.

6th Sept., 1910.

TABLE OF EXAMINATIONS FOR DEGREE OF B.Sc. IN ENGINEERING DURING SESSION 1910-11.

Names to be given in and Fees paid to Assistant Clerk (Matriculation Office). Date. ¹	DATES OF WRITTEN EXAMINATIONS AND HOURS AT WHICH THE DIFFERENT PAPERS WILL BE SET.	
Fee.	The Oral Examinations in Science follow the Written at dates to be arranged.	
	MARCH—APRIL, 1911.

		Do., do., 2-4 p.m.

¹ When names are not given in and Fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be admitted to examination. A candidate is not held to be entered for the examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

For Dates of the Preliminary Examinations see page 226.

6th March, 1911.

CERTIFICATES OF PROFICIENCY IN ENGINEERING SCIENCE.

Certificates of Proficiency in Engineering Science will be granted to students who shall have gone through the following course of study, practical work, and examinations, to the satisfaction of the Board of Examiners:—

1. Mathematics, including Analytical Geometry and Differential and Integral Calculus.
2. Natural Philosophy—the work of the Ordinary Class.
3. Chemistry.

And either:—

- 4, 5. Two courses in Engineering, including Laboratory Practice.
- 6, 7. Two courses of practical work in Drawing.
8. A course in one of the following:—
 - (a) Astronomy and Geodesy.
 - (b) Geology and Mineralogy.
 - (c) Naval Architecture.
 - (d) Engineering Laboratory, Mechanical or Electrical (special course). [This laboratory course cannot be taken concurrently with either of the laboratory courses specified under 4, 5.]
 - (e) Electricity—Pure and Applied.
 - (f) Mining Engineering (Class I. or Class II.).
 - (g) Metallurgical Chemistry.
 - (h) Any half course of lectures in Engineering not already taken under 4, 5.

Or:—

- 4, 5. Two courses in Naval Architecture with Marine Engineering.
- 6, 7. Two courses of practical work in Ship and Engineering Drawing.
8. A course in Engineering, including Laboratory Practice.

Certificates of Proficiency in Mining Engineering will be granted to students who shall have gone through the following course of study, practical work, and examinations, to the satisfaction of the Board of Examiners:—

FIRST YEAR: Mathematics (Ordinary); Natural Philosophy (Ordinary); Chemistry; Chemical Laboratory; ¹ Mining, Class I. (50 meetings).

SECOND YEAR: Engineering, Class I.; Engineering, Class II. or III.; Mining, Class II. (50 meetings); Drawing; Geology and Mineralogy.

THIRD YEAR: Electrical Engineering, Class I.; Metallurgy; Metallurgical Laboratory; Mining, Class III. (25 meetings); Mining (Practical), Class IV. (25 meetings); Engineering Laboratory; Mining Geology (50 meetings).

No candidate is admitted to the special examination for either certificate, in any department, till he has given regular attendance upon and duly performed the work of the prescribed course of study in that department.

Candidates are not required to pass the Preliminary Examination.

¹ During the first half of the Winter Session.

Degree in Science in Agriculture.

The regulations for the Degree of Bachelor of Science in Agriculture are contained in Ordinance No. 134 of the Universities Commission (1889), and are as follows:—

I. A degree of Bachelor of Science in Agriculture may be conferred by the University of Glasgow.

II. Every candidate for the degree of Bachelor of Science in Agriculture must pass the Preliminary Examination¹ prescribed by the Arts Ordinance (Regulations for Degrees in Arts); and the conditions with respect thereto imposed by the said Ordinance (see pp. 221—229 and pp. 236, 237) shall be applicable in all respects to this Ordinance except as follows:—(1) French or German may be substituted for Latin or Greek; (2) Mathematics shall be passed on the higher standard;² (3) a degree in Arts (not being a degree *honoris causâ tantum*) in any of the Universities of the United Kingdom, or in any Colonial or Foreign University specially recognised for the purpose by the University Court after consultation with the Senatus Academicus, shall exempt from the Preliminary Examination; (4) the Preliminary Examination must be passed before the candidate presents himself for any part of the First Science Examination, but not necessarily before the candidate enters on his curriculum.

III. (1) Candidates must in the course of not less than three Academic years, within the meaning of the Ordinance hereinbefore first mentioned, attend at least twelve courses of instruction, in the subjects specified in Section VIII. of this Ordinance.

(2) It shall be the duty of the Senatus to determine from time to time which of the said courses shall be full courses and which shall be half courses respectively, and also to determine the number of meetings of which such full courses and half courses respectively shall consist, and to report its determination to the University Court for its approval.

Under this subsection the Senate, with the approval of the University Court, has determined that of the subjects specified in Section VIII. of this Ordinance, Nos. 1, 2, 3, 4, 5, 6 and 10 shall be taught in full courses, and Nos. 7, 8, 9, 11 (*a*), 11 (*b*), 11 (*c*) and 12 in half courses, and that the number of meetings shall be those inserted in square brackets in Section VIII. opposite the several subjects.

IV. (1) Five full courses or their equivalent (counting two half courses as one full course) must be taken in the University of Glasgow. The course in Agriculture and Rural Economy must also be taken in the University of Glasgow, if instruction in the said subjects be provided in the University, or in the West of Scotland Agricultural

¹ As to the fee payable for examination in a special subject, see footnote on p. 261.

² Candidates for the Degree of B.Sc. in Agriculture may offer themselves for examination in Mathematics on the intermediate instead of on the higher standard; provided that in addition to the ancient or modern language already taken they also offer themselves for examination in a modern language as a fifth subject, such further examination to be on the standard prescribed by the Joint Board for the Medical Preliminary.

College¹: Provided always that that course in the said College shall be accepted as equivalent to a course in the University, subject to the following conditions:—

- (a) The Senatus Academicus shall be represented on the governing body of the Agricultural College.¹
- (b) All future appointments to the Chair of Agriculture in the Agricultural College¹ shall be vested in a Joint Committee, consisting of three members of the University Court and of three members of the governing body of the Agricultural College.¹

(2) The remainder of the said courses may be taken in other Universities or Institutions approved by the University Court, or under teachers recognised by the University Court for purposes of graduation in Science in Agriculture: Provided that the fees for attendance at an approved Institution in Glasgow or under a recognised teacher there shall not be less than the fees exigible for the corresponding courses in the University of Glasgow.

(3) Residence and practical work at a farm shall be required of each candidate to such an extent and under such regulations as the Senatus, with the approval of the University Court, may from time to time appoint.

Under this subsection the following regulations have been made by the Senate, with the approval of the University Court.

1. Residence and practical work at a farm for twelve months shall be required, and the candidate must not be under sixteen years of age when he commences the residence.

2. The residence must be for twelve consecutive months, except in special cases in which the Senate may grant recognition of residence during two shorter periods amounting together to at least twelve months.

3. The candidate must produce evidence, satisfactory to the Senate, that he has fulfilled these regulations.

V. All students availing themselves of the permission to attend the lectures of the teachers in the various departments of Agriculture in the West of Scotland Agricultural College, or of teachers in other approved institutions in Glasgow, or of other recognised teachers in Glasgow, must, at the commencement of each year of such attendance, enrol their names in a book to be kept in the University for that purpose, paying a fee of the same amount as the matriculation fee paid by the students of the University, and having in respect of such payment a right to the use of the Library of the University.

VI. (1) It shall be the duty of the Professors and Lecturers annually, at the end of each winter session, to submit to the Senatus a scheme specifying what proportion of the courses shall be devoted to lectures,

¹An ordinance was framed by the University Court on 6th August, 1900, and approved by His Majesty in Council on 24th July, 1901, which substituted the West of Scotland Agricultural College for the Glasgow and West of Scotland Technical College.

practical demonstrations, examinations, and tutorial work respectively. The Senatus shall transmit such scheme, with such observations as it may think fit to make thereon, to the University Court for its approval.

(2) It shall be the duty of the Professors and Lecturers annually, at the end of each winter session, to submit to the Faculty of Science for its consideration a syllabus of the subjects and books proposed for the work of their classes during the next Academical year. The Faculty of Science shall transmit such syllabus, with such observations as it may think fit to make thereon, to the Senatus for its approval.

VII. The provisions of the immediately preceding section shall not apply to approved institutions or recognised teachers outside Glasgow; but the University Court shall not grant or continue recognition to any institutions or teachers unless it shall be satisfied that their courses of instruction are equivalent to the courses sanctioned in the University of Glasgow, where such exist.

VIII. The subjects of study shall be as follows:—

1. $\left\{ \begin{array}{l} \text{Mathematics [100 meetings].} \\ \text{or Biology, } i.c., \end{array} \right. \left\{ \begin{array}{l} \text{Zoology [100 meetings, viz., 50 lectures and 50} \\ \text{and practical].} \\ \text{Botany, [100 meetings, viz., 50 lectures and 50} \\ \text{practical].}^1 \end{array} \right.$
2. Natural Philosophy [100 meetings].
3. Chemistry [100 meetings and three months in Chemical Laboratory].
4. Agriculture and Rural Economy [100 meetings].
5. Agricultural Chemistry [100 meetings, viz., 50 lectures and 50 practical].
6. Geology [80 meetings, including 50 lectures and 28 practical demonstrations].
7. Veterinary Hygiene [50 meetings].
8. Agricultural Botany [50 meetings].
9. Agricultural Entomology [25 meetings].
10. Economic Science as applied to Agriculture [100 meetings].²
11. One of the following:—
 - (a) Forestry [50 meetings].
 - (b) Experimental Physics [50 meetings].
 - (c) Engineering [50 meetings].
12. Engineering Field Work [50 meetings].

¹Students are advised to attend the M.A. Course in Botany. See p. 119.

²The Glasgow and West of Scotland Technical College contemplates the institution of a special class for the teaching of this subject in 50 meetings. Until this special class shall be instituted candidates are required to attend the ordinary class of Political Economy [100 meetings]. After both classes are available students will have the option of taking either. In the examination prescribed under Section X. every candidate shall be required to work a paper of questions on Economic Science as applied to Agriculture.

IX. (1) There shall be a First Science Examination in the three following subjects—viz., (1) Mathematics or Biology (*i.e.*, Zoology and Botany); (2) Natural Philosophy; (3) Chemistry.

(2) The examination in all these subjects shall be the same as the examination in these subjects for the degree of Bachelor of Science, under the provisions of Ordinance No. 12 [General, No. 7—Regulations for Degrees in Science].

(3) Candidates may present themselves in any one or more of the subjects of the First Science Examination at any examination held after they have attended a full course in the subject or subjects professed.

X. (1) There shall be a Final Science Examination¹ in the remaining subjects (4 to 12 inclusive) specified in Section VIII. hereof.

(2) Candidates may present themselves in any one or more of these subjects at any examination held after they have passed the whole of the subjects comprised in the First Science Examination, and have attended the required courses in the subjects professed.

XI. A candidate for the degree of Bachelor of Science in Agriculture shall not be deemed to have attended a class as part of the Curriculum for that degree who does not present a certificate bearing, not only that he has given regular attendance, but also that he has duly performed the work of the class.

XII. The Examiners for the degree of Bachelor of Science in Agriculture shall be the Professors of the subjects in the Curriculum in the University of Glasgow, the Professor of Agriculture in the West of Scotland Agricultural College, and such additional Examiners as the University Court shall see fit to appoint.

GENERAL.

XIII. Candidates who produce certificates that they have satisfied all the conditions prescribed by this Ordinance, and who have passed the necessary examinations, shall be entitled to receive the degree of Bachelor of Science in Agriculture, on payment of the fees required.

XIV. The degree of Bachelor of Science in Agriculture shall in no case be conferred on persons who have not complied with the conditions hereinbefore set forth, and shall not be conferred *honoris causâ tantum*.

XV. This ordinance came into force from and after the date on which it was approved by Her Majesty in Council, viz., 13th August, 1895.

¹ The examination in Agricultural Botany, Agricultural Entomology, and Experimental Physics, may be practical.

¹ When Names are not given in and Fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be admitted to examination. A candidate is not held to be entered for the examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

For Dates in regard to Science Preliminary Examination see page 226.

Degrees in Science in Public Health.

The following are the provisions of University Court Ordinance No. vi. (Glasgow, No. 2):—

I. Two degrees in Science in Public Health shall be conferred by the University of Glasgow, viz.: Bachelor of Science in Public Health (B.Sc. Pub. Health) and Doctor of Science in Public Health (D.Sc. Pub. Health).

B.SC. IN PUBLIC HEALTH.

II. Candidates for the degree of Bachelor of Science in Public Health must be graduates in Medicine of a University of the United Kingdom, or of some other University recognised for the purpose by the University Court of the University of Glasgow.

III. Candidates must be matriculated for the year in which they appear for examination or graduation.

IV. Candidates shall be admitted to the Degree of Bachelor of Science in Public Health only after they have fulfilled the following conditions, viz.: they must produce evidence

(1) That, after their graduation in Medicine, they have received practical instruction, including instruction in Chemistry, Bacteriology, and the Pathology of the Diseases of Animals transmissible to man, for at least twenty hours per week during a period of not less than eight months, of which at least five consecutive months must be in the Public Health Laboratory of the University of Glasgow, and the remainder in the foresaid Laboratory, or in a Public Health Laboratory recognised for the purpose by the University Court;

(2) That they have attended either before or after graduation in Medicine, such courses on (*a*) Physics and (*b*) Geology, either in the University of Glasgow or elsewhere, as would qualify for graduation in Science or Arts in the said University; or have attended in said University or any other Scottish University in addition to the course in Physics qualifying for graduation in Medicine, such further course in Physics as the Senatus Academicus, with the approval of the University Court, shall deem necessary, and such a course in Geology extending over not less than three months, as the Senatus with the like approval shall deem sufficient and appropriate.

(3) That after their graduation in Medicine they have attended two separate courses in Public Health, one course dealing with Medicine and consisting of seventy-five meetings of the class, the other with Engineering and consisting of twenty-five meetings of the class, each in its relation to Public Health, in such manner as the Senatus Academicus, with the approval of the University Court, shall determine.

(4) That after their graduation in Medicine they have for six months, three of which must be continuous, practically studied sanitary work under the supervision of:

- (a) In England and Wales, the Medical Officer of Health of a County or of a single Sanitary District having a population of not less than 50,000, or a Medical Officer of health devoting his whole time to Public Health work ; or
- (b) In Scotland, a Medical Officer of Health of a County or Counties, or of one or more Sanitary Districts having a population of not less than 30,000 ; or
- (c) In Ireland, a Medical Superintendent Officer of Health of a District or Districts having a population of not less than 30,000 ; or
- (d) A Medical Officer of Health who is also a Teacher in the Department of Public Health of a recognised Medical School.

Half of the above period must be devoted solely to the study of sanitary work as aforesaid ; the other half partly to the same study.

(5) That after their graduation in Medicine they have attended during three months the practice of an Hospital for Infectious Diseases in an Hospital at which opportunities are afforded for the study of Methods of Administration, recognised for the purpose by the University Court ; and

(6) That they have had three months' instruction in Mensuration and Drawing under a teacher recognised for the purpose by the University Court.

V.¹ Each candidate shall be examined both in writing and orally, and also practically where the nature of the subject admits, in the following divisions, viz. : *First*, in (a) Public Health Laboratory work, (b) Physics, and (c) Geology, if an examination in Physics or Geology, as the case may be, qualifying for graduation either in Science or Arts has not previously been passed by the Candidate ; *Second*, in (a) Sanitation, including reports on dwellings, workshops, hospitals, and sanitary schemes generally, (b) Sanitary Law, (c) Vital Statistics, and (d) Medicine in its bearings on Public Health, and the examinations in these subjects shall be taken at one time.

VI. Candidates who have passed their examinations in the subjects comprised in the first division shall not be admitted to examination in the second division sooner than eighteen months after having taken their degree in Medicine, nor sooner than six months after having passed the first examination.

VII. The Board of Studies for the Faculty of Science along with the Lecturer or Professor of Public Health shall from time to time, with the approval of the Senatus and the University Court, determine and announce the character of the instruction to be given in the Laboratory, and shall fix the standard of the examinations.

VIII. It shall also be competent for the University Court, after consultation with the Senatus, to modify from time to time the

¹ The Senate, with the approval of the University Court, has made, under Ordinance No 13, the following regulation :—A period of not less than twelve months shall have elapsed between the attainment of a registrable qualification in Medicine, Surgery, and Midwifery, and the admission of the candidate to any examination, or any part thereof, for the Degree of B.Sc. in Public Health.

provisions as to the work and instruction hereinbefore specified as necessary for graduating in Science in Public Health, in case such modification shall be rendered desirable by the development of the Science of Public Health, or by increase of the facilities provided in the said University or elsewhere for the study of any branch of the said Science.

IX. The Examiners for graduation in Science for the Degree of B.Sc. in Public Health in the University of Glasgow shall be the Professors in that University whose subjects qualify for graduation in Science, together with such Lecturers in the University, and such additional Examiners to be appointed by the University Court as the University Court shall deem necessary, provided that the Court shall make such provision as will ensure that every candidate shall be examined in each subject by at least two Examiners, of whom one shall not be a Professor or Lecturer in the University. Provided also that the Examination under Section V. in Sanitation, including reports of dwellings, workshops, and hospitals, and sanitary schemes generally, shall be conducted by two Examiners, one of whom shall be a Medical Officer of Health, and the other shall be the Professor of, or Lecturer on, Public Health in the University.

D.SC. IN PUBLIC HEALTH.

X. Graduates who have held the degree of Bachelor of Science in Public Health from the University of Glasgow for a term of five years, may offer themselves for the Degree of Doctor of Science in Public Health in the said University.

XI. Each candidate for the degree of Doctor of Science in Public Health shall present a thesis or a published memoir or work to be approved by the Senatus, on the recommendation of the Faculty of Science, and shall also be required to pass an examination in Public Health, and in such of its special departments as the Senatus, with the approval of the University Court, by regulations framed from time to time, shall determine.

The thesis, or published memoir or work, shall be a record of original research undertaken by the candidate, and shall be accompanied by a declaration, signed by him, that the work has been done, and the thesis or memoir composed by himself.¹

XII. The Senatus Academicus shall appoint such Professors or Lecturers as it may think suitable to conduct the examination of candidates who may offer themselves under the provisions of this Ordinance for the Degree of Doctor of Science, and the University Court shall, after consultation with the Senatus Academicus, appoint such additional Examiners as they deem necessary to act along with them. Such additional Examiners shall be persons of recognised eminence in the subject of the thesis, or memoir, or work which is to be submitted for approval, and may be Professors or Lecturers in any Scottish University other than the University of Glasgow.

XIII. The thesis, memoir, or work submitted by a candidate for the Degree of Doctor of Science shall in each case be examined by the

¹ For Women students, Miss Melville, Queen Margaret College.

² When Names are not given in and Fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be admitted to examination. A candidate is not held to be entered for the examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

additional Examiner to be appointed by the University Court, as well as by the Examiners to be appointed by the Senatus under the provisions of Section XII. of this Ordinance.

XIV. The result of the examination of the thesis, memoir, or work submitted by a candidate, as well as the result of the Examination prescribed under Section XI. of this Ordinance, shall be reported to the Faculty of Science.

GENERAL.

XV. Candidates who produce certificates bearing that, either before or after, or partly before and partly after, the date at which this Ordinance shall come into force, they have satisfied the conditions prescribed by this Ordinance, and who have passed the necessary examinations, shall be entitled to receive the degrees of Bachelor of Science in Public Health and Doctor of Science in Public Health, as the case may be, on payment of the fees required.

XVI. The degrees of Bachelor and Doctor of Science in Public Health shall in no case be conferred on persons who have not complied with the conditions hereinbefore set forth, and shall not be conferred *honoris causâ tantum*.

XVII. This Ordinance shall come into force from and after the date on which it is approved by His Majesty in Council.

Approved, 20th May, 1903.

DEGREE IN SCIENCE IN PHARMACY.

The following are the provisions of the University Court Ordinance No. XVI. (Glasgow No. 4), issued on 3rd May, 1906, and approved by His Majesty in Council on 11th February, 1907 :—

I. A Degree of Bachelor of Science in Pharmacy (B.Sc. Pharm.) may be conferred by the University of Glasgow.

II. Every candidate for the Degree of Bachelor of Science in Pharmacy must pass the Preliminary Examination prescribed by the Arts Ordinance (Regulations for Degrees in Arts), and the conditions with respect thereto imposed by the said Ordinance shall be applicable in all respects to Candidates for the Degree of Bachelor of Science in Pharmacy, except as follows :—(1) French or German may be substituted for Latin or Greek ; (2) Mathematics shall be passed on the higher standard ; (3) a degree in Arts (not being a degree *honoris causâ tantum*) in any of the Universities of the United Kingdom, or in any Colonial or Foreign University specially recognised for the purpose by the University Court after consultation with the Senatus Academicus, shall exempt from the Preliminary Examination.

III. Candidates for the Degree of Bachelor of Science in Pharmacy must, in the course of not less than three Academical years, within the meaning of the Ordinance last above mentioned, attend at least seven courses of instruction in subjects prescribed for examination under Sections X. and XI. of this Ordinance, and must have been practically

engaged in the operations of Pharmacy, and have fulfilled the other conditions thereanent, as prescribed in Section XI. of this Ordinance.

IV. Three of the courses mentioned in Section III. must be in subjects prescribed for the first Science Examination under Section X. of this Ordinance, and four must be in subjects prescribed for the final Science Examination under Section XI. of this Ordinance.

V. (1) Four of the seven courses must be taken in the University of Glasgow.

(2) Three may be taken in other Universities or Institutions approved by the University Court, or under teachers recognised by the University Court for purposes of graduation in Science; provided that the fees for attendance at an approved Institution or under a recognised teacher in Glasgow shall not be less than the fees exigible for the corresponding courses in the University.

VI. All Candidates, not matriculated students of the University, availing themselves of the permission to attend lectures at approved Institutions, or by recognised teachers in Glasgow, shall at the commencement of each year of such attendance enrol their names in a book to be kept for that purpose in the University, paying a fee of the same amount as the Matriculation Fee paid by students of the University, and having, in respect of such payment, a right to the use of the Library of the University.

VII. (1) After receiving through the Faculty of Science the opinion of the Board of Studies, the Senatus shall determine from time to time the number of meetings of which a full course in any subject shall consist, and shall report its determination to the University Court for its approval.

(2) After receiving through the Faculty of Science the opinion of the Board of Studies, the Senatus, with the approval of the University Court, may sanction half courses of not less than half the number of meetings that constitute a full course in the subject; and two half courses shall be held to be equivalent to a full course in such cases as the Senatus, with the approval of the University Court, may determine, and under such regulations as may from time to time be made for that purpose.

(3) It shall be the duty of each Professor and Lecturer annually at the end of each Winter Session to submit to the Board of Studies a scheme specifying what proportion of the courses shall be devoted to lectures, practical demonstrations, examinations, and tutorial work respectively. The Board of Studies shall transmit the schemes to the Faculty of Science, who shall submit them to the Senatus with such observations as they may think fit to make thereon. The Senatus shall transmit such schemes, with such observations as it may think fit to make thereon, to the University Court for its approval.

(4) It shall be the duty of each Professor and Lecturer annually at the end of each Winter Session to submit to the Board of Studies for its approval a syllabus of the subjects and books proposed for the work of his class or classes during the next Academical year. Upon such

approval being given the syllabus shall be transmitted to the Faculty of Science for its consideration. The syllabus, with such observations as the Faculty of Science may think fit to make thereon, shall then be transmitted to the Senatus for its sanction.

VIII. The provisions of the preceding section shall not apply to approved Institutions or recognised Teachers outside Glasgow; but the University Court shall not grant or continue recognition to any Institutions or Teachers unless they shall be satisfied that their courses of instruction are equivalent to the courses sanctioned in the Universities of Scotland.

IX. Candidates must be matriculated students of the University of Glasgow when they appear for examination or graduation.

X. (1) There shall be a First Science Examination in the three following subjects, viz.:—(1) Mathematics or Biology (*i.e.*, Zoology and Botany); (2) Natural Philosophy; (3) Chemistry.

(2) The Examination in all these subjects shall be the same as the Examination in these subjects for the first Bachelor of Science Examination in Pure Science with the addition of practical work in the subjects which admit of it.

(3) Candidates may present themselves in any one or more of these subjects at any Examination held after they have attended the required course in the subject or subjects professed.

XI. (1) There shall be a Final Science Examination on a higher standard on the following subjects:—

1. Chemistry.
2. Botany.
3. Materia Medica.
4. Pharmacy.

(2) Candidates presenting themselves for this Examination must (*a*) have passed in all the subjects comprised in their First Science Examination; (*b*) have attended a full course of higher instruction, including practical or laboratory work, in each of the four subjects; and (*c*) already be Chemists and Druggists registered under the Pharmacy Acts, 1852 and 1868, or be Graduates in Medicine of a University of the United Kingdom, or of some other University recognised for the purpose by the University Court of the University of Glasgow.

XII. If a student, before passing the Preliminary Examination, has attended a class qualifying for graduation, the Senatus may, on special cause shown, permit him to count such class for graduation, on condition of his passing the full Preliminary Examination within such time thereafter as the Senatus may appoint, and in every case the Senatus shall make a report to the University Court setting forth the reasons for the relaxation.

XIII. A candidate for the Degree of Bachelor of Science in Pharmacy shall not be deemed (1) to have attended a class as part of the curriculum for that Degree who does not present a certificate bearing not only that he has given regular attendance, but also that he has duly performed the work of the class; (2) to have fulfilled the conditions respecting the

practice of Pharmacy who does not present a certificate or diploma showing that he possesses either of the qualifications required under Section XI. (2) *c* of this Ordinance.

XIV. It shall be competent to the Examiners for the Degree of Bachelor of Science in Pharmacy to report that a candidate has passed with special distinction in one or more of the subjects professed by him; and in such a case a diploma shall be given setting forth the subjects in respect of which the Degree has been granted, and the subject or subjects in which special distinction has been obtained.

XV. The Examiners for the Degree of Bachelor of Science in Pharmacy in the University of Glasgow shall be the Professors in that University whose subjects qualify for the Degree, together with such Lecturers in the University and such additional Examiners to be appointed by the University Court as the University Court shall deem necessary, provided that the Court shall make such provisions as will ensure that every candidate shall be examined in each subject by at least two examiners, of whom one shall not be a Professor or Lecturer in the University.

XVI. Candidates who produce certificates that they have satisfied all the conditions prescribed by this Ordinance, and who have passed the necessary examinations, shall be entitled to receive the Degree of Bachelor of Science in Pharmacy on payment of the fees required.

XVII. The Degree of Bachelor of Science in Pharmacy shall in no case be conferred on persons who have not complied with the conditions hereinbefore set forth, and shall not be conferred *honoris causâ tantum*.

XVIII. For the purposes of this Ordinance the Professor of *Materia Medica* shall be deemed to be a Member of the Faculty of Science.

XIX. This Ordinance shall come into force at the beginning of the Winter or Summer Session next after the date of its approval by His Majesty in Council.

DIPLOMA IN EDUCATION.

The following regulations drawn up by the Senate were approved by the University Court on 26th April, 1900 :

1. Candidates for the Diploma in Education must be graduates¹ in Arts or Science of a University in the United Kingdom, or of some other University recognised for this purpose by the University Court.

2. The diploma is of two grades: (*a*) General Diploma, and (*b*) Diploma with Distinction.

3. The general diploma is open to any graduate in Arts or Science who fulfils the following requirements:

(*a*) In addition to the curriculum for his Degree he must give attendance on a full course and pass the Degree examination

¹ Women who have been placed in the Class-lists of one or other of the Final Honours Examinations in the University of Oxford or the University of Cambridge shall be deemed to be graduates for the purpose of these regulations.

on the same, subject to the condition that the regulations applicable to this additional course as a Degree course shall be fulfilled. This additional course may be taken at any time either before or after graduation.

- (b) The Education course must in every case either constitute part of his Degree curriculum, or be the additional course prescribed in the preceding subsection.
- (c) He must produce evidence either (1) that he has attended a course of Professional Training, extending over three years, under a Provincial Committee for the Training of Teachers or in a Training College for Teachers, or (2) that, after graduation, he has attended a course of Professional Training, extending over one year, under a Provincial Committee for the Training of Teachers or in a Training College for Teachers.
- (d) He must pass a Written examination, conducted by the University, in School Management and Organisation and Methodology, and give proof of his practical skill by conducting a class to the satisfaction of an Examiner or Examiners appointed by the University.

4. The Diploma with Distinction is open to any holder of an ordinary degree in Arts, any graduate in Arts with Honours, or any graduate in Science, who fulfils the requirements of the preceding regulation, and in addition passes an examination on the method of teaching one or more of the following groups of subjects as taught in Secondary Schools, viz. (a) Classics; (b) Mathematics; (c) Science; (d) English, including History; (e) French and German: Provided always that the holder of an ordinary Degree in Arts before being admitted to the examination on the method of teaching shall be required to pass an examination equivalent to an Honours or to a Final Science examination in the group or groups of subjects selected by him.

5. The Fee for the Diploma is Two Guineas.

Examinations for the Diploma will be held on Friday, 11th November, 1910, from 9 a.m. to 12 noon, and from 2 p.m. to 5 p.m.; and on Friday, 23rd June, 1911, from 9 a.m. to 12 noon, and from 2 p.m. to 5 p.m. Candidates for the General Diploma take the forenoon paper only. Names of candidates to be given in to the Assistant-Clerk, Matriculation Office, on 1st November, 1910, or on 8th June, 1911.

3.—HIGHER DEGREES IN ARTS AND SCIENCE.

In University Court Ordinance No. XXVI., issued on 11th June, 1908, and approved by His Majesty in Council on 26th September, 1908, the University Court made the following regulations for Higher Degrees in Arts and Science:—

DEGREE OF D.Sc.

I. Graduates who have obtained any degree in the University of Glasgow, and who have either before or after graduation passed the Examination in an Honours Group for the degree in Arts, or the Final Science Examination for the degree in Pure Science or in

Engineering, may offer themselves for the degree of Doctor of Science (D.Sc.) after the expiry of five years from the date of their graduation.

II. Research Students within the meaning of Ordinance No. 61 [General, No. 23.—Regulations for the Encouragement of Special Study and Research and for the Appointment of Research Fellows], who have prosecuted in the University of Glasgow some special study or research under that Ordinance, may offer themselves for the degree of Doctor of Science; provided—

(1) That they have obtained a degree in any Scottish University, or a degree in another University specially recognised by the University Court for the purpose of this section which the Senatus shall deem to be equivalent to the corresponding degree in the University of Glasgow; and provided that candidates who have obtained any such degree in a University outside the United Kingdom so recognised may be required, if the Senatus think fit, before beginning their course as Research Students with a view to the degree of Doctor of Science, to pass an examination equivalent to an Honours or to a Final Science Examination in a group of subjects cognate to their line of work as Research Students.

(2) That they have spent not less than two terms in each of two academical years, or an equivalent period, as Research Students in the University of Glasgow, and that they produce to the Senatus evidence of satisfactory progress in the special study or research undertaken by them during that period.

(3) That a period of not less than five years shall have elapsed from the date of the graduation required in sub-section (1) of this section.

III. All candidates for the degree of Doctor of Science shall present a thesis or a published memoir or work, to be approved by the Senatus on the recommendation of the Faculty of Science; provided that, if required by the Senatus, the candidate shall also be bound to pass such an examination conducted orally or practically, or by written papers, or by all of these methods, on the subjects of his special study or of his thesis, memoir, or work, as may from time to time be determined. The thesis shall be a record of original research in relation to science undertaken by the candidate, or of some important engineering work designed by the candidate and actually carried out, and shall be accompanied by a declaration signed by him that the work has been done and the thesis composed by himself. If the thesis has not already been published, it shall be published by the candidate in such manner as the Senatus shall approve, and a copy thereof shall be deposited by the candidate in the University Library.

DEGREE OF D. PHIL.

IV. Graduates who have obtained any degree in the University of Glasgow, and who have either before or after graduation passed the Examination in an Honours Group for the degree in Arts, or the

Final Science Examination for the degree in Pure Science or in Engineering, may offer themselves for the degree of Doctor of Philosophy (D.Phil.) after the expiry of five years from the date of their graduation.

V. Research Students as aforesaid, who have prosecuted in the University of Glasgow some special study under Ordinance No. 61 [General, No. 23.—Regulations for the Encouragement of Special Study and Research, and for the Appointment of Research Fellows], may offer themselves for the degree of Doctor of Philosophy; provided—

(1) That they have obtained a degree in any Scottish University, or a degree in another University, specially recognised by the University Court for the purpose of this section which the Senatus shall deem to be equivalent to the corresponding degree in the University of Glasgow; and provided that candidates who have obtained any such degree in a University outside the United Kingdom so recognised may be required, if the Senatus think fit, before beginning their course as Research Students with a view to the degree of Doctor of Philosophy, to pass an examination equivalent to an Honours Examination in a group of subjects cognate to their line of work as Research Students.

(2) That they have spent not less than two terms in each of two academical years, or an equivalent period, as Research Students in the University of Glasgow, and produce to the Senatus evidence of satisfactory progress in the special study undertaken by them during that period.

(3) That a period of not less than five years shall have elapsed from the date of the graduation required in sub-section (1) of this section.

VI. All candidates for the degree of Doctor of Philosophy shall present a thesis or a published memoir or work, which shall be an original contribution to learning in relation to philosophy, to be approved by the Senatus on the recommendation of a Special Committee appointed by the Senatus; provided that, if required by the Senatus, a candidate shall also be bound to pass such an examination, conducted orally or otherwise, on the subjects of his special study, or of his thesis, memoir, or work, as may from time to time be determined. The thesis or memoir or work shall be accompanied by a declaration signed by the candidate that it has been composed by himself. If the thesis has not already been published, it shall be published by the candidate in such manner as the Senatus shall approve, and a copy thereof shall be deposited by the candidate in the University Library.

DEGREE OF D.LITT.

VII. Graduates who have obtained any degree in the University of Glasgow, and who have either before or after graduation passed the Examination in an Honours Group for the degree in Arts, or the Final Science Examination for the degree in Pure Science or in

Engineering, may offer themselves for the degree of Doctor of Letters (D.Litt.) after the expiry of five years from the date of their graduation.

VIII. Research Students as aforesaid, who have prosecuted in the University of Glasgow some special study under Ordinance No. 61 [General, No. 23.—Regulations for the Encouragement of Special Study and Research, and for the Appointment of Research Fellows], may offer themselves for the degree of Doctor of Letters; provided—

(1) That they have obtained a degree in any Scottish University, or a degree in another University specially recognised by the University Court for the purpose of this section, which the Senatus shall deem to be equivalent to the corresponding degree in the University of Glasgow; and provided that candidates who have obtained any such degree in a University outside the United Kingdom so recognised may be required, if the Senatus think fit, before beginning their course as Research Students with a view to the degree of Doctor of Letters, to pass an examination equivalent to an Honours Examination in a group of subjects cognate to their line of work as Research Students.

(2) That they have spent not less than two terms in each of two academical years, or an equivalent period, as Research Students in the University of Glasgow, and produce to the Senatus evidence of satisfactory progress in the special study undertaken by them during that period.

(3) That a period of not less than five years shall have elapsed from the date of the graduation required in sub-section (1) of this section.

IX. All candidates for the degree of Doctor of Letters shall present a thesis or a published memoir or work, which shall be an original contribution to learning in relation to literature, to be approved by the Senatus on the recommendation of a Special Committee appointed by the Senatus; provided that, if required by the Senatus, a candidate shall also be bound to pass such an examination, conducted orally or otherwise, on the subjects of his special study, or of his thesis, memoir, or work, as may from time to time be determined. The thesis or memoir or work shall be accompanied by a declaration signed by the candidate that it has been composed by himself. If the thesis has not already been published, it shall be published by the candidate in such a manner as the Senatus shall approve, and a copy thereof shall be deposited by the candidate in the University Library.

GENERAL.

X. Notwithstanding, and in supplement of the provisions of Ordinance No. 13 [General, No. 8.—Regulations as to Examinations], sections XIV. and XV., the Senatus shall appoint such Professors or Lecturers in the University as it may think suitable to examine the theses and to conduct the examination of candidates who may offer themselves under the provisions of Ordinance No. 12 [General, No. 7.—Regulations for Degrees in Science] or of Ordinance No. 23

[Glasgow, No. 2. —Regulations for Degrees in Science in Engineering] or of this Ordinance, for the degree of Doctor of Science, Doctor of Philosophy, or Doctor of Letters; and the University Court shall, after consultation with the Senatus, appoint one or more additional Examiners to act along with them in adjudicating on the merits of the candidates. Every such additional Examiner shall be a person of recognised eminence in the subject of the thesis or memoir or work which is to be submitted for approval, and may be a Professor or Lecturer in any Scottish University other than the University of Glasgow. The result of the examination and adjudication shall be reported to the appropriate Faculty or Special Committee of Senatus, who shall if they think fit make a recommendation thereon to the Senatus; and no candidate shall be approved for the degree unless the Senatus is satisfied that his work is of distinction as a record of original research undertaken by himself, or of important engineering work designed by himself and actually carried out, or as an original contribution to learning.

XI. The degrees of Doctor of Science, Doctor of Philosophy, and Doctor of Letters shall in no case be conferred on persons who have not satisfied the conditions hereinbefore set forth, and shall not be conferred *honoris causâ tantum*.

XII. The fee to be paid for the degree of Doctor of Science shall be ten guineas, and shall be payable on each occasion on which the candidate offers himself for the degree.

XIII. The fee to be paid for the degree of Doctor of Philosophy shall be ten guineas, and shall be payable on each occasion on which the candidate offers himself for the degree.

XIV. The fee to be paid for the degree of Doctor of Letters shall be ten guineas, and shall be payable on each occasion on which the candidate offers himself for the degree.

XV. This Ordinance shall come into force from and after the date on which it is approved by His Majesty in Council.

4.—GRADUATION IN MEDICINE AND SURGERY.

The Degrees in Medicine and Surgery conferred by this University are all recognised by the Medical Acts as qualifying for practice throughout the British dominions, and for admission to the Army, Navy, and Public Medical Service.

Every student who began medical studies previous to 1st January, 1892, is entitled to graduate under the system in force before or after that date, according as he shall comply with the regulations in force in the University before¹ or after that date. All others must fulfil the requirements of the new ordinance—(Ordinance No. 14, Glasgow No. 1—Regulations for Degrees in Medicine)—the principal provisions of which are as follows:—

I. Four degrees in Medicine and Surgery are conferred by the University of Glasgow, viz., Bachelor of Medicine (M.B.), Bachelor of

¹ These regulations may be found at pp. 188–192 of the *University Calendar* for session 1895–96, and in the *Calendars* for preceding sessions.

Surgery (Ch.B.), Doctor of Medicine (M.D.), and Master of Surgery (Ch.M.). The Degree of Bachelor of Surgery shall not be conferred on any person who does not at the same time obtain the Degree of Bachelor of Medicine, and the Degree of Bachelor of Medicine shall not be conferred on any person who does not at the same time obtain the Degree of Bachelor of Surgery.

II. Subject to regulations to be made from time to time by the University Court, the University may also confer diplomas in Special Branches of Medical and Surgical Practice on graduates of the University in Medicine and Surgery.

III. Before commencing his medical studies, each student shall pass a Preliminary Examination in (1) English, (2) Latin, (3) Elementary Mathematics, and (4) Greek or French or German: Provided always that, in the case of a candidate whose native language is not English, an examination in the native language of the candidate may be substituted for one in either French or German, and an examination in any other classical language for one in Latin or Greek.^{1 2}

IV. The extent and standard of the Preliminary Examination shall be determined by the Joint-Board of Examiners constituted under Ordinance No. 13 (Regulations as to Examinations) in accordance with the terms of that ordinance.

Under this section the Joint-Board have directed that for the Medical Preliminary Examination the papers set in Latin, Greek, and Mathematics shall be the same as those set on the lower standard in these subjects in the Arts and Science Preliminary Examination.³

In English, no set books shall be prescribed, nor shall a general knowledge of the life and works of the greater authors be expected of candidates, but one or two questions may be set, giving an opportunity to candidates to show a knowledge of famous literary works. The historical questions shall not be confined to any one period, but shall cover the whole of British History, and shall be set in such a way as to give an opportunity to candidates who have confined their studies to a single period to show their knowledge. A single three hours' paper shall be set, containing an Essay, a Paraphrase, two questions on History, two on Geography, four on Grammar (including correction of sentences, parsing, analysis of sentences, and derivations), two of

¹ The candidate for the Degrees of Bachelor of Medicine and Bachelor of Surgery must have been registered in the books of the General Medical Council at least five years prior to the date of his graduation. In order to be so registered he must transmit to James Robertson, Esq., the Scottish Branch Registrar, 54 George Square, Edinburgh, together with a printed form of application, which may be obtained from the Assistant Clerk (Matriculation Office, University), a certificate of having passed the Preliminary Examination, and satisfactory evidence of the applicant having attained the age of sixteen years.

² Each applicant for examination in a special subject in the Preliminary Examination shall pay, in addition to the statutory fee for Preliminary Examination, the sum of One Guinea, and should the applicant be successful in passing the examination in the special subject he shall be entitled to recover the sum of One Guinea when he has become a matriculated student of the University, *i.e.*, has entered his name in the Matriculation Album, and has been enrolled in at least one University Class.

³ For details see pp. 222-224.

a literary and general kind. Eight answers shall be required. The Essay, the Paraphrase, one answer on History and one on Geography shall be compulsory.

One paper shall be set in French and one in German. The papers shall be of a lower standard than those set in these subjects in the Arts and Science Preliminary Examination. The time allowed for each of these papers shall be three hours. The paper in each subject shall comprise questions in Grammar, translation into English, and Composition (including a continuous passage and short sentences of an idiomatic character).

The papers set in examinations in the *native language* of a candidate (as a substitute for French or German) or in *another classical language* (as a substitute for Latin or Greek) shall conform, so far as possible, to the directions for setting papers in Modern Languages and in Latin or Greek respectively.

It shall be in the option of any candidate for the Medical Preliminary to take the papers set on the higher standard for the Arts Preliminary in any of the subjects.

Candidates who, having taken English or a Modern Language on the higher standard, as prescribed by the Arts Ordinance for the Arts and Science Preliminary, have obtained a satisfactory percentage of marks, shall be held to have passed the Medical Preliminary in these subjects; and on the higher Mathematics paper an intermediate pass in Mathematics is granted: Provided that all the required subjects are passed at no more than two examinations.

It shall be at the Board's discretion at all times in the case of any candidate for the Medical Preliminary who professes all his four subjects at one time, and who has obtained in all a number of marks equivalent to the sum of the marks required for a pass in each, to allow such candidate a pass in the whole examination, provided that in no single subject he has obtained less than half of the marks required for a pass, and that the pass-mark be reached in the English paper. Special consideration is given, at the discretion of the Board, in the case of foreign candidates.

V. The Preliminary Examination shall be conducted in accordance with the provisions of Ordinance No. 13 (Regulations as to Examinations), and, subject to the provisions of the immediately succeeding section hereof, *a candidate shall be obliged to pass in all the required subjects at one or not more than two examinations; Provided that he may offer himself for re-examination as often as may be necessary to satisfy this condition.*¹

VI. A degree in Arts or in Science (not being a degree *honoris causa tantum*) in any of the Universities of the United Kingdom, or in any Colonial or Foreign University specially recognised for the purpose by the University Court, shall exempt from the Preliminary Examination; and the Joint-Board of Examiners appointed under the provisions of Ordinance No. 13 (Regulations as to Examinations) shall have power to determine what examinations, other than those for the degrees here-

¹ The words in *italics* are taken from Ordinance No. 156, Section I.

inbefore mentioned, shall be accepted, either in whole or in part, in place of the Preliminary Examination.¹

The Joint-Board have issued the following rules under the heading:—
Examinations accepted as exempting from the Preliminary Examination in Medicine: *Provided always that the regulations of the General Medical Council regarding the registration of students of Medicine be complied with:—*

1. In terms of the Medical Ordinances, “a degree in Arts or in Science (not being a degree *honoris causa tantum*) in any of the Universities of the United Kingdom, or in any Colonial or Foreign University, specially recognised for the purpose by the University Court, shall exempt from the Preliminary Examination.”

2. Any candidate who produces a certificate of having passed the Preliminary Examination in Arts or Science in any Scottish University, either at the University Examination or through the Leaving Certificate Examinations of the Scotch Education Department, or partly at the University Examination and partly through the Leaving Certificate Examinations, shall be held to have passed the Preliminary Examination for Medicine: *Provided that the examination has included the specified subjects of General Education as required under the Regulations of the General Medical Council, and by Section III. of this ordinance.*

3. A candidate who has passed the Arts and Science Preliminary Examination of the Joint-Board in any subject (Higher Standard where there is more than one) recognised for the Medical Preliminary Examination, shall be exempted from further examination in that subject in the aforesaid Preliminary Examination.

4. A candidate who passed in the Honours Grade, or who has passed in the Higher Grade in any subject of the Leaving Certificate Examinations of the Scotch Education Department recognised for the Medical Preliminary Examination shall be exempted from further examination in that subject in the aforesaid Preliminary Examination.

The regulation that all the subjects of the examination shall be passed at one or not more than two examinations shall not be held to apply to the above cases, 2, 3, and 4. But candidates complying with Rules 2, 3, and 4 must obtain a University Certificate specifying the examinations passed by them which have been accepted as equivalents to the Preliminary, and must present said certificate to the Medical Registrar in order to registration.

Further, each such candidate when applying for said certificate must, if he has not entered for any part of the Preliminary, produce a Matriculation Card from some one of the Scottish Universities.

5. Passes in the lower Grade of the Leaving Certificate Examinations of the Scotch Education Department will not be accepted as exempting from the Medical Preliminary Examination unless the examinations in all the requisite subjects have been taken and passed at one or not more than two examinations.

¹ Applications for exemption on the ground of having passed examinations not included in the following list should be addressed to the Convener of the Board. As several Universities have to be consulted, a decision on a new case cannot be guaranteed in less time than from two to three weeks.

The Intermediate Certificate of the Scotch Education Department shall be accepted in lieu of the Medical Preliminary Examination, provided that it includes the four requisite subjects. When all the necessary subjects are not included, passes in individual subjects may be accepted if the Department has notified to the Clerk of Senatus or to the Joint Board that a sufficient standard has been reached in such subjects.

6. The following English and Irish University Examinations will be accepted¹ (provided they include all the subjects required under the regulations of the General Medical Council, and prescribed by Section III. of this ordinance), viz.:—

OXFORD Responsions, or Moderations—provided the candidate pass the examination of the Joint-Board in English.

CAMBRIDGE Previous Examination—provided that candidates who have passed it prior to Michaelmas, 1896, shall pass the examination of the Joint-Board in English. If passed after Michaelmas, 1896, the Previous Examination will be accepted as exempting *in toto*.

OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD.—The Passes in Latin, Greek, and Mathematics specified on p. 228, as exempting from the Lower Standard in Arts and Science will exempt also for the Medical Preliminary in these subjects. The Pass in French or German for the Lower Certificate or for the 'School' or 'Leaving Certificate' will be accepted for a Pass in the Medical Preliminary in French or German. For English, the Board will accept (1) The Higher Certificate with English; (2) The 'School' or 'Leaving Certificate' in English, with *either* History or Geography; (3) The Lower Certificate in English, History, and Geography.

OXFORD Senior Local Examination will be accepted *pro tanto*, in subjects other than English; in English, if only a pass is offered, Composition must have been taken, with Literature or a Literary subject.

OXFORD Higher Local Examination will be accepted *pro tanto*.

CAMBRIDGE Senior Local Examinations will be accepted *pro tanto*, except that, in English, Composition must have been taken, with Literature or a Literary subject.

CAMBRIDGE Higher Local Examinations will be accepted *pro tanto*.

LONDON UNIVERSITY Matriculation Examination.

TRINITY COLLEGE, DUBLIN.—Public Entrance Examination.

ROYAL UNIVERSITY OF IRELAND.—Matriculation Examination.

UNIVERSITIES OF MANCHESTER, LIVERPOOL, LEEDS, AND SHEFFIELD.—Joint Matriculation Examination (the whole examination must be passed, as required for admission to the Faculties of these Universities).

¹ The italicised words in Section V., page 298, shall be held to apply to the acceptance of these Examinations.

UNIVERSITY OF BIRMINGHAM Matriculation Examination will be accepted *pro tanto*.

By *pro tanto* is here meant that a certificate of having passed in the examination referred to, in any subject required for the Medical Preliminary Examination, shall, as regards that subject, exempt from further examination in the said Preliminary Examination, provided that all the required subjects shall be passed at one or not more than two examinations.

7. Provided the examinations include all the subjects required by the General Medical Council and prescribed by the Medical Ordinances of the Scottish Universities Commissioners, see p. 297, Section III.—

BRITISH COLONIES AND DEPENDENCIES:—

Candidates from British Colonies and Possessions who present evidence that they have passed examinations which would admit them to Universities or to Technical Colleges affiliated to a University in their home country will be exempted, provided that the evidence shows that they possess a knowledge of English sufficient to enable them to follow the Lectures with profit.

CONTINENTAL COUNTRIES:—

Abiturienten-Examen, of (1) the Gymnasium, (2) Realgymnasium, and (3) Oberrealschule of Germany, and corresponding Entrance Examinations to the Universities of other countries will be accepted.

[Students would do well to ascertain at the Matriculation Office whether their Preliminary Examination is complete before beginning their medical studies.]

PROFESSIONAL EDUCATION.¹

VII. Candidates shall be admitted to the Degree of Bachelor of Medicine and Bachelor of Surgery only after they have fulfilled the following conditions:—

1. The candidate must have been engaged in medical study for at least five years.
2. In each of the first four years the candidate must have attended at least two courses of instruction, in one or more of the subjects of study specified in Sub-section 4 hereof—each course extending over a session of not less than five months, either continuous or divided into two terms; or, alternatively, one such course, along with two courses, each extending over a session of not less than two and a half months.
3. During the fifth or final year the candidate shall be engaged in clinical study for at least nine months at one or more of such

¹ For Order of Study recommended, see p. 118.

public hospitals or dispensaries, British or Foreign, as may be recognised for the purpose by the University Court.

4. The candidate must, during his curriculum, have attended a course or courses of instruction in each of the following subjects of study, including such examinations as may be prescribed in the various classes, viz. :—

1. ANATOMY,	{ During a course of not less than five months.
2. PRACTICAL ANATOMY,	{ During two courses of not less than five months each.
3. CHEMISTRY,	{
4. MATERIA MEDICA and THERAPEUTICS,	
5. PHYSIOLOGY OF INSTITUTES OF MEDICINE,	
6. PRACTICE OF MEDICINE,	
7. SURGERY,	
8. MIDWIFERY and the DISEASES peculiar to WOMEN and INFANTS. Two courses of Midwifery, of three months each, provided different departments of Obstetric Medicine be taught in each of the courses, shall be reckoned equivalent to a course of not less than five months,	{ During courses of not less than five months
9. PATHOLOGY,	
10. PRACTICAL CHEMISTRY,	{
11. PHYSICS (including the DYNAMICS OF SOLIDS, LIQUIDS, and GASES, and the REFINEMENTS OF SOUND, HEAT, LIGHT, and ELECTRICITY),	
12. ELEMENTARY BOTANY,	{ During courses of not less than two and a half months.
13. ELEMENTARY ZOOLOGY,	
14. PRACTICAL PHYSIOLOGY,	
15. PRACTICAL PATHOLOGY,	
16. MEDICAL JURISPRUDENCE and PUBLIC HEALTH,	

Provided always, in so far as regards the University of Glasgow, that—

(a) It shall be the duty of the Senatus to determine from time to time [after receiving through the Faculty of Medicine the opinion of the Board of Studies] the number of meetings of which such courses shall consist, and in what cases two half courses shall be deemed equivalent to a full course; and to report the determination to the University Court for its approval.¹

(b) It shall be the duty of the Professors and Lecturers to submit to the Senatus [after 1st October, 1894, the Board of Studies] annually at the end of the winter session a scheme specifying what proportion of the courses shall be devoted to lectures, practical demonstrations, examinations, and tutorial work respectively. [The Board of Studies shall transmit the schemes to the Faculty of Medicine, who shall submit them to the Senate with such observations as they may think fit to make thereon.] The Senatus shall trans-

¹The Universities Commission, on 18th November, 1893, ordained that for the better carrying out of the purposes of these provisos the Senate should institute a Board or Boards of Studies in the Faculty of Medicine. See Section I., Ordinance No. 42, which received the approval of Her Majesty in Council on 28th May, 1894. The provisions of this supplementary ordinance have, in the text, been combined with the provisions of the original ordinance, by means of square brackets.

mit such schemes, with such observations as it may think fit to make thereon, to the University Court for its approval.¹

(c) The University Court shall not grant or continue recognition to any institutions or teachers unless it shall be satisfied that their courses of instruction are equivalent to the courses sanctioned in the Universities of Scotland.

5. The candidate must have attended for at least three years the Medical and Surgical Practice of a General Hospital at Glasgow or elsewhere, which accommodates not fewer than eighty patients, and possesses a distinct staff of physicians and surgeons, and is recognised for the purpose by the University Court.²
6. The candidate must have attended Clinical Surgery during a course or courses extending over not less than nine months. These courses may be conducted by the Professor of Clinical Surgery, or by Professors or Lecturers appointed for the purpose by the University Court, or by the ordinary surgeons of a general hospital defined and recognised as hereinbefore provided, and shall consist of regular instruction at the bedside, along with Clinical Lectures.
7. The candidate must have attended Clinical Medicine during a course or courses extending over not less than nine months. These courses may be conducted by the Professor of Clinical Medicine, or by Professors or Lecturers appointed for the purpose by the University Court, or by the ordinary physicians of a general hospital defined and recognised as hereinbefore provided, and shall consist of regular instruction at the bedside, along with Clinical Lectures.
8. The candidate must have attended a course of instruction in Mental Diseases, of such duration, and so apportioned between lectures, demonstrations, and clinical instruction, as the Senatus, with the approval of the University Court, may from time to time determine.
Under this sub-section the Senate, with the approval of the University Court, has determined that each candidate for the Degree of M.B. and Ch.B. shall be required to attend a course of instruction in Mental Diseases, given by the University Lecturer or by a recognised teacher, consisting of not less than eighteen meetings. Six of these may be class-room lectures, and the others shall be demonstrations in the wards of an asylum for the insane.
9. The candidate must have attended a course of twenty-five meetings on Practical Pharmacy in a University or recognised School of Medicine, or have dispensed drugs for a period of three months in an hospital or dispensary, or in an establishment recognised by the Pharmaceutical Society, *i.e. in the establishment of any chemist and druggist or pharmaceutical chemist of Great Britain, or any pharmaceutical chemist of Ireland, who is registered in the*

¹ See note on page 302.

² On 7th October, 1892, the University Court recognised every General Hospital in the United Kingdom which accommodates not fewer than eighty patients, and possesses a distinct staff of physicians and surgeons.

*books of the Pharmaceutical Society of Great Britain or of the Pharmaceutical Society of Ireland respectively.*¹

10. The candidate must have attended, for at least six months, by apprenticeship or otherwise, the out-practice of an hospital, or the practice of a dispensary, or of a physician or surgeon, or of a member of the London or Dublin Society of Apothecaries. He must have acted as clerk in the medical and dresser in the surgical wards of a public hospital; and must also have availed himself, to such an extent as may be required by the Senatus, with the approval of the University Court, of opportunities of studying at an hospital or dispensary *Post-mortem* Examinations, Fevers, Diseases of Children, Ophthalmology, or such other special departments as may from time to time be determined.

Under this sub-section the Senate, with the approval of the University Court, has determined as follows:—

A. Each candidate for M.B. and Ch.B. shall be required to attend—

1. Demonstrations in the *post-mortem* room of a recognised hospital, with practical instruction in making *post-mortem* examinations. The student must have attended during his curriculum at least twenty examinations.
2. A course of clinical instruction in Fevers, consisting of at least ten meetings in a hospital for infectious diseases containing not less than fifty beds.
3. A practical course of instruction in Ophthalmology of not less than twenty meetings. Six of these may be class-room lectures, and the others shall be for clinical instruction in the wards of a recognised hospital,² or in the wards of a hospital and in a dispensary both recognised for the purpose. The course shall include sufficient practical instruction in the methods of examining the eye.

B. Each candidate is also recommended to attend the following:—(a) Diseases of Children, (b) Diseases of the Ear, (c) Diseases of the Throat and Nose, and (d) Diseases of the Skin, in short practical courses of ten meetings.

N.B.—This is not to be understood as preventing a teacher in any speciality giving a fuller course to such students as may desire to follow out more fully any particular branch.

11. The candidate must have attended, under the superintendence of a registered medical practitioner, twelve³ cases of labour, or such

¹ The explanatory words in italics are taken from Ordinance No. 54, Section II., issued by the Universities Commission on 18th July, 1894, which came into operation on 11th May, 1895, having been on that date approved by Her Majesty in Council.

² This means a hospital recognised *ad hoc*, after application to the University Court in each case.

³ The Senatus, with the sanction, on 11th June, 1908, of the University Court, determined to substitute the word "twenty" for the word "twelve." Of the twenty cases twelve at least must be attended independently. [This applies to students who began their medical studies on or after 1st October, 1908.]

additional number as the Senatus, with the sanction of the University Court, may from time to time determine; or have attended for three months the practice of a lying-in hospital, or of the maternity department of a general hospital or other public charitable institution, and have conducted personally six, or such an additional number of cases of labour as the Senatus, with the approval of the University Court, may from time to time determine.

12. The candidate must have been properly instructed in Vaccination at a Public Vaccination Station, by a Public Vaccinator, authorised by the proper Government Authority to grant Certificates of Proficiency in Vaccination.¹
13. No candidate for a degree shall be deemed to have attended a class as part of the curriculum necessary for that degree who does not present a certificate bearing not only that he has given regular attendance, but also that he has duly performed the work of the class.

VIII. With respect to the places and institutions at which the studies of the candidate may be prosecuted, the following regulations shall have effect:

1. Two of the five years of medical study must be spent in the University of Glasgow, each year of study including always the attendances specified in Section VII., sub-section 2.
2. The remaining three years may be spent in any University of the United Kingdom, or in any Indian, Colonial, or Foreign University recognised for the purpose by the University Court, or in such medical schools or under such teachers as may be recognised for the purpose by the University Court, each year of study during the first four years including always the attendances specified in Section VII., sub-section 2.
3. Of the subjects of study specified in Section VII., sub-section 4, not less than eight must be taken in the University of Glasgow, or (subject always to the provisions as to attendance contained in the immediately preceding sub-sections) in some other University of the United Kingdom, or in some Foreign or Colonial University entitled to confer the Degree of Doctor of Medicine recognised for the purpose by the University Court, or in a College incorporated with, or affiliated to a University entitled to confer the Degree of Doctor of Medicine recognised for the purpose by the University Court: Provided always that where in any of said subjects of study two or more courses are required, the taking of one of those courses shall constitute a taking of the subject for the purpose of this sub-section.
4. The remainder of such subjects of study may (subject always as aforesaid) be taken in such medical schools or under such teachers as may be recognised for the purpose by the University Court.
5. All candidates, not Matriculated Students of the University, availing themselves of the permission to attend the Lectures of

¹The recognised Vaccine Departments in Glasgow are—Western Infirmary and Royal Infirmary.

Extra-Academical Teachers in Glasgow, must, at the commencement of each year of such attendance, enrol their names in a book to be kept in the University for that purpose, paying a fee of the same amount as the Matriculation Fee paid by students of the University, and having, in respect of such payment, a right to the use of the Library of the University.

6. The fee for attendance, for purposes of graduation, on the courses of instruction of recognised Extra-Academical Teachers in Glasgow shall be not less than the amount exigible for the corresponding courses in the University.
7. The University Court shall not recognise as qualifying for examination in any of the subjects specified in Section VII., sub-section 4, the class of any teacher who is at the time a teacher of more than one of the said subjects, except in those cases where Professors in the University are at liberty to teach two subjects: Provided always that a Professor or other teacher in any endowed public College or institution, who by the terms of his appointment is required to teach more than one subject of medical study therein, may be recognised under sub-section 2 of this section, as a teacher of any one of the subjects which he teaches.
8. A teacher, attendance on whose course of instruction shall, before the date of the approval of this ordinance by Her Majesty in Council, have been recognised for the purposes of graduation in the University, shall not require to obtain a new recognition from the University Court; and attendance on the course of instruction of every such teacher may continue to be recognised as heretofore.
9. It shall be in the power of the University Court, if it shall see cause, at any time to withdraw or suspend any recognition which it may have granted.

IX. In the University of Glasgow it shall be the duty of the Professors of the subjects specified in Section VII., sub-section 4 hereof (except Practical Anatomy and such other subjects as the Senatus, with the approval of the University Court, may from time to time determine), so to conduct the courses that Students may receive instruction sufficient for graduation in any one of the said subjects by attendance on one course of five or six months, or of two and a half or three months, as the case may be.¹

X. If any candidate shall, before presenting himself for his Preliminary Examination, have attended in any University of the United

¹ Doubt being entertained as to the construction of this Section, the question was submitted to the Universities Commissioners, and evoked from them the following deliverance:—

It is not intended to require of the Professor a complete course of instruction by lectures during each session, or to limit the examinations for degrees to subjects which shall be discussed in the lectures of the Professor at the time that the student attended the course. The word "instruction," as used in this Section, is to be held to include lectures upon such parts of the subject as the Professor may be able to undertake, supplemented by directions as to the use of text-books or other sources of information for the remainder of the subject; and it is also intended that the examinations may be taken over the whole field, even when the Professor has not been able to include it all in his course of lectures.

Kingdom, or in any University or Institution specially approved, or under any Teacher specially recognised for the purpose by the University Court, a course or courses of instruction in Physics, Chemistry, Botany, or Zoology, equivalent in the judgment of the Senatus to the qualifying course in the same subject in the University of Glasgow, such attendance shall (notwithstanding anything hereinbefore ordained) be held as entitling him to be examined in these subjects; and if the candidate shall have attended such course or courses in each of the said subjects, he shall be held to have completed his first year of Medical Study: Provided always that the evidence of such attendance at such equivalent course or courses shall be presented to the Senatus at the time when the candidate presents himself for his Preliminary Examination; and the Senatus shall, if satisfied, grant a certificate to that effect: Provided also that *the provisions of this section shall not have effect except where the University Court shall allow their application after a report by the Senatus Academicus, setting forth special grounds therefor in the case of any candidate named in the report.*¹

PROFESSIONAL EXAMINATION FOR THE DEGREES OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY.²

XI. Each candidate shall be examined both in writing and orally, and also clinically where the nature of the subject admits, in the following divisions, viz.:—*First*, in Botany, Zoology, Physics, and Chemistry; *Second*, in Anatomy, Physiology, and Materia Medica and Therapeutics; *Third*, in Pathology, and Medical Jurisprudence and Public Health; *Fourth*, in Surgery and Clinical Surgery, Practice of Medicine and Clinical Medicine, and Midwifery.

In subjects which admit of practical instruction, the examination shall be such as to test the practical acquirements of the candidate.

Provided always that if a candidate have obtained in a University of the United Kingdom, or other University specially recognised for the purpose by the University Court, a degree in Science or in Arts, granted in either case after a course of study and an examination in Botany, Zoology, Physics, and Chemistry, he shall be held to have passed his examinations in the said subjects.

Provided also that *if a candidate have completed in a University of the United Kingdom a course of study and passed an examination in Botany, Zoology, Physics, or Chemistry qualifying for a degree in Science or in Arts, he shall be held to have passed the examinations in such subject or subjects.*

If a candidate have obtained a degree in Science or in Arts in any University other than a University of the United Kingdom, granted in either case after a course of study and an examination in Botany, Zoology, Physics, or Chemistry, it shall be in the power of the University Court to exempt such candidate from the examinations in such subject or subjects:

¹ The proviso in italics is taken from Ordinance No. 54, Section V., issued by the Universities Commission on 18th July, 1894, which came into operation on 11th May, 1895, having been on that date approved by Her Majesty in Council.

² For Table of Fees and Dates of Examinations, see page 314.

Provided that the course of study and the standard of examination in each case are satisfactory in the judgment of the Senatus Academicus.¹

XII. Candidates who profess themselves ready to submit to an examination in the subjects comprised in the first division, viz.:—Botany, Zoology, Physics, and Chemistry, may be admitted to examination in all or any two of these subjects at any examination held after they have attended a full course in each of the subjects professed.

XIII. Candidates who have passed their examination in the subjects comprised in the first division may be admitted to examination in the second division at the end of the third winter session.

Provided that candidates who so desire may postpone their examination in *Materia Medica* and *Therapeutics* until the close of the summer session following.

XIV. Candidates who have passed their examinations in the subjects comprised in the first and second divisions may be admitted to examination in the third division at the end of the fourth winter session.

Provided that candidates who so desire may postpone their examination in *Medical Jurisprudence* and *Public Health* until the close of the summer session following.

XV. Candidates who have passed their examinations in the subjects comprised in the first, second, and third divisions may be admitted to examination in the fourth or final division when they have completed the fifth year of study.

XVI. If any candidate at these examinations be found unqualified in one or more subjects he shall not again be admitted to examination unless he has pursued his medical studies for such time, and subject to such conditions, as the Faculty of Medicine may prescribe.

Under this section the Faculty of Medicine, with the sanction of the Senate, has laid down the following rule: No student, who in the Final Professional Examination has been found unqualified in any subject, shall be re-admitted to examination without furnishing evidence of having further studied that subject for such a period as the Examiners may fix.

XVII. If any candidate at these examinations be found to have passed in one or more subjects with sufficient merit, he shall not be liable to re-examination in such subject or subjects, although he may have been found unqualified in a subject or subjects comprised in the same division as hereinbefore specified.

XVIII. Every candidate must deliver, on or before such day as the Senatus may from time to time determine, to the Dean of the Faculty of Medicine, a declaration, in his own handwriting, that he has completed his twenty-first year, or that he will have completed it on or before the day of graduation, and that he will not be, on the day of graduation, under articles of apprenticeship to any surgeon or other master.

¹The words in italics are taken from Ordinance No. 54, Sections III. and IV., issued by the Universities Commission on 18th July, 1894, which came into operation on 11th May, 1895, having been on that date approved by Her Majesty in Council.

XIX. After the candidate has satisfied the Examiners, the Dean of the Faculty of Medicine shall lay the proceedings before the Senatus, by whose authority the candidate shall be admitted, on such day as the Senatus may from time to time appoint, to the Degrees of Bachelor of Medicine and Bachelor of Surgery, on payment of the required fees.¹

XX. Candidates for graduation shall produce evidence of their having conformed to the regulations which were in force at the time they commenced their medical studies: Provided that any student who began his medical studies before 1st January, 1892, shall be entitled to graduate under the system in force before or after that date, according as he shall comply with the regulations in force in the University before² or after that date.

PROFESSIONAL EXAMINATION FOR THE DEGREE OF DOCTOR OF MEDICINE.

XXI. 1. Subject to the conditions hereinafter specified, the Degree of Doctor of Medicine shall be conferred on any candidate who has obtained the Degrees of Bachelor of Medicine and Bachelor of Surgery of the University of Glasgow, and is of the age of twenty-four years or upwards, and has produced a certificate of having been engaged subsequently to having received the Degrees of Bachelor of Medicine and Bachelor of Surgery for at least one year in attendance in the Medical Wards of an Hospital, or in scientific work bearing directly on his profession, such as is conducted in the Research Laboratories of the University, or in the Military or Naval Medical Services, or for at least two years in Practice other than Practice restricted to Surgery.

2. Each candidate for the Degree of Doctor of Medicine shall be required to pass an examination in Clinical Medicine and in such of its special departments as the Senatus, with the approval of the University Court, by Regulations framed from time to time, shall determine; and he may present himself for examination in Clinical Medicine at any period of examination subsequent to one year after he has received the Degrees of Bachelor of Medicine and Bachelor of Surgery.

Under this sub-section the following regulations have been framed by the Senatus, and approved by the University Court:—The Examination in Clinical Medicine for the Degree of Doctor of Medicine shall for each candidate consist of a written Report and Commentary, with any oral questions that may be considered desirable, upon at least three Medical cases. In the selection of the cases, special regard shall be given to the opportunities they afford for testing the candidate, not only in the ordinary methods of clinical investigation, but also in the more advanced methods requiring practical knowledge in the applications of the ophthalmoscope and laryngoscope, in the chemical and microscopical examination of excreta, the quantitative determination and microscopic characters of the chief constituents of blood possess-

¹ For Table of Fees and Dates of Examination, see page 314.

² These regulations may be found at pp. 188–192 of the *University Calendar* for session 1895–96, and in the *Calendars* for preceding sessions.

ing clinical importance, the recording by instruments of the condition of the circulation, the applications of electricity, etc.

Provided always that one of the cases on which a candidate is examined may, if the candidate on entering his name for the Examination declare a wish to that effect, be from one of the following departments, namely, Diseases of Women, Diseases of Children, Mental Diseases, Zymotic Diseases, Diseases of the Eye, Diseases of the Throat, Diseases of the Ear, Diseases of the Skin. Should the candidate specialise in one of these departments he will be expected to show high proficiency in it.

The examinations for M.D. will be held in the month of October, each Session. Candidates must enter their names and lodge their Theses with the Assistant Clerk (Matriculation Office) on or before 1st June.

3. Each candidate for the Degree of Doctor of Medicine shall submit for the approval of the Faculty of Medicine a Thesis on any branch of knowledge comprised in the second, third, or fourth examinations for the Degrees of Bachelor of Medicine and Bachelor of Surgery, which he may have made a subject of study after having received those Degrees, excepting subjects which are exclusively Surgical; and the Thesis, accompanied by a declaration signed by the candidate, that the work has been done and the Thesis composed by himself,¹ shall be lodged with the Dean of the Faculty of Medicine (at the Matriculation Office) on or before a date to be fixed by the Senatus (1st June).
4. A Bachelor of Medicine and Bachelor of Surgery, who produces to the Senatus satisfactory evidence of his intention of entering within twelve months after obtaining such degrees on the practice of his profession in a British Possession or Colony, or in a foreign Country, may, under Regulations to be framed by the Senatus, be admitted to the examination in Clinical Medicine at any period of examination after he has received such degrees; but the Degree of Doctor of Medicine shall not be conferred on him unless he shall produce a certificate that, subsequently to having received the Degrees of Bachelor of Medicine and Bachelor of Surgery, he has been engaged for at least one year in attendance in the Medical Wards of an Hospital, or in scientific work bearing directly on his profession, such as is conducted in the Research Laboratories of the University, or in the Naval or Military Medical Services, or for at least two years in Practice which has not been exclusively surgical, and unless his Thesis in the judgment of the Faculty of Medicine is of exceptional merit.

¹ The Faculty of Medicine give notice that no Thesis will be approved unless it gives evidence of original observation, or, if it deal with the researches of others, gives a full statement of the literature of the question, with accurate references and critical investigation of the views or facts cited: mere compilations will in no case be accepted.

The Senate, on 3rd June, 1909, resolved as follows:—In future a Thesis to be eligible as a Thesis for the Degree of M.D. shall be a dissertation written for the purpose, provided that the results of original observations already published in medical or scientific journals or in the transactions of learned societies or otherwise may be accepted in place of such a dissertation; as heretofore, the Thesis as submitted shall become the property of the University, and shall be deposited in the University Library.

*Bachelors of Medicine and Masters of Surgery of the University of Glasgow, who have graduated under the regulations in force before the fifth day of August, 1892, may proceed to the Degree of Doctor of Medicine under the provisions of this section, in the same manner as if they held the Degree of Bachelor of Surgery.*¹

PROFESSIONAL EXAMINATION FOR DEGREE OF MASTER OF SURGERY.

- XXII. 1. Subject to the conditions hereinafter specified the Degree of Master of Surgery shall be conferred on any candidate who has obtained the Degrees of Bachelor of Medicine and Bachelor of Surgery of the University of Glasgow, and is of the age of twenty-four years or upwards, and has produced a certificate of having been engaged, subsequently to his having received the Degrees of Bachelor of Medicine and Bachelor of Surgery, for at least one year in attendance in the Surgical Wards of an Hospital, or in scientific work bearing directly on his profession, such as is conducted in the Research Laboratories of the University, or in the Military or Naval Medical Services, or for at least two years in practice other than practice restricted to Medicine.
2. Each candidate for the Degree of Master of Surgery shall be required to pass an examination in the following subjects:—Surgical Anatomy, Operations upon the dead body, and Clinical Surgery, and in such of the special departments of Clinical Surgery as the Senatus, with the approval of the University Court, by Regulations framed from time to time, may determine; and he may present himself for examination in these subjects at any period of examination subsequent to one year after he has received the Degrees of Bachelor of Medicine and Bachelor of Surgery.

Under this sub-section the following regulations have been framed by the Senatus, and approved by the University Court:—The Examination in Clinical Surgery for the Degree of Master of Surgery shall for each candidate consist of a written Report and Commentary, with any oral questions that may be considered desirable on at least three Surgical cases.

Provided that one of the three Surgical cases on which a candidate is examined shall, if the candidate on entering his name for the Examination declare a wish to that effect, be from one of the following departments, namely, Surgical Diseases of Women, Diseases of the Throat, Diseases of the Eye, Diseases of the Ear. Should the candidate specialise in one of these departments he will be expected to show high proficiency in it.

3. Each candidate for the Degree of Master of Surgery shall submit for the approval of the Faculty of Medicine a Thesis on any branch of knowledge comprised in the second, third, or fourth Examinations for the Degrees of Bachelor of Medicine and Bachelor of Surgery, which he may have made a subject of study after having received those Degrees, excepting subjects that are exclusively medical; and the Thesis, accompanied by a declara-

¹ Taken from Ordinance No. 54, Section VI., which was issued by the Universities Commissioners on 18th July, 1894, and came into operation on 11th May, 1895, having on that date been approved by Her Majesty in Council.

tion signed by the candidate that the work has been done and the Thesis composed by himself,¹ shall be lodged with the Dean of the Faculty of Medicine on or before a date to be fixed by the Senatus.

4. A Bachelor of Medicine and Bachelor of Surgery who produces to the Senatus satisfactory evidence of his intention of entering, within twelve months after obtaining such degrees, on the practice of his profession in a British Possession or Colony, or in a foreign Country, may, under Regulations to be framed by the Senatus, be admitted to examination in the subjects specified in Sub-section 2 of this section, at any period of examination after he has received such degrees; but the Degree of Master of Surgery shall not be conferred on him unless he shall produce a certificate that, subsequently to having received the Degrees of Bachelor of Medicine and Bachelor of Surgery, he has been engaged for at least one year in attendance in the Surgical Wards of an Hospital, or in scientific work bearing directly on his profession, such as is conducted in the Research Laboratories of the University, or in the Naval or Military Medical Services, or for at least two years in Practice which has not been exclusively medical, and unless his Thesis, in the judgment of the Faculty of Medicine, is of exceptional merit.

FEEs.

XXIII. The fee to be paid for the Degrees of Bachelor of Medicine and Bachelor of Surgery shall be twenty-two guineas, and the proportion of this sum to be paid by a candidate at each division of the examination shall be regulated from time to time by the University Court. The fee to be paid for the Degree of Doctor of Medicine shall be ten guineas, exclusive of any stamp duty which for the time may be exigible. The fee to be paid for the Degree of Master of Surgery shall be ten guineas.

EXAMINERS.

XXIV. The Examiners for graduation in Medicine in the University of Glasgow shall be the Professors in that University, together with such Lecturers in the University and such additional Examiners, to be appointed by the University Court, as the University Court shall deem necessary: Provided that the Court shall make such provisions as will ensure that every candidate shall be examined in each subject by at least two Examiners, of whom one shall not be a Professor or Lecturer in the University. The examinations shall be conducted in writing and orally and also clinically, when the nature of the subject admits, under regulations framed by the Senatus subject to the approval of the University Court.

DISTINCTIONS ATTAINABLE BY STUDENTS AND GRADUATES OF MEDICINE.

Candidates who have shown special merit in any subject or subjects at any of the Professional Examinations will be announced as having passed in such subject or subjects "with distinction."

Candidates who have shown special merit as indicated by the aggregate results of the four Professional Examinations will be announced, at

¹ See footnote on page 310.

the time of Graduation, as having obtained Commendation or Honours, according to the degree of excellence.

In connection with the Higher Degrees in Medicine and Surgery three grades of distinction are also awarded, viz., Commendation, High Commendation, and Honours. The Bellahouston Trustees have put it in the power of the University to award three Gold Medals yearly to those who, having gained Honours, are pronounced by the Senate on the Report of the Faculty of Medicine worthy of this highest distinction for the excellence of their Theses.

For Straits Settlements Gold Medal, see under Prizes.

Graduates in Medicine or Surgery to whom Honours are awarded for their Theses are requested to publish these Theses in Journals or otherwise, and to supply copies to the University for exchange with other Universities.

GRADUATION.

The terms for conferring Medical and Surgical Degrees in session 1910-11 are 14th October, 1910, and 24th April, 1911.

Candidates proceeding to graduation, if not already Members of the General Council of the University, are required by the Act 44 and 45 Vict., ch. 40, to pay to the Registrar of the General Council the Registration Fee, and furnish to him the particulars required for their enrolment in the General Council. This should in all cases be done at least two clear days before the day of graduation.

In accordance with the Promissory Oaths Act, 1868, a Declaration in the following English form is now substituted for the Latin Oath¹ formerly required to be taken and subscribed by every candidate on graduation:—

I make this solemn declaration in virtue of the Provisions of the Promissory Oaths Act, 1868, substituting a Declaration for Oaths in certain cases.

I do solemnly and sincerely declare, that, as a Graduate in Medicine of the University of Glasgow, I will exercise the several parts of my profession, to the best of my knowledge and abilities, for the good, safety, and welfare of all persons committing themselves, or committed to my care and direction; and that I will not knowingly or intentionally do anything or administer anything to them to their hurt or prejudice, for any consideration, or from any motive whatever. And I further declare, that I will keep silence as to anything I have seen or heard while visiting the sick which it would be improper to divulge.

REGISTRATION OF MEDICAL PRACTITIONERS.

Graduates should register as soon as possible with the Branch Registrar for Scotland, at 54 George Square, Edinburgh. Fee £5 2s. Additional qualifications, £1 each. Forms of application may be had from the Assistant-Clerk (Matriculation Office).

¹ *The Oath was in these words:*—Testor Deum omnipotentem me hoc Ius-jurandum pro virili servaturum; Victus rationem aegris commodam et salutarem praescripturum; nullius intercessione nec sponte noxium pharmaceum cuiquam propinaturum; sed sancte et caste vitam artemque meam instituturum; In quascunque domos intravero ad aegrotantium duntaxat salutem ingressurum et ab omni injuria inferenda procul futurum; Quaecunque inter curandum videro audivero siquidem ea efferre non expediat silentio suppressurum.

1 For Women Students, Miss Melville, Queen Margaret College.

2 When names are not given in and fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be enrolled for examination. A candidate is not held to be enrolled for examination until his name is entered, the fee paid, and all the necessary Certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of examination. Every candidate must matriculate at the University for the session in which he enters for professional examination or for graduation.

For Dates in regard to Medical Preliminary Examination, see page 226.

5.—GRADUATION IN LAW.

Two Degrees in Law are conferred, after examination, by the University of Glasgow, viz., Bachelor of Laws (LL.B.) and Bachelor of Law (B.L.).

By regulation of the Faculty of Advocates, any one who has obtained the Degree of LL.B. from a Scottish University is held qualified in General Scholarship and Law with a view to admission to the Bar, without examination or other evidence of such qualification, except as stated on page 143.

By the Law Agents Act, 36 and 37 Vict., c. 63, the holder of a degree in Law or in Arts of a University in Great Britain or Ireland, granted after examination, is qualified to apply for admission as a Law Agent after an apprenticeship of three years, instead of five, as required in the ordinary case; and by Act of Sederunt of 20th July, 1878, any applicant who holds the Degree of LL.B. or of B.L. of any Scottish University is exempted from any examination in Law before the Examiners of Law Agents, excepting only on forms of Process, Civil and Criminal, and a similar provision is contained in the Act of Sederunt of 18th March, 1893. (See also page 144.)

Degree of LL.B.

The following are the provisions of Ordinance No. 39, General No. 11, which, having been approved by Her Majesty in Council on 28th May, 1894, applies to all students who, after 30th September, 1894,¹ began their course of study with a view to graduation in Law:—

I. No one shall be admitted to examination as a candidate for the Degree of Bachelor of Laws (LL.B.) unless he be a graduate in Arts of one of the Universities of the United Kingdom; or of any Foreign or Colonial University specially recognised for the purpose by the University Court.

II. The course of study in Law for the Degree of Bachelor of Laws shall include the following subjects:—

- (1) Jurisprudence, General or Comparative, during a course of not less than forty lectures.
- (2) The Law of Nations or Public International Law, during a course of not less than forty lectures.
- (3) Civil Law during a course of not less than eighty lectures.
- (4) Law of Scotland, or Law of England, during a course of not less than eighty lectures.
- (5) Constitutional Law and History, during a course of not less than eighty lectures.
- (6) Conveyancing, during a course of not less than eighty lectures; or Political Economy, or Mercantile Law, during a course of not less than eighty lectures.
- (7) Any two of the following subjects, namely:—International Private Law, Political Economy, Administrative Law, and Forensic Medicine; in each case during a course of not less than forty lectures.

¹Students who began their course previous to 1894 may qualify themselves for graduation in Law under the old regulations, which are given at pp. 227-229 in the *University Calendar* for 1900-1901 and in the *Calendars* for preceding sessions.

III. (1) The course of study necessary for the Degree of Bachelor of Laws shall extend over three academical years, one of which at least must be spent in the University in which the candidate intends to graduate, the other two may have been spent in any other University or School of Law specially recognised by the University Court.

(2) No candidate for a degree shall be deemed to have attended a class as part of the course of study necessary for that degree who does not present a certificate bearing not only that he has given regular attendance, but also that he has duly performed the work of the class.

IV. Candidates must undergo examination in the subjects prescribed in Section II. hereof; and they must pass at one examination in at least two of those subjects. Before presenting themselves in any subject the candidates must have attended the requisite course of instruction in such subject. Candidates who have passed an examination for another degree in any of the said prescribed subjects in the same University may be exempted from examination in such subject or subjects, provided that the Examiners are satisfied that the previous examination in such subject or subjects has been passed on a sufficiently high standard.

V. Every candidate for the Degree of Bachelor of Laws shall be examined both orally and in writing on each of the subjects in the course of study above prescribed in which he presents himself for examination.

VI. (1) Distinction may be awarded to candidates who have displayed exceptional merit in their examinations.

(2) For the Degree of Bachelor of Laws a diploma shall be given, setting forth the subjects in which the candidate has passed, and the distinction (if any) he has attained.

VII. The Examiners shall be the Professors of or Lecturers on the subjects included in the said examinations, and additional Examiners appointed by the University Court. The mode of conducting the examination shall be fixed from time to time by the *Senatus Academicus*.

VIII. Every student who at the time when this ordinance shall come into operation shall have completed a part of his course with a view to graduation as Bachelor of Laws in any Scottish University, under regulations hitherto in force in that University, and shall thereafter complete his course of study in conformity with such regulations, may become a candidate for the Degree of Bachelor of Laws without complying with the provisions of this ordinance.

IX. Ordinance numbered 75 of the Commissioners under the Universities (Scotland) Act, 1858, is hereby repealed, in so far as it is inconsistent with this ordinance.

X. This ordinance shall come into force at the beginning of the first academical year after the date on which it is approved by Her Majesty in Council. [Approved on 28th May, 1894.]

Degree of B.L.

The following are the provisions of Ordinance No. 40, General No. 12, which, having been approved by Her Majesty in Council on 28th May, 1894, applies to all students who, after 30th September, 1894, began their course of study with a view to graduation in Law.

I. No one shall be admitted to examination as a candidate for the Degree of Bachelor of Law (B.L.) unless he be a graduate in Arts of one

of the Universities of the United Kingdom, or of any Foreign or Colonial University specially recognised for the purpose by the University Court; or until he shall have passed—

A. The Preliminary Examination in the Faculty of Arts, or its equivalent, as specified in the Arts Ordinance (Regulations for Degrees in Arts); and

B. An Examination in one of the Scottish Universities, to be conducted by the Examiner in Arts, in the following subjects, on the standard of examination for the Ordinary Degree of Master of Arts:—

(1) Logic and Psychology; or, in the option of the candidate, Moral Philosophy.

(2) Latin.

(3) One additional Arts subject, not being one of those which belong also to the Faculty of Law.

And he must have studied at least one of these subjects in a full course in a Scottish University, or an equivalent course in another University approved by the University Court.

II. The course of study in Law necessary for the Degree of Bachelor of Law shall include the following subjects:—

1. Civil Law, during a course of not less than eighty lectures;¹ or a half course in Civil Law where in any University a full course is not available: Provided that in the latter case, candidates who are not already graduates in Arts shall be required to take in addition a course in such subject in Arts as may be sanctioned by the Senatus Academicus, or a half course in one or other of the following branches of Law:—

(a) Jurisprudence, General or Comparative.

(b) The Law of Nations, or Public International Law.

(c) Constitutional Law and History.

(d) International Private Law.

(e) Mercantile Law.

(f) Administrative Law.

2. Law of Scotland, during a course of not less than eighty lectures.

3. Conveyancing, during a course of not less than eighty lectures.

4. Forensic Medicine, during a course of not less than forty meetings of the class; or, in the option of the candidate, a half course in one of the branches of Law specified in Sub-section 1 of this section¹ if not already taken.

III. (1) The course of study in Law necessary for the Degree of Bachelor of Law shall extend over two academical years.

(2) No candidate for a degree shall be deemed to have attended a class as part of the course of study necessary for that degree who does not present a certificate bearing not only that he has given regular attendance, but also that he has duly performed the work of the class.

(3) The candidate may prosecute his studies during the prescribed two years in one Scottish University, or in different Scottish Universities, or in a Scottish University and a University or School of Law specially recognised by the University Court; but one at least of these years must

¹The remainder of this sub-section does not apply to the University of Glasgow, which provides a full course in Civil Law.

have been spent, and all the examinations in the subjects mentioned in the preceding section must have been passed at the University in which he intends to graduate.

IV. The candidate for the Degree of Bachelor of Law must undergo examination and pass in the four or more subjects selected by him; but he may present himself for examination in one subject or group of subjects at a time, provided that he has completed the course of study for such subject or group of subjects, and provided also that in that case a higher standard of proficiency shall be exacted.

V. Every candidate for the Degree of Bachelor of Law shall be examined, both orally and in writing, on each of the subjects in the course of study above prescribed, in which he presents himself for examination.

VI. (1) Distinction may be awarded to candidates who have displayed exceptional merit in their examinations.

(2) For the Degree of Bachelor of Law a diploma shall be given, setting forth the subjects in which the candidate has passed, and the distinction (if any) he has attained.

VII. The Examiners shall be the Professors of and Lecturers on the subjects included in the said examinations, and additional Examiners appointed by the University Court. The mode of conducting the examinations shall be fixed from time to time by the *Senatus Academicus*.

VIII. Every student who at the time when this ordinance shall come into operation shall have completed a part of his course with a view to graduation as a Bachelor of Law in any Scottish University under regulations hitherto in force in that University, and shall thereafter complete his course of study in conformity with such regulations, may become a candidate for the Degree of Bachelor of Law without complying with the provisions of this ordinance.

IX. Ordinance numbered 75 of the Commissioners under the Universities (Scotland) Act, 1858, is hereby repealed, in so far as it is inconsistent with this ordinance.

X. This ordinance shall come into force at the beginning of the first academical year after the date on which it is approved by Her Majesty in Council. [Approved on 28th May, 1894.]

SUBJECTS OF EXAMINATION.

The examinations for LL.B. and B.L. in session 1910-11 will embrace the following books and subjects, viz. :—

In Civil Law.—Institutes of Justinian (Ed. Moyle or Sandars) and the Class Lectures; also Dig., Lib. XVIII., Tit. I.—translated and annotated by Mackintosh—Roman Law of Sale.

In the Law of Scotland.—In addition to the Class Lectures, the books recommended are Bell's Principles of the Law of Scotland, and Erskine's Principles of the Law of Scotland. In Criminal Law, Macdonald's Criminal Law and Erskine's Principles. Recent editions of the works mentioned should be used.

In Conveyancing.—In addition to the Class Lectures, the books

recommended are Duff's Feudal Rights, with Supplement; Lectures on Conveyancing, by Menzies; Lectures on Conveyancing, by A. M. Bell; and Craigie's Statutes.

In Mercantile Law.—In addition to the Class Lectures, the books recommended are Goudy on Bankruptcy; Carver on Carriage by Sea, Part I. and Part III.; Hamilton on Bills of Exchange; Palmer's Company Law; Bell's Principles, 10th edition, Book I.; Chalmers on Marine Insurance.

In Jurisprudence, General or Comparative.—Holland's Jurisprudence; Maine's Ancient Law; Kant's Philosophy of Law (Hastie's translation).

In the Law of Nations, or Public International Law.—In addition to the Class Lectures the books recommended are Hall's International Law (5th ed.), or Lawrence's International Law, and *The Second International Peace Conference* (U.S.A. Senate Document No. 444, 1908). Candidates are expected to show a general acquaintance with the history of Modern Europe. The cases referred to in the lectures should be studied in the collections by Pitt Cobbett or Scott.

NOTE.—Candidates under the old regulations for LL.B. are required to sit also at the papers on Jurisprudence and International Private Law.

In International Private Law.—In addition to the Class Lectures and the Scots cases therein mentioned Rattigan's Private International Law. For reference Nelson's *Leading Cases*, Lorenzen's *Cases on Conflict of Laws*, Dicey's *Conflict of Laws* (2nd ed.), and Westlake's *Private International Law* (4th ed.) will be found useful.

In Constitutional Law and History.—(1) The Outlines of English Constitutional History; (2) Existing Constitutional Law. In addition to the Class Lectures the books recommended are—Taswell-Langmead's English Constitutional History; Dicey's Law of the Constitution.

In Forensic Medicine.—Signs of Death with relation to Crime; Proximate Causes of Death; Medico-legal Forms of Death; Identity; Survivorship; Wounds; Blood-stains and their Detection; Insurance; Sexual Crimes:—Rape and Criminal Abortion; Pregnancy in its Medico-legal aspects; Infanticide and Concealment of Pregnancy; Divorce in its Medico-legal relations; Legitimacy and Paternity; Evidence of Poisoning; Poisoning by Arsenic, Prussic Acid, and Strychnia; Alcoholism in its Medico-legal aspects; Insanity.

In Political Economy and other Arts Subjects.—The subjects of examination for the Degree of M.A.

No candidate for the Degree of B.L. is admitted to an examination in Law subjects until he has passed in all the subjects of the preliminary examinations, and not fewer than two subjects in Law can be taken up at one examination, except in case of candidates for the Degree of B.L. under the new regulations.

TABLE OF EXAMINATIONS FOR DEGREES IN LAW, TO BE HELD DURING SESSION 1910-11.

FEE. ¹	Names to be given in and Fees paid to Assistant-Clerk (Matriculation Office). Date. ²	Subjects of Examination.	DATES OF WRITTEN EXAMINATIONS AND HOURS AT WHICH THE DIFFERENT PAPERS WILL BE SET.

For Dates of the Preliminary Examination and of the Examinations in Arts subjects necessary for

B.L., see pp. 226 and 257-260.

¹ Under the old regulations the fee for LL.B. is £5 5s.; for B.L., £3 3s.

² When names are not given in and fees are not paid on or before the stated dates, a late Entry Fee of Twenty Shillings must be paid before the candidate can be enrolled for examination. A candidate is not held to be enrolled for examination until his name is entered, the fee paid, and all the necessary certificates, etc., lodged. Late Entry Fees will not be accepted less than eight days before the date of Examination.

6.—GRADUATION IN DIVINITY.

Degree of Bachelor of Divinity.

In Ordinance No. 63 the Universities Commission laid down the following regulations for this degree :—

I. No one shall be admitted to examination¹ as a candidate for the Degree of Bachelor of Divinity (B.D.) in any University unless he be (1) a graduate in Arts of that University, and have taken a complete Theological Course in a Scottish University or Universities, or in an institution or institutions specially recognised for the purpose of this ordinance by the University Court, or partly in a Scottish University or Universities and partly in such institution or institutions;² or (2) a graduate in Arts of any Scottish University or other University specially recognised as aforesaid, and have completed his Theological Course, of which not less than two years' attendance shall have been given in the University in which he presents himself for examination.

II. The examination shall in all cases be conducted at the seat of the University granting the degree, and the Examiners shall be the Professors of or Lecturers on the subjects included in the examinations, and two additional Examiners appointed by the University Court. The mode of conducting the examination shall be fixed from time to time by the *Senatus Academicus*.¹

III. Every student who at the time when this ordinance shall come into operation shall have completed a part of his Theological Course with a view to graduation as Bachelor of Divinity in any Scottish University, under regulations hitherto in force in that University, and shall thereafter complete his course of study in conformity with such regulations, may become a candidate for the Degree of Bachelor of Divinity without complying with the provisions of this ordinance.

IV. The Degree of Bachelor of Divinity shall in no case be conferred on persons who have not complied with the conditions hereinbefore set forth, and shall not be conferred *honoris causa tantum*.

This degree is conferred on such qualified candidates as have satisfied the Examiners of their proficiency in the following departments, viz. :—

I. Hebrew, New Testament Exegesis, and Apologetics.

II. Divinity, Church History, and Biblical Criticism.

¹ Ordinance No. 154 gives the *Senatus Academicus* power to admit candidates to examination in not more than three of the subjects, after the completion of the second session of attendance on their Theological course.

² The University Court has recognised *pro tanto* every Theological College in the United Kingdom having a distinct staff of teachers for the separate subjects, in so far as the Theological course is subsequent to the Arts course.

The following regulations were adopted by the Senate on 21st March, 1907 :

1. Candidates who have completed the second year of their Theological studies, subsequent to the termination of their course in Arts, may be admitted to examination in the First Department.

2. Candidates who (*a*) have passed their examination in the subjects comprised in the First Department, and (*b*) have completed their Theological Course, may be admitted to examination in the Second Department.

3. Candidates for the First Department shall be examined in the subjects prescribed for the academic year in which the examination takes place.¹

4. Candidates for the Second Department shall be examined in Spring in the subjects prescribed for the academic year in which the examination takes place ; or in Autumn in the subjects prescribed for the academic year immediately preceding.¹

The scheme of examination for session 1910-1911 will be as follows :

I. FIRST DEPARTMENT—

(*a*) *Hebrew*.—(1) Deuteronomy, ch. i.—xii. ; (2) Isaiah, ch. i.—xxiii. ; (3) Psalms, cvii.—cxxxiv. ; (4) Portions of unpunctuated Hebrew to be punctuated and translated ; (5) Translations from English into Hebrew.

Books which may be consulted :

(1) and (2) The relative Commentaries in the Cambridge Bible, in the International Critical Commentary (Driver), in the Expositor's Bible (G. A. Smith), in the Keil and Delitzsch Series, and in the Century Bible ; the Polychrome Bible ; Driver's Introduction ; the relative articles in the Encyclopædia Biblica and Hastings' Dictionary of the Bible ; also Box's *Isaiah* ; (3) Commentaries by Briggs, Delitzsch, Perowne, Kirkpatrick (Cambridge Bible), and Cheyne ; the Polychrome Bible ; Driver's *Parallel Psalter* ; Robertson's *Poetry and Religion of the Psalms*, and Cheyne's *Origin of the Psalter* ; (4) and (5) Müller's or Davidson's *Hebrew Syntax* ; Robertson's *Hebrew Exercises*.

(*b*) *New Testament Exegesis*.—(1) Introduction to the Gospel according to Luke ; (2) Exegesis of Luke viii. 5—xviii. 14, with critical comparison of the parallel passages in Matthew and Mark ; (3) Introduction to, and exegesis of, the Epistle to the Galatians.

Books which may be consulted :

(1) Harnack, *Luke the Physician* ; Ramsay, *Luke the Physician* ; Ramsay, *Was Christ born in Bethlehem?* (2) the

¹ The academic year begins on 1st October.

relative Commentaries of Godelet, Meyer, De Wette, or Alford; Bleek, *Synoptische Erklärung der drei ersten Evangelien*; (3) the Commentary of Lightfoot or Alford; Ramsay, *Epistle to the Galatians*.

- (c) *Apologetics*.—(1) Philosophy and History of Religion; (2) Christian Apologetics; (3) Antitheistic Theories.

Books which may be consulted:

(1) Fairbairn, *Philosophy of the Christian Religion*; Caird, *Introduction to the Philosophy of Religion*, and *Fundamental Ideas of Christianity*; Menzies, *History of Religion*. (2) Bruce, *Apologetics*; Fisher, *Grounds of Theistic and Christian Belief*; Mair, *Studies in the Christian Evidences*. (3) Flint, *Antitheistic Theories*.

II. SECOND DEPARTMENT—

- (a) *Divinity*.—(1) Doctrine of Revelation, including the Authority and Inspiration of Holy Scripture; (2) Doctrine of God and the Holy Trinity; (3) The Pauline Theology.

Books which may be consulted:

Generally, the theological manuals of Hodge, W. Adams Brown, or Macpherson.

Specially—(1) Sanday, Bampton Lecture on *Inspiration*; Ladd, *Doctrine of Sacred Scripture*; Bruce, *Chief End of Revelation*. (2) Illingworth, *Personality, Human and Divine*, and *Doctrine of the Trinity*; W. N. Clarke, *Christian Doctrine of God*; Crawford, *Fatherhood of God*. (3) Stevens, *Pauline Theology*; Pfeiderer, *Paulinismus*, Vol. I.

- (b) *Church History*, 1910-11.—Ecclesiastical History from the Coronation of Charlemagne to the death of Pope Boniface VIII. (A.D. 800-1303), including:—

The New Empire of the West (the Holy Roman Empire)—Charlemagne, Charles, Otho the Great, Henry III., Henry IV., Frederick Barbarossa, Frederick II., Rudolph of Hapsburg.

The Eastern Empire, Nicephorus, Leo V. (the Armenian), Basil (the Macedonian), Leo VI., Constantine VII., Isaac I. (Comnenus), the Latin Empire of Constantinople, Michael Paleologus.

The rise of the Western Kingdoms: France (Hugh Capet, Philip Augustus, Philip the Fair); the Normans; England (Alfred the Great, William the Conqueror, Henry II. and III., Edward I.); Scotland (Malcolm Canmore, S. Margaret, David I., William the Lion, War of Independence); Spain (Christian kingdoms of Navarre, Leon, Castile, and Aragon); Portugal; Scandinavia; Russia (Ruric, Vladimir, Olga,

Alexander Newski); Hungary, S. Elizabeth of Hungary; Poland; Sicily; Naples; Venice. The Hanseatic League.

Councils—Constantinople (Eighth General), Lateran I., II., III., IV. (1215), V., Lyons. Saint-Worship, Purgatory, Auricular Confession, Transubstantiation.

The Papacy. Popes Leo IV., Nicholas I., John VIII.; Degradation of the Papacy (Theodora and Marozia); Sylvester II.; Revival of the Papacy, Leo IX. (Hildebrand in power), Alexander II., the Countess Matilda, Gregory VII., Innocent II., Eugenius III., Alexander III., Innocent III., Honorius III., Boniface VIII. (Bull, *Unam Sanctam*), end of the great period of the Papacy.

The Iconoclastic Controversy; First Eucharistic Controversy; Predestination Controversy; Procession of the HOLY SPIRIT; Controversy on Investitures; Second Eucharistic Controversy; Thomists and Scotists.

Strife between Rome and Constantinople—Photius; Michael Cerularius, Cardinal Humbert; Mutual Excommunications, Schism (1054); formal Reunion (1274).

Heretics and Sectaries—Paulicians, Cathari, Bogomiles; Roscellinus; Arnold of Brescia; the Albigenses; the Waldenses, Brothers of the Free Spirit.

The Conversion of the Nations—Slavs and Northmen, Bulgarians, Croatians, Russians, Czechs, Prussians, Danes, Swedes, Norwegians, Icelanders, Hungarians, Poles.

Monasticism—Benedictine revival, S. Odo of Clugny; the Carthusians, the Cistercians, the Premonstratensians; the Mendicant Orders (Dominican, Franciscan, Carmelite, Austin Friars); the Military Orders. Monasticism in the East (Theodore of the Studium).

The Crusades. Ecclesiastical learning—Claudius, Bishop of Turin, Rabanus Maurus, John Scotus Erigena, Photius, Aelfric, Peter Damian, Lanfranc, S. Anselm, Abelard, S. Bernard, Theophylact, Hugh of S. Victor; the Schoolmen—Peter Lombard, Alexander of Hales, Bonaventura, Albertus Magnus, Thomas Aquinas, John Duns Scotus—The Latin Hymn Writers.

Worship—the Sacramentaries, etc.; the Mozarabic Liturgy, the Use of Sarum; Durandus.

The Penitentials; Tithes, etc.; the Pseudo-Isidorian Decretals, the Canon Law, Gratian; re-discovery of the *Pandects*, and Civil Law; rise of the Universities.

Ecclesiastical Architecture, Byzantine, Romanesque, Norman, Gothic; the Age of Great Cathedrals; Early Italian

Renaissance Literature, Science and Art—Epic Romances of Germany; Romance Poetry; Dante; Alfonsine Astronomical Tables; Roger Bacon; Nicolo Pisano; Cimabue, Giotto.

Condition of the Jews. Jewish exegetes—Aben Ezra, R. Sol. Jarchi, David Kimchi, Maimonides.

Mohammedan conquests in the Christian East, Africa, Spain, Apulia, and Sicily; Seljuk Turks; Saladin; Ottoman Turks.

Books which should be read, or at least consulted:—

Bryce, *Holy Roman Empire*; Church, *The Beginning of the Middle Ages*; S. R. Maitland, *The Dark Ages*; Vincent, *The Age of Hildebrand*; Ludlow, *The Age of the Crusades*.

Liber Pontificalis (ed. Duchesne); *Geschichte der römischen Kirche*; *Regesta Pontificum Romanorum*; Baronius, *Annales*; Tillemont.

Moeller, Mosheim, Gieseler, Robertson, Kurtz, Neander; Gregorovius, *History of the City of Rome*; Milman, *History of Latin Christianity*; Hutton, *The Church and the Barbarians*; Gibbon, *Decline and Fall of the Roman Empire* (ed. Bury).

Hefele, *Conciliengeschichte*; Mansi, *Concilia*; Stanley, *Eastern Church*; A. F. Villemain, *Life of Gregory VII.*; J. C. Morison, *Life of S. Bernard*; H. D. Lacordaire, *Vie de St. Dominique*; P. Sabatier, *Vie de St. François d'Assise*; T. L. Kington, *History of Frederick II.*; L. Tosti, *Storia de Bonifazio VIII.*; Bishop Creighton, *History of the Papacy*.

(c) *Biblical Criticism*.—(1) Textual Criticism; (2) Hermeneutics.

Books which may be consulted:—

(1) Davidson, *Biblical Criticism*; Tregelles, *Treatise in Horne's Introduction*, Vol. IV.; Scrivener, *Introduction to the Criticism of the New Testament* (fourth edition); Westcott and Hort, *Prolegomena to the Greek Testament*; Nestle, *Textual Criticism of the Greek New Testament*; Gregory, *Canon and Text of the New Testament*. (2) Davidson, *Sacred Hermeneutics* (1843), or *Treatise on Interpretation in Horne's Introduction*, Vol. II.; Ernesti, *Institutio Interpretis*; Immer, *Hermeneutik des Neuen Testamentes*.

The scheme of examination for session 1911-1912 will be as follows:

I. FIRST DEPARTMENT—

- (a) *Hebrew*.—(1) Joshua, ch. i.—xi.; (2) Isaiah, ch. i.—xii. and xxviii.—xxxv.; (3) Psalms, Book iii.; (4) Portions of unpunctuated Hebrew to be punctuated and translated; (5) Translations from English into Hebrew.

TABLE OF EXAMINATIONS FOR THE DEGREE OF B.D. TO BE HELD DURING
SESSION 1910-11.

Fees.	Names to be given in and Fees paid to the Assistant-Clerk (Matriculation Office). Date. ¹	Dates of Written Examinations and Hours at which the different Papers will be set.

Tract Soc.) ; Gladstone's *Butler*.

II. SECOND DEPARTMENT—

- (a) *Divinity*.—(1) Doctrine of Man ; (2) Doctrine of Sin ; (3) The Theology of Schleiermacher.

Books which may be consulted :

(1) Beck, *Outlines of Biblical Psychology* ; Laidlaw, *Bible Doctrine of Man* ; Dickson, *St. Paul's Use of the Terms Flesh and Spirit* ; (2) Müller, *Christian Doctrine of Sin* ; Tulloch, *Christian Doctrine of Sin* ; (3) Pfleiderer, *Development of Theology in Germany* ; Lichtenberger, *History of German Theology* ; Munro's *Schleiermacher*.

- (b) *Church History*, 1911-12. —Ecclesiastical History from the death of Pope Boniface VIII. to the death of Pope Nicholas V. (A.D. 1303-1455).

- (c) *Biblical Criticism*.—(1) Textual Criticism ; (2) Hermeneutics.

7.—HONORARY DEGREES.

The powers of the Senatus Academicus to grant Honorary Degrees are regulated by Ordinance No. 41 of the Universities Commission (1889) of date 13th December, 1893, which received the approval of Her Majesty in Council on 28th May, 1894.

Degree of Doctor of Divinity.

The following are the regulations for the Degree of D.D. :—

I. At the commencement of every session, the Senatus Academicus in each University shall appoint a committee, to be called the Committee

on the Degree of Doctor of Divinity, consisting of the Principal, three Professors from the Faculty of Theology (of whom the Professor of Divinity shall be one), and three other Professors to be selected by the *Senatus Academicus* from the other Faculties.

II. It shall be the duty of this committee to select persons to be recommended to the *Senatus Academicus* for the degree; but the committee shall not entertain applications from or on behalf of persons desirous of receiving the degree.

III. The committee shall present a reasoned report, embodying its recommendations to the *Senatus*.

IV. In the case of every person recommended for the degree, the report shall contain a statement of the grounds on which the recommendation is founded, specifying such particulars as the *Senatus* may from time to time require.

Under this regulation the Senate requires the following particulars to be specified, viz.:—

- (a) Whether he is an alumnus of this University, and whether he already holds the Degree of B.D., or any other University Degree.
- (b) Whether he has published a contribution of merit to Theological Literature.
- (c) Whether his character and professional standing are such as to warrant the conferring of the proposed distinction.

V. No resolution to confer the Degree of Doctor of Divinity shall be moved in the *Senatus* except upon special notice given after a fortnight has elapsed from the date when the report of the committee shall have been presented.

Degree of Doctor of Laws.

The following are the regulations for the Degree of LL.D.:—

I. At the commencement of every session, the *Senatus Academicus* in each University shall appoint a committee, to be called the Committee on the Degree of Doctor of Laws, consisting of the Principal and such Professors selected from the various Faculties as the *Senatus Academicus* may determine, provided that the total number of the committee shall not exceed twelve.

II. It shall be the duty of this committee to select persons to be recommended to the *Senatus* for the degree, but the committee shall not entertain applications from or on behalf of persons desirous of receiving the degree.

III. The committee shall present to the *Senatus* a reasoned report embodying its recommendations.

IV. In the case of every person recommended for the degree, the report shall contain a statement of the grounds on which the recommendation is founded, specifying such particulars as the *Senatus* may from time to time require.

Under this regulation the Senate requires the following particulars to be specified, viz.:—

- (a) Whether he is an alumnus of this or any other University, and whether he already holds any academical degree.
- (b) Whether he is the author of any work of acknowledged merit, or has otherwise contributed to the progress of learning and science.
- (c) And, in general, whether his character, profession, and position in society are such as to warrant the conferring of the proposed distinction.

V. No resolution to confer the Degree of Doctor of Laws shall be moved in the Senatus except upon special notice given after a fortnight has elapsed from the date when the report of the committee shall have been presented.

ACADEMIC DRESS.

GRADUATES OF THE UNIVERSITY.

On ceremonial occasions the graduates are expected to appear in the Gown and Hood proper to their degrees.

The ordinary Gowns to be worn by graduates of the University of Glasgow are of black silk or stuff, of similar shape to those appropriated to the corresponding degrees in the other British Universities.¹

The full-dress Gowns to be worn by Doctors are of scarlet cloth, faced in each case with silk of the colour prescribed for the lining of the Hood proper to the degree.

The Hoods for the different degrees are as follows :—

- B.A., Black Silk, bordered inside with Red Purple Silk (colour of Bell Heather—*Erica Cinerea*).
- M.A., Black Silk, lined with Red Purple Silk.
- D.Phil., Scarlet Cloth, lined with reddish Purple Silk.
- D.Litt., Scarlet Cloth, lined with bluish Purple Silk.
- B.Sc., Black Silk, bordered with Scarlet Cloth and lined with Gold Coloured Silk (colour of Whin Blossom—*Ulex Europæa*).
- D.Sc., Scarlet Cloth, lined with Gold Coloured Silk.
- B.L., Black Silk, with an inside border of Venetian Red Silk (colour of Clove Carnations).
- LL.B., Black Silk, bordered with Scarlet Cloth and lined with Venetian Red Silk.
- LL.D., Scarlet Cloth, lined with Venetian Red Silk.
- M.B. and C.M., Black Silk, bordered with Scarlet Cloth and lined with Scarlet Silk.

¹ The Robemakers to the University have standard patterns of the gowns, which, it may be stated for the information of those at a distance, are of the same shape with the ordinary (or undress) gowns of the corresponding degrees at Cambridge.

M.D., Scarlet Cloth, lined with Scarlet Silk.

B.D., Black Silk, bordered with Scarlet Cloth and lined with a light Cherry Silk.

D.D., Scarlet Cloth, lined with White Silk.

UNDER-GRADUATES.

By a Statute of the Commissioners appointed by the Act, 1690, chapter XVII., of the Parliament of Scotland, "for the Visitation of Universities and Schools," it was enacted that "all the students in the several Universities and Colleges within this kingdom be obliged to wear gowns during the time of the sitting of the Colleges," and that "the Regents or Masters be obliged to wear black gowns, and the students red gowns ; and, in regard that wearing of gowns has never been the custom in the College of Edinburgh, the Commissioners do therefore recommend to the Masters of that College to endeavour to bring the custom of wearing gowns there into practice." It appears from the University records that the wearing of red gowns had been previously the practice in Glasgow, and it continued to be the practice in all the Arts classes which existed at the date of this statute uninterruptedly till recently.

The General Council of this University having requested the University Court to recommend to the Senate the propriety of requiring the students to conform to the ancient practice of this University as to academic dress ; and the University Court having remitted the subject to the determination of the Senate, with an expression of regret that the academical dress formerly worn by the Arts students has of late years been laid aside, the Senate has given notice that the proper academic dress for students in Arts is the red gown.

While this notice does not apply to students not in the Faculty of Arts, all students in the University are entitled to wear the red gown. Students may wear on the red gown a trimming distinctive of their faculty. The trimming approved for this purpose is a narrow silk band of the colour of the hood-lining proper to the degree of Bachelor in the Faculty, placed over the seam which crosses the breast of the gown on each side.

At the request of the Students' Representative Council the Senate, on 13th July, 1909, gave notice that all undergraduate students are entitled to wear the red gown and trencher cap. The red gown may be either plain, or distinguished by the ribbon characteristic of the Student's Faculty. Cap and gown should be worn on all official and ceremonial occasions.

At special ceremonies, when the announcement is made that "members of the University will wear academic dress," the undergraduates present should wear their red gowns.

CEREMONY OF GRADUATION.

The following are the regulations adopted by the Senate :—

All degrees honorary or gained by examination, shall be publicly conferred, except in special cases to be decided by the Senate.

Candidates for graduation are required to appear in black gowns with the hoods appropriate to their degrees ; those who are already graduates, in the costume proper to their previous degree.

At graduation ceremonies members of the Senate who are Doctors should wear the hood of their degree over either the ordinary or the full-dress gown.

X.—BURSARIES, SCHOLARSHIPS, Etc., PRIZES.

N.B.—No alumnus of the University is allowed to hold at one time more than one Bursary, Scholarship, or Fellowship, except in cases provided for by the Regulations.

In the case of Bursaries in the gift of the Senate, in appointing to which "a preference" is to be given to certain names, etc., by a "preference" the Senate understand, in every instance, a preference *ceteris paribus*.

The following ordinance issued on 11th June, 1908, by the University Court with regard to Bursaries, Scholarships, and Fellowships, which have taken effect prior to the 30th day of August, 1864, was approved by His Majesty in Council on 26th September, 1908 :—

UNIVERSITY COURT ORDINANCE NO. XXVII. (GLASGOW, No. 8.—REGULATIONS AS TO BURSARIES, SCHOLARSHIPS, AND FELLOWSHIPS).

GENERAL.

I. For the purposes of this ordinance, bursaries in the Faculty of Arts (hereinafter referred to as bursaries in Arts) shall be deemed to be the bursaries now attached to the said Faculty by Deed of Foundation or by custom.

II. Bursaries in Arts heretofore tenable for four years shall continue to be so tenable, provided that, if the holders graduate after the three years' course, they shall only retain their bursaries during the fourth year of tenure if they shall engage in a course of study approved by the Senatus Academicus in subjects included in the curriculum for Degrees in Arts or in Pure Science.

III. All bursars in Arts, subject to the provision as to the fourth year of tenure contained in the immediately preceding section, shall attend in each year at least two classes qualifying for graduation in Arts, and shall duly perform the work of these classes: Provided that it shall be in the power of the Senatus Academicus, with the approval of the University Court, to permit such bursars as they shall from time to time select to attend classes qualifying for graduation in Pure Science in place of classes qualifying for graduation in Arts.

IV. It shall be in the power of the *Senatus Academicus* to suspend or deprive a bursar, scholar, or fellow on the ground of misconduct, or, if it think fit, on the ground of his failure to obtain class certificates or to produce such other evidence as may be required that he is prosecuting his studies in a manner satisfactory to the *Senatus Academicus*.

V. Bursaries in Divinity heretofore tenable for four years shall continue to be so tenable, provided that, if the holders graduate after the three years' course, they shall only retain their bursaries during the fourth year of tenure if they shall engage in a course of study in Divinity approved by the *Senatus Academicus*.

VI. In the case of a bursary, scholarship or fellowship not in the gift of a patron becoming vacant by forfeiture or otherwise before the expiry of the period of tenure, it shall be in the power of the *Senatus Academicus*, with the approval of the University Court, to determine as to the disposal thereof or of the income thereof during the remainder of the said period.

VII. Any bursary tenable in several Faculties successively shall not be attached to any one of such Faculties in any year other than a year in which in ordinary rotation it would have been attached to such Faculty.

VIII. It shall be in the power of the *Senatus Academicus* to require, as a condition of tenure, any holder of a scholarship or fellowship who is a graduate to engage in teaching within the University or to conduct tutorial classes, unless he shall satisfy the *Senatus Academicus* that he is pursuing special higher studies, or that he is engaged in original research.

IX. Each Examiner at examinations held by the University for the award of bursaries, scholarships, or fellowships shall receive suitable remuneration, and it shall be in the power of the University Court to charge the funds of bursaries, scholarships, or fellowships with the necessary expenses of examination.

OPEN BURSARIES.

X. (1) The subjects and methods of the examinations for the award of open bursaries in Arts of the first year (hereinafter referred to as the Bursary Examinations) shall be prescribed by the *Senatus Academicus*, with the approval of the University Court, and the examinations shall be held at such times and places as the *Senatus Academicus*, with the approval of the University Court, may determine.

(2) No candidate shall obtain a bursary in Arts who shall not have passed the Preliminary Examination in Arts or have been exempted therefrom in accordance with the provisions of the Regulations for Degrees in Arts.

XI. It shall be competent for the *Senatus Academicus*, with the approval of the University Court, from time to time to make regulations as to the conditions under which persons shall be eligible to compete for bursaries of the first year in the Faculties of Arts and Science: Provided always that no student, who has during any term or period of the academical year attended any class qualifying for gradua-

tion in the said Faculties in any Scottish University, shall be eligible to compete for such bursaries.

The University Court shall communicate to the General Council the regulations made from time to time by the *Senatus Academicus*, and any representation made thereon by the General Council within two months of the date of such communication shall be taken into consideration by the University Court before such regulations are approved.

XII. The *Senatus Academicus*, in determining the results of the Examinations for the award of bursaries in Arts of the first year, may award such bursaries in respect of exceptional distinction in any one branch of study.

XIII. Bursaries open for competition to students entering on their first session of attendance in the Faculty of Medicine shall be tenable only by those students who have passed the Preliminary Examination in Medicine, or who have been exempted therefrom in accordance with the provisions of the Regulations for Degrees in Medicine, and who have not attended any class qualifying for graduation in Medicine: Provided always that the last-mentioned condition shall not be held to exclude a candidate who may have attended the class of Physics, Chemistry, Botany, or Zoology, otherwise than as part of a graduation course in Medicine.

RESTRICTED AND PREFERENTIAL BURSARIES.

XIV. Candidates for bursaries in Arts which are not awarded by open competition shall present themselves for examination at one of the Bursary Examinations above mentioned, and no bursary shall be awarded to any candidate who shall not have passed the Preliminary Examination in Arts or been exempted therefrom in accordance with the provisions of the Regulations for Degrees in Arts.

XV. In the case of a bursary, scholarship, or fellowship in the gift of a patron, including bodies corporate and not corporate, becoming vacant by forfeiture or otherwise during the period of tenure, the *Senatus Academicus* shall forthwith give notice of the vacancy to the patron, who may, within such time as the *Senatus* shall fix, appoint to the vacant bursary a person who is qualified by having passed or obtained exemption from the Preliminary Examination in Arts; and if the patron fail to do so within such time, the *Senatus Academicus* may select a deserving student, who is so qualified, to fill the vacancy until the commencement of the next academical year, when the patron's right to present shall revive.

XVI. On the occurrence of a vacancy in any bursary in the gift of a patron, including bodies corporate and not corporate, at the expiry of the period of tenure, the *Senatus Academicus* shall give notice of such vacancy to the patron of the bursary and of the date of the Bursary Examination next ensuing; and the patron may, if he think fit, submit to the *Senatus* the names of two or more persons qualified to hold such bursary, who shall present themselves for examination at the said

Bursary Examination; the result of the examination shall be communicated by the Senatus to the patron for his information, and he shall thereafter present to the bursary.

XVII. In the case of a bursary in the gift of a patron, including bodies corporate and not corporate, if before the commencement of the academical year no person be presented who shall have become qualified to hold the bursary by the date at which open bursaries are awarded, the bursary shall be open to unrestricted competition for that year; and in the event of no person who shall have become qualified as above provided being presented before the commencement of the next academical year, the Senatus may either award the bursary as if it were open to unrestricted competition, or continue the same to the student to whom it had previously been awarded: Provided that this section shall not apply in cases where the patron shall before such award is made satisfy the Senatus Academicus that proper arrangements have been made for the selection of a qualified bursar.

MISCELLANEOUS.

XVIII. In the case of bursaries designed for poor students, the Senatus Academicus shall satisfy itself that the circumstances of candidates are such as to entitle them to the benefit of the endowment, and for this purpose the Senatus may require that a declaration be made by a parent or guardian, or by the minister of religion or school-master, of each candidate as the Senatus shall think fit.

XIX. [Preferences and restrictions cancelled. These have been noted under each bursary concerned.]

XX. Nothing herein contained shall apply to any bursary or endowment granted by any incorporation or society whose funds, whether capital or revenue, have been and are contributed and paid by the members of such incorporation or society by way of entry moneys or other fixed or stated contributions.

XXI. The Senatus Academicus, with the approval of the University Court, shall prescribe the subjects and methods of examination and the conditions of competition for bursaries, scholarships, or fellowships, in so far as the same are not prescribed by ordinance or by deed of foundation.

XXII. The provisions of any Ordinance of the Commissioners under the Universities (Scotland) Act, 1858, in so far as inconsistent with the provisions of this ordinance, are hereby repealed; and any references made in existing Ordinances applicable to the University of Glasgow to Ordinance No. 57 of the Commissioners under the Universities (Scotland) Act, 1889, shall be deemed to refer to this Ordinance.

XXIII. This ordinance shall come into force from and after the date on which it is approved by His Majesty in Council: Provided that nothing herein contained shall extend to, or affect the interests of, any person holding a bursary, scholarship, or fellowship at the date of its coming into force.

BURSARIES FOR WOMEN.

On 10th March, 1898, the University Court, in virtue of the power conferred by Ordinance No. 58, Section I., resolved to appropriate to competition, without restriction as to sex, all the open bursaries tenable in Arts, Science, or Medicine, which have taken effect prior to 30th August, 1864. To a number of other Bursaries either men or women may be appointed. In the following lists of Bursaries arranged according to Faculties, *italics* are used in printing the names of those Bursaries for which both men and women are eligible.

A.—BURSARIES ARRANGED ACCORDING TO FACULTIES.

BURSARIES IN THE FACULTY OF THEOLOGY.

Bursars in the Faculty of Theology are required to attend each session the Divinity Class and any two of the three classes of Hebrew, Church History, and Biblical Criticism.

B.—BURSARIES (ALPHABETICALLY ARRANGED).

JAMES ADAM BURSARIES (*Arts*).—These bursaries were founded by the Rev. James Adam, Minister of Cumbræ, who died in 1830, and were originally three in number. In appointing to one of the bursaries, preference was given to the kindred of the founder, and in appointing to another to students of the name of Adam. By Ordinance No. 80 of the Universities Commission (1889) these restrictions were removed, and the three bursaries were combined into two of equal value. The bursaries are tenable for four years, but if a bursar graduate at the end of three years he shall only retain his bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. In other respects the provisions of University Court Ordinance No. XXVII. apply to these bursaries. The appointment is vested in the Earl of Glasgow, the Professor of Divinity, and the Minister of Cumbræ, the exercise of their patronage being regulated by Sections xiv.—xvii. of said Ordinance. Value, about £17 per annum each. (Both vacant.)

JOHN ADAM BURSARIES (*Theology*).—Three in number, founded by Mr. John Adam, of the Inner Temple, who died in 1836. The founder gave a preference to his own kindred and to students of the name of Adam or Dollar. By Ordinance No. 57 of the Universities Commission (1889) this preference was cancelled. They are open to competition to students in Theology of the first year; and, after examination, are adjudged to the three students who shall be declared to be the most deserving, and to have made the highest attainments in Latin, Greek, Logic, Moral and Natural Philosophy, and Mathematics. The trustees and patrons are the Principal, the Professor of Theology, and the five Professors of the Gown Classes. These Bursaries are tenable for four years, subject to the provisions of University Court Ordinance No. XXVII., Section v. Value, £18 to each bursar. (One vacancy).

Bursars—Alexander Moir, 1907; John E. Davidson, 1908.

ADAMSON BURSARY (*Arts*).—This Bursary was founded by the Rev. David Adamson, minister of Fintry, in 1674, for a student in Philosophy, and was restricted to sons of freemen in one of the seven Incorporate Trades of Stirling. This restriction was removed by Ordinance No. 57 of the Universities Commission (1889). The Bursary is tenable for four years by a student entering the Greek Class, for three years by a student entering the Logic Class; and the appointment is vested in the Convener Court of Stirling. Value, the free proceeds of the capital, which now amounts to about £500.

Bursar—Hugh W. Ewing, 1909.

AGRICULTURAL COLLEGE BURSARIES (*Science*).—The Governors of the West of Scotland Agricultural College instituted a scheme of Bursaries (discontinued after 1908), of the value of £40 and £35 respectively, each tenable for four years. They were awarded on the results of the Science Preliminary Examination held in Autumn. Bursars must attend the curriculum of classes in Glasgow, and comply with the conditions required to qualify for the degree of B.Sc. in Agriculture of the University of Glasgow, and must further present themselves at the examinations for the National Diploma in Agriculture.

Bursars—Edward M. Melville (£40), 1908; John A. Gunn (£35), 1908.

ARDKINGLASS BURSARY (*Arts and Theology*).—This Bursary was founded in 1733, by Sir James and Lady Campbell, out of a fund which Colonel John Blackader of Barndennoch, Glencairn, Dumfriesshire, had by his Will set aside for pious uses, and was tenable for eight years—five in Languages and Philosophy, and three in Divinity. It is now regulated by Ordinance No. 87 of the Universities Commission (1889). A bursar may hold the Ardkinglass Bursary for three years in the Faculty of Arts, and for three years in the Faculty of Divinity, and no longer; but a bursar, who at the end of the third year of his tenure has failed to pass all the examinations necessary for graduation in Arts, shall forfeit the Bursary, and in that event it shall be lawful for the patron to nominate a candidate, who shall be a Master of Arts, or shall have passed the examinations necessary for admitting him to that Degree, and shall be entering on his course of study in the Faculty of Divinity; failing such nomination by the patron, the Bursary shall be awarded by the Senate to a candidate qualified as aforesaid, under such conditions as the Senate shall prescribe, but a Bursar thus nominated shall not hold the Bursary for more than three years. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Ardkinglass Bursary. Patron, Mr. George F. W. Callander of Ardkinglass and Craigforth. Value £9 10s.

Bursar.—Thomas M'Aughtrie, 1907.

ARMAGH BURSARIES (*Theology, Law, or Medicine*).—Three in number, founded in 1733 by Hugh Boulter, Archbishop of Armagh, who endowed the College with the annual rent of certain lands in the neighbourhood of Glasgow. By ordinance of the Universities Commission (1858) these three Bursaries were raised from £15 to £25 per annum each (the funds having accumulated through vacancies), and the restrictions as to birthplace were removed.

Further regulations were laid down in Ordinance No. 92 of the Universities Commission (1889). The Bursaries are now each of the annual value of £52, and are open by competition

to students who are presenting themselves for the final examination for the Degree of Master of Arts with Honours in the following rotation: (1) Classics, (2) Mental Philosophy, (3) Mathematics and Natural Philosophy. They are tenable for three years, during which the holders must give regular attendance on the classes of this University, as students of Theology, Law, or Medicine. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Bursaries on this Foundation. In October, 1910, one Bursary, tenable for two years, will be open to competition, the subject of examination being Mental Philosophy; also one tenable for three years, the subjects of examination being Mathematics and Natural Philosophy.

Bursars—¹George Anderson (Math. and Nat. Phil.), 1907; Wallace M. Conley (Classics), 1908.

ARTHUR BURSARY OR SCHOLARSHIP (*Medicine*).—Founded in 1892 by Mrs. Arthur of Barshaw. This Bursary is at present of the annual value of £20. It is open to women students in the Medical School at Queen Margaret College. It is to be awarded by the Trustees to the student who shall take the highest place among the Queen Margaret College candidates at the First Professional Examination held in the University before the commencement of the winter session in which an appointment falls to be made, provided always that a candidate may take part of her examination in the March or April preceding. If two students are of equal merit, the Bursary will be divided between them, and if more than two are equal, a special examination may be held to determine who shall be the recipient. The Bursary is tenable for three years, subject to the condition that the Bursar prosecute her medical studies with the approval of the Trustees.

Bursar or Scholar—¹Lucy M. Ross, 1907.

GLASGOW AYRSHIRE SOCIETY'S BURSARIES (*Any Faculty*).—Four in number, founded in 1868 and 1879 by the Glasgow Ayrshire Society, and consisting of the free annual proceeds of a sum of £1,501 11s. subscribed by members of the Society, to be devoted to the establishment of bursaries in the University of Glasgow, and invested for that purpose. The bursaries, which are at present £15 per annum each, are tenable for not more than three years, and are open to applicants of either sex between the ages of 14 and 24, who are descendants of members of the Society, or natives of Ayrshire, or sons or daughters of natives resident in Glasgow, who are in circumstances rendering the aid of a bursary necessary or desirable. Patrons—the Directors and Office-bearers of the Society. Secretary, Mr. Alexander M'Lennan, 58 Bath Street, Glasgow. (One vacancy.)

Bursars—John Frew, 1908; Samuel C. M'Bride, 1909; Robert M. M'Minn, 1909.

¹ Vacant through lapse of time.

BARBOUR KILBARCHAN BURSARY (*Arts*).—Founded in 1887 by the Executors of Miss Mary Barbour of Plymouth Grove, Manchester, who bequeathed £500 free of legacy duty for the purpose of endowing a scholarship for the Board School of Kilbarchan, Renfrewshire. The bursary is open to students of the first year, of either sex, and is tenable for three years. Candidates must not exceed the age of eighteen years, must produce a certificate from the Kilbarchan School Board that they have attended three years at the Kilbarchan Village or Town Board School, are of irreproachable character, and have given satisfactory evidence of good natural ability, diligence and proficiency in their studies, and must be examined at the ordinary Bursary Examination. The annual value is about £25. (Vacant.)

BELL BURSARIES.—MRS. Mary Allan Bell, of Nether Culzean, Maybole, who died on 7th February, 1899, at Glenae, Dumfries, in her Trust Disposition and Settlement of date 21st October, 1895, directed her Trustees, after the death of her husband, to apply the income of the residue of her estate in perpetuity in providing bursaries of £50 each for necessitous deserving students of Medicine, Law, or Theology in this University. Only those who have gone through the Arts curriculum are to be eligible, with a preference, *ceteris paribus*, first to the name Turnbull, and next to the name Macdowall. The Bursaries are to be awarded by competition, the examination being conducted both orally and in writing by two examiners appointed by the Trustees. Each Bursary is to be tenable for three or four years, as the Trustees may decide.

BIGGART MEMORIAL BURSARIES (*Arts*).—Founded in 1876 by Mr. Thomas Biggart of Baidlandhill, Dalry, Ayrshire, in memory of his son, Thomas Biggart, an alumnus of Glasgow University, who died in 1874. The bursaries are open to competition at the annual Bursary and Preliminary Examination to students who are entering on the Arts Course at the University of Glasgow, with a view to the ministry of the United Free Church, and are designed to enable such students more easily to pursue that curriculum and obtain, as far as practicable, the Degree of Master of Arts.

The bursaries are tenable for four years, and the yearly value of each is £25. The Bursary Fund consisted of the sum of £6,000, and the deed of foundation provided that the surplus revenue, if any, may be applied to prolong the tenure of any of the bursars for a fifth year, or to the granting of additional bursaries on the same conditions as are applicable to the others.

Each bursary is payable by equal moieties on the second day of February and at the close of the winter session; and the bursar, on applying to the Principal for a precept for the second moiety, is required in each year to produce, besides the usual certificate from the Professors, a certificate signed by the Chairman and the Clerk

(Rev. Alexander Duncan, M.A., 173 Bruntsfield Place, Edinburgh), of the Theological Committee of the United Free Assembly, to the effect of his being recognised by that Church as an accepted student, pursuing his studies with a view to the ministry therein. (Two vacancies.)

Bursars—¹James B. Primrose, 1906; ¹Samuel W. Wilson, 1906; William Hamilton, 1907; Robert Weir, 1907; Alexander Ferguson, 1908; John W. Baird, 1909.

BLACK BURSARIES (Arts).—Founded by Mrs. Janet Black, widow of the Rev. William Black, D.D., Minister of the Barony Parish, Glasgow. Mrs. Black died in 1876, and by her Settlement made provision, *inter alia*, for the institution of two bursaries in Arts, each of which is now of the annual value of £21. The bursaries are open to competition to students entering on their first session in the University, and are awarded to students who, having passed the Arts Preliminary, have gained the highest marks in Mathematics in the Bursary Examination, and have not obtained a bursary in the general competition. The bursars are required to attend the qualifying courses for a degree in Arts.

Bursars—¹John M. McNeill, 1906; David P. Hutton, 1908.

BLACK BURSARIES (Theology).—Founded by Mrs. Janet Black—who died in 1876—in memory of her husband, William Black, D.D., Minister of the Barony Parish of Glasgow. The bursaries are entrance bursaries, two in number, each of the annual value of £42, tenable for three years. The competition is open to candidates holding a degree in Arts in any Scottish University, or who have passed their examinations in any four subjects taken from at least two departments for graduation in Arts. Candidates must be members of the Established Church of Scotland.

Bursars—Douglas D. Robertson, M.A., 1908; Peter C. Millar, M.A., 1909.

BLACKQUARRY SCHOOL BURSARY (Arts).—Founded in 1876 by the Trustees of the Blackquarry School, Port-Dundas, Glasgow. The Police Board of Glasgow having acquired the school compulsorily under "The Glasgow Police Acts," the Trustees resolved to apply the proceeds, after payment of all claims upon the institution, in founding a Bursary in the University of Glasgow. The Bursary is open to competition to Students in the Faculty of Arts on their first entering the University, under the same regulations as those of the competition Bursaries in the University, and is tenable for four years, subject to the condition that the Bursar shall attend the qualifying course for the Degree of M.A. Value, the annual income of a sum of £420 (about £14).

Bursar—Charles de Bois Murray, 1909.

¹ Vacant through lapse of time.

BOYD AND SANDERS BURSARY (*Theology*).—In 1635, Mr. Zachary Boyd founded three Bursaries for students in Divinity, tenable for two or four years, each of the value of £5 10s. per annum. The appointment to one of these was vested in the Merchants' House of Glasgow; and the patrons of the other two were the members of the City Council. Preference to burghesses' sons, particularly of the name of Boyd.

The Bursary, value £5 10s., in the gift of the Merchants' House of Glasgow, and the Sanders Bursary, value £8 6s. 8d., founded in 1728 by Mr. Robert Sanders of Auldhouse, also in the gift of the Merchants' House, were, by an order obtained under the authority of the Endowed Institutions Commission in 1880, conjoined into one Bursary of £13 16s. 8d. per annum, tenable for not more than three years by a student attending the ordinary curriculum in the Faculty of Theology at the University of Glasgow. The preference, *ceteris paribus*, to the names Boyd, Sanders, Corbet, Colquhoun, and Wardrop, was cancelled by Ordinance No. 57 of the Universities Commission (1889). When a vacancy occurs applications are to be lodged with Wm. H. Hill, LL.D., Clerk of the Merchants' House, on or before 15th August.

Bursar—¹ John MacLean, 1907.

BOYD AND WILSON BURSARY (*Theology*).—By ordinance of the Universities Commissioners of date 17th May, 1862, the two Boyd Bursaries in the gift of the Magistrates and Town Council of Glasgow (see above) were conjoined into one, tenable for three years, the Bursar to be M.A. By an ordinance of the same date the two Bursaries, value £6 13s. 4d. per annum each, which were founded by Mr. Michael Wilson in 1640, and placed under the same patronage, were also conjoined into one, tenable for three years, the holder to be M.A. in regular attendance at the University as a student of Theology. Restrictions as to kindred, etc., were in both cases abolished.

This Boyd Bursary and this Wilson Bursary were, by Ordinance No. 78 of the Universities Commission (1889), conjoined into one Bursary, called the Boyd and Wilson Bursary, value £24 6s. 8d. per annum. The holder must be a Master of Arts of a Scottish University. The Bursary is tenable for three years, provided that the Bursar shall, during that period, give regular attendance as a student of Theology in Glasgow University. When a vacancy occurs, applications are to be lodged with the Town Clerk, City Chambers, not later than 15th August.

Bursar—Thomas McVittie, 1908.

BRAND BURSARIES (*Arts*).—Mr. Robert Brand, son of the late Mr. Robert Brand, coalmaster, Wishaw, by his Trust Disposition

¹ Vacant through lapse of time.

and Settlement, dated 28th June, 1873, directed his Trustees to pay to the Senatus of the University of Glasgow the sum of £2,000, the income of said sum to be applied in payment of three Bursaries in Arts for the behoof of students in the University who shall be studying with a view to the ministry of the United Free Church. Mr. Brand died on 3rd July, 1873, but, in consequence of litigation, it was not till January, 1875, that the bequest, amounting, with interest, to the sum of £2,121 7s. 5d., was paid by the Trustees to the Senate. The Bursaries, which are tenable for four years, are of the annual value of about £29 each, and are awarded by public competition to students entering their first or second session in the Faculty of Arts; the Bursars to graduate as M.A. at the end of their course.

Bursars—¹John Paterson, 1906; James Kellock, 1907; Thomas H. Boyle, 1909.

BRISBANE BURSARY (*Medicine*).—Founded by Miss Christian Brisbane in 1777, in fulfilment of the intentions of her brother, Dr. John Brisbane of Balbegno. Their father, Dr. Thomas Brisbane, was the first Professor of Anatomy in this University.

It is tenable by a student of Medicine for four years, and the salary is about £40 per annum. The family of Brisbane and the University present alternately. The patronage on this occasion lies with the University. Candidates must be under twenty-two years of age, and must have the Degree of M.A.

The preference formerly given to the kin of the founder was cancelled by Ordinance No. 57 of the Universities Commission (1889).

Bursar—William S. Martin, M.A., 1908.

BROWN BURSARY.—See Crawford and Brown, p. 350.

BROWN OR ETTLES BURSARIES (*Theology*).—Two in number, founded in 1867 by Miss Ettles of Inverness, in memory of her brother-in-law, Dr. E. Brown, an alumnus of this University. The Bursaries consist of the annual interest and proceeds of a sum of £1,000, and are open to competition to first year students of Divinity who have passed all the examinations required for the ordinary Degree of M.A.; with a preference, *ceteris paribus*, to such as can speak Gaelic. The Bursaries are now each of the annual value of £27, and are tenable for three years.

Bursars—Andrew Currie, M.A., 1908; Anson R. C. Wood, M.A., 1908.

EBENEZER BROWN BURSARY (*Arts*).—Founded in 1884 under the Trust Disposition and Settlement of Mr. Ebenezer Brown, export bottler, West Campbell Street, Glasgow. Mr. Brown, who died on 31st July, 1883, bequeathed to the Senate the sum of £1,000, free of

¹ Vacant through lapse of time.

legacy duty, for the purpose of founding and maintaining a bursary in the Faculty of Arts, to be granted to the student who shall stand highest in a competitive examination on such subject or subjects in Arts as the Senate may prescribe. The Senate have full power to vary such subject or subjects from year to year, and to lay down such regulations regarding the bursary as they may see fit. The bursary is open to competition to all students entering on their first or second year of attendance, provided that no student in his second year shall be eligible who on entering upon his first year of attendance passed the whole Preliminary Examination. It is tenable for three years. Present value, £38 per annum.

Bursar—George M. D. Short, 1908.

BROWNE (AYRSHIRE) BURSARIES (*Arts*).—Two in number, tenable for four years, and each of the annual value of about £22, founded in 1871 by Mr. Hugh Browne, residing at Darvel, in the county of Ayr, who for this purpose, and in memory of his brother, the late Dr. Alexander Browne of Buenos Ayres, mortified to the University of Glasgow the sum of £1,000. The bursaries are awarded by competition. Candidates must be natives of the county of Ayr, or must have been educated for not less than four years in a school within the said county, and must be entering on their first session at the University.

Bursars—¹ John P. Weir, 1906; Andrew McCracken, 1908.

BROWN-PATON BURSARIES (*Arts*).—Founded in 1891 by Mr. Andrew Brown-Paton, Liverpool, in memory of his father, mother, and three sisters. The bursaries are two in number, and are tenable for three years. They are open for competition to students of the first year, with a preference to natives of the parishes of Loudon or Galston in Ayrshire. Should no candidate from either of these parishes come up to the standard of the Entrance Examination then held in Arts, the bursaries are open to candidates from any part of Ayrshire. Failing qualified candidates from Ayrshire, the bursaries are open to all students of the first year. In case of a vacancy, otherwise than by lapse of time, a student of the same standing is appointed by the Senate by examination or otherwise. Each bursar receives one half of the free proceeds of the capital sum, £1,000, paid over to the University Court by the founder. The present annual value of each bursary is £17.

Bursars—Robert Dalziel, 1908; James M. Mackintosh, 1909.

BUCHANAN BURSARIES (*Arts*).—Founded by the late Robert Buchanan, LL.D., Ardfillayne, Dunoon, formerly Professor of Logic and Rhetoric in the University of Glasgow, by Codicils to his Will, dated 26th December, 1871, and 26th March, 1872, in which, as a "token or expression of his gratitude and respect to the University of Glas-

¹ Vacant through lapse of time.

gow, with which, as a student, or Professor, or member of the University Court, he had been connected for the space of fifty years," he bequeathed the sum of £1,000 for the purpose of founding a Bursary or Bursaries for students in the Faculty of Arts, on the conditions that may appear to the Senatus best for the interests of the University. The Senate resolved to apply the annual proceeds to the support of two Bursars in Arts, each to hold his Bursary for three years, subject to the usual condition of attending two of the classes of the curriculum in each session; the Bursars to be appointed by competitive examination among students of either sex of the first year. The Bursaries are awarded to competitors who, having passed the Arts Preliminary, have gained the highest marks in Applied Mathematics in the Bursary examination, and have not obtained a bursary of greater value in the general competition. Present value, £14 to each Bursar. (One vacancy.)

Bursar—Herbert Le May, 1908.

BUCHANAN (BELLFIELD) BURSARIES (*Arts and Theology*).—Founded in 1875, in accordance with the Trust Disposition and Deed of Settlement of the late Misses Margaret Jane and Elizabeth Buchanan of Bellfield, Glasgow. The Bursaries are two in number, and consist of the yearly proceeds of a sum of £4,200, vested in Reduced 3 per cent. Annuities. Open to matriculated students who may be prosecuting their studies at the University of Glasgow, with a view to their becoming licentiates and clergymen of the Established Church of Scotland. The Patrons are the Principal and such of the Professors as hold their appointments from the University Court. The Bursaries are tenable during the whole curriculum "or such portion thereof as to the said Principal and Professors may seem proper." The Bursars are appointed by competitive examination among students of the first and second years in Arts. Present value, £47 per annum to each Bursar.

Bursars—¹ Alexander B. Harper, 1903; Robert J. Thomson, 1904.

CAMPBELL BURSARIES (*Arts*). In 1908 the Trustees of the late Miss Mary Campbell, Clarkston, handed over to the University a sum of £800 for the purpose of founding and endowing two Bursaries in the University of Glasgow. The Senate are the Patrons. The Bursaries are open to students of either sex who are entering on the first or second year of their studies in Arts, and are awarded on the results of the general bursary competition. They are tenable in the case of students appointed in the beginning of their first year for four years, and in the case of students appointed in the beginning of their second year for three years. Should a bursar graduate before the expiry of his period of tenure he may continue to hold his bursary during the remainder of the period, provided

¹ Vacant through lapse of time.

that he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. The annual value of each is £10. One appointment will be made in 1910.

Bursar—Isabella J. McInnes (Celtic—4 years) 1909.

GEORGE A. CLARK BURSARIES OR SCHOLARSHIPS (*Arts, etc.*). — (See under "Scholarships.")

JOHN CLARK (MILE-END) BURSARIES (*Arts*).—Founded in 1868, in accordance with the Trust Disposition and Deed of Settlement of the deceased Mr. John Clark, junior, of the firm of John Clark, junior, & Co., thread manufacturers, Mile-End, Glasgow. By a Deed of Constitution of date 1st August, 1866, the "Clark Bursary Fund" is placed under the management of twelve trustees. The Bursaries are to be at least two in number, of the annual value of £30, open for competition to all Protestant students of good moral character, sons or daughters of Protestant parents, entering on their first session in the Faculty of Arts (a preference, *ceteris paribus*, given to orphans), and are tenable for four years, subject to the condition that the Bursars proceed through the curriculum of Arts in Glasgow University. On 29th October, 1897, the Trustees resolved that it should not be competent for any one appointed after that date to a John Clark (Mile-End) Bursary to hold any other Bursary or Scholarship concurrently with it, except with the consent of the Trustees. The competition is to be in writing, and the trustees are to appoint the subjects of examination. The Bursary fund consists of the residue of the Testator's estate, said residue amounting to upwards of £35,000. Six Bursaries on this foundation will be open to competition in September, 1910; and will be awarded, four for general excellence, one for special excellence in French, and one for special excellence in German. Awards for the Bursaries for French and German are made only to competitors who have passed the Arts Preliminary and have not obtained any Bursary for general excellence.

Bursars—¹ William S. Buchan, 1906; ¹ Isabel Robertson, 1906; ¹ John Agnew, 1906; ¹ William Kerr, 1906; ¹ Marion S. Orr (French), 1906; ¹ David D. Anderson (German), 1906; Andrew Browning, 1907; John Logie, 1907; Matthew W. Robieson, 1907; William D. Robieson, 1907; Catherine M. McKinnon (French), 1907; Cecilia Broekie (German), 1907; John A. Black, 1908; Alexander B. Muir, 1908; David G. Ramsay, 1908; James White, 1908; Mary Broekie (French), 1908; John Phemister (German), 1908; Nelson Downie, 1909; John MacMurray, 1909; Helen Y. Murdoch, 1909; Archibald S. Strachan, 1909; William Amour (French), 1909; Isa W. Pyper (German), 1909.

¹ Vacant through lapse of time.

COWAN BURSARIES (AYR ACADEMY) (*Arts*).—These Bursaries were founded by the late David Cowan, Esq., of Auchendrane, who bequeathed to the Directors of the Ayr Academy the sum of £2,000, to be invested and held by them in trust, and the annual income thereof applied as Bursaries, to promote the education of two students, one at each of the Universities of Edinburgh and Glasgow, who should have received their previous education, or part of it, at Ayr Academy. These Bursaries are now administered by the "Ayr Educational Trust." Under Scheme 328, Section 26, of the Educational Endowments (Scotland) Commission, approved by Her Majesty in Council on 8th February, 1890, the Governors are instructed to apply an annual sum of not less than £80 in establishing Bursaries for University education, to be called the Cowan Bursaries, each of the yearly value of not less than £20 nor more than £30. These Bursaries are awarded by competitive examination among those who have been pupils in the Ayr Academy for at least two years before the date of examination, and only those are eligible for appointment who pass the Preliminary Examination occurring first after the termination of their Academy course; unless it can be shown to the satisfaction of the Governors that any student was unavoidably prevented by illness or other necessary cause from appearing at the Examination first occurring, in which case the Governors reserve to themselves the power to allow such students, should they so decide, to compete at the next following examination. The Governors have resolved to award them alternately to students of Glasgow and Edinburgh Universities. The Bursaries are tenable for three years, the total value of each being £80, payable by instalments of £30 per annum for the first two years, and £20 for the third year. No student who has gained a Cowan Bursary shall hold along with it any other Bursary or Scholarship which either singly or in combination exceeds the amount of £10 per annum, without the consent of the Governors. On a vacancy, intending candidates must send in their names and addresses to the clerk and treasurer, Mr. J. H. Goudie, Wellington Chambers, Ayr, before the fifteenth day of August; and the Senate of the University of Glasgow undertakes the examination of candidates who offer themselves for the Bursary to be held at this University.

Bursar—David Caldwell (three years), 1909.

CRAIG BURSARY (*Arts*).—Founded by Mr. John Craig, merchant in Glasgow, in 1697, for students in Philosophy. Tenable for four years. The preference to kindred of Founder, and students of the name of Craig, was cancelled by Ordinance No. 57 of the Universities Commission (1889). Value, £8 6s. 8d. per annum, increased by the Patrons in 1880 to £25. Appointment by the Merchants' House. Applications to be lodged with W. H. Hill, LL.D., Clerk to the

Merchants' House, on or before 15th August of the year in which a vacancy occurs.

Bursar—¹ Robert T. Clark, 1906.

ARCHIBALD CRAIG BURSARY (*Arts*).—The Rev. Archibald Craig, some time minister of the Free Church at Dalton, thereafter residing at Eaglesham, who died on 10th March, 1873, by his Will, dated 4th March, 1873, bequeathed a sum which, with accretions, amounted in 1884 to £250, to be devoted to the foundation of a Bursary in the University of Glasgow. The Trustees of the Bursary Fund are—the Minister for the time being of the Parish of Eaglesham, the Minister for the time being of the United Presbyterian Church, Newton-Mearns, and certain other gentlemen. The Bursary was founded in 1884. It is open to competition, at the annual Bursary Examination, to students of either sex entering on the first session of attendance at the University, who are natives of the parishes of Eaglesham or Mearns, or who for two consecutive years have attended school in either of said parishes; is awarded by the Senate in accordance with the result of that examination; and is tenable for the first two years of such student's attendance at the University. The Bursary is payable at the close of the winter session. Should the Bursary be in abeyance during any session or sessions, from failure of students falling under the above description, the accumulation may, in the discretion of the trustees, be applied to the increase of the Bursary in any subsequent session or sessions, or may be added to the capital fund.

Bursar—¹ Mary Alexander, 1908.

CRAWFURD AND BROWN BURSARY (*Arts*).—The Crawford or Bishop's Bursary was founded by Captain Thomas Crawford of Jordanhill in 1576, and was appropriated to a student in Languages. It was tenable for four years, the value being a chaldar of meal. The Patrons were the Principal and the Professors of the University. The foundation was remodelled by ordinance of the Universities Commission, dated 7th June, 1862. The Brown Bursary was founded in 1697 by Colonel Brown of Maryland. It was tenable for four years. The annual value was £5, increased in 1880 to £6 13s. 4d. by an addition from the Students' Bursary Fund. This Bursary, being also in the patronage of the Principal and Professors, was combined with the Crawford Bursary by Ordinance No. 81 of the Universities Commission (1889), the joint-bursary to be called the Crawford and Brown Bursary. The preference as to kindred attaching to the Brown Bursary was abolished. The Crawford and Brown Bursary is tenable for four years, the annual value being £19 13s. 4d. If a bursar graduate at the end of three years, he shall only retain his Bursary during the fourth year of tenure if he

¹ Vacant through lapse of time.

shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. In other respects the provisions of University Court Ordinance No. XXVII. apply to this Bursary.

Bursar—Joseph W. P. Harkness, 1908.

ANDREW CUNNINGHAME BURSARIES (*Law*).—Mr. Andrew Cunningham, Town Clerk Depute of Glasgow, who died in 1886, bequeathed to the University, free of legacy duty, £5,000, for the purpose of completing the tower, and also £350, the annual revenue of which was to be applied in purchasing a gold medal as a prize in the class of Mathematics. He also bequeathed to the Senate £2,000 for founding two Bursaries in connection with the Scots Law and Conveyancing Classes. The following regulations were adopted by the Senate on 6th April, 1905 :

1. The Bursaries shall be of equal value, and tenable for one year.
2. One Bursary shall be awarded on the report of the Professor to the best student in the Class of Scots Law, and one Bursary shall be awarded on the report of the Professor to the best student in the Class of Conveyancing.

3. The Bursaries may be held along with any other Bursary or Prize.

4. The Bursaries shall be awarded at the close of the winter session and shall be payable at the usual times of payment in the academic year next following, on production of certificates showing that the Bursars are attending some class or classes in the Faculty of Law not attended in a previous year : Provided that the minimum attendance certified be in one class having eighty lectures or in two classes each having forty lectures.

Under these regulations appointments to both Bursaries will be made in March or April, 1911. Present value of each, £37.

Bursars—Andrew R. Duncan, M.A. (Scots Law), 1910 ; Harold M'Intosh, M.A. (Conveyancing), 1910.

DONALD CUTHBERTSON BURSARY (*Science*).—Founded in 1900 by Sir John Neilson Cuthbertson, LL.D., and his son Thomas William Cuthbertson, M.A., Trustees of Donald Cuthbertson, LL.B., Accountant in Glasgow, who died on 8th December, 1864. The Bursary Fund amounted to £1,000, being the accumulated revenue and principal of £500 out of the residue of the Testator's estate. After the death of Sir John on 26th January, 1905, his son having predeceased him on 7th May, 1904, the administration of the Fund and Bursary passed, in terms of the Deed of Foundation, to the University Court. The regulations fixed and adopted by the Trustees are to continue in force, and are *inter alia* the following : —

1. The Bursary shall be awarded to a student entering on his course with a view to graduate as B.Sc. in Pure Science, account being

taken of the proficiency he has shown in passing the Science Preliminary Examination. 2. The Bursary shall be tenable for a period of three years, provided the Bursar continue his attendance on classes in the University during that period. The present annual value is £35.

Bursar—Robert Clark, 1909.

DAVIDSON BURSARIES (*One in Arts and one in Medicine*).—Two in number, founded in 1881, in terms of the Trust Disposition and Settlement of Mrs. Eliza Davidson, who bequeathed £2,000 for that purpose, the one bursary being in memory of her husband, John Davidson, surgeon, Newmilns, and the other in memory of her son, Francis John Ferguson Davidson. A preference is given, *ceteris paribus*, to the Founder's relatives, and to young men natives of the parishes of Muirkirk, Dalserf, Lesmahagow, and Loudon. One of the Bursaries is open to competition to students of the first or second year in the Faculty of Arts, and is tenable for three years, but the second moiety of the third year's Bursary is not payable until the bursar shall have passed the examinations in four subjects taken out of at least two Departments for the Degree in Arts. The other Bursary, also tenable for three years, is awarded to the medical student who stands first in the First Professional Examination, provided that his attendance at the classes has not exceeded the requirements of the Ordinance. The present annual value of each is £34.

Bursar in Arts—James Crawford, 1909.

Bursar in Medicine—¹ Thomas S. Barrie, 1907.

DENNY BURSARIES (*Any Faculty*).—Four in number, founded in 1875, by the late Peter Denny, LL.D., engineer and shipbuilder, Dumbarton. Value, not less than £30 per annum each, and tenable for four years. Open for competition to all students entering the University who are not under fourteen years of age, and who have been pupils in regular attendance at the Dumbarton Burgh Academy for at least two years, one of which must be immediately preceding the date of such entry. One of the Bursaries will be competed for at the beginning of next session. The examination will be in the same subjects and at the same time as the examination for the other competition Bursaries. The Trustees are Mr. Peter Denny and Mr. Leslie Denny, nominated in 1896 by the Sheriff of Dumbartonshire, the Principal and Professors, and one of the four Assessors of the General Council in the University Court appointed by the four Assessors, or a majority of them, in accordance with the provisions of Ordinance No. 91 of the Universities Commission (1889).

Bursars—² Catherine McColl, 1906; Thomas A. Cleghorn, 1907; Andrew Mair, 1908; Maurice S. Bryce, 1909.

¹ Vacant through lapse of time.

² Bursar resigned.

DUART BURSARY (*Arts*).—The James Stewart (Duart) Bursary, of the annual value of £32 or thereby, is open to natives of the Parishes of Callander or Trossachs, and is tenable for three years in the Faculty of Arts in any of the Scottish Universities. The Patrons are the Ministers and Kirk Sessions of the Parishes of Callander and Trossachs. Further information will be supplied by Mr. Donald M'Laren, Solicitor, Callander.

GLASGOW DUMFRIESSHIRE SOCIETY'S BURSARIES (*Any Faculty*).—Two in number, the one founded in 1874 and the other in 1876. They are in value £15 per annum each, are tenable for four years, and consist of the annual proceeds of a sum subscribed by members of the Glasgow Dumfriesshire Society and invested for the establishment of Bursaries in Glasgow University. The Bursaries are open to first and second year students, between the ages of 14 and 27, who are either descendants of members of the Glasgow Dumfriesshire Society, or natives of Dumfriesshire, or sons of natives resident in Glasgow, whose circumstances render the aid of a Bursary necessary or desirable. Application to be made to the Secretary, Mr. Francis Stoddart, 184 Pitt Street, Glasgow, not later than 15th August of the year in which a vacancy occurs. There are no bursaries at present.

DUNCAN'S BUTE BURSARIES (*Arts*).—Founded in 1875 for the benefit of natives of the island of Bute, by Mr. James Duncan of Valparaiso, and afterwards of Rothesay, who by his Will of date 19th October, 1874, bequeathed £2,000 for this purpose. The Trustees and Patrons are the Principal, the Professor of Mathematics, the Professor of Natural Philosophy, and the Provost of Rothesay, all for the time being. Candidates must be natives of the island of Bute, and must be entering on their first or second session in the Faculty of Arts at the University. The Bursaries are two in number, tenable for four years; but the Patrons may in each case continue the Bursary for a fifth year to assist a student who may have been assiduous in his Academical studies, in private study, or in Continental travel, or other pursuits conducive to relaxation, combined with enlargement of his experience of men and things. The examination is in the same subjects and at the same time as the examination for the other competition Bursaries. There is a preference, *ceteris paribus*, to the name of Duncan, in such degree as the Patrons shall determine; in other cases of equality the Bursary may be divided. Present annual value, £38 to each Bursar. On 28th October, 1897, the Patrons made a by-law declaring that it should not be competent for any one appointed after that date to a Duncan's Bute Bursary to hold any other Bursary or Scholarship concurrently with it. (One vacancy.)

Bursar—Archibald F. Boag, 1909.

DUNDONALD BURSARIES (*Eight in Arts and Six in Theology*).—In 1672, William, Earl of Dundonald, founded seven Bursaries—four in Philosophy and three in Divinity.

In 1858 the surplus funds of this foundation having greatly accumulated, an Act of Parliament was obtained, authorizing an increase in the number of Bursars, but providing that the total number of Bursars in Philosophy shall, at all times, bear to the number of Bursars in Divinity the proportion of four to three, as nearly as may be. The Bursaries are now fourteen in number—eight in Philosophy and six in Divinity.

The Bursaries were further regulated by Ordinance No. 94 of the Universities Commission (1889). The Bursaries in Arts are tenable for four years, but if a bursar graduate at the end of three years, he shall only retain his Bursary for the fourth year of tenure, if he engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. The Bursaries in Divinity are tenable for three years, and no longer. A student cannot be appointed to a Dundonald Bursary in Divinity unless he has passed all the examinations required for graduation in Arts. In other respects the provisions of University Court Ordinance No. XXVII. apply to all the Bursaries on this Foundation. The Bursars in Arts receive £40 each per annum, and those in Divinity £41 2s. 6d. The patronage lies with the Trustees of the late Duke of Hamilton, and is exercised by their Commissioner, George Dalziel, Esq., 66 Queen Street, Edinburgh, to whom applications should be sent on or before the fifteenth day of August. One appointment in Arts and one in Divinity will be made for next session.

Bursars in Philosophy.—¹ Archibald T. Cockburn, 1906; Charles R. McIntosh, 1907; Robertson M. Millar, 1908; William L. Gordon, 1909.

Bursars in Divinity.—¹ Alexander MacLean, M.A., 1907; James R. Brown, M.A., 1908; James C. Conn, M.A., 1909.

JAMES EWING ENTRANCE BURSARIES (*Arts*).—Four in number, founded in 1879 by the Merchants' House of Glasgow in accordance with the Deed of Endowment of the late Mr. James Ewing of Strathleven. The Directors resolved to apply annually £80 of the income of his legacy of £10,000 for educating, training, and settling in business the sons of Glasgow merchants in entrance Bursaries of £20 each. The Bursaries are tenable for four years by students giving regular attendance on classes in the Faculty of Arts. Open to first year students. The appointments to the Bursaries will be made in accordance with the annual Bursary competition at the commencement of the session; candidates to be qualified as above. Applications to be lodged with Wm. H. Hill, LL.D., Clerk of the Merchants' House, on or before 15th August, in each year. (One vacancy.)

Bursars.—¹ Alexander J. B. Milne, 1906; John E. Campbell, 1907; William H. Gordon, 1908; Hector MacLaine, 1909.

¹ Vacant through lapse of time.

JAMES FERGUSON BURSARIES (*Theology, Law, Medicine, or Department of Engineering Science*).—Two in number, founded in 1877, under provision of the Trust Disposition and Settlement of the late James Ferguson, Esq., of Wiston, and consisting of the annual proceeds of a sum of £3,600. The Bursaries are now each of the annual value of £100, and are tenable in the University of Glasgow for two years in any of the three Faculties of Divinity, Law, or Medicine, or in the Department of Engineering Science. The Bursaries are awarded for special proficiency in Arts studies, according to the following rotation, viz.:—In November, 1878, and thereafter triennially, in Mental Philosophy, together with English Literature; in November, 1879, and thereafter triennially, in Mathematics and Natural Philosophy; in November, 1880, and thereafter triennially, in Classical Literature. The Examination is the same as that for honours in the Groups of Classics, Mental Philosophy, and Mathematics and Natural Philosophy respectively (with the addition in the case of the Group of Mental Philosophy of a paper on English Literature), at the annual Examination for Degrees in October. Candidates must have completed the course of attendance required for admission to examination in the corresponding Group for the Degree of M.A. with Honours. Each Bursar must pursue the course of study for such Degree in Divinity, Law, Medicine, or Engineering Science, as he may, with approval of the Senate, select. In the event of a successful candidate not having completed attendance on the Arts classes necessary to qualify for the Degree of M.A., he shall be at liberty, without forfeiting his right to the Bursary, to continue his studies in Arts for two years, in order that he may complete his qualifications for graduation; but no part of the Bursary shall become payable until he has selected and entered upon a course of study in one of the three Faculties above mentioned, viz.:—Divinity, Law, or Medicine, or in the Department of Engineering Science. While the Bursary is tenable for two years of such course, the Bursar must continue his attendance on classes beyond the two years, if this be necessary for graduation or for receiving the Certificate of Proficiency in Engineering Science. The Bursar shall not receive payment of any half-yearly Bursar without such evidence as the Senate may require that he is faithfully pursuing the selected course, and shall not receive payment of the fourth half-yearly Bursar until he has graduated or received the Certificate of Proficiency in Engineering. Unless a candidate comes up to at least the standard of Second Class Honours, the Senate shall not be bound to award the Bursary. There is a preference, *cæteris paribus*, to young men natives of the parishes of Lesmahagow or Muirkirk, or the province of Pictou, Nova Scotia, and also to young men of the name of Ferguson or Weir, or to descendants and relatives of the founder.

Candidates for the Bursary to be competed for in 1910 will

be examined in Classics along with the examinations on these subjects for the Degree of M.A. with Honours.

Bursar—Donald C. Smith (Math. and Nat. Phil.), 1909.

JOHN FERGUSON BURSARY (*Theology*).—The late Mr. John Ferguson, portioner, Gourcock, by his Trust Disposition and Settlement, directed his Trustees to make over the residue of his estate to the University for the purpose of founding a Bursary in connection with the Faculty of Theology to be held by students studying for the Church of Scotland, such Bursary to be known as the John Ferguson Bursary. In January, 1909, the residue (amounting to £2,079 4s. 11d.) was made over, subject to an annuity of £13. The following are the regulations:—

1. The Bursary is open to candidates who hold a degree in Arts in any University in the United Kingdom, and who, being members of the Church of Scotland, are entering on the first session of their Theological study in the University with a view to the Ministry of that Church.

2. The Faculty of Theology shall present to the Senate a reasoned report on the qualifications of candidates, showing in the case of each the distinctions he has gained in his undergraduate course, and the class of Honours with which he has taken his Degree. A preference shall be given to a Graduate with Honours in (1) Ancient Languages or (2) Philosophy.

3. The Senate shall then determine whether, and to whom, the Bursary shall be awarded.

4. The Bursary shall be tenable for three years, and the Bursar shall, during his tenure of it, prosecute the regular course of study for the Degree of B.D., and shall attend a course in at least one Semitic language other than Hebrew.

5. The second moiety of the third year's Bursary shall not be paid to the Bursar until he shall have passed all the examinations required for the Degree of B.D.

6. In the case of a vacancy occurring otherwise than by lapse of time the Senate, after receiving a special report from the Faculty of Theology, may make an appointment for the remainder of the term.

When a vacancy occurs applications, giving the distinctions gained by the candidates, should be sent to the Clerk of the Senate not later than the entry date for the Theological Bursaries Competition.

Bursar—David Forsyth, B.A., 1909.

FORFAR BURSARIES (*Arts*).—Founded by the Countess of Forfar in 1737. The foundation was remodelled by the Universities Commission (1858), by Ordinance of 31st May, 1862, and further regulated by Ordinance No. 79 of the Universities Commission (1889) of date 15th February, 1895. There are now five Forfar

Bursaries in the gift of the Senate: the holder of each to receive £38, if the funds allow. These Bursaries are open for competition to all students entering the first or second session of attendance at the University. They are tenable for four years, subject to the condition that the bursar shall proceed through the curriculum in Arts, and shall pass the examinations for the Degree of M.A. If a bursar graduate at the end of three years, he shall only retain his Bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Forfar Bursaries. The Senate, acting under Section XII. of the said Ordinance, resolved to award four of these bursaries in respect of exceptional distinction in Classics, viz., one each year to a student of the first year who, having passed the Arts Preliminary, has gained the highest marks in Latin and Greek in the Bursary examination and has not obtained a bursary for general excellence.

Bursars—¹George A. Johnston, 1906; ¹James B. Hutton (Classics), 1906; William R. Cunningham (Classics), 1907; Eleanor J. M. Donaldson (Classics), 1908; Raibeart M. MacDougall (Classics), 1909.

FORREST BURSARIES (*Any Faculty*).—Founded by Mr. William Forrest of Easter Meadowhead, Drungelloch, and Meadowside, by Deed of Mortification of date 6th March, 1858. The Trust was re-constituted in 1886, under a Scheme of the Educational Endowments Commission. The Bursaries are five in number, each of the annual value of £22, and tenable at the University of Glasgow for such number of years, not exceeding five, as the Governors may determine. The Bursaries are awarded by competitive examination among young men who require aid in obtaining a University education, and who have been pupils in public or State-aided schools within the parishes of New Monkland, Slamannan, and Shotts, or who are natives of said parishes. Bursars cannot hold another Bursary, must prosecute a course for some degree, and attend at least two classes each session.

Governors—The Provost of Airdrie, the ministers of the parishes of New Monkland, Airdrie, and Clarkston, one representative from each of the School Boards of Airdrie and Clarkston, and one from the School Boards of Slamannan and Shotts alternately, and one appointed by the Sheriff of Lanarkshire. When a vacancy occurs, applications should be lodged with Mr. G. B. Motherwell, Town Clerk, Airdrie, on or before 21st July. (One vacancy.)

Bursars—John Dickie, 1907; Dugald Lauder, 1907; James H. Ross, 1907; John E. Arkieson, 1908.

¹ Vacant through lapse of time.

FORRESTER BURSARY (*Arts*).—Founded in 1901 by the Trustees of the late James Forrester, merchant in Airdrie, in accordance with the instructions contained in his Trust Disposition and Settlement. The Trustees are the patrons. The Bursary, which is of the annual value of about £20, and tenable for three years, is open to competitors of either sex, born in the parish of Dunblane or Lecropt, and requiring assistance to enter the University. It will be awarded after public examination of the candidates at the Bursary Competition in connection with the Faculty of Arts in the University of Glasgow. It shall not be held by any Bursar along with any other Bursary or Scholarship whatsoever. If two candidates are found to be equal in merit, the Trustees may divide the Bursary between them. When no candidate of sufficient merit makes application, the Bursary will lapse until the following year. Whenever the Bursary remains vacant for a year or years, the income accumulated will go to increase the Benefit of the first successful applicant, the accumulated interest being spread over the three years of tenure. When a vacancy occurs, applications should be lodged with Alexander B. Barty, LL.B., Writer, Dunblane, on or before 15th August. (Vacant.)

FOUNDATION BURSARIES (*Arts*).—These Bursaries were founded by James VI., in 1577, for students in Languages and Philosophy, and were originally four in number. By ordinance of the Universities Commission (1858) of date 7th June, 1862, these Bursaries were remodelled, and were further regulated by Ordinance No. 84 of the Universities Commission (1889) of date 15th February, 1895. Under the new scheme there are two Foundation Bursaries, the holder of each to receive £20 per annum. They are open for competition to all students entering the first session of attendance at the University, and are tenable for four years. The class attendance of the Foundation bursars is regulated by University Court Ordinance No. XXVII., Sec. III. The Senate, acting under Section XII. of the said Ordinance, have resolved to award these bursaries in respect of exceptional distinction in English, viz., one bursary in alternate years to a student of the first year who, having passed the Arts Preliminary, has gained the highest marks in English in the Bursary examination and has not obtained a bursary for general excellence. If a bursar graduate at the end of three years, he shall only retain his Bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science.

Bursars—John G. Smart (English), 1908; John A. Hunter (English), 1909.

FRANCO-SCOTTISH SOCIETY'S TRAVELLING BURSARIES (*Arts*).—The Scottish Branch of the Society offers for session 1910-11 one or more Travelling Bursaries of £30 each for competition among students of Scottish parentage. The examination will be held simultaneously in the four Scottish Universities in the spring of 1911. Candidates must send their applications, names, addresses, and evidence of matriculation, during the session 1910-11 (accompanied by a stamped and addressed envelope), to J. W. D. Kirkland, Esq., S.S.C., Hon. Secretary, 20 George Street, Edinburgh, at a time to be announced on the University Notice Boards, and state at which of the four Universities they desire to be examined. Candidates must be matriculated students of a Scottish University during session 1910-11. The successful competitors are required to submit a scheme of study in France for the approval of the Society.

No other Scholarship, Bursary, or Grant exceeding Thirty pounds can be held along with these Bursaries.

Bursars—Wm. J. Fortune (Aberdeen University), 1910; Jessie M. H. MacCaig (Edinburgh University), 1910; Agnes L. Anderson (Edinburgh University), 1910.

FULLARTON OF OVERTON BURSARIES (*Arts*).—By Deed of Mortification and Constitution dated 22nd December, 1877, the Executors of the late John Fullarton, Esq., of Overton, West Kilbride, Ayrshire, in pursuance of his Trust Disposition and Settlement and Codicils, assigned to the Principal and Professors of Glasgow University, as Patrons, the residue of his estate, amounting to £2,604 17s. 7d., for the purpose of founding five Bursaries, more or less, each of the annual value of at least £10, but not exceeding £30. The present annual value to each bursar is £22. The Bursaries are tenable for two years by students in Arts under 25 years of age, belonging to or resident in the district of Cunninghame, in Ayrshire, children of parents whose means and social position are not above those of tradesmen, small farmers, or shopkeepers, or others who may be struggling to secure their better education, and are by themselves, or with such assistance as they may be able to get from their parents or relations, unable to provide for the expenses of a University education. The Bursaries are awarded by competitive examination in Latin, Elementary Mathematics, and English; but no candidate is eligible who has attended any University for more than one session. A Bursary may be divided between two candidates of equal or nearly equal merit, but as between a candidate who has not previously attended any University and a candidate who has so attended, the former is preferred. A Bursar may attend each session one or more of the classes in the Faculty of Arts, the selection of classes being left to his own option. Any accumulations through vacancies are added to the capital sum. Candidates are required to produce evidence of age. (Three vacancies.)

Bursars—¹ Alexander Banks, 1908; ² Thomas B. Waddell, 1908; ² James C. Robertson (one year), 1909; William A. Higgins, 1909; Dugald M. S. Duff, 1909.

WILLIAM GARDINER BURSARIES (*Arts, Medicine*).—William Gardiner, M.D., of Ashton-under-Lyne, by his Settlement, dated 27th September, 1897, directed his Trustees to pay over to the University Court the sum of £1,000, free of legacy duty, for the purpose of founding one or more Scholarships, Bursarships, or Exhibitions, to be devoted to such objects and in such manner as the Court should think fit, preference being given to students of Chemistry, Physiology, and Physics, French and German, and, so far as practicable, to sons of medical men, lawyers, and teachers.

The following regulations were approved by the University Court on 4th October, 1900:—

1. The Bursaries shall be two in number, equal in value, and each tenable for two years.

2. One Bursary shall belong to the Faculty of Medicine, and shall be awarded after the Autumn Professional Examinations in Medicine to the candidate who in the year in which the bursary is open has passed in Physiology of the second professional examination, and whose aggregate of marks in that subject and in Chemistry and Physics of the first professional examination is the highest.

3. The other Bursary shall belong to the Faculty of Arts, and shall be awarded to the student who obtains the highest marks in French and German as subjects of the general Bursary Examination in the year in which the Bursary is open, provided that it shall be in the power of the Senate to award the bursary for decided proficiency shown by a candidate in one of the said languages. The holder of this bursary must attend the French class or the German class in the University, and pass the examination in one or other of these subjects required for graduation in Arts. The second moiety of the second year's Bursary shall not be paid until the Bursar shall have passed this examination.

4. Either of the William Gardiner Bursaries may be held along with any other Bursary in the University, if the regulations of that other Bursary permit.

5. The Bursaries shall be open to both men and women, effect being given, *ceteris paribus*, to the preference expressed in the Will of Dr. Gardiner for sons of medical men, lawyers, and teachers.

The present annual value of each is £14.

Bursars—Ethel A. R. Smith (Arts), 1909; James E. Paterson (Med.), 1909.

GARTMORE BURSARY (*Arts*). In accordance with the directions of the Founder of the Gartmore Medal (see p. 448), the Universities

¹ Leave of absence granted for 1909-10.

² Vacant through lapse of time.

Commission (1889), by Ordinance No. 98, founded this Bursary, a sufficient capital having accumulated from the surpluses of the Foundation. It is open by competition to all students entering on their first year of attendance on a course for graduation in Arts, and is tenable for three years. Value, £22 per annum. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Gartmore Bursary.

Bursar—Arthur Lang, 1909.

GENERAL COUNCIL BURSARIES (*Arts*).—Under a scheme originated by the late Mr. David Hannay, Clerk to the General Council, a sum of about £500 (Fund No. I.) was raised by subscription among the members of Council for the foundation of Bursaries to be held for three years, and open to competition to first and second year students in Arts. This fund has now been exhausted. In addition, a sum of £2,382 2s. (Fund No. II.) was raised to form the nucleus of a permanent General Council Bursaries Fund, and invested in the names of Trustees. Of this sum £1,000 is due to the liberality of the late Rev. Wm. Park, D.D., minister of Airth, to be applied in memory of his brother, the Rev. John Park, D.D., minister of Cadder. With Dr. Park's consent, the income of this sum was appropriated to two General Council Park Bursaries of £20 a-year, open to students of either sex who, having passed the Preliminary Examination in Arts, are about to commence their second year of actual attendance at the University. The General Council Park Bursaries are tenable for two years. The remainder of the free income of the fund is devoted to providing bursaries, called the General Council Bursaries, of such number and of such amount as may from time to time be determined by the Trustees. The General Council Bursaries are open to students of either sex on their first entering the University, and are tenable for three years. No candidate shall obtain a General Council Bursary who shall not have passed the Preliminary Examination in Arts, but it is in the power of the Trustees to admit to a General Council Bursary a candidate who has passed in at least three subjects of the Preliminary Examination, on condition that the bursary shall not be retained unless the bursar passes in all the subjects not later than the second Preliminary Examination held after the time of admission. In 1903 and triennially thereafter (1909) one General Council Bursary shall be awarded in respect of special distinction in Applied Mathematics to the student of the first year who, having passed the Arts Preliminary, has gained the highest marks in Applied Mathematics in the Bursary Examination, and has not obtained a bursary for general excellence.

Bursars—¹ Arthur S. Morrison, 1907; ¹ Mary S. Sinclair, 1908 (Park); William Peebles, 1909 (Park).

¹ Vacant through lapse of time.

JOHN GIBSON BURSARIES (*Any Faculty*).—Founded in 1877 by Miss Jane Gibson, in memory of her father, John Gibson of Oakbank and Johnstone, merchant in Glasgow. The Bursaries, which may be given to one student, or at most two, consist of the annual proceeds of £1,000. The administration is vested in trustees, who have great discretionary powers as to the conditions on which the Bursaries may be held. Their subsisting resolution is to award the Bursary to a Medical student entering on the third year of his course, and that it be retainable for three years. When a vacancy occurs applications and relative testimonials are to be lodged not later than 1st October with Messrs. A. J. & A. Graham, 198 West George Street, Glasgow, who will furnish forms of application.

Bursars.—¹ William Taylor, 1907; Joseph Dunbar, 1909.

DR. THOMAS GIBSON (ROTHESAY) BURSARY (*Medicine*).—Founded in 1893 in terms of the Trust Disposition and Settlement of Misses Christian and Janet Gibson, who bequeathed £1,000, free of legacy duty for that purpose, in memory of their brother. Present annual value, £36. The Bursary is tenable for four years, and is open to any matriculated student of Medicine (male or female) in the University preparing for service as a Medical missionary in connection with the Church of Scotland, who has completed the first professional examination in the year in which the Bursary is open. The Bursary is awarded to the qualified applicant who has obtained the best marks in the said examination; but in the case of an equality of marks between two or more candidates, the Senate may hold a further examination to determine to which of such candidates the Bursary shall be awarded. In the case of a casual vacancy, the Senate may appoint for the remainder of the period of tenure any qualified applicant who has shown diligence and proficiency in the earlier part of the curriculum in Medicine. In the event of the Bursary not being awarded in any year or years from lack of qualified candidates, the Senate may, in any subsequent year, if the funds of the Foundation admit, award an additional Bursary for one or more years, not exceeding four. There is a preference, *cæteris paribus*, to students of the name Gibson.

Bursar.—Alexander G. Henderson, 1908.

GILCHRIST BURSARY.—See Howison and Gilchrist, p. 368.

GILHAGIE AND STRUTHERS BURSARY (*Theology*).—The Gilhagie Bursary was founded in 1753 by Agnes Gilhagie, widow of William Somerville, merchant in Glasgow, for a student in Divinity. It was tenable for four years, the annual value being £6 6s. In 1624 the Rev. William Struthers founded two Bursaries, each of the annual value of £6 13s. 4d., for students of Divinity. By Ordinance of the

¹ Vacant through lapse of time.

Universities Commission (1858) the two Struthers Bursaries were conjoined into one, tenable for three years, the holder to be M.A., and a student of Divinity. All other restrictions were abolished. By Ordinance No. 82 the Universities Commission (1889) combined the Gilhagie Bursary and the Struthers Bursary into one, called the Gilhagie and Struthers Bursary. The patrons of the joint-bursary are the Magistrates, Town Council, and Ministers of Glasgow, who may present any person without preference as to name, provided that he be a Master of Arts of a Scottish University. The Bursary is tenable for three years, and no longer, subject to the condition that the bursar shall during that period give regular attendance as a student of Theology in the University of Glasgow. When a vacancy occurs, applications are to be lodged with the Town Clerk, City Chambers, not later than 15th August.

Bursar—James Millar, M.A., 1909.

GLASGOW CITY EDUCATIONAL ENDOWMENTS BURSARIES (*Arts, etc.*).—Under scheme 10, section 31, of the Educational Endowments (Scotland) Commission, approved by Her Majesty in Council, on 19th May, 1885, the Governors of the Glasgow City Endowments Board are instructed to apply the annual sum of £500 in establishing Bursaries at the University of Glasgow. Each Bursary is of the yearly value of £25. One half of these Bursaries were to be awarded among the King's Scholars¹ at Training Colleges who had attended two years at the University of Glasgow, on the report of the Board of Examiners appointed by the Scotch Education Department. Every King's Scholar obtaining such Bursary was taken bound to complete his curriculum for a degree in Arts or Science during the time he held the Bursary, and thereafter to submit himself for examination for such degree. The other half of the Bursaries are awarded by competitive examination among those who have attended public or State-aided schools in Glasgow, and who require aid in obtaining a University education. They are tenable for four years. Forms of application may be had from the Secretary of the Board—Mr. W. H. Macdonald, Hutchesons' Buildings, 158 Ingram Street—and should be lodged with him on or before the 15th day of August in each year. The names of candidates who are found to possess the prescribed qualifications will be sent by him to the Clerk of Senate that they may be entered at the University competition for Bursaries for the first year. The Bursaries will be awarded to those candidates highest in order of merit who fail to win a Bursary at the general competition. (Two vacancies.)

Bursars—²James A. McCardel, 1906; ²Jeanie B. Trench, 1906; Alexander Gray, 1907; George M. Logan, 1907; Mary Marwick,

¹ No awards have been made since 1908. New regulations are being formulated.

² Vacant through lapse of time.

1907; George W. Blair, 1908; John Hamilton, 1908; James W. MacGregor, 1909; Alexander W. Galbraith, 1909; Cameron Roberts, 1909.

King's Scholars—¹Muir Burns, 1908; ¹Alexander Dingwall, 1908; ¹John A. Hodge, 1908; ¹Philip S. Mackie, 1908.

GEORGE GRANT BURSARY (*Arts*).—Founded in 1885 by Miss Susan Smith Grant of West Thorn, Lauder Road, Edinburgh, in memory of her father, George Grant, Esq., cotton spinner, Mile-End, Glasgow. Miss Grant assigned and conveyed to the Senate the sum of £1,200 in trust, to be applied in all time coming for providing one Bursary in connection with the Faculty of Arts. Miss Grant retains the right of nomination to the Bursary during her lifetime, but has provided that in the event of her failing or declining to nominate, and in all cases after her death, the Bursar shall be determined by competitive examination of first year students who are entering on a three or four years' course of study, and the Bursary shall be tenable for three or four years accordingly. On the Bursary falling vacant otherwise than by lapse of time, an appointment may be made for the remainder of the term, or for the full period after competition. The Bursar is required to graduate in Arts, and before payment of the second moiety of the last year's Bursary he must produce evidence that he has taken his degree, or that he has passed all the examinations necessary for graduation. Any accumulations from vacancies or otherwise are to be added to the capital sum. The present annual value is £40.

Bursar—Joseph F. Scanlan, 1909.

GEORGE GRANT, JUNIOR, BURSARY (*Arts*).—Founded in 1885 by Mrs. Agnes Grant or Mair, wife of the Rev. John Mair, D.D., minister of the parish of South Dean, Roxburghshire, in memory of her brother, the late George Grant, junior, cotton manufacturer, Mile-End, Glasgow. Mrs. Mair, with the advice and consent of her husband as her curator and administrator-in-law, and for his interest in the premises, assigned and disposed to the Senate the sum of £1,200 in trust, to be applied by them in all time coming for providing one Bursary in connection with the Faculty of Arts. Mrs. Mair reserved to herself during her lifetime, and thereafter to her husband, should he survive her, the right to nominate to the Bursary, and to fix the classes to be attended by the Bursar and the period of his tenure. Mrs. Mair died on 27th November, 1900, and Dr. Mair on 27th January, 1902. The Bursary is tenable for four years, and the Bursar is selected by competitive examination of first year students. In the event of a vacancy occurring otherwise than by lapse of time an appointment may be made for the remainder of the term, or for the full period after competition.

¹ Vacant through lapse of time.

The Bursar is required to graduate in Arts, and before payment of the second moiety of the last year's Bursary must produce evidence that he has taken the degree, or that he has passed all the examinations necessary for graduation. Any accumulations through vacancies or otherwise are to be added to the capital sum. The present annual value is £40.

Bursar—Robert Lindsay, 1907.

HAMILTON BURSARIES (*Three in Arts, and Three in Theology*).—These Bursaries, now six in number, were founded by Anne, Duchess of Hamilton, in 1694. They were regulated by Act of Parliament, 1758, and further regulated by Ordinance No. 96 of the Universities Commission (1889). There are three Hamilton Bursaries in the Faculty of Arts, and three in the Faculty of Divinity, and each of them is tenable for three years, and no longer. The bursars in the Faculty of Arts shall attend such classes qualifying for graduation in Arts and in such order as may be approved by the Senate. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Bursaries on this Foundation. The bursars in Arts receive £20, those in Divinity £25 per annum each, should the state of the funds permit. The patronage lies with the Trustees of the late Duke of Hamilton, and is exercised by their Commissioner, George Dalziel, Esq., 66 Queen Street, Edinburgh, to whom applications should be sent on or before the fifteenth day of August. (One vacancy in Arts, and one in Divinity.)

Bursars in Arts—¹James MacGillivray, 1907; Gilbert B. Hay 1908; Thomas Hunter, 1909.

Bursars in Theology—¹Charles E. Duff, 1907; James C. Campbell, 1908; John Cameron, 1909.

HAMILTON EDUCATIONAL TRUST BURSARIES (*Arts*).—Under scheme 39, section 28, of the Educational Endowments (Scotland) Commission, approved by Her Majesty in Council on 13th May, 1887, the Governors of Hamilton Educational Trust are instructed to apply a sum, not less than £50 yearly, in providing University or Technical College Bursaries. These Bursaries, each of the yearly value of £20, and tenable for three years, are open to be competed for by pupils attending public or State-aided schools in the burgh and parish of Hamilton, who require aid in obtaining a University or higher education. The Governors reserve power to withhold or withdraw the Bursary in whole or in part on the applicant or bursar being appointed to any other bursary. Applications to be lodged with Patrick Keith, Esq., Hamilton, Clerk of the Trust, on or before the first day of August. (One vacancy.)

Bursars—William Anderson, 1907; James White, 1908; James M. Coates, 1909.

¹ Vacant through lapse of time.

HANNAY BURSARIES (*Arts*).—Three in number, founded in 1865 by the late Mr. Anthony Hannay, merchant, Glasgow, in memory of his deceased wife. To be awarded to young men, not under fourteen and not above nineteen years of age, who are about to commence their studies in the Arts classes, with a view to the Holy Ministry in connection with any of the Evangelical Religious Denominations in Scotland, and who shall engage to attend during each of the first three years of the curriculum not fewer than two classes. The principal qualifications of those to be selected are good moral character, promising talent, a fair preliminary education, and a want or deficiency in the necessary pecuniary means for pursuing a University education. Candidates for these Bursaries are required to submit themselves to the annual Bursary Examination at the commencement of the Winter Session of the University of Glasgow, or such other examination as the trustees may appoint; but the result of said examination shall only be taken as one of the tests in judging of the merits of the applicants. The Bursaries to be bestowed for three years—one to be given each year. Value, about £15 per annum each. The appointment is vested in the Principal, the Dean of the Faculty of Procurators in Glasgow, and the President of the Royal Faculty of Physicians and Surgeons in Glasgow. Applications to be made to Mr. William Brodie, 77 St. Vincent Street, Glasgow, not later than 15th August. (One vacancy.)

Bursars —¹ Thomas M'Aughtrie, 1907; David M'Queen, 1908.

HART BURSARIES (*Any Faculty*).—Mrs. Janet Robinson or Hart by her Trust Disposition and Settlement, dated 29th March, 1895, directed that one-third of the residue of her estate should be devoted to establishing in the College of Glasgow one or more Bursaries, each of an annual value not exceeding £30, and tenable for five years. The Patrons are the Provost of Girvan, the Junior Magistrates of Girvan, the Chairman of the School Board of the Burgh of Girvan, and their successors in office, with Mr. David Andrews, Solicitor, Girvan. The Patrons were enjoined to prefer in the first place students born in the Parish of Girvan, and failing such, those born in Ayrshire, and to adopt such means as they think necessary to satisfy themselves that the students to be presented are qualified to enter the College. For further information apply to Messrs. W. and D. Andrews, Solicitors, Girvan.

Bursar—Robert Corke, 1908.

HASTIE BURSARIES (*One in Arts and Two in Theology*).—The Rev. Mr. Hastie, by Deed of Mortification dated 5th September, 1707, founded a Bursary for a student in this University, which was first awarded in 1718. By an addition afterwards made to the foundation, the number of Bursaries was increased to three, two in Divinity and one in Philosophy.

¹ Leave of absence granted for 1909-10.

The Universities Commission (1858), in an Ordinance of date 31st May, 1862, made regulations for these Bursaries, and further regulations were made by the Commissioners (1889) in Ordinance No. 90. There are now three Bursaries on this Foundation, each £27 in value—one in Arts and two in Theology. The Bursary in Arts is open by competition to all students entering on their first session of attendance in the Faculty of Arts, and is tenable for four years, but if a student graduate at the end of three years, he shall only retain his Bursary for the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. The Bursaries in Divinity are open by competition to all students who are Masters of Arts, or who have passed all the examinations necessary for graduation in Arts, and who are entering on their first session of attendance in the Faculty of Divinity. They are tenable for three years, and no longer. In other respects the provisions of University Court Ordinance No. XXVII. apply to all the Hastie Bursaries. The Senate, acting under Section XII. of the last-mentioned Ordinance, have resolved to award the Hastie Bursary in Arts in respect of exceptional distinction in English, to a student of the first year who, having passed the Arts Preliminary, has gained the highest marks in English in the Bursary Examination, and has not obtained a bursary for general excellence.

Bursar in Arts—¹ Tom D. Miller (English), 1906.

Bursars in Theology—¹ Thomas Smith, 1907 ; William V. Colquhoun, 1909.

GLASGOW HIGHLAND SOCIETY'S BURSARIES (*Arts and Medicine*).—In 1892 the Managers of the Glasgow Highland Society framed a scheme of Scholarships and Bursaries for students of Highland descent. The scheme includes Scholarships tenable at Secondary or Technical Schools, and Bursaries tenable at the Glasgow and West of Scotland Technical College and at the University. The Bursaries may be held by men or women in a proportion to be determined by the Managers. The University Bursaries in Arts are seven in number, each of the annual value of £20, and tenable for three years in the Faculty of Arts, but the continuance of a Bursary in the second and third year is dependent on the character of the certificates obtained by a Bursar in his classes in the previous year. They are awarded by competition among students of the first year. The Bursaries in Medicine, each of the annual value of £25, are tenable for five years in the University, or any other College approved by the managers. Candidates must pass the preliminary examination of the College at which they desire to attend, and the managers

¹ Vacant through lapse of time.

reserve to themselves the right to appoint the most suitable. In 1910 there will probably be two Bursaries in Arts and two in Medicine open to competition. Forms of application, to be returned before 9th August, may be obtained from the Secretary, Mr. Hugh Brown, C.A., 58 St. Vincent Street.

Bursars in Arts—Andrew L. M. Mackenzie, 1907; Finlay M. Urquhart, 1907; Donald Macleod, 1908; Donald Ross, 1908; Alfred D. Duff, 1909; Margaret L. MacTaggart, 1909.

Bursars in Medicine—Donald C. Macdonald, 1905; Farquhar Matheson, 1906; James Matheson, 1906; Alex. M. Gibson, 1907; Henry Stewart, 1907; James L. McBean, 1908; John MacInnes, 1908; John Cameron, 1909; George J. Fraser, 1909.

HILL BURSARIES (*Arts, etc.*).—Six Bursaries of the annual value of £20 each, tenable for three years. Of these Bursaries, two will be open for competition each year, and shall be held either at the University of Glasgow, or at the Glasgow and West of Scotland Technical College. The Bursaries shall be awarded on the results of the Bursary Competition of the University of Glasgow or the Preliminary Examination for the Diploma of the Technical College, and shall be open to pupils attending the secondary departments of public or State-aided schools in the district of the School Board of the Parish of Govan who shall be approved by the Governors of Hill's Trust, and whose parents are in such circumstances as to require aid in giving their children higher education or technical instruction. Secretary, Mr. Richard D. Donaldson, 155 Bath Street, Glasgow, to whom in case of a vacancy application should be made before 15th August. (Two vacancies.)

Bursars—¹Mary J. Cameron, 1907; ¹John Hill, 1907; ¹Alexander J. Tait, 1907.

HOWISON AND GILCHRIST BURSARY (*Arts*).—In 1613 the Rev. John Howison, Minister of Cambuslang, founded a Bursary for a qualified scholar of honest name and good report, son of a craftsman of Glasgow. Failing the son of a craftsman of Glasgow, any other qualified scholar might be selected by the Patrons. Mr. John Gilchrist, tailor in Glasgow, founded in 1700 a Bursary in Philosophy for a student, being the son of a tradesman freeman in the burgh of Glasgow, with a preference to the names Gilchrist, Bryce, and Boyd.

By Ordinance No. 89 the Universities Commission (1889) combined these two Bursaries into one, called the Howison and Gilchrist Bursary. The Patrons are the Trades' House of Glasgow, and any person may be presented without restriction as to birth or preference as to name. The Bursary is tenable for four years, but

¹ Vacant through lapse of time.

if a bursar graduate at the end of three years he shall only retain his Bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. In other respects the provisions of University Court Ordinance No. XXVII. apply to this Bursary. Value £10 per annum.

Bursar—Robert P. Black, 1907.

HUTCHESONS' EDUCATIONAL TRUST BURSARIES.—Under Scheme 9, Section 40, of the Educational Endowments (Scotland) Commission, approved by Her Majesty in Council on 5th March, 1885, the Governors of Hutchesons' Educational Trust are instructed to apply an annual sum of not less than £400 in establishing University or Technical College Bursaries. These Bursaries, each of the yearly value of £20, and tenable for four years, are open to be competed for by boys who have attended Hutchesons' Grammar School for at least two years immediately preceding the competition, and completed the curriculum in the Secondary Department. Forms of application may be had from the Secretary of the Trust—Mr. W. H. Macdonald, Hutchesons' Buildings, Ingram Street—and should be lodged with him on or before the fifteenth day of August in each year. The names of candidates who are found to possess the prescribed qualification will be sent by him to the Clerk of Senate that they may be entered at the University competition for Bursaries for the first year. The Bursaries will be awarded to those candidates highest in the order of merit who fail to win a Bursary at the general competition. In 1910 five Bursars will be appointed.

Bursars—¹Matthew W. Macaulay, 1906; ¹Abraham Blashky, 1906; ¹Simon H. Bloom, 1906; ¹Farquhar Matheson, 1906; William B. Drummond, 1907; James Forrest, 1907; Hugh A. G. M'Ewan, 1907; James N. Macpherson, 1907; William Montgomery, 1907; Percival M. Buchanan, 1908; Dugald S. Campbell, 1908; Robert Gilmour, 1908; James W. Ingram, 1908; Andrew C. Philips, 1908; Frederick Barclay, 1909; Henry S. Brisby, 1909; Alexander Macbeath, 1909; James M. Mackay, 1909; Gavin Young, 1909.

THOMAS HUTCHESON BURSARY (*Theology, Law, or Medicine*).—This Bursary, formerly known as the Old Library Bursary, was founded by Mr. Thomas Hutcheson of Lambhill in 1641. Preference was given to a son of a burgess, particularly one of the name Hutcheson or Herbertson. The Patrons are the Magistrates and Town Council of Glasgow. Ordinance No. 83 of the Universities Commission (1889) prescribes that the Bursary shall be called the Thomas Hutcheson Bursary, and that it shall be lawful for the Patrons to appoint to it, without preference as to name or birth,

¹ Vacant through lapse of time.

any Master of Arts who is entering on his course of study in any one of the Faculties of Divinity, Law, or Medicine. The Bursary is tenable for four years, but if a bursar in Divinity graduate at the end of three years, he shall only retain his Bursary during the fourth year of tenure if he shall engage in a course of study in Divinity approved by the Senate. Value £11 2s. 2½d. per annum. When a vacancy occurs, applications are to be lodged with the Town Clerk, City Chambers, not later than 15th August.

Bursar—William M'Nicol, M.A., 1908.

HYNDFORD AND ROSS BURSARY (*Arts*).—In 1617 Mr. Michael Wilson founded a Bursary, called the Hyndford Bursary, for a student in Philosophy. The right of presentation belonged to the representative of Sir James Carmichael, viz., Sir W. C. Anstruther, Bart. In 1659 Captain William Ross of Rosseyle founded the Ross Bursary for a student in Languages and Philosophy. The appointment was vested in the Earl of Glasgow. By Ordinance No. 95 of the Universities Commission (1889), these two Bursaries were combined into one, to be called the Hyndford and Ross Bursary. It is tenable for four years, but if the bursar graduate at the end of three years he shall only retain his Bursary during the fourth year of tenure if he engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. The patronage of the Bursary is vested in Sir W. C. Anstruther, Bart., and his heirs, and the Earl of Glasgow and his heirs, who exercise their right of presentation by turns. The appointment in 1909 belonged to the former. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Bursary. Value £10 16s. 8d.

Bursar—John Garrett, 1909.

JOHN FERGUSON JAFFREY BURSARY IN MENTAL PHILOSOPHY (*Arts*).—This Bursary, founded in 1877, is of the annual value of £32, and shall be awarded to a student on entering the third session of his attendance, i.e. a student who has attended at any of the Scottish Universities during each of the two previous sessions at least two classes in the Faculty of Arts other than the classes of Logic, Moral Philosophy, and English Literature, or who having passed the Preliminary Examination in Humanity and Greek, has attended for one session the higher classes in those subjects, and who proposes to attend in the following sessions the classes of Logic, Moral Philosophy, and English Literature. Candidates are examined in such subjects in English Literature and Logic as may be fixed by the Senate. The examiners are the Professors of English Literature, Logic, and Moral Philosophy. The Bursary shall, as a rule, be tenable for two years, but on con-

dition that the Bursar, during the two years of his tenure, shall complete his attendance on the classes of Logic, Moral Philosophy, and English Literature, and shall also attend one at least of the advanced classes taught by the Professors of Logic and Moral Philosophy, and shall pass the examinations in Logic, Moral Philosophy, and English Literature for graduation in Arts. The subjects of examination are—1. *Logic*: (a) Descartes, *Meditations*, (Veitch's translation); (b) Zeller's *Socrates and the Socratic Schools*, Part I.; 2. *English Literature*: (a) Shakespeare, *Coriolanus*, *The Tempest*; (b) Pope, *Essay on Criticism*, *Essay on Man*; (c) Burke, *Speech on Conciliation with America*. Candidates are not expected to deal with questions of textual criticism in the case of the works in English Literature. There will be a competition in October, 1911.

Bursar—James T. Norris, 1909.

MALCOLM KERR BURSARIES (*Science, etc.*).—Two in number, founded in 1874, and consisting each of half the free annual proceeds of a sum of £1,000, bequeathed by the late Mr. Malcolm Kerr, stationer in Glasgow. One of the Bursaries is in Natural Philosophy, the other in Chemistry. The Bursaries are given on examination, and are tenable for three years, provided the Bursars continue for so long to prosecute in the University Laboratories, to the satisfaction of the Senate, the study of Natural Philosophy and Chemistry respectively. The subjects of examination in Natural Philosophy are the same as those for that subject in the examination for the ordinary degree of M.A., and in Chemistry, the same as those for the Final Science Examination for B.Sc. Present value, £25 to each Bursar.

Bursars—William S. Kerr (Nat. Phil.), 1908; Harvey H. Montgomerie (Chem.), 1908.

THE KINTYRE (KER) BURSARY (*Any Faculty*).—This Bursary founded in 1862 by Robert Ker, Esq., of Auchinraith, merchant in Glasgow, originated in the Founder's desire "to increase the opportunities of acquiring knowledge to the natives of Kintyre."

The Office-bearers of the Kintyre Club were appointed Patrons. By the Deed of Mortification, the free proceeds of a sum of £500 sterling—about £20 sterling—were appointed to be paid to a student to be nominated by them, and who should enjoy the said Bursary for the term of three years while prosecuting his studies at the Glasgow University, with power to the Patrons to determine, in every case, whether the Bursary should be granted for a longer or shorter period than three years, but in no instance is it to be granted for a longer period than four years to the same student. No restriction is placed upon the student as to his profession or calling. Applicants must be connected with Kintyre, and be entering the

University for the first time. When a vacancy occurs applications should be lodged with the Honorary Secretary of the Kintyre Club, R. Harvey Pirie, LL.B., 173 St. Vincent Street, Glasgow, on or before 10th June.

Bursar—¹ Matthew Bowie, 1907.

THE KINTYRE (ALEXANDER LOVE) BURSARY (*Any Faculty*).—This Bursary was founded in 1890 by the family of the late Alexander Love of Campbelltown. It consists of the free proceeds of a sum of £300 sterling—about £11—and is administered by the Office-bearers of the Kintyre Club. The Bursar must be a native or the son of a native of Kintyre, or actually resident there, and entering upon his first session at the University. His circumstances must be such as to render aid important. The period of tenure is not to exceed four years. When a vacancy occurs application should be made to the Hon. Sec. of the Kintyre Club, R. Harvey Pirie, LL.B., 173 St. Vincent Street, Glasgow, on or before 31st May.

Bursar—Louise M. Stewart, 1907.

LAING BURSARY OR BURSARIES (*Arts*).—The late Alexander Laing, LL.D., some time Professor of Mathematics in Anderson's College, Glasgow, who died in 1882, bequeathed to trustees the sum of £500 to found one or two Bursaries in the Faculty of Arts. The trustees by a deed dated 26th July, 1883, conveyed to the Senate the sum of £500 of the preference 4 per cent. stock of the Glasgow and South-Western Railway Company, under certain conditions and regulations. The foundation is for providing, in the option of the Senate, one Bursary of £20, or two of £10 each. The Bursary is open to competition to all students entering on their first session in the Faculty of Arts (a preference being given, *ceteris paribus*, to natives of Brechin). The period of tenure is three years. Should the Bursary become vacant otherwise than by lapse of time, the income of the fund during the vacancy is to be added to capital.

Bursar—Robert P. Arnot, 1908.

JAMES LAING BURSARIES (*Arts*).—Founded in 1892, under the Trust Disposition and Settlement of Mr. James Laing, Writer, Denny. So far as the funds admit, the Trustee appoints annually to two Bursaries, each of the annual value of £25, and tenable for four years. They are open to candidates of either sex who have been educated for at least three years in any school or schools in the County (including the Burgh) of Stirling, and who are entering upon their first or second year of study in the University of Glasgow. Applications with certificates of qualification and good conduct from the teacher or teachers under whom candidates have been educated,

¹ Vacant through lapse of time.

should be lodged with Mr. William Jenkins, Writer, Denny, not later than 15th August. The names of candidates who are found qualified will be sent by him to the Clerk of Senate that they may be entered at the University competition for Bursaries. Failing candidates qualified as above, the Bursaries are open to competition to students of the first or second year from any part of Scotland. (Two vacancies.)

Bursars—¹Thomas H. Calder, 1906; ¹Andrew McAllan, 1906; John G. H. King, 1907; Catherine S. Napier, 1907; George Gilfillan, 1908; Beatrice H. McAinsh, 1908; Frances M. Davidson, 1909; John S. Govan, 1909.

LAMB BURSARY (*Arts or Theology*).—Founded in 1863 by the late Rev. Dr. William Lamb, minister of Carmichael, and appropriated to a student in Arts or Divinity. Bursar appointed by the Minister and Kirk Session of Carmichael. The preference to applicants in the parish of Carmichael or Pettinain, and the restriction to applicants from the Presbytery of Lanark, were cancelled by Ordinance No. 57 of the Universities Commission (1889). Value, about £12 per annum.

Bursar—Isabella Clarkson, 1908.

LANFINE BURSARIES (*Arts*).—By the will of the late Miss Martha Brown of Lanfine a sum of £5,000 was bequeathed in 1902 to this University, “to be applied in payment of Bursaries tenable for not more than four years, of not less than £25 and not exceeding £40 each per annum, to be held by students who have passed a competitive examination in classes connected with the Faculty of Arts under such conditions as the Principal and Senatus of Glasgow may from time to time prescribe, the said Bursaries to be called the Lanfine Bursaries.”

The following regulations were adopted by the Senate on 19th February, 1903:—

1. There shall be six bursaries, each of the annual value of £27, and each tenable for two years.

2. They shall be held by students of either sex who, having passed the full Preliminary Examination in Arts, are pursuing a course for graduation with Honours.

3. Three bursaries shall be awarded annually in the following alternating order:—In April, 1904, and thereafter biennially (1912), one bursary in each of the following Groups of Honours, viz. Mental Philosophy, Modern Languages, English; in April, 1905, and thereafter biennially (1911), one bursary in each of the following Groups of Honours, viz. Economic Science, History, Semitic Languages.

¹ Vacant through lapse of time.

4. (a) Candidates for the bursary in Mental Philosophy must be attending the ordinary class in Logic or in Moral Philosophy, and the bursary shall be awarded to the candidate who, in the year of competition, is highest in the honour list of the Ordinary Logic Class at the first vacancy (1904), of the Ordinary Moral Philosophy Class at the second vacancy (1906), and so on alternately.

(b) Candidates for the bursary in Modern Languages must be attending the ordinary class in French or in German, and the Bursary shall be awarded to the candidate who, in the year of competition, is highest in the honour list of the Ordinary French Class at the first vacancy (1904), of the Ordinary German Class at the second vacancy (1906), and so on alternately.

(c) Candidates for the Bursary in Semitic Languages must be attending the ordinary class in Hebrew or in Arabic, and the Bursary shall be awarded to the candidate who, in the year of competition, is highest in the honour list of the ordinary Hebrew Class at the first vacancy (1909), of the ordinary Arabic Class at the second vacancy (1911), and so on alternately; provided always that if no candidate shall present himself in Hebrew the Bursary may be held by a student attending the ordinary Arabic Class, and *vice versa*.

(d) Candidates for the bursaries in English, Economic Science, and History must be attending the ordinary classes in English, Political Economy, and History, respectively, and the bursary in each case shall be awarded to the candidate who, in the year of competition, is highest in the honour list of the class which, as a candidate, he is required to attend.

5. The first moiety of each bursary shall not be paid to the bursar until he produces a certificate bearing that he is attending an Honours Class in the Group in connection with which he has been appointed to the bursary; and the last moiety of each bursary shall not be paid to the bursar until he has obtained the Degree of Master of Arts with Honours in the Group in connection with which he holds his bursary.

6. If in any year bursaries allocated to any of the above Groups are not awarded, such bursaries shall, in the succeeding year, be open to competition in the Groups of (a) Classics and (b) Mathematics and Natural Philosophy, and the award shall be made on the same principles as in the case of the bursaries in Mental Philosophy and Modern Languages.

7. A Landine Bursary shall not be held along with another bursary.

Bursars—George A. Johnston (Econ. Sc.), 1909; Helen G. Cook, (History), 1909; Alexander S. Fulton (Sem. Lang.), 1909; Alexander White (Ment. Phil.), 1910; Duncan C. Mactavish (English), 1910.

LEADBETTER BURSARY (*Arts*).—This Bursary was founded in 1855 by Mr. John Leadbetter, merchant, Glasgow. It was made tenable for four years, and the classes to be attended by the Bursar in each of the four years were prescribed. A preference was given to boys who had attended the five years' Classical Course of the High School of Glasgow. Patrons—The Lord Provost and Magistrates. Ordinance No. 88 of the Universities Commission (1889) empowers the Patrons to present to the Bursary any person who has completed the five years' Classical course of the High School of Glasgow, whom failing, any person, without restriction as to parentage, who has received a similar classical education elsewhere. The Bursar must attend the Latin and Greek classes in the University during at least one year, and thereafter continue a course of study in the University necessary for the Degree of Master of Arts. The Bursary is tenable for four years, but if the holder graduate at the end of three years he shall only retain his Bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. In other respects the provisions of University Court Ordinance No. XXVII. apply to this Bursary. When a vacancy occurs, applications are to be lodged with the Town Clerk, City Chambers, not later than 15th August. (Vacant.)

ARCHBISHOP LEIGHTON BURSARY (*Arts and Theology alternately*).—Robert Leighton, Archbishop of Glasgow, founded in 1681 two Bursaries, which were tenable for four years in Philosophy, and two or three years in Divinity. By Ordinance No. 86 of the Universities Commissioners (1889), the two Bursaries were combined into one of the annual value of £18, to be called the Archbishop Leighton Bursary. An appointment is made of a Bursar in the Faculty of Arts, and at the end of his period of tenure an appointment in the Faculty of Divinity, and so on alternately, the period of tenure in each case being three years, and a person who has held the Bursary in Arts being eligible for appointment also in Divinity. The appointment in 1910 will be for three years in Divinity. The provisions of University Court Ordinance No. XXVII. apply to this Bursary. When a vacancy occurs, two students are nominated by the Town Council, and examined by the Senate, who prefer the best scholar. When a vacancy occurs applications must be lodged with the Town Clerk, City Chambers, Glasgow, on or before 15th August.

Bursar.—¹Charles Robertson, 1907.

JOHN LEYDEN BURSARY (*Arts*).—Founded in 1879 by the Glasgow Border Counties Association in memory of John Leyden, poet

¹ Vacant through lapse of time.

and scholar. The Fund consists of the sum of £429 3s. 8d. raised by subscription, the annual value being about £14. The Bursary is open to free competition under the same regulations as the competition Bursaries in the University. Tenable for three years. The holder to pass through the Arts course, and at the termination thereof to take the Degree of M.A.

Bursar—William A. Laird, 1908.

JAMES LOCHHEAD BURSARY (*Arts*).—Founded in 1886 in terms of the Trust Disposition and Settlement of Mrs. Robina Mitchell, who bequeathed £500 for that purpose, in memory of her brother, who died in Ohio. A preference is given to students of the name of Lochhead, whose parents are members of the Established Church of Scotland, whom failing, to students whose parents are members of the said Church. The Bursary is tenable for three years in the Faculty of Arts, and is of the annual value of £17. (Vacant.)

LOCHHEAD AND MITCHELL BURSARIES (*Arts*).—Two in number and of equal value, founded in 1886, in terms of the Trust Disposition and Settlement of Mrs. Robina Mitchell, who bequeathed £2,000 (free of legacy duty) for that purpose. The present annual value is £34 to each bursar. A preference is given to students of the name of Mitchell or Lochhead, whose parents are members of the Established Church of Scotland, whom failing to students whose parents are members of the said Church. They are tenable for four years in the Faculty of Arts.

Bursar—¹John F. Mitchell, 1907; Graham B. Jardine, 1908.

LOGAN BURSARIES (*One in Theology and One in Medicine*).—Two in number, one in Divinity and one in Medicine, founded in 1863, by Mrs. Logan, widow of Mr. William Logan, tinsmith in Glasgow. The Bursary in the Faculty of Divinity is tenable for three years, and the one in the Faculty of Medicine for four years. The subjects of examination for the Logan Bursary in Medicine are those of the Medical Preliminary, viz.—1. English; 2. Latin; 3. Mathematics; 4. Greek or French or German; but the standard required is that of the Science Preliminary. The preference to the names Logan and Johnstone was cancelled by Ordinance No. 57 of the Universities Commission (1889). The value of each is £16 per annum. Appointment by the Senate.

Bursar in Theology.—²Neil D. Mackinnon, 1907.

Bursar in Medicine.—Fergus L. Henderson, 1909.

LORIMER BURSARIES (*Four in Theology, Four in Medicine, and Eight in Arts*).—By Trust Disposition and Settlement of date 17th

¹ Vacant through resignation.

² Vacant through lapse of time.

October, 1872, the late Mr. John Lorimer, merchant in Glasgow, directed his Trustees to make over to the Principal and Professors of the University of Glasgow, the residue of his estate, amounting to the sum of £8,594 5s. 5½d., the annual proceeds of £5,000 thereof to be applied in payment of Bursaries of an amount not exceeding £50 each, and tenable for three years. One Bursary at least is to be payable to a matriculated student of each of the following subjects:—1, Theology; 2, Medicine; 3, Philosophy; 4, Mathematics; and the proceeds of the remainder of such residue are to be applied in payment of smaller Bursaries tenable by students of the above-mentioned subjects.

The following regulations have been adopted by the Senate:—

1. The Bursaries shall be sixteen in number—namely, eight of the annual value of £25, and eight of the annual value of £17, and shall be tenable for three years.

2. Four Bursaries—viz., two at £25, and two at £17 shall be held by Students of Theology, and shall be open to competition to students entering the Divinity Hall. The second moiety of the third year's Bursar shall not be paid until the Bursar shall have passed the examinations for the degree of B.D.

3. Four Bursaries—viz., two at £25, and two at £17, shall be held by Students of Medicine, and shall be open to competition to students who have attended the first session of their professional study in the University of Glasgow. The subjects of examination, which shall be prescribed by the Faculty of Medicine, are Elementary Anatomy, Elementary Chemistry, and Botany. The examinations are held at the same times as the Autumn Professional Examinations in these subjects, and, in the case of Chemistry and Botany, on the same papers. The second moiety of the third year's Bursar shall not be paid until the Bursar shall have passed his Third Professional Examination for the degree of M.B.

4. Four Bursaries—viz., two at £25, and two at £17, shall be open for competition to students who, having passed their whole Preliminary Examination, are entering on their second session of attendance, and who, not having attended the classes of Logic, Moral Philosophy, and English Literature, propose to attend these classes in the following sessions. Candidates shall be examined in such subjects in English Literature and Logic as may be fixed by the Senate. The Examiners shall be the Professors of English Literature, Logic, and Moral Philosophy. Each Bursar must attend two classes in the Faculty of Arts. Immediately on his appointment, he must enter one or more of the classes of English Literature, Logic, and Moral Philosophy, and in the course of his tenure of his Bursary must attend, besides the above classes, one or more of the Honours classes in English Literature, Logic, or Moral Philosophy.

The second moiety of the third year's Bursar shall not be paid until the Bursar shall have passed examinations in Logic, Moral Philosophy, and English for graduation in Arts.

5. Four Bursaries—viz., two at £25, and two at £17, shall be open for competition to students of either sex who, having passed the whole Preliminary Examination, are entering on their second session of attendance. Candidates shall be examined in such subjects in Mathematics as may be fixed by the Senate. The Examiners shall be the Professors of Mathematics and Natural Philosophy. Each Bursar must attend two classes in the Faculty of Arts. Immediately on his appointment he must enter the class of Mathematics, and prosecute the course of study required for passing the Honours examinations in Mathematics and Natural Philosophy for a Degree in Arts. The second moiety of the third year's Bursar shall not be paid until the Bursar shall have passed the examinations in Mathematics and Natural Philosophy for graduation in Arts or the First Science Examination in these subjects for graduation in Science.

In session 1910-11 four of the above £25 Bursaries will be open to competition—viz., one in Theology, one in Medicine, one in Philosophy, and one in Mathematics. The Bursaries in Theology will be decided by the results in the general competition for Bursaries in Theology. The competition for the Bursaries in Medicine will be held on 3rd and 4th October, 1910. For the Bursaries in Philosophy the subjects of examination will be those prescribed for the John Ferguson Jaffrey Bursary (see p. 371), and the examination will take place along with the Autumn examinations for M.A. in English and Logic. The examination for the Bursaries in Mathematics will take place along with the Arts and Science Preliminary Examination in Mathematics, but may embrace higher papers.

Bursars in Theology.—¹Berry Preston, 1907; Robert P. Fairlie, 1908; Donald M. Logan, 1908; John Macdougall, 1909.

Bursars in Medicine.—¹William M. Murray, 1907; John C. Pyper, 1908; Edwin Robertson, 1908; Archibald U. Millar, 1909.

Bursars in Arts.—²Norman Crockatt (Phil.), 1907; ¹William G. Burrell (Math.), 1907; Walter G. Cook (Phil.), 1908; James M. McAlpin (Phil.), 1908; Alexander D. MacLaren (Math.), 1908; Neil Y. Wilson (Math.), 1908; John Cameron (Phil.), 1909; Charles C. Mylles (Math.), 1909.

LUMSDEN BURSARY (*Theology*).—This Bursary was founded in 1850, by Mr. James Lumsden, stationer, Glasgow. Value, £18. It

¹ Vacant through lapse of time.

² Leave of absence granted for 1909-10.

is given to a Divinity student of the first year, and may be held for four years. There is a preference to sons of members, or of deceased members, of the Stationers' Company of Glasgow. The Patrons, viz., the Principal, the Professors of Divinity, Hebrew, and Church History, and the President of the Stationers' Company—have resolved that when no candidate with a preferential claim applies for the Bursary it shall be awarded in accordance with the results of the competition for Bursaries in Theology.

Bursar—John M. Gray, M.A., 1908.

LUSK BURSARY (*Arts*).—Founded in 1876, in accordance with holograph settlement executed by Mr. Robert Lusk, merchant in Greenock, who bequeathed the sum of £1,000, reduced by legacy duty to £900, for “a Bursary in connection with the Glasgow University, to be given to the most successful student attending the preparatory course of studies in said University who may intend to follow out the ministry in connection with any of the Presbyterian bodies in Scotland,” “and who may, on public examination or competition, be found to be best qualified and most deserving.” The competition is open to first or second year students in Arts. Tenable for three years, but may be continued for an additional year. Value, £37 per annum.

Bursar—David Bell, 1908.

MACARTHUR BURSARY (*Medicine*).—Founded in 1881 by Miss Jean Macarthur, in memory of her uncle, John Macarthur, Doctor of Medicine in Glasgow. The Bursary consists of the annual proceeds of £500. The administration is vested in a Committee appointed annually by the Royal Faculty of Physicians and Surgeons of Glasgow. The Bursary must be held by a student prosecuting the study of Medicine in the University of Glasgow. Under the rules laid down by the Committee, applicants must have completed three winter sessions of medical study, and not have entered on the fourth winter session. Preference will be given to applicants who have taken one or more First Class Certificates in the Medical Classes. The Bursary is tenable for two years.

Application in case of a vacancy to be made prior to 15th April to Alexander Duncan, LL.D., Faculty Hall, 242 St. Vincent Street, Glasgow, who will furnish forms of application.

Bursar—John Campbell, 1909.

M'CRIE BURSARIES (*Arts*).—These Bursaries were founded by the Rev. James M'Crie, D.D., of Dangart, Senior Minister of the U.P. Congregation of Old Meldrum, in the County of Aberdeen. They are of the annual value of £25, tenable for four years, provided the holder passes a prescribed examination at the commencement of

each session and complies with the other conditions mentioned in the Deed of Foundation. The Bursary fund consists of certain lands in the parish of Colmonell and other heritable and movable property mortified for the purpose and vested in the Magistrates and Town Council of Ayr. The candidates must have been born in the parishes of Ballantrae, Colmonell, Barr, Girvan, Ayr, Old Meldrum, Tarves, Daviot or Bourtie, or in the City of Aberdeen, or in the Town of Ayr. The students must also be the sons either of mechanics, or of cottars, or of farmers not paying more than £100 of yearly rent, or of ministers not having more than £130 of yearly income, without respect to religious sect or denomination. Candidates of the names of M'Crie, Forsyth, M'Cracken, or Spark, are to have a preference if otherwise deserving. The Bursaries may be held along with other Bursaries. Forms of application may be obtained from Mr. P. A. Thomson, Town Clerk, Ayr, and should be lodged with him on or before the fifteenth day of August in each year in which a vacancy occurs. The names of candidates who are found to possess the prescribed qualifications will be sent by him to the Clerk of Senate that they may be entered at the University competition for Bursaries for students of the first year.

Bursars—¹ John Goudie, 1906; Robert M'Clement, 1907; James Crawford, 1908; Robert Rae, 1909.

JAMES MELVILLE M'CULLOCH BURSARY (Arts).—Founded in 1885 in memory of the late Rev. James Melville M'Culloch, D.D., minister of the West Parish, Greenock. It consists of the free annual income of about £400. It is open to competition to students of the first year in the Faculty of Arts, who shall have been educated for not less than three years at any school or schools in Greenock. Tenable for four years, the Bursar attending the qualifying course for the Degree in Arts. The second moiety of the fourth year's Bursar shall not be paid until the Bursar shall have passed all the examinations required for the Degree of Master of Arts. In the event of a vacancy occurring otherwise than by lapse of time, the Senate may appoint a student of the same standing qualified in like manner, or may arrange a new competition.

Bursar—¹ David Buchanan, 1906.

MACDONALD BURSARIES (Arts, Law, or Medicine).—Two in number, founded in 1882, in terms of the Trust Disposition and Settlement of Mr. Alexander Macdonald, M.P., who bequeathed to the University £1,000 for the purpose of assisting students in a course of purely secular education. The Bursaries are equal in value (about £17 yearly each) and tenable for four years in Arts, Law, or Medicine. Only miners under the age of twenty-one years, who

¹ Vacant through lapse of time.

have worked underground in any part of the United Kingdom, are eligible as candidates. The Bursaries are awarded in accordance with the results of an examination in general knowledge, particularly in writing, arithmetic, geography, grammar, and history.

Bursars—Joseph Dunbar, 1908 ; Matthew W. Neilson, 1909.

JOHN AND ISABELLA MACDOUGALL BURSARIES (*Arts*).—Founded in 1884, under the Trust Disposition and Deed of Settlement of Miss Isabella Macdougall, Perth. Miss Macdougall directed her Trustees to devote the residue of her means and estate to the foundation and endowment of one or more Bursaries, payable to students born in the county or city of Perth, attending the classes in the Faculty of Arts, in the Universities of Edinburgh, Glasgow, and St. Andrews. The Bursaries are of the annual value of about £33, and are tenable for a period not exceeding three years. The Trustees are the Patrons. The candidates, who may be of any religious denomination, must undergo an examination by examiners appointed by the trustees. The Bursaries are open to students who are either (1) about to enter on their first session, and who shall pass the Preliminary Examination in Arts, or (2) who have already attended the junior classes for one session. A vacancy occurring otherwise than by lapse of time may be filled up by the appointment, after examination, of a student of equal standing with the retiring Bursar. It is not competent for any person to hold any of these Bursaries along with any other Bursary or appointment yielding to him an annual income of fifty pounds or upwards. The Trustees are the following ministers in Perth, viz.:—The Rev. Walter E. Lee, East Church Parish ; the Rev. F. H. Martin, St. Paul's Parish ; the Rev. Peter R. Landreth, West Church Parish ; the Rev. J. M. Scott, Middle Church Parish ; and their successors in office for the time being, Mr. Thomas Soutar, retired banker, and Mr. Wm. Cochrane Young, solicitor in Perth. Candidates are requested to send in their names and addresses to Mr. Young, 9 St. John Street, Perth, on or before 15th August. (One vacancy.)

Bursars—¹James Anderson, 1907 ; ¹John Kennedy, 1907 ; Archibald Stewart, 1908 ; George S. Creighton, 1909 ; James I. Simpson, 1909.

MALCOLM M'EWEN BURSARY (*Arts or Science*).—Mr. William M'Ewen, tobacco manufacturer, Glasgow, who died on 16th December, 1878, by his Trust Disposition and Settlement dated 28th November, 1878, directed his trustees, Mr. James Boyd, writer, Glasgow, and others, to devote a sum of £500 to the foundation of a Bursary in the University of Glasgow, to be called the "Malcolm

¹ Vacant through lapse of time.

M'Ewen Bursary," in memory of his brother, Mr. Malcolm M'Ewen, who died on 16th January, 1878. The Bursary was founded in 1884. After consultation with the Senate, the Trustees resolved that the regulations for the Bursary should be as follows:—The Bursary is open to competition at the annual Bursary Examination to all students entering on the first session of attendance at the University, is awarded by the Senate in accordance with the results of that examination, and is tenable for four years. The Bursar on his appointment must elect to follow either the course of study qualifying for the Degree of M.A., or the course of study qualifying for the Degree of B.Sc., and must attend at least two classes each winter session. The Bursary is payable by equal moieties on the second day of February, and at the close of the winter session, but the second moiety of the fourth year's Burse shall not be paid until the Bursar shall have passed all the examinations for the Degree appropriate to the course of study chosen by him at the beginning of his tenure of the Bursary. A vacancy occurring otherwise than by lapse of time may, in the discretion of the Trustees, either be filled up at the first term thereafter, or not till the usual term at which the competition for the Bursary would, in ordinary course, have fallen due, and, in the latter event, accumulations from this source are to be added to the capital fund.

Bursar—James T. Wilson, 1909.

JAMES MACFARLANE BURSARY (*Theology*).—Miss Helen Macfarlane, who died on 12th March, 1886, by a Codicil dated 15th August, 1882, to her Trust Disposition and Settlement, directed her Trustees to hand over to the Senate the Portrait of her late brother, Dr. John Macfarlane, Professor of the Practice of Medicine in this University, and the sum of £1,000 free of legacy duty for the foundation of a Bursary in the Faculty of Theology, in memory of her brother, the Rev. Dr. James Macfarlane, minister of Duddingston. Preference to the name Macfarlane. The competition is open to Divinity students of the first year, who hold a Degree in Arts of any Scottish University, or who have passed their examinations in any four subjects taken out of at least two departments for graduation in Arts. The Bursary is now of the annual value of £35, and is tenable for three years. In the case of a vacancy occurring otherwise than by lapse of time, the Senate may appoint, with or without examination, a student of the same standing as the previous Bursar.

Bursar—¹ William Barclay, 1907.

JOHN MACFARLANE BURSARY (*Medicine*).—Founded in 1874 by the brothers and sister of the late Dr. John Macfarlane, Professor of the Practice of Medicine in this University, and to his memory.

¹ Vacant through lapse of time.

Patrons—The Faculty of Medicine. It is of £48 annual value, and it is tenable for three years. The competition is open to students who have attended the first session of their professional study in the University of Glasgow. The subjects of Examination to be prescribed by the Patrons: and the success of the candidates in the examination in General Education will form an essential element of the decision. Any surplus which may accumulate from vacancies or otherwise is to be applied to establish a "Macfarlane Prize" in the Class of Practice of Medicine. The subjects of Examination for this Bursary are Elementary Anatomy, Elementary Chemistry, and Botany. The examinations are held at the same times as the Autumn Professional Examinations in these subjects, and in the case of Chemistry and Botany on the same papers.

Bursar—Charles Averill, 1908.

ROBERT MACFARLANE BURSARIES.—By a Mutual Trust Disposition and Settlement of date 7th January, 1888, Miss Mary Ann and Miss Margaret Macfarlane directed their Trustees to make over to the Senate of the University of Glasgow a sum of £3,000 for the foundation of Bursaries in memory of their brother, Robert Macfarlane, Writer, Paisley, out of the estate bequeathed by him to them. The following regulations, giving effect to the provisions of the Trust Deed, were adopted by the Senate on 6th April, 1905, and approved by the University Court on 4th May, 1905, viz.:

1. The Bursaries shall be called the Robert Macfarlane Bursaries, and shall be three in number, of equal annual value (at present £33).

2. In awarding the Bursaries the Senate shall give a preference to young men connected with Paisley.

3. One Bursary shall be tenable for three years in either Arts or Law, and the appointment shall be determined by the General Bursary competition in Arts. Candidates for this Bursary must satisfy the Senate that they are looking forward to be lawyers.

4. One Bursary shall be given for proficiency in Scots Law, shall be awarded on the report of the Professor at the close of the winter session, and shall be tenable during the following year while the Bursar is attending some class or classes in the Faculty of Law not attended in a previous year; provided that the minimum attendance given by the Bursar be on one class of eighty lectures or on two classes each having forty lectures.

5. One Bursary shall be given, *mutatis mutandis*, for proficiency in Conveyancing.

These Bursaries are not tenable along with another Bursary or Money Prize.

Bursars—Thomas Petrie, 1908; John O. Taylor, M.A. (Scots Law), 1910; James K. Walker, M.A. (Conveyancing), 1910.

MACGROUTHER BURSARIES (*Arts*).—Two in number, founded in 1872, the one by Mrs. Sophia Susan MacGrouther, widow of Mr. James MacGrouther of Leigham Court Road, Streatham, Surrey, who mortified in favour of certain trustees the sum of £500; the other by the Misses Mary and Jane MacGrouther, residing in Glasgow, his sisters, who also mortified in favour of the same trustees the sum of £500, for the purposes of the foundation, and in memory of, and in fulfilment of the intentions of, the said James MacGrouther. The Senate are the Patrons. The Bursaries are open to competition to students entering the Faculty of Arts for the first time, and are awarded to students who, having passed the Arts Preliminary, have gained the highest marks in Mathematics in the Bursary Examination, and have not obtained a bursary in the general competition. They are tenable for four years, subject in each case to the condition that the Bursar shall pass the examinations required of students proceeding to the Degree of M.A. Annual values, £20 and £15.

Bursars—William Anderson (Math.), 1907; Charles Cochrane (Math.), 1909.

M'KECHNIE BURSARIES (*Any Faculty*).—Two in number, founded by the Trust Disposition and Settlement of the late Thomas M'Kechnie, merchant in Girvan, who bequeathed for that purpose the sum of £2,000 to the Minister of the Established Church in Girvan, the Magistrates of Girvan, and others, and appointed them patrons of the Bursaries. The Patrons, in nominating and presenting students to the Bursaries, are instructed to prefer, in the first place, such as are of the founder's kindred; secondly, such as are of the name of M'Kechnie; and thirdly, such as were born in the parish of Girvan, provided that such students are properly qualified by their previous education for entering the University of Glasgow. Failing candidates qualified as above, the Bursaries are to be awarded to those who shall be found best qualified and deserving. The Bursaries are tenable for four years. When a vacancy occurs application should be made to Messrs. W. and D. Andrews, solicitors, Girvan, early in August.

Bursars—James Hill (Arts), 1907; Gordon A. Valentine (Med.), 1907.

MACKIE KNOCKGERRAN BURSARY (*Theology*).—Founded by the late William Mackie of Knockgerran, Ayrshire, to be held by a student studying for the Ministry of the Established Church of Scotland, during the period of his attendance at the Divinity Course for the time being. The rules and regulations for the trials and examination of candidates for the Bursary shall be prescribed by the Presbytery of Ayr from time to time, preference being given, in the first place, to a student who is a native of, or whose

parents or parent reside or resides in the Parish of Dailly ; in the second place, to a student who is a native of, or whose parents or parent reside or resides in the Parish of Barr ; in the third place to a student who is a native of, or whose parents or parent reside or resides in the Parish of Girvan, and failing all these three parishes then to any student who is a native of, or whose parents or parent reside or resides within the bounds of the Presbytery of Ayr, preference to students who are natives of, or whose parents or parent reside or resides in Carrick. The value of the Bursary is about £45 a year. Applications to be made to the Rev. Charles Goodall, B.D., Minister of the Parish of Dailly, Ayrshire, or to D. & J. Dunlop, Solicitors, Ayr. (Bursary vacant.)

MACKINTOSH MENTAL SCIENCE BURSARY (*Medicine*).—Founded in 1889 by Dr. Donald Mackintosh of London, in memory of his brother, Dr. Alexander Mackintosh, for many years superintendent of the Royal Lunatic Asylum, Gartnavel. Value, about £31. Tenable for one year. The competition is open to matriculated students of medicine who have attended the Lectures on Insanity in the University, and will be awarded in accordance with the results of an examination conducted in June by the Professor of Practice of Medicine and the Lecturer on Insanity acting conjointly. The holder of the Bursary shall, while holding it, devote special attention to the practical study of Insanity to the satisfaction of the Faculty of Medicine.

Bursars—Barbara G. Rutherford and Chas. Cameron (equal), 1909.

M'KISSACK BURSARY (*Medicine, Arts, or Divinity*).—Founded in 1900 in terms of the Trust Disposition and Settlement of Mrs. Jane M'Kissack, Nairn, who bequeathed £750 for that purpose, in memory of her husband, Charles M'Kissack. The Patrons of the Bursary are the Provost and Bailies and the Ministers of the Presbyterian and Congregational Churches in the Royal Burgh of Nairn. The Bursary is tenable for four years, and is to be given to a medical student prosecuting his studies at any College, University, or Training Institute approved by the Patrons, in preparation for Christian mission work among the Jews. Failing a student in medicine, the Bursary may be given to a student in Arts or Divinity having the same object in view. Applicants must be of British nationality and not under seventeen years of age at the date of presentation. Preference, *ceteris paribus*, will be given to candidates of the name of M'Kissack, or natives of the counties of Elgin and Nairn, or candidates who have at any time resided for twelve consecutive months in these counties. When the Bursary is vacant, application should be made to Messrs. Lamb & Co., solicitors, Nairn.

Bursar—William J. Jenkins, 1907.

MACLEAN TRUST BURSARIES (*Arts*). Under the scheme for the administration of the Trust of the late Colonel Alexander Maclean, approved of by the Court of Session on 18th July, 1895, the Governors are authorised to apply a portion of the revenue of the Trust in payment of Bursaries of the yearly value of not less than £25 each, tenable for four years at any Scottish University. The Bursaries are open to students of either sex of the name of Maclean entering on the Arts curriculum, and are awarded by competitive Examination in such manner as the Governors shall determine. The Bursars must regularly attend at least two classes each winter session in the curriculum for a degree in the Faculty of Arts. But any Bursar who has held his Bursary throughout a three years' curriculum in the Faculty of Arts, and taken a degree in that Faculty, may continue to hold it during the fourth year in any other Faculty. The Governors are the Lord Provost and Magistrates of the City of Glasgow. Forms of application can be received in the month of April each year, from the Town-Clerk, Glasgow, with whom applications must be lodged.

Bursars—Catherine M. Maclean, 1907; Mary A. Maclean, 1907; Helen Maclean, 1907; Peter Donald Maclean, 1908; Dolina Nelly Maclean, 1909.

MAITLAND CLUB BURSARY. In 1888 Dr. W. H. Hill and Mr. J. Wyllie Guild, the then surviving members of Council of the Maitland Club, disposed of the remainder of the stock of the Maitland Club publications, and in pursuance of resolutions passed at meetings of the Council held on 3rd and 17th August, 1870, handed over the proceeds (£140) to the Senate for Bursary purposes. The free income (£6) may be annually bestowed without any competitive examination on such student as the Senate may consider deserving.

ALEXANDER MANDERSON BURSARY (*Arts*).—Mrs. Margaret Manderson or Macintyre, Greenock, who died on 13th April, 1905, by her Trust Disposition and Settlement dated 17th February, 1903, bequeathed to the Senate of the University £500, free of legacy duty, to found a bursary to be called the Alexander Manderson Bursary in memory of her deceased brother. The annual value is £15. Candidates must be natives of the Lower Ward of Renfrewshire or have been educated for not less than three years in a school therein. The Bursary shall be open to students of the first year, both men and women, and awarded after a competitive examination in such subjects or subject in Arts as the Senate may from time to time prescribe. It is tenable for three years, subject to the condition that the second moiety of the Bursary for the last year shall not be paid until the bursar shall have passed all the examinations required for the ordinary Degree of M.A. (Vacant.)

MARSHALL BURSARIES (*One in Theology and One in Medicine*).—Mrs. Barbara Lauder or Marshall, relict of Alexander Marshall, wholesale stationer, Bell Street, Glasgow, by her Will dated 8th December, 1874, bequeathed to the Senatus of Glasgow University the sum of £1,000, under deduction of legacy duty, to found two Bursaries of equal value, one in Divinity and the other in Medicine. Tenable for four years. Preference to the name of Marshall, but provided “that the Principal and the Professors shall nominate and appoint such students only to the said Bursaries as they shall find, on such examination as they may appoint, to be properly qualified for entering upon the study of Divinity and Medicine at the said University.” The subjects of examination for the Marshall Bursary in Medicine are those of the Medical Preliminary, viz.:—1. English; 2. Latin; 3. Mathematics; 4. Greek or French or German; but the standard required is that of the Science Preliminary. Present value, £17 per annum to each Bursar.

Bursar in Medicine—Alexander S. Wilson, 1908.

Bursar in Theology—David W. M'Lean (1907), 1909.

MARSHALL TRUST BURSARIES (*Arts*).—Under scheme 198, section 29, of the Educational Endowments (Scotland) Commission, approved by Her Majesty in Council on 17th March, 1888, the Governors of the Marshall Trust are instructed to apply (1) a sum not exceeding £300 per annum in providing University Bursaries. These Bursaries are awarded by competitive examination among pupils of either sex who have held free scholarships or school bursaries under the scheme, and pupils of either sex who are resident and attending public or State-aided schools in Lanarkshire or Stirlingshire, whose parents or guardians are of the class specified in section 25 of the scheme. The Governors may apply (2) a further sum of £300 per annum in providing similar Bursaries to be awarded solely to pupils who have held free scholarships under the scheme, who shall have competed for but failed to obtain any of the first mentioned Bursaries, but on condition that such free scholars shall pass the examination prescribed by the Governors. Each Bursary is £30 per annum, and is tenable for not more than five years. In 1910 and future years the appointments will be for *four* years. Forms of application may be obtained from the Superintendent of the Trust—Mr. William Bunting, 111 Bath Street, Glasgow—and should be lodged with him on or before the 15th day of August in each year. The names of candidates who are found to possess the prescribed qualifications will be sent by him to the Clerk of Senate that they may be entered at the University competition for Bursaries for students of the first year. The Bursaries will be awarded to those candidates highest in order of merit who fail to win a Bursary in the general competition. Under (1) there are two vacancies, and under (2) there are also two vacancies.

Bursars—¹ John M. Short, 1905 ; ¹ Daniel W. Ritchie, 1905 ; ¹ Kenneth Maclean, 1905 ; ¹ Mary Stalker (1905), 1909 ; Benjamin McKenna, 1906 ; Stuart C. Parker, 1906 ; James Manson, 1906 ; Mary F. Campbell, 1906 ; Duncan Anderson, 1907 ; Robert F. Paterson (1907), 1908 ; Archibald Chisholm, 1907 ; John Ellis, 1907 ; David I. Byers, 1908 ; James Y. Hart, 1908 ; Gavin Lawson, 1908 ; John Newton, 1908 ; David McCulloch, 1909 ; Patrick McGlynn, 1909 ; John J. McGuire, 1909 ; Charles J. P. Neill, 1909.

WILLIAM MEIKLEJOHN BURSARY (*Arts*).—Founded in 1889 by the Trustees of the late Mrs. Mary Dougall or Meiklejohn, who died on 8th April, 1888, and left £600 for that purpose. The Bursary is of the annual value of £20, and tenable for four years in the Arts Classes of any Scottish University by a student who is prosecuting his studies with the view of becoming a Minister of the Church of Scotland. The Patrons are the Ministers and Elders of the Kirk-Session of the Parish of Stirling. The Bursary is open to candidates who have received the whole or part of their past education at the High School of Stirling, whom failing to natives of Stirlingshire. Application to be made to Mr. John Brown, Solicitor, 20 Barnton Street, Stirling.

Bursar—Evelyn Gall (Glasgow University).

MENZIES BURSARIES (*Arts*).—The late Mr. James Menzies, of Glasgow, by his Will, dated 3rd November, 1837, left a sum of money to establish four Bursaries at either of the Universities of Edinburgh, Glasgow, or St. Andrews, tenable for four years, one to be given each year. The value of each Bursary is £45 per annum, but varies at the discretion of the Patrons. The Patrons are Sir Neil Menzies, Bart., of Menzies, and the Parish ministers of Dull, Weem, and Fortingall. In the first place, the kindred of the Testator ; secondly, persons of the name of Menzies ; thirdly, those born on the Menzies estates, will be preferred—provided always that they shall be found properly qualified by previous education ; and failing these, the Patrons can present such as shall be found best qualified after due examination. The following are the subjects of examination :—*Latin*—Translation, (1) English into Latin ; (2) Latin into English, with grammatical questions and exercises. *Greek*—Translation, Greek into English, with grammatical questions and exercises. *English*—(1) The growth, structure, and grammar of the language ; (2) The History of English Literature ; (3) A short essay on a prescribed subject. *Mathematics*—(1) Arithmetic, general ; (2) Algebra, up to and including Quadratic Equations ; (3) Geometry, Euclid, the first six books, and the first twenty-one propositions of the eleventh book, with deductions ; (4) Trigonometry, up to and including the solution of triangles. Bursars to attend in some one of

¹ Vacant through lapse of time.

the above Universities the classes in their regular order for the M.A. Degree. Candidates are requested to send their names to Mr. Thomas Yool, The Menzies Estates Office, Aberfeldy, on or before 15th August. (One vacancy.)

Bursars—¹John W. Menzies (at Edinburgh University), 1906; Robert C. Rogers (at Edinburgh University), 1907; Donald Kerr (at Glasgow University), 1908; William A. Thomson (at Edinburgh University), 1909.

MERCHANTS' HOUSE BURSARIES (*One in Arts, One in Law, and Two in Medicine*).—Founded in 1879 by the Merchants' House of Glasgow. The Bursaries are of the annual value of £25 each, and are four in number—viz., two in Medicine, one in Arts, which may also be held in Engineering and Mechanics, and one in Law, tenable by students attending the requisite classes in the above Faculties, with a preference to the sons of matriculated members of the Merchants' House, and such others as the Lord Dean and Directors may deem deserving. 1. The Bursaries in Medicine are tenable for four years. Candidates must be entering on their first winter session of attendance on the ordinary curriculum for Medical Students. 2. The Bursary in Arts, or in Engineering and Mechanics, is tenable for four years. Candidates must be entering on their first session of study, and must attend each session two at least of the classes in the Arts curriculum, including, at the option of the candidate, the class of Civil Engineering and Mechanics. 3. The Bursary in Law is tenable for three years. Candidates must be entering on their first session of attendance on the classes in the Faculty of Law, and must give regular attendance for the three years on classes in that Faculty. The subjects of examination for the Bursaries in Medicine are the subjects of the Medical Preliminary Examination, viz. 1. English; 2. Latin; 3. Mathematics; 4. Greek or French or German; but the standard required is that of the Science Preliminary. For the Bursaries in Arts and Law the subjects are those prescribed for the General Bursary Competition, special importance being given in the examination for the Arts Bursary to the subject of Mathematics. When a vacancy occurs, applications should be lodged with W. H. Hill, LL.D., Clerk to the Merchants' House, on or before 15th August.

Bursar in Arts—¹Peter Revie, 1906.

Bursar in Law—Peter C. Stephen, 1909.

Bursars in Medicine—John A. Harper, 1907; Henry S. Banks, 1908.

METCALFE BURSARIES (*Science*).—Founded by the late Miss Sarah Metcalfe, Glasgow, who, by her Deed of Settlement and Codicils, dated respectively 8th August, 30th September, and 7th October, 1853,

¹ Vacant through lapse of time.

bequeathed, subject to the liferent of her brother, Mr. William Metcalfe, certain properties in Glasgow, "for encouraging poor students in prosecuting the studies of Mathematics, Practical Astronomy, Chemistry, and Civil Engineering." Mr. Metcalfe died on 25th January, 1869, and by resolution of date 14th April, 1870, the Senate instituted, besides a Metcalfe Fellowship of £100 annual value (for which see Index), at least two Metcalfe Bursaries or Scholarships, each of the annual value of £25, and tenable for two years, subject to the condition that the scholar attend the four classes of Civil Engineering, Senior Mathematics, Practical Astronomy and Chemistry; two at least of these classes to be taken each year. The scholars to be appointed by examination in Pure Mathematics, including the elements of Plane Trigonometry, of Mechanics, and of Theoretical Astronomy, from among matriculated students entering the Intermediate Honours class of Mathematics, or the class of Chemistry.

Bursars—¹Leo H. P. Esdaile, 1908; ¹Thomas Hyslop, 1908; ¹John Littlejohn, 1908; Malcolm Littlejohn, 1909.

MITCHELL (See Lochhead and Mitchell, p. 376).

MONTEITH BURSARIES (*Arts*).—Founded in 1869 by Mr. James Monteith of 38 Duke Street, St. James's, London. Three in number, each of the annual value of about £15, and tenable for three years. They are open for competition to all matriculated students of the Faculty of Arts, being natives of Scotland and sons of Scottish parents, and may be held along with another Bursary. The examination to be in French and German in alternate years. Occasionally an extra Bursary will be given to the second-best candidate, of the same value as the others, but tenable only for one year. At the commencement of session 1910-11 a regular three years' Bursary will be competed for, the examination being in German.

Bursars—¹James Gibson (French, 1907), 1909; David L. Grant (German), 1908; David D. Anderson (French), 1909.

JOHN MONTEITH BURSARIES (*Medicine*).—Founded in 1884 by Mrs. Helen Monteith, Greenbank, Dowanhill Gardens, Glasgow, in memory of her husband, the late John Monteith. Mrs. Monteith assigned the sum of £1,000 to Dr. John Gray M'Kendrick, Professor of the Institutes of Medicine, Dr. James Duncan M'Laren, Fellow of the Faculty of Physicians and Surgeons in Glasgow, the late James Graham, LL.D., writer, Glasgow, and Robert Monteith, her adopted son, as trustees, in the first instance, for the administration of the fund. The annual income after payment of the expenses of administration is to be awarded as two Bursaries to students who have attended the first and second sessions of their professional studies in

¹ Vacant through lapse of time.

the University of Glasgow with a view to Graduation in Medicine in that University. The Bursaries are tenable for two years. One Bursary is awarded annually in the month of November, and is given to the candidate who gains the highest number of marks in the subjects of Anatomy and Physiology at the Professional Examinations in these subjects held during the previous year (*i.e.* the April and October preceding said month of November). The founder has directed that it be represented to the holders of the Bursaries that they should feel themselves in honour bound after graduation to render professional assistance to the poor as much as may lie in their power.

Bursars—¹Robert H. Deans, 1908; William M'Murray, 1909.

MORGAN BURSARIES (*Arts and Theology*).—Mr. John Morgan, West India Merchant, who died at Springfield House, Bishopbriggs, on 4th May, 1894, in his Trust Disposition and Settlement directed the Merchants' House to pay over half-yearly to the Presbytery of Glasgow one third of the net revenue of his estate to be applied in providing Bursaries for students in the University of Glasgow intending to become ministers of the Church of Scotland, one third to students in Divinity and two thirds to students in Arts. The students in Arts must be under twenty years of age, and must have passed the Preliminary Examination. The appointments are made for one year only, but may be renewed from year to year for one or more years. No Morgan Bursary shall exceed £20 a year. The holder of another Bursary of £20 or upwards cannot be appointed to a Morgan Bursary, but the holder of a Bursary of less than £20 may be appointed to a Morgan Bursary of such value that the two Bursaries together shall not exceed £20. Further particulars and schedules to be filled up by applicants may be obtained from the Presbytery Clerk.

MUIR BURSARIES (*Two in Arts or Science, Two in Science, and One in Theology*).—Founded in 1880, in terms of the Trust Disposition and Settlement and Codicil thereto of the late Mr. Matthew A. Muir, merchant in Glasgow, who bequeathed to the Senatus Academicus of Glasgow University, free of legacy duty, the sum of £1,000 for providing a Bursary in connection with the Chair of Divinity, to be awarded to a student of Divinity during the last three years of his curriculum; a sum of £1,000 for providing two Bursaries of equal amount in connection with the Chair of Mathematics, to be awarded to advanced students in Mathematics, the period of tenure to be fixed by the Senate; and a further sum of £1,000 for providing two Bursaries of equal amount in connection with the Chair of Civil Engineering and Mechanics, to be awarded to advanced students of Engineering and Mechanics, the

¹ Vacant through lapse of time.

period of tenure to be fixed by the Senate. Any of the Muir Bursaries in Mathematics and Civil Engineering may be held along with another Bursary.

The following rules and regulations have, in accordance with the provisions of the Deed, been sanctioned by Mr. Muir's trustees, and are to be observed in all time coming :—

1. *Muir Bursary in Divinity*.—Candidates must be entering on their first session in Theology in the University, and the appointment to the Bursary shall be determined by the result of the annual competitive examination for Bursaries in Theology. The competition shall be open to candidates holding a Degree in Arts in any Scottish University, or who have passed their examinations in four subjects taken out of at least two departments for graduation in Arts. The Bursary shall be tenable for three years, but the second moiety of the third year's Bursary shall not be paid until the Bursar shall have passed the examinations for the Degree of Bachelor of Divinity.

2. *Muir Bursaries in Mathematics*.—Two in number, of which the Junior Bursary shall be tenable for two years, and the Senior Bursary for one year, the former being of half the annual value of the latter. The appointment shall be determined by the proficiency shown by the candidates in the earlier part of their Mathematical course, and the successful candidates shall prosecute the study of the Higher Mathematics during their tenure of the Bursaries. No candidate shall be allowed to hold both Bursaries at the same time. Should the Junior Bursary be resigned by the Bursar at the end of his first year of tenure, the Senate may make an appointment for the remainder of the period.

3. *Muir Bursaries in Civil Engineering and Mechanics*.—Two in number, and of equal value. The appointments shall be determined by the proficiency shown by the candidates in the earlier part of their Engineering course. The period of tenure for each Bursary shall be the session of attendance on the Senior Class of Civil Engineering and Mechanics (Class IV.). Should a vacancy occur by reason of non-attendance of a selected candidate, the Senate may make an appointment for the remainder of the period. No candidate shall be allowed to hold both Bursaries.

4. The Senate reserve the right to withhold the Bursary in any case in which a satisfactory standard has not been attained by any of the competitors.

5. Arrangements for carrying out these rules and regulations shall from time to time be made by the Senate, and notice thereof shall be published in the *University Calendar*.

Arrangements for Session 1910-11.—*Muir Bursaries in Mathematics*.—The appointment to the Junior Bursary, tenable during

sessions 1911-12, 1912-13, shall be determined by the results of the written examinations passed in the course of the session 1910-11 by the public students of the Ordinary Class of Mathematics. The successful candidate shall, during session 1911-12, attend the Intermediate Honours Class, and during session 1912-13 the Advanced Honours Class of Mathematics. The appointment to the Senior Bursary, tenable during session 1911-12, shall be determined by the results of the written examinations passed in the course of the session 1910-11 by the public students of the Intermediate Honours Class. The successful candidate shall, during 1911-12, attend the Advanced Honours Mathematical class.

Muir Bursaries in Civil Engineering and Mechanics.—Candidates for the Bursaries tenable during session 1911-12 must be (a) students attending during session 1910-11 Engineering Class II. or Class III. or Electrical Engineering (Class I. or Class II.), who are also attending or have in a previous session attended the Junior or the Senior Class of Engineering Drawing and Calculations, or (b) students attending during session 1910-11 the Junior or the Senior Class of Engineering Drawing and Calculations, who have in a previous session attended the Engineering Class II. or Class III. or Electrical Engineering Class I. or Class II. The appointment will be made by consideration of merit shown during attendance on, and by examination in the subjects of, those classes. The successful candidates shall, during session 1911-12, attend the Senior Class of Civil Engineering and Mechanics (Class IV.).

Bursars in Mathematics.—Junior Bursar for session 1910-11, James White, 1909; for sessions 1910-11, 1911-1912, Mary A. A. D. White; Senior Bursar for session 1910-11, David Hutton.

Bursars in Civil Engineering and Mechanics for session 1910-11.—George H. Henderson and James M. Macaulay, 1910.

Bursar in Theology.—John H. Williams, 1909.

WILLIAM MUIR DIVINITY BURSARIES (*Theology*).—Established in 1886 by the Governors of the Glasgow General Educational Endowments Board, under Section 35 of their Scheme. The Bursaries are two in number, each of £25 annual value. Candidates must have passed the examination of the Examining Board for entrance to the Divinity Hall of the University, and must lodge applications with Mr. W. H. Macdonald, Hutchesons' Buildings, Ingram Street, on or before the 3rd October. The Bursaries are awarded in accordance with the results of the competition for Bursaries in Theology, and are tenable for two years.

Bursars—¹ Dugald M'Arthur, 1908; John Agnew, 1909.

¹ Vacant through lapse of time.

NOTMAN BURSARY (*Theology*).—By deed of Settlement dated 15th August, 1876, Mrs. Margaret Adam Notman or Napier of Hillhead, Glasgow, widow of Mr. William Napier, directed her executors to pay over to the Principal and Professors of the Glasgow College the sum of £500 sterling for the purpose of founding a Bursary in the College, to be called the Notman Bursary, in memory of her father and brother. The Bursar to be a student of Divinity, who shall appear in public examination to be best qualified and deserving. Present value, £18 per annum.

Bursar—George Scott, 1909.

JOHN OLIPHANT BURSARIES (*Medicine and Civil Engineering*).—Miss Agnes Leckie Oliphant, sometime of Dunfermline and thereafter residing in Vienna, who died at Vienna on 30th August, 1903, bequeathed the residue of her estate, amounting to £2,567 13s. 5d., to the University Court, for the purpose of founding a Bursary or Bursaries in the Faculty of Medicine and a Bursary or Bursaries in the Department of Civil Engineering in the University, under such regulations as may be approved by her executors. The Bursaries are to be called the John Oliphant Bursaries, and are tenable for six years. The holders must be Protestants, and a preference is given to orphans. Present value of each Bursary, £35 per annum.

The following are the regulations for the John Oliphant Bursary in Medicine :—

There shall be one bursary in Medicine, open to competition to students entering on the curriculum for Degrees in Medicine. The subjects of examination are those of the Medical Preliminary, viz. 1. English; 2. Latin; 3. Mathematics; 4. Greek or French or German; but the standard required shall be that of the Science Preliminary. The examination shall be held at the same time as the Science Preliminary and on the same papers. The John Oliphant Bursary in Medicine shall be tenable for six years, if the Bursar continues to prosecute his medical studies during that period, and the Bursary shall not be held along with any other bursary.

The following are the regulations for the John Oliphant Bursary in Civil Engineering :—

There shall be one bursary in the department of Engineering. It shall, upon the recommendation of the Faculty of Science, be awarded in the month of November to the candidate who has the best record in his First Science Examination. Students who have passed the whole of that examination, including the subjects specified in Ord. No. 23, Section X., subsection 1, but not necessarily including the subjects specified in Ord. No. 23, Section X., subsection 2, may offer themselves as candidates, provided that, in the case of the first appointment, the last subject of the First Science

Examination has been passed since 1st November, 1907, and provided that, in the case of subsequent appointments, the last subject of the First Science Examination has been passed since the date of the appointment immediately preceding. The usual period of tenure shall be three years, but a bursar may be reappointed for a further period, provided that no person shall be permitted to hold the bursary for more than six years in all. The bursar during his tenure shall prosecute the course of study for the Degree of B.Sc. in Engineering, and he shall not receive payment of the last moiety of his bursary until he has graduated as B.Sc. If he graduate before the expiry of his tenure he may retain his bursary during the remainder of his tenure, provided that he engage in a course of postgraduate study or research approved by the Senate.

The John Oliphant Bursary in Engineering may be held along with the James Watt Scholarship, but not with any other Bursary.

Bursars—Andrew Picken (Med.), 1909; Richard V. Hansford (Civ. Engin.), 1909.

JAMES PATERSON (BAPTIST) BURSARY (*Arts*).—Founded in 1885 in commemoration of the completion, in 1879, of the fiftieth year of the existence of Adelaide Place Baptist Church, Glasgow, and of the Pastorate thereof of Dr. James Paterson during the same period. The sum subscribed for the purpose, amounting with interest to £619, was assigned and conveyed to the Senate in trust to be applied in all time coming to provide a Bursary in the Faculty of Arts to be called the James Paterson Bursary. The Bursary is of the annual value of £22, is tenable for four years, and is open to competition to any student of the first year in Arts who is a member of a Baptist Church, and who is entering upon his studies with a view to the ministry in the Baptist denomination. The Bursar during his tenure of the Bursary must be a member of Adelaide Place Baptist Church or of some other Baptist Church in Glasgow or neighbourhood. The Bursar must graduate in Arts, and before payment of the second moiety of the last year's Bursary must produce evidence that he has taken the degree, or that he has passed all the examinations necessary for graduation. On the Bursary falling vacant otherwise than by lapse of time, the Senate may appoint for the remainder of the term, or for the full period after competition. Before payment of the second moiety in each year the Bursar must produce a certificate of fitness for the ministry from a Committee of Adelaide Place Baptist Church, from the Baptist Union of Scotland, or some recognized Educational Institution of the Baptist Body.

Bursar—Hugh Martin, 1909.

JAMES PATERSON BURSARY (*Arts*).—In 1904 the Trustees of the late Rev. James Paterson, D.D., of Adelaide Place Baptist

Church, Glasgow, transferred to the University Court £560 of Caledonian Railway 4 per cent Consolidated Preference Stock, No. 2, for the foundation of a Bursary in Arts in terms of his Trust Disposition and Settlement. He prescribed not only the subjects but also the books on which the competitors should be examined. The following regulations drawn in accordance with the provisions of the will were adopted by the Senate on 6th April, 1905, and approved by the University Court on 4th May, 1905, viz.:

1. The Bursary shall be in the Faculty of Arts, and shall be open for competition to students of the first or second year.

2. Candidates shall undergo a special examination in Latin (Virgil), Greek (the New Testament), Hebrew (Proverbs), and Logic (Whately's Logic).

3. The Bursary shall be tenable for three years, and the Bursar shall study for a degree in Arts.

4. The second moiety of the third year's bursary shall not be paid till the Bursar has taken the degree of M.A.

The Bursary, which is of the annual value of £17, will be open to competition in October, 1910.

JAMES ALEXANDER PATERSON BURSARIES (*Arts and Medicine*).—Founded in 1892, under the Trust Disposition and Settlement of James Alexander Paterson (for many years a member of Shamrock Street United Presbyterian Church), who died at Glasgow on 31st January, 1889.

The Bursaries in Arts are tenable for three years. They are open to competition to students entering upon the first or second year of their attendance at the University, who purpose studying for the ministry in connection with the United Free Church, and who intend to qualify for and take, in the University of Glasgow, the degree of M.A. Each candidate before the competition must lodge with the Clerk of Senate, (1) a written declaration of his intention to comply with and observe these conditions, and (2) a certificate from the Convener or one of the Clerks of the College Committee of the United Free Church of Scotland, bearing that the Candidate is recognized by that Church as an accepted student pursuing his studies with a view to the ministry therein. In October, 1910, three Bursaries of £30, £20, and £10 respectively will be offered for competition. The Examination is in Hebrew (*Book of Ruth*) and Greek (*Acts of the Apostles*). The last moiety in the last year is payable after the Bursar has passed all the examinations for the degree of M.A. In the event of the holder of a Bursary graduating at the end of his second year of tenure, he shall retain his Bursary, during the third year of tenure, only on condition that he shall engage in a course of study in the University of Glasgow approved by the *Senatus Academicus* in subjects included in the curriculum for degrees in Arts.

The Bursaries in Medicine are tenable for four years. They are open to competition to students entering upon the first or second year of their medical curriculum at the University of Glasgow, who intend to qualify for and take, in the University of Glasgow, the degree of M.D. Each candidate must before the competition deliver to the Clerk of Senate a written declaration of such intention. The subjects of examination are Mathematics and Natural Philosophy, and the papers will be on the same standard as the papers in Mathematics and Applied Mathematics (including Dynamics), for the Bursary competition in Arts. Two Bursaries of £25 and £20 respectively will be offered to competition in October, 1910. The last moiety in the last year is payable after the Bursar has passed all the examinations for the degrees of M.B. and Ch.B.

It shall be competent for the holders of these Bursaries, whether in Arts or in Medicine, to hold any other Bursary or Scholarship in this University, if the Regulations of that other Bursary or Scholarship permit.

Bursars in Arts—¹George A. Johnston (£30), 1907; ¹John Paterson (£20), 1907; ¹James B. Primrose (£10), 1907; William Hamilton (£30), 1908; James C. Hamilton (£30), 1909; Alex. Ferguson (£20), 1909; James Thomson (£10), 1909.

Bursars in Medicine—¹John Gibson (£25), 1906; ¹James Harper (£20), 1906; John A. Harper (£25), 1907; John B. Orr (£20), 1907; Henry S. Banks (£25), 1908; John F. Lang (£20), 1908; Fergus L. Henderson (£25), 1909; Benjamin Cohen (£20), 1909.

PATRICK BURSARIES (*Arts*).—These Bursaries were founded in 1860 by Mr. William Patrick of Roughwood, W.S., and were originally two in number, the one consisting of the free annual proceeds of a sum of £2,000 of consolidated stock of the Glasgow and South-Western Railway, the other of the free annual proceeds of £1,000 of the same stock. They were tenable for two years, but might be continued for other two. By Ordinance No. 85 of the Universities Commission (1889) the number of Bursaries was increased to three, all equal in value, and tenable for four years. The present annual value of each is £32. If a Bursar graduate at the end of three years he shall only retain his Bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. In other respects also the provisions of University Court Ordinance No. XXVII. apply to the Patrick Bursaries. Candidates must have gone through a course of education at some one of the Public Schools in the County of Renfrew, where a regular course of Classical Study is pursued; and must be in circumstances to render it desirable that they

¹ Vacant through lapse of time.

should have assistance in prosecuting their studies at the University. The Rector or Head Teacher of such Public School to grant a certificate to any number not exceeding four of his best scholars, who shall be entitled to present themselves to the Principal and Professors as candidates for the Bursaries. Certificate forms may be obtained from the Assistant Clerk (Matriculation Office).

Bursars.—William C. H. Neill, 1907 ; Hercules D. Soutter, 1908 ; John Muir, 1909.

PENDER MEMORIAL BURSARY. —Founded in 1898 by a Committee of which the Marquis of Tweeddale was Chairman to commemorate the leading part taken by the late Sir John Pender, G.C.M.G., in the establishment and development of Submarine Telegraphy and in its extension throughout the world. The fund consists of about £1,650, and the annual value is about £60. The following regulations were made by the Senate after communication with the Glasgow and West of Scotland Technical College and the Committee :—1. That the holding of a Diploma in Electrical Engineering of the Glasgow and West of Scotland Technical College be a condition of appointment to the Bursary. 2. That the appointment to the Bursary be made by the authorities of the Glasgow and West of Scotland Technical College. 3. That the Bursary be tenable for one year. 4. That the Bursar be required during his tenure to attend in the University three full courses or their equivalent from among those that would constitute in his case a qualifying curriculum of study for the Degree of B.Sc. in Engineering. 5. That, in the event of there being no candidate deemed worthy of appointment in any year, the interest be held over to provide a second Bursary in a subsequent year.

Bursar.—Norman S. Sim, 1909.

GLASGOW PERTSHIRE SOCIETY'S BURSARY (*Arts*).—Founded by the Glasgow Perthshire Society in 1873. Value, £25, and tenable for three years. Open to competition to natives and sons of natives of the county of Perth, and also to sons of persons who are *bonâ fide* residents in that county, and have resided in it for not less than three years at the time of the competition. Candidates must be entering on their first year of attendance as students in the University of Glasgow, and the holder of the Bursary will be required to complete attendance on at least two of the classes in the curriculum of Arts in each session. When a vacancy occurs names of candidates should be sent to Mr. George Gray, Jun., 156 St. Vincent Street, Glasgow, Secretary of the Society, not later than the fifteenth day of August preceding the competition.

Bursar.—Gregor McGregor, 1909.

POLLOCK BURSARIES (*Arts*).—Founded in 1878, in terms of the Trust Disposition and Settlement of the Rev. Alex. Pollock, senior minister of the Free South Church, Paisley, who bequeathed £3,000, free of legacy duty, for that purpose. The Bursaries are at present each of the annual value of £38, and are designed to assist young men entering the University of Glasgow, whose circumstances are such as to render it desirable that they should have assistance in prosecuting their studies. The patrons are the Principal and Professors in the Faculty of Arts. Each candidate must lodge along with his application a letter from the Rector, Headmaster, or Classical Teacher of one of the Public Schools or Public Academies within the parliamentary boundaries of the burgh of Paisley, where a regular course of Classical study is pursued, certifying that he has completed his course of education at such school or academy. Certificate forms may be obtained from the Assistant Clerk (Matriculation Office). Should no such qualified candidates present themselves, or should the otherwise qualified candidates fail to reach a satisfactory standard in the Bursary Examination, the Bursary or Bursaries vacant for the time being shall be open to all the candidates in the ordinary Bursary Competition. The Bursaries are three in number, and are tenable for three years, during which period the Bursars must be students in the Faculty of Arts. The second moiety of the third year's Bursary shall not be paid until the Bursar shall have passed the examinations in four subjects taken out of at least two departments for graduation in Arts.

Bursars—¹ William E. G. Millar, 1907; David Ferguson, 1908; Hugh M. Scott, 1909.

T. and V. PRATT BURSARIES (*Any Faculty*).—The late Mr. Thomas Pratt, who resided at Castleyett, near Lanark, by his Trust Disposition and Settlement, dated 22nd December, 1877, directed his Trustees, as soon after his death as convenient for them, to set apart and invest in name of themselves and such other Trustees as they might deem suitable, a sum to yield an annual income of £40, for the purpose of establishing two Bursaries of £20 each, to be called the T. and V. Pratt Bursaries, to assist in maintaining and educating two students in the University of Glasgow or Edinburgh. The necessary funds have now been set aside and invested in name of Trustees for this purpose. The Bursaries are open to sons and daughters of working men residing in or belonging to the United Parishes of Wiston and Robertson, and the Parish of Lamington. His Majesty's Inspector of Schools for the district is to name the candidates found after examination to be best qualified and most deserving of the Bursaries, and the examination which, with the concurrence of the Trustees, he at present prescribes is the General

¹ Vacant through lapse of time.

Bursary Competition Examination in Arts at Glasgow University. The Bursaries are tenable for four years, or such shorter time as the Bursar may remain at the University, unless the Trustees are dissatisfied with the Bursar's conduct or diligence. When a vacancy occurs, applications should be lodged with the Trustees' Agents, Messrs. Fyfe, MacLean & Co., Writers, 115 St. Vincent Street, Glasgow, on or before 15th August. (Two Bursaries vacant.)

RAINY BURSARIES (*Medicine*).—In 1872, Dr. Harry Rainy, Emeritus Professor of Medical Jurisprudence in this University, made over to the Senate the sum of £1,000 for the institution of two Bursaries in the Faculty of Medicine, and a further sum of £500 to be invested as a supplementary or augmentation fund. The interest of the Bursary Fund is to be divided annually between the two Bursars; and the interest of the supplementary fund is to be employed towards defraying the expenses of administration, and bringing up, when necessary, the annual salaries of the Bursars to £20 each, and increasing the supplementary fund. Should this fund accumulate to £1,000, one half of it is then to be added to the Bursary fund, the interest of which shall be divided as before between the two Bursars. If by this process of augmentation, which is to be repeated as often as the supplementary fund amounts to £1,000, the Bursary fund shall at length yield £60 per annum to each Bursar, the Senate may continue the same process, or constitute additional Bursaries on the principle explained above, the original Bursaries remaining of the value to which they have been raised by augmentation. The augmentation fund is not at any time to be reduced below £500.

The successful candidate may hold his Bursary for two years, namely, during his fourth and fifth years of study in the University of Glasgow. A vacancy occasioned by death, irregular attendance, or misconduct, is not to be filled up till the usual term at which the competition for that Bursary would have fallen due, and accumulations from this source are to be added to the supplementary fund.

A Rainy Bursary will be awarded in November, 1910, to the qualified candidate who, not being the holder of a bursary of equal or greater value, shall be found to have passed in the year 1910 in Anatomy and Physiology of the second Professional examination, and whose aggregate of marks in these subjects and in Chemistry, Botany and Zoology of the first Professional examination, is the highest.

Bursars.—¹James T. Dick, 1908; David T. C. Frew, 1909.

RAMSAY WALKER BURSARIES (*Arts*).—Two in number, founded in 1879, under the Trust Disposition and Settlement of Miss Ramsay Walker, Crosshill, who bequeathed £700, reduced by legacy duty to £630, for educating two students with a view to the ministry of

¹ Vacant through lapse of time.

the Established Church of Scotland. Preference to kindred of the founder, whom failing, to students of the name of Walker, whom failing, to natives of Glasgow, whom failing, the Bursaries will be thrown open to public competition. Candidates must be qualified by their previous education for entering the University. The Bursaries are each of the annual value of £15, and tenable for four years. (One vacancy.)

Bursar—Robert W. Smith, 1909.

ROSS BURSARY.—(See Hyndford and Ross, p. 370.)

JOHN ROSS, JUNIOR, BURSARY (*Theology*).—Founded in 1880 by Mrs. Ross, widow of Mr. John Ross, junior, merchant in Glasgow, in memory of her husband. Patrons—The Senate of the University. The Bursary Fund consists of the capital sum of £1,000, set aside by Mrs. Ross for that purpose, and the present annual value is £35. The Bursary is tenable for three years by a student of Divinity in the regular course of study for the degree of Bachelor of Divinity with a view of becoming a clergyman of the Established Church of Scotland. Candidates must be entering on the first session of their study in Theology in the University, and the award shall be determined by the result of the annual competitive examination for Bursaries in Theology. In cases of equality in the competition there is a preference to the student who may be thought to stand most in need of help to carry on his theological studies, or to one who is a native of Ayrshire. The second moiety of the third year's Bursary shall not be paid to any Bursar unless and until he shall have passed all the examinations required for the degree of B.D. In the case of a vacancy occurring otherwise than by lapse of time, the Senate may appoint, with or without examination, a student of the same standing as the previous Bursar.

Bursar—George A. M. Dickson, M.A., 1908.

SANDERS BURSARY.—(See Boyd and Sanders Bursary, p. 344.)

(SIR WALTER) SCOTT BURSARIES (*Arts*).—The centenary of the birth of Sir Walter Scott was celebrated in Glasgow in 1871, and in conformity with a suggestion made by Lord Stanley (Earl of Derby), then Lord Rector of the University, the committee who had charge of the arrangements resolved to raise by public subscription a fund for the benefit of distinguished students, and to associate it with Scott's name. The amount subscribed was £3,500, and accordingly two Bursaries, along with the Scott Scholarship, were founded in 1874. The fund is administered by trustees, two of whom are elected by the Senatus, two by the Merchants' House, one by the Royal Faculty of Physicians and Surgeons, one by the Faculty of Procurators, and one being an Assessor of the Council in the University Court, appointed by the four Assessors or a majority of

them, in accordance with the provisions of Ordinance No. 91 of the Universities Commission (1889). The Bursaries are now four in number, each of the annual value of £25, and tenable for four years. They are open to free competition, under the same regulations as the competition Bursaries in the University. (One vacancy.)

Bursars—Robert Stevenson, 1907 ; Archibald N. M'Alpine, 1908 ; Ronald M. Macandrew, 1909.

SHEARER BURSARIES (*Any Faculty*).—Founded in the year 1887, by Archibald Shearer of Boag, who resided in Beith. By Deed of Mortification executed by Mr. Shearer dated 29th April, 1887, he conveyed his lands of Boag, in the parish of Kilbirmie, to trustees for the foundation and endowment of three Bursaries for the advancement of the higher education of the young men of his native parish of Dalry, in the county of Ayr. The Deed provides that the Bursaries shall be open to applicants between the ages of fourteen and twenty-four, who are the sons of parents or of a surviving parent *bona fide* resident for a period of not less than two years immediately preceding the date of application in the parish of Dalry, or to applicants who, for a period of not less than the last two years of their school curriculum, have received their education in the schools within the said parish, to enable the Bursars to pursue their education as students at the University in one or other of the Faculties. Students who have enjoyed a Bursary during their Arts course are eligible for a second Bursary in another Faculty. Applicants to undergo such examination as the trustees may from time to time appoint. Each Bursary to be one-third of free income from the lands of Boag, but not exceeding the annual sum of £30, and to be tenable for three years. Further information will be afforded by the Agents of the Trustees, Messrs. J. & J. M'Cosh, writers, Dalry. (No vacancy.)

SHIPWRIGHTS' COMPANY BURSARY.—The Fishmongers Company of London has placed the sum of £50 per annum at the disposal of the Educational Trust Fund Committee of the Shipwrights' Company for a period of three years that a Scholarship or Bursary may be given to a deserving student of Naval Architecture in this University. Appointment to the Bursary rests with the Educational Trust Fund Committee, and when a vacancy occurs the Senate is invited to nominate a promising and deserving student.

Bursar—Charles D. Easterbrook, 1909.

SIMSON BURSARY (*Arts or Divinity*).—A Simson bursary of about £21 for a student of Arts or Divinity preparing for the Ministry of the Church of Scotland, or as a Missionary going abroad. Natives of Dunbar have preference if they apply before 1st September to the Session Clerk, Dunbar.

SMITH (CRUTHERLAND) BURSARY (*Any Faculty*).—In 1849 Dr. John Smith of Crutherland founded two bursaries, which were not restricted to any particular Faculty. Patrons—the Directors of the Incorporated Company of Stationers. Sons of members of the Company are preferred, then sons of persons connected with any of the trades included in their charter, whom failing, such other students as may be approved of by the patrons. The value of each was £9 per annum, and they were tenable for one or more years at the option of the patrons. Ordinance No. 77, issued on 15th February, 1895, provides that the two bursaries shall hereafter be conjoined into one, and that the bursary shall be tenable for four years. If a bursar in Arts graduate at the end of three years, he shall only retain his bursary during the fourth year of tenure if he shall engage in a course of study approved by the Senate in subjects included in the curriculum for Degrees in Arts or in Pure Science. If a bursar in Divinity graduate at the end of three years he shall only retain his bursary during the fourth year of tenure if he shall engage in a course of study in Divinity approved by the Senate. Applications to be made to Mr. William Brodie, 77 St. Vincent Street, Glasgow.

Bursar—John Walker, 1908.

STEVENSON OF DALRY BURSARIES (*Arts*).—The Rev. Robert Stevenson, D.D., minister of the Parish of Dalry, Ayrshire, who died on 11th September, 1890, by his Trust Disposition and Settlement dated 28th July, 1890, directed his Trustees to pay over to the University Court the sum of £2,000, free of legacy duty, for the foundation of two Bursaries in Arts. They are open for competition to students entering on the first or second session of attendance in the Faculty of Arts, who are prosecuting their studies with a view to the ministry of the Church of Scotland, with a preference in the first place to natives of the parish of Dalry in Ayrshire, and in the second place to natives of the parishes of Bannockburn or St. Ninians in Stirlingshire. The Bursaries, which are each of the annual value of £33, are tenable for four years.

Bursars—John M. Garlick, 1908 ; James L. F. Scott, 1909.

ANDREW AND BETHIA STEWART BURSARIES (*Arts and Law or Medicine*).—Miss Bethia Stewart, of Moss-side Park, Crossmyloof, who died on 10th April, 1902, directed her Trustees to give effect to the wishes of her brother Andrew Stewart, who predeceased her, by applying the income of the residue of her estate to the payment of bursaries for necessitous deserving students in the University of Glasgow.

The Bursaries in Arts are each of the annual value of £20, and are tenable for three years (in the case of 1909 and later appointments). Candidates must have qualified for the Arts Course either

by gaining a Group Leaving Certificate of the Scotch Education Department or by passing the University Preliminary Examination in Arts, and must undergo a written examination, comprising an English Essay, and papers in *either* French *or* German *or* Italian, and also an oral examination in the foreign language selected by the candidate for the written competition.

The Bursaries in Law or Medicine are each of the annual value of £50, and are tenable for three years. Candidates must be Masters of Arts of the University of Glasgow, and must undergo a written examination, comprising an English Essay, and papers in not more than two of the following subjects, viz., Latin, Greek, French, German, Mathematics, and also an oral examination in the subjects selected by the candidate for the written competition.

Six Bursaries in Arts, and one in either Law or Medicine, will be open for competition in October, 1910. The names of candidates should be entered not later than 1st September, 1910, with Messrs. John Steuart and Gillies, Writers, 204 West George Street, Glasgow, from whom further information and Forms of Application may be obtained.

Bursars in Arts—Janet T. Harvie, 1907; Janet E. Copeland, 1907; Catherine M. London, 1907; James Cameron Boyd, 1907; Mary C. McColl, 1908; James H. Adams, 1908; Florence R. Glen, 1908; Mary F. Morrison, 1909; Hector MacLaine, 1909; Florence J. Wilson, 1909; Christina D. Aitken, 1909; Lizzie Wilson, 1909; W. Mary McColl, 1909.

Bursar in Law—¹ Robert Gibson, M.A., 1907.

Bursars in Medicine—Wallace M. Conley, M.A., 1908; John Smith, M.A., 1909.

STEWART BURSARIES (*Arts*).—These Bursaries, three in number, founded in 1809 by the Rev. James Stewart, are in the gift of the Senate. They commence with the Humanity or the Greek Class, and may be held during the Gown Course. Value, £15 per annum each. The names Stewart and Simpson were preferred, but this preference was cancelled by Ordinance No. 57 of the Universities Commission (1889). In case of a vacancy, a student of the same standing is appointed. The Senate, acting under Section XIII. of the said Ordinance, have resolved to award one of the Stewart Bursaries in respect of exceptional distinction in English, to a student of the first year who, having passed the Arts Preliminary, has gained the highest marks in English in the Bursary Examination and has not obtained a bursary for general excellence.

Bursars—Thomasina Carmichael (English), 1907; James C. Hamilton, 1908; Bello R. G. Sutherland, 1908.

¹ Vacant through lapse of time.

STILLIE BURSARY IN MUSIC.—This Bursary was founded by Mrs. Thomas Stillie in 1885, the Trustees being the Executive Council of Queen Margaret College, and their successors in office. The Trustees were to apply the annual proceeds of the investment of £125 in providing one Bursary, to be granted yearly to a student of Music, as a reward for proficiency in Music, and an encouragement to further study. The Trustees were empowered to make such regulations as they should see fit from time to time for testing the merits of the candidates, and also for prescribing the age of candidates and the course of study to be pursued in connection with Queen Margaret College or otherwise, which the Trustees might desiderate as a condition of awarding the Bursary. The University Court, having taken over Queen Margaret College, are the successors in office of the Executive Council of Queen Margaret College in respect of the Stillie Bursary Fund, which in January, 1895, amounted to £160. The following regulations have been adopted by the Court:—
1. The Bursary shall be awarded in connection with the practical Examinations in Music conducted in Glasgow by the Associated Board of the Royal Academy of Music and the Royal College of Music in the spring of each year. 2. The Bursary shall be awarded by the Senate on a report by the Examiners of the said Board. 3. Only candidates for the Advanced Grade Local Centre Examination shall be eligible, and the Bursary shall be awarded to the candidate examined in Glasgow who shall obtain the highest number of marks in that practical examination. 4. The Bursary shall not be awarded if the candidate with the highest number of marks has not obtained honours; and in that case the proceeds shall be added to the capital fund.

DR. STRANG BURSARIES (*Science*).—Mrs. Machen of FernieCraig, Skelmorlie, who died on 15th October, 1894, left funds for the foundation of four Bursaries, each of the annual value of £20, to be instituted in connection with the University of Glasgow, in memory of her brother, the late Dr. John Strang, City Chamberlain of Glasgow from 1834 to 1863. The Trustees under their powers have meanwhile agreed that these Bursaries should be tenable by students of Engineering Science in the University of Glasgow. Each Bursary is tenable for three years. The Bursaries shall be awarded on the results of the Science Preliminary Examination, and no candidate shall be appointed to a Bursary unless he passes the whole preliminary examination. Each Bursar shall be required to attend a course qualifying him for graduation in Engineering Science on the side of Engineering.

The Bursaries shall be payable by equal moieties in the month of January and at the close of the winter session, but the second moiety of the second year's Bursary shall not be paid until the student has passed the First Science Examination for B.Sc. in Engineering

Science, except in special circumstances. A student holding another Bursary may, in the discretion of the Trustees, be also appointed to a Strang Bursary.

In each of the years in which two appointments fall to be made, the Trustees, in appointing to the second Bursary, will take into account, not only the results of the examination, but also, and specially, other circumstances (financial and otherwise) affecting the candidates.

Further particulars may be obtained from Professor Barr, D.Sc., Engineering Department, University of Glasgow, or from Messrs. Kerr & Barrie, Solicitors, 149 St. Vincent Street, Glasgow. (One vacancy.)

Bursars—¹James G. Stevenson, 1907; Alexander Love, 1908; Charles W. Marshall, 1908; James G. Docherty, 1909.

STRUTHERS BURSARY.—(See Gilhagie and Struthers Bursary, p. 362).

TAYLOR BURSARIES (*Any Faculty*).—Two in number, founded by Mr. James Taylor, writer in Glasgow, who by Trust Disposition and Settlement of date 30th June, 1857, bequeathed to the University the sum of £800 for Bursaries. After Mr. Taylor's death, the trustees found that the estate was not sufficient to pay the various legacies in full. They paid over to the University in January, 1868, the sum of £560, and in September, 1878, a further and final dividend of £80, making in all £640, the free proceeds of which are applied to the payment of the two Bursars. Present annual value to each holder is £10. The Senate are Patrons. The preference given to the names Tayler or Taylor, Ronald, Dunlop, Henderson, and M'Arthur, was cancelled by Ordinance No. 57 of the Universities Commission (1889).

Bursars—¹Annie I. Henderson, 1906; Arthur M'Kean, 1909.

JAMES THOMSON PHILOSOPHICAL ENTRANCE BURSARY (*Arts, Phil.*).—Founded by subscription in 1878 in memory of James Thomson, M.A., a distinguished student of this University, who died in 1876 before the close of his theological curriculum. The Bursary consists of the proceeds of a sum of about £300 (about £11), and is tenable for two years. It is awarded biennially for the best examination in (*a*) Mental Philosophy and (*b*) English Literature alternately. The examination is open to all students of the first and second year who have not already attended the Logic, Moral Philosophy, or English Literature Class, and who have not attended a session in any other Scottish University. The Bursary is payable in four instalments, but the last instalment will not be paid till the Bursar has passed his examinations in Latin and Greek for the

¹ Vacant through lapse of time.

M.A. Degree in Glasgow University. The subjects of Examination in Mental Philosophy and English Literature respectively are the same as for the John Ferguson Jaffrey Bursary. (See page 371.)

The next examination will be held in October, 1910, the subject of examination being English Literature.

Bursar—¹Thomas Jack, 1908.

WALKINSHAW YOUNG BURSARY (*Law*).—Founded in 1878 by Major Young, Dunmore, Kilm, who bequeathed to the University a sum of £500, free of legacy duty, for promoting any useful branch of Education which the Principal and Professors may think proper. Present annual value, £18.

The following regulations have been adopted :—

1. The Bursary shall be tenable for two years, during which the holder shall give regular attendance as a public student in the Faculty of Law in the University, to the satisfaction of the Senate.

2. All persons who within two years previous to the time when an appointment to the Bursary is made, have, at an examination in Arts, for the Degree of B.L. passed in not fewer than two Arts subjects, or have passed in any two subjects for the Degree of M.A., shall be eligible as candidates, and the Senate shall appoint that one among the candidates who in their opinion is the most distinguished. A student who passes a qualifying Examination in the October of the session in which an appointment is made shall be held eligible within this rule, but one who has passed an examination in the October two years preceding such an appointment, and has not passed any subsequent qualifying examination, shall not be eligible.

3. The Bursary shall not be tenable along with any other Bursary or Scholarship in the University.

The next appointment to this Bursary will be made in December, 1910. Applications, containing in each case a statement of any distinctions gained by the candidate, to be sent in to the Clerk of Senate on or before 1st December, 1910.

Bursar—¹John O. Taylor, 1908.

WALTON BURSARY (*Medicine*).—This Bursary was founded in 1763 by Dr. William Walton, Huntingdon, for a student in Medicine. The Earl of Sandwich has the right of appointing to the Bursary one of two students nominated by the Senate. Preference is given to "Students of the English Nation." The Bursary may be held for four years. Value about £35 per annum.

Bursar—Harold E. Whittingham, 1909.

¹ Vacant through lapse of time.

ANDREW WEIR BURSARY (*Medicine*).—Founded in 1884, in terms of a Bequest by Mrs. Janet Maxwell or Weir, relict of Andrew Weir, feuar in Paisley. Mrs. Weir bequeathed the sum of £500 to the University, and directed the annual income (about £18) to be devoted to maintaining a Bursary in connection with the Medical School, in such a manner as the Senate may appoint. The Bursary is in memory of a son of the founder, Andrew Weir, a medical student of Glasgow University, who held subsequently the post of Resident Physician in the Paisley Infirmary, and in the discharge of his duties there contracted a fever, of which he died. The Bursary is awarded annually at the beginning of the Winter Session, in accordance with the results of the second and third professional examinations, account being taken of the marks gained by all students who have passed both of these examinations within a period not exceeding thirteen months, reckoning backward from the date of the professional examinations in October of each year. During the tenure of this Bursary, which may be held along with another Bursary, the holder shall be bound to give regular attendance on the classes of the medical curriculum in the University.

Bursar—Thomas J. Mackie, 1909.

WILLIAM WHYTE BURSARIES (*Arts, Law, or Medicine*).—Four in number, founded in 1893 in memory of Mr. William Whyte, at one time Preceptor of Hutchesons' Hospital, in accordance with instructions contained in the Trust Disposition and Settlement of his daughter, Mrs. Isabella Whyte or Bamber, who died in 1882. The Trustees executed a Deed of Mortification transferring £2,000, less legacy duty, to Hutchesons' Hospital. The Bursaries are each of the annual value of £25, and are tenable for four sessions in the Faculties of Arts, Law, or Medicine. They are open to competition by boys who have attended and completed the curriculum in the Secondary Department of Hutchesons' Grammar School. Candidates must give in their names to Messrs. Hill & Hoggan on or before 15th August in each year, to be sent to the Clerk of Senate, that they may be entered for the University Entrance Bursary Competition. One Bursary will be awarded every year to the candidate highest in the order of merit who shall not have gained and elected to hold a Bursary of equal or higher value at the general competition, provided his attainments have reached a standard satisfactory to the Patrons of Hutchesons' Hospital.

The sum of £408 15s. 8d. at the credit of the Fund at 31st December, 1892, is to be allowed to accumulate until that sum, with such additions as may accrue from any portion of the income that may not be required for the purposes aforesaid, shall amount to a sum which will produce a return of £20 yearly. There shall then be instituted a Bursary of that value, to be competed for by girls

educated in Hutchesons' Girls' School, which Bursary shall be tenable at the University of Glasgow.

Bursars—¹Peter A. C. Milne, 1906; Ronald Stewart, 1907; Charles G. M'Dowall, 1908; Norman W. Sammon, 1909.

KING WILLIAM'S BURSARIES (*Two in Arts and Two in Theology*).—These Bursaries, founded by his Majesty King William III. in 1695, were formerly six in number and known as the Exchequer Bursaries. They were tenable for six years—the first in Logic, the second in Moral Philosophy, the third in Natural Philosophy, and the last three in Divinity. The bursars in Philosophy received £10 per annum each, and those in Divinity £13 6s. 8d. The Foundation was regulated by Act of Parliament, 1758. By Ordinance No. 99 the Universities Commission (1889) altered the conditions and directions affecting the Foundation, making two Bursaries in the Faculty of Arts, each of the annual value of £15, and two in the Faculty of Divinity each of the annual value of £20. Each of the Bursaries is tenable for three years, and no longer. The Bursaries in Arts are open by competition to all students entering on their first year of attendance on a course of study for graduation in Arts. The Bursaries in Divinity are open by competition to all students who are Masters of Arts, or who have passed all the examinations necessary for graduation in Arts, and who are entering on their first year of attendance on a course of study for graduation in Divinity. In other respects the provisions of University Court Ordinance No. XXVII. apply to the Bursaries on this foundation.

Bursars in Arts—William S. Brown, 1909; James J. Treanor, 1909.

Bursars in Divinity—¹Charles W. Farish, 1907; ¹Alexander Macdonald, 1907.

WILLIAMS BURSARIES (*Arts and Theology*).—The Rev. Dr. Daniel Williams, London, who died in 1716, founded bursaries tenable at the University of Glasgow by youths of South Britain, who shall be designed for the Ministry. The appointment rests with Dr. Williams's Trustees, and has hitherto been made, subject to certain conditions, upon the result of a competitive examination held in London in July. In the year 1910 there will be no examination in London for the Bursary at present vacant, and it will be awarded on the results of the Bursary Examination to be held at Glasgow University in September, 1910. The Bursaries, £40 each per annum, are tenable for three years, but may, in the discretion of the Trustees, be renewed for a fourth year, either to enable the student to take Honours, or to enable him, after graduating, to enter the Divinity Hall. If the Bursary be continued after

¹ Vacant through lapse of time.

graduation and held in the Divinity Hall, the amount is raised to £45. Bursars must enter as public students of the University, and must therefore satisfy the requirements of the Preliminary Examination in Arts. Each applicant must satisfy the Trustees that he intends to enter the Protestant Dissenting Ministry, and is required to lodge with them, *in May*, certain other certificates. Full information may be obtained from the Secretary of the Trust—Francis H. Jones, B.A., Dr. Williams's Library, Gordon Square, London, W.C.

Bursars ¹John W. Saunders, 1906; Sydney J. Haggis, 1908; George G. Ramage, 1909.

WILSONE BURSARY. —(See Boyd and Wilson, p. 344.)

GEORGE YOUNG BURSARY (*Science*).—By Trust Disposition and Settlement of date 30th August, 1892, Mrs. Catherine McFarlane or Young, who died at Helensburgh on 4th November, 1893, directed her Trustees to make over to the Senate of the University of Glasgow the sum of £1,000, free of legacy duty, for the purpose of founding, in memory of her husband and son, a Bursary in connection with the class of Civil Engineering, on such terms and conditions as the Senate should from time to time fix. The Senate have determined that the Bursary shall, upon the recommendation of the Faculty of Science, be awarded to the candidate who has the best record in his First Science Examination. Students who have passed the whole of that examination or at least in Mathematics and Natural Philosophy with or without the higher branches specified in Ordinance No. 23, Section ix., Subsections 1 and 2, may offer themselves as candidates, but students who have completed the qualifying attendance in Engineering shall not be eligible. The Bursary is £38 of value, and is tenable for one year, during which the Bursar must attend a course of Laboratory Practice in Engineering and either a course (or half course) of Engineering Lectures or a course of Engineering Drawing. Appointment in the month of October.

Bursars Adinath Sen and Satis C. Majumdar (equal), 1909.

MAJOR YOUNG'S FUND BURSARIES (*Law*).—Two in number, founded in 1890 by the Trustees of the late Major Young, founder of the Walkinshaw Young Bursary. The amount of the Bursary Fund is about £1,312, and each of the Bursars receives one half of the free annual income thereof (about £26). In accordance with Major Young's desire, the Bursaries are open only to applicants whose pecuniary circumstances are such as in the judgment of the Senate render it desirable that they should have assistance in prosecuting their

¹ Vacant through lapse of time.

studies at the University, preference being given, *ceteris paribus*, to natives of Argyllshire or Renfrewshire. One of the Bursaries is tenable for six years, and is awarded by competitive examination to a student of the first year who intends to study for a Degree in Law. The Bursar is required during his tenure of the Bursary to attend such classes and to pass such examinations for a Degree in Law as shall be held by the Senate to correspond to the successive stages of his course and he must attend a class or classes in the Faculty of Law during at least the last two years of his tenure of the Bursary. The other Bursary is tenable for two years, and is awarded by competitive examination upon subjects prescribed by the Senate. Candidates must have expressed their intention of attending the classes of Scots Law and Conveyancing, and the Bursar must attend these classes in separate sessions during his tenure of the Bursary. Either of these Bursaries may be held with any other Bursary, Scholarship, or Prize in the University, but both shall not be held together by one Bursar. The subjects of examination are those prescribed for the General Bursary Competition.

Bursars—¹ Robert Gibson, 1904 ; ¹ Peter A. C. Milne, 1908.

¹ Vacant through lapse of time.

2. EXHIBITIONS, FELLOWSHIPS, AND SCHOLARSHIPS.

ALPHABETICALLY ARRANGED.

N.B.—In cases in which a Scholarship or Fellowship falls vacant otherwise than by lapse of time, the Senate may, except where it is inconsistent with the deed of foundation, hold a competition, and make an appointment for the remainder of the period for which such Fellowship or Scholarship may be held. At the next ordinary competition no student shall be excluded from the competition by reason of his having previously been appointed to fill a vacancy for less than the full period; but in no case shall any student hold such Scholarship or Fellowship for longer than the full period fixed in the regulations applicable to such foundation.

BARBOUR SCHOLARSHIP (*Anatomy or Physiology*). The late Dr. John Borthwick Barbour bequeathed the residue of his personal estate, subject to the life-rent of his widow, to the University of Glasgow for the foundation of a Scholarship for the promotion of original research in Anatomy or Physiology. The Founder

directed that the free annual income (about £200) should be paid to such member of the University as should be of the standing of Master of Arts and duly declared entitled to the same after competitive examination. The following regulations made by the Senate were approved by the University Court on 10th December, 1908 :—

1. The usual period of tenure of the Barbour Scholarship shall be two years, but a scholar may be reappointed for a further period provided that no scholar shall hold the scholarship for more than four years.

2. The scholarship shall be awarded alternately in the subjects of Anatomy and of Physiology, except in the case of no eligible candidate presenting himself in one of the subjects; in this case the scholarship may be awarded in the other subject.

3. The candidate shall be expected to produce evidence of his ability to undertake original research.

4. The competitive examination shall consist of

(a) The examination of any published records of original investigation already carried out by the candidates.

(b) The examination of any unpublished records of original investigations and of any preparations made in the course of such investigations.

(c) A practical examination upon the subject—the examination to be conducted by the Professor of the subject in which the scholarship is to be awarded, along with such assessors as the Senate may appoint.

5. The scholar shall devote himself to Research under the supervision of the Professor of the subject for which the scholarship has been awarded, and he may, with the approval of the Senate and the Professor, take part in the teaching of the Department during three months in each year of tenure.

6. A report shall be submitted each year by the Professor under whose supervision the scholar is working regarding his work, whether research or teaching, and it shall be in the power of the Senate to terminate the tenure of the scholarship if this report is unsatisfactory.

Present Scholar (in Physiology)—Janie Hamilton M'Iroy, M.A., B.Sc., M.B., Ch.B., 1909.

BLACK THEOLOGICAL FELLOWSHIP.—This fellowship, which is now of the annual value of £147, was instituted under the Will of the late Mrs. Janet Black (who died in 1876) in memory of her husband, the Rev. William Black, D.D., minister of the Barony Parish of Glasgow. Candidates must be members of the Established Church of Scotland.

The following regulations have been adopted by the Senate with the sanction of the University Court :—

1. The Black Theological Fellowship shall be tenable for two years.
2. It shall be awarded by competition open to Masters of Arts from any of the Universities of Scotland who shall complete the ordinary curriculum of Theological study in the University of Glasgow in the academical year in which the examination is held, or who shall have completed that curriculum in any of the three preceding years.

3. At the competition in April, 1908, and thereafter in April at intervals of four years (1912), the examination shall be in Divinity (Biblical and Systematic Theology), Church History, and Biblical Criticism ; and at the competition in Autumn, 1910, and thereafter in Autumn at intervals of four years, the examination shall be in Hebrew (with one cognate language), New Testament Exegesis, and Apologetics.

4. The Fellowship shall be awarded by the Theological Faculty only when the Examiners shall report that the Candidate has attained a sufficient standard of merit.

5. The holder of the Fellowship shall, during the tenure of it, perform such duties—whether in the form of giving a short course of lectures, or of undertaking tutorial work, or otherwise—within the University, as may be assigned to him by the Faculty of Theology with the sanction of the Senate.

6. No Candidate who has gained the Fellowship at one examination shall be at liberty to compete for it a second time.

7. The Fellowship shall not be held in conjunction with any other Theological Fellowship or Scholarship or Prize falling to be awarded at the same time, or subsequently during its tenure.

Subject to these regulations an appointment to the Fellowship will be made in the Autumn of 1910. In addition to the subjects prescribed for the first department of the examination for the Degree of B.D., the examination will extend to the following :—

Arabic: Nallino's *Chrestomathia Qorani*, pp. 1–52, translation and grammar ; or alternatively *Syriac*: (a) Extracts from Barhebræus in Rödiger's *Chrestomathia Syriaca*, Nos. iv.—xii. ; (b) *Vitæ Prophetarum*, as in Nestle's *Syriac Grammar*—translation and grammar.

New Testament Exegesis: The Epistle of Jude, with Introduction.

Apologetics: English Deism in the Eighteenth Century.

Present Fellow—¹ Andrew C. Baird, B.Sc., B.D., April, 1908.

BREADALBANE SCHOLARSHIPS.—The second Marquis of Breadalbane, an alumnus, and afterwards Rector of the University, gave from the first year of his Rectorship (1840–41), and during his lifetime, the sum of £100 annually, which was for some years distributed in prizes among certain classes, and afterwards appro-

¹ Vacant through lapse of time.

priated to the establishment of two Scholarships, the one in Mathematical and Physical Science, and the other in Mechanical Philosophy, Chemistry, and those branches of Natural History that are connected with the Arts and Manufactures.

The Marquis died in 1862, and his Deed of Settlement made provision for the "annual payment, in all time coming, to the University of Glasgow, of the sum of £100, to be paid yearly to deserving students in this college, as scholarships or Bursaries, to be called the 'Breadalbane Scholarships,' in such manner as shall be fixed by the Senatus Academicus of the said University."

The following regulations have been approved by the Senate:—

The number of Scholarships shall be two, of £50 each per annum, for the encouragement of pure and applied Science.

The scholars shall be chosen, after competitive examination in Mathematics and Natural Philosophy, from among candidates who shall have taken the Degree of Master of Arts, or the Degree of Bachelor of Science in the Department of Engineering Science, at the University of Glasgow, within a period of not more than three years preceding the examination; provided always that students graduating at the supplementary graduation in November of any year, shall, for all purposes, be held to have graduated at the ordinary graduation in April immediately preceding.

Each scholar shall pursue such course of scientific study during the tenure of his Scholarship as the Senate shall in each case prescribe, and shall hold his Scholarship for three years; provided that at the end of the first and second years he give the Senate such evidence, by examination or otherwise, as the Senate shall deem sufficient, of having successfully prosecuted the prescribed course of study. The annual value of each Scholarship is now £56.

Scholars—¹ David B. Meek, 1907; ¹ James Paul, 1907.

CARNEGIE FELLOWSHIPS AND SCHOLARSHIPS.—See pp. 190—197.

GEORGE A. CLARK BURSARIES OR SCHOLARSHIPS.—By the Will of the late Mr. George A. Clark, manufacturer, Paisley, a sum of £20,000 was bequeathed in 1872 to this University for the creation of four Bursaries, tenable each for four years. The present annual value of each is £170. The following are the regulations:—

1. One of these Bursaries shall be competed for annually, at or immediately after the October examination for Degrees in Arts or Science.

2. The four Bursaries are assigned respectively to four of the Groups of Honours enumerated in Ordinance No. 11, Section XI., of the Universities Commission (1889), viz.:—(1) Classics; (2) Mental Philosophy; (3) Mathematics and Natural Philosophy; (4) English (Language, Literature, and British History).

¹ Vacant through lapse of time.

For the Classics Bursary or Scholarship either Masters of Arts of this University who have taken the Degree of M.A. with Honours, or students presenting themselves for the final examination for the M.A. Degree with Honours in Classics, may be candidates; for the Mental Philosophy Bursary or Scholarship, either Masters of Arts of this University who have taken the Degree of M.A. with Honours, or students presenting themselves for the final examination for the M.A. Degree with Honours in Mental Philosophy, may be candidates; for the Bursary or Scholarship in Mathematics and Natural Philosophy either Masters of Arts of this University who have taken the Degree of M.A. with Honours, or students presenting themselves for the final examination for the M.A. Degree with Honours in Mathematics and Natural Philosophy, or Bachelors of Science of this University who have taken the Degree of B.Sc. in Pure Science, or students presenting themselves for the final examination for the B.Sc. Degree in Pure Science in the subjects of Mathematics and Natural Philosophy, may be candidates; and for the Bursary or Scholarship in English either Masters of Arts of this University who have taken the Degree of M.A. with Honours, or students presenting themselves for the final examination for the M.A. Degree with Honours in English, may be candidates.

But no student shall be eligible for the examination after the expiration of more than eight winter sessions from the time of his first entering a class qualifying for the M.A. Degree or the B.Sc. Degree.

3. The successful candidate shall undertake, during his tenure of the Bursary, to give such assistance in the teaching work of the University, and to follow such a course of study in the University, as the Senate may determine.

4. The subjects of examination each year shall be those which constitute the examination for Honours in one of the above-named Groups (the Group selected each year for examination to be publicly announced). The Senate reserve the right to withhold the Scholarship, should none of the Competitors reach the standard of attainment required of graduates in Arts with highest honours.

5. In the event of the examiners reporting in any year that no candidate has done sufficiently well in the subjects of that year to deserve the Scholarship, no appointment shall be made in that year; but it shall be in the power of the Senate to hold an examination for the same Scholarship, and in the same subjects, in the following year: provided that in that case the Scholarship shall be held for three years only and not for four, the surplus revenue being added to the capital of the fund. Should the same thing occur again, it shall be in the power of the Senate to appoint a Scholar for two

years only, or for one year only, the examination in each case being in the same subjects as when the Scholarship was first competed for. In the same manner, in the event of a vacancy occurring in the tenure of any of the Scholarships otherwise than by lapse of time, the Senate may make an appointment for the remainder of the term for which the Scholarship might have been held by the student vacating it, and after examination in the same subjects as those for proficiency in which the Scholar was originally appointed; but in no case shall the regular rotation of subjects as above provided for be disturbed. In the competition for Scholarships to be held for less than four years, no student shall be admitted to examination who would not be eligible, as above arranged, for a Scholarship to be held for four years. In the event of a candidate being appointed to a vacancy to be filled for less than four years, and being still eligible, under the usual regulations as above, to compete for the said Scholarship on the occasion of the next regular vacancy, he shall be qualified to compete just as if he had not previously held the Scholarship, but in no case shall any student be permitted to hold the Scholarship for more than four years in all.

6. It shall not be competent for the holders of these Bursaries to hold any other Bursary or Scholarship in this University.

7. It shall be in the power of the Senate to deprive any Bursar of his Bursary, in the event of his not complying, to their satisfaction, with any of the above regulations.

8. The Examiners shall be the same as the Examiners for the Degree of M.A. with Honours in each of the several departments, and for the Degree of B.Sc.

One of these Bursaries or Scholarships will be competed for, subject to the foregoing regulations, in October, 1910. It will be tenable for four years, and the examination will be in the second of the four groups above enumerated, viz., Mental Philosophy.

Candidates are requested to give in their names to the Assistant Clerk (Matriculation Office), not later than 2nd September.

Bursars—¹Archibald A. Bowman, M.A., 1906 (Mental Philosophy); John McWhan, M.A., 1907 (Math. and Nat. Phil.); William D. Taylor, M.A., 1908 (English); Bryce K. N. Wyllie, M.A., 1909 (Classics).

JOHN CLARK (MILE-END) SCHOLARSHIPS.—By the Deed of Constitution regulating the John Clark Bursaries (see page 348), the Founder, Mr. John Clark, also instituted Scholarships of £50 annual value, open for competition to all Protestant students of good moral character, sons or daughters of Protestant parents, and who have completed their curriculum in Arts in Glasgow University. The Scholarships are to be awarded to the candidates who stand highest

¹ Vacant through lapse of time.

at written examinations in the branches of learning appointed by the trustees, and are tenable for four years, subject to the condition that the Scholars give their undivided time and attention to the prosecution of their studies with a view to any of the learned professions, or, on approval of the trustees, any other profession or business they may prefer. The trustees have resolved that they will not, in ordinary circumstances, appoint to a Scholarship any one who holds a Scholarship of equal or greater value, and that no student shall be eligible for the examination after the expiry of more than eight winter sessions from the time of his first entering a qualifying class. Three Scholarships are offered for competition in October, 1910 (each tenable for four years), one in the Group of Semitic Language and Literature, one in the Group of English, and one in the Group of French and German.¹ The examination will be on the subjects prescribed for the Degree of M.A. with Honours in the respective Groups.

Names of candidates to be given in to the Assistant Clerk (Matriculation Office), and also to Mr. Kidston, 50 West Regent Street, Glasgow, on or before the 2nd September.

Scholars—²James Cumison, 1906 (Economic Science); ²William M. Ogilvy, 1906 (Classics); ²Harold C. Rowse, 1906 (Mental Philosophy); Margaret B. Moir, 1907 (Math. and Nat. Phil.); Samuel F. Hunter, 1907 (Semitic Languages); Margaret M. Gray, 1907 (English); Isabella M. Ross, 1908 (Modern Languages); David N. Strathie, 1908 (History); William Kennedy, 1908 (Economic Science); William C. Cameron, 1909 (Classics); George D. Henderson, 1909 (Mental Philosophy); Caleb A. Stewart, 1909 (Math. and Nat. Phil.).

JOSEPH COATS MEMORIAL SCHOLARSHIP.—Founded in 1900 by the friends of the late Professor Coats, as a memorial of his distinguished services to Pathological Science, and in recognition of the ability and enthusiasm which he devoted to advance the teaching of the subject in Glasgow. The Scholarship is for the encouragement of original research in Pathology, is awarded biennially, and is tenable for one year. The Committee of subscribers paid over to the University Court £1,200, to the free proceeds of which for the two preceding years the Scholar is entitled during his year of tenure. Candidates must be graduates in Medicine in the University of Glasgow of not more than three years' standing. The Scholarship will be awarded by the Senate on the results of a practical examination in Pathology, conducted by the Professor of Pathology with the assistance of two other

¹ Should no candidate attain a sufficiently high standard in the Honours Group of French and German the Scholarship will be awarded to the candidate who attains a sufficiently high standard in one of the Honours Groups marked (h) (i) (j) on page 234. The preferential order of the groups will be (h) (i) (j).

² Vacant through lapse of time.

members of the Faculty of Medicine to be appointed by the Senate in the beginning of October of every second year. The successful candidate must, for nine months following the award, prosecute research in Pathology within the Pathological Institute at the Western Infirmary, or in a Laboratory elsewhere approved of by the Faculty of Medicine, and shall not engage in Medical or Surgical practice during that period. The next appointment will be made in the beginning of session 1911-12.

Scholar—James W. McLeod, M.B., Ch.B., 1909.

ALEXANDER DONALDSON SCHOLARSHIP OR BURSARY. —Founded in 1881 by Will of the late Mr. Alexander Donaldson, iron merchant in Glasgow, who bequeathed to the Senatus of Glasgow University £1,000, to be administered by them as patrons for the endowment of a Scholarship or Bursary, at their discretion, in connection with the said University.

The following regulations were adopted by the Senate on 1st May, 1884 :—

1. The Scholarship shall be awarded to the candidate who, presenting himself for the first examination for the Degree of B.Sc. held in the month of April, shall stand highest in Chemistry.

2. The Scholarship shall be tenable for two years.

3. The second moiety of the second year's stipend shall be paid only after the Scholar has passed all the examinations for the Degree of B.Sc.

These regulations apply to students proceeding to the Degree of B.Sc. under the new regulations for that Degree.

The next appointment will be made after the B.Sc. examination in April, 1912, and the annual value will be £44.

Scholar—John A. Cranston, 1910.

ROBERT DONALDSON SCHOLARSHIPS.—Founded in 1887 by the trustees of the late Mr. Robert Donaldson, iron merchant, Glasgow, who left £2,000 to the Senate for two Scholarships for such scientific purposes as the trustees should approve. The following tentative scheme has been approved by the trustees :—

1. The income of the fund shall be devoted for two years alternately to Scholarships in Chemistry and Biology.

2. Each Scholarship shall be tenable for two years.

3. Students who have taken the Degree of B.Sc. in Glasgow University shall be eligible.

4. The appointment shall be made by the Senate on a report as to the merits of the candidate or candidates by the Professor of the subject.

5. The scholar appointed shall devote himself for two years in this University, or for one year in this University and the other in such place as the Senate may approve, to research in the subject in

which he has obtained the Scholarship. The holder of the Scholarship in Biology shall have the option of selecting Zoology or Botany as the subject of research.

6. The Senate are not bound to make an appointment unless the candidate is in their opinion qualified.

The appointment in November, 1910, will be in Biology, and the annual value will be £66.

Scholar—¹ Elizabeth F. Stevenson, M.A., B.Sc., 1908.

EGLINTON FELLOWSHIPS.—On the death of the Earl of Eglinton, formerly Rector of the University of Glasgow, a committee was formed to collect subscriptions for the purpose of commemorating in a suitable manner his virtues and public services; and, subscriptions having been received to the amount of £7,000, it was resolved by the subscribers, in 1862, to set apart £1,500 out of this sum as a Scholarship or Fellowship Fund in the University of Glasgow.

By the Trust Deed of date November 8th, 1865, the net yearly produce of the said sum (after deducting expenses) is to be appropriated to the support of one or more Fellowships, not exceeding three, to be competed for by the alumni of the College of Glasgow, and to be held for a period not exceeding four years, upon the following conditions, viz.: First,—The number of Fellowships, and the period during which the same are to be held, shall from time to time be fixed by the *Senatus Academicus* of the said University. Secondly,—The competition for the Fellowships shall be open only to deserving students who shall have taken the Degree of Master of Arts in that University at the term preceding the competition, and the Fellowships shall be awarded by the *Senatus Academicus* of the University to those students who have shown themselves in a public competition to have acquired the greatest amount of knowledge and proficiency in the branches of study embraced in the curriculum of Arts, and such branches of Natural Science as the Senate shall, from time to time, require. And, Thirdly,—The Examination for the Fellowships shall be under the direction of the *Senatus Academicus* of the University, who shall fix the subjects of examination, and the relative value of each subject in the competition, and appoint any of their own number, or other fit persons, to be Examinators, and make such regulations with relation to the said Fellowships, and the competition and examination therefor, as from time to time they may think fit.

The following are the regulations of the Eglinton Fellowships:—

1. The number of the Eglinton Fellowships shall be two (of about £65 per annum each), tenable for three years, subject to the approval of the Senate at the end of the first and second year.

¹ Vacant through lapse of time.

2. The competition for the Fellowship shall be open only to deserving students who shall have taken the Degree of Master of Arts in the University of Glasgow, at the term preceding the competition.¹

3. One of the Fellowships shall be open to competition in October, 1866, and thereafter triennially (1911); and the other in October, 1867, and thereafter triennially (1912).

4. The successful candidate shall undertake, during his tenure of the Fellowship, to follow such a course of study in the University, or to give such assistance in the teaching work of the University, as the Senate may determine.

5. The Examination for the Eglinton Fellowship to be competed for in October, 1890, and thereafter sexennially (1914), shall be in Classics; and the Examination for the Eglinton Fellowship to be competed for in 1893, and thereafter sexennially (1911), shall be in Mental Philosophy.

The subjects of examination in Classics and Mental Philosophy respectively shall be the same as those for the Degree of Master of Arts with Honours.

6. The Examination for the Eglinton Fellowship to be competed for in October, 1897, and thereafter sexennially (1915), shall be in Mathematics and Natural Philosophy; and the Examination for the Eglinton Fellowship to be competed for in October, 1900, and thereafter sexennially (1912), shall be in English (Language, Literature, and British History).

The subjects of examination in Mathematics and Natural Philosophy and in English respectively shall be the same as those for the Degree of Master of Arts with Honours.

7. The Eglinton Fellowship shall not be held along with the Snell Scholarship, or Breadalbane Scholarship, and the holder of the Luke Fellowship or of the Metcalfe Fellowship shall not be admitted to compete for the Eglinton Fellowship.

The next ordinary competition will take place in October, 1911, the subject of examination being Mental Philosophy.

Fellows—David Millar, 1908 (Classics); John A. Hodge, 1909 (Math. and Nat. Phil.).

WILLIAM EUING FELLOWSHIPS.—Founded in 1874 by Mr. William Euing, insurance broker, Glasgow, who by his Will bequeathed to the University, along with a library of rare and valuable books, the sum of £6,000 for the endowment of three Fellowships, each of the value of £80 per annum, and tenable for not more than five years.

¹*i.e.* Either at the ordinary graduation in April or June or at the supplementary graduation in November.

The Fellowships are open only to deserving students who have completed the regular curriculum in Arts, and taken the Degree of M.A. at this University, and are awarded after competition in the subjects of the Arts curriculum. The Fellows are required to reside in Glasgow for at least nine months in the year, and "to open private classes of limited numbers, for giving instruction to, and aiding students of the University—more especially during the vacation, or such part thereof as may be found expedient—in such studies as may be auxiliary to, or illustrative of, the course of lectures which such students may have attended, or be desirous of attending, and also to carry out the same purpose by a systematic course of private tuition."

One Fellowship is attached to the department of Classics, one to the department of Mathematics and Natural Philosophy, and one to the department of Mental Philosophy, including Logic, Moral Philosophy, and English Literature.

The Senate have issued the following regulations for the competition for these Fellowships:—

1. In the department of Classics there shall be one Fellowship competed for in October, 1875, and thereafter at intervals of four years (1911), the period for which the Classical Fellowship shall be ordinarily tenable.

2. In the department of Mental Philosophy one Fellowship shall be competed for in October, 1876, and thereafter at intervals of three years (1912), the period for which the Fellowship in the department of Mental Philosophy shall be ordinarily tenable.

3. In the department of Mathematics and Natural Philosophy one Fellowship shall be competed for in October, 1875, and a Fellow appointed for two years; the Mathematical Fellowship becoming vacant in October, 1877, shall be filled up for a period of three years, the period for which the Fellowship in this department shall be ordinarily held.

In the event of a candidate being appointed to a vacancy to be filled for less than four years in the department of Classics, or for less than three years in the department of Mental Philosophy, or of Mathematics and Natural Philosophy, and being still eligible, under the usual regulations as above, to compete for the said Fellowship on the occasion of the next regular vacancy, he shall be qualified to compete just as if he had not previously held the Fellowship, but in no case shall any student be permitted to hold the Fellowship for more than four years in all, or three years in all, respectively.

Fellows—David A. Shepherd, 1907 (Classics); Hector J. W. Hetherington, 1909 (Mental Philosophy); ¹John S. Anderson, 1909—for one year (Math. and Nat. Phil.).

¹ Vacant through lapse of time.

EXHIBITION (1851) SCIENCE RESEARCH SCHOLARSHIPS.—Her Majesty's Commissioners for the International Exhibition of 1851 have instituted Science Scholarships, each of the annual value of £150, and tenable for two years, subject to the scholar's first year's work being deemed satisfactory by the Scientific Committee of the Commissioners. The nomination to a Scholarship has been placed at the disposal of this University in each year since 1891, and it is anticipated that similar arrangements will be made in future years.

Candidates must be British subjects, and must have been students of Science in some approved institution or institutions for a period of three years, at least the third year of the period having been spent in this University. Capacity for original research tending to advance Science or its applications is required as the main qualification. The Scholarships may be held at any University in England or abroad, or in some other institution approved of by the Commissioners; and every scholar will, in the absence of special circumstances, be required to proceed to an institution other than that by which he is nominated. He must devote himself to some particular scientific work in connection with those branches of Science, such as Physics, Mechanics, and Chemistry, the extension of which is especially important to our national industries. A sum of £25 is reserved from the fourth half-yearly instalment, and paid by the Commissioners on receipt from the Scholar, after the expiration of his Scholarship term, of a satisfactory report of his study and research during the term.

When a nomination falls to be made in any year, due notice will be given to enable candidates to lodge their applications with the Clerk of Senate before the middle of March. Every application must be accompanied by a statement of the scientific study (including original research) in which the candidate has been engaged, and of the work to which he proposes to devote himself if appointed to the Scholarship.

Scholars—Andrew M'Millan, M.A., B.Sc., 1908; Alexander S. Russell, M.A., B.Sc., 1909; Arthur J. Berry, B.A., 1910.

FERGUSON SCHOLARSHIPS.—With a view to the encouragement of the higher learning in Scotland, the trustees of the late Mr. Ferguson, of Cairnbrock, out of his legacy of £50,000 for educational and other purposes, instituted in 1860 six Scholarships, each of the value of £80 per annum, to be held for two years, and to be called "The Ferguson Scholarships."

The examination of candidates for three of these Scholarships will be held in Glasgow, on Tuesday, 20th September next, and two following days. One of the Scholarships will be awarded for the greatest proficiency in Classics; one for the greatest proficiency in Mathematics, including Natural Philosophy; and one for the greatest proficiency in Mental Philosophy, including Logic, Psychology, Metaphysics, Moral Philosophy, and History of Philosophy.

Subjects for examination—

CLASSICAL SCHOLARSHIP.—Latin Prose Composition; Latin Translation; Greek Prose Composition; Greek Translation. General—(a) Critical; (b) Greek and Latin History; (c) Greek and Latin Literature. Verse Composition, either in Greek or Latin; or an original Latin Essay on some subject connected with Ancient History, Literature, or Life.

MATHEMATICAL SCHOLARSHIP.—*Mathematics*.—Euclid's Elements. Modern Geometry. Algebra, including Determinants, Finite Differences, and Theory of Equations. Trigonometry, Plane and Spherical. Analytical Geometry, in two and three dimensions. Differential and Integral Calculus, and Differential Equations.

Natural Philosophy.—Abstract Dynamics (commonly called Mechanics), including Kinematics and Statics and Kinetics of Solids and Fluids. Acoustics, Heat, Light, Magnetism and Electricity, treated both mathematically and experimentally.

Candidates will be allowed a choice of questions, and may obtain full marks by showing good general knowledge and an intimate acquaintance with any branches they may have specially studied.

PHILOSOPHICAL SCHOLARSHIP.—*Logic*.—Province and History of Logic. Notions, Judgments, and Inferences. Recent developments of Formal Logic. Fallacies. Theory and Methods of Scientific and of Historical Proof.

Psychology and Metaphysics.—The Phenomena and Laws of Mental Life and of its Development. Theory of Knowledge. Theory of Reality.

Moral Philosophy.—Psychology and Metaphysics of Ethics. Relations of Ethics to Law, Politics, and Economics. Applied Ethics.

History of Philosophy.—History and Critical Analysis of Ancient and Modern Systems of Philosophy.

The competition will be open to all persons who have passed the Examinations required for the Degree of Master of Arts in one of the Universities of Scotland (whether taking the Degree at the same time or not), provided that, at the time of the competition, not more than six years have elapsed since the date of their first entering a class qualifying for the M.A. Degree, and who have not already gained one of these Scholarships.

The Examinations will be conducted in writing, and the Scholarships awarded on the report of the Examiners as to the merit of the Candidates, but the minimum of 60 per cent. of the possible marks must be reached in order to entitle to a Scholarship.

The Scholarships, of £80 each per annum, are tenable for two years, subject to fulfilment of the following rule of the trustees:—

“Persons gaining the Scholarships will be expected, during the tenure thereof, to prosecute studies in furtherance of the higher learning; and those who have not graduated shall be required to do so before the last payment is made.”

Certificates will be granted to such of the unsuccessful competitors as, in the opinion of the Examiners, shall have taken a distinguished position in the Examinations.

Candidates are requested to give in their names, personally or by letter, at the office of THE FERGUSON BEQUEST FUND, 94 Bath Street, Glasgow, before 1st September, 1910, and due intimation will be sent to those enrolled as to the place and hours of Examination.

The following Students of the University of Glasgow have obtained Ferguson Scholarships :—

1868, James Smith, Mathematical ; 1869, Archibald B. Cameron, Philosophical ; 1870, John Cross, Classical ; 1870, James Orr, Philosophical ; 1872, Wm. W. Waddell, Classical ; 1873, Thomas H. Miller, Mathematical ; 1874, William Patrick, Philosophical ; 1875, William Y. King, Classical ; 1878, John M'A. Dodds, Mathematical ; 1878, Thomas B. Kilpatrick, Philosophical ; 1882, Robert F. Muirhead, Mathematical ; 1883, James A. M'Callum, Philosophical ; 1886, James Buchanan, Mathematical ; 1886, Andrew F. Smith, Philosophical ; 1888, Ernest F. Scott, Classical ; 1889, Evan Keri Evans, M.A., Philosophical ; 1890, Abraham Levine, M.A., Mathematical ; 1891, James Holm, M.A., Mathematical ; 1893, Horatio S. Carslaw, M.A., Mathematical ; 1897, William Boyd, M.A., Philosophical ; 1898, George D. Valentine, M.A., Mathematical ; 1899, Robert D. Bell, M.A., Classical ; 1900, David K. Picken, M.A., Mathematical ; 1901, David M. Stewart, M.A., Mathematical ; 1901, Alexander D. Lindsay, M.A., Philosophical ; 1902, Francis P. H. Stirling, M.A., Mathematical ; 1905, John Waugh Scott, M.A., Philosophical ; 1906, John Rankine Brown, M.A., Classical ; 1906, Archibald Allan Bowman, M.A., Philosophical ; 1907, Thomas M. MacRobert, M.A., Mathematical ; 1908, Hugh A. Reyburn, M.A., and Leonard J. Russell, M.A., equal, Philosophical.

Present Holders of the Scholarships.—Lionel S. Charles, M.A., of St. Andrews University, Classics, 1908 ; Alexander B. Grieve, M.A., of Edinburgh University, Mathematics, 1908 ; Hugh A. Reyburn, M.A., and Leonard J. Russell, M.A., both of Glasgow University, equal, Mental Philosophy, 1908 ; Herbert J. M. Milne, M.A., of Aberdeen University, Classics, 1909 ; James Taylor Lawrence, M.A., of Aberdeen University, Mathematics, 1909 ; Richard Smith, M.A., of St. Andrews University, Mental Philosophy, 1909.

FOULIS MEMORIAL SCHOLARSHIP.—This Scholarship was founded in 1882 in memory of the late David Foulis, M.D., Glasgow, who had distinguished himself in Pathology and Surgery, and died at the age of 35 years. It is to be awarded as often as the accumulated income from the invested funds amounts to £50. It is tenable by a graduate or licentiate whose professional education has, to the extent of not less than two years, been received at the University or

one of the extra-mural schools of Glasgow ; and who shall, in the opinion of the trustees, have manifested a capacity for original work in the department of Pathology. The purpose of the Scholarship is to assist in the prosecution of such work in one of the Medical Schools in or furth of Scotland, approved of by the trustees ; and the trustees have power to determine whether it should be awarded by competition or otherwise.

The trustees are the Professor of Practice of Medicine in the University, the President and Visitor of the Royal Faculty of Physicians and Surgeons of Glasgow, and the Pathologists of the Western and Royal Infirmaries. Further particulars may be obtained from Messrs. J. M. Taylor, Nelson, Walker & Co., 180 St. Vincent Street, Glasgow. (Vacant. Names to be entered before 15th Sept.)

Scholars—Leonard Findlay, M.D., 1908 ; Alexander C. Russell, M.B., 1908.

THE GROCERS' COMPANY'S SCHOLARSHIPS.—The Grocers' Company of London, with the object of encouraging Original Research in Sanitary Science, offer annually to British subjects, under thirty-five years of age, two Scholarships, each of £300 a year, with an allowance to meet the cost of apparatus and other expenses in connection with the work, tenable for one year from the first day of June, and renewable for a further period of one year or of two years. Candidates are required to state the nature of the research proposed, and no subject which does not come, broadly speaking, under the category of an inquiry into the Causation of Prevalent Disease or as to Means of Prevention of Premature Death will be considered eligible. When a vacancy occurs applications should be sent in before the first day of April to the Clerk of the Grocers' Company, Grocers' Hall, London, E.C., from whom a form of application and further information may be obtained.

WILLIAM HOULDSWORTH RESEARCH STUDENTSHIP.—In March, 1898, the late William Houldsworth, merchant in Glasgow, in recognition of the distinguished services of his friend, Lord Kelvin, to the cause of scientific research, made over to the University the sum of £5000 invested in Great Eastern Railway Four per cent. Debenture Stock, to provide a Research Studentship in connection with the Faculty of Science. Candidates must be students of at least two years' standing in the University of Glasgow. The studentship is tenable for two years, and the holder must prosecute his work with diligence and regularity so as to receive from the Professor of Natural Philosophy a certificate of creditable success. A proportion, viz., four-fifths, of the annual income is payable without deduction to the Research Student for personal expenses, and the remaining fifth part, after meeting the expenses of administration, is applied in payment of laboratory expenses and materials in con-

nection with the Research Student's work, and in payment of his matriculation fees and of the fees for such Science Classes, if any, at the University as he may attend with the approval of the Senate. The said one-fifth part of the income must be expended at the sight and to the satisfaction of the Professor of Natural Philosophy or upon orders granted by him, and the Research Student is required to furnish the Professor with a statement showing the sums so expended in each session, and also during his tenure of the Studentship. Any surplus remaining over shall be added to the principal of the fund. In the event of the Studentship falling vacant otherwise than by lapse of time, the Senate may immediately make another appointment for a period not exceeding two years, and in the event of the Senate considering it not advisable at any time to make an appointment on the occurrence either of a casual vacancy or of a vacancy in regular course, the same may be deferred, and the income thus left unused shall be added to the principal of the fund.

When a vacancy occurs, the applications of candidates must set forth the particulars required by Ordinance No. 61, Section III. See page 180.

Research Student—Robert C. Gray, 1909.

LLOYD'S REGISTER SCHOLARSHIP.—In 1889 the General Committee of Lloyd's Register of British and Foreign Shipping intimated their intention of establishing a Scholarship of the yearly value of £50, tenable for three years by students of Naval Architecture in this University. In 1893 two additional Scholarships, each of the same value and tenure of the first, were announced. They are open to competition to candidates whose age does not exceed 23 years. Each candidate must produce satisfactory evidence that £50 a year would enable him to pursue his studies, and that he would be unable to do so unless this aid were afforded. The subjects of examination are the following:—Euclid, Books I. II. III. IV. VI. and XI.; Algebra, including Quadratic Equations, the three Progressions, and Binomial Theorem; Plane Trigonometry, with use of Logarithms; Elements of Statics, Dynamics, and Hydrostatics; Practical Shipbuilding; Mechanical Problems. A preference will be given to a candidate who possesses a thorough grammatical knowledge of English and of either French or German, although he may be somewhat deficient in the other subjects prescribed (see page 468). One Scholarship will be open to competition in September, 1910. Names of Candidates to be sent to the Assistant Clerk (Matriculation Office) on or before 23rd August, 1910.

Scholars—¹ Frederick W. Powell, 1907; William Bennett, 1908; John H. Sowden, 1909.

¹ Vacant through lapse of time.

PATRICK A. LOWSON MEMORIAL SCHOLARSHIP—1873.—Capital Funds, £2,100. The Scholarship is tenable for two years, and is worth, subject to certain conditions, not less than £60 per annum, and is at present £70 per annum. Candidates must have attended three years, not necessarily consecutive, at a school or schools in Dundee or Broughty Ferry, and may have attended, for not more than one session, any University or College in the United Kingdom. Trustees, the Parish Minister of Dundee, the Lord Provost of Dundee, the President of the Chamber of Commerce (*ex officio*), and William Lowson, J. G. F. Lowson, J. C. Buist, Robert B. Don, George K. Smith, Charles G. Gourlay, and Archibald W. Sturrock. Factor, Robert Morton, Savings Bank, 2 Euclid Street, Dundee.

Scholar—¹ Daniel Stalker (at Edinburgh University), 1908.

LUKE FELLOWSHIP.—In 1863, the late William Luke, Esq., of Edinburgh, bequeathed to the University of Glasgow the sum of £3,000 sterling, “to perpetuate the memory of his nephew George Rankin Luke” (formerly a highly distinguished student of this University, and afterwards student of Christ Church, Oxford), “in such a manner as his esteemed friend, Professor Nichol, may consider most beneficial.” Professor Nichol exercised the discretionary power thus conferred on him by directing that the sum bequeathed should be applied to the founding of a Luke Fellowship. The following are the regulations:—

1. There shall be a single Luke Fellowship (of about £95 per annum), tenable for three years, subject to the approval of the Senate at the end of the first and second years.

2. The Luke Fellowship shall be awarded on examination on English Literature, and on prescribed periods in History.

3. The Luke Fellowship shall be open to competition in October, 1868, and thereafter triennially.

4. Competitors for the Luke Fellowship must be Masters of Arts of this University, of not more than three years' standing; provided always that students graduating at the supplementary graduation in November of any year shall, for all purposes, be held to have graduated at the ordinary graduation in the April immediately preceding.

5. The Luke Fellowship shall not be held along with the Snell Scholarship, the Clark Scholarship, the Eglinton Fellowship, or the Euing Fellowship.

6. Students who have competed at one Luke Fellowship Examination shall not be admitted to another, nor shall the holder of the Eglinton Fellowship; but in the event of a candidate's being appointed to a vacancy to be filled for less than three years, and being still eligible, under the usual regulations as above, to compete for

¹ Vacant through lapse of time.

the Luke Fellowship on the occasion of the next regular vacancy, he shall be qualified to compete just as if he had not previously held the Fellowship, but in no case shall any student be permitted to hold the Fellowship for more than three years in all.

Ordinance No. 100 of the Universities Commission (1889) prescribes that the provisions of Ordinance No. 57 shall apply to the Luke Fellowship, but provides that it shall not be a condition of tenure of the Fellowship that the holder shall give assistance in teaching the class of English Literature.

The next competition for the Luke Fellowship will take place in October, 1910, the subjects being those for Honours in English (Language, Literature, and British History).

Fellow—¹John B. Black, 1907.

M'CUNN MEDICAL RESEARCH SCHOLARSHIPS.—These Scholarships were instituted in 1904 by the Trustees of Mr. William M'Cunn, of Landour, Largs, who died on 29th July, 1896. They are four in number, each of the annual value of £100, and tenable for one year, subject to reappointment for another year in the discretion of the Trustees. They are open to Graduates in Medicine of a Scottish University, provided that not more than three and a half years shall have elapsed since the candidate has taken his or her degree. The subjects are eight in number, divided into two groups, viz.: Group A.—Medicine, Surgery, Pathology, Bacteriology. Group B.—Therapeutics, Public Health, Physiology, Physiological Chemistry. In 1905 scholarships were to be awarded for the encouragement of original research in one or more of the four subjects in Group B; and in 1906 four or less if reappointments are made as above mentioned were to be awarded in like manner in Group A. A candidate must be nominated by a Professor or Lecturer in a Scottish University, or by a Teacher in Scotland recognised for the purpose of Graduation in Medicine by a Scottish University. Nominations must be lodged with the Secretaries of the Trust on or before the first day of September, and candidates shall undergo a written examination to be held in Glasgow in the month of October. The scholars shall be appointed by the Trustees, and shall during the year of tenure prosecute research in one or more of the subjects for that year in such institutions, either at home or abroad, as may be approved by the Trustees. For further information and for nomination forms apply by letter to Messrs. M'Innes, Mackenzie, and Lochhead, the Secretaries of the Trustees, 7 Gilmour Street, Paisley. (Several vacancies.)

Scholars—William H. Duncan, M.A., M.B., Ch.B., Glasgow; Thomas S. M'Intosh, M.B., Ch.B., Edinburgh; Williamina Abel, M.D., Ch.B., Aberdeen; Hyacinth B. W. Morgan M.B., Ch.B., Glasgow; Gertrude D. Bostock, B.Sc., M.B., Ch.B., Glasgow.

¹ Vacant through lapse of time.

MACKAY SMITH SCHOLARSHIPS.—One in Natural Philosophy, the other in Chemistry, each of the annual value of £48, and tenable for two years in the Universities of Edinburgh and Glasgow alternately. During sessions 1882-83 and 1883-84 they were held in the University of Edinburgh, and during sessions 1884-85 and 1885-86 in the University of Glasgow. The next examination in Glasgow University will take place at the close of 1912-13. Candidates must have already attended, or must be then attending the class of Natural Philosophy or Chemistry respectively. The Scholarship in Chemistry will be awarded on an examination held at the same time and of the same scope as the Final Science Examination in that subject for the Degree of B.Sc. in Pure Science, and the Scholarship in Natural Philosophy on an examination held at the same time and of the same scope as the examination in that subject for the degree of M.A. with Honours.

Scholars.—Alexander S. Russell, M.A., 1909 (Chemistry); Thomas H. Black, 1909 (Nat. Phil.).

MACKINNON SCHOLARSHIP.—By the will of the late Sir William Alexander Mackinnon, K.C.B., LL.D., Surgeon-General of Her Majesty's Army and Director-General of the Army Medical Staff, a sum of £2000, less legacy duty, was bequeathed to this University for the foundation of a Scholarship. The Scholarship of the present yearly value of £60 is to be awarded to the person who shall in each year show the greatest proficiency in a competitive examination in (1) Geology, (2) Natural History (with Comparative Anatomy), and (3) Modern Foreign Languages, the examination in each subject to be held every third year. The subjects are to be taken in rotation, commencing in such order as the University authorities shall determine. In the event of the Scholarship not being awarded in any year, the amount of the Scholarship with any accumulations shall be added to the amount to form the Scholarship in the same subject on the recurrence of the examination therein.

The following are the regulations :

1. The rotation of subjects shall be as follows :—Modern Foreign Languages at the Autumn Degree Examination, 1903 ; Natural History (with Comparative Anatomy) in Autumn, 1904 ; and Geology in Autumn, 1905, and so on thereafter.

2. The examination in Modern Foreign Languages shall be the same and shall be held at the same time as the examination for Degrees in Arts with Honours in Modern Languages.

3. The examinations in Natural History (with Comparative Anatomy) and in Geology shall be the same and held at the same

time as the Final Science Examination in these subjects for the Degree of B.Sc., provided that the examination in each subject shall be of the full scope and standard of a Principal Subject.

4. The holder of the Scholarship in one year shall be eligible for reappointment the next year, provided he is found qualified on examination in the subject for that year; provided also that no candidate shall hold the Scholarship more than once in any subject.

5. The order of merit shall be fixed by the examiners at each examination, but no appointment in the Science subjects shall be made unless the candidate highest on the list shall have obtained at least 65 per cent. of the attainable marks.

6. Should the Mackinnon Scholarship in Geology fall vacant at the same time as the Baxter Demonstratorship, the two appointments may be held concurrently.

Subject to these regulations, an appointment falls to be made after the examinations in October, 1910, to the Scholarship in Natural History (with Comparative Anatomy).

Scholar—Mary Thomson (Modern Foreign Languages), 1909.

METCALFE FELLOWSHIP.—Founded by the late Miss Sarah Metcalfe, Glasgow. (See under Metcalfe Bursaries, p. 389.)

The following are the regulations of the Metcalfe Fellowship :—

1. There shall be a Fellowship on the Metcalfe Foundation of the annual value of £120, tenable for three years, to be competed for in October, 1872, and thereafter triennially (1911).

2. Candidates must be Masters of Arts with Honours in the Group of Mathematics and Natural Philosophy, of not more than three years' standing, provided always that students graduating at the supplementary graduation in November of any year shall for all purposes be held to have graduated at the ordinary graduation in the April immediately preceding.

3. The examination shall be the examination for the Degree of Master of Arts with Honours in the Group of Mathematics and Natural Philosophy.

4. The Fellowship shall be held subject to the condition of pursuing in the University of Glasgow a course of study in such of the following subjects—viz., Higher Mathematics, Astronomy, Civil Engineering, and Chemistry—as the Senate shall in each case prescribe.

5. The Metcalfe Fellowship shall not be held along with the Eglinton Fellowship, the Snell Scholarship, or the Breadalbane

Scholarship; and the holder of the Eglington Fellowship shall not be allowed to compete for the Metcalfe Fellowship; but in the event of a candidate being appointed to a vacancy to be filled for less than three years, and being still eligible, under the usual regulations as above, to compete for the said Fellowship on the occasion of the next regular vacancy, he shall be qualified to compete just as if he had not previously held the Fellowship, but in no case shall any student be permitted to hold the Fellowship for more than three years in all.

Fellow—Alexander S. Small, M.A., B.Sc., 1908.

MINING SCHOLARSHIPS. The Institution of Mining and Metallurgy, Salisbury House, London, offers annually two Scholarships of £50 each to Graduates under 25 years of age to assist them in taking a practical course in Mines or Works at home or abroad. For particulars apply to the Clerk of Senate or to Professor Latham.

NEWLANDS SCHOLARSHIPS. In 1908 the Right Honourable James Henry Cecil Hozier, second Baron Newlands of Newlands and Barrowfield, and of Mauldslee Castle, Carlisle, Honorary Fellow of Balliol College, Oxford, by Deed of Gift made over to the University of Glasgow £10,000 of Glasgow Corporation Three and a half per cent. Irredeemable Stock for the endowment of four Newlands Scholarships. Lord Newlands founded these Scholarships for the purpose of improving the connection between Glasgow University and Balliol College, and also as some recognition of the great services rendered to Education by his life-long friend, George Gilbert Ramsay, LL.D., Professor of Humanity in this University from 1863 to 1906. The Deed provides *inter alia* that so long as only one Snell Exhibitioner is appointed in each year each Exhibitioner shall also be a Newlands Scholar, and shall receive annually during four years, in addition to £100 from the Snell Fund, a sum of £80 or thereby from the Newlands Fund. The founder also made arrangements whereby the Snell Exhibitioners who were resident at Balliol at the date of his gift were constituted the first Newlands Scholars, and annual provision was made for them on the same scale during the remaining period of their respective tenures. The Newlands Scholars are bound to fulfil the conditions attached to the Snell Exhibitions, and in particular during the tenure of the Scholarships to give such residence in connection with Balliol College as is required by the Authorities of that College.

Scholars—John H. Maxwell, Robert Gibson, Herbert J. Paton, 1908; Hugh F. Martin, 1909; James B. Hutton, 1910.

REID STEWART FELLOWSHIP.—Mr. James Reid Stewart, Ironmaster, Glasgow, who died on 8th August, 1896, directed his Trustees to pay a legacy of £2000, under deduction of legacy duty, to the Senate, the free income of which (about £60) is to be applied in and towards a Fellowship to be called the Reid Stewart Fellowship.

The following are the regulations :—

1. Candidates must be Masters of Arts who have taken the Degree of M.A. with Honours in either the Group of History or the Group of Economic Science, or be students presenting themselves for the final examination for the M.A. Degree with Honours in either of these Groups. The Fellowship shall alternate between History and Economic Science, beginning with History and giving three years to each.

But no student shall be admitted to the examination after the expiry of more than three winter sessions from the time of his completing the course necessary for the Degree of M.A. with Honours in either of these Groups.

2. The papers set in the examination shall be the same as the papers set for Honours in these Groups at the October examinations for Degrees in Arts, and the Examiners shall be the Examiners for the Degree of M.A. with Honours in these Groups. The Fellowship will be awarded for excellence in one Group, but not in both.

3. The Fellowship shall be tenable for three years, subject to the condition that the holder give his time and attention to the prosecution of his studies with a view to one of the learned professions or to such professional or business avocation as may be approved of by the Senate.

4. In the event of a vacancy occurring otherwise than by lapse of time, it shall be in the power of the Senate to appoint, after competition under the same conditions as above, either for the unexpired period of the vacated Fellowship or for the full period of three years. If the Fellowship is offered for a period of less than three years, the conditions of competition and tenure shall be the same as those stated above, provided that no student shall be excluded from the competition who was eligible when the Fellowship was last offered for three years.¹

5. In the event of the Examiners reporting in any year that no candidate has done sufficiently well to deserve the Fellowship, no appointment shall be made on that occasion, but the Fellowship shall be offered for competition in the following year under the same conditions as in the case of a vacancy occurring otherwise than by lapse of time.

¹ In Economic Science, tenable for one year—see p. 465.

6. It shall not be competent for the holder of the Reid Stewart Fellowship to hold any other Bursary, Scholarship, or Fellowship in this University, without the special leave of the Senate.

The next competition will take place in October, 1911, and the examination will be the examination for Honours in the Group of History.

Fellow—Elton L. Gueritz, M.A., 1908.

ROBERT W. ROBERTSON SCHOLARSHIP (*Law*).—Founded by the late Robert William Robertson of Glenshellish, who bequeathed to the University a sum of £1000 sterling for that purpose. The following are the regulations :

1. The Scholarship shall be awarded by the Senate annually in the month of April (except as hereinafter provided) to the Graduate in Law who, having taken the Degree of LL.B. at the autumn or spring Graduation immediately preceding the date of award, has obtained the highest aggregate of marks in the Degree Examinations.

2. No graduate shall be disqualified by his having obtained another Scholarship or Bursary or Prize in the Faculty of Law.

3. In cases of equality in the aggregate of marks, graduates bearing the name of Robertson shall have a preference, and failing this preference the Scholarship shall be divided.

4. If in any year the Faculty of Law report to the Senate that no graduate has attained a sufficiently high standard of merit, the Scholarship shall not be awarded, and the amount of the Scholarship for that year shall be added to the Capital fund.

SANDFORD SCHOLARSHIP.—Founded in 1862 (by the investment of a sum of £520, raised by subscription), in memory of Sir Daniel K. Sandford, the eminent Professor of Greek in this University, who died in 1838. It is tenable for two years, and is awarded to the student who, on examination, gives proof of the greatest proficiency in the Greek language. Value about £20 per annum.

The examination of candidates for this Scholarship takes place every alternate year in the month of April (1912), and is open to all matriculated students (not Masters of Arts) who have attended the Public Greek Classes for not less than two sessions.

The subjects of examination are selected from the following authors :—Homer, 12 books ; Herodotus, 4 books ; Sophocles, 3 plays ; Thucydides, 4 books ; Æschylus, 3 plays ; Demosthenes, one or more orations ; Aristophanes, 3 plays ; Xenophon's *Memorabilia* ; Pindar ; Plato, one or more dialogues.

Candidates are examined on not more than four of the above-mentioned authors (of which Homer is always one)—two in prose and two in verse; and the subjects for each examination are given out by the examiners at the end of the session previous to that in which the examination takes place. Candidates are also examined on Translations from Greek into English, with Criticisms, and Translations, in prose and verse, from English into Greek.

The subjects for April, 1912, will be:—Homer, *Odyssey*, xiii.—xxiv.; Pindar, *Epinician Odes*; Herodotus, vi.—ix.; Demosthenes, *de Corona*; Unseen Translation; Prose Composition, and (if any candidate desire it) Iambic Verse.

Scholar—Archibald N. M'Alpine and Wm. C. H. Neill (equal), 1910.

(SIR WALTER) SCOTT SCHOLARSHIP.—(See under head "Scott Bursaries," p. 401).—This Scholarship, in value £80 per annum, is open for competition to Masters of Arts in the University of Glasgow of not more than three years' standing, having graduated with Honours in Classics or in Mental Philosophy, or to students who, at the time of competition, are presenting themselves for the final examination in the said University for the M.A. Degree with Honours in Classics or in Mental Philosophy. The examination to be in Classics, Mental Philosophy, and English Literature, which may include History. The Scholarship is tenable for two years, and the holder is required to follow such a course of study in the University of Glasgow, or give such assistance in the teaching work of the University as the Senatus Academicus may determine. The Scott Scholarship is not to be held along with any other Scholarship, Fellowship, or Bursary of the University of Glasgow. "The subjects of examination for the said Scholarship shall be, with the addition after-mentioned, Classics, or Mental Philosophy, or both of these, the special subjects being those for the examination for the M.A. Degree with Honours in the given department or departments for the year, and in addition to the examination above-mentioned the competitors for the said Scholarship shall undergo an examination in English Literature of a higher kind than that required for an ordinary pass." The Scholarship will be open to competition in October, 1910. The examination will be in Classics and in English Literature (not Language) from Chaucer downwards.

Scholar—¹ Hugh A. Reyburn, 1908.

SHAW PHILOSOPHICAL FELLOWSHIP.—This Fellowship was founded by subscription in 1867, in the University of Edinburgh, in memory of Sir J. Shaw, Bart., who was born at Mosshead, in the Parish of

¹ Vacant through lapse of time.

Riccarton, and County of Ayr, in 1761, was elected Lord Mayor of London in 1805, and M.P. for the same city in 1806, and after a long and distinguished career, died in London in 1843; and is open to the competition of the Graduates in Arts of any of the Scottish Universities. The Fellowship consists of the free proceeds of the sum of £4,100 mortified to the Senatus Academicus of the University of Edinburgh under the following conditions, namely :—

1. The said Fellowship shall bear the name of “THE SHAW PHILOSOPHICAL FELLOWSHIP,” in memory of the said Sir James Shaw, Baronet.

2. The Patronage of the said Shaw Philosophical Fellowship shall belong to the said Senatus Academicus, and shall be exercised by them, subject to the conditions herein contained, for the encouragement of the study of Logic, Metaphysics, Psychology, Moral Philosophy, and the History of Philosophy.

3. The Fellowship shall be awarded by competitive examination¹ in the subjects of Logic, Metaphysics, Psychology, Moral Philosophy, and the History of Philosophy.

4. The Fellowship shall, on each occasion of an appointment thereto, be open to the competition of Graduates in Arts of the Scottish Universities—that is to say, the University of Edinburgh, the University of Glasgow, the University of Aberdeen, and the University of St. Andrews, of not more than five years’ standing at the time of the competition, and of all students of the said Scottish Universities who, although they have not graduated in Arts, shall yet have successfully passed the last of the examinations necessary for such graduation in Arts, within the period of five years before the time of the competition; and the said Senatus of the University of Edinburgh, with consent of the Senates of the other Scottish Universities aforesaid, or of a majority of them, and with the concurrence of the University Court of the University of Edinburgh, shall have power either to increase or to reduce the number of years of standing as graduates, or as students who have passed all the examinations necessary for graduation, as above fixed, for competitors for the Fellowship.

5. The Fellowship shall be tenable for five years only, but the said Senatus Academicus of the University of Edinburgh shall have power, with consent of the Senates of the other Scottish Universities aforesaid, or of a majority of them, and with the concurrence of the University Court of the said University of Edinburgh, to extend, with reference to all holders of the Fellowship, the term of tenure to any period of years not exceeding ten, if, in the course of time, it

¹ See *Edinburgh University Calendar*.

shall appear to them desirable to do so, from an increase in the number of foundations of a similar kind in the University of Edinburgh, or in the other Scottish Universities, or other sufficient reason.

6. The competitive examination for the said Fellowship shall, except in the case below provided for, be conducted by two Examiners, to be appointed in the manner following—to wit, one of the Examiners shall be appointed by the Senatus Academicus of the University of Edinburgh, either from among the members of the said Senatus or others, as they may think proper, and the other Examiner shall be appointed by the Senatus Academicus of one of the other Scottish Universities in rotation.

7. The said Examiners, so appointed, shall report their opinion of the result of the examination to the Senatus Academicus of the University of Edinburgh, who shall, as patrons of the said Fellowship, appoint thereto the candidate who appears by the report to be best qualified by proficiency in the subjects of Logic, Metaphysics, Psychology, Moral Philosophy, and the History of Philosophy, provided that, as required by the clause next following, such best qualified candidate shall, in the opinion of both the Examiners, have manifested a sufficiently high degree of proficiency to merit the Fellowship.

9. Each holder of the said Fellowship shall, during his tenure thereof, be entitled to receive the annual proceeds of Four Thousand One Hundred Pounds, and of any addition of the said sum which may hereafter be made thereto, as after-mentioned, after deducting all reasonable expenses, including the payment of remuneration to the Examiners appointed as aforesaid.

12. It shall not be competent for any person to hold the said Fellowship along with any other Fellowship, Scholarship, or Bursary, in any Scottish University, or appropriated to the students of any Scottish University or Universities.

17. It shall be in the power of the Senatus Academicus of the University of Edinburgh to require the holder of the Shaw Philosophical Fellowship during the fourth or fifth year of his tenure of it, to deliver in the University of Edinburgh a Course of Lectures, not exceeding four, on any of the subjects for the encouragement of the study of which the Fellowship has been founded; and notice shall be given to the holder of the Fellowship twelve months previously to the time fixed for the delivery of the said Lectures that he is required to deliver them; but the said Senatus, with consent of the University Court of the University of Edinburgh, shall have power to alter the number of Lectures, if it shall be found desirable to do so.

SNELL EXHIBITIONS. In the year 1677, Mr. John Snell of Uffeton, in the County of Warwick, a native of Scotland, and formerly student in this University, devised to trustees a considerable estate near Leamington, in Warwickshire, for educating Scottish students at Oxford.

The Exhibitioners are now elected under a scheme settled in the Court of Chancery in 1872. By an agreement¹ made under the provisions of that scheme between the Master and Fellows of Balliol College, Oxford, and the Principal and Professors of Glasgow College, of date 30th July, 1907, the following regulations were sanctioned :

1. The value of the Snell Exhibitions shall be £80 a year.

2. They shall be held, as heretofore, for five years, but the whole sum of £400 will be paid to each Exhibitioner during the first four years of his tenure in equal annual sums, provided that a moiety of the last annual payment may be kept back, if the authorities of Balliol College think fit, until the Exhibitioner shall have taken his Degree.

To raise the annual payment to each Exhibitioner to £180 or thereby, Lord Newlands founded in Glasgow University the Newlands Scholarships—see p. 432.

Candidates must have been born in Scotland, or must be sons of fathers born in Scotland, and must “have resided”² as Undergraduate Students for two years at least in Glasgow College, or for one year in that College and two at least in some other College in Scotland.” “No candidate shall be admitted to examination who shall be a member of the University of Oxford of more than one year’s standing from the day of his matriculation inclusive; and no candidate shall be admitted to examination more than once after he shall have completed his 23rd year; but a candidate otherwise qualified shall not be excluded from examination on the ground that he is a graduate of any Scotch University.”

Candidates are expected to inscribe their names in a book kept at the Clerk of Senate’s Office for the purpose, not later than 1st November, 1910. The next examination will be held in December, 1910, on days and hours to be fixed hereafter.

The subjects of examination are as follows :

IN LATIN, GREEK, LOGIC, MORAL PHILOSOPHY, AND HISTORY.—The subjects of examination for the Degree of M.A. with Honours.

¹ For details of previous agreements see *University Calendar* for session 1907-8, pp. 410, 411.

² By Resolution of date December 13th, 1866, the Senate determined that “Residence” shall, for the purpose of the Snell Trust, be constituted by regular attendance as a public student for the complete winter session on not less than two of the classes in the curriculum for the Degree of Arts.

IN NATURAL PHILOSOPHY AND MATHEMATICS. The subjects of examination for the Ordinary Degree of M.A., and higher subjects which any candidate may express a wish to be examined in.

Candidates are requested to take notice that they are not required to attend the examination in more than one of the four groups, viz.: Classics, Mental Philosophy, Mathematics and Natural Philosophy, and History; that a candidate may be appointed for decided excellence in any one department alone; and if such excellence in some one of the departments be not displayed by three of the candidates, the Senate will either appoint a candidate who has shown sufficient proficiency in several departments, or will abstain from making any appointment. All candidates, however, will be required to write an English Essay on a subject prescribed at the time. Candidates who do not offer Classics will be required to show such a knowledge of Latin and Greek as to prove their ability to pass Responsions at Oxford.

Exhibitioners—John H. Maxwell, 1906; Robert Gibson, 1907; Herbert J. Paton, 1908; Hugh Forgan Martin, 1909; James B. Hutton, 1910.

THOMSON EXPERIMENTAL SCHOLARSHIPS.—Three Scholarships, in value about £20 each, for the promotion of Experimental Research, founded by Sir William Thomson (afterwards Lord Kelvin), LL.D., D.C.L., Professor of Natural Philosophy in the University, by letter to the Principal of date September 6th, 1869, in which, after referring to “the liberal and friendly spirit which had been shown him by his colleagues in respect to his connection with telegraphic enterprise,” and the “facilities for experimenting which the College had afforded him,” he states that “he wished to mark his sense of these benefits by setting aside something of what he had received to assist in promoting the cultivation of experimental investigation in Glasgow University,” and for this purpose offered for the acceptance of the Senate the sum of £1,000.

The scholars are appointed by the Senate on the recommendation of the Professor of Natural Philosophy from among students who have previously shown their zeal and ability in Experimental Investigations in the Physical Laboratory, and they are required to engage in the continual prosecution of Experimental Investigations in the Laboratory for not less than nine months of the year, to the satisfaction of the Professor of Natural Philosophy. These Scholarships may be held along with any other Bursary, Scholarship, or Fellowship.

Scholars for 1909-10—Alexander R. Brown, Alexander M'Crorie, Muir Burns.

JAMES WATT SCHOLARSHIP.—In 1808, James Watt, LL.D., presented the College with a perpetual annuity of £10, for the institution of a prize, to be awarded to the author of the best Essay on some subject in the following branches of study, to be taken in rotation:— 1. Any branch of Mechanics or its dependent Arts. 2. Statics, and the Machines and Arts dependent. 3. Pneumatics, Statical or Chemical, Machines and Arts. 4. Hydraulics, Hydrostatics, their Machines and Arts. 5. Chemistry, its Arts and Apparatus. All actual students who had completed, or who, at the end of the session in which the Prize fell to be awarded, should have completed a regular course of study in Languages and Philosophy, might be competitors. By Ordinance No. 93 of the Universities Commission (1889), issued on 15th February, 1895, and approved by Her Majesty in Council on 13th August, 1895, it was provided that the Watt Prize should be discontinued, that the funds should be allowed to accumulate for four years from the date of the Ordinance, and that thereafter a James Watt Scholarship in Engineering should be established.

The Scholarship, in yearly value about £42, is awarded by the Senate, on a special report by the Faculty of Science, to a Bachelor of Science of distinction of not more than two years' standing. It is tenable for two years, and the James Watt Scholar is required to pursue during his tenure special higher studies in the Engineering Laboratory, under the direction and to the satisfaction of the Professor.

Scholar—Richard V. Hansford, B.Sc., 1910.

3.—PRIZES.

Besides the class Prizes, and a number of Prizes given by the different Professors for particular kinds of merit, there are others which the generosity of public-spirited individuals has founded for the encouragement of learning in the University.

The names of the Prizemen for Session 1909-1910 will be found in the Degree and Prize List.

INDEX.

FOUNDATION.	NATURE OF PRIZE.	AWARDED FOR
Arnott, - - - -	£25 and £15,	Examinations.
Bellahouston, - - - -	Gold Medals,	Thesis for M.D.
Brunton Memorial, - - - -	£10,	Examinations.
Buchanan (3), - - - -	Books,	Do.
Burnet, Lindsay, - - - -	Silver Medal,	Research.
Cleland, - - - -	Gold Medal,	Examinations.
Cleland & Rae Wilson.	Four Gold Medals.	Do.
Cobden, - - - -	£20 and Silver Medal (triennial),	Essay.
Coulter, - - - -	Two at £5 each,	Essays.
Cowan, - - - -	Three Gold Medals,	Examinations.
Cunninghame, - - - -	Gold Medal,	Do.
Dickson Prize, - - - -	Books,	Do.
Dobbie-Smith, - - - -	Gold Medal (biennial),	Essay.
Dowanhill, - - - -	£20 and £10,	Elocution.
Ewing, - - - -	Gold Medal (biennial),	Essay.
Findlater, - - - -	£38,	Examination.
Gartmore, - - - -	Gold Medal (biennial),	Essay.
Geographical Society, - - - -	Silver Medal,	Essay.
Gladstone Historical, - - - -	£25 (biennial),	Examination.
Gladstone Memorial, - - - -	£5 in Books,	Do.

Harvey, George, - - - -	£14,	Examination.
Henderson, - - - -	£21,	Essay.
Jack, William, - - - -	-	Thesis for D.Sc.
Jameson, - - - -	£10,	Examination.
Jeffrey, - - - -	Gold Medal,	Do.
Kirk Memorial, - - - -	£14,	Do.
Logan, Thos., Memorial, - - - -	Gold Medal and £12,	Do.
Luke Historical, - - - -	£10 (biennial),	Do.
Macfarlan and Cook. - - - -	£21,	Do.
Mackenzie, - - - -	£25,	Essay.
Macleod, - - - -	Gold Medal,	Examination.
Muirhead, - - - -	Books,	Do.
Muirhead, G. Roger, - - - -	£2 5s.,	Do.
Nichol Memorial, - - - -	Books,	Do.
Oriental Society, - - - -	£3 3s. in Books,	Do.
Ramsay Memorial, - - - -	Gold Medal,	Examinations.
Reid, John, - - - -	£25,	Original Research.
Ross, Robert (2), - - - -	Med., books, or money.	Examinations.
Scott-Macfarlan, - - - -	Gold Medal,	Examination.
Straits Settlements, - - - -	Gold Medal,	Thesis for M.D.
Struthers - - - -	Gold Medal and Money,	Research.
University, - - - -	Silver Medal,	Essay.
Walker (4), - - - -	Books, etc.,	Examinations.
Watson, - - - -	£50,	Examination.

ARNOTT PRIZES.—Founded in 1869, by Dr. Neil Arnott of London, who presented to the Senate the sum of £1,000 to found a Prize, or Prizes, for the encouragement of the study of Natural Philosophy among the Medical students of the University.

By resolution of the Senate of date April 10, 1873, the following regulations were adopted :—

1. That there shall be two separate examinations—one in General Physics, for students of the first and second years of their Medical studies; the other for students of the third and fourth years, in Physiological Physics, or the application of the doctrine of General Physics to Physiological Science.

2. The knowledge required for the second of these examinations being much more extensive, and of a much higher order than that required for the first, and being the kind of knowledge of which it is most important to encourage the cultivation, as not only useful in the practice of the Medical Art, but eminently fitted to advance the Physiological Sciences; that a sum of not less than Twenty-five pounds be offered annually, in one or several sums, as circumstances may require, to the student or students who excel in the second examination.

3. That the remaining portion of the revenue derived annually from Dr. Arnott's donation be offered in the same way to the student or students who excel in the first examination.

4. That the first examination be under the superintendence of the Faculty of Arts, with the Professors of Physiology and of Anatomy as Assessors.

5. That the second examination shall be under the superintendence of the Medical Faculty, with the Professors of Natural Philosophy and of Mathematics as Assessors.

6. That all candidates shall, at the commencement of each session, intimate their intention to the Assistant Clerk (Matriculation Office); and that, to prevent unqualified persons from coming forward, each candidate shall produce satisfactory evidence of his having attended a Course of Lectures on Natural Philosophy, or of having been a pupil in a Laboratory where Practical Physics or Practical Physiology is taught; or, failing of these qualifications, he shall deposit the sum of ten shillings, which shall be forfeited if his examination marks fall below the average standard.

7. That every candidate who passes creditably the first examination shall be thereby entitled to come forward for the second, without being obliged to deposit the sum of ten shillings.

8. That no prize shall be awarded without sufficient merit being shown, and that in the event of one or more of the prizes on any occasion not being awarded, the amount shall be added to the principal sum.

The examination will be in writing, and will be held on Saturday, the 8th October, 1910, at 2 P.M. Intending candidates to give in their names to the Assistant Clerk (Matriculation Office) on or before 2nd September.

BELLAHOUSTON GOLD MEDALS.—Since 1897 the Bellahouston Trustees, in addition to numerous other benefits conferred on the Library and Scientific Departments, have put it in the power of the University to award three Gold Medals yearly to those who, having gained Honours, are pronounced by the Senate on the report of the Faculty of Medicine worthy of this highest distinction for the excellence of their Theses.

BRUNTON MEMORIAL PRIZE.—Founded in 1879, in memory of the late Duncan M. Brunton, M.A., M.B., Paisley, a distinguished graduate of this University, who died on 16th November, 1876, of fever, contracted in the diligent discharge of his professional duties in the Royal Infirmary of Paisley. The Committee of Subscribers paid over to the Senate the sum of £300, the interest of which is to be given annually to the most distinguished graduate in Medicine of the year.

BUCHANAN PRIZES.—A Bursary was founded in 1866, in recognition of the eminent services of Robert Buchanan, LL.D., as Professor of Logic and Rhetoric in the University during the long period of forty years. The fund consists of a sum of £314 raised by subscription. The Buchanan Bursaries having been founded under the Will of Professor Buchanan, the proceeds of this fund are now, with the sanction of the subscribers, applied to the purchase of books, which are annually awarded to the most distinguished students in the classes of Logic, Moral Philosophy, and English Literature.

LINDSAY BURNET SILVER MEDAL.—In 1901 the relatives of Mr. Lindsay Burnet, Engineer in Glasgow, who died on 14th March, 1895, founded this Medal to his memory, and also as a memorial of the respect which he entertained for Archibald Barr, D.Sc., Professor of Civil Engineering and Mechanics, and for his work in the University. The following are the regulations:—

The Medal shall be awarded to a student in regular attendance at the University for a thesis descriptive of a research upon a subject connected with The Properties or the Utilisation of Fuel, The Generation or Properties of Steam, The Principles of Thermodynamics, or The Operation of Heat Engines.

The research shall be conducted by the candidate in the Engineering Laboratories of the University, but in exceptional cases investigations requiring the use of machines or apparatus not

provided in the Laboratory may be conducted in part elsewhere under such conditions as may in each case be sanctioned by the Professor of Engineering.

The Professor of Engineering may sanction the employment of such assistance, if any, as he may in each case deem necessary for the efficient carrying out of the research, and shall regulate the use of apparatus belonging to the University as regards the time when it shall be at the disposal of the candidate and the manner in which it may be employed.

The Senate shall from time to time issue regulations regarding the standing of students who shall be eligible to compete for the Medal, the form which the theses shall take, the date on or before which the theses must be submitted, and other details.

All matriculated Engineering Students and all University or other Research Students may compete; any Thesis submitted must be a description of an experimental research conducted in accordance with the foregoing regulations, and must be sent to the Clerk of Senate not later than 17th October.

The Medal shall be awarded by the Senate after receiving a report from the Professor of Engineering and any assessor or assessors whom the Senate may have appointed to act with him.

The Senate may withhold the Medal in any year in which, in their opinion, no thesis of sufficient merit has been submitted.

The Professor of Engineering shall have the power to prescribe a particular subject or to limit the range of subjects upon which theses may be presented in any year; and, farther, with a view to avoiding any undue interference with other researches, or with the general routine work of the Laboratory, he shall have power to prescribe the particular subject or range of subjects with which any individual candidate may deal.

The theses shall become the property of the University, and may be preserved in the Engineering Departmental Library or elsewhere as the Senate may direct, and the Senate may grant to students or others access to the theses under such conditions as they may from time to time prescribe. At all reasonable times the candidate shall have access to his own thesis for reference.

All results obtained in researches conducted in competition shall be subject, as regards rights of publication, to the general conditions applicable to work done in the University by research students and to any special regulations that may be made relating to work conducted in the Engineering Laboratory.

Should any new Chair or Chairs in Engineering Science be instituted in the University, the Professor whose laboratory courses are, in the opinion of the Senate, most closely identified with the general application of thermodynamics to engineering practice shall be deemed to be the Professor of Engineering for the purposes of this foundation.

CLELAND AND RAE WILSON GOLD MEDALS.—Dr. James Cleland, Superintendent of Public Works in Glasgow, who died 14th October, 1840, founded a Gold Medal of the value of Ten Guineas, to be bestowed in alternate years on a student of Divinity, and a student of Natural Philosophy, as a prize for the best Essay on any subject to be prescribed by the Principal and Professors of the University.

Dr. William Rae Wilson of Kelvinbank, who died 2nd June, 1849, founded a Gold Medal to be bestowed upon the Divinity student who should produce the best Essay on the Life of Christ.

These foundations are now regulated by Ordinance No. 97 of the Universities Commission (1889). The Cleland Gold Medal, not exceeding ten guineas in value, is awarded to the most distinguished student in the class of Natural Philosophy in each year. The remainder of the free income of the Cleland Foundation is added to the total free income of the Rae Wilson Foundation, to provide four Gold Medals of equal value. These medals are awarded in each year as follows:—One to the most distinguished student in each of the classes of (1) Divinity, (2) Ecclesiastical History, (3) Hebrew and Semitic Languages, and (4) Divinity and Biblical Criticism. In the event of there being no student of sufficient distinction in any of these classes, the proportion of the income for that year may be applied towards the promotion of theological study in such manner as the Senate may decide.

COBDEN PRIZE.—This prize of the value of £20, together with a silver medal, will be offered by the Cobden Club, London, every third year for an essay on some subject connected with political economy. The subject is to be fixed by the three adjudicators, two of whom are appointed by the University and the third by the donors. Members of the University of not more than six years' standing may be competitors. The prize will be awarded in 1906 and thereafter triennially.

COULTER PRIZES.—In 1787 Mr. James Coulter, merchant in Glasgow, bequeathed £200 to the University, "the annual proceeds to be applied in premiums, one or more, either pecuniary or honorary, for the encouragement of Composition and Elocution, upon subjects of the Faculty's choosing." The interest of this sum is now divided into Two Prizes of £5 each; the one to be given in alternate years for a Sermon or Theological Essay, and for an Essay on Mental Philosophy and English Literature, the other to be given annually for a translation from some Classical Author, or other composition connected with Classical Literature. The competition for these prizes is open to all matriculated students of the University.

COWAN GOLD MEDALS.—In 1836 Dr. Cowan of Sunderland presented to the University the sum of £400, the interest to be applied annually in the purchase of Two Gold Medals of the value of about £10 each, to be awarded to the two students who may distinguish themselves most in the Greek and Latin Examination upon the Blackstone; and shortly afterwards (1839) the same gentleman presented the University with an additional sum of £105, the interest to be expended annually in the purchase of a Gold Medal of the value of £5, to be awarded to the best student in the Humanity Class.

The examination for Dr. Cowan's Blackstone Medals will be held early in November, 1910. Competitors to be eligible must be public students in some curriculum class in the Faculty of Arts.

For the Greek Medal 1. A candidate must have received a Certificate in the Greek Class for session 1909-1910.

2. Every candidate will be required to answer a Preliminary Paper, consisting of unprepared passages for translation.

3. Two or more candidates, selected by this paper, will on a subsequent day be examined orally in the books which they offer.

4. Each selected candidate must offer for the Oral Examination (i.) one Verse Subject, (ii.) one Prose Subject. (i.) The Verse Subject must be *either* five books of Homer, *or* two Greek plays (tragedies or comedies). (ii.) The Prose Subject may be any *one* of the following: (*a*) Herodotus—two books; (*b*) Thucydides—two books; (*c*) Plato—two dialogues, or two books of the *Republic*; (*d*) Aristotle—two books of the *Ethics*, of the *Politics*, or of the *Rhetoric*.

5. Any member of the Greek Class for session 1910-11 is at liberty to go in for the Preliminary Paper, even though he is not a candidate for the Cowan Medal; and if he acquits himself with distinction in that paper, his name will be mentioned when the award of the Medal is announced.

For the Latin Medal competitors must in the session preceding the competition have received a public ticket of the Latin Class.

Notice is hereby given, that at the examination for Dr. Cowan's Medals in November, 1892, and thereafter, no one will be admitted to compete for the Greek Cowan Medal who has attended for more than three sessions, or who, after passing the preliminary examination in Greek, has attended for more than two sessions in any Scottish University, and no one shall be admitted to compete for the Latin Cowan Medal who has attended for more than two sessions, or who, having been admitted to the Senior Class in consequence of having passed the preliminary examination in Latin, has attended for more than one session in any Scottish University.

CUNNINGHAME GOLD MEDAL.—In 1886 Mr. Andrew Cunningham, Town Clerk Depute of Glasgow, bequeathed to the University, *inter alia*, £350, free of legacy duty, with directions that the

annual revenue thereof should be applied in purchasing a Gold Medal as a prize in the class of Mathematics.

DICKSON PRIZE.—In 1895, when the late Professor Dickson retired from the Chair of Divinity, his former students presented him with a testimonial consisting of silver plate and a cheque for £120. This sum was handed over by Dr. Dickson to the University Court, that the free annual income might be applied in the form of a prize of serviceable books to accompany the gold medal given to the most distinguished student of the year in the class of Divinity. In accordance with the wish of the subscribers the prize has been called the Dickson Prize.

DOBBIE-SMITH GOLD MEDAL.—In 1881 Mr. Thomas Smith, L.R.C.S.E., Heriot Hill House, Edinburgh, presented to the University, in memory of his wife, lately deceased, the sum of £150 for the purpose of founding a University Gold Medal of about £10 in value, to be given biennially for the encouragement of the study of Botany. The competition is open to all Matriculated Students of the session in which the Medal is to be awarded; the subject of competition—which shall always be a Botanical subject—to be selected by the Professors of Botany and Natural History, and announced at least eighteen months before the date fixed for receiving essays. (See page 474.)

DOWANHILL PRIZES.—Two prizes, one of £20, and the other of £10, for “Excellence in the Art of Oratory and Declamation, and in the practice of a refined and pleasing Delivery, and in reading the Scriptures,” founded in 1865 by Mr. John Buchanan, merchant in Glasgow, as sole Trustee, nominated and appointed by his deceased brother, Mr. Thomas Buchanan, also merchant in Glasgow, and in order to carry out the intentions of his said brother. These prizes are awarded annually to Students of Divinity, at the termination of the third or fourth session of their attendance on the Hall, by the votes of their fellow-students. Competitors must have attended for two sessions an Elocution Class, taught by a master approved by the Senate.¹

The above foundation is in memory of the late Mr. James Buchanan of Dowanhill, of Ellison MacCallum, his wife, and of Mr. George Buchanan of Stanley, Perthshire, the Father, Mother, and elder Brother of the Founder.

EWING GOLD MEDAL.—In 1828 James Ewing, LL.D., of Levenside, presented the University with £100 for a Gold Medal to be given every second year for the best essay on an historical subject. The Gartmore and Ewing Medals are to be given alternately.

¹ See note under Faculty of Theology, *supra*.

FINDLATER (DIVINITY) SCHOLARSHIP OR PRIZE.—This Scholarship, consisting of the free annual proceeds of the sum of £1,000 gifted to the Senate by Mr. Alexander Findlater, Dublin, was founded in 1871. The following regulations have been adopted by the Senate :—

1. The Findlater Scholarship shall be awarded annually by competition.

2. At the competition in April, 1908, and thereafter biennially (March, 1912), the examination shall be in Divinity (Biblical and Systematic Theology), Church History, and Biblical Criticism; at the competition in November, 1908, and thereafter biennially (October, 1910), the examination shall be in Hebrew, New Testament Exegesis, and Apologetics.

3. The subjects of examination in each of the departments shall be the same as those prescribed for the Degree of B.D.

4. The examination shall be held at the same time as the examination for the Degree of B.D.

5. The competition shall be open to all students of Divinity in this University who shall complete the ordinary course at the close of the session in which the examination is held, or who shall have completed their course at the close of the session immediately preceding.

6. No candidate who has gained the Scholarship at one examination shall be at liberty to compete for it a second time.

The next competition will take place in October, 1910. Names of Candidates to be given in to the Assistant Clerk (Matriculation Office) on or before 3rd October, 1910.

GARTMORE GOLD MEDAL.—In 1788 Mr. Robert Graham of Gartmore presented the University with £100 for the institution of a Prize for the best essay on any subject intimately connected with the nature, foundation, advantages, and support of political liberty. This Prize—a Gold Medal—is open to the competition of all students of the University, and is given biennially. The founder directed that the surpluses should be accumulated till a capital was formed sufficient to found a Bursary.—See Gartmore Bursary, p. 360.

ROYAL SCOTTISH GEOGRAPHICAL SOCIETY'S MEDAL.—The Council of the Royal Scottish Geographical Society have resolved to offer annually a Silver Medal to each of the Universities of Edinburgh and Glasgow, to be given in connection with the Lectures on Geography at these Universities, for a special essay on a subject to be settled upon by the Committee of the Society and the Lecturers on Geography.

GLADSTONE HISTORICAL PRIZE.—Founded in 1880 by the Gladstone Club, in commemoration of the election in 1877 of the Right

Honourable William Ewart Gladstone, M.P., as Lord Rector of Glasgow University, and in recognition of his distinguished career as a scholar, author, statesman, and orator. The following are the regulations:—

1. The prize shall be given for the best examination in English History.
2. The examination shall be held biennially.
3. The value of the Prize shall be Twenty Guineas.
4. The competition shall be open to Graduates of Glasgow University of not more than two years' standing from the date of their first graduation. The next competition will take place in January, 1912, and the value will be £25. Names of competitors to be given in to the Assistant Clerk (Matriculation Office) not later than 1st December, 1911.

GLADSTONE MEMORIAL PRIZE.—In November, 1899, the Committee of the Gladstone Memorial Fund resolved to devote the revenue accruing from the surplus of the Fund to the establishment of Gladstone Memorial Prizes to be given in Books at the Universities of Oxford, Cambridge, and London, at the Scottish Universities, and the University Colleges in Great Britain, for special proficiency in History, Political Science, and Economics. In this University the prize, in value Five Pounds, will be awarded annually. Either graduates of this University who have taken the degree of M.A. with Honours, or students presenting themselves for examination for the Degree of M.A. with Honours in Economic Science, may be candidates; but no student shall be eligible after the expiration of more than six winter sessions from the time of his or her first entering a class qualifying for the Degree of M.A., and no student who has once obtained the prize may compete a second time. The subjects of examination shall be the same as those prescribed for Honours in Economic Science, and the examination shall be held at the same time as the autumn examination for Degrees with Honours in Economic Science. The Prize is awarded by the Senate on the report of the Examiners for Degrees, and it is competent for the Senate to award it to the holder of a Fellowship, or Scholarship, or Bursary. The Prize will be open to competition in October, 1910.

WILLIAM GUTHRIE PRIZES.—Founded in 1909 in memory of William Guthrie, LL.D., Sheriff of Lanarkshire, who died on 31st August, 1908. The Guthrie Memorial Committee resolved that the funds subscribed, amounting to over £200, should be handed to the Faculty of Procurators, Glasgow, to be invested by the Faculty for the purpose of providing annually, in each of the classes of Jurisprudence and International Private Law in the University of Glasgow, a Prize to be called the "William Guthrie Prize." The Faculty accepted the Trust.

GEORGE HARVEY PRIZE.—Founded in 1874, by the liberality of a donor who has withheld his name, in memory of the late Mr. George Harvey of No. 9 Park Quadrant, Glasgow. Present annual value £14, which is given as a prize in the class of Civil Engineering, to the student who shows, during the session, the greatest proficiency in the department of applied Mechanics and Shipbuilding. Any accumulation of surplus income to be given as a second prize of £5 or £10 in the same department.

HENDERSON PRIZE.—In 1850 Mr. John Henderson of Park, merchant in Glasgow, instituted an annual prize of the value of £21 sterling, to be called the "Henderson Prize," for the best Essay on some subject relating to the Divine Authority and Practical Value and Influence of the Sabbath. The Universities Commission (1889), by Ordinance No. 101, altered the conditions and directions affecting this prize. It is now to be awarded for the best essay on a subject to be fixed by the Faculty of Divinity, provided always that in every third year at least, the subject shall relate to the Divine authority and practical value and influence of the Sabbath. The competition is to be open to Masters of Arts of not more than five years' standing, as well as to matriculated students of the University.

PRIZE IN ITALIAN.—A prize of £15 will be awarded each year, during the pleasure of the donors, for the best essay on Italian Literature, handed in on or before the 20th April.

The choice of the subject is free, but it is advisable to consult the Italian Lecturer about it.

The essay may be written in Italian or in English.

Essays written in English will not receive more than 90 marks, the maximum of marks being 100.

Essays written in Italian with grammatical mistakes will not be considered.

This prize is open to students or graduates of Glasgow University who have attended or are attending classes in Classics or Italian.

The award will be made by Giovanni Pascoli, of the University of Bologna, Professor Phillimore, and the lecturer on Italian of the Glasgow University.

The result will be known by the 20th of June.

WILLIAM JACK PRIZE.—In 1909, when Professor William Jack, LL.D., retired from the Chair of Mathematics, a Committee was formed with a view to providing some lasting memorial of his services to the University. Intimation has been received that the Committee has in contemplation, *inter alia*, the institution in the University of a Prize to be awarded at regular intervals to the author of the best Thesis on a mathematical subject for which the Degree of D.Sc. has been granted during the corresponding period.

JAMIESON PRIZE.—In 1854 a subscription list was opened for the foundation of a prize or scholarship in Divinity, but the commercial difficulties of the following years prevented the purpose of the promoters being carried out at the time. In 1881 the sum subscribed, amounting, with accumulated interest, to £319 6s. 4d., was handed over to the University, and the Senate resolved to connect it with the name of the Convener of the Committee of subscribers, the Rev. Robert Jamieson, D.D., formerly minister of St. Paul's Church, Glasgow.

The following regulations have been adopted by the Senate :—

1. The Jamieson Prize shall be awarded annually by competition.
2. At the competition in November, 1907, and thereafter biennially (October, 1911), the examination shall be in Hebrew, New Testament Exegesis, and Apologetics ; at the competition in April, 1909, and thereafter biennially (March, 1911), the examination shall be in Divinity (Biblical and Systematic Theology), Church History, and Biblical Criticism.
3. The subjects of examination in each of the departments shall be the same as those prescribed for the Degree of B.D.
4. The examination shall be held at the same time as the examination for the Degree of B.D.
5. The competition shall be open to all students of Divinity in this University who shall complete the ordinary course at the close of the session in which the examination is held, or who shall have completed their course at the close of the session immediately preceding.
6. No candidate who has gained the Prize at one examination shall be at liberty to compete for it a second time.

The next competition will take place in March, 1911. Names of candidates to be given in to the Assistant Clerk (Matriculation Office) on or before 3rd March, 1911.

JEFFREY GOLD MEDAL.—Mr. Francis Jeffrey, advocate (afterwards Lord Jeffrey), on his re-election as Lord Rector of this University, in 1821, gave a prize of a Gold Medal and continued to do so annually.

In 1849 Lord Jeffrey presented the University with the sum of £120 for a Gold Medal to be awarded each session to the most distinguished student of the Greek Class.

KIRK MEMORIAL PRIZE.—A sum of £402 was collected in 1893 by various friends of the late Alexander Carnegie Kirk, LL.D., formerly President of the Institution of Engineers and Shipbuilders in Scotland, for the purpose of founding a prize in his name, in connection with the Naval Architecture Class in the University.

The free annual income of the foundation is awarded annually as a prize. The competition is open to students who have, in the session of competition, attended the Senior Class of Naval Architecture, and who are completing the Final Science Examination under Ordinance No. 23, Glasgow No. 2, embracing (a) Naval Architecture with Marine Engineering, and (b) Practical Work in Ship and Marine Engineering Drawing, the award being determined by the proficiency shown in (a) and (b). Should two or more candidates be reported equal, the Senate may divide the Prize, or prescribe a further examination. The subscribers have given the Senate power to convert this Prize into a Bursary, should it be found expedient or advantageous to do so at any future time.

THOMAS LOGAN MEMORIAL MEDAL AND PRIZE.—Mr. David Logan, fruiterer, Glasgow, who died on 19th May, 1886, directed his trustees to pay to the Senate the sum of £500, free of legacy duty, to found a Gold Medal and Prize in memory of his brother, Thomas Logan. The Medal is of the value of £5, and the Prize consists of the balance of the annual proceeds given in money. They are awarded annually in June to the graduate in Arts of the preceding year who obtained the highest marks in the Degree Examinations.

LUKE HISTORICAL PRIZE.—A sum of £150 was collected in 1863 by various friends of the late Mr. George Rankin Luke, in Oxford and Scotland, for the purpose of founding a prize in his name, in connection with the University of Glasgow, where he studied during two years of his brilliant career as a scholar.

The Senate, with the sanction of the promoters of this fund, resolved to employ it to found a biennial Prize, for excelling in a competitive examination on general subjects connected with Ancient History and Literature. The examination to be conducted either altogether in writing, or by combination of writing and *vivâ voce* questions; and the determination to rest with the Professors of Humanity and Greek, in conjunction, in case of uncertainty, with any one of their colleagues whom they may desire to nominate.

The Prize on the above foundation, in value £10, is given to the student who acquires himself best in an examination in Ancient Greek and Roman History.

The next competition will be held in January, 1911. In addition to historical questions, original passages will be given for translation from the standard authors. The competition is open to all students who shall have attended during session 1909-10 any Greek or Latin Class.

Names of Candidates to be given in to the Assistant Clerk (Matriculation Office) on 1st December, 1910.

MACFARLAN AND COOK TESTIMONIAL PRIZE.—The Macfarlan and Cook Testimonial Prize of Twenty Guineas, instituted in 1847 (along with a similar Prize in the University of St. Andrews), by the friends of the late Principal Macfarlan, D.D. of this University, and Professor George Cook, D.D. of St. Andrews, as a memorial of the services rendered to the Church of Scotland by these eminent clergymen, is bestowed annually on the Theological Student, of three years' standing, who shall pass the best examination in Greek, Moral Philosophy, Hebrew, Ecclesiastical History, and Divinity.

MACKENZIE SCHOLARSHIP OR DIVINITY PRIZE.—This Prize, founded in 1907 under the will of the late Miss Eliza Bennie Mackenzie, Broughty Ferry, in memory of her brother, the late Rev. John Mackenzie, sometime Minister of the Parish of Kettins, of about £25, for an Essay on a prescribed subject connected with the History of the Christian Church or the Forms of Worship thereof or some special Department of the Church's Work, is open to men studying for the Ministry of the Church of Scotland in the Divinity Halls of the Four Scottish Universities or to any Probationer of the Church of Scotland within a year after completion of studies in such institution. Essays of Competitors must be lodged not later than 15th October in each year. For regulations, subject prescribed, etc., apply to Messrs J. & J. Ogilvie, Solicitors, 13 Albert Square, Dundee, the Agents for the Trustees.

MACLEOD MEDAL.—In 1895 Lady Macleod instituted this Gold Medal in memory of her husband, Sir George Husband Baird Macleod, M.D., LL.D., Regius Professor of Surgery in this University from 1869 to 1892. The competition is open only to those who have attended the classes of Systematic and Operative Surgery taught by the Regius Professor of Surgery in the University, and women students are not eligible. The Medal is awarded yearly to the student who most distinguishes himself in the work (written, oral, and practical) of these classes.

MUIRHEAD PRIZES.—In 1776 Messrs. John Muirhead of Teggsethugh, and Peter Muirhead, minister of Dysart, brothers of the deceased Mr. George Muirhead, Professor of Humanity in Glasgow College, presented a donation of £100, the interest to be applied in purchase of books to be awarded as prizes to those students attending the Humanity Class who shall be thought most deserving.

GEORGE ROGER MUIRHEAD PRIZE.—In 1896 a sum of £100 was bequeathed to the University by Mrs. Elizabeth Lockhart Roger or Muirhead, Glasgow, to found a prize in the Chemistry class in memory of her son, George Roger Muirhead, who studied Chemistry

in this University. The free annual income is paid annually to the medallist of the Chemistry class for the year.

NICHOL MEMORIAL PRIZE.—In 1895 the late Mrs. Jack presented the University with the sum of £150 for the purpose of founding a prize, to be called the “Nichol Memorial Prize,” in memory of her brother, John Nichol, LL.D., Professor of English Language and Literature in this University from 1862 till 1889, who died in London on 11th October, 1894, and especially in commemoration of the active interest which he took in the teaching of English Literature to women in Glasgow and elsewhere. The free income of the fund is applied annually to providing a first prize for the English Literature Class in Queen Margaret College.

ORIENTAL SOCIETY'S ARABIC PRIZE. On 25th October, 1905, the Glasgow University Oriental Society resolved to give in books for the five academic years beginning 1st October, 1905, an annual prize of Three Guineas to the best student or students in Arabic. The Society have further resolved to give the prize for an additional year, viz., 1910-11.

RAE WILSON GOLD MEDAL.—(See Cleland and Rae Wilson, p. 445.)

RAMSAY MEMORIAL GOLD MEDAL.—This Medal, of the value of £10, was founded in March, 1907, by Emeritus-Professor George Gilbert Ramsay in memory of his uncle, William Ramsay, who was Professor of Humanity in this University from 1831 to 1863. The following are the conditions laid down by the founder, viz.:—The Medal shall be given yearly to the best Student in the Honours Humanity Class, without reference to whether he or she be attending that class for the first or any subsequent year, provided only that he or she have attended regularly throughout the Session, and gone through all the work and examinations of the class, and shall be awarded on the same principle as that on which The Muirhead Prizes have hitherto been awarded, viz.:—“To the Student or Students who have passed the best examination in the Prelections delivered and the subjects read in the Honours Class during the Session”; inclusive, however, of any examinations in unseen work or exercises which may form part of the regular work of the class, but exclusive of any exercises or essays done out of the class or at home. The particular arrangements for the examinations to be determined by the Professor of Humanity for the time being, subject to the approval of the Senate.

The above conditions may be revised by the Senate, if altered circumstances so require, provided that their general spirit be not departed from.

JOHN REID PRIZE.—A Prize of the value of £25 was founded in 1882 by Miss Mary Reid, Renfrew Street, Glasgow, in memory of

her brother, the late Mr. John Reid, surgeon, 150 Renfrew Street, Glasgow. The prize will be awarded for the best original research conducted in one of the Hospitals or Scientific Laboratories in Glasgow, bearing on any department of Medical Science. The competition is open to registered students of medicine of not less than two years' standing; and to qualified medical men of not more than two years' standing, who (1) are still attached as *bonâ fide* students to one of the Glasgow Medical Schools, who (2) are not engaged in practice, and who (3) undertake to give up the prize if they enter on practice while holding it. All candidates are required to produce evidence of having attended a regular course of instruction, in one of the medical schools of Glasgow, on *four* of the following subjects:—Medicine, Clinical Medicine, Surgery, Clinical Surgery, Materia Medica, Physiology, Pathology—such course of instruction having been received, in whole or in part, within three years of competing for the prize. The prize may be awarded for one, two, or three years, according to the value of the work done.

Further information may be obtained from Mr. John Hurl, writer, 142 St. Vincent Street, Glasgow.

ROBERT ROSS PRIZE.—The late Robert Ross, Esq., writer, Glasgow, by his Will, dated 1880, bequeathed to the Dean and Council of the Faculty of Procurators, Glasgow, the sum of £500, to be held by them in trust, "to the end that the free annual income thereof shall be applied as an annual prize in the form of a medal, of books, or of money, as the Dean and Council may determine, to a student in each of the Scots Law Class and the Conveyancing Class of the University of Glasgow in equal proportions, such prize to be awarded for eminence displayed, either in the general business of the class or in any other manner in which the said Dean and Council may prescribe."

SCOTT-MACFARLAN GOLD MEDAL.—Founded in 1870 by Miss Scott, daughter of the late Rev. Robert Allan Scott, Vicar of Cranwell, Lincolnshire, in fulfilment of her father's intentions.

Mr. Scott, wishing to encourage the study of Greek in the University of Glasgow, of which he was an alumnus, and from which he obtained an Exhibition to Balliol College, Oxford, in 1825, dedicated to that purpose the sum of £100 for a Gold Medal, to be called the "Scott-Macfarlan Prize for Greek," in memory of Mr. Scott's kinsman, the late Principal Macfarlan, and to be given on the last day of the session in each year to the best scholar in Greek of the session; the medal to be adjudged by the votes of the students of the upper Greek class. As the Jeffrey Medal has long been given to the best student in the senior Greek Class, the "Scott-Macfarlan" Medal is awarded to the best student attending the Honours Greek Class for the first time.

STRAITS SETTLEMENTS GOLD MEDAL.—This medal, subscribed for by former Scottish students resident in the Straits Settlements, is proposed for award in the Universities of Edinburgh, Glasgow, and Aberdeen in rotation. The first award in Glasgow will be made in 1911.

It is proposed that the Medal shall be awarded to the Graduate in Medicine who shall have presented, during the year of award or either of the two years immediately preceding, the Thesis approved for the Degree of M.D. on some subject in connection with Tropical Medicine or Tropical Hygiene which, in the opinion of the Faculty of Medicine, is most worthy of the award.

The Medal for 1911 will be awarded to the writer of the best Thesis on a Tropical subject lodged during the years 1909, 1910, or 1911.

STRUTHERS GOLD MEDAL AND PRIZE.—In 1907, Sir John Struthers, M.D., LL.D., Professor of Anatomy in the University of Aberdeen, founded this Medal and Prize by the following Codicil to his Will:—

“(Fourth) I leave to the University Court of the University of Glasgow the sum of Five hundred pounds sterling for the purpose of founding an Award in Anatomy—the said sum to be invested as a special fund and the interest therefrom applied as hereunder directed. It is not intended to be a Student’s Prize in the ordinary sense of that term, but for the purpose of encouraging Original Research or Special Practical Work; the award to be on the following conditions—(a) To be awarded for the best original Research or for the best special Dissection or Preparation or series of Dissections or Preparations. It may relate to any part of Anatomy—Human or Comparative—naked eye or microscopical, embryological or developed. The decision to rest with the Professor of Anatomy in the University. (b) The award to be made every second year at such period of the year as the Professor of Anatomy may from time to time fix—the period for the next award being duly announced in the *University Calendar*. The Professor of Anatomy to have it in his power to withhold the Award in any year or years in the event of what is given in being considered by him not such as to merit the award, and in that event or in the event of there being no candidate for the Award, the interest of the fund due at such time may either be added to the sum due when the next award is made or may go to increase the Capital Fund as the Professor of Anatomy may from time to time decide. The Award to be in the form of a Gold Medal with Money Prize consisting of such balance as the interest of the Fund after providing for the Medal may have produced. (c) The Award to be open to all students or graduates of the University of

Glasgow who are attending or who have at any former time attended the Practical Anatomy Class in the University of Glasgow. (*d*) Any dissections or preparations or microscopical specimens connected with the Research, or for which the Award has been made, to belong to the Anatomical Museum of the University, duly marked with the name of the person by whom the Award was gained. (*e*) As the Degrees of the University are now open to women, it is but just that this Award should be open also to women students and graduates reckoning their attendance on the Practical Anatomy Class at Queen Margaret College as equivalent to attendance on that of the Professor of Anatomy, but the Professor of Anatomy in the University is in all cases to be the sole judge in deciding the Award."

The first award will be made in Session 1910-1911, and the competition will be open to all who have been students in the Class of Anatomy in this University in that or any preceding Session. The choice of subject is, in the meantime, left to candidates, but their attention is specially called to the condition marked (*a*) in the preceding excerpt from the will. No dissertation shall become ineligible for presentation as a graduation Thesis by having been offered for this prize.

Dissertations should be lodged with the Clerk of Senate not later than the end of April, 1911. The award will be announced during the Summer Session.

UNIVERSITY MEDAL.—The University bestows annually a Silver Medal for an Essay in Mental Philosophy.

WALKER PRIZES.—Four Prizes (consisting of Books or Instruments) to be competed for each year by students of Civil Engineering and Mechanics, founded in 1857 and 1861 by James Walker, Esq., Civil Engineer, LL.D., F.R.S.S.L. and E.

The competition is open to all persons who shall have duly entered themselves as attending the class of Civil Engineering and Mechanics during the current session.

The competitors are examined orally and in writing; and two of the prizes are awarded on the results of the written examinations; the other two by votes of the class.

WATSON HISTORICAL PRIZE.—This Prize was founded in January, 1905, by Mr. Robert William Seton-Watson, in memory of his father, William Livingstone Watson, of Ayton and Balmanno, who died on 19th May, 1903. The following are the conditions laid down by the donor, viz.:—

1. The Prize shall be called the Watson Historical Prize, and its object is to encourage the study of History and Foreign Languages.

2. The prize shall be offered from time to time in money, and shall never be of the value of less than £50. It shall be offered as soon after that sum is available out of the income of the investment as shall seem advisable to the Senate.¹

3. The prize shall be adjudged by the Examiners in the Honours Group of History.

4. The prize shall be awarded to the student who shall be adjudged to have passed highest in the examination in the Honours Group of History, provided that the candidate shall have reached the standard of a First Class in that examination.

5. Should the prize not be awarded in any year in which it is offered, the sum available shall be added to the capital sum.

6. The successful candidate shall be bound to spend not less than three months on the continent of Europe in studying a foreign language or in carrying out research in foreign archives—in either case to the satisfaction of the Professor of History; and he shall pledge himself to avoid, so far as is in his power, hotels, pensions, and other places where English is spoken.

7. The prize shall be paid in two instalments, viz., at first £35 when the successful candidate sets out for the Continent, and after the lapse of two months the balance—in each case on the certificate of the Professor of History.

8. The Donor reserves the right, under advice from the Professor of History or the University Court, to readjust the conditions attached, with a view to effect any improvements which may be suggested by experience.

*LIST OF BURSARIES, &c., OPEN TO COMPETITION
DURING SESSION 1910-11.*

A.—FACULTY OF ARTS.

1.—BURSARIES.

No Candidate shall obtain an open Bursary in Arts who shall not have passed the Preliminary Examination in Arts, or have been exempted therefrom in accordance with the provisions of the regulations for Degrees in Arts.

¹ To be offered in October, 1910.

No student who has during any term or period of the academical year attended in any Scottish University any class qualifying in his case for graduation in Arts or Science shall be eligible to compete for Bursaries of the first year in Arts or Science.

Candidates for Bursaries in Arts which are not awarded by open competition shall present themselves for the Bursary Examination in Arts, and no Bursary shall be awarded to any Candidate who shall not have passed the Preliminary Examination in Arts, or been exempted therefrom in accordance with the provisions of the regulations for Degrees in Arts.

The following is a summary of the regulations relating to the Bursary competition to be held in September, 1910 :—

The subjects of the examination for open Bursaries in Arts and Science shall be Latin, Greek, Mathematics, Applied Mathematics (including Dynamics); English, French, German, and Celtic. Of these subjects candidates may select not more than four in all, two at least being selected from the first mentioned four. The maximum marks assigned to each subject shall be the same. In each subject the examination shall be conducted by means of the papers of the higher standard set in the Preliminary Examination, together with additional papers. Candidates will be expected to obtain at least pass marks in the papers on the higher standard set in the Preliminary Examination, and to take also the additional papers. The latter are intended to test intelligence and ability and the power of the candidates to apply what they have learned. Candidates are not obliged to attempt the whole of any additional paper, but excellence in any part of it may obtain high marks for the whole. The following syllabus shows the nature and scope of the additional papers :—

In *Latin*, and in *Greek*, there will be one paper (2 hours) in Translation and Composition, and one paper (1 hour) of general questions. The latter will have reference to literature, language, history, and geography.

In *Mathematics*, the paper (3 hours) will comprise simple problems, deductions, and calculations based upon the ordinary book-work of the subject.

In *Applied Mathematics* (including Dynamics), the paper (3 hours) will comprise questions testing the Candidates' apprehension of the elementary dynamical principles of Natural Philosophy. A knowledge of the methods of the calculus will not be required.

In *English*, the paper (3 hours) will contain subjects for essays, and general questions relating to literature, language, history, and geography.

In *French*, and in *German*, there will be one paper (2 hours) in Translation and Composition, and one paper (2 hours) containing subjects for essays in the language.

In *Celtic*, there will be one paper (2 hours) in Translation and Composition, and one paper (2 hours) containing subjects for essays in Scottish (or Irish) Gaelic.

N.B.—For the Bursaries open to women students see pp. 335-338.

FOR STUDENTS ENTERING THE FIRST SESSION IN ARTS.

I. FOR SPECIAL DISTINCTION IN PARTICULAR SUBJECTS.¹

The Bursaries for special distinction are limited to Students of the first year who have passed the Arts Preliminary, and who have not gained a Bursary for general excellence.

1. *Forfar Bursary*, for special distinction in Classics (Latin and Greek), annual value £38, tenable for four years.

2. *Black Bursary*, for special distinction in Mathematics, annual value £21, tenable for four years.

3. *Buchanan Bursary*, for special distinction in Applied Mathematics (including Dynamics), annual value £14, tenable for three years.

4. *General Council Bursary*, for special distinction in Applied Mathematics (including Dynamics), annual value £20, tenable for two years.

5. *Hastie Bursary*, for special distinction in English, annual value £27, tenable for four years.

6. *John Clark (Mile-End) Bursary*, for special distinction in French, annual value £30, tenable for four years, for Protestant students, sons or daughters of Protestant parents.

7. *John Clark (Mile-End) Bursary*, for special distinction in German, annual value £30, tenable for four years, for Protestant students, sons or daughters of Protestant parents.

II. FOR GENERAL EXCELLENCE.

8. *Campbell Bursary*, annual value £10, tenable for three or four years—open.

9. *Forfar Bursary*, annual value £38, tenable for four years—open.

10. *General Council Bursary*, annual value £20, tenable for three years—open.

11. *(Sir Walter) Scott Bursary*, annual value £25, tenable for four years—open.

12. *Taylor Bursary*, annual value £10, tenable for four years—open. [Tenable in any Faculty.]

¹ For Andrew and Bethia Stewart Bursaries, see p. 403.

13, 14, 15, and 16. *Four John Clark (Mile-End) Bursaries*, annual value £30 each, tenable for four years, for Protestant students, sons or daughters of Protestant parents.

17. *Barbour (Kilbarchan) Bursary*, annual value £25, tenable for three years, open only to candidates not exceeding 18 years of age from Kilbarchan Public School.

18 and 19. *Two Biggart Memorial Bursaries*, annual value £25, tenable for four years, for students preparing for the Ministry of the United Free Church.

20. *Brand Bursary*, annual value £29, tenable for four years, for students preparing for the Ministry of the United Free Church.

21. *Browne (Ayrshire) Bursary*, annual value £22, tenable for four years, for natives of Ayrshire, or those who have been educated for not less than four years in Ayrshire.

22. *Buchanan (Bellfield) Bursary*, annual value £47, tenable through the whole curriculum, for students preparing for the Ministry of the Church of Scotland.

23. *Craig Bursary*, annual value £25, tenable for four years. Apply to W. H. Hill, LL.D., Clerk to the Merchants' House, Glasgow, before the fifteenth day of August.

24. *Archibald Craig Bursary*, annual value £9, tenable for two years, for students who are natives of Eaglesham or Mearns, or who for two consecutive years have attended school in either of these parishes.

25. *Denny Bursary*, annual value £30, tenable for four years, for students from Dumbarton Burgh Academy. [Tenable in any Faculty.]

26. *Duncan's Bute Bursary*, annual value £38, tenable for four years, for natives of Bute.

27. *James Ewing Entrance Bursary*, annual value £20, tenable for four years, for sons of Glasgow merchants. Apply to W. H. Hill, LL.D., Clerk to the Merchants' House, Glasgow, before the fifteenth day of August.

28. *Forrest Bursary*, annual value £22, tenable for one or more years, for students from New Monkland, Slamannan, or Shotts. See p. 357. Apply to Mr. G. B. Motherwell, Town Clerk, Airdrie, on or before the twenty-first day of July. [Tenable in any Faculty.]

29. *Forrester Bursary*, annual value about £20, tenable for three years, for natives of Leccropt or Dunblane Parish. Apply to A. B. Barty, LL.B., Writer, Dunblane, before the fifteenth day of August.

30, 31, and 32. *Three Fullarton of Overton Bursaries*, annual value £22 each, tenable for two years, for students under 25 years of age, from the district of Cunninghame, in Ayrshire. Subjects for Examination—Latin, Elementary Mathematics, and English.

33 and 34. *Two Glasgow City Educational Endowments Bursaries*, annual value £25 each, tenable for four years, for students from public or State-aided schools in Glasgow. Apply to Mr. W. H. Macdonald, Hutchesons' Buildings, Ingram Street, Glasgow, before the fifteenth day of August.

35 and 36. *Two Glasgow Highland Society's Bursaries*, annual value £20 each, tenable for three years, for students of Highland descent. Apply to Mr. Hugh Brown, C.A., 58 St. Vincent Street, Glasgow, on or before the tenth day of August.

37. *Hamilton Educational Trust Bursary*, annual value £20, tenable for three years, open to pupils attending public or State-aided schools in the Burgh and Parish of Hamilton. Apply to Mr. Patrick Keith, Writer, Hamilton, before the first day of August.

38. *Hannay Bursary*, annual value about £15, tenable for three years, for students preparing for the Ministry of any Evangelical Religious Denomination in Scotland. Apply to Mr. William Brodie, 77 St. Vincent Street, Glasgow, before the fifteenth day of August.

39 and 40. *Two Hill Bursaries*, annual value £20 each, tenable for three years, for students from public or State-aided schools under Govan School Board. Apply to Mr. Richard D. Donaldson, 155 Bath Street, Glasgow, before the fifteenth day of August.

41. *Two McCre Bursaries*, annual value £25, tenable for four years. For qualifications of candidates see p. 379. Apply to the Town Clerk of Ayr before the fifteenth day of August.

42, 43, 44, 45, and 46. *Five Hutchesons' Educational Trust Bursaries*, annual value £20 each, tenable for four years, for students who have attended for at least two years immediately preceding the competition, and completed the curriculum in the secondary department of Hutchesons' Grammar School. Apply to Mr. W. H. Macdonald, Hutchesons' Buildings, Ingram Street, Glasgow, before the fifteenth day of August.

47 and 48. *Two James Laing Bursaries*, annual value £25 each, tenable for four years, for students of either sex who have been educated for at least three years in a school or schools in Stirlingshire. Apply to Mr. William Jenkins, Writer, Denny, before the fifteenth day of August.

49. *James Lochhead Bursary*, annual value £17, tenable for three years. Preference to students of the name of Lochhead, whose parents are members of the Established Church of Scotland.

50. *Lochhead and Mitchell Bursary*, annual value £34, tenable for four years. Preference to students of the name Mitchell or Lochhead whose parents are members of the Established Church of Scotland.

51. *McCulloch Bursary*, annual value £18, tenable for four years, for students educated not less than three years at a school or schools in Greenock.

52. *Manderson Bursary*, annual value £15, tenable for three years, for students of either sex who are natives of the Lower Ward of Renfrewshire, or have been educated for three years in a school therein.

53, 54, 55, and 56. *Four Marshall Trust Bursaries*, annual value £30 each, tenable for four years, for students of either sex from public or State-aided schools in Lanarkshire or Stirlingshire. Apply to Mr. William Bunting, 111 Bath Street, Glasgow, before the fifteenth day of August.

57. *Merchants' House Bursary*, annual value £25, tenable for four years. Apply to W. H. Hill, LL.D., Clerk to the Merchants' House, Glasgow, before the fifteenth day of August.

58. *Pollock Bursary*, annual value £38, tenable for three years. Preference to candidates educated in Paisley.

59 and 60. *Two Pratt Bursaries*, annual value £20 each, tenable for four years, for students from the parishes of Wiston, Roberton, or Lamington. Apply to Messrs. Fyfe, MacLean & Co., 115 St. Vincent Street, Glasgow, before the fifteenth day of August. [Tenable in any Faculty.]

61. *Ramsay Walker Bursary*, annual value £15, tenable for four years, for students preparing for the Ministry of the Church of Scotland. Preference to kin of Founder; whom failing, to students named Walker; whom failing, to natives of Glasgow.

62. *William Whyte Bursary*, annual value £25, tenable for four years, open to students who have attended and completed the curriculum in the secondary department of Hutchesons' Grammar School. Apply to Messrs. Hill & Hoggan, 15 West George Street, Glasgow, on or before the fifteenth day of August. [Tenable also in Law or Medicine.]

63, 64, and 65. *Three James A. Paterson Bursaries*, annual value £30, £20, and £10 respectively, tenable for three years, for students preparing for the Ministry of the United Free Church. The subjects of examination are Greek and Hebrew, as detailed at page 396.

66. *Dr. James Paterson Bursary*, annual value £17, tenable for three years. The subjects of examination are Latin, Greek, Hebrew, and Logic, as detailed at page 396.

67. *James Thomson Bursary*, annual value £11, tenable for two years. The subjects of examination (*English Literature*) are: (a) Shakespeare, *Coriolanus*, *The Tempest*; (b) Pope, *Essay on Criticism*, *Essay on Man*; (c) Burke, *Speech on Conciliation with America*.

FOR STUDENTS ENTERING THE SECOND SESSION IN ARTS.

Nos. 8, 9, 11, 12, 20, 22, 26, 30, 31, 32, 47, 48, 63, 64, 65, 66, and 67, in the preceding list.

68. *Park General Council*, annual value £20, tenable for two years—open.

69. *Lorimer Bursary*, annual value £25, tenable for three years. The examination (three papers) will take place along with the Preliminary and Bursary Examination in Mathematics.

70. *Lorimer Bursary*, annual value £25, tenable for three years. Subjects of examination—1. *Logic*: (a) Descartes, *Meditations* (Veitch's translation); (b) Zeller's *Socrates and the Socratic Schools*, Part I. 2. *English Literature*: (a) Shakespeare, *Coriolanus*, *The Tempest*; (b) Pope, *Essay on Criticism*, *Essay on Man*; (c) Burke, *Speech on Conciliation with America*.

FOR STUDENTS IN ARTS WITHOUT RESTRICTION TO A PARTICULAR
SESSION.

71. *Monteith Bursary*, annual value about £15, tenable for three years. Open only to natives of Scotland¹ and sons of Scottish parents. Examination in German.

72. *Muir Junior Bursary in Mathematics*, annual value £8 10s., tenable for sessions 1911-12, 1912-13. The appointment will be determined by the results of the written examinations passed in the course of the session 1910-11 by the public students of the Ordinary Class of Mathematics.

73. *Muir Senior Bursary in Mathematics*, annual value £17, tenable for session 1911-12. The appointment will be determined by the results of the written examinations passed in the course of the session 1910-11 by the public students of the Intermediate Honours Mathematical Class.

74. *Laufine Bursary in Economic Science*, annual value £27, tenable for two years.

75. *Laufine Bursary in History*, annual value £27, tenable for two years.

76. *Laufine Bursary in Semitic Languages*, annual value £27, tenable for two years.

77. *James Ferguson Bursary in Classics*, annual value £100, tenable for two years. Preference, *ceteris paribus*, to natives of Lesmahagow or Muirkirk, or Pictou, Nova Scotia, and also to students of the name Ferguson or Weir, or to the kin of the Founder. The examination is the same as that for Honours in Classics.

2.—FELLOWSHIPS, SCHOLARSHIPS, ETC.

78. (*Sir Walter*) *Scott Scholarship*, annual value £80, tenable for two years. Open to Glasgow Masters of Arts. Examination in Classics and in English Literature (not Language) from Chaucer downwards.

79. *George A. Clark Scholarship in Mental Philosophy*, annual value £170, tenable for four years. Open to Glasgow Masters of Arts with Honours, or students presenting themselves for the M.A. degree with Honours in Mental Philosophy, but no student shall be eligible for the examination after the expiration of more than eight winter sessions from the time of his first entering a class qualifying for the M.A. degree.

80. *Armagh Bursary in Mental Philosophy*, annual value £52, tenable for two years in Theology, Law, or Medicine. Open to students who are presenting themselves for the final examination for the degree of M.A. with Honours in Mental Philosophy.

81. *William Ewing Fellowship in Mathematics and Natural Philosophy*, annual value £100, tenable for three years. Open to Glasgow Masters of Arts.

¹ Women students are not eligible.

82 and 83. *Two Breadalbane Scholarships in Mathematics and Natural Philosophy*, annual value £56, tenable for three years. Open to Glasgow Masters of Arts, or Bachelors of Science in Engineering Science, who have graduated within a period of not more than three years preceding the competition.

84. *Armagh Bursary in Mathematics and Natural Philosophy*, annual value £52, tenable for three years in Theology, Law, or Medicine. Open to students who are presenting themselves for the final examination for the Degree of M.A. with Honours in Mathematics and Natural Philosophy.

85. *Luke Fellowship in English*, annual value £95, tenable for three years. Open to Glasgow Masters of Arts. Honours examination in English (Language, Literature, and British History).

86. *John Clark (Mile-End) Scholarship in English*, annual value £50, tenable for four years. Open to all Protestant students of good moral character, sons or daughters of Protestant parents, and who have completed their curriculum in Arts in Glasgow University.

87. *John Clark (Mile-End) Scholarship in French and German* (see page 418), annual value £50, tenable for four years. Open to all Protestant students of good moral character, sons or daughters of Protestant parents, and who have completed their curriculum in Arts in Glasgow University.

88. *John Clark (Mile-End) Scholarship in Semitic Language and Literature*, annual value £50, tenable for four years. Open to all Protestant students of good moral character, sons or daughters of Protestant parents, and who have completed their curriculum in Arts in Glasgow University.

89. *Reid-Stewart Fellowship in Economic Science*, annual value £60, tenable for one year. Open to Glasgow Masters of Arts with Honours in History or in Economic Science, or students presenting themselves for the M.A. Degree with Honours in Economic Science.

90. *Gladstone Memorial Prize* of books to the value of £5 is open to graduates of this University who have taken the Degree of M.A. with Honours or to students presenting themselves in October, 1910, for examination for the Degree of M.A. with Honours in Economic Science, but no one whose Arts course began before session 1904-5 is eligible. See p. 449.

91. *Watson Historical Prize* of £50. Open to students presenting themselves in October, 1910, for the examination in the Honours Group of History. (See page 457).

92. *Luke Historical Prize* of £10, open to students who have attended, during Session 1909-10, any Greek or Latin class.

93. *Snell Exhibition*, total value £400, tenable for five years. (See p. 438.) Candidates must have been born in Scotland, or must be sons of fathers born in Scotland, and must "have resided as undergraduate students for two years at least in Glasgow College, or for one year in that College and two at least in some other College in Scotland."

94. *Newlands Scholarship*, annual value £83, tenable for four years. Awarded to the successful competitor for the Snell Exhibition.

95. *Thomas Logan Memorial Medal and Prize* will be awarded in June, 1911, to the graduate in Arts of the year 1910 who shall have obtained the highest marks in the Degree examinations.

DATES OF EXAMINATIONS.

The examinations for Bursaries Nos. 1 to 62 and 68 in the above list will commence on Friday, 9th September, at 9 a.m. The examination papers will be given in the following order, viz. :—

On Friday,	9th September,	9—11 a.m.,	English (1st paper).
		12—2 p.m.,	Higher Latin (1st paper).
On Saturday,	10th	9—11 a.m.,	English (2nd paper).
		12—2 p.m.,	Intermediate and Higher Mathematics (1st paper).
On Monday,	12th	9—11 a.m.,	Higher Latin (2nd paper).
		12—2 p.m.,	Intermediate and Higher Mathematics (2nd paper).
On Tuesday,	13th	9—11 a.m.,	Higher Greek (1st paper).
		12—2 p.m.,	French (1st paper).
		3—6 p.m.,	Applied Math. (Dynamics).
On Wednesday,	14th	9—11 a.m.,	Higher Greek (2nd paper).
		12—2 p.m.,	French (2nd paper).
		3—5 p.m.,	German (1st paper).
On Thursday,	15th	9—11 a.m.,	German (2nd paper).
On Friday,	16th	9—11 a.m.,	Celtic (1st paper).
		12—2 p.m.,	Celtic (2nd paper).
		3—6 p.m.,	English (additional paper).
On Saturday,	17th	9—11 a.m.,	Latin (1st additional paper).
		11—12 noon,	Latin (2nd additional paper).
		2—4 p.m.,	Greek (1st additional paper).
		4—5 p.m.,	Greek (2nd additional paper).
On Monday,	19th	9—12 noon,	Mathematics (additional paper).
		2—5 p.m.,	Applied Math. (additional paper).
On Tuesday,	20th	9—11 a.m.,	French (1st additional paper).
		12—2 p.m.,	French (2nd additional paper).
		3—5 p.m.,	Celtic (1st additional paper).
On Wednesday,	21st	9—11 a.m.,	German (1st additional paper).
		12—2 p.m.,	German (2nd additional paper).
		3—5 p.m.,	Celtic (2nd additional paper).

The examinations for Bursaries Nos. 63 to 66 will be held on Friday, 14th Oct., at 9 a.m., and Saturday, 15th Oct., at 2 p.m.; for Bursary No. 67, on Wednesday, 5th October, at 2 p.m.; for Bursary No. 69, on Saturday, 10th September, at 12 noon, Monday, 12th September, at 12 noon, and Monday, 19th September, at 9 a.m.; for Bursary No. 70, on Wednesday, 5th October, at 2 p.m., and Friday, 7th October, at 2 p.m.; and for Bursary No. 71, on Wednesday, 14th September, at 3 p.m., Thursday, 15th September, at 9 a.m., and Wednesday, 21st September, at 9 a.m. and 12 noon.

The examinations for the Bursaries, Scholarships, and Fellowships No. 77 and Nos. 78 to 89 inclusive, in the above list, will be held

along with the examinations for Honours in the several departments for the Degree of M.A. in September-October, 1910; for Nos. 93 and 94 in December, 1910, at dates to be fixed hereafter; and for the Prize No. 92 in January, 1911.

DATES FOR SENDING IN APPLICATIONS.

Candidates for the Bursaries Nos. 1 to 66 inclusive, 68, 69, and 71 are required to give in their names to the Assistant Clerk (Matriculation Office), not later than Tuesday, 23rd August; and for Bursaries Nos. 67 and 70, not later than Friday, 2nd September. A schedule, which is to be filled up by each candidate, may be obtained from the Assistant Clerk (Matriculation Office). Candidates for Bursaries No. 23, No. 27, and No. 57, must, besides, give in their names to W. H. Hill, LL.D., Clerk to the Merchants' House, before the fifteenth day of August; for No. 28, to Mr. G. B. Motherwell, Town Clerk, Airdrie, before the twenty-first day of July; for No. 29, to A. B. Barty, LL.B., Writer, Dunblane, before the fifteenth day of August; for No. 37, to Mr. Patrick Keith, Writer, Hamilton, before the first day of August; for No. 38, to Mr. William Brodie, 77 St. Vincent Street, before the fifteenth day of August; for Nos. 35 and 36, to Mr. Hugh Brown, C.A., 58 St. Vincent Street, before the tenth day of August; for Nos. 39 and 40, to Mr. R. D. Donaldson, 155 Bath Street, before the fifteenth day of August; for Nos. 33, 34, 42 to 46, to Mr. W. H. Macdonald, Hutchesons' Buildings, Ingram Street, before the fifteenth day of August; for Nos. 47 and 48 to Mr. William Jenkins, Writer, Denny, before the fifteenth day of August; for No. 41, to the Town Clerk of Ayr before the fifteenth day of August; for Nos. 53 to 56, to Mr. William Bunting, 111 Bath Street, before the fifteenth day of August; for Nos. 59 and 60 to Messrs. Fyfe, MacLean & Co., 115 St. Vincent Street, before the fifteenth day of August; and for No. 62, to Messrs. Hill & Hoggan, 15 West George Street, before the fifteenth day of August.

Candidates for the Fellowships, etc., Nos. 78 to 89 inclusive, and No. 77 are required to give in their names to the Assistant Clerk (Matriculation Office), not later than 2nd September; for No. 92 before 1st December, 1910; for Nos. 93 and 94 candidates are expected to inscribe their names in a book kept at the Clerk of Senate's office for the purpose, not later than the 1st November, 1910.

B.—FACULTY OF SCIENCE.

Open to Competition during Session 1910-11.

1. *Strang Bursary*, annual value £20. tenable for three years. Open to students of Engineering Science. Candidates undergo examination in four subjects which make up a complete Science Preliminary Examination, and are not required to take any of the additional papers set for the Arts Bursary Competition.

2. *Lloyd's Register Scholarship*, annual value £50, tenable for three years. Open to candidates intending to become students of Naval Architecture whose age does not exceed 23 years. A preference is given to a candidate who possesses a thorough grammatical knowledge of English, and of either French or German. In this connection candidates may take the papers set in these subjects in the Science Preliminary Examination. See p. 427.

3, 4, and 5. *Three Metcalfé Bursaries*, annual value £25, tenable for two years. Open to students entering the class of Chemistry or of Intermediate Honours Mathematics.

6. *Lorimer Bursary in Mathematics*—see No. 69 under Faculty of Arts.

7. *George Young Bursary*, value £38, tenable for one year, for students in the class of Civil Engineering. To be awarded in October, 1910, to the eligible candidate with the best record in the First Science Examination.

8 and 9. *Muir Bursaries in Mathematics*—see Nos. 72 and 73 under Faculty of Arts.

10 and 11. *Muir Bursaries in Civil Engineering and Mechanics*, each of annual value £13, tenable for session 1911-12. See p. 393.

12. *Mackinnon Scholarship in Natural History (with Comparative Anatomy)*, £60, tenable for one year. See p. 430.

13. *Robert Donaldson Scholarship in Biology*, £66, tenable for two years. See p. 419.

14. *Kirk Memorial Prize* of £14 for students completing Final Science Examination for B.Sc. on the side of Naval Architecture. See p. 451.

15. *Lindsay Burnet Silver Medal*, for a Thesis in Engineering. See p. 443.

The examinations for the Bursary No. 1 will be held at the same time as the Arts and Science Preliminary Examinations in September, 1910; for No. 2 on Saturday, 10th September, at 12 noon, on Monday, 12th September, at 12 noon, on Tuesday, 13th September, at 3 p.m., and on Monday, 19th September, at 9 a.m. and 2 p.m. (for the examination in Practical Shipbuilding, etc., a date will be fixed); for Nos. 3, 4, and 5, on Friday, 30th September, at 9 a.m. and 2 p.m., on Saturday, 1st October, at 9 a.m., and on Saturday, 8th October, at 9 a.m. and 2 p.m.; for No. 6 on Saturday, 10th September, at 12 noon, on Monday, 12th September, at 12 noon, and on Monday, 19th September, at 9 a.m. The examination for No. 12 (Mackinnon Scholarship) will begin on Tuesday, 4th October, at 9 a.m.

Names of Competitors to be given in to the Assistant Clerk (Matriculation Office), for Nos. 1, 2, and 6 on 23rd August, for Nos. 3, 4, and 5 on 2nd September, and for No. 12 on 6th September.

For the *Denny Bursary*, the 1851 *Exhibition Science Scholarships*, the *Dobbie Smith Gold Medal*, the *George Harvey Prize*, the *Kirk Memorial Prize*, the *G. R. Muirhead Prize*, and the *Walker Prizes*, see pages 352, 423, 447, 450, 451, 453, 457 respectively.

C.—FACULTY OF MEDICINE.

Section XIII. of University Court Ordinance No. XXVII. is as follows:

Bursaries open for competition to students entering on their first session of attendance in the Faculty of Medicine shall be tenable only by those students who have passed the Preliminary Examination in Medicine, or who have been exempted therefrom in accordance with the provisions of the Regulations for Degrees in Medicine, and who have not attended any class qualifying for graduation in Medicine: Provided always that the last-mentioned condition shall not be held to exclude a Candidate who may have attended the class of Physics, Chemistry, Botany, or Zoology, otherwise than as part of a graduation course in Medicine.

1. *Mackintosh Bursary*, annual value £31, tenable for one year. Open to medical students of either sex who have attended the Lectures on Insanity.

2 and 3. *Two Glasgow Highland Society Bursaries*, annual value of each £25, tenable for five years, for students of Highland descent. Apply to Mr. Hugh Brown, C.A., 58 St. Vincent Street, Glasgow, on or before 10th August.

4 and 5. *Two James A. Paterson Bursaries*, annual value £25 and £20 respectively, tenable for four years. Open to students entering on their first or second session of medical study. Examination in Mathematics and Applied Mathematics (including Dynamics).

6. *Davidson Bursary*, annual value £34, tenable for three years, will be awarded in accordance with the results of the First Professional Examination, a preference being given as stated at page 352.

7. *Lorimer Bursary*, annual value £25, tenable for three years. Open to medical students entering on their second winter session.

8. *Rainy Bursary*, annual value £20, tenable for two years. Open to students entering on their fourth session of medical study. See p. 400.

9. *John Monteith Bursary*, annual value £21, tenable for two years, will be awarded in November to the student who gains the highest number of marks in Anatomy and Physiology in March and October, 1910.

10. *Andrew Weir Bursary*, value £18, tenable for one year, will be awarded in November in accordance with results of Second and Third Professional Examinations.

11. *Junior Arnott Prize*, of about £15, for an examination in General Physics, open to students of the first and second years of their medical studies.

12. *Senior Arnott Prize*, of £25, for an examination in Physiological Physics, open to students of the third and fourth years of their medical studies.

13. *Brunton Memorial Prize*, of about £10, is given to the most distinguished graduate in Medicine of the year.

For the *Denny*, the *Hutchisons' Educational Trust*, the *Pratt*, the *William Whyte*, the *Armagh*, and the *James Ferguson Bursaries*, also tenable by students of Medicine, see Nos. 25, 42 to 46, 59, 60, 62, 80, 84, and 77, under Faculty of Arts. For the *Andrew and Bethia Stewart Bursaries*, see p. 403; and for the *McCunn Research Scholarships* tenable by graduates, see p. 429.

DATES OF EXAMINATIONS.

The examinations for the Bursary No. 1 in the above list will be held in June; for Nos. 2 and 3, at the same time as the Medical Preliminary, and on the same papers; for Nos. 4 and 5, on Saturday, 10th September, at 12 noon; Monday, 12th September, at 12 noon; Tuesday, 13th September, at 3 p.m.; Monday, 19th September, at 9 a.m. and 2 p.m.; for No. 7 on Monday, 3rd October, at 9 a.m. and 2 p.m.; on Tuesday, 4th October, at 9 a.m.; and for the Prizes Nos. 11 and 12, on Saturday, 8th October, at 2 p.m.

DATES FOR SENDING IN APPLICATIONS.

Candidates for the Bursaries Nos. 2 to 5 and 7 are required to give in their names to the Assistant Clerk (Matriculation Office), not later than 23rd August; and for Prizes 11 and 12, not later than 2nd September.

D.—FACULTY OF LAW.

1. *Major Young's Fund Bursary*, annual value £26, tenable for six years. See p. 410.

2. *Major Young's Fund Bursary*, annual value £26, tenable for two years. See p. 410.

Competitors for Nos. 1 and 2 are required to attend the Arts Preliminary and Bursary Examination. For subjects and times see pp. 458-60, 466.

3. *Robert Macfarlane Bursary*, annual value about £33, for proficiency in Scots Law, tenable during session 1911-12. See p. 383.

4. *Robert Macfarlane Bursary*, annual value about £33, for proficiency in Conveyancing, tenable during session 1911-12. See p. 383.

5. *Andrew Cunninghame Bursary*, value about £37, tenable for one year, for proficiency in Scots Law. See p. 351.

6. *Andrew Cunninghame Bursary*, value about £37, tenable for one year, for proficiency in Conveyancing. See p. 351.

7. *Walkinshaw Young Bursary*, annual value £18, tenable for two years, open to students who, since 1st Dec., 1908, have at an examination in Arts for the Degree of B.L. passed in two Arts subjects, or have at one examination passed in any two subjects for the Degree of M.A. Applications, containing a statement of any distinctions gained, to be lodged with the Clerk of Senate not later than 1st December, 1910.

Names of Candidates for the Bursaries Nos. 1 and 2 are to be given in to the Assistant Clerk (Matriculation Office), not later than 23rd August, and for Nos. 3 to 6 not later than 3rd March.

For the *Denny*, the *Hutchesons' Educational Trust*, the *Pratt*, the *William Whyte*, the *Armagh*, and the *James Ferguson Bursaries*, also tenable by students of Law, see Nos. 25, 42 to 46, 59, 60, 62, 80, 84, and 77, under Faculty of Arts. For the *Andrew and Bethia Stewart Bursaries*, see p. 403.

E.—FACULTY OF THEOLOGY.

Open to Competition during Session 1910-1911.

1. *John Adam Bursary*, annual value £18, tenable for four years. Open to students of Theology of the first year.

2. *Hastie Bursary*, annual value £27, tenable for three years. Open to students of Theology of the first year who are Masters of Arts of any Scottish University, or who have passed all the examinations for graduation in Arts.

3. *Leighton Bursary*, annual value £18, tenable for three years. Apply to the Town Clerk, City Chambers, Glasgow, not later than 15th August. See p. 375.

4. *Logan Bursary*, annual value £16, tenable for three years. Open to students of Theology of the first year.

5. *Lorimer Bursary*, annual value £25, tenable for three years. Open to students entering the Divinity Hall.

6. *James Macfarlane Bursary*, annual value £35, tenable for three years. Open to students of Divinity of the first year who hold a degree in Arts of any Scottish University, or who have passed their examinations in any four subjects taken out of at least two departments for graduation in Arts. Preference to the name Macfarlane.

7. *William Muir Divinity Bursary*, annual value £25, tenable for two years. Open to candidates who have passed the examination of the Examining Board for entrance to the Divinity Hall of the University. Apply to Mr. W. H. Macdonald, Hutchesons' Buildings, Ingram Street, Glasgow, not later than 3rd October.

8 and 9. *Two King William's Bursaries*, annual value £20 each, tenable for three years. Open to all students who are Masters of Arts, or who have passed all the examinations necessary for graduation in Arts, and who are entering on their first year of attendance on a course of study in the University for graduation in Divinity.

10. *Black Theological Fellowship*, annual value £147, tenable for two years. Open to Masters of Arts from any of the Universities of Scotland who shall complete the ordinary curriculum of Theological study in the University of Glasgow in March, 1911, or who shall have completed that curriculum in any of the three preceding years. See p. 413.

11. *The Jamieson Prize*, value about £10 sterling, for examination in the subjects of the second department for the degree of B.D. Open to students who shall complete the ordinary curriculum of Theological study in the University of Glasgow at the close of session 1910-11, or who shall have completed their course at the close of the session immediately preceding.

12. *The Findlater Scholarship Prize*, value about £38 sterling, for examination in the subjects of the first department for the degree of B.D. Open to students who shall complete the ordinary curriculum of Theological study in the University of Glasgow at the close of session 1910-11, or who shall have completed their course at the close of the session immediately preceding.

13. *The Macfarlan and Cook Testimonial Prize*, of £21, open to Theological students of three years' standing. Examination in Greek, Moral Philosophy, Hebrew, Church History, and Divinity.

14 and 15. *Dowanhill Prizes*, one of £20, and the other of £10, for Elocution. Open to students of Divinity of the third year.

For the *Armagh* and the *James Ferguson Bursaries*, also tenable by students of Divinity, see Nos. 80, 84, and 77 under Faculty of Arts.

DATES OF EXAMINATIONS.

The examinations for Nos. 1 to 9 inclusive, in the above list, will be held on Friday, 14th October, and Saturday, 15th October, at 9 a.m. each day; for Nos. 10 and 12 on Wednesday, 12th October, and Thursday, 13th October, 1910, at 9 a.m. each day; and for No. 11 on Friday, 24th March, and Saturday, 25th March, 1911, at 9 a.m. each day.

SUBJECTS OF EXAMINATION.

Candidates for Bursaries Nos. 1 to 9 inclusive may select any seven out of the nine subjects in the following list, but candidates for No. 1 must not in making their selection leave out any of the first six subjects:—

LATIN.—Vingil, *Acacid XII.*; Translation from English into Latin.

GREEK.—The Gospel according to John.

LOGIC.—Jevons, *Elementary Lessons in Logic*.

MORAL PHILOSOPHY.—Mackenzie's *Manual of Ethics*, 4th ed., pp. 1-273.

MATHEMATICS.—Euclid, Books I., II., III. Algebra to Quadratic Equations, inclusive.

NATURAL PHILOSOPHY.—Deschanel, *Physics*, Part I.

ENGLISH.—Morley, *First Sketch of English Literature*, Chapter XIII. A short essay will be prescribed.

HEBREW.—Book of Genesis.

HISTORY.—Robertson's *History of Charles V.*, omitting Book I.

The subjects of examination for Nos. 10 and 12 are the same as for the First Department of the Degree of Bachelor of Divinity, with additional subjects in the case of No. 10; and for No. 11 are the same as for the Second Department.

The subjects of examination for the Prize No. 13 for Session 1910-11 are as follows:—

GREEK.—Euripides, *Medea*.

DIVINITY.—Biblical Theology.—The Epistle to the Galatians.

HEBREW.—Isaiah xl—lv.

CHURCH HISTORY.—The Life of Hildebrand.

MORAL PHILOSOPHY.—Butler's *Analogy*, Part I.

DATES FOR SENDING IN APPLICATIONS.

Candidates for Nos. 1 to 10 inclusive and No. 12 are required to give in their names to the Assistant Clerk (Matriculation Office), not later than 3rd October, 1910; for No. 11, not later than 3rd March, 1911; for the Prize No. 13 to the Professor of Divinity, not later than 1st November, 1910; and for the Prizes Nos. 14 and 15, to the Professor of Divinity, not later than 3rd March, 1911.

5.—PATRONAGE BURSARIES, 1910-11.

A.—FACULTY OF ARTS.

Appointments to the following Bursaries in the gift of Patrons, including bodies corporate and not corporate, fall to be made before the opening of session 1910-11. Candidates are required to present themselves for the Arts Preliminary Examinations, and for this purpose their names must be given in to the Assistant Clerk (Matriculation Office), on or before 23rd August.

1. *Dundonald Bursary*, see page 354.
2. *Hamilton Bursary*, see page 365.
3. *Leadbetter Bursary*, see page 375.
4. *Williams Bursary*, see page 409.

B.—FACULTY OF THEOLOGY.

1. *Boyd and Sanders Bursary*, see page 344.
2. *Dundonald Bursary*, see page 354.
3. *Hamilton Bursary*, see page 365.

N.B.—For information regarding the Auld Bursary and the Sharp Bursary in the gift of the Presbytery of Perth for students preparing for the ministry of the Church of Scotland, apply to the Clerk of the Presbytery, the Rev. John Ferguson, B.D., Aberdalgie, Perth.

OTHER VACANT BURSARIES (see alphabetical order, p. 339 onward): James Adam (Arts); Glasgow Ayrshire Society (any Faculty); Franco-Scottish Society (Arts); John Gibson (Med.); MacDougall (Arts); Mackie Knockgerran (Theology); Maitland Club (any Faculty); Menzies (Arts); A. and B. Stewart (Arts, Law, Medicine).

6.—UNIVERSITY PRIZE ESSAYS.

FOR SESSION 1910-11.

1. In Mental Philosophy, the UNIVERSITY SILVER MEDAL, for the best essay on "Modern Realism." All students of the Classes of Logic, Moral Philosophy, or English Literature, in Session 1909-10 or 1910-11, may be competitors.

2. The EWING GOLD MEDAL for the best essay on "Ireland under King Charles I., with special reference to the Administration of the Earl of Strafford." All matriculated students of the University in Session 1910-11 may be competitors.

3. A COULTER PRIZE OF FIVE POUNDS, for the best essay on "The Relation between Doctrine and Ethics."

4. A COULTER PRIZE OF FIVE POUNDS, for the best essay on "Sicily in the Fourth Century B.C."

For the Coulter Prizes all matriculated students of the University in Session 1910-11 may be competitors.

5. The HENDERSON PRIZE OF TWENTY GUINEAS, for the best essay on "The Industrial and Social Value of the Christian Sabbath." All matriculated students of the University in Session 1910-11, and all Masters of Arts who graduated in November, 1905, or thereafter, may be competitors.

6. THE DOBBIE-SMITH GOLD MEDAL, for the best description and illustration of the external characters, structure, development, and processes of reproduction, with drawings and specimens, of any one of the following plants, viz., the common mustard, the sycamore, and barley. All matriculated students of Session 1910-11 may be competitors. Essays to be given in to the Principal on or before 1st December, 1910.

The essays, with the exception noted above (No. 6), must be given in to the Principal on or before Monday, 31st October, 1910, after which day none can be received. Each must be distinguished by two mottoes, and accompanied by a sealed letter bearing on the outside the same mottoes, and containing a declaration subscribed by the author that the essay is entirely of his own composition. All quotations in the essays must be carefully marked, and accurate references to their respective authorities given in the notes. The Senate reserves the power of withholding the prize for any subject, if none of the essays on that subject reaches a sufficiently high standard of merit.

GARTMORE GOLD MEDAL IN SESSION 1911-12.

The subject for the essay in the competition for the Gartmore Gold Medal, open to matriculated students in Session 1911-12, will be "The Growth of Civil Liberty in Britain since the French Revolution."

DOBBIE-SMITH GOLD MEDAL IN SESSION 1911-12.

The subject will be the same as that given above. Essays to be given in to the Principal on or before 1st December, 1911.

XI:—HONOURS LIST.

NAMES OF GRADUATES WITH HONOURS SINCE THE YEAR 1827.

BACHELORS OF ARTS (B.A.).

* The asterisks indicate Special Distinction in the subjects to which they are prefixed.

BACHELORS OF SCIENCE (ENGINEERING).

Ordinance No. 23, Section xiii. (1889).

The *Italics* denote Graduates on the Naval Architecture side.

The SMALL CAPITALS denote Graduates on the Mining side.

		<i>With Special Distinction in</i>
1895	<i>Daniel Chaplin Nutting.</i>	
„	Adam Gowans Whyte.	
1896	Oliver Styles.	
„	James Muir,	(Engineering and Drawing. Astronomy and Geodesy.
1897	John Frederick Black.	
„	James Henry Grieve.	
„	Peter Lowe.	
1898	Andrew Dunn.	
„	James Weir French.	
„	<i>James Paton.</i>	
„	Owen Richard Williams.	
„	Archibald Morven Macmillan, . . .	(Mathematics. Natural Philosophy. Engineering and Drawing.
„	Hugh Wallace,	(Mathematics. Engineering and Drawing.

DOCTORS OF MEDICINE (M.D.) (*N.R.*)

- 1876 ¹Gardner, William, M.B., England.
- 1877 ¹Turner, William Y., M.B., Scotland. Thesis, "The Ethnology of the Motu."
- 1879 ¹Fleming, William James, M.B., Scotland. Thesis, "The Dicrotic Notch in Pulse Tracings."
- 1880 ¹Oliver, Thomas, M.B., Scotland. Thesis, "Hereditv viewed in its relation to Responsibility."
- 1880 ¹Bryce, James, M.B., Scotland. Thesis, "That Mankind originated as a Common Family—most probably on a Continent in the Indian Ocean—certainly within the Tropics."
- 1881 ¹Adams, James Alexander, M.B., Scotland. Thesis, "Anatomical Relation between Abscess of Brain and Aural Disease."
- 1881 ¹Stewart, Alexander, M.B., Scotland. Thesis, "History of a Personal Attack of Typhoid Fever."
- 1881 ¹Drummond, James, M.B., Scotland. Thesis, "Sea Sickness: its Etiology, Symptoms, and Treatment."
- 1881 ¹Macphail, Donald, M.B., Scotland. Thesis, "Chemical Investigations on the Degenerative Changes in Diseased Bone."
- 1882 ¹Cairns, David, M.B. Thesis, "An Outbreak of Pyæmia."
- 1882 ¹Adam, Thomas Pate, M.B., Scotland. Thesis, "The Pathology and Etiology of Elephantoid Disease."

¹Commended for Thesis.

- 1882 ¹ Rankin, Guthrie, M.B., Scotland. Thesis, "Puerperal Fever."
- 1883 ¹ Inglis, David Wood, M.A., M.B., Scotland. Thesis, "On the Prevention of Lead Poisoning among Workers in White Lead Factories."
- 1883 ¹ Newman, David, M.B., Scotland. Thesis, "Displacements of the Kidney."
- 1884 ¹ Lawrie, J. Macpherson, M.B., Scotland. Thesis, "On some Symptoms of Locomotor Ataxy."
- 1884 ¹ Allan, Robert, M.B., Scotland. Thesis, "Dermoid Cysts."
- 1884 ² Middleton, George S., M.A., M.B., Scotland. Thesis, "On the Pathology of Pseudo-Hypertrophic Muscular Paralysis."
- 1884 ² Steven, John Lindsay, M.B., Scotland. Thesis, "The Pathology of Suppurative Inflammations of the Kidneys."
- 1885 ² Mackay, John Yule, M.B., Scotland. Thesis, "The Origin and Development of the Larger Arteries."
- 1885 ¹ Macvie, William, M.B., Scotland. Thesis, "Atrophic Infantile Paralysis."
- 1885 ¹ Dougal, James, M.B., Scotland. Thesis, "Puerperal Pyrexia."
- 1886 ¹ Lawrie, William John, M.B., Scotland. Thesis, "Pathological Formations of the Skin."
- 1886 ² Somerville, William Francis, M.A., B.Sc., M.B., Scotland. Thesis, "Urosemiotic; the Pathological Chemistry of the Urine, the complete Quantitative Analysis of the Urine; a valuable aid to Clinical Diagnosis."
- 1886 ² Stewart, Robert Sloss, M.B., Scotland. Thesis, "Observations on the Spinal Cord in the Insane."
- 1886 ¹ Rankin, Alexander, M.B., Scotland. Thesis, "Cerebral Cases, with remarks."
- 1886 ¹ Auld, Alexander Gunn, M.B., Scotland. Thesis, "Studies in Materia Medica."
- 1887 ¹ Chalmers, Archibald Kerr, M.B., Scotland. Thesis, "The Temperature Curve of Specific Fevers."
- 1887 ¹ Neilson, Henry John, M.B., Scotland. Thesis, "On the observation of the pupil as a guide in the administration of Chloroform."
- 1887 ¹ Brown, John, M.B., Scotland. Thesis, "Maternal Impressions."
- 1887 ¹ Love, John, M.B., Scotland. Thesis, "Three Cases of Cortical Epilepsy considered in relation to the localization of the discharging lesion."
- 1888 ¹ Finlay, David, M.B., Scotland. Thesis, "Clinical Observations on Epileptic Insanity."
- 1888 ¹ Love, James Kerr, M.B. Thesis, "The Limits of Hearing."
- 1888 ¹ Macpherson, Charles, M.B., Scotland. Thesis, "Plural Pregnancies."
- 1888 ¹ Wallace, William, M.B., Scotland. Thesis, "The Field of Vision: with special reference to its Anomalies in Diseases of the Nervous System."
- 1889 ¹ Christie, William Walls, M.B., C.M., Scotland. Thesis, "The Outbreak of Febrile Disease in St. Mary's Roman Catholic Industrial Schools, Glasgow, March 1888: its Clinical Features and Nature."
- 1889 ¹ Kelly, James Kellock, M.B., Scotland. Thesis, "Private Obstetric Practice: an analysis of 3000 consecutive cases."
- 1889 ¹ Mackenzie, William James, M.B., India. Thesis, "The effects of the conditions of London Life on the Nervous System: with remarks on the treatment."
- 1889 ¹ Hinshelwood, James, M.A., M.B., Scotland. Thesis, "A Clinical Study of Syphilitic Diseases of the Nervous System."
- 1890 ¹ Anderson, John Alexander, M.B., Scotland. Thesis, "On Tetanus: with a record of six cases."
- 1890 ¹ Bankier, Alexander Milne, M.B., England. Thesis, "Influenza."
- 1891 ¹ Smith, John Macdowal, M.B., Scotland. Thesis, "The Disposal of Sewage and City Refuse."
- 1891 ³ Rhodes, Hugh, M.B., C.M., England. Thesis, "Koch's Treatment in Phthisis and Lupus."
- 1891 ¹ Pannatyne, Gilbert Alexander, M.B., C.M., Scotland. Thesis, "The Treatment of Diphtheria by the Injection of the Erysipelas Albumose."

¹ Commended for Thesis.² Highly Commended.³ With Honours.

- 1891 ¹ M'Gregor, Andrew Nicholson, M.B., C.M., Scotland. Thesis, "Some Notes on the Repair of Bone, with special reference to Transplantation and other Artificial Aids."
- 1891 ¹ Ramsay, Andrew Maitland, M.B., C.M., Scotland. Thesis, "Exophthalmic Goitre."
- 1891 ¹ Johnstone, John Carlyle, M.B., C.M., Scotland. Thesis, "Some Notes on the use of Sulphonal."
- 1892 ¹ Highet, Hugh, M.B., C.M., Scotland. Thesis, "The Bronchipneumonia of Influenza, as it occurs in the Adult Subject."
- 1892 ¹ Park, Alexander Glen, M.B., C.M., Scotland. Thesis, "Defects of Speech."
- 1893 ¹ Lang, Hugh, M.B., C.M., Scotland. Thesis, "Empyema, with Notes on a Series of Cases."
- 1893 ¹ Gillies, Hugh Cameron, M.B., C.M., Scotland. Thesis, "The Theory of Counter-irritation."
- 1893 ² Carslaw, John Howie, M.A., M.B., C.M., Scotland. Thesis, "On the severer forms of Scarlet Fever, with special reference to Antipyretic Methods of Treatment."
- 1893 ¹ Adam, Robert Hillhouse, M.A., M.B., C.M., Scotland. Thesis, "Observations on some Enteric Fever Epidemics."
- 1893 ¹ Bryce, Alexander, M.B., C.M., Scotland. Thesis, "Sanitation in Dairy Farms in relation to diseases attributable to Cows' Milk."
- 1893 ¹ Dunlop, Alexander Watson, M.A., M.B., C.M., Scotland. Thesis, "A recent Epidemic of Smallpox, with some remarks on Re-vaccination."
- 1893 ¹ Gemmell, William, M.B., C.M., Scotland. Thesis, "On the Treatment of Phthisis by a long Sea Voyage in a sailing ship."
- 1893 ¹ Watson, William, M.B., C.M., Scotland. Thesis, "The Prevention and Treatment of Diphtheria."
- 1894 ¹ Johnston, John M'Cubbin, M.A., M.B., C.M., Scotland. Thesis, "The Prognosis of Acute Lobar Pneumonia in the Pauper Class."
- 1894 ² Jack, William Robert, B.Sc., M.B., C.M., Scotland. Thesis, "Observations on the Analysis of Voluntary Muscular Movements by certain new Instruments."
- 1895 ¹ Abercrombie, Peter Henderson, M.B., C.M., Scotland. Thesis, "Turbinotomy in Nasal Stenosis: Analysis and Notes of 66 cases."
- 1895 ² Monro, Thomas Kirkpatrick, M.A., M.B., C.M., Scotland. Thesis, "Essays in Neurology; Historical and Clinical."
- 1895 ¹ Banks, Charles, M.B., C.M., Scotland. Thesis, "Observations on Epidemics of Cholera in India with a special reference to their immediate connection with pilgrimages."
- 1895 ¹ Bell, Andrew Lees, M.B., C.M., Scotland. Thesis, "The Influence of a previous sire, and its relations to maternal impressions."
- 1895 ¹ Campbell, Finlay Stewart, M.B., C.M., Scotland. Thesis, "Paroxysmal Haemoglobinuria: its treatment with special reference to the arrest of the Paroxysm by Quinine."
- 1895 ¹ Charles, John, M.B., C.M., Scotland. Thesis, "A contribution to the Meteorology of Sporadic Pneumonia."
- 1895 ¹ Macgregor, John, M.B., C.M., Scotland. Thesis, "On Paralysis following Diphtheria in Children."

- 1897 ¹ Wylie, Richard John, M.B., C.M., Scotland. Thesis, "Pneumonia, with notes on twenty-nine cases."
- 1898 ¹ McKenzie, Daniel, M.B., C.M., Scotland. Thesis, "Endemic Goitre, with particular reference to its occurrence in Lanarkshire, and to its Etiology."
- 1898 ¹ Bell, Robert Gordon, M.B., C.M., Scotland. Thesis, "Enteric Studies, chiefly in Aberrant Types."
- 1898 ^{2,3} Findlay, John Wainman, M.B., C.M., Scotland. Thesis, "The Choroid Plexuses of the Lateral Ventricles, their Anatomy, Functions, and Pathology (in relation specially to Insanity)."
- 1898 ¹ Wilson, James Dunlop Octavus, M.B., C.M., Scotland. Thesis, "Adenoid Vegetations in the Nasopharynx; a Clinical and Pathological Study of 214 Cases."
- 1898 ¹ Biernacki, John Thomson, M.B., C.M., India. Thesis, "Secondary Microbic Invasion occurring in the course of the Commoner Fevers."
- 1898 ¹ Thomson, Henry Hyslop, M.B., C.M., Scotland. Thesis, "Epilepsy: a theory as to its probable cause, with some remarks regarding its relation to Insanity and Hysteria."
- 1898 ¹ Webster, Alfred, M.B., C.M., England. Thesis, "Cardiac Inhibition in relation to Cerebral Anæmia and Epileptiform Crises."

¹ Commended for Thesis.² With Honours.³ Gained a Bellahouston Gold Medal.

- 1899 ¹ Marshall, Campbell Samson, M.B., C.M., Scotland. Thesis, "Antistreptococcus Serum; its application in the treatment of Scarlatina Anginosa."
- 1899 ¹ Primrose, Edward James, M.A., M.B., C.M., Scotland. Thesis, "Notes on the Method and on the Diagnostic Value of the Serum Reaction (Widal's Test) in Enteric Fever; with a record of 149 examinations of Serum made in 57 cases of Enteric Fever, and in 22 other cases."
- 1899 ²³ Hawthorne, Charles Oliver, M.B., C.M., England. Thesis, "Studies in Clinical Medicine."
- 1899 ¹ Blair, David, M.A., M.B., C.M., Scotland. Thesis, "Acromegaly with Insanity."
- 1899 ¹ Gordon, John, M.B., C.M., Scotland. Thesis, "Tuberculin: as a remedy for Lupus, and its position as a Therapeutic Agent in the treatment of Phthisis Pulmonalis."
- 1899 ¹ Kerr, Hugh, M.A., M.B., C.M., Scotland. Thesis, "Recurrent Insanity."
- 1899 ¹ Scott, Robert, M.B., C.M., Australia. Thesis, "A review of Hydatid Disease in Australasia during the decennial period 1888-97."
- 1899 ²³ M'Kendrick, John Souttar, M.B., C.M., Scotland. Thesis, "Zymolysis of Tissue, Physiological and Pathological, with a historical *résumé* of the nature and action of Enzymes."
- 1899 ²³ Scobie, William, M.A., B.D., M.B., C.M., Scotland. Thesis, "The agglutinating reaction in Enteric Fever, with special reference to Prognosis."
- 1899 ¹ Gray, John Gilchrist, M.B., C.M., Scotland. Thesis, "Albuminuria and Nephritis occurring in connection with Scarlet Fever in combination with Varicella, the Varicella occurring during the acute stage or during the period of convalescence."
- 1899 ¹ Macharg, William Edgar, M.B., C.M., Scotland. Thesis, "An analytical account of fifty-seven cases of Puerperal Infection."
- 1899 ¹ Ormond, James Service, M.B., Ch.B., Australia. Thesis, "Some results of treatment as illustrated by the Sphygmograph."
- 1900 ²³ James Fairlie Gemmill, M.A., M.B., C.M., Scotland. Thesis, "A Teratological Study."
- 1900 ¹ James Adam, M.A., M.B., C.M., Scotland. Thesis, "Remarks on the nature and treatment of Asthma."
- 1900 ¹ William Carrick Allan, M.B., C.M., Scotland. Thesis, "Extra-Uterine Pregnancy."
- 1900 ¹ John Laird Yuill, M.B., C.M., Scotland. Thesis, "On the Mental Deterioration in Epilepsy and Hemiplegia."
- 1900 ¹ Leslie Buchanan, M.B., C.M., Ireland. Thesis, "Cyclitis: a Study of the inflammatory exudates into the vitreous body in cases of Cyclitis."
- 1900 ¹ Malcolm Alexander McIntyre Sinclair, M.B., C.M., England. Thesis, "A Study in Aphasia, with special reference to some of its transitory manifestations."
- 1900 ¹ Annie Louise M'Iroy, M.B., Ch.B., Ireland. Thesis, "Tubal Gestation: its pathology and diagnosis, as illustrated by the record of twenty-two cases."
- 1901 ¹ Alfred George Newell, M.B., C.M., India. Thesis, "Insanitary Areas and Houses in Bombay and their relation to Plague, with schemes for improvement of Areas."
- 1901 ²³ David Louis Cairns, M.B., Ch.B., Scotland. Thesis, "Researches on the agglutinating and prophylactic properties of Blood Serum in cases of Plague, with observations on the haematology and bacteriology of the disease."
- 1901 ¹ John Aitken, M.B., Ch.B., Scotland. Thesis, "Blood Counts in the New Born."

¹ Commended for Thesis.² With Honours.³ Gained a Bellahouston Gold Medal.

- 1901 ¹ Arthur James Ballantyne, M.B., Ch.B., Scotland. Thesis, "Affections of the Eye due to injury by blunt objects."
- 1901 ¹ George Coats, M.B., Ch.B., Scotland. Thesis, "Unilateral Haemorrhagic Retinitis and Haemorrhagic Glaucoma."
- 1901 ¹ John Henderson, M.B., Ch.B., Scotland. Thesis, "Observations on the Maternal Blood at term and during the puerperium."
- 1901 ¹ James Donald Rae Monro, M.A., M.B., C.M., Scotland. Thesis, "A study of Appendicitis in general practice, with an analysis of thirty-six cases."
- 1902 ²³ Alexander Robert Ferguson, M.B., C.M., England. Thesis, "The Leucocytosis of Variola, with a study of the haematopietic organs in the disease, and also of the lesions of the skin."
- 1902 ¹ Andrew Wilson, M.B., C.M., Scotland. Thesis, "A clinical study of the relation of Syphilis to Diseases of the Eye."
- 1902 ¹ Andrew Colville Wilson, B.Sc., M.B., C.M., Scotland. Thesis, "The Medullated Fibres of the Cerebral Cortex."
- 1903 ²³ George Lamb, M.B., C.M., Scotland. Thesis, "On the action of the venoms of the Cobra (*Naja Tripudiana*) and of the Daboia (*Daboia Russellii*) on the red blood corpuscles and on the blood plasma."
- 1903 ²³ William Glen Liston, M.B., Ch.B., India. Thesis, "Aetiology of Malaria."
- 1903 ¹ Charles Campbell Cuthbert, M.A., M.B., Ch.B., Scotland. Thesis, "A clinical study of Renal cases."
- 1903 ¹ James M'Haffie, M.B., Ch.B., Scotland. Thesis, "On the complications occurring in 600 consecutive cases of Scarlatina."
- 1903 ¹ Jean Effie Prowse, M.B., Ch.B., England. Thesis, "The relation of Vesicular Mole to Chorion Carcinoma."
- 1903 ²³ John Hammond Teacher, M.A., M.B., C.M., Scotland. Thesis, "On Chorion-epithelioma and the occurrence of Chorionepitheliomatous and Hydatidiform Mole-like structures in Teratomata: a Pathological and Clinical study."
- 1903 ¹ George Morris Crawford, M.B., Ch.B., Scotland. Thesis, "Nitrogen Excretion in Diphtheria."
- 1903 ¹ Reginald Nairn Dunlop, M.B., Ch.B., Scotland. Thesis, "An Analysis of fifty cases of Eclampsia."
- 1903 ¹ Arthur Robin, M.B., Ch.B., Scotland. Thesis, "A contribution to the Haematology of Puerperal Fever, with some observations on the influence of the intravenous injection of Antistreptococcic Serum."
- 1903 ¹ Donald Sage Sutherland, M.B., Ch.B., Scotland. Thesis, "An investigation into the specific Etiology of Scarlet Fever."
- 1903 ¹ Malcolm Watson, M.B., C.M., Scotland. Thesis, "The effect of Drainage and other Measures on the Malaria of Klang, Federated Malay States."
- 1904 ¹ Adam Brown Kelly, M.B., C.M., D.Sc., Scotland. Thesis, "Contributions to the Pathology and Diagnosis of certain Affections of the Antrum of Highmore."
- 1904 ¹ Daniel Macpherson Taylor, M.A., M.B., C.M., Scotland. Thesis, "Sympathetic Ophthalmitis after Preventive Enucleation."
- 1904 ¹ Ernest Alexander Walker, M.A., M.B., C.M., Scotland. Thesis, "Ten Successive Laparotomies: their History, Clinical Aspects, and Technique."
- 1904 ²³ Harry Egerton Brown, M.B., Ch.B., Scotland. Thesis, "The Brain in Idiocy."
- 1904 ²³ Edward Provan Cathcart, M.B., Ch.B., Scotland. Thesis, "On the occurrence of Antibodies to Ferments in the Normal Blood Serum, with special reference to Antitrypsine."

¹ Commended for Thesis.² With Honours.³ Gained a Bellahouston Gold Medal.

- 1904 ¹ Leonard Findlay, M.B., Ch.B., Scotland. Thesis, "Clinical and Pathological Study of a case of General Tuberculosis, complicated by the presence of Ganglionic Neurogliomata in the Brain, and a Peculiar Vacuolar Degeneration of the Myocardium."
- 1904 ¹ James Dunlop Mickley, M.B., Ch.B., England. Thesis, "The Human Sternum."
- 1904 ¹ Andrew Love, M.B., Ch.B., Scotland. Thesis, "An Investigation into the Leucocytosis of Typhus Fever, with observations on the changes present in the bone marrow, spleen and lymphoid tissues."
- 1904 ¹ Murdoch Macdonald, M.B., Ch.B., Scotland. Thesis, "A Report on the Clinical and Bacteriological Features of Vincent's Angina, with Notes of Cases."
- 1904 ¹ Walter Lewis Thomson, M.B., Ch.B., Scotland. Thesis, "Bacteriological Investigation of a School Outbreak of Diphtheria, with special reference to the Hoffmann Bacillus."
- 1905 ² William Herbert Brown, M.B., Ch.B., Scotland. Thesis, "A Clinical Study of the Glycogenic Reaction in Blood."
- 1905 ² John James Buchan, M.B., Ch.B., Scotland. Thesis, "Bacteriuria in Enteric Fever."
- 1905 ^{2,3} Edward Seymour Chapman, M.B., Ch.B., England. Thesis, "A Histological Study of the Kidney in Scarlatina."
- 1905 ^{2,3} Thomas Divine, M.B., C.M., Scotland. Thesis, "An Inquiry into Infantile Mortality, with special reference to its Causation and Prevention."
- 1905 ^{2,3} William Barr Inglis Pollock, M.B., Ch.B., Scotland. Thesis, "A Bacteriological and Clinical Study of Conjunctivitis."
- 1905 ¹ George Balfour Eadie, M.B., Ch.B., Scotland. Thesis, "Tuberculosis of the Myocardium."
- 1905 ¹ Donald McFarlane Livingstone, M.B., Ch.B., Scotland. Thesis, "Traumatic Ulcer of the Cornea."
- 1905 ¹ Robert Macnab Marshall, M.B., Ch.B., Scotland. Thesis, "A Clinical and Pathological Study of an unusual case of Progressive Muscular Dystrophy—type facio-scapulo-humeral—with special reference to its Nosology and Pathogeny."
- 1905 ¹ Allan Martin, M.A., B.Sc., M.B., Ch.B., Scotland. Thesis, "The Field of Vision, with special reference to Bjerrum's Screen, with accompanying Charts."
- 1905 ¹ James Blakely Miller, M.B., Ch.B., Scotland. Thesis, "Observations on the Blood in Acute Lobar Pneumonia."
- 1905 ¹ Robert Niven, M.B., Ch.B., Scotland. Thesis, "Smallpox: a Clinical Study of about 2000 cases of the disease."
- 1905 ¹ David Russell, M.B., Ch.B., Scotland. Thesis, "A Study of the Blood in Postmalarial Anæmia as observed in the South of Spain."
- 1905 ¹ John Strathearn, M.B., Ch.B., Scotland. Thesis, "On Obstruction of the Central Artery of the Retina."
- 1905 ¹ Thomas Bird Tierney, M.B., Ch.B., Scotland. Thesis, "The Leucocytosis of Pertussis."
- 1905 ¹ John Wotherspoon, M.B., Ch.B., Scotland. Thesis, "A Contribution to the Study of the Formation and Properties of Nephrotoxins."
- 1906 ¹ Madge Speirs Maclean, M.B., C.M., Scotland. Thesis, "A Clinical Study of an Outbreak of Diphtheria occurring in an Orphanage."
- 1906 ^{2,3} David Maclure Cowan, M.B., Ch.B., Scotland. Thesis, "The Diagnosis of Typhoid Fever by Clinical, Haematological, and Bacteriological Methods."
- 1906 ^{2,3} Lizzie Thomson Fraser, M.B., Ch.B., Scotland. Thesis, "On the Value of the Tuberculo-opsonic Index in Diagnosis."

¹ Commended for Thesis.² With Honours.³ Gained a Bellahouston Gold Medal.

- 1906 ¹ Alexander Gray Banks, M.B., Ch.B., Scotland. Thesis, "The Variations in Scarlet Fever of the Opsonic Power for Streptococci."
- 1906 ¹ Robert Stobo, M.B., C.M., Scotland. Thesis, "The Contributory Causes of Pulmonary Tuberculosis."
- 1907 ^{2,3} Carl Hamilton Browning, M.B., Ch.B., Scotland. Thesis, "Chemotherapy in Trypanosome-Infections: an Experimental Study."
- 1907 ^{2,3} Robert May, M.B., Ch.B., Scotland. Thesis, "Acute Rheumatism: enquiry into the action of Salicylic Acid and Allied Acids used in its Treatment."
- 1907 ¹ Francis James Charteris, M.B., Ch.B., Scotland. Thesis, "Experiments on Phagocytosis in Vitro."
- 1907 ¹ Thomas Hunter, M.A., B.Sc., M.B., Ch.B., Scotland. Thesis, "Leprosy: some Notes on its Causation, Symptoms, and Treatment, based on an experience of 152 Lepers in the Leper Jail of the United Provinces, India."
- 1907 ¹ John Muir Kelly, M.B., Ch.B., Scotland. Thesis, "A Critical Study of Organic Preparations of Silver in the Treatment of Conjunctivitis."
- 1907 ¹ David James McLeish, M.A., B.Sc., M.B., Ch.B., Scotland. Thesis, "Cerebro-Spinal Meningitis, with special reference to the Epidemic variety: a study of 32 cases seen in the Sick Children's Hospital, Glasgow."
- 1908 ^{2,3} Alexander Stuart Murray Macgregor, M.B., Ch.B., Scotland. Thesis, "Immunity-Phenomena in Cerebro-Spinal Meningitis."
- 1908 ^{2,3} Thomas Orr, B.Sc., M.B., Ch.B., Scotland. Thesis, "The Sources of Contamination of the Milk Supply."
- 1908 ¹ William Dow, M.B., Ch.B., Scotland. Thesis, "Epidemic Cerebro-Spinal Meningitis, 1906-7: A Clinical Description, together with an Investigation into the Leucocytosis."
- 1908 ¹ William Rolland, M.B., Ch.B., Scotland. Thesis, "Aneurysm of Hepatic Artery."
- 1908 ¹ George Goldie Smith, B.Sc., M.B., Ch.B., Scotland. Thesis, "The Nature and More Immediate Effects of the Pus in Cerebro-Spinal Fever."
- 1908 ¹ John Williamson Smith, M.B., Ch.B., Scotland. Thesis, "The Polymorpho-Nuclear Leucocytes in Suppurative conditions of the Middle Ear."
- 1908 ¹ William Norman West Watson, M.B., Ch.B., England. Thesis, "Some Observations on Haemalkalimetry in Malignant Disease."
- 1909 ^{2,3} Andrew Connal, M.B., Ch.B., Scotland. Thesis, "A Study of the Cerebro-Spinal Fluid, in the Infective Diseases of the Meninges, with special reference to Cerebro-Spinal Fever."
- 1909 ⁴ John Martin Munro Kerr, M.B., C.M., Scotland. Thesis, "Operative Midwifery."
- 1909 ¹ James Chalmers, M.B., C.M., Scotland. Thesis, "Puerperal Eclampsia."
- 1909 ¹ Daniel Craig, M.B., C.M., Scotland. Thesis, "Ankylostomum Dermatitis."
- 1909 ⁴ George Munn Gray, M.B., Ch.B., Scotland. Thesis, "On Monsters of the Symelian Type."
- 1909 ¹ Mary Baird Hannay, M.B., C.M., Scotland. Thesis, "Observations—*post mortem*—upon the Sane and Insane."
- 1909 ⁴ George Frederick Buchan, M.B., Ch.B., Scotland. Thesis, "Ice Cream and its Relation to Public Health."
- 1909 ⁴ Alexander McCall, M.B., Ch.B., Scotland. Thesis, "The Diago Reaction and Bacilluria in Enteric Fever."
- 1909 ¹ Neilson Davie, M.B., Ch.B., England. Thesis, "On the Pathological Changes in the Blood Pressure in Senile and Mental Cases."
- 1909 ¹ Cunison Charles Finlator, M.B., Ch.B., Scotland. Thesis, "The Prophylaxis of Malaria in the Sudan."
- 1909 ¹ Arnold Harris Gray, M.B., Ch.B., Scotland. Thesis, "Individual Growth: A Physiological Study."
- 1909 ¹ Daniel Ross Kilpatrick, M.B., Ch.B., Scotland. Thesis, "Puerperal Eclampsia."

¹ Commended for Thesis.² With Honours.³ Gained a Bellahouston Gold Medal.⁴ Highly Commended for Thesis.

BACHELORS OF MEDICINE (M.B.). HONOURS.

| 1898. John Lyle Morison, M.A. | 1907. John M'Whan, M.A. |
| 1899. John Lochhead, M.A. | 1908. Bryce K. N. Wyllie, M.A. |
| 1900. Mabel Atkinson, M.A. | 1909. Hugh A. Reyburn, M.A. |

XII.—DEGREE AND PRIZE LIST.

LIST OF DEGREES

CONFERRED IN THE VARIOUS FACULTIES AND OF PRIZES AND CERTIFICATES OF HONOUR AWARDED IN THE SEVERAL CLASSES OF THE UNIVERSITY FROM 10TH JUNE, 1909, TO 10TH JUNE, 1910.

DOCTORS OF DIVINITY (D.D.).

June, 1910.

- The Rev. Lewis Davidson, M.A., Minister of Mayfield United Free Church, Edinburgh.
 The Rev. David Frew, B.D., Minister of Urr, Kirkcudbrightshire.
 The Rev. William Goodman Edwards Rees, M.A., Vicar of Pendleton, Manchester.
 The Very Rev. Joseph Armitage Robinson, D.D., Dean of Westminster.
 The Rev. James Stevenson, Senior Minister of North Leith United Free Church.

DOCTORS OF LAWS (LL.D.).

21st June, 1909.

- Edward Sheldon Cunningham, Editor of the "Argus," Melbourne.
 Sir Hugh Graham, Proprietor of "The Star," Montreal.
 James Alexander Macdonald, Managing Editor of "The Globe," Toronto.
 Maitland Hall Park, M.A., Editor of "Cape Times," Cape Town.
 Herbert Stanley Reed, Editor of "Times of India," Bombay.
 Frederick William Ward, Editor-in-chief of the "Daily Telegraph," Sydney.

June, 1910.

- John James Burnet, A.R.S.A., F.R.S.Ed., F.S.A.Scot., F.R.I.B.A., Corresponding Member of the Central Society of French Architects and of the American Institute of Architects.
 Henry Dyer, M.A., D.Sc., C.E., first Principal of the Imperial College of Engineering, Tokyo; now Honorary Principal of the College, and Emeritus Professor of the University of Tokyo; Vice-Chairman of the Glasgow School Board; Governor of the West of Scotland Technical and Agricultural Colleges; Author of *Dai Nippon, the Britain of the East, Japan in World Politics, The Evolution of Industry, Science Teaching in Schools, etc., etc.*
 The Right Hon. Lord George Francis Hamilton, P.C., D.C.L., G.C.S.I., successively Under-Secretary of State for India, Vice-President of the Council, First Lord of the Admiralty, and Secretary of State for India; Chairman of the London School Board in 1894; Governor of Harrow School; and from 1905 Chairman of the Royal Commission on the Poor Laws and the Relief of Distress.

James Robertson, M.A., D.D., Professor of Hebrew and Semitic Languages in the University of Glasgow from 1877 to 1907; author of *The Early Religion of Israel*, *The Old Testament and its Contents*, *The Poetry and the Religion of the Psalms*, *The First and Second Books of the Kings*, etc., etc.

BACHELORS OF DIVINITY (B.D.).

November, 1909.

- | | |
|----------------------------|-------------------------|
| Joseph Weir Buchanan, M.A. | James MacMorland, M.A. |
| Francis Davidson, M.A. | William Whitehead, M.A. |

April, 1910.

- | | |
|---------------------------------|-------------------------------------|
| William Barclay, M.A. | William King, M.A. |
| Bruce Beveridge Blackwood, M.A. | John MacLean, M.A. |
| Thomas Logan Douglas, M.A. | James Wilson Muggoch, M.A. |
| Charles Edward Duff, M.A. | Douglas Alexander George Muir, M.A. |
| Charles William Farish, M.A. | Thomas Smith, M.A. |
| Alexander Bain Harper, M.A. | Robert John Thomson, M.A. |

BACHELORS OF LAWS (LL.B.).

November, 1909.

- | | |
|-------------------------------------|---------------------|
| Thomas Lighbody Galloway, B.A. | Harold Wilson, M.A. |
| Thomas Douglas M'Millan Latta, M.A. | |

April, 1910.

- | | |
|----------------------------------|-------------------------------------|
| Robert Glassford Alexander, M.A. | Hugh Baird Spens, B.A. ¹ |
| Robert Dickie, M.A. | James King Walker, M.A. |
| Arthur Stuart Hedderwick, B.A. | Matthew Wyllie, M.A. |
| William Mitchell Lyle, M.A. | |

BACHELORS OF LAW (B.L.).

November, 1909.

- | | |
|------------------------|----------------------------|
| John MacLeish Barr. | Francis William John Reid. |
| James Oswald Campbell. | Robert Percy Thomson, M.A. |
| Ralph Edward May. | |

April, 1910.

- | | |
|--------------------------------|-------------------------|
| Alexander Robert Bayne. | Andrew Stewart, M.A. |
| (Lachlan) Seymour Graham, M.A. | John Stewart. |
| William Nisbet. | George Thompson Walker. |

¹ With Distinction.

DOCTORS OF MEDICINE (M.D.).

July, 1909.

I. WITH HIGH COMMENDATION.

George Munn Gray, M.B., Ch.B., Scotland. Thesis, "On Monsters of the Symelian Type."

II. WITH COMMENDATION.

Mary Baird Hannay, M.B., C.M., Scotland. Thesis, "Observations—post mortem—upon the Sane and Insane."

November, 1909.

I. WITH HIGH COMMENDATION.

George Frederick Buchan, M.B., Ch.B., Scotland. Thesis, "Ice Cream and its relation to Public Health."

Alexander McCall, M.B., Ch.B., Scotland. Thesis, "The Diago Reaction and Bacilluria in Enteric Fever."

II. WITH COMMENDATION.

Neilson Davie, M.B., Ch.B., England. Thesis, "On the Pathological Changes in the Blood Pressure in Senile and Mental Cases."

Cunison Charles Finlator, M.B., Ch.B., Scotland. Thesis, "The Prophylaxis of Malaria in the Sudan."

Arnold Harris Gray, M.B., Ch.B., Scotland. Thesis, "Individual Growth: a Physiological Study."

Daniel Ross Kilpatrick, M.B., Ch.B., Scotland. Thesis, "Puerperal Eclampsia."

III. ORDINARY DEGREE.

James Fairley, M.B., Ch.B., Scotland. Thesis, "Phthisis: an Infectious Disease."

Edith Ellen Goodrich, M.B., C.M., England. Thesis, "Epilepsy."

George Rutherford Jeffrey, M.B., Ch.B., Scotland. Thesis, "The Significance of Heredity and the Neuro-Insane Constitution as important factors in the production of Mental Disease; with an examination into the history of 100 consecutive cases."

John M'Vittie, M.B., Ch.B., Scotland. Thesis, "Several unusual Complications of Pregnancy and Labour."

Thomas Thomson Rankin, M.B., Ch.B., Scotland. Thesis, "Syphilis."

William James Rutherford, M.B., Ch.B., Scotland. Thesis, "Studies in Toxicology: (1) Cyanide Poisonings, (2) the Toxicology of Petrol."

April, 1910.

Thomas M'Geoch, M.B., C.M., Scotland. Thesis, "Management of Occipito-Posterior Presentations in Midwifery Practice."

James Crawford Gibb Macnab, M.B., C.M., Scotland. Thesis, "Acute Unilateral Infection of the Kidney by the Bacillus Coli Communis."

June, 1910.

Alexander Simpson Wells, M.A., M.B., Ch.B., F.R.C.S.Ed., Scotland. Thesis, "Puerperal Eclampsia."

BACHELORS OF MEDICINE AND BACHELORS OF SURGERY (M.B., Ch.B.).

July, 1909.

I. WITH HONOURS.

- | | |
|---|-------------------------------------|
| 1. ¹ William M'Adam, } Scotland. | 2. David Campbell Suttie, Scotland. |

| Donald Mackinnon, | | Scotland. | Marion Aitken Wylie, M.A., | | |
| Angus Millar, | | | Douglas Young, | | |

DOCTORS OF SCIENCE (D.Sc.).

April, 1910.

- James Fairlie Gemmill, M.A., M.B., C.M., M.D. Thesis—"Papers in Structural Teratology: An Atlas illustrating the Teratology of the Trout in its later stages of development," with additional papers.
- George Green, M.A., B.Sc. Thesis—"The Problem of a Spherical Gaseous Nebula; Flexural Vibrations of Thin Rods; On Group-Velocity and on the Propagation of Waves in a Dispersive Medium; On Waves in a Dispersive Medium resulting from a Limited Initial Disturbance."
- Anstruther Abercrombie Lawson, B.Sc., M.Sc., Ph.D. Thesis—"Papers on the Special Morphology of the Coniferales."
- Annie Louise M'Iroy, M.B., Ch.B., M.D. Thesis—"The development of the germ cells in the Mammalian Ovary, with special reference to the early phases of Maturation," with additional papers.

Nagakata Yamamoto, B.Sc. Thesis—"General Description and Technical Data of the Pacific Liners 'Tenyo Maru' and 'Chiyo Maru,' and other steamers, built to his designs."

Robert Bruce Young, M.A., M.B., C.M. Thesis—"On the Grooves separating the Patellar from the Menisco-Tibial Surfaces of the Femur, and on Locking of the Knee-Joint in full extension."

DOCTOR OF LETTERS (D.LITT.).

April, 1910.

Janet Spens, M.A. Thesis—"Two Periods of Disillusion."

BACHELORS OF SCIENCE (B.Sc.).

November, 1909.

In Pure Science.

John Spence Anderson.¹
Thomas Simpson Campbell.
Aaron Cantor, M.A.
Robert Chapman Davie, M.A.
James Hendry, M.A.

Norman Veitch Lothian.
Stuart Spence Meighan.
Harvey Hugh Montgomerie.
Edward Stuart Russell, M.A.²

In Engineering.

Archibald Hall Brown.
Robert Ecklin Marriott.
James Thomson Mitchell.
John Murray.
Guy Alexander Peck.
Ernest William Russell.

James Russell.
Charles Joseph Sellier.
Kou Yen Wei.
Joseph Wilson.³
George Wishart.

In Public Health.

Archibald Jubb, M.D.

March, 1910.

In Engineering (Regulations of 1885).

Evan Parry.

April, 1910.

In Pure Science.

John Finlay Macdonald, M.A.⁴
John Boyd Orr, M.A.
Caleb Andrew Stewart, M.A.⁵

John Ferguson Tinto, M.A.⁶
James Calvert Wilson.⁷

In Agriculture.

Daniel Grant O'Brien, M.A.

¹ With Special Distinction in (a) Mathematics, (b) Natural Philosophy.

² With Special Distinction in Zoology.

³ With Special Distinction in Physical Laboratory.

⁴ With Special Distinction in (a) Chemistry, (b) Geology and Mineralogy.

⁵ With Special Distinction in (a) Mathematics, (b) Natural Philosophy, (c) Astronomy.

⁶ With Special Distinction in (a) Mathematics, (b) Natural Philosophy.

⁷ With Special Distinction in Zoology.

In Engineering.

David Adam.	Walter Buchanan M'Michael,
Malcolm Brechin.	A.G.T.C.
Robert Keir Ferguson.	James Blair M'Vail.
Thomas Graham.	Satis Chandra Majumdar. ²
Charles Gray.	Francis Morrison. ³
Richard Vernon Hansford. ¹	Charles Douglas Mottram. ⁴
Torbjörn Hermanrud.	Andrew M'Cance Robb.
Henry M'Ewan Linton.	Adinath Sen. ⁵
William Gibb M'Cracken.	Gustav Wright Steen.
Archibald Macintyre.	Robert Thomson, M.A. ⁶
Duncan John Mackellar, A.G.T.C.	Wilfrid Robert Whitson.
John Williams M'Laren.	James Wilson, B.Sc. ⁷
David Bird M'Lay.	William Wright.

*June, 1910.**In Pure Science.*

John Stewart Mitchell.

In Engineering.

Henry Goodall Copestake.	John Stewart Mitchell. ⁸
--------------------------	-------------------------------------

In Agriculture.

William Strang.	James Wyllie.
-----------------	---------------

CERTIFICATES OF PROFICIENCY IN ENGINEERING SCIENCE.

October, 1909.

Eugene Bertens.	John Leitch Rodger.

MASTERS OF ARTS (M.A.).

July, 1909.

Helen Gray Buchanan.	Abraham Fine.
----------------------	---------------

¹ With Special Distinction in (a) Mathematics, (b) Natural Philosophy, (c) Physical Laboratory, (d) Engineering IV. and Laboratory.

² With Special Distinction in Natural Philosophy.

³ With Special Distinction in (a) Electricity—Pure and Applied, (b) Metallurgical Chemistry.

⁴ With Special Distinction in (a) Mining, (b) Metallurgy.

⁵ With Special Distinction in Physical Laboratory.

⁶ With Special Distinction in (a) Metallurgy, (b) Geology I., (c) Engineering I.

⁷ With Special Distinction in Engineering Drawing.

⁸ With Special Distinction in Engineering and Drawing.

November, 1909.

I. WITH HONOURS.

With First-Class Honours in Mathematics and Natural Philosophy.

John Spence Anderson.

Isabella Bruce Sutherland.

Caleb Andrew Stewart.

With First-Class Honours in Modern Languages.

Flora Jeanie Macalister.

With First-Class Honours in History.

John Boyd.

With Second-Class Honours in English, and Second-Class Honours in History.

Henry Cook.

With Second-Class Honours in Classics.

William Clark Cameron.

Roger Gordon M'Dowall.

Annie Isabel Henderson.

John Smith.

Hector James Wright Hetherington.

With Second-Class Honours in Mathematics and Natural Philosophy.

William Vincent Forrest.

Harvey Hugh Montgomerie.

John Anderson Hodge.

John Pettigrew Weir.

Alexander Macdonald, B.Sc.

With Second-Class Honours in English.

Janet Sands Duncan.

William Macintyre.

Margaret Insh.

With Second Class Honours in Modern Languages.

Hilda Duncan Christie.

Margaret Bowack Weir.

With Third-Class Honours in Classics.

Robert Millan Mathams.

With Third-Class Honours in Mathematics and Natural Philosophy.

Charles Robertson M'Intosh.

With Third-Class Honours in English.

Jane Reid.

With Third-Class Honours in Modern Languages.

Agnes Kivlichan.

II. ORDINARY DEGREE.

David George Barr.

Janet Bell.

John Begg.

Douglas Alexander Walker Berry.

James Bell.

John Boag.

Ralph Seath Stark Brown.
 Thomas Hanning Calder.
 James Burns Cameron.
 Thomas Wright Cameron.
 Jessie Isabella Gunn Campbell.
 Robert Carse.
 Robert Clark.
 Helen Gow Cook.
 Catherine Murray Cowden.
 Mary Craig.
 Maggie Drummond Cumming.

DIPLOMA IN EDUCATION.

*November, 1909.**Diploma with Distinction in (a) Mathematics, (b) Science.*

Hugh Smith, M.A., B.Sc.

General Diploma.

Margaret Allan Buist, M.A.

DISTINCTIONS GAINED

IN THE PROFESSIONAL EXAMINATIONS FOR M.B., CH.B.

The following passed with distinction in the subjects indicated :

FIRST EXAMINATION.

October, 1909.

In Botany—Robert Horatio Williamson, Marguerite Wilson ; in Physics—John Bowes M'Dougall, James Robertson Cowper Mackintosh, Thomas Murray Newton, Stanley Robertson, Stuart Robertson, Marion Thompson, Sarah Adam Watson, Joseph Bannister Williamson ; in Chemistry—John Sillars.

April, 1910.

In Zoology and Chemistry—John Bowes M'Dougall, Joseph Bannister Williamson ; in Zoology—Robert William Brander, Gladys Montgomery, Robert Tennent, Sarah Adam Watson ; in Chemistry—John Aitken Gilfillan, David Johnstone, Archibald Dunn M'Cutcheon, Charles Robertson M'Intosh, M.A., Alexander Dryden Moffat, James William Moffat, William Luddington Peacock, Clive Allan Whittingham.

SECOND EXAMINATION.

April, 1910.

In Anatomy and Physiology—Richard Archibald Barlow, John Dickie, William Brockie Wilson ; in Anatomy—James Hinton Robertson, Angus Walker ; in Physiology—William Cameron Davidson, Thomas Walmsley ; in Materia Medica and Therapeutics—William Beatson Drummond.

THIRD EXAMINATION.

October, 1909.

In Medical Jurisprudence and Public Health—Thomas Jones Mackie, James Lachlan Ure.

April, 1910.

In Pathology and Medical Jurisprudence and Public Health—Charles Cameron, M.A. ; in Pathology—John Gibson, M.A., Hugh Ferguson Watson, L.R.C.P. ; in Medical Jurisprudence and Public Health—James Wallace Anderson, James Turner Brown, James Francis Quigley (Rutherglen).

FOURTH EXAMINATION.

July, 1909.

In (a) Surgery and Clinical Surgery, (b) Practice of Medicine and Clinical Medicine, (c) Midwifery—David Campbell Suttie; in (a) Surgery and Clinical Surgery, (b) Practice of Medicine and Clinical Medicine—Robert Gale; in (a) Surgery and Clinical Surgery, (b) Midwifery—David Young Buchanan, Andrew Hood Clark; in (a) Practice of Medicine and Clinical Medicine, (b) Midwifery—George Fletcher, M.A.; in Surgery and Clinical Surgery—William Anderson, Charles Duguid, M.A., Robert Dunlop Goldie; in Practice of Medicine and Clinical Medicine—Edward George Glover, Margaret Eason Robertson, Winifred Margaret Ross; in Midwifery—James Cairns, William M'Adam, M.A., B.Sc., John William M'Nee, John Hart M'Nicol, Robert Wilson Sutherland, David Yellowlees.

April, 1910.

In (a) Surgery and Clinical Surgery, (b) Midwifery—William Macewen; in Surgery and Clinical Surgery—Malcolm Angus MacDonald; in Practice of Medicine and Clinical Medicine—James Thomson Dick, James Dunlop, M.A., Harold Edward Whittingham; in Midwifery—David Rutherford Adams, John Broadfoot.

BURSARY COMPETITION.

September, 1909.

The figure (2) denotes students of the second year.

1. Joseph F. Scanlan, St. Aloysius' College, Glasgow.
2. Raibeart M. MacDougall, Greenock Academy.
3. Nelson Downie, High School, Glasgow.
4. John Macmurray, Robert Gordon's College, Aberdeen.
5. Archibald S. Strachan, High School, Glasgow.
6. John J. M'Guire, St. Aloysius' College, Glasgow.
7. Patrick M'Glynn, St. Aloysius' College, Glasgow.
8. John Muir, Grammar School, Paisley.
9. Helen Y. Murdoch, Girls' High School, Garnethill, Glasgow.
10. Fergus L. Henderson, Glasgow Academy.
11. James Crawford, Spier's School, Beith.
12. William Amour, Queen's Park Higher Grade School, Glasgow.
13. Thomas H. Boyle, Greenock Academy.
14. John W. Baird, Kilmarnock Academy.
15. James W. MacGregor, Whitehill Higher Grade School, Glasgow.
16. Ronald M. Macandrew, Dollar Institution.
17. William Peebles (2), Spier's School, Beith.
18. Arthur Lang, Glasgow Academy.
19. James T. Wilson, Cambusnethan Higher Grade School, Wishaw.
20. Isa W. Pyper, Ayr Academy.
21. Donald MacLeod (2), N. Kelvinside Higher Grade School, Glasgow.
22. Alexander W. Galbraith, Hutchesons' Grammar School, Glasgow.
23. Cameron Roberts, Hutchesons' Grammar School, Glasgow.
24. Alfred D. Duff, Oban High School and Glasgow High School.
25. Norman W. Sammon, Hutchesons' Grammar School, Glasgow.
26. Margaret L. MacTaggart, Whitehill Higher Grade School, Glasgow.
27. Arthur Armstrong, Morrison's Academy, Crieff.

28. Charles de Bois Murray, Glasgow Academy.
29. William S. Brown, High School, Glasgow.
30. James J. Treanor, St. Aloysius' College, Glasgow.
31. Alexander Macbeath, Hutchesons' Grammar School, Glasgow.
32. John A. Hunter, Grammar School, Brisbane, Queensland.
33. Hector MacLaine, Queen's Park Higher Grade School, Glasgow.
34. Arthur M'Kean, Woodside Higher Grade School, Glasgow.
35. James Munro, Bellahouston Academy, Glasgow.
36. Williamina M. M'Coll, Kilmarnock Academy.
37. Robert A. Walker (2), Kilmarnock Academy.
38. Walter R. Campbell, Bellahouston Academy, Glasgow.

 { Malcolm Manson, M.A. }
10. William MacMurray.
11. { Janet S. Doak, } Equal.
 { John P. M'Vey, }
13. { Anna Chose, } Equal.
 { David T. C. Frew, }
 { Mary B. Walker, }
16. Thomas S. Barrie.
17. { Charles Cameron, M.A., } Equal.
 { Alexander G. Henderson, }
 { Gordon A. Valentine, }
20. { George Cochrane, M.A., } Equal.
 { Archibald Gardner, }
 { James M. Grier, M.A., }
 { Norman M'Farlane, }
 { Ellen B. Orr, }
 { Alexander Rae, }

Second-Class Certificate in two Examinations.

Jeanie W. Jones.

MEDICAL JURISPRUDENCE AND PUBLIC HEALTH.

PROFESSOR JOHN GLAISTER, M.D., D.P.H. (Camb.), F.R.S.E.

Summer Session, 1909.

First Class Certificates (in order of merit).

Charles Cameron, M.A.—Medallist.

James L. Ure.

Archibald Gardner.

Thomas S. Barrie,	} Equal.
Mary Alexander, M.A.,	

Second-Class Certificates (in order of merit).

William MacMurray,	} Equal.
James F. Quigley (Rutherglen),	

Farquhar Mathieson,	} Equal.
John P. Mathie,	

James W. Anderson,	} Equal.
Kinloch Falconer,	
David T. C. Frew,	
William Hamilton,	
Alexander G. Waddell,	

James E. Paterson,	} Equal.
Barbara G. Rutherford,	

John Campbell,	} Equal.
William Johnstone,	

Hugh L. Neil,	} Equal.
James M. Grier, M.A.,	
Jeanie W. Jones,	
George H. M'Robert,	
Barbara Sutherland, M.A.,	
Alexander S. Wilson,	
Fergus H. Young, M.A.,	}
Agnes B. Auchencloss.	

ANATOMY.

PROFESSOR THOMAS H. BRYCE, M.A., M.D.

SENIOR CLASS.

Medals.

Richard A. Barlow,	} Equal.
William B. Wilson,	

First-Class Certificates.

Thomas Martin,	} Equal.	Adam Brown.
John C. Pyper,		Samuel Blumenfeld.

Second-Class Certificates.

Thomas Walmsley.	George Taylor, M.A.
John S. K. Boyd.	William C. Davidson.
Angus Walker.	Graham Stevenson.
William Taylor.	

DEGREE AND PRIZE LIST.

JUNIOR CLASS.

Medal.

Douglas M. Hunter.

First-Class Certificate.

Henry S. Banks.

Second-Class Certificates.

John Connell.

George Hislop.

William Hornsby.

David Johnston.

David Smith.

Joseph B. Williamson.

Thomas W. Wylie.

EMBRYOLOGY.

Lecturer—JAMES F. GEMMILL, M.A., M.D.

Summer Session, 1909.

SYSTEMATIC.

Prize.

John S. K. Boyd.

First-Class Certificates (in order of merit).

George Taylor.

William B. Drummond.

Second-Class Certificates (in order of merit).

Thomas Martin.

Thomas Walmsley.

William C. Davidson.

Ernest G. Y. Thom, M.A.

John M. Macpherson.

James H. Dible.

PRACTICAL.

Second-Class Certificate.

William C. Davidson.

APPLIED ANATOMY.

Lecturer—ROBERT KENNEDY, M.A., M.D., D.Sc.

Summer Session, 1909.

First-Class Certificate.

James Hendry, M.A.

PHYSIOLOGY.

PROFESSOR D. NOEL PATON, B.Sc., M.D.

Medal and First-Class Certificate.

Mary P. Hislop.

First-Class Certificates.

Frank M. Robertson.

Wallace M. Conley, M.A.

James L. M'Bean.

Second-Class Certificates.

George Hislop,	} Equal.	Peter A. McCallum.	} Equal.
John S. K. Boyd,		Sarah A. J. Rankine,	
James L. Brownlie.	} Equal.	Nora M. Allan,	
Nathaniel Crichlow,		William M. Howells,	
William R. Snodgrass,		Ronald Stewart,	
William J. Henry,	} Equal.	Robert M'Lean,	
David Smith,		Archibald W. Russell,	
James R. C. Mackintosh,		John MacInnes,	

PRACTICAL PHYSIOLOGY

(Including Histology, Experimental and Chemical Physiology).

PROFESSOR D. NOËL PATON, B.Sc., M.D.

Winter, 1908-9, and Summer, 1909.

Medal.

William C. Davidson.

Winter, 1909-10.

Medal and First-Class Certificate.

Robert B. Wallace.

First-Class Certificates.

John S. K. Boyd.	William A. Brechin.	} Equal.
Nathaniel Crichlow.	James L. Brownlie,	
Robert M'Lean.	Ethel Crawford,	

Second-Class Certificates.

David P. Brown.	John M'Ghie.	} Equal.
William M. Howells.	William Hornsby.	
Peter A. McCallum.	William R. Snodgrass,	
Carel J. van Lingen,	John MacInnes,	
Gwendolyn M. Smith,	William B. Stewart.	

MATERIA MEDICA AND THERAPEUTICS.

PROFESSOR RALPH STOCKMAN, M.D.

First-Class Certificates.

Thomas Walmsley (Medal).	William B. Drummond.
--------------------------	----------------------

Second-Class Certificates.

Thomas Martin.	Alexander M. Gibson.	} Equal.
John M. Macpherson,	Graham Stevenson.	
John Dickie,	William Brown.	} Equal.
John F. Lang, M.A.,	Alexander Glen.	
William B. Wilson,	George M. Whish.	} Equal.
Samuel Blumenfeld,	Alexander H. Davidson.	
John C. Pyper,		

PRACTICAL PHARMACY.

PROFESSOR RALPH STOCKMAN, M.D.

Summer Session, 1909.

First-Class Certificates.

Graham Stevenson (Medal). Norman V. Lothian.

Second-Class Certificates.

Ernest G. Y. Thom, M.A.	Ronald Stewart.
John Dickie, } Equal.	John W. W. Hewitt, } Equal.
William Fraser, }	Thomas Martin, }
James H. Dible, }	
Joseph Dunbar, }	

BOTANY.

PROFESSOR F. O. BOWER, Sc.D., F.R.S.

Summer Session, 1909.

SYSTEMATIC.

First-Class Certificates.

Archibald U. Millar, M.A. (Medal).	James M. Wordie.
Thomas M. Newton.	Wallace M. Conley, M.A.
Joseph B. Williamson.	

Second-Class Certificates.

William H. Brown, }	John F. Hutton, M.A., }
John F. Lang, M.A., }	Andrew G. Clow, }
Robert Tennent.	William Hornsby, }
Marion Thompson.	Charles R. McIntosh, }
Nathaniel Crichtlow, }	David P. Brown, }
Nora M. Allan, }	William J. Henry, }
	Annie P. McLaren, }

PRACTICAL.

First-Class Certificates.

Stuart Robertson (Medal). Lucy A. Carter.

Second-Class Certificates.

Nora M. Allan.	Annie P. McLaren, }
Joseph B. Williamson.	John S. Meighan, }
Robert C. Robertson, }	Archibald U. Millar, M.A., }
David P. Brown, }	Wallace M. Conley, M.A., }
Robert H. Williamson.	Stanley Robertson, }
	James M. Wordie, }

HERBARIUM PRIZE.

No Competition.

ZOOLOGY.

PROFESSOR JOHN GRAHAM KERR, M.A., F.R.S.

SYSTEMATIC.

First-Class Certificates (in order of merit).

Clive A. Whittingham (Medal).	Thomas Gilchrist, M.A.,	} Equal.
Douglas K. Adams.	Charles R. M'Intosh, M.A.,	
John Dunlop.	Norman M. Smith,	
Joseph B. Williamson.	James M. Wordie,	} Equal.
John M. Pinkerton.	William E. Boyd,	
	Robert W. Brander,	

Second-Class Certificates (in alphabetical order).

William H. Brown.	Helen Y. Murdoch.
Ethel W. Gompertz.	Andrew Picken.
Florence S. Kirk.	William F. Shanks.
John B. M'Dougall.	Robert Tennent.
James W. Moffatt.	Sara A. Watson.
Donald M'Intyre.	Thomas W. Wylie.

PRACTICAL.

First-Class Certificates (in order of merit).

1. Matthew M. Monie, M.A. (Medal and Special Prize).
2. Clive A. Whittingham.
3. Robert W. Brander.

First-Class Certificates (in alphabetical order).

James Campbell.	Robert H. Williamson.
John A. Gilfillan.	James G. Wilson.

Second-Class Certificates (in alphabetical order).

John Dunlop.	David Mackie.
Robert M. Greig.	Robert Tennent.
Daniel S. M'Bean.	Sara A. Watson.
John B. M'Dougall.	

ADVANCED CLASS.

Summer Session, 1909.

Medal and First-Class Certificate.

Ven Kiang Ting.

Second-Class Certificate.

William C. Davidson.

PHYSICS.

Lecturer—JAMES G. GRAY, D.Sc.

Summer Session, 1909.

Medals.

James R. C. Mackintosh,	} Equal.
Sara A. Watson,	
Joseph B. Williamson,	

First-Class Certificates (in order of merit).

Stanley Robertson.	Thomas W. Wylie.
Stuart Robertson.	Wallace M. Conley, M.A.
Kenneth N. MacLean.	Benjamin Cohen.
William J. Henry.	James L. McBean.
Robert Tennent.	Robert McLean,
John MacInnes.	Thomas M. Newton, } Equal.

Second-Class Certificates (in order of merit).

William Hornsby.	William Meikle,	} Equal.
Thomas I. Dun.	William L. Peacock,	
Robert Armstrong.	Archibald M. Russell.	} Equal.
Thomas M. Crawford,	John Campbell,	
David R. E. Roberts,	Donald Mackinnon,	} Equal.
David B. Robertson,	Neil Macleod,	
Thomas R. Sinclair,	Marguerite Wilson,	} Equal.
David Johnston.	Alexander Lindsay.	
David P. Brown,	John Bickett.	} Equal.
Nathaniel Crichtow,	George W. Ronaldson,	
Robert C. Robertson,	Ronald Stewart,	} Equal.
Henry C. Watson,	Andrew D. Blakely.	
Mary I. Sinclair.	John B. McDougall.	
Marion Thompson.	Ian Grant.	
William A. Brechin.	George Hislop.	
	Robert H. Williamson.	

CHEMISTRY.

PROFESSOR JOHN FERGUSON, M.A., LL.D., F.S.A.

Joseph Black Medals and George Roger Muirhead Prize.

Robert P. Black,	} Equal.
William C. Forsyth,	

First-Class Certificates.

Robert P. Black.	Alexander Mowat, M.A.
Thomas H. Black.	John D. Robertson.
Alexander R. Brown.	Walter Stich.
John Brown.	Robert Tennent.
William C. Forsyth.	Thomas B. Waddell.
John MacIntyre.	Joseph B. Williamson.

Second-Class Certificates.

Carl O. Anderson.	Allan J. Guthrie.
James Anderson.	Donald Kerr.
James Anderson.	Hugh Lang.
John E. Arkieson.	Alexander S. Lithgow.
Leonard C. Armstrong.	Alexander Love.
David Buchanan, M.A.	Duncan F. Macdonald.
John A. Cranston.	John B. McDougall.
Andrew Davidson.	John Macmillan.
John Drimmie.	Charles C. Mylles.
Christian L. D. Duckworth.	William L. Peacock.
David R. Ferguson.	Andrew Picken.
William D. Fraser.	Robert C. Robertson.

Robert Rowan.
 Donald C. Smith, M.A.
 Edward C. Smith.
 John B. Steven.

William W. Stewart, M.A.
 Daniel Sutherland.
 Samuel Whyte.
 Thomas W. Wylie.

ORGANIC CHEMISTRY.

Lecturer—THOMAS S. PATTERSON, D.Sc., Ph.D.

ADVANCED.

First-Class Certificate.
 Duncan G. Anderson.

Second-Class Certificates.

Alexander Fleck. James Y. Hart.
 Ralph S. Weir, M.A.

ELEMENTARY.

First-Class Certificate.
 William C. Forsyth.

Second-Class Certificates.

Robert Armstrong. Hugh Lang.
 David Buchanan, M.A. James W. Moffatt.
 John C. Hill. Robert C. Robertson.
 David Johnston.

ADVANCED.

Summer Session, 1909.

First-Class Certificate.
 Robert Gibson, M.A.

Second-Class Certificate.
 Angus M. Walker.

Faculty of Science.

METALLURGICAL CHEMISTRY.

CLASSES A. AND B.

Lecturer—CECIL H. DESCH, D.Sc., Ph.D.

Certificates of Merit.

David Adam.
 James R. Farquhar, M.A.
 Henry M. Linton.
 Charles D. Mottram.

Frederick J. Robinson.
 Robert Thomson, M.A.
 Wei Tong.

GEOLOGY.

PROFESSOR JOHN W. GREGORY, D.Sc., F.R.S.

PART I.

First-Class Certificates.

Ven Kiang Ting (Medal).	Lucy A. Carter.
Alexander Love, } Equal.	Alexander Clubb, }
Agnes T. Neilson, }	John S. Anderson, } Equal.
William R. Smellie, M.A., }	M.A., B.Sc., }
Norman V. Lothian, B.Sc., }	George M. Ross, M.A.
Matthew W. Neilson.	Frank E. Corrie.

Second-Class Certificates.

Lucinda J. Clarke.	Edward P. Rutherford.
Albert G. Keane, M.A., } Equal.	Andrew Peebles, M.A.
Ellen G. M'Ghee, }	Farquhar MacRae, M.A.
Bryce K. N. Wyllie, M.A.	Helen Gallacher, }
William W. Johnston.	Andrew C. M'Candlish, } Equal.
Annie G. Brock.	Walter J. Weetch, M.A.
William Strang.	John M. Smith.
Wilfrid L. Jones, }	
David Paterson, M.A., }	
Alexander Fleck, }	

PART II.

First-Class Certificates.

Harriet E. Allison (Medal).	David Adam.
-----------------------------	-------------

Second-Class Certificates.

Robert Thomson, M.A.	John P. Jones.
Henry M. Linton.	Robert J. Wright, M.A.
Wei Tong.	

FOR PUBLIC HEALTH.

First-Class Certificates.

William Barr, M.B.	Alexander Maclean, M.B.
--------------------	-------------------------

Second-Class Certificates.

Edward J. Primrose, M.A., M.D.	John A. G. Burton, M.B.
John A. Hagerty, M.B.	Thomas B. Smith, M.B.

ASTRONOMY.

PROFESSOR LUDWIG BECKER, Ph.D.

Class Prize.

William M. Smart.

First-Class Certificates.

William M. Smart.	Thomas Middleton.
-------------------	-------------------

Second-Class Certificates.

John Graham.	John Logie.
	John M. M'Neill.

ENGINEERING.

PROFESSOR ARCHIBALD BARR, D.Sc., M.Inst.C.E.

George Harvey Prize.

William F. Sparey, Kent.

Walker Prizes.

- | | |
|------------------------------|------------------------------|
| 1. William F. Sparey. | 2. Satis C. Majumdar, India. |
| 3. Adinath Sen, M.A., India. | |

Muir Bursaries.

James M. Macaulay, Glasgow.	George H. Henderson, Glasgow.
-----------------------------	-------------------------------

CLASS IV.

1. William F. Sparey.
Richard V. Hansford, Dorset (second attendance).
2. Satis C. Majumdar.
3. Norman S. Sim, Kincardineshire.

Next in Order.

Francis Morrison, Aberdeen.

CLASS III.

- | | |
|-------------------------|-----------------------|
| 1. William F. Sparey. | 2. James M. Macaulay. |
| 3. George H. Henderson. | |

Next in Order.

William M. Ramsay, Kilmarnock.	Adinath Sen, M.A.
--------------------------------	-------------------

CLASS II.

1. Symington Macdonald, Glasgow.
2. { Alexander Clubb, Uddingston,
Alexander M. Wylie, Bridge of Allan, } Equal.

Next in Order.

John B. Carswell, Paisley.

CLASS I.

- | | |
|----------------------------------|-------------------------|
| 1. James G. Docherty, Glasgow. | 2. George H. Henderson. |
| 3. Gilbert W. Clark, Stonehaven. | |

Next in Order.

Edward H. Wilson, B.A., Cape Colony.
Kunjabehari De, B.A., India.

ENGINEERING DRAWING AND DESIGN.

Junior Class.

1. James M. Macaulay.
2. George H. Henderson.
3. James G. Docherty.

Next in Order.

James M'Farlane, Glasgow.
 James Kirkland, Kilmarnock,
 James Barnet, Forfar,
 James Legge, Glasgow, } Equal.

Senior Class.

1. Archibald Macintyre, Rothesay.
 William Henderson, Jamaica (second attendance).
2. Sigurd K. Heiberg, Norway.
3. William Wright, Glasgow.

Next in Order.

Walter B. M'Michael, Callander, } Equal.
 Francis Morrison,
 Robert K. Ferguson, Glasgow.

ENGINEERING LABORATORY—JUNIOR COURSE.

Gilbert W. Clark,
 George H. Henderson,
 James M'Farlane,
 George Steinheil, St. Petersburg, } Equal.

Next in Order.

Symington Macdonald, } Equal.
 Henry C. Harris, Glasgow,
 Charles D. Mottram, Glasgow,
 Frederick W. Powell, Devonport, } Equal.
 John R. Warren, Glasgow.

ENGINEERING LABORATORY—SENIOR COURSE.

1. Francis Morrison.
2. { William G. M'Cracken,
 Duncan J. Mackellar, Salisbury, } Equal.

Next in Order.

Martin Pitt, Glasgow.
 Satis C. Majumdar.
 Archibald Macintyre,
 John W. M'Laren, New Zealand, } Equal.
 Adinath Sen, M.A.,

ELECTRICAL ENGINEERING.

Lecturer—JOHN S. NICHOLSON, B.Sc., A.M.I.E.E.

CLASS I.

1. Norman S. Sim.
2. Stanley V. Boxer, B.Sc., Glasgow.
3. Duncan J. Mackellar.

Next in Order.

Satis C. Majumdar,	} Equal.
Martin Pitt,	
Charles W. Marshall, Carluke,	

CLASS II.

1. Francis Morrison.

2. Martin Pitt.

Next in Order.

Duncan J. Mackellar,	} Equal.
Stanley V. Roxer, B.Sc.,	
Norman S. Sim,	

MINING.

PROFESSOR CHARLES LATHAM, M.Inst.C.E.

CLASS I.

James Wilson, B.Sc.

James Whiteside, B.Sc.

David W. Robertson.

CLASS II.

James Whiteside, B.Sc.

William Harley.

James Wilson, B.Sc.

Alexander Clubb.

John S. G. Primrose, A.G.T.C.

CLASS III.

Robert Thomson, M.A.

David Adam.

Henry M. Linton.

John S. G. Primrose, A.G.T.C.

James Wilson, B.Sc.

David W. Robertson.

CLASS IV.

James Wilson, B.Sc.

Frederick G. MacDougall.

Robert Thomson, M.A.

NAVAL ARCHITECTURE, INCLUDING MARINE ENGINEERING.

PROFESSOR J. H. BILES, Mem.Counc.I.N.A., M.I.C.E., LL.D.

Kirk Memorial Prize.

Andrew M. Robb.

Senior Class Prize.

Torbjörn Hermanrud.

Junior Class Prize.

William Bennett.

Drawing Class Prize.

Gustav W. Steen.

Faculty of Arts.

HISTORY.

PROFESSOR DUDLEY J. MEDLEY, M.A., and E. S. LYTTTEL, M.A.

Prizes.

- | | |
|--|---------------------------|
| 1. Duncan Anderson. | 5. Constance Allington. |
| 2. Mary Marwick. | 6. Robert M'Ewan. |
| 3. Evelyn M. H. Rennie. | 7. Archibald Stewart. |
| 4. Harvey H. Montgomerie,
M.A., B.Sc. | 8. William R. Cunningham. |
| | 9. Janet M. Stephen. |

Certificates.

- | | |
|--------------------------|-------------------------|
| 1. George Macgregor. | 7. Thomas B. Vallance. |
| 2. Emily A. Davidson. | 8. William Dewar. |
| 3. Mary Brockie. | 9. Thomas C. M'Caughie. |
| 4. Margaret C. M'Millan. | 10. William S. Hogg. |
| 5. John Y. T. Greig. | 11. Helen G. Clubb. |
| 6. James G. Turnbull. | 12. Norman W. Sammon. |

MATHEMATICS.

PROFESSOR GEORGE A. GIBSON, M.A., LL.D.

ADVANCED HONOURS.

Prizes.

1. Arthur S. Morrison (Cunninghame Gold Medal).
2. Alexander Gray.

First-Class Certificate with Distinction.

3. David G. Ramsay.

INTERMEDIATE HONOURS (DIVISION A).

Prizes.

- | | |
|-------------------------------|--------------------|
| 1. David Hutton. ¹ | 3. James White. |
| 2. William Peebles. | 4. Mary C. M'Coll. |

First-Class Certificates with Distinction.

- | | |
|--------------------------|-------------------|
| 5. Margaret T. Christie. | 6. Nelson Downie. |
|--------------------------|-------------------|

INTERMEDIATE HONOURS (DIVISION B).

Prizes.

- | | |
|---|-----------------------|
| 1. { David Buchanan, M.A.
Thomas B. Waddell. | 3. James G. Docherty. |
|---|-----------------------|

First-Class Certificates with Distinction.

- | | |
|-------------------------|----------------------|
| 4. George H. Henderson. | 7. Allan J. Guthrie. |
| 5. Narendra K. Mitra. | 8. James M'Farlane. |
| 6. William Bennett. | |

¹ Mr. Hutton obtains the Senior Muir Bursary in Mathematics.

ORDINARY CLASS (DIVISIONS A, B, C, D).

Prizes.

- | | |
|--|--------------------------|
| 1. Mary A. A. D. White ¹ (C). | 7. Charles Cochrane (B). |
| 2. William C. Forsyth (A). | 8. George Johnson (B). |
| 3. James I. Simpson (B). | 9. Walter Stich (B). |
| 4. Alexander W. Galbraith (B). | 10. Ronald M'Curdie (A). |
| 5. Kenneth Mackay (A). | 11. Annie H. Hunter (D). |
| 6. John Macmillan (B). | |

First-Class Certificates with Distinction.

- | | |
|--------------------------|---------------------------------|
| 12. James Crawford (B). | 16. { Williamina M. M'Coll (D). |
| 13. { Gavin M. Hood (A). | 17. { Andrew Davidson (A). |
| 13. { James Munro (B). | 18. Agnes C. Kennedy (D). |
| 15. Alfred D. Duff (B). | |

Summer Session, 1909.

Lecturers—ROBERT J. T. BELL, M.A., B.Sc., and
NEIL M'ARTHUR, M.A., B.Sc.

GRADUATING CLASS.

Certificate with Distinction.

Janet E. Copeland.

NATURAL PHILOSOPHY.

PROFESSOR ANDREW GRAY, M.A., LL.D., F.R.S.

HIGHER MATHEMATICAL CLASS. SECTION A.

Prizes.

- | |
|-------------------------------------|
| 1. { Robert P. Black (first year). |
| 1. { Muir Burns (second year). |
| 2. Arthur S. Morrison (first year). |

First-Class Certificates (in alphabetical order).

Robert P. Black.	Arthur S. Morrison.
Alexander R. Brown.	William M. Smart.
Muir Burns.	

HIGHER MATHEMATICAL CLASS. SECTION B.

Prizes.

- | |
|-------------------------|
| 1. Charles W. Marshall. |
| 2. { Robert P. Black. |
| 2. { Francis Morrison. |
| 4. William F. Sparey. |

First-Class Certificates (in alphabetical order).

Robert P. Black.	Alexander Love.
Alexander R. Brown.	Charles W. Marshall.
John Brown.	Francis Morrison.
Robert Campbell.	Charles C. Mylles.
William N. Cunningham.	Norman S. Sim.
Robert H. Dick.	William F. Sparey.
James Forrest.	David A. Stewart.
Thomas Graham.	David F. Watson.
Richard V. Hansford.	

¹ Miss White obtains the Junior Muir Bursary in Mathematics.

ORDINARY GRADUATING CLASS.

1. Herbert Le May (Cleveland Gold Medal).

Prizes.

- | | |
|-----------------------|------------------------|
| 2. George Johnson. | 5. David G. Ramsay. |
| 3. David R. Ferguson. | 6. William Thomson. |
| 4. David Weir. | 7. William C. Forsyth. |
| | 8. Mary C. M'Coll. |

First-Class Certificates (in alphabetical order).

Charles Cochrane.	John Macmillan.
John A. Cranston.	Narendra K. Mitra.
Dev Datt.	David G. Ramsay.
Nelson Downie.	Hugh Reid.
David R. Ferguson.	John W. Smith.
William C. Forsyth.	George R. Stewart.
William H. Gordon.	Walter Stich.
George Johnson.	William Thomson.
Herbert Le May.	David Weir.
Robert Lindsay.	James White.
Mary C. M'Coll.	

SPECIAL GRADUATING CLASS.

Prizes.

- | | |
|------------------------|-------------------------|
| 1. Humphrey Robertson. | 2. Margaret B. Thomson. |
| 3. Peter M. Dickson. | |

First-Class Certificates (in alphabetical order).

Mary J. Cameron.	Humphrey Robertson.
William J. Curran.	Sarah M. Ross.
Peter M. Dickson.	Mary Rowatt.
Margaret C. M'Kenzie.	Margaret B. Thomson.
Annie F. M'Lintock.	

ADVANCED PHYSICAL LABORATORY.

First-Class Certificates (in alphabetical order).

<i>Summer Session, 1909.</i>	<i>Full Winter Session, 1909-10.</i>
Alexander R. Brown.	Robert P. Black.
Muir Burns.	David F. Watson.
Alexander M'Crorie.	
Sebastian G. M. Ure, B.Sc.	

Half Winter Session, 1909-10.

John M'Pheely.

ORDINARY PHYSICAL LABORATORY.

Prizes.

Full Winter Session, 1909-10.

John A. Cranston.	John A. M'Aulay.
-------------------	------------------

First-Class Certificates (in alphabetical order).

Summer Session, 1909.

John Brown.
 Alexander D. Cameron, M.A.
 James Forrest.
 John G. H. King.
 Herbert Le May.
 Robert Macaulay.
 Dorothy C. Patterson.
 James W. Scott.
 Neil Y. Wilson.

Full Winter Session, 1909-10.

Robert Campbell.
 John A. Cranston.
 Andrew Davidson.
 Edwin H. Lochhead.
 John A. M'Aulay.
 John Macmillan.
 John D. Purdie.
 William Thomson.
 Ninian Watson.

Half Winter Session, 1909-10.

Frederick F. S. Bryson, M.A.
 David Buchanan, M.A.
 Charles Cochrane.
 John Conway.
 George Coutts.

Allan Ferrie.
 Allan J. Guthrie.
 George Johnson.
 James M. Macaulay.
 David Weir.

ELECTRICITY, PURE AND APPLIED.

Lecturer—GEORGE E. ALLAN, D.Sc.

Prize.

Charles W. Marshall.

GEOGRAPHY.

Lecturer—HENRY GEORGE LYONS, D.Sc., F.R.S.

Prize.

Donald C. Smith, M.A.

First-Class Certificate.

Harvey H. Montgomerie, M.A., B.Sc.

Second-Class Certificates.

Thomas P. Tindall.

William Stevenson.

LOGIC AND METAPHYSICS.

PROFESSOR ROBERT LATTA, M.A., D.Phil.

HONOURS CLASS.

First-Class Certificates of Merit.

William Anderson.

Alexander H. Bodin.

Matthew W. Robieson.

ORDINARY CLASS.

Prizes.

1. Duncan Anderson (Buchanan Prize).
2. Robert B. Pettigrew.
3. John M. Garlick.
4. James Boyd.
5. William Grindlay.
6. Alexander Ferguson.
7. William E. G. Millar.
8. Janet M. Gray.
9. { Arthur Kennedy, } Equal.
10. { Andrew M'Cracken, }
11. Alexander White.

First-Class Certificates of Merit (in alphabetical order).

John Cameron.	Malcolm Macleod.
Helen G. Clubb.	Robert M'Millan.
Elizabeth L. M. Cochrane.	Elizabeth Mitchell.
Mary S. Douglas.	Jane S. Mitchell.
John Ellis.	James Ralston.
James C. Hamilton.	Kate D. Ramsay.
John Hill.	John H. Sammon.
Thomas Hunter.	Archibald Stewart.
John W. Kerr.	Neil Y. Wilson.

MORAL PHILOSOPHY.

PROFESSOR HENRY JONES, M.A., LL.D., D.Litt., F.B.A.

HONOURS AND INTERMEDIATE CLASS.

1. Matthew W. Robieson (Edward Caird Medal, together with Mrs. John Caird's Prize of Three Guineas).
2. John W. Saunders (Mrs. John Caird's Prize of Two Guineas).

Mrs. John Caird's Prize of Five Guineas for Summer Work was divided.

1. Matthew W. Robieson (Two Guineas).
2. { William Anderson, } (Three Guineas).
3. { Archibald Chisholm, }
4. { James Kellock, }

ORDINARY CLASS.

Prizes and First-Class Certificates of Merit for General Eminence in the Essays and Examinations of the Class.

- | | |
|--------------------------------------|-----------------------|
| 1. Alexander White (Buchanan Prize). | 6. Charles E. Stokes. |

XIII.—VACATION EXERCISES, *Etc.*, FOR 1910-11.

HEBREW CLASSES.

I. For members of the Senior Hebrew Class of 1909-10 :

1. An essay on Sennacherib's invasion of Palestine in 701 B.C.
2. An original composition in Biblical Hebrew on a subject chosen by the student.

II. For members of the Junior Hebrew Class of 1909-10 :

1. Recitation of Psalms cxii., cxv., and cxlviii.
2. Reading of Deuteronomy, chaps. i.—xii.

Professions to be given in, in writing, not later than 21st October, 1910.

GREEK CLASSES.

Open to any Member of the Greek Class, Session 1910-11.

1. For Attic Prose—Bunyan, *Pilgrim's Progress*—"Now when he was got up to the top of the hill" (Christian's meeting with Timorous and Mistrust) down to "even according to the law of the house" (Christian's reception at the palace called Beautiful).

2. An essay on Socrates.

The same student may enter for both the above competitions. More than one prize may be given for each competition.

The exercises to be sent in by 22nd October, 1910.

HUMANITY CLASS.

Prizes will be given for Vacation Exercises as follows :

Open to all members of the Senior or Honours Classes of 1909-10 :—

I. To learn by heart Propertius, *Eleg.* IV. xi.

II. To put into Latin Prose Shelley's Preface to *Adonais*.

III. To put into Latin Elegiacs Byron, *Childe Harold*, Canto IV. cxiv.—cxv.

The examination in I. will be held early in November, 1910. The versions must be sent in to the Professor on or before 1st November.

Each exercise must bear a motto, and be accompanied by an envelope bearing the same motto, with the writer's name inside, together with a statement that the exercise is his own unaided work.

CLASS OF BOTANY.

A prize is offered to matriculated students who have passed through the Class of Botany in the University, for the best and approved Herbarium of Scottish Phanerogamous and Vascular Cryptogamous Plants, to be named after Hooker's *Students' Flora of the British Islands*. This competition is open also to students who have taken the full qualifying course in Botany for M.A. The specimens must have been collected upon the mainland of Scotland, or upon the Scottish Islands, between 1st April, 1909, and 1st October, 1910, and must have affixed, in addition to the name, the date and locality of collection.

The Herbaria must be sent, addressed to the Professor of Botany, to the University of Glasgow, on or before 6th October, 1910, and with each a sealed note bearing a motto outside, and containing the name of the competitor, with a declaration that the plants in the collection have all been gathered by himself in Scotland, and within the period above stated, and that they have been named by him without assistance, save that derived from books on Herbaria.

The collections must be accompanied by a numbered and arranged list of the plants contained in them.

Students of the first year in Botany are informed that a similar prize will be offered in October, 1911, and are advised to begin collecting for that competition in April, 1910.

MORAL PHILOSOPHY.

A sum of five guineas, given by Mrs. John Caird, will be awarded in prizes to the students who, entering the Honours Class for the first time in session 1910-11, gain the highest marks in an examination on

(a) The general history of Ethics in Britain from Hobbes to Spencer (both included).

(b) The Ethics of Aristotle.

(c) The Ethical theory of Kant.

(d) Bosanquet's Theory of the State.

XV.—GLASGOW PROVINCIAL COMMITTEE FOR THE TRAINING OF TEACHERS.

Chairman—R. S. Allan, LL.D.

Convener of Studies Committee—Rev. John Smith, D.D.

Convener of Bursaries Committee—Professor Latta, M.A., D.Phil.

Director of Studies—D. Macleod, M.A.

Master of Method—Hugh M'Callum, M.A.

Warden of Women Students—Miss Helen Rutherford, M.A.

ARRANGEMENTS FOR SESSION 1910-11.

I. CONDITIONS OF ADMISSION TO TRAINING.

THE conditions of admission to full training at the University are as follows :

The following classes of persons are eligible for admission :

1. Persons who have obtained the Junior Students' Certificate (Arts. 10-13).¹

2. Persons other than Junior Students who, having gained the Intermediate Certificate and having subsequently completed an approved course extending over not less than three years (which course shall include Practical Training in a School approved by the Department for the purpose), shall have been awarded a Leaving Certificate. In the case of persons who have had no opportunity of obtaining a Leaving Certificate, evidence of the successful completion of an equivalent course of instruction may be accepted in lieu thereof by the Department (Art. 15 (b) and footnote). Candidates seeking admission under this head must be able to produce certificates testifying to good conduct and aptitude for teaching (Arts. 11 and 12).

3. Persons already recognised as certificated teachers (untrained).

4. Graduates in Arts or Science of any University in the United Kingdom or of any University abroad approved for the purpose, including, for the purposes of the Regulations, "Women who have been placed on the Class Lists of one or other of the Final Honours Examinations in the University of Oxford or the University of Cambridge" (Art. 15 (c) and footnote).

N.B.—"A satisfactory certificate as to health and physical fitness in a form prescribed by the Department" must be produced by every candidate (Art. 16).

¹ The articles referred to are articles of the Regulations for the Training of Teachers, published by Messrs. Oliver & Boyd, price 3½d., by post 4½d.

II. INFORMATION REGARDING FEES AND BURSARIES OR MAINTENANCE ALLOWANCES AND AFTER SERVICE.

1. By Article 30 Training Authorities are enjoined to charge suitable fees; but they are empowered, on good cause being shown, to remit the fee, in whole or in part, in the case of individual students. They are further empowered to make payment to individual students of such bursaries or maintenance allowances as, after due enquiry, they may deem necessary.

2. Students who pay fees in full, and receive no bursaries or maintenance allowances, will not be bound in any way as regards their future employment; but students who receive remission of fees, or bursaries or maintenance allowances come under an obligation to serve in schools eligible for grants under the Day School Code, the period of service varying according to the amount of benefit received from two to five years, or more as may be hereafter determined.

3. Students who receive remission of fees, or bursaries or maintenance allowances will be required to give adequate security for repayment, in the event of failure to give the requisite service within a specified time, of the advances made to them, or of such parts thereof as may not be cancelled by service.

4. The minimum fee charged for instruction in the Training College subjects, in terms of Article 30, is £5 per annum. University fees, and fees for attendance at Central Institutions, must be paid by students from their own resources, or, either in part or in whole, from such bursaries or maintenance allowances as may be awarded to them. The award of a bursary or maintenance allowance carries with it remission of the fee for Training College subjects.

5. While the probationary service required under Article 49 may be given in a Secondary School, the after-service required of those who receive pecuniary assistance (whether in the shape of remission of fees or of award of bursaries or maintenance allowances) must be given in a Primary or Intermediate School, and not in a Secondary School. If the probationary service required under Article 49 is given in a Primary or Intermediate School, it will count *pro tanto* for the purposes of Article 31.

III. LODGINGS AND SUPERVISION OF STUDENTS.

1. The Provincial Committee is under obligation to see that the students under its charge "are suitably lodged in approved Hostels or otherwise, and to provide for their due supervision as regards conduct." (Art. 26.)

2. The Committee may require every student who is not residing with parents or other near relatives to reside in an approved Boarding House, or in lodgings registered by the Committee, after inspection, as suitable for students (Art. 23). A list of such lodgings may be obtained on application.

IV. APPLICATION FOR ADMISSION.

Forms of application for Admission to Training and for Maintenance Allowances may be obtained by applying to the Director of Studies, The Technical College, Glasgow.

Intending Candidates should make early application. Only in exceptional circumstances *will applications received after 1st July be considered.*

XVI.—EXTRA-ACADEMICAL TEACHING.

N.B.—Every application for recognition must be accompanied by a payment to the University Factors, Messrs. Hill & Hoggan, 15 W. George Street, Glasgow, of a fee of £5 5s. to be placed to the credit of a fund for defraying the cost of investigation by experts of the fitness of the teacher applying, and of the accommodation, apparatus, and teaching appliances at the disposal of the teacher.

The following regulations for the recognition of Extra-Academical Teaching under Ordinances Nos. 12, 14, 23, and 134, were adopted by the University Court on 14th June, 1894, and afterwards amended in June, 1905.

IN THE CASE OF INDIVIDUAL EXTRA-ACADEMICAL TEACHERS.

I. Every application shall be made to the Secretary of the University Court and shall supply the following information :

- (a) The registrable or other qualification or qualifications of the applicant.
- (b) A statement of his opportunities of studying the subject and the length of time devoted thereto.
- (c) A statement of his experience in teaching the subject.
- (d) A note of any of his published articles or works on the subject.
- (e) The appointments which he holds as a teacher of the subject in which he requests recognition, and a statement whether the course for which recognition is sought has previously been conducted by him, and if so, for how long. If the applicant is a teacher in a Medical School, College of Science, or other similar Institution, the most recent issue of the Calendar of such School, College, or Institution, should be forwarded.
- (f) The number of meetings to which the course extends, whether each meeting is for one hour or longer, and a statement of the proportion of the course to be devoted to lectures, practical demonstrations, examinations and tutorial work. In the case of a practical course, information should be given as to the manner of conducting it, the number of examinations, oral or written, and whether or to what extent lectures or tutorial work form part of the course. It should also be stated whether, besides the teacher for whom recognition is sought, assistants or

demonstrators take part in conducting the course (whether systematic or practical), and, if so, their number, qualifications, and the extent to which they take part in conducting the course. A syllabus of the subjects treated in the course and of the books proposed for the use of students should also be sent in every case.

- (g) The hour or hours at which the course is conducted.
- (h) The accommodation, apparatus, and teaching appliances provided for the class.
- (i) The teaching or examining bodies which have recognized his course.

II. In the case of an applicant conducting courses in Glasgow or its neighbourhood an inspection shall be made of his accommodation and appliances for teaching.

III. Every Extra-Academic Teacher in Glasgow whose course has been recognized under any of the Ordinances enumerated above, shall, at the commencement of each session, call the attention of his whole class to the regulations as to enrolment and payment of fee at the University by all students who desire afterwards to graduate there; he shall also call attention to the University requirements as to preliminary examination (more stringent in the case of medical students than the minimum required by the General Medical Council); and shall advise any students looking forward to a University degree to procure from the Matriculation Office a copy of the syllabus of regulations applicable to their course.

IV. Every recognized Extra-Academical Teacher shall annually within one month of the close of the session furnish the University Court with a return of

- (a) The number of students who have attended the recognized course or courses, in such manner as to qualify *pro tanto* for graduation in a Scottish University.
- (b) Any change that may have been made in the accommodation or appliances provided.
- (c) A statement showing, for the year next ensuing, the number of meetings to which the course extends, whether each meeting is for one hour or longer, and the proportion of the course to be devoted to lectures, practical demonstrations, examinations, and tutorial work. In the case of a practical course, information should be given as to the manner of conducting it, the number of examinations, oral or written, and whether or to what extent lectures or tutorial work form part of the course. It should also be stated whether, besides the recognized teacher, assistants or demonstrators take part in conducting the course (whether systematic or practical), and if so, their number, qualifications, and the extent to which they take part in conducting the course. A syllabus of the subjects to be treated in the course, and of the books proposed for the use of students, should also be sent.

V. The certificate of attendance granted by Extra-Academical Teachers should in all cases state the number of lectures or meetings for practical instruction in the course, the number of occasions on which the student was present, the fee charged, and bear that the student has duly performed the work of the class.

VI. Every candidate not being a matriculated student attending the course of an Extra-Academical Teacher in Glasgow, recognized for the purposes of graduation in Medicine or Science, must at the commencement of each year enrol his name in a book kept at the University for that purpose, paying a fee of the same amount as the matriculation fee, and having in respect thereof a right to the use of the University Library. (Ord. No. 12, § V. ; Ord. No. 14, § VIII. 5 ; Ord. No. 23, § VI. ; Ord. No. 134, § V.)

VII. The fee for attendance for the purposes of graduation on the courses of instruction of an Extra-Academical Teacher in Glasgow shall not be less than the fee for the corresponding University Class. (Ord. No. 12, § IV. 2 ; Ord. No. 14, § VIII. 6 ; Ord. No. 23, § IV. 2 ; Ord. No. 134, § V. 2.)

VIII. The Court will not in any case recognize for the purposes of graduation in Medicine the course of any teacher who teaches at the same time more than one of the subjects, except where the applicant is a professor or teacher of any endowed public college or institution, who, by the terms of his appointment, is required to teach more than one of the subjects, and in that case recognition can be granted in one subject only. (Ord. No. 14, § VIII. 7.)

IX. It is a condition of every recognition granted by the Court that it can be withdrawn or suspended at any time if the Court see fit.

X. The recognition of any teacher who fails to furnish the information required in terms of Regulation IV., or a sufficient explanation relative to such failure, or who has ceased for the period of two consecutive sessions to teach the subject in which he is recognized, shall *ipso facto* terminate.

IN THE CASE OF SCHOOLS OR INSTITUTIONS.

I. Every application shall be made to the Secretary of the University Court, and shall supply the following information :—

- (a) A statement of the number of teachers and a detailed syllabus of the curriculum courses proposed to be given, or, in the case of practical classes, information of a similar kind.
- (b) The number and duration of lectures proposed to be given and the number of examinations, whether written or oral, deemed necessary, or in the case of a practical class, information of a similar kind. It should also be stated whether assistants or demonstrators take part in conducting the courses (whether systematic or practical).

- (c) The hours of lectures.
- (d) The teaching or examining bodies which have already recognized the curriculum or certificate of the school or institution making application.
- (e) A statement as to the accommodation, apparatus, and appliances at the disposal of the teachers in the school or institution making application.
- (f) A note of the fees proposed to be charged.

II. The Court shall, if it thinks fit, cause an inspection to be made of the accommodation, apparatus, and teaching appliances provided by the school or institution making application.

III. Every recognized school or institution shall annually within one month of the close of the session furnish the University Court with a return of

- (a) The number of students who have attended the recognized school or institution in such manner as to qualify *pro tanto* for graduation in the University.
- (b) Any change that may have been made in the accommodation or appliances provided.
- (c) A statement showing, for the year next ensuing, the number of meetings to which the courses extend, whether each meeting is for one hour or longer, and the proportion of the courses to be devoted to lectures, practical demonstrations, examinations, and tutorial work. In the case of practical courses information should be given as to the manner of conducting them, the number of examinations, oral or written, and whether, or to what extent, lectures or tutorial work form part of the courses. It should also be stated whether assistants or demonstrators take part in conducting the courses (whether systematic or practical).

IV. The certificates of attendance granted by recognized schools or institutions should in all cases state the number of lectures or meetings for practical instruction in the courses, the number of occasions on which the student was present, the fees charged, and bear that the student has duly performed the work of the classes.

V. The fees for attendance for the purposes of graduation on the courses of instruction in a recognized school or institution shall not be less than the fees for the corresponding University classes. (Ord. No. 12, § IV. 2; Ord. No. 14, § VIII. 6; Ord. No. 23, § IV. 2; Ord. No. 134, § IV. 2.)

VI. It is a condition of every recognition granted by the Court that it can be withdrawn or suspended at any time if the Court see fit.

LIST OF EXTRA-ACADEMICAL TEACHERS.

List of Extra-Academical Teachers recognized by the University Court of the University of Glasgow, for the purpose of Graduation in Medicine and Science, in terms of Ordinances of the Universities Commissioners (1858 and 1889), the names of those who are recognized for Graduation in Science being printed in *italics*.

„	James Muir, D.Sc., M.A., Glas- gow and West of Scotland Technical College,	<i>Physics.</i>
12 Nov., 1908,	George H. Edington, M.D., Ander- son's College Medical School, Glasgow,	<i>Surgery.</i>
7 Oct., 1909,	R. A. Berry, West of Scotland Agricultural College, Glas- gow,	<i>Chemistry (two years' course for B.Sc. in Agriculture).</i>
„	G. Moncur, B.Sc., Glasgow and West of Scotland Technical College,	<i>Levelling, Surveying, and Engineering Field Work.</i>
„	John H. Teacher, M.A., M.D., Royal Infirmary, Glasgow,	<i>Pathology and Prac- tical Pathology.</i>
10 Feb., 1910,	John Nisbet, West of Scotland Agricultural College, Glas- gow.	<i>Forestry.</i>
12 May, 1910,	Professor John Miller, M.A., D.Sc., Glasgow and West of Scotland Technical College.	<i>Mathematics.</i>

And the ordinary Physicians and Surgeons of any General Hospital in the United Kingdom which accommodates not fewer than eighty patients, and possesses a distinct staff of Physicians and Surgeons. (See Ordinance No. 14, Section VII. (5).)

LIST OF INSTITUTIONS OR SCHOOLS.

List of Schools or Institutions recognized by the University Court of the University of Glasgow, for the purpose of Graduation in Medicine, Law, Science, and Theology, in terms of Ordinances of the Universities Commission (1889).

- 14 Nov., 1895, LONDON SCHOOL OF MEDICINE FOR WOMEN, in respect of the following courses: *Chemistry (Systematic and Practical), Anatomy (Systematic and Practical), Physiology (Systematic and Practical), Practical Pharmacy, Practical Pathology, Medical Jurisprudence and Public Health, Clinical Surgery, Clinical Medicine, Practical Midwifery, Mental Diseases, Out-Practice or Dispensary and Vaccination.*

- 23 Mar., 1896, UNIVERSITY OF NEW ZEALAND. If a candidate for the First Professional Examination in this University has obtained a Degree in Science or in Arts in the University of New Zealand, granted after a course of study and an examination in Botany, Zoology, Physics, or Chemistry, such candidate is exempted from the examination in such subject or subjects. (Ordinance No. 54, Section IV.)
- 23 July, 1896, UNIVERSITIES OF OXFORD, CAMBRIDGE, AND DUBLIN, AND THE FOUR INNS OF COURT, LONDON. The above are recognized for the purposes of Graduation in Law under Ordinance No. 39 [General No. 11.—Regulations for the Degree of Bachelor of Laws (LL.B.)] and subject to Section II. thereof.
- 11 Mar., 1897, GLASGOW EYE INFIRMARY.
- 10 Nov., 1898, UNIVERSITY OF LOUVAIN. This University has been approved by the University Court as a University in which Courses for the four subjects represented in the First Science Examination may be taken and reckoned *pro tanto* under Ordinance No. 23, Section IV. (2).
- 13 April, 1899, HARVARD UNIVERSITY, BOSTON, U.S.A. Approved under Ordinance No. 23, Section IV.
- 12 June, 1902, WESTMINSTER COLLEGE, CAMBRIDGE. Recognized under Ordinance No. 63, Section I.
- 12 Nov., 1903, UNIVERSITY OF NEW ZEALAND. Recognized under Ordinance No. 63, Section I.
- 10 Nov., 1904, THEOLOGICAL COLLEGE OF THE EPISCOPAL CHURCH IN SCOTLAND. Recognized under Ordinance No. 63, Section I.
- 6 July, 1905, ROYAL INSTITUTE OF PUBLIC HEALTH, LONDON. Recognized for the purposes of Section IV., Sub-Section (1) of Ordinance No. 2 of the University Court (Degrees in Science in Public Health).
- „ ROYAL ARMY MEDICAL COLLEGE. Recognized for the same purposes as the preceding.
- 11 April, 1907, GLASGOW AND WEST OF SCOTLAND TECHNICAL COLLEGE, BACTERIOLOGICAL LABORATORIES. Recognized for the same purposes as the preceding.

XVII.—UNIVERSITY SOCIETIES.

GLASGOW UNIVERSITY UNION.

At a Meeting of Students and Graduates, held on the 14th day of February, 1885, it was unanimously resolved to establish a Glasgow University Union. A sum sufficient to erect a building for this purpose having been offered to the Senate by the late JOHN M'INTYRE, Esq., M.D., Odiham, Hampshire, and the Senate having accepted this gift, Articles of Constitution were drawn up by a Committee of Students and Graduates, and received the approval of the Senate, the Donor, and of the Students' Representative Council. A further sum of £12,000 was raised by the Union Bazaar of 1889, and devoted to furnishing and endowing the building. In 1893, to meet the increasing membership, the building was largely extended at a cost of £2800. A further extension at a cost of about £6000 was recently completed, the new Union being opened with fitting ceremony in October, 1908. The Union is governed by a Committee of Management which is elected annually at the General Meeting of the Members.

Objects.—The objects of the Union are to provide Students with the comforts and conveniences of a Social Club, to hold debates, and to form a centre to which the various University Societies may be affiliated. The Buildings comprise a Debating Hall, a Dining Hall, Reading and News Rooms, Billiard and Smoking Rooms, Committee Rooms, Lavatories, etc.

Membership.—The Members of the Union are Ordinary Members or Life Members.

Ordinary membership of the Union is open to all matriculated Students and all former Students of the University, and all Medical Students of Glasgow whose names are enrolled in the Extra-mural Album of the University, and members of the University Court and Teaching Staff, on payment of an Annual Subscription of Ten Shillings and Sixpence. Students may join for the Summer Session only on payment of Four Shillings.

All matriculated Students and former Students of the University may, on payment of the sum of Three Pounds Three Shillings, become Life Members of the Union.

President—W. S. Martin, M.A.

Vice-Presidents—Prof. Ralph Stockman, M.D.; William Lorimer, LL.D.

GLASGOW UNIVERSITY PHYSICAL SOCIETY.

This Society was founded in 1884 "for the discussion of scientific subjects in general, and the diffusion of scientific information among its members, by special communications, and any other means which the Society may from time to time approve."

Membership is open to all past and present students of the University, and to others whose membership the Council think would be desirable. The annual subscription is Two Shillings and Sixpence, and there is no entry-money.

Meetings are held in the Natural Philosophy Institute on alternate Thursdays at 3.45 p.m., and visits are made during the session to places of scientific interest in the neighbourhood. Tea is served prior to all ordinary meetings of the Society.

A library of books on physical science is maintained for the use of members.

The syllabus for the session is issued in the autumn, and may be obtained at the Physical Laboratory or on application to any of the Office-Bearers.

*Office-Bearers for Session 1910-11:**Honorary President*—Professor A. Gray, M.A., LL.D., F.R.S.*President*—George Green, M.A., D.Sc.*Vice-President*—John S. Anderson, M.A., B.Sc.*Secretary*—Fred. F. S. Bryson, M.A.*Minute Secretary*—David Campbell.*Treasurer*—Alexr. R. Brown.

Letters should be addressed to the Secretary at the Physical Laboratory.

GLASGOW UNIVERSITY GEOLOGICAL SOCIETY.

This Society was founded in 1907 with the object of promoting the study of Geology. Meetings are held monthly during the winter session, and, in the summer, excursions are organised to places of geological interest. Membership is open to all past and present students of the University. The annual subscription is 2s. 6d.

Office-Bearers for 1910-11.

Hon. President—Professor J. W. Gregory, D.Sc., F.R.S.

Hon. Vice-Presidents—Capt. H. G. Lyons, D.Sc., F.R.S., Fred. Mort, M.A., B.Sc., F.G.S.

President—G. W. Tyrrell, A.R.C.Sc., F.G.S.

Vice-Presidents—Miss M. Sutherland, B.Sc., J. M. Wordie, M.A.

to be elected from first year students in October.

This Society is one of the oldest in connection with the University, having attained its Diamond Jubilee. The objects of the Society are the promotion of social and intellectual intercourse among the members, and special facilities are given for the practice of public speaking. All Students of either sex, who are connected with the U.F. Church, may become members; others may become associates. Subscription, One Shilling and Sixpence per annum.

GLASGOW UNIVERSITY UNITED FREE CHURCH STUDENTS' SOCIAL UNION.

The Union was instituted in 1907, and is conducted by a Committee elected from Queen Margaret College, Gilmohrhill, and the office-bearers of the U.F. Church Students' Literary Society.

The object of the Union is to promote social intercourse among students connected with the United Free Church, and to afford strangers an opportunity of making friends in College.

To attain this end it is proposed to hold four "At Homes" during the first two terms—two before and two after Christmas.

There is no subscription, the cost being defrayed by collection at each meeting.

Inclusive Subscription, £1 5s.

GLASGOW UNIVERSITY RIFLE CLUB.

President—Principal Sir Donald MacAlister, K.C.B.,
M.A., M.D., D.C.L., LL.D.

Vice-Presidents—Sir John Stirling Maxwell, Bart., LL.D., Professors
Bower and Medley, and Colonel Reid, LL.D.

Team Captain—F. W. Heys (Capt., 6th A. & S.H.).

Vice-Captain—Capt. C. D. Barker (1st L.R.V.).

Secretary and Treasurer—Sergt. W. S. Martin, O.T.C.

Students' Convener—Sergt. W. S. Martin, O.T.C.

Committee—Lieut. Nelson Scott, Messrs. Geo. M'Phee, W. L. Renwick, W. W. Galbraith, G. B. Smith.

Its objects shall be to promote rifle shooting among students and ex-students of Glasgow University, and to provide the means of having Glasgow University well represented, by a team consisting of five students and five ex-students, in the annual match for the Inter-University Trophy.

Edinburgh University won the Trophy last year with a total of 919 points, Glasgow being second with 899 points. Aberdeen 861 points. St. Andrews did not compete. Glasgow was represented by the following team :

Ex-students—Messrs. Heys, Darling, M'Phee, and Thomson.

Students—Messrs. Martin, Niven, Wallace, Wilson, Joe Wilson, and Scott.

The Gold Medal offered by Capt. F. W. Heys to the highest scorer in the Inter-University Match, the present students being allowed a handicap of 5 points, was won by R. B. Niven, 5th S.R., with a score of 99.

All students and ex-students of Glasgow University shall be eligible as Patrons and Ordinary Members. All persons officially connected with the University shall be eligible as Patrons. Both classes of Members may take part in the competitions.

All persons, eligible as above, subscribing 10s. or upwards annually, shall be *ipso facto* Patrons. The subscription for Ordinary Members shall be 5s. for ex-students, and 2s. 6d. for present students, all payable by 1st March annually. These annual subscriptions may be commuted by a present payment of £3 3s., entitling the person paying to become a Life Patron.

GLASGOW UNIVERSITY CLUB, LONDON.

The objects of the Club are to maintain good fellowship among its members and to promote the interests of the University of Glasgow and of higher education in connection therewith.

Graduates, and all who are or have been students of the University of Glasgow, or officially connected with it, are eligible for membership.

*Office-Bearers for 1909-1910.**President—*

The Right Honourable Lord Lister, O.M., F.R.S., LL.D.

Winning, Thomas	MA 1901	Wyndham, George	Member Univ. Court
Winning, Walter	MA 1886	Wyper, James	MB 1906
Wise, Ethel Robertson	MA 1909	Wyper, William	MB 1897
Wiseman, William Reid	MA 1900	Wytt, William Henry de	MB 1895
Wiseman, William Richard	MA 1901		
Wishart, George	BSc 1909	Yair, David William	4 Sessions
Wishart, George Baird	MA 1902	Yamamoto, Nagakata	BSc 1895
Wishart, Hugh Ritchie	MA 1900	Yardumian, Garabed Yeghia	MB 1907
Wishart, James	MA 1895	Yates, Annie May	MB 1904
Wishart, John	MA 1902	Yates, Sophie	MA 1907
Wishart, Robert Smyth	MA 1879	Yeaman, William George	BSc 1905
Wolverson, Frederick	MB 1895	Yeanshaw, Herbert	MB 1896
Wood, Alexander	BSc 1901	Yellowlees, David	MB 1909
Wood, Isabella Wishart	MA 1908	York, William	4 Sessions
Wood, James Boath	BD 1890	Young, Alexander Francis	BL 1902
Wood, John Youngson	MB 1908	Young, Alexander Grieve	MB 1894
Wood, Mary Ferguson	MA 1909	Young, Alfred Alexander	MA 1888
Wood, Percival Jackson	MA 1889	Young, Annie Muirhead	MA 1907
Wood, Robert	MA 1907	Young, Archibald	MA 1870
Wood, Robert Tait	MB 1896	Young, Archibald	BSc 1893
Woodburn, Alexander	BSc 1890	Young, Archibald	MA 1901
Woodburn, John Murray	MA 1904	Young, Daniel Lusk	MA 1881
Woodside, David	MA 1878	Young, David	MB 1877
Wordie, William	MA 1903	Young, David	MB 1877
Workman, Harold	BSc 1893	Young, David	MA 1891
Workman, Robert Ernest	BSc 1902	Young, David	MA 1892
Wortabet, James Rashid	MB 1891	Young, David John	MB 1897
Worton, Albert Samuel	MB 1895	Young, Ebenezer Denholm	MA 1879
Wotherspoon, James	MA 1894	Young, Fergus Hay	MA 1907
Wotherspoon, James Alexander	MA 1902	Young, Frank Stanley	MA 1890
Wotherspoon, John	MB 1889	Young, George	MB 1905
Wotherspoon, John	MB 1897	Young, George Glen Blyth	MA 1897
Wright, Charles M'gee	MA 1903	Young, George Macmillan	BSc 1901
Wright, Daniel	MA 1890	Young, Henrietta Fraser (Mrs. Frederick W. James)	MA 1901
Wright, Eldred	MB 1904		MA 1885
Wright, George	MA 1902	Young, Homer	MA 1885
Wright, Helen Erskine	MA 1906	Young, Hugh	MB 1904

Young, Hugh	MB 1908	Young, Robert Bruce	MA 1
Young, Hugh Corbett Taylor	MB 1890	Young, Robert Burns	MA 1
Young, James	MB 1888	Young, Robert Comingo	MA 1
Young, James	MA 1879	Young, Robert Henry	MB 1
Young, James	MA 1888	Young, Robert Robertson	MB 1
Young, James John Taylor	MB 1890	Young, Robert Tannahill	MA 1
Young, James Murray	MB 1894	Young, Thomas	MB 1
Young, Jane Paton	MA 1906	Young, Thomas Charles	MA 1
Young, John	MD 1865	Young, Watson	MB 1
Young, John	MB 1883	Young, William	4 Sessions
Young, John	MB 1896	Young, William	MA 1
Young, John	4 Sessions	Young, William	MB 1
Young, John	MB 1886	Young, William Graham	MD 1
Young, John	BSc 1879	Young, William Hugh	BSc 1
Young, John	MA 1896	Young, William M'Gregor	MA 1
Young, John	MA 1891	Young, William Ross	MA 1
Young, John	MB 1900	Young, William Semple	MB 1
Young, John	MB 1903	Younger, Archibald Scott	BSc 1
Young, John	MB 1906	Younger, John	BSc 1
Young, John	MA 1908	Yuill, Annie	MA 1
Young, John Cameron	MB 1892	Yuill, Isobel (Mrs. Charles S. L. MacFarlan	MA 1
Young, John Doctor	MB 1899		MA 1
Young, John Finlayson	MA 1901	Yuill, John	MB 1
Young, John Graham	BSc 1902	Yuille, Alexander Tulloch Robertson	MA 1
Young, Matthew	MB 1907	Yuille, George Simpson	MA 1
Young, Morris Youdelevitz	MB 1906		
Young, Peter Taylor	MA 1899	Zahm, Frank Baker	BSc 1
Young, Robert	MA 1884	Zinkeisen, William	BSc 1
Young, Robert Arthur	MA 1883	Zuill, Robert	MB 1

INDEX.

NOTE.—Bursaries, Scholarships (including Exhibitions and Fellowships), and Prizes will be found grouped under these headings respectively.

- Academical Year, 221
 Advisers of Studies, 23
 Agriculture—*see Degrees in Science*
 Anatomy, Course in, 124
 —, Applied, 126, 544
 —, Class Certificates of Merit, 543, 565
 —, B.Sc. Degree Subjects, 266
 Apologetics, Degree Subjects, 323, 327
 Arabic Language and Literature, Course in, 162
 —, Class Prize List, 531
 —, Degree Subjects, 244, 254
 Aramaic—*see Hebrew*
 Archaeology, 22
 Architecture, Naval, including Marine Engineering—*see Naval Architecture*
 Arnott and Thomson Demonstratorship, 47, 166
 Arts, Faculty of, 45, 62, 74, 176, 336
 —, Degree in—*see Degrees*
 —, Masters of, 1909-1910, 521
 —, Preliminary Examinations in, 221
 Assessors, 19, 41
 Assistants, University, 23, 47
 Assyriology, 162
 Astronomy, Course in, 102
 —, Degree Subjects, 247, 256, 266
 —, Class Prize List, 550
 Bachelor of Surgery, 296
 Bachelors of Divinity, 1909-1910, 516
 Bachelors of Laws, 1909-1910, 516
 — of Law, 1909-1910, 516
 — of Medicine, 1909-1910, 518
 — of Science, 1909-1910, 520
 — of Surgery, 1909-1910, 518
 Bacteriology, 131
 Baxter Demonstratorship in Geology, 47, 169
 Biblical Criticism—*see Divinity and Biblical Criticism*
 Biological Station—*see Millport*
 Blackstone Medals, 446, 560, 561
 Boards of Studies, 22, 46, 236, 262, 302
 Botanic Garden, 216
 Botany, Course in, 119
 —, Class Certificates of Merit, 546
 —, B.Sc. Degree Subjects, 268
 —, M.A. Degree Subjects, 248
 —, Vacation Exercises, 571
 British History, Course in, 101
 Bursaries—
 Regulations, 331—411
 Adam, James, 339
 Adam, John, 339, 471
 Adamson, 339
 Agricultural College, 340
 Ardkinglass, 340
 Armagh, 340
 Arthur, 341
 Auld, 473
 Ayrshire Society, 341
 Barbour Kilbarchan, 342, 461
 Bell, 342
 Biggart Memorial, 342, 461

Bursaries—

Black, 343, 460
 Blackquarry School, 343
 Boyd and Sanders, 344, 473
 Boyd and Wilson, 344
 Brand, 344, 461
 Brisbane, 345
 Brown—*see Crawford*
 Brown or Ettles, 345
 Brown, Ebenezer, 345
 Browne (Ayrshire), 346, 461
 Brown-Paton, 346
 Buchanan, 346, 460
 Buchanan (Bellfield), 347, 461
 Campbell, 347, 460
 Clark, John (Mile-end), 348, 460, 461
 Cowan, 349
 Craig, Archibald, 350, 461
 Craig, 349, 461
 Crawford and Brown, 350
 Cunningham, Andrew, 351, 470
 Cuthbertson, Donald, 351
 Davidson, 352, 469
 Denny, 352, 461
 Duart, 353
 Dumfriesshire Society, 353
 Duncan's Bute, 353, 461
 Dundonald, 354, 473
 Ewing, James, 354, 461
 Ferguson, James, 355, 464
 Ferguson, John, 356
 Forfar, 356, 460
 Forrest, 357, 461
 Forrester, 358, 461
 Foundation, 358
 Franco-Scottish Society, 359
 Fullarton of Overton, 359, 461
 Gardiner, 360
 Gartmore, 360
 General Council, 361, 460
 Gibson, John, 362
 Gibson, Dr. Thomas, 362
 Gilchrist—*see Howison*
 Gilhagie and Struthers, 362
 Glasgow City Educational Endowments,
 363, 461
 Grant, George, 364
 Grant, George, Junior, 364
 Hamilton, 365, 473
 Hamilton Educational Trust, 365, 462
 Hannay, 366, 462
 Hart, 366
 Hastie, 366, 460, 471
 Highland Society, 367, 462, 469
 Hill, 368, 462
 Howison and Gilchrist, 368
 Hutchesons' Educational Trust, 369, 462
 Hutcheson, Thomas, 369
 Hyndford and Ross, 370
 Jaffrey, John Ferguson, 370
 Kerr, Malcolm, 371
 King William's, 409, 471
 Kintyre (Ker), 371
 Kintyre (Love), 372
 Laing, Alexander, 372

Bursaries—

Laing, James, 372, 462
 Lamb, 373
 Lanfine, 373, 464
 Leadbetter, 375, 473
 Leighton, 375, 471
 Leyden, John, 375
 Lochhead, James, 376, 462
 Lochhead and Mitchell, 376, 462
 Logan, 376, 471
 Lorimer, 376, 463, 468, 469, 471
 Lumsden, 378
 Lusk, 379
 Macarthur, 379
 M'Crie, 379, 462
 M'Culloch, James Melville, 380, 462
 Macdonald, 380
 MacDougall, 381
 M'Ewen, Malcolm, 381
 Macfarlane, James, 382, 471
 Macfarlane, John, 382
 Macfarlane, Robert, 383, 470
 MacGrouther, 384
 M'Kechnie, 384
 Mackie Knockgerran, 384
 Mackintosh, 385, 469
 M'Kisack, 385
 Maclean Trust, 386
 Maitland Club, 386
 Manderson, 386, 462
 Marshall, 387
 Marshall Trust, 387, 462
 Meiklejohn, William, 388
 Menzies, 388
 Merchants' House, 389, 463
 Metcalfe, 389, 468
 Monteith, 390, 464
 Monteith, John, 390, 469
 Morgan, 391
 Muir, 391, 464, 468, 551, 554, 555
 Muir Divinity, 393, 471
 Notman, 394
 Oliphant, John, 394
 Park General Council, 361, 463
 Paterson, James (Baptist), 395
 Paterson, James, 395, 483
 Paterson, Jas. Alexander, 396, 463, 469
 Patrick, 397
 Pender Memorial, 398
 Perthshire Society, 398
 Pollock, 399, 463
 Pratt, 399, 463
 Rainy, 400, 469
 Ramsay-Walker, 400, 463
 Ross—*see Hyndford*
 Ross, John, Junior, 401
 Sanders—*see Bond & Sanders*
 Scott, 401, 460
 Sharp, 473
 Shearer, 402
 Shipwrights' Company, 402
 Simson, 402
 Smith, 403
 Stevenson of Dalry, 403
 Stewart, A. & B., 403

Bursaries—

- Stewart, 404
- Stillie, 405
- Strang, 405, 467
- Struthers—*see Gilhagie*
- Taylor, 406, 460
- Thomson, James, Philosophical, 406, 463
- Walkinshaw-Young, 407, 470
- Walton, 407
- Weir, Andrew, 408, 469
- Whyte, William, 408, 463
- Williams, 409, 473
- Wilson—*see Boyd*
- Young, George, 410, 468
- Young's Fund (Major), 410, 470

Bursaries, Competition, 1910-1911, 458

Bursaries, Competition, List of distinguished Competitors in 1909, 526

Bursaries, Patronage, 473

Bursaries for Women, 335

Bursars, Class attendance of, 335, 336

Caird (Edward) Lectureship, 90

Calendar, University, 9-18

LIBRARY OF ELIZABETHAN TRAVELS.

"We doubt whether a State department, even with expense and authority and facilities unlimited, could have turned out a series better equipped in maps and illustrations, type, and paper, and text, than Messrs. MacLehose have made of those rare old sea yarns. They are magnificent."—*Pall Mall Gazette*.

FYNES MORYSON'S TRAVELS.

An Itinerary written by Fynes Moryson, Gent., Containing his Ten Yeeres Travell through the twelve dominions of Germany, Bohmerland, Switzerland, Netherland, Denmarke, Poland, Italy, Turkey, France, England, Scotland, and Ireland. 4 vols. 8vo, 50s. nett.

This is the first reprint since the Original Edition of 1617.

CAPTAIN JOHN SMITH'S TRAVELS.

Including 'The Generall Historie of Virginia, New England, and the Summer Isles,' 1624: with all the Original Maps and Illustrations. 2 vols. demy 8vo, cloth, gilt top, 25s. nett.

"It is one of the best stories of adventure in our language."—*Spectator*.

PURCHAS'S COLLECTION OF VOYAGES.

Entitled Hakluytus Posthumus or Purchas His Pilgrimes. Contayning a History of the World in Sea Voyages and Lande Travells, by Englishmen and others. By Samuel Purchas, B.D. 20 vols. demy 8vo, cloth, gilt top, 12s. 6d. nett per vol. [Now complete.]

This is the first reprint since the Original Edition of 1625.

"The re-issue of *Purchas His Pilgrimes* is in some ways a greater boon to scholars than the reprint of Hakluyt himself."—Professor WALTER RALEIGH in the *Outlook*.

LITHGOW'S TRAVELS.

The Totall Discourse of the Rare Adventures and painefull Peregrinations of long nineteene Years Travayles to the most Famous Kingdomes in Europe, Asia, and Africa, in Surveighing of Forty-eight kingdomes ancient and moderne. By William Lithgow. 1 vol. demy 8vo, cloth, gilt top, 12s. 6d. nett.

IT'S THE "SWAN"

SIR J. H. YOXALL, M.A., M.P.,

Writes :

Gen. Sec. N.U. T. Eng.
Editor "Schoolmaster,"

"Ten years ago I began to use a 'SWAN' Fountain Pen. It cost 25s. I have used it daily ever since. It has never needed mending, or even a new nib. With it I have written six books and hundreds of articles, and have signed many thousands of type-written letters. To use a 'SWAN' Pen is economy as well as pleasure. It is your trusty servant; it soon becomes your close friend and essential companion. When in the course of many years it becomes decrepit (if ever it does, which my experience leads me to doubt), the parting from it must certainly bring a pang."

(Signed)

J. H. YOXALL.
